Next Tuesday, February 3, the Spanish club will again meet in the Spanish classroom on the second floor of Anderson hall. The meeting will feature an election of officers and the usual program of entertainment.

V

Average Girl . . .

(Cont. from Page 1)

show this to anyone, are you?" That question was asked over and over. Naturally, the answer was negative, but here it is. One timid soul wailed, "But I'm too skinny for my height. I'm just not going to write anything down." (Incidentally, she is among those present on the list.)

It is practically impossible to mention names of typical girls, since there are none who exactly fit the measurements. Several have the correct height but are a little on the plump side.

Although we are reluctant to admit it, each of us actually believes we have the preferable measurements. "I know I do." (Notice the quotation marks.)

Nicknames were also requested. But since the entire questionnaire was somewhat a promised secret—except to any passersby who happened to notice the list—I'll omit the choice bits of cognomens. By far the most popular name on third is "Baby." Someone screams, "Baabee, come here." Immediately a huge crowd gathers in 323. The caller probably had only one person in mind at the time, but after all most anyone answers to that name.

This damsel (and she's always in distress) is ambitious, even though no one would ever know it to talk to her. She has hopes of making the honor roll some day, and firmly believes that she's going to study every night from seven until ten in the library—beginning March 1. There is seldom time for that, however, due to the ever-present need to stop and knit, eat, play bridge, eat, attend meals, and eat. In case you haven't noticed, she definitely doesn't let her studies interfere with her college education.

DeForrest Leads Hymn Discussion

Lane, Gammon Take Part in Vol Program

On Sunday evening, February 1, the Student Volunteers, under the guidance of program committeeman John DeForrest, will make a brief departure from their usual program material and be led into the field of hymnology.

This program will be devoted to the investigation and exposition of a few favorite hymns, touching on such phases of hymnology as technique, development, background, and history of the writing of certain hymns.

John DeForrest will discuss the technical aspects of two or three of the more familiar hymns, Ruth Lane will sing them, and Anne Gammon will tell briefly the history of the hymns in question.

At a recent cabinet meeting it was suggested that one day of next week be designated as a day of prayer, with the coming February Meetings to be given pre-eminence in meditation and worshipful thought throughout the day. Tuesday, the day preceding the first of the Meetings, was so designated, and plans, to be announced Sunday evening, were made providing for continuous prayer during the waking hours of that day.

The plan is for different students to participate in the chain of prayer, by praying at specified times, in such a manner as to insure against gaps in the continuous chain. A place will be provided for those who wish to take part in the program.

V

Radio Vespers

The Maryville College Radio Vespers will be resumed tomorrow after being off the air since the outbreak of war on December 7.

The hour has been changed to 9:30 at night. The station is the same—WROL (dial 62.)

Dr. Lloyd and the choir will conduct the broadcasts.

V

Mrs. Snyder At YWCA

This Sunday the YWCA will have as its speaker, Mrs. Snyder, the Dean of Women. Her topic will be "Allies of Faith." The meeting will be at 1:30; all girls are invited.

V

Meetings Begin

On Sunday morning at 10:30 Dr. Lloyd will speak at the New Providence Presbyterian church in town in connection with the February Meetings program.

VOLUME 27 MARYVILLE, TENN. FEBRUARY 7, 1942 NUMBER 18

Dr. Clifford E. Barbour Widely Acclaimed Leader Of 66th February Meetings

The 66th annual February Meetings were begun at 9:45 Wednesday morning in Voorhees Chapel as President Lloyd opened the first meeting by introducing the Rev. Mr. Stringham, here for the twentieth time in twenty-one years, as conductor of the music for the services.

President Lloyd, in introducing Mr. Stringham, remarked that inasmuch as twenty-one years had elapsed since his first appearance in the annual Meetings, Mr. Stringham was now come of age so to speak, even though this was only his twentieth appearance, the Rev. Mr. Stringham having been unable to attend one year.

REV. SIDNEY STRINGHAM

Following this introduction of Mr. Stringham, the group was led by him in the singing of two hymns, accompanied by the College A Capella choir, which he commended very highly.

President Lloyd next called on Anne Gammon, president of the YWCA, and Percy Martin, president of the YMCA, to lead the group in prayer.

Dr. Clifford Barbour, PhD., D.D., popular pastor of the large Second Presbyterian Church in Knoxville, and leader of this year's series of meetings, was then presented by President Lloyd to the audience, and the first meeting was under way.

Dr. Barbour announced that his theme for the morning Meetings was to be a familiar one, The Reproducible Experiences of Jesus, and his first address was concerned with the discovery and development of personal power, centered around the words of Jesus found in the 5th chapter of John where He says, "I can of mine ownself do nothing . . . I seek not mine own will, but the will of my Father which sent me."

From these words, Dr. Barbour said, it is to be inferred that the source of Jesus' personal power was in submission to God through a process of faith, not education. The processes of education, said Dr. Barbour, merely give channels of expression to power; education only makes one shrewd, if one hasn't something else already.

The second meeting in this 66th series began at 6:45 Wednesday evening with Mr. Stringham leading in a period of musical fellowship, during which time he introduced the gathering to the chorus "Wide, Wide, As the Ocean" which became immediately popular, and has been used at each meeting since as a sort of theme song.

Following the singing, Dr. Lloyd welcomed most cordially all visitors of the community present, and expressed the hope that all would feel free to return for as many meetings as they so desired. He then called upon Lucille Lynch, Mary Jenks, Allan Moore, and Dr. Stevenson to lead in prayer.

After the singing of another hymn, the reading of the scripture, and the offering of a beautiful solo by Mr. Stringham, Dr. Barbour began his first evening sermon with a question, directed at the whole assembly, individually and collectively. The question, around which he built his evening's discourse was What Do You Believe to be True About Life? Following this question with a series of question, asked in a practical way, Dr. Barbour rounded out a most interesting and inspiring evening.

The other questions discussed were: What are you? What is your family to you? What is your place in life? What do you believe about America? What do you believe about the Church? and, finally, What do you believe about God?

In the second of Dr. Barbour's morning series entitled "The Reproducible Experiences of Christ," the text was taken from Luke, from which he discussed "Increasing One's Personal Power." In developing this power the important question is how to overcome the obstacles in the way of acquiring it. Each individual must find some pattern to guide him in resisting the temptations which cross his path. The best pattern which has been established is that set up by Jesus in meeting His own temptations which are essentially the strongest ones

(Cont. on Page 2)

Dr. Wendt Speaks At Faculty Dinner

Mexican Dinner Is Featured

An estimated sixty members of the Faculty club, composed of the college faculty and staff and their wives, met in Fayerweather hall last Monday night for the monthly dinner and entertainment program. Dr. Paul F. Wendt, assistant professor of economics, read an original paper entitled "Objectives and Methods of War-time Price Control".

Dr. Wendt's paper consisted of two divisions: first, a consideration of the effect of the Napoleonic wars, the American Civil War, and World War I on prices and the cost of living; second, a critical evaluation of the administration's price control efforts during World War II. It's stated aim was to indicate the enormous cost of waging war and the necessity of taking measures now to prevent disastrous price fluctuations in the near future.

The Faculty club meets on the first Monday evening of each month for a dinner served by the home economics department. The department is following this year the plan of having the faculty club dinners feature the type of menu typical of various countries. On Monday the banquet was a Mexican dinner.

Carnegie Books Given To IRC

The International Relations Club has recently received another shipment of new books on the subject of international relations, from the Carnegie Endowment. Such books are sent without charge to similar clubs over the country in the hope that the international relations clubs will be a factor in increasing public knowledge of our economic and political relations with other countries. This is the second shipment our IRC has received this school year.

Titles of the new books include, "The Changing Pattern of International Economic Affairs," by Herbert Feis; "Democracy's Battle," by Francis Williams; "Plans for a Permanent Peace," by Haus Heymann; "The Soviet Experiment," by Harry Best; "Government in Japan," by Charles B. Fahs; "Japan Since 1931," by Hugh Borton; and "Government in Wartime Europe," by Harold Zinc and Taylor Cole. The first of these, "The Changing Pattern of International Economic Affairs," and the only one dealing principally with economic affairs is a study of the world-wide economic changes being caused by political events with emphasis on the change from "Laisez faire" to the planning necessary to carry on modern life. Feis' work as an advisor on economic matters to the government is his chief qualification for this writing.

"Democracy's Battle," by Francis Williams, attempts to answer several vital questions present in many people's minds in England and America today, viz: "How did democracy come to this tragic pass?" and "What are we prepared to do; what must we do to save democracy?" Mr. Williams is an Englishman, a well known political writer, and has long been identified with the British Labor Party, having also been editor of the DAILY HERALD, organ of the labor party.

Hans Heymann's book, "Plans for a Permanent Peace" is not only an analysis of the reasons for the failure of the Versaille Treaty, but presents a concrete plan for attaining a just and equitable social and economic adjustment for all nations after the present war. Heymann as an advisor of Rathenau, German prime minister, at the time of the Conference of Genoa, presented this plan to the conference and succeeded in getting Lloyd George's approval but not that of Briand. Thus the plan did not go into operation.

(Cont. on Page 4)

Overton Elected New President of Ministerials

Ministerial association had its last meeting on January 22. There was a re-election of new officers, since the newly-elected president, Frank Cross, did not return this semester. Harvey Overton was elected president; Andy Richards, secretary.

The Ministerials are looking forward to a "bull session" with Dr. Clifford Barbour. A definite evening has not been decided upon; however, it will take place sometime during the February Meetings.

Dipsy Doodles Will Be Analyzed By Art Club 'Expert'

Art Club will hold its meeting Thursday night in the Elizabeth Gowdy Baker Art Galleries in the Anderson hall annex. The feature of the meeting will be the dipsy doodle display. Dr. Seesall Tellsall (none other than program chairman Bob Swarzwalder) will analyze the doodles in terms of what they show about the sub-conscious. The meeting time for this week has been changed to 6:00.

Reproductions of some of the pages from the notebook of Leonardo da Vinci will be be shown, and analogies will be drawn between doodles, modern art, primitive design, Pennsylvania Dutch design, and medieval manuscript design.

SACSS Considers School War Prob.

In Atlanta, Georgia, on the sixth and seventh of this month there was a meeting of the Southern Association of Colleges and Secondary Schools, the accrediting association of the southern states.

Dr. Ralph W. Lloyd, who is a member of the Commission on the Institutions of Higher Learning, attended this meeting.

This particular meeting has been called to consider the problems that have arisen in institutions of higher learning because of the war emergency. The meeting has been planned especially for the Commission on the Institutions of Higher Education of this association. All colleges and junior colleges were invited to be represented at the meeting.

Debaters Prepare For Early Meets

National Question Intensively Studied By Forensic Squad

For the past few weeks members of the varsity debate squad have been making preparations and plans for the 1942 program of debates scheduled to open in February. Attention this year has been focused on the Pi Kappa Delta question: Resolved, that the democracies of the world should form a federation to establish and maintain the Roosevelt-Churchill principles.

The first meeting of the debaters will be the Women's Smoky Mountain tournament in Virginia Intermont College at Bristol. The question for debate will be the Phi Kappa Delta question. This meet is scheduled for Saturday, February 21. Phyllis Anne Cain, Margaret Clippinger, Muriel Geisler, Kay Liddell, Mary Wintermute, and Natalie Yelton will be the members of the squad to take part in this debate tournament. The Men's Smoky Mountain tournament has been dropped by Tusculum, but plans are being made for it by State Teachers college.

The State tournament will be held at Cumberland University in Lebanon, Tennessee from the twenty-sixth to the twenty-eighth of February. The question for debate will be either the Phi Kappa Delta question or a question having to do with labor unions.

The freshman debate schedule is progressing behind schedule. Plans are being made, however, for a debate at Whittle Springs on March 21.

Eight Students Take Part In Recital

Last Monday afternoon at 4:15 a short student recital was presented in Voorhees Chapel. Miss Horne was in charge of the program in which seven people participated. The program was as follows:

"Etude in C Minor" by Chopin was played by Gordon Stone. James Manning sang "Here Amid the Shady Woods' by Handel. Bach's "Fuge in G Minor" was played by Florence Barber, and David Kidder presented "Toccata" by Sowerby. Brahms' "Sonata op. 100-Finale" was played by Katherine Crews, accompanied by Florence Barber. Estelle Farrow played "Ave Maria" by Bach-Gounod, and Ruth Duggan presented "Fantasia E Minor" by Neozail.

Jean Barnes, Helen Rawlings Lead Honor Roll For '41-'42 First Semester

Duggan, Patterson, Jenks Achieve 8.0 Standings

SENIORS LEAD

Honor Roll Made By One Hundred and Seven Students

Leading the Honor Roll for the first semester of 1941-1942 are two juniors, Jean Barnes and Helen Rawlings, with 8.2 and 8.1 respectively.

Of the thirty-five seniors on the roll, Ruth Duggan and Mary H. Jenks stood the highest with 8.0 each. The 31 juniors were led by Jean Barnes, Helen Rawlings, and Jean Patterson who had a rating of 8.0. Carol Markham and Jane Trotter led the sophomore class with a score of 7.4. Maurice McClure and Donald Barker stood highest in the freshman class with 7.8 each.

The complete list of 107 names is as follows:

SENIORS—

Ball, Lola Elizabeth—6.3
Barber, Dorothy Louise—6.6
Barber, Florence—6.0
Brown, Bina Ruth—6.7
Caldwell, Mary Helen—7.1
Clark, Margaret E.—6.0
Cone, Helen Louise—7.2
Criswell, Irma H.—7.6

JEAN BARNES and HELEN RAWLINGS

Astounding Climate Discoveries Are Made Annually By Freshman Class

By LILLY BELLE GRIZZARD

There are two widely diverging ideas as to the climate of Maryville and East Tennessee. Do you think it absurd that there can be two entirely different views of such a definite part of the environment here as climate? If you are in the mood for an argument in which you do no arguing, let me expound my world-shaking observations on the queer ideas held by two types of creatures inhabiting Maryville, Tennessee. The two genera are students from the North, and the numerous small children who scoot and hoot around the campus in all their free hours.

Shall we take first the belief of those small demonise-like urchins who dart in front of everybody, screeching fit to burst their lungs. Innocent bystanders, hoping that some day the little dears will scream themselves hoarse, have spent many idle moments watching these cherubs try the glorious art of ice skating in the magnificent ice rink in front of Fayerweather hall. Perhaps you too have noticed the SRO signs for each performance hanging about in the windows of Fayerweather. Of course, one day after the sixth period the urchins had grown to an approximate height of six feet, thus drawing the largest group of excited witnesses in the history of this famous sporting event. This opinion has the title of Sun Valley and Its Winter Sports II.

In opposition to this idea of the students from the North. Since the great majority of you students here at Maryville are from the North (not pronounced Nawth), you probably have never noticed a certain peculiar notion ingrained in the—shall we be polite and say—brains of the freshmen from north of the Mason-Dixon Line. However, we other students marvel at the notion you fondly cherish until two winters here have beaten wisdom—if not knowledge—into your heads. As the collegiate neophyte packs for his first venture into the realm of higher—hrrmph—education, he says gleefully, "Gee, Mom, I'll think about you this winter when I'm getting a sun-tan while you freeze up here in Ohio. Brother, am I glad I'm getting to go SOUTH to school! All the kids are going here and will be in snow up to their ears for three months while I bask in the sunshine."

Imagine this same sprite's dismay when in January the snow falls to a depth of three inches and the mercury descends to a little line marked ZERO. Then wandering around in a spring coat, he cruds bitterly about the injustice of being so cruelly deceived. Poor little thing, he meanders around dolefully decrying his bitter fate until a kind upperclassman consoles him with this false statement, "This is very unusual. This is just one of the weather man's tricks. It won't happen again in a hundred years." As the guileless freshman plods his chilly way, the treacherous upperclassman smacks his lips and smiles, "Ah, now I'm even; that's one more I duped by the same line I swallowed when I was a freshman."

Next year our gullible friend returns with no more equipment for winter than he had the year before. When his astounded eyes survey the falling snow for the second consecutive year, he balefully demands why he was ever allowed to believe in such a hoax as the Maryville weather. Sadly he writes home to his amazed parents,

"Dear Mom and Pop,

"It's a fallacy that all states below the Mason-Dixon line are Florida!"

Doggie Delegation Descends And Cuts Campus Capers by Moonlight

By ERNESTINE ULMER

Have you noticed that lately the Maryville campus has gone to the "dogs"? Quite a few of the so-called scholars have noticed this phenomenon and have been racking their brains for a substantial explanation. It seems as if some evil spirit had cast a canine curse on the campus and, consequently, dogs have come swarming in from every direction with absolutely no respect for Maryville tradition. Their favorite resort seems to be Pearsons dining hall where some are rude enough to make their presence known by loud, unladylike yelping. Others are content to pay short, chummy visits to dormitories and classrooms where they unwittingly upset the normal routine of life. They are received with varying degrees of courtesy extending from a very cordial welcome to a severe shout and sharp kick.

A few of the campus psychologists and scientists, after spending hours of unadulterated meditation in their laboratories, finally emerged to spread various and sundry theories concerning the canine scourge. Some believe that it is the advancement of civilization which has just begun to affect the lower animals, and which has caused a sudden rush on the unsuspecting and unsympathetic colleges. Others believe that it is the war which has beridden the dumb brutes of their masters and sent them on a desperate but futile search. In spite of all the theories you may hear floating around the campus, there are but two logical explanations: the moon and the February Meetings.

First, let us blame it all on the moon. It has been entirely too romantic lately, and consequently, Maryville students have been suffering. Studies have been neglected, sleep has been forgotten, and teachers have gone wild trying to break the spell. However, it has been in vain, and day after day the poor waitresses in Pearsons have had to scrape untouched food from the plates of the moon-victims. And

(Cont. on Page 2)

Grace Moore To Appear At U-T

The U-T Concert Series will have as its next artist Grace Moore, Metropolitan soprano. This next concert is scheduled for February 17 at 8:15. The presentation will be held in the gymnasium of the university. Tickets range in price from $2.75 to $1.65.

It is of interest to note that Miss Moore, who is perhaps one of the most popular and most widely known operatic stars of the country, is from Jellico, Tennessee.

JANE McFARLAND TO ENTERTAIN AT ALPHA SIG TONIGHT

Alpha Sigma meets tonight at 6:15 in Alpha Sigma hall to present an interesting program featuring Jane McFarland. A short business meeting will be held after the entertainment, and a report will be given on Alpha Sigma's mid-winter production, "Wuthering Heights".

All members are urged to attend

College Maid Shop Aids In Supplying Nursing Uniforms

While the people in America are "all out for defense", the College Maid Shop is doing more than its share for national protection. They have filled ten orders for nurses' uniforms at Pearl Harbor since January 1. The uniforms have been sent to the U.S.S. Relief, a hospital ship in the Atlantic, and to the U.S.S. Solace, a hospital ship in the Pacific.

Just recently the Maid Shop has accepted a contract for nurses' uniforms from the Naval Training Station in Jacksonville, Florida, and one from the Great Lakes Naval Training Station, whose $33,000,000 expansion program will make it the largest training station in the world.

Mrs. McMurray said that they have also received an invitation from the Philadelphia Training Station to bid on their uniforms. It is evident that the Maryville College Maid Shop is taking a really active and vital part in the nation-wide war effort.

February Meetings

Maryville College is now in the midst of its annual religious emphasis program, a week and a half of fellowship and guidance to which the majority of the student body has been looking forward since the beginning of the school year. Although the meetings are scarcely half over, the change which has been brought about in the student body, itself, is very evident, and equally as gratifying.

Today so many of us have difficulty in making adjustments necessary in the three-cornered existence of ourselves, our religious outlook, and the conditions of the world in which we live. What we have needed is one who has a deeper understanding of these relationships, and, what is more important, one who can bring that understanding home to us, individually. Such a helper has been found in the leader of the present February Meetings, Rev. Dr. Clifford Barbour.

We believe there is no exaggeration in the statement that every student who has been present at the meetings which have been led by Dr. Barbour has been influenced by his messages and personality. It has not been by his messages alone, significant though they may be, that Dr. Barbour has won the student body, individually and collectively, and neither has it been entirely by his personality. There is such an evident integrity of the two, that to feel one without the other would be an impossibility.

We know we speak for the entire college when we express our gratitude to him for bringing his guidance, fellowship, and vitality which means so much to us.

As I See It

By JANET LINDSAY

For a number of years, a recognition of the importance of favorable public opinion (or if you prefer, public morale or the attitude of the people as a group) to the success of a nation, especially in wartime, has been developing. The idea itself is not new. More than three hundred years ago, Francis Bacon in one of his essays, pointed out that the ability of a nation to defend itself depended less upon its national possessions than upon the spirit of the people—"that its stocks of gold were of less importance than the iron of determination in the body politic." Out of such thoughts as these has come our modern system of government wherein public opinion plays an important part in the scheme of things. The necessity of the people possessing a strength of purpose has become vital. Modern warfare can no longer be carried on without some degree of national unity. The totalitarian state, quick to recognize the necessity and value of national unity and integrated morale in wartime has made much progress in the development of a morale to match their armies. We find Hitler saying in MEIN KAMPF, "The question of regaining Germany's power is not, perhaps, how can we manufacture arms; but how can we produce that spirit which enables a people to bear arms. Once this spirit dominates a people, the will finds a thousand ways."

In the democracies, by their very nature, this spirit has been slow to develop. Up to the very eve of attack we found the United States divided into two opposite camps of thought. Pearl Harbor brought a rapid change in the minds of the majority, the isolationist is a thing of the past. However, the dangerous by-products of this divided spirit and that of the infiltration of Nazi propaganda, have left their marks on present American thought. True, those so influenced comprise a very small minority, but also a very dangerous minority. Two schools of thought particularly noticeable—defeatists and optimists.

For a moment let us consider the defeatist. He's your next door neighbor who tells you that you are wasting your money on defense bonds, that after the war is over they will not be any good, that our world is shot to pieces—you recognize their line. He's the man who claims that tire rationing is just another government scheme to beat the people. He's every man who fails to rise to the emergency of the situation, to play his part willingly, not grudgingly. America has always stood for freedom of speech, but lest we lose that freedom, let us beware of falling into that pattern of thought.

Turning to the opposite viewpoint, we find the optimist—the man who doesn't want to be drafted because he feels the army doesn't really need him, the man who refuses to become aroused about the whole thing, the man who complacently believes America's the greatest nation in the world but refuses to do his share of making it so. Their danger is obvious. Fortunately or unfortunately the recent trend of events is fast waking this man from his dream of optimism.

Let us decide what should be our attitude. Should it not be that each of us should do our best to maintain our mental balance, to steer a level, firm, middle course, refusing to be swayed by these small minorities, striving toward not only a warless day but also a day of successful peace. This can only come about if Americans stand united. The old adage still holds—"Let us all hang together or we shall all hang separately."

Old Spice

By JEAN BARNES

Written by Paul A. Jamarik and Lawrence F. Streshley, Jr.

Due to the fact that the original writer of this column, Jean Barnes, was showing her sister, who teaches over at the University of North Carolina, all of the day and night life of Maryville College, we were asked to write this column (after much begging on our part.)

Since we have never written a column like this before, we find difficult in finding the proper references. It seems that all the engaged couples and the like have been accounted for. Well, how do you write a column like this when you don't have anything to write about? We have been told that a column of this sort need have no coherence or unity so we suppose that is the way it will be. Here goes———

Time has certainly been flying, for here are the February Meetings with us again. It is good to see Brother Stringham, if we may call him brother, again. He has really become a part of Maryville College that takes years to acquire. We feel that he is one of our traditions and should be listed among the noted in the Maryville College Hall of Fame. Dr. Clifford E. Barbour began the series Wednesday morning and is very popular in the conversations of the students on the hill.

Then there comes up the question of these Sunday afternoon Vespers that come over Station WROL about 9:30 in the evening. Some are wondering just why they couldn't be broadcast at an hour when decent white people wouldn't be in bed—yes, we said bed. The choir sounds better at that late hour. Maybe it is because they have gotten warmed up at this time.

Latest fad over in Carnegie Hall: Sneak up to a picked-out room and find out if the occupants are in, then very quietly tie the door so it cannot be opened. After the door has been tied securely the pranksters sit outside and make as much noise as possible. Some fun we'll say.

There has been some talk of installing a pay telephone in Carnegie Hall. This may be a good idea to some, but whoever keeps the office or answers the phone will have a real job running up and down the stairs getting various fellows to the phone; and for the pay idea—that's out. We open our mouths about everything.

It does our old hearts good to see the fine record that Tom Mize is making on the springboard. He is filling the shoes of Frank Cross very well, and when he graduates in May will leave the well-filled shoes for some one else. We really can't make up our minds just where we would rather see Tom work—on the springboard or in Bainonian hall. He is very efficient either place. We have a sneaky feeling that there will be someone who doesn't like the things we say. Remember the old saying "Don't worry when others are talking about you; the time to worry is when they aren't talking about you."

Have you noticed the congregation of dogs on the campus lately? Last year we had only Edna. Dogs are like flies. When you kill one, about ten come to the funeral. Speaking of funerals we are reminded of the undertaker who had as his motto: "Eventually, why not now?"

The writers of this column are wondering just how many room-mates Ed Ballinger really has. He is wondering too.

One of these times Jerry Beaver is going to walk over to the piano and play the "sweetest music this side of heaven", and it won't be "The Turkey in the Straw" either.

Bill Henderson seems to have reaped a harvest from the flirts he planted on the train coming down. He has received several nice letters and a snapshot—and Ooooo the nice things she said on the back. More power to you, brother.

The power of the moon is decreasing, but not so with the wrestling team. They are out to take that state championship again. Coach Davis and his able assistant, Woody Everett, are doing a fine job.

After placing his order and waiting for fifteen minutes, Allan Moore asked the waitress if she was the same one who took his order. "Yes," replied the waitress. "Well, then," said Allan, "you don't look a day older."

Henry Wick has made the promise that whatever office he is next elected to, he will make the best politician that money can buy. At least he's being frank.

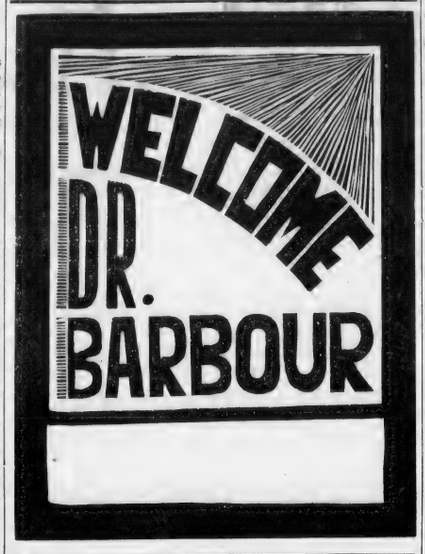
Jean Barnes, whose column you will really enjoy after reading this bungled article, is indirectly connected with the OPM. Well, you're wrong; it means: "Oh, Please, Mister."

Inseparable roommates: Holman and Wright, Gauleteri and Beaver.

The last words of a man about to be hung: "This is going to be an awful lesson for me."

Curt Wright is a firm believer in love at first sight. Yes, me, too, ever since conscription. The Scotchman's football yell: "Get that quarter back."

Dud Moore, drum major, chemistry major, Who's Who, business man, and florist agent, says, "Order your flowers now for we may not be in business tomorrow."



"For weeks," he said, "I have had a question I wanted to ask you."

"Yes," she said, "I have had the answer for months."

"Be more enthusiastic," remarked Prof. Colbert to the choir. "Open your mouth and throw yourself into it."

Now that all of the hatchets have been buried, in each other's back, we hope we shall never be called on again to write another column. How Jean ever fills up this much space every week is more than we could ever do. Muchas gracias and buenas noches.

TALK OF THE WEEK ... By Charles Dunning

Apples, Poetry And Christmas Cards Revealed In Amazing Faculty Plot

By PETER VAN BLARCOM

Should anyone approach me with purpose to complain about the faculty, assignments, or conditions in general, they may be assured beforehand of a stern and unequivocable reply, balderdash! For out of the wells of a vast experience I can draw many instances of the most Christian patience and moderation exercised by at least part of our faculty. One of these instances comes to my mind more vividly than all of the others (with the exception of the nefarious pencil-dropping plot discussed fully two weeks ago) simply because it happened just before and during the early days of the Christmas vacation.

An assignment had been made in a certain English class requiring the memorization of a considerable body of American metrical effusions. By the end of last semester most of the class had completed this work either by reciting it satisfactorily to the professor, or, in the case of the faint-hearted, by writing it out, (preferably, without reference to the text). However, as is customary in such cases, there were those princes of procrastination, two in number, who, when the semester had ebbed away and was ended, had not yet attempted this formidable assignment. I suppose that they, possessing the normal amount of human dignity, deserved a consideration of several days of grace after the end of the semester to collect and reassemble their much abused and scattered wits for the final effort of memorization. Thus it was fitting and proper that such a period was offered by the professor. But most unfortunately, exams drew to a close, people fled the campus as though pursued by a plague, buildings were shut, locked, and barred, and lo these many days no "rhythmical creations of beauty" greeted Miss J's chaste ear. I am certain that it was not the poetry alone that kept these two persons on the campus after all others had departed for home, but some weighty reason did, for one of them was here until Saturday morning and the other's business affairs caused him to remain at Maryville through the entire Christmas vacation.

Under such circumstances it is readily seen that desperate measures were in order. Even the patience of Job has its limits. These two malefactors conspired together and the product of their machinations was a surprise attack upon the domestic precincts of this most estimable and long-suffering member of our faculty, accompanied by a weapon utterly beyond the power of resistance of any teacher from Adam's day to this, viz. an apple. A shining, rosy, juicy McIntosh or was it a Baldwin, (or better yet a Winesap), (that is neither here nor there; we do not propose to enter into a discussion of the relative merits of the McIntosh, Baldwin, and Winesap. Suffice it to say that the Golden Grimes as grown in New Jersey far excels any of these species. We will take up in full this controversial matter of apples at some future date).

Consider, dear reader, the plight of this soft-hearted person when confronted with an apple of this calibre, presented by two guilty, shuffling, grinning students who beneath their mock humility knew full well the effect of rosy apples and the Christmas spirit upon a Scrooge, to say nothing of such a charming person as Miss K. (which, being translated is Miss J.) If these questionable persons had been ready on the spot with copious numbers of lines of poetry, there is no doubt that Miss J. (or K. as the case may be) being in so warm-hearted and magnanimous a mood, could not have done else than lend a sympathetic ear. But such was not the case, alas; not a line was on tap. Miss J. thereupon stiffened her attitude a trifle and in response to their pleas for time declared that she would give them the Christmas vacation to accomplish the work, but only on the condition that everyone present would dispatch at least a ten cent Christmas card to the rest of the English faculty. This was a heavy blow beyond a doubt, but our heroes had little spirit remaining for argument, so the proposal was agreed upon. I later learned to my horror that this was meant to include me also. At the time, I had thought my part in all of this rather that of a Yehudi or some other kind of good angel spreading good cheer and good feeling all about me, gathering up the loose ends of our little plot and reconciling offended parties—in a word quite the jolly old factotem, improving the general situation here and there with a tactful word, and moving about in all sorts of official capacities.

However, this little tale has a sad ending, (as is fitting in these troublous times) at least from a moral standpoint. If one were to probe deeply into the consciences (or whatever serves that purpose) of these perfidious ones he would uncover ignominy undreamed of, for those ten cent Christmas cards were never sent and to this day, to our best knowledge, those fateful lines of poetry have not been spoked. (I mean spoken, (not to be confused with the city on the Columbia River in Washington).)

Canines ...

(Cont. from Page 1)

this is where our little four-footed friend comes in. He has discovered by experience, and spread it among his companions, that delectable tidbits might be had for the begging at the dinning hall of Maryville college. Consequently—dogs.

Furthermore, the canines have been encouraged by the February Meetings. And this is not because they are realizing their need of religion, even though some have tried to attend chapel; it all points back to the moon. To the horror of some of the more love-sick couples, dating has been banished for the duration of the Meetings. This has caused a wholesale lament, and the involved parties have sought solace in man's best friend—dog. The little creature responds gleefully to the unusual pampering and feels that his welcome is unlimited.

And now may we hope, for the sake of the aforementioned, that some well-meaning pied-piper will not come along and charm all of our little friends into a briny brook. At least, not until after February 12.

Feb. Meetings ...

(Cont. from Page 1)

everyone faces. These temptations are to use one's capacities for material success, to achieve power, or to be popular.

The heart of Dr. Barbour's advice in this sermon was emphasizing the ways Jesus met his temptations—the ways those who would reproduce his experiences to attain personal power of their own should emulate. First, Jesus faced them by himself. Important decisions cannot be reached in the midst of a crowd, however much the modern individual seems to be afraid of being alone. Second, one should take with him the love of his mother, the faith of his father, the respect of friends and the spirit of God. In this sense we are not really alone. Third, make no compromise. Jesus could have, but he did not. It is difficult for anyone not to make little compromises—however small they appear. Jesus could not have done what He came to do had He wavered. So it is that everyone has specific capacities in the fulfilling of which they should not compromise or the job won't be done.

Dr. Barbour's second evening address was centered around the 27th Psalm and Revelations 1:1-8. He stressed the importance of gaining spiritual altitude and perspective and that we want something "to split the sky and let God shine through." The means of achieving this altitude is in the Christian faith through prayer. Not the kind of prayer to bring God down to us but to take us up to God's level. When we attain this altitude, we first lose our fears. "I will fear no evil for Thou art with me." Second, rising above the jungle of earthly confusion through prayer gives us purpose. Third, it gives us objectivety. On the ground level we see only the demands of the immediate, the actual struggle. Fourth, we win a sense of the beauty of life. Men so often forget that they are living on a star. Dr. Barbour closed by saying that we musn't be a novice and take only short hops into a higher altitude but that we must take a sustained journey.

The third morning meeting, conducted by Dr. Barbour, was on Being Misunderstood, another of the Reproducible experiences of Jesus as set down in Luke 4:16-32, telling of Jesus' rejection by His own village when He returned to announce publicly who He was and what He would do.

Dr. Barbour pointed out that all people, at some time or another feel that they are misunderstood, even as Jesus did, only all people do not cope with this problem in the manner of our Lord. Some people become cynical, some try to run away and others try to fight back. Jesus rejected all three of these methods when He found that He could not do "many mighty works there because of their unbelief." He left Nazareth, and went down to another villlage and went on doing what He knew He had to do.

Dr. Barbour told of an early childhood experience with a man at whom everyone laughed and called a crack-pot merely because they did not understand what it was he was trying to do. That man was Langley.

Dr. Barbour closed this message by saying that all of us could find our destiny, and that if we don't, we are not being smart.

The third of the evening meetings was held Friday night with Dr. Barbour preaching on the theme of what Christianity can do for character, if anything. The evening's service was highlighted with musical innovations including the introduction of another chorus called "When He Calls Me, I Will Answer."

In his discussion of Christianity and character, Dr. Barbour said that Christians are seeking to change human nature and that it can be done. In answering the question of what is character? he pointed out that character is a combination of qualities in a human personality—such qualities as decision, courage, honesty, honor, dependability, and humility. He then demonstrated that Christianity gives rise to purpose that results in decision; that Christianity through faith yields courage; that Christianity can give honesty

Exchange

By ROBERT FRANCIS

Learning to tap dance by mail takes a lot of stamps.
—Ward-Belmont Hyphen

"Did you see how excited those peroxide blondes got when the team made a touchdown?"
"Yeah, the bleachers went wild."
—The State

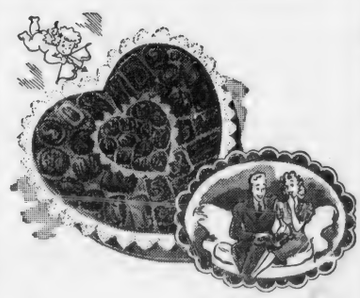
His face may be freckled,
His ears may stick out,
His teeth may be crooked,
He may be a lout.
He may not be a student
Or a great football star;
But I'll stick to him always—
He's got a cute car.
—Tiger-Taled

Maybe you've heard the one about the girl who is so thin that when she drinks tomato juice she looks like a thermometer.
—Akron Buchtelite

Phi Gam—Why is your tongue so black?
Beta—I dropped a bottle of coke where they're tarring Sherman Avenue.

"Waiter, bring us two orders of Spumoni Vericelli, please."
"Sorry, sir, but that's the proprietor."

Herman: What were Webster's last words?
Sherman: Zymosis, Zymotic, Zymurgy.



Professor: What turns green in the spring?
Hep-Cat: Christmas jewelry.
We'll have to rehearse that, said the undertaker as the coffin fell out of the car.

No, Miss Murgatroyd, a neckerchief is not the president of a sorority.
—O. Howie Talques

SPORT ECHOS

By TED PRATT

ECHO SPORTS

SPLINTERS FROM THE HARDWOOD

Coach Frosty Holt appeared a bit uneasy during the Scottie-Eagle clash. His Carson-Newman boys were not hitting. They had the ball, but they couldn't hit the broadside of a backboard. It was one of the Jones boys, his veteran star, who had to pull the game out of the deadlock. The Scotties matched swish for swish until the lanky Jones, from his guard position, split the strings for a couple of two-pointers.

It was an exciting game—all the way. The lead didn't vary for either team more than four points at any time. The Carson-Newman rooters kept the spirit high and both squads of cheer-leaders did fine jobs. Although Coach Honaker's boys again had difficulty with their field goals, they achieved an excellent 57% of their free throws. This is a decided improvement over their previous attempts. It is interesting to note that in the second half the Scots matched the C-N cagers in getting the ball off the backboards whereas during the first half, the Eagles maintained the control of both boards. Captain Stan Menning and Lloyd Taylor were the Scotties' big guns for the rebounds. Stan, although he found the hoop hard to hit, effectively blocked numerous shots which would have surely been labelled "two points" for C-N. The Maryville hoopsters should take the Eagles into camp when they meet at Jefferson City at the end of this month.

VANDY THE VANQUISHED

Yippee! Ah, sweet victory! Oh, happy 19 to 9! Oh, oh, here it comes again:

When the Davismen wrestled big Vanderbilt,
The Vandymen yelled "Hey, we're gettin' kil't!"
The Commodores sat
'Til on the floor flat
They were beaten and sent back to Vanderbilt.
I'm sorry!

The Scottie gruntmen did a fine piece of work on Vanderbilt. Red McCord didn't waste any time showing his "little man" the lights. Maybe he wanted to show the Commodores what a real Nashville boy can do with a good coach. Dave McDaniel showed his colors—besides the black and blue—in decisioning his 145 pounder. His was one of the hardest-fought matches we have seen. Joe showed development in his 155 lb. class as did Ballinger at 165. Mac Wilson, our up-and-coming 175 pounder, displayed a number of new tricks but by some bad breaks was narrowly outpointed. Big Red put on an interesting show with his "heavyweight." All the boys worked hard and gave evidence of their continued practice-sessions. Watch them clean up the gym floor with U-T tonight!

DID YOU KNOW THAT . . .

Dave— the diminutive—Smith, frosh basketballer, leads Lillard and Menning for top scoring honors to date? He has counted 74 points in 12 games; Stan has tallied one less in 11 games, and Ray's total is the same in 9 games. This gives Lillard the commendable average of 8 points per game this season.

West Texas State's great cage team averages 6'6" in height?

Joe Louis would like to fight Billy Conn before a "million dollar gate" this summer and then divide the receipts between the army, navy, and marine corps? "Keep 'em flying!"—those fists too.

Rookie Buddy Blattner, Cardinal second-sacker, won the International Table Tennis Championship in Czechoslovakia when he was 16?

Rhode Island State has a three-year average of over 60 points per game!

Maryville College has a group of "bowling potentials" in its student body?

The basketball team has only two home games remaining on its schedule? C'mon team, let's go!

Tusculum Tankers Outpoint Scotties in Second Swim Meet

Though Tom Mize and Charlie Colville came through with first places, the Scottie swimmers dropped to the Tusculum Pioneers their second meet of the season by a score of 26.5 to 48.5 as the Scots journeyed to Greenville last Tuesday evening. The home team offered a squad spotted with fast-swimming frosh who far outdid the visitors in seven of the nine events of the evening.

Charlie Colville, promising looking freshman of Maryville, raced to first place in the 50 yd. free-style in a time better than any he had made previously this season. Tommy Mize took an easy win in the diving, bettering his nearest opponents by more than 18 points. But Poggie, and Freshmen Brooks, Parker and Cullison, all of Tusculum, swam to first places consistently and from the opening event left little doubt as to whose meet it was to be.

The opening 300 yard medley went to Tusculum. The Pioneers also took first and second in the 200 yard free-style, as Bill Sidner of the Scotties, registered a third. In the 50 yard free-style, Charlie Colville chalked up a record time (for him) of 28.8 and a first place. Bill May ran an excitingly close race for second in the same event, but could make only a third. The diving went to Maryville's Tom Mize and to Tusculum's Brooks and Weiss.

Maryville's captain, Frank Miller, placed second in the 100 yard free-style, and Colville tied with his opponent for third. Horace Sherer and Bill May took second and third respectively in the 150 yard backstroke, and Stan Crews registered a second in the 200 yd. breaststroke.

Tusculum's Brooks started the 400 yard free-style at a terrifically fast pace—and kept it up! He took first place, and Bill Sidner and Layton Bergquist cinched second and thirds for the visitors. The final event, the 400 yard relay, went to the home team by a good margin.

Coach Fischbach's comment was, "Well, the boys are shaping up. A couple of them look like they should be pretty good before long." The tankmen's next tussle is scheduled with the University of Tennessee here in the Maryville pool, probably on next Saturday night, though the date is tentative. U-T has a real powerhouse of a swim team, and Coach predicts a good exhibition of talent and a tough time for the home squad.

Summary follows:

300 yd. medley—Tusculum.

200 yd. freestyle—Tusculum—2:43.1; MC third.

50 yd. freestyle—Maryville—28.8; Bill May ran an excitingly close Tusculum second; MC third.

Diving—M first; T 2nd, 3rd.

100 yd. freestyle—T—1:02.4; MC second; tie for third slot.

150 yd. backstroke—T—2:10.6; MC second and third.

200 yd. breaststroke—T—3:06.4; M second; T third.

400 yd. freestyle—T—5:29.6; MC second and third.

400 yd. relay—T—4:37.2.

Totals: T—48.5; MC—26.5.

C-N Eagles Edge Scots 40-36 In See-Saw Battle

With an eight point splurge and a clever job of stalling the ball in the last quarter of the game, the Carson-Newman Eagles earned a close decision over the Maryville College quintet on the floor of Alumni gym last Tuesday night. The local boys stayed with their rivals for three quarters of a see-saw contest, but the high flying Eagles soared into a six point lead with but five minutes to go and kept the ball away from the desperately fighting Scots during most of the remaining time, to walk off with a 40-36 victory.

The teams were never more than two points apart after the first few minutes. Maryville jumped to an early lead soon after the toss-up on foul conversions by Webb and Menning and a two-pointer by Jimmy Smith. The visitors began to click and before many minutes had passed they were battling on even terms with the Scots. In the first half Maryville employed a fast break that kept the Eagles constantly on the move. As the second half progressed, a marked slowing-up of the attack could be noticed as the Highlanders allowed the defense of their opponents to get set before bringing the ball up the floor. The teams left the floor for the half with C-N leading 16-15.

The Eagles showed their best brand of ball in the second half. The Scots were unable to do much against the tight defense of the visitors and found difficulty in working the ball in close to the basket. The Eagles, evidently, were aware of the danger of allowing Lillard too much freedom and kept Ray under close guard. He was held to a feeble six points for the fray. Lloyd Taylor was another Scottie who was on the Eagle blacklist, for Leaping Lloyd was the object of a good deal of attention on the part of the foe.

As the Maryville defense grew weaker, the shooting eyes of their rivals grew sharper. A scoring spree in the last quarter by C-N netted eight points while the home side of the scoreboard stood still. With five minutes to go, Carson-Newman put on an effective stall. The ball was whipped from player to player while the frantic Scots tried to tie the ball up or to intercept a pass. Although the Eagles were in a position to score several times, they passed rather than give the Highlanders a chance to get control of the ball. Three fouls were committed in the last minute frenzy of the teams; two were by C-N and one by Maryville. Both times the Scots preferred to take the ball out of bounds, as they have a right to do in case of a foul against them, in hopes of working the ball in for a two pointer. Both times they failed and the game ended with them on the short end of the score.

The high scorer of the evening was in the person of the tall Eagle guard, Jones, who dropped in 15 counters. Stroud, forward for the visitors, was next with nine. For Maryville the high scorer was Ray Lillard who was muffled by the excellent guarding of the Carson-Newman guards. Gordon Webb, receiver of the pass that defeated the Eagles in football, played a good game and dropped in five points for the losing cause. Lloyd Taylor was the outstanding man in the defensive angle of the game.

The summaries follow:

C-N	fg	ft	pf	tp
Stroud	4	1	3	9
Poteet	2	0	0	4
McClendon	0	0	2	0
Booker	1	0	3	2
Jones	6	3	3	15
M-C				
Webb	1	3	1	5
Lillard	2	2	1	6
Menning	1	2	1	4
Taylor	0	1	3	1
J. Smith	1	0	0	2

Subs—Carson-Newman: Hambleen and Smith. Maryville: Solomon, Roseborough 2, Honaker 2, D Smith 4.

'Jerk His Arm Off! Bash His Head In!' They Scream.... 'But How In ---- Do They Score Those Wrestling Matches?'

By LESTER BOYD

At last I have done it. After weeks of diligent research, hours of poring over figures and records, and a ten minute interview with "Woody" Everett, I have become an authority on the fine art of scoring a wrestling match. Formerly the entire process was as clear to me at the sparkling waters of our own Pistol Creek. In comparison the sweet mystery of life was an open book. But now when the sweet young thing by my side asks, "Why did we win (or lose) that match?" I, with all my comprehension of near falls, reversed positions, and time advantages, shall not take the question rhetorically as I have been forced to do in the past, but I shall authoritatively enter upon a discourse that will not only inform the lady, but will impress her with my knowledge of affairs.

Fellows, you too will be able to impress your dates, simply by cutting out and taking with you to the match tonight, the little table that I have prepared for our benefit. The table lists all of the possible ways of scoring and they will be more-or-less explained below.

	Points
Take-down	2
Reverse position	2
Near fall	2
Break away	1
Time advantage	1

Get it? That's all there is to it.

To start at the beginning, the match is divided into three periods of three minutes each. At the beginning of the match the wrestlers start in an "up" position and attempt to score what is known as a take-down. A take-down is the act of forcing an opponent down off his feet and gaining an offensive position. (Stop me if I'm getting too technical; I'm just telling you what "Woody" told me.) Therefore, when the two men in the ring get their heads together and waltz around, they are not whispering sweet nothings or inquiring about the blonde in the third row (or are they?). Each is trying to force his opponent down into a position from which a pin hold can be affected.

A reverse of positions can be explained simply and in a few words by an expert. I shall explain it the other way. To reverse positions, the man in the defensive position; the one on the bottom to you—must, through some trick of the trade, gain the offensive position—the top one to you. Then the referee gesticulates toward the man who has gained the advantage and waves aloft two fingers to signify that a score has been made. Immediately 400 voices are raised in approval (or disapproval)—silence— and then 200 female voices say, "What's that for?"

Let's see if I can explain a near fall more clearly. A fall, usually called a pin, is the result of forcing the shoulders of an opponent to the mat while the referee says "One-thousand-one; one-thousand-two." If the referee only has time to say "one-thousand", or "one-thousand-one", or "one-thousand-t—", or one-thousand-tw—", before the victim raises his shoulders breaks the hold, turns over, slides off the mat, or is saved by the whistle, it is only a near fall and counts but two points for the frustarted pinner. I hope that I make it clearer to you than it is to me.

Now it really starts to get complicated. If a pin can be made within the first three-minute period the match is terminated and the pinner wins five points for his team If the pin does not come until the second period, that period comes to an end and the third one is started. If the pinner of the second round repeats, the match is over; if not the full three minutes is played out

(Don't stop now, Les, you've just started.) In case the victim of a pin in the second period scores a pin over the pinner of the second period, the winner of the match is determined by the points he has accumulated. If there is a fall in the second period and none in the third the match is awarded to the lad who achieved the pin. The official time for the match in that case is the time taken for the fall. Get it? Oam I making myself indistinct. In other words—never mind. That's as well as I can do.

The break-away can be explained easily, even by me. When the man in the defensive position is able to break away from his opponent and gain his feet, completely free, he is awarded one point. I wish that they were all that easy to elucidate, to use a word I found in the dictionary I hope it's used right.

The time advantage is the point that causes the most perplexity on the fair faces of our companions. A wrestler is given one point for each minute that he can keep the offensive position. He can only be awarded two time advantage points in a match.

A man winning a match by a decision (a majority of accumulated points) is given three points toward the total of the match. A man winning by a fall is given five points toward the team total.

There you have it. Don't blame me, I didn't invent the method of scoring; I only murdered it.

McCord and Suitor Lead Mates As Rasslers Down Vanderbilt Commodores

Davismen Meet U-T Tonight in Gym As Title Nears

Maryville's matmen, defending their state title, took a long step in the right direction by defeating Vanderbilt 19-9 Saturday evening. Vandy has been rated as the biggest threat to Scottie hopes, and by downing the Commodores Maryville practically cinched at least a tie for the flag.

Bill McCord, scrappy 121 pounder, gave his mates an early five point lead as he pinned Blackburn. Red was clearly master of the situation all the way, and needed only 3 minutes and 37 seconds to flatten the Commodore.

In the 128 pound division, Burris of Vandy decisioned Al Murrian 5-0, but the always dependable Horace Justus came back in the next match to decision Hutton 2-1 and give the Davismen an 8-3 lead.

Captain Dave McDaniel, wrestling at 145 pounds, decisioned Brown in a lop-sided 6-0 match. Time and again Dave had Brown on his back, but the durable Commodore managed to elude a pin.

Maryville's only other pin came in the 155 pound class when Joe Suitor downed Tipton in 4 minutes, 35 seconds. This clash was full of action from the start, and Suitor's splendid performance drew a big ovation from the crowd. These five points made the score 16-3 for the Scotties and practically put the meet on ice.

Vanderbilt showed signs of life in the next two matches as Frierson decisioned Ballinger 4-1 and Alder defeated Wilson 7-4. These two reverses cut the Maryville lead to 16-9, but the fact that both Ballinger and Wilson managed to go the route made a Vanderbilt victory impossible, for the Commodores were trailing 7 points with only one match left on the card.

Andy Richards put the finishing touches on a very successful evening as he decisioned J. Richards 7-2. This victory made the final tally read: Maryville 19, Vanderbilt 9.

Maryville must defeat Vanderbilt once more and down the U-T Vols twice in order to win a clear claim to the Tennessee championship. This order may not be as big as it would seem, however, for the Scots will be heavily favored over the Vols. Knoxville Y lost a one-sided match to Maryville earlier in the season, but managed to defeat the U-T grunters in two easy contests.

The first of Maryville's two clashes with U-T will take place tonight in Alumni gym. Probable starting lineups are as follows:

Maryville		Tennessee
McCord	121	Webb
Smith	128	Fundiger
Justus	136	Wolfkiel
McDaniel	145	Papuchi
Suitor	155	Cullum
Ballinger	165	Haynes
Wilson	175	Seneker
Richards	Hvy.	Brandau

INTRAMURAL DOPE

By HAL LLOYD

STANDINGS—Second Half

CLUB LEAGUE	W	L	Pct.
Athenian	3	0	1.000
Ministerials	2	1	.666
Alpha Sig	1	1	.500
Choir	0	2	.000
Y Cabinet	0	2	.000
INDEPENDENT LEAGUE			
Celtics	2	0	1.000
Dodgers	2	0	1.000
Subs	3	1	.750
Free Wheelers	1	2	.333
Devils	0	4	.000
Hotshots	0	1	.000

This Week's Results—

Monday:

Subs 20, Free Wheelers 16.
Celtics 37, Devils 15.
Athenian 44, Y Cabinet 30.

Wednesday:

Athenian 45, Alpha Sig 29.
Dodgers 37, Subs 30.

Friday:

Celtics 26, Free Wheelers 18.
Subs 42, Devils 22.
Ministerials 20, Choir 15.

Next Week's Schedule—

Monday, Feb. 9:

3:15—Free Wheelers vs Dodgers
4:00—Hotshots vs Devils
4:30—Alpha Sigma vs Y Cabinet

Tuesday, Feb. 10:

3:15—Subs vs Celtics
4:00—Hotshots vs Dodgers
4:30—Choir vs Y Cabinet

Wednesday, Feb. 11:

3:15—Free Wheelers vs Devils
4:00—Ministerials vs Alpha Sigma
4:30—Choir vs Athenian

Friday, Feb. 13:

4:00—Dodgers vs Celtics
4:45—Subs vs Hotshots

FENCING—

This past week the intramural fencing contestants showed themselves worthy of a little attention by bringing the fencing tournament nearly to the final round. The second round on the winners' side of the bracket was completed by Thursday, the fifth. In it Bill Henderson beat Harold Huffman, Jim Manning beat Bob Lockwood, Bill Jarnagin defeated Al Flowers, and Bob Calvesbert took Ed Henderson.

On Thursday afternoon Bill Henderson opposed and defeated Jim Manning and so moved into the final round. He will play the winner of Jarnagin-Calvesbert match for the championship on the winners' side of the bracket.

The losers are moving more slowly toward finishing their side of the tourney. Al Flowers is farthest along the line, having defeated most recently Victor Aderton. Al is burning for another chance to meet Jarnagin, which might turn up if Bill loses to Bob Calvesbert.

Incidentally, the Manning-Lockwood match was a sight to behold! It had its own peculiar style, to say the least. Bob waved his weapon around in an unconventional but fancy way, but Jim managed to outdo him.

HANDBALL—

Manager Frank Miller reported this week that the intramural handball tournament had completed its second round Wednesday and was due to be through the third by Monday of next week. The second round eliminated two of the three faculty members which this column has had its eye on. Mr. Pieper was the only prof to stay in the running; he defeated Bill Hargrave. Bob Bayless won by a forfeit over Ken Ross who was hindered by a sore finger. Oliver Van Cise beat Harvey Overton.

Dr. Case, of the faculty, has been unavoidably called out of town, and his match with Bill Sweeney necessarily went to Bill by a forfeit. Bill Henderson won over Al Flowers; Dick Watkins defeated Jim Faulkner; and Andy Richards put the third faculty member out of the running and tossed his French grade to the winds by winning over Dr. Collins. Finally Bob Schwarzwalder beat Bill Evans.

Mr. Pieper is the man who looks good, from all reports; Oliver Van Cise and Dick Watkins likewise. With the indications given so far it's a reasonable guess that the fight will be among Pieper, Van Cise, Watkins, Henderson, and Richards. That's not counting the others out, but next week will show where the wheel of fortune stops.

The handball finals will be held at the Intramural Festival on February 21.

BASKETBALL—

At last, with no ifs or ands or buts, the basketball champions in both leagues for the first half of the tourney can be named. The Celtics, composed principally of Miller, Easter, Long, Hooker, Pepper, and Edwards, ranked tops in the Independent League. That was known by this time last week.

But Saturday night of last week Alpha Sig took Athenian by the slim margin of two points to win the Club League title. It was a top-notch game, worthy of a detailed review.

In the first period Alpha Sig grabbed the offensive. Oliver Spears especially did some fast ball handling and some good follows off the backboard. The Athenian defense was tight, but their offense was just average. Score at end of quarter was Alpha Sig 10, Athenian 7.

In the second quarter Turk Graham got hot for Alpha Sig, and sunk several fancy shots. Fast breaks down the floor gave his team at least two more field goals. Athenian still trailed. Score at half was Alpha Sig 20, Athenian 14.

It was in the third period that Athenian opened up. Chuck Foreman managed a nice fast break good for two points. Three more points that quarter gave Athenian 19. Alpha Sig simply couldn't hit. There was plenty of shooting, but not a field goal passed through their bucket during the period. Marvin Mitchell put in a free throw. Score: Alpha Sig 21, Athenian 19.

With four and a half minutes to go in the last quarter, Roy Crawford sunk one for two points and tied the score up 21-all. Turk Graham was shooting, but with no luck. Mitchell put Alpha Sig ahead again 23-21. Believe it or not, Crawford dropped in another one to tie it up again! Then when the timer had his whistle in his mouth and his eye on the clock, George Howard shot one from the side and made two more for Alpha Sig. Three seconds later the final whistle blew and left Alpha Sig the winners by 25-23.

The winning team consists of Bill Sweeney, George Graham, Marvin Mitchell, George Howard, Oliver Spears, Les Rock, and Bob Lord. Manager: Harry Graham. Outstanding for the losers were Chuck Foreman, Roy Crawford, and Oliver Van Cise. Graham was high man for the winners and Crawford for the losers.

The games since Saturday have looked something like this:

Monday—

Subs 20, Free Wheelers 16—McKelvey outpointed his colleague Jim Hedges to lead the Subs to a win over Coach Fischbach's team. Coach outpointed them all, but didn't have enough to back him up. McKelvey made 10, Fischbach 11.

Celtics 37, Devils 15—With Hooker as high man, the Celtics easily outscored the Devils. Ken Ross shone for the losers.

Athenian 44, Y Cabinet 30—The Y Cabinet chalked up one of their highest scores against the Athenian powerhouse. Clyde Brown made 10 points to be tops for the losers; Chuck Foreman almost set a record by placing field goals to the tune of 24 points for the winners.

Wednesday—

Athenian 45, Alpha Sig 29—Athenian was on the ball, so to speak, and romped back in this return engagement with last half's champs to defeat them by more than 15 points. Roy Crawford couldn't miss when he shot and laid up 20 points for Athenian. Foreman was good, too, with 8. It was Athenians' good day, and they made the most of it. Alpha Sig played a comparatively slow game and couldn't get started. Ollie Spears bucketed several very nice long shots, but didn't do it consistently enough.

Dodgers 37, Subs 30—Bud Pierce garnered 15 points for the Dodgers, and Upshaw put in 9 for the Subs. It looked for a while as though the Subs might pull an upset, but no soap.

The scheduled Tuesday game was postponed; likewise was the Wednesday 5:00 game. Because of the February Meetings all of the games will be started a few minutes early and may be shortened in length during the next week so that players can make the 5:30 supper. Players are asked to note these time changes.

Law Club Hears Mr. Pieper Speak

At their January meeting, held last week, the Law Club heard Mr. Archibald Pieper speak on "The Future of the Law Profession." Mr. Pieper pointed out in the course of his talk that the law profession is becoming more specialized, and also that opportunities in the field probably will be increased after the war.

A committee was appointed to arrange for the forthcoming mock trial. A detailed announcement about the trial will be made in the near future, it was stated.

FEB. MEETINGS

(Cont. from Page 2)

and integrity by putting the picture of Christ into every soul; and that lastly, Christianity breeds dependability and true humility.

In closing, Dr. Barbour pointed the way to acquiring character by suggesting that one might learn very much in the same way that a painter learns to be an artist—by copying a master until he himself is able to catch the spirit of the master and do what he did—by copying Christ, for Christ and character.

Dr. Hunter, Dean of Curriculum, presided over this meeting in the absence of President Lloyd. Before introducing the speaker, Dr. Hunter made several announcements concerning the placing of a question box, the scheduling of interviews with Dr. Barbour, and the coming meetings. Those asked to lead in prayer Friday evening were Beth Pascoe, George Howard, Kenneth Cooper, and Mrs. Brown. The scripture was taken from the 16th chapter of the book of Matthew.

On Saturday morning, Dr. Barbour, continuing his discussions on the Reproducible Experiences of Jesus, dealt with the specific problem of facing trouble. The scripture lesson was taken from the Gospel of St. John, portions of the 11th and 12th chapters. Dr. Barbour pointed out that trouble presents a situation that we all must face in some form, sooner or later. In the gospel Jesus was facing trouble; He realized that He had only six days to live. The speaker suggested that if we trace carefully Jesus' actions in His time of trouble, we can find a pattern of behavior for us to follow when we have trouble to face.

Jesus faced trouble in three ways, first of all He faced it frankly, He didn't try to run away from it but faced it without fears. In the second place, Jesus conditioned His soul by prayer in order to meet it. It is what we do with our trouble not what trouble does to us that is important. And finally the way to conquer trouble is take the one with you into your trouble who is not a stranger and who can share it with you.

On Sunday morning at 10:30 Dr. Barbour will be the speaker at the regular morning service in the New Providence Presbyterian church. At 7:00 on Sunday evening he will speak at the Vesper service in the College chapel.

Men of the Soviet armed forces cheered as they paraded before Stalin in the anniversary procession.

IRC Books...

(Cont. from Page 1)

"The Soviet Experiment," by Harry Best is a general analysis of Soviet Russia as a socialist or communist experiment, what its success has been, the nature of its social philosophy, and what it promises for the world in the future. Mr. Best is professor of sociology at the University of Kentucky.

It is entirely fitting that there should be two books on Japan in the group; they are calculated to increase American understanding of the actual factors leading to Japan's aggression. "Japan Since 1931" is a study of the internal control which the military party gradually achieved in all phases of Japanese life and the resultant trend toward totalitarianism. The author, Hugh Borton, was a resident of Japan for many years and is at present assistant professor of Japanese at Columbia University. "Government in Japan", by Charles B. Fahs is designed to end American misconceptions of Japanese government and to show it in its internal policies and in some respects to our own.

The last of these is "Governments in Wartime Europe," edited by Harold Zinc and Taylor Cole. Herein are discussed the changes that have occurred in the governments of Europe due to the war.

Musical Program To Be Given at Cotton Club

The next meeting of the Cotton club will be held Monday night, February 9 at 6:00 in the Athenian hall.

Camille Brent will play the accordian. Peggy Lawson will render a vocal number. This is the first meeting of the Cotton club under the newly-elected officers. All members are urged to attend; visitors are always welcome.

—V—

THETA WILL HEAR MEADOWS, TRIO

Theta Epsilon program this evening will feature Georgia Lu Meadows and the "Three Memorial Maidens." Jordy will present a humorous reading. Ellen Pascoe, Peggy Lawson, and Betsy Watkins, recently organized trio, will sing several popular songs. The regular meeting will be held at 6:15 in the Theta hall.

Athenian Hears College Quartet

Athenian announces a big program as the College Quartet (this quartet is composed of Dean Stiles from Beverly, Mass., second bass, three-year quartet member; Jackson Miller Gilmore from Philadelphia, Pa., first bass, two year member; Jack Lippard from Anna, Ill., second tenor; and William Harry Lyle from Copperhill, Tenn., first tenor, one year members) makes its first appearance this year on the campus tonight at 6:15 in Athenian hall.

After the College Quartet, which, by the way, appeared before the Rotary club in Knoxville last Tuesday, Gabriel Williams, able campus critic, will review the news of the week. Following the entertainment a very important business meeting will be held to make plans for Athenian's mid-winter production.

All members are urged to attend this highlight entertinment and important business meeting.

—V—

Workshop To Hear Bailey And Pierce

Writer's Workshop will meet on Monday afternoon at 4:00 in Dr. Hunter's classroom. Brasher Bailey and Carl Pierce will read. Dick Boyd will be the critic.

At the last meeting Joe Dickinson read poetry and Arthur Bushing read a one-act play. Carl Pierce was critic.

Sunday Radio Vespers Continue At 9:30

Tomorrow night, at the new time of 9:30, Maryville College will once again broadcast its Radio Vesper service. Radio listeners will be able to hear the broadcast over WROL.

Continuing his series of talks on "The Ten Key Chapters of the Old Testament," Dr. Lloyd will use as his text "The First Chapter of Ruth."

The college choir, under the direction of Associate Professor Ralph R. Colbert, will sing the anthems, hymns, and responses. Most popular of the anthems to be sung are "Forever Worthy is the Lamb," and "O Bread of Life."

VOLUME 27 | MARYVILLE, TENN. FEBRUARY 14, 1942 | NUMBER 19

Debaters To Enter State Tournament At Lebanon, Tenn.

Women's Smoky Mt. Tourney to be Held In Bristol, Va.

Eight varsity debaters, both men and women, have been assigned to the Tennessee State Forensic tournament to be held from February 26 to 28 at Cumberland University, Lebanon, Tennessee.

The girls' teams assigned are composed of Geisler and Lynch, Liddell and Lindsay. They will debate both sides of the question as well as participate in other contests which include oratory, extempore, impromptu, and after-dinner speaking. The question for debate is, Resolved: that the Federal Government Should Regulate by Law All Labor Unions in the United States. Muriel Geisler and Janet Lindsay have been assigned to do oratory and after-dinner speaking. Lucille Lynch and Katherine Liddell have been assigned to participate in extempore and impromptu competition.

Last year the teams from Maryville College entered in the State tournament won first place for Maryville.

The men's teams entered in this tournament are the teams of Evans and Wick, Jamarik and Foreman, who will also debate both sides of the question, and take part in oratory, extempore, impromptu, and after-dinner speaking. Evans and Wick are preparing to enter oratory, while Jamarik and Foreman are preparing for extempore and impromptu.

The two women's teams have been assigned to the Smoky Mountain Women's tournament which is being sponsored by Virginia Intermont College, and being held at Bristol, Va. These teams of Yelton and Clippinger, Cain and Wintermute, will debate only one side of the question; one team debating the negative side, and the other team debating the

Disc Club To Hear Piano Concerto

Miss Davies Will Be Commentator

The Disc Club will hold its regular meeting next Thursday night at 6:30 in the Fine Arts studio. It promises to be one of the outstanding meetings of the year. Miss Davies, head of the Music division and organist, will present Serge Rachmaninoff's Piano Concerto No. 2 in C Minor. This concerto is a very rare composition possessing a medley of Russian characteristics in strange combinations and leaving a distinct impression of the unusual with the listener. The composer is thoroughly cosmopolitan and his concerto is representative of varied influences of yesterday and today.

Our commentator, Miss Davies, has long been a favorite of all students, musical and otherwise. She brings to the Disc Club a rich background of musical experience and a wealth of musical appreciation. The Disc Club is very proud to have Miss Davies, who, in spite of her many other duties, has consented to be the commentator.

Everyone is invited to enjoy forty-five minutes of good music. Remember the program will start promptly at 6:30.

—V—

Mr. Barker Will Speak Tomorrow At YM Meeting

This week at the YMCA meeting, Mr. Lincoln Barker will talk on "Christianity in the Teaching Profession." This is the second in a series of talks on the general subject of "Christianity in the Life of a Layman", the first talk having been given by Dr. Olin on "Christianity in the Medical Profession." This series was begun several weeks ago, and there are to be several more lectures in the series.

As usual, the meeting place will be Bartlett auditorium, and the time 1:30.

Tennessee Synod Considers Union With Mississippi, Alabama

A special meeting of the Tennessee synod will be held at the Second Presbyterian church in Chattanooga on Tuesday, February 17. The meeting is being called to consider the union of the synods of Mississippi, Alabama and Tennessee.

Tuesday morning a meeting of the program committee, composed of representatives from all three synods, will meet to plan the program for the annual synod meeting of Alabama, Mississippi and Tennessee that is held here on the Maryville campus each June.

Dr. Lloyd and perhaps several of the other ministers from our faculty will attend the Chattanooga meeting.

—V—

CARNEGIE STRING BAND WILL PLAY AT ATHENIAN

This week's Athenian meeting is to be held Saturday night at 6:15 in Athenian hall. The program consists of music by the "Carnegie Hall String Band", which is made up of Don Conkle, Ed Burkhart, Charlie Burgreen, and Paul Cooper. They are giving a special presentation exclusively for Athenian. The Athenian-Bainonian play will be discussed.

The critic this week is George Tibbetts.

At the last meeting of Athenian, it was noted that Henry Wick has "graduated" from his former job as president of Athenian, to the job of custodian (janitor). Henry defended himself by saying, "Notice how clean Athenian is this week." Then someone pointed to the cobwebs on the ceiling and asked him about them. "Those are just my cultures," said Henry. Two new members of Athenian were then instructed to "take care" of Henry's cultures.

Alpha Sigma visited last week's Athenian meeting.

Marine Corps Lt. Interviews College Men Mon., Tues.

Candidates Class For Marine Reserve Corps Explained

Lieutenant William K. Crawford, a liaison officer in the United States Marine Corps was present on the Maryville College campus on Monday afternoon and Tuesday morning interviewing men students interested in the Candidates Class for the Marine Corps Reserve Officers.

Admission to this class of Marine Corps service is granted only to sophomores, juniors, and seniors in college after rigid physical examination and upon satisfaction of the other rigorous qualities of leadership and character needed. Those admitted to the Candidates Class are permitted to finish their undergraduate work in college and are then called for ten weeks of training equivalent to that given an ordinary Marine recruit. If he has shown the proper qualifications he receives intensive training for ten more weeks upon the completion of which he is given the physical examination given any applicant for the commission of second lieutenant. If he passes this he is commissioned as a second Lieutenant in the Marine Corps Reserve. About 75 percent of the Candidates Class secure such a commission. Upon failure to pass the necessary requirements, the applicant, if he has served honorably, may be transferred to some other branch of Marine Corps service, or may be honorably discharged. In the latter case, he becomes elicible for selective service upon his discharge.

Some of the requirements for appointment to the Candidates Class are as follows: He must be a graduate of an accredited college or university and must hold a B.A., B.S., or an engineering de-

(Cont. on Page 4)

M. Jenkins Has Poetry Printed In Modern Anthology

Book is Entitled "American Voices"

As the result of a contest sponsored by the Harbinger Publishers House one of our senior classmates, Marion Jenkins, won the distinction of having her work published in an anthology of American poetry. From well over 5,000 poems submitted for this contest which ended January 31, only 600 were selected by the judges to be given a place in this anthology. Several of the poems of Marion Jenkins are to be included in this forthcoming book which is entitled "American Voices".

Marion Jenkins, more ordinarily known on the campus as "Jenks", is a biology major from Erie, Pa. She was a Nu Gamma leader and is now a member of the YWCA cabinet. Jenks is a member of Writer's Workshop. This year she was elected to be president of "M" club on the campus. In her major field, biology, Jenks is doing honors work.

The book is not yet available for the reading public, but it expected to go on sale in the near future.

—V—

Theta Alpha Phi Is Considering National Convention

Theta Alpha Phi has been busy recently discussing plans for a national convention. There is a great deal of doubt as to whether such a meeting will be held this year due to the national crisis. Most of the delegates to a convention of this sort would plan to travel in cars and this would hardly be possible in view of the tire shortage. This convention was to be held in Tulsa, Oklahoma, this year.

All Men Between 20 And 44 Must Register Feb. 16

Personnel Office Authorized To Conduct Registration

On February 16 all men between the ages of 20 and 44 who have not already registered are required to report to some legally constituted place of registration. Registration hours all over the country are from 7:00 a.m. until 9:00 p.m., and registration can be done at any time between these hours.

It has been arranged to conduct Selective Service registration for men of the college, both faculty and students, at the Personnel office in Anderson hall next Monday, February 16. The staff of the Personnel office will be legally authorized officials for this purpose and will conduct the procedure.

Registration is required of all men born on or after February 17, 1897 and on or before December 31, 1921, who have not yet registered either in October 1940 or July 1941.

Faculty and students who are residents of Maryville and vicinity, may register either at the college or in their home districts. All other men of the college should register at the Personnel office.

All registration cards of out-of-town students will be sent to their home Selective Service boards for permanent filing and for classification.

Students of age subject to Selective Service should be warned that failure to register on the appointed day without good reason for such failure is in violation of the law and should be avoided at all costs. As the Personnel office will be open the entire day for this purpose, congestion and delay should be at a minimum.

College Choir Revealed As Hard Workers On Large Scale

FRONT ROW: (left to right) Frances Smith, Polly Park, Sibyl Tallent, Ruth Lane, Dorothy Barber, Lorentz, Betty Winter.
SECOND ROW: Eloise McNeeley, Frances Harris, Ruth Cathcart, Marcia Keirn, Louise Marshall, Marion Schneeweiss, Ruth Duggan
THIRD ROW: Rodford Brindley, James Evans, Oscar Lippard, Doris Smith, Rebecca Jones, Hal Lloyd, Carl Best, Jack Gilmore.
FOURTH ROW: Joseph D'Antonio, James Manning, Harry Lyle, David Kidder, Paul Moehlman, Robert Hunter, Edward Henderson, Albert Flowers.
FIFTH ROW: Donald Hopkins, John Morrow, Ralph Parvin, John Scott, Quentin Myers, Dean Stiles, Carl Miller, Phillip Wye, James Smith.

BY SIDNEY DUKE

The Maryville college choir, directed by Associate Professor Ralph Colbert, is one of the busiest of all campus organizations. In addition to the regular daily chapel service, the choir appears each Sunday evening in the college vesper service. Another duty which has been added in the last year is the weekly radio vesper program, broadcast over station WROL.

In order to prepare for their numerous public performances, the choir practices every Monday, Wednesday, and Friday. Altogether, each member must devote about seven hours per week to this activity. According to Director Colbert, the choir last year had a repertoire of seventy-four anthems which were presented one hundred seventy-four times. Approximately four hundred-forty hymns were sung in connection with the various services.

In addition to providing music for the different programs in other communities and on various special occasions. Every spring, they make a trip to Chattanooga to sing in the Second Presbyterian church and other leading churches of that city. Several appearances are also made in Knoxville every year.

Several special programs are presented by the choir, most notable of which is the annual "Messiah". This oratorio has been given regularly for the past nine years. Approximately two hundred persons take part in the program, but the choir forms a nucleus for this group and also furnishes the soloists.

Holy Week is one of the busiest times of the year for choir members, for they appear in several special services and take a leading part in the traditional Easter sunrise service. Another time of intensive activity is National Music Week. Last year Music Week programs were given in several nearby high schools and special emphasis was given on the campus.

The choir is composed of forty voices—seventeen women and 23 men. Seventeen of these are natives of Tennessee but the other twenty-three vocalists hail from 13 different states and one member—David Kidder—is from China. Eleven members are classified as seniors, five are juniors, twelve are sophomores, and ten are freshmen.

For years, the college choir has taken a prominent part in campus religious services. The first choir was organized rather soon after the founding of the college, and has continued until the present time. Professor Colbert assumed his present position in 1936, at which time the choir was organized on its present basis.

Stirring Messages From Dr. Barbour Close This Year's February Meetings

Series of Fifteen Addresses in Chapel Concluded Thursday

Dr. Barbour Acclaimed

Everyday Religious Problems Stressed In Last Meetings

The Sunday evening session of the 66th Annual February Meetings was begun by Rev. Mr. Stringham at 7:00 as he led the assembled gathering in the singing of several hymns and three choruses: Wide, Wide as the Ocean, Beyond the Sunset, and a new one introduced at that service, When He Calls Me, I Will Answer.

Following the song service part of the program, Dr. Lloyd took the platform to make several announcements, and to read portions of some of the letters received from out-siders interested in the success of the Meetings. Some of the letters read included one sent by the nine Maryville men at a Chicago seminary whose names Dr. Lloyd read that those present might recall them to mind. Another letter was from the eighteen men at Princeton Seminary, New Jersey. Others were from parents and other friends of the college from all parts of the country; from the middle west, from the north east, from the south and one from a director of the college.

After these announcements Dr. Barbour, leader of the Meetings, took his place at the pulpit and read the scripture which was from Exodus, third chapter, first to the fourteenth verses, including the story of Moses and the Burning Bush.

After a number offered by the college A Capella choir, Dr. Lloyd called on Janet Lindsay, Virginia M. Williams, Roy Crawford, and Dr. McAfee to lead the congregation in prayer. A solo, He Tenderly Looked At Me, was sung by Rev. Mr. Stringham following the prayers.

The subject of Dr. Barbour's address was Little Man, Big Problem. He told the audience that everyone was conscious of the problems and the limitations which face all who are honest. He mentioned a few men in history who felt themslves little in the face of the problems with which they were confronted, including men like Moses, Solomon, Isaiah, and Paul.

Some of the problems which we all face are those of Making a Living, Adjusting Oneself to the Problems of War, Facing Temptations—to lower our standards of behavior, and others. In answering the question of What to Do? he said that there were three things that all could do. First, look the problems straight in the eye and determine whether or not they are bigger than we are—considering what happens if one should run away, that we are human beings, and have human problems, not just the problems of animals; and, second, to take the problem to God for direction.

At the Student Volunteer meeting, held in Bartlett auditorium immediately after the vesper service, Dr. Barbour spoke and discussed in general the subject of Christianity In a Crisis, and presented the various positions held by different religious groups in the past and present. This meeting was of the purely informal

Frosh Debaters To Go On Trip

Pi Kappa Delta Question Used

The freshman debaters, for the past few weeks have been undecided as to the question to be debated; but the same question that the varsity debate squad is to debate has been chosen, the Pi Kappa Delta question: Resolved, that the democracies of the world should form a federation to establish and maintain the eight Roosevelt-Churchill principles.

The freshman debaters are engaged in intensive reading and study of the question at present. Beginning about March 1, the freshman squad will begin working together with Assistant Professor Pieper for a debate at Whittle Springs on March 21. The squad, consisting of Maurice McClure, Don Barker, Ray Swartzback, and Billy Segraves for the boys, and Eleanor Boyles, Louise Stephenson, Dorothy Lehman, and Louise Henry for the girls, will be divided into two-man teams and the whole squad will go to Whittle Springs for the debate.

The freshman debaters were chosen near the end of the first semester at the freshman debate tryouts which were conducted in the manner of regular tournament debate. Dr. Hunter, Dr. Queener, and Dr. Briggs acted as judges.

—V—

New Choruses Are Introduced By Mr. Stringham

Rev. Mr. Stringham, here to lead the singing in the February Meetings for the twentieth time in twenty-one years, wished to be remembered this year especially for the introduction of two choruses new to the student body, the re-introduction of the chorus used last year, and the now famous "Cow" story.

The words of the three choruses are printed below; and the story about the cow may be found in the OLD SPICE column.

WIDE, WIDE AS THE OCEAN
Wide, wide as the ocean,
High as the heavens above,
Deep, deep as the deepest sea,
Is my Savior's love.
I, though so unworthy,
Still am a child of His care,
For His word teaches me
That His love reaches me
EVERYWHERE.

BEYOND THE SUNSET
Beyond the sunset, O blissful morning,
When with our Saviour heav'n is begun.
Earth's toiling ended, O glorious dawning;
Beyond the sunset, when day is done.
Beyond the sunset no clouds will gather,
No storms will threaten, no fears annoy;
O day of gladness, O day unending,
Beyond the sunset, eternal joy!
Beyond the sunset a hand will guide me
To God, the Father, whom I adore;
His glorious presence, His words of welcome,
Will be my portion on that fair shore.
Beyond the sunset, O glad reunion,
With our dear loved ones who've gone before;
In that fair homeland we'll know no parting,
Beyond the sunset for evermore!

I'LL BE SOMEWHERE, LISTENING
When He calls me, I will answer,
When He calls me, I will answer.
When He calls me, I will answer,
I'll be somewhere, list'ning for my name.
Ref.
I'll be somewhere, list'ning,
I'll be somewhere, list'ning,

Wick Enlists With Air Cadet Corps

Hilton Wick, who graduated from Maryville at the close of last semester, has enlisted as an aviation cadet at the United States Army Air Station in Pittsburgh, Pa. He is expected to be transferred to Maxwell Field, Alabama, within fifteen days to start training in either aviation or ground work.

While at Maryville, Hilton was a political science major, an active member of the Athenian society, president of the YMCA, a member of the Echo staff, and one of the seniors elected to "Who's Who."

Old Spice

By JEAN BARNES

"..... that is the question. Whether 'tis nobler to" or on the other hand ..... Which profound transition brings us from Shakespeare to the present manuscript. And indirectly to another famous English composition. So highly acclaimed was Mr. Stringham's "cow story" that we've been asked to set it down here for further perusal and distribution. It was written, perhaps you remember, to the Minister of Health by a little boy from London eastside who had been evacuated to the country during the period of the war. Mr. Stringham read it as follows:

"London boy, aged ten, writes:

'The cow is a mammal. It has six sides, right side, left side, upper and lower, inside and outside. At the back it has a tail on which hangs a brush. With this he sends flies away so they don't fall into the milk. The head is for the purpose of growing horns and so his mouth can be somewhere. The horns are to butt with and the mouth to moo with. Under the cow hangs milk. It is arranged for milking. When people milk, milk comes and there never is an end to the supply. How the cow does it I have not yet realized, but it makes more and more.

'The cow has a fine sense of smell and one can smell it far away. That is the reason for fresh air in the country. A man cow is called an ox. The cow does not eat much, but what it eats it eats twice so that it gets enough. When it is hungry it moos and when it says nothing at all it is because its insides are full up with grass.' "

Thinking of writing again reminds us, we think it's really swell about Marian Jenkins. Jenks has been writing poetry off and on various topics for some time. But an irrespressibly happy smile Wednesday disclosed the fact that she's just had some accepted for publication. It's going to appear in a new collection of poems. A five-dollar book too. And that's something. Something we'll never possess; but we're sure glad to hear about it.

It is in fear and trembling we once more take our pen in hand, typewriter-in-arms, or whatever, and fare forth. We've learned—sort of indirectly—that a couple of aliens mounted the stump here last week and created mild earthquakes. We're still sort of undecided from reports as to whether we unconsciously caused unspeakable tragedy or led to the blessing of the year. Would we had one foot in Carnegie! At any rate we certainly thank Paul and Lawrence. And it was a wonderful rest.

While we're about columns, seems like it's about time someone pinned a gold star on Janet or something. We'd hate to have to "See It" seriously and at the same time make interesting sense for that many lines every week. And show as much evidence of being aware of the world as that. "How About You?" (The last words in the style of Judy Garland.)

Well, along with all this atmosphere of devotion we see what we (remarkable?) a-la-contraste are the latest fads—angel hair cuts and fasting (more commonly known as no thank you, I'm on a diet). Corny Eliza (just heard the nickname) Jones and Mike McGill have had cute haircuts for some time, and Muriel Geisler the angel style in a sort of a way. Now the latest, Alice Jones, Pat Carter, and Lucette deBarritt have it pretty much okay. We're going to try a tonsure ourself.

And what would you do if you had an hour?

We're all really glad to know that Hal Lloyd though somewhat of a minus quantity at present, is doing fine. A lot of people and a lot of activities miss his capable help.

Could say it took the February Meetings to make us realize what a wonderful faculty we've got. But, we know, you knew it all the time, huh? Miss Bassett said a lovely one the other day. Comforting's the word. Greek and Roman history class was crawling its way through an "excruciating" exam. Which Miss Bassett helped by remarking, "When you pass out, give me your papers." And Miss Armstrong engaged means we'll too soon be minus one fine home ec teacher. We could make everything complete by a comment on the weather. Dr. Williams remarked just sort of casually during one of those heartbreaking thunderstorms lately, "I'M not so keen on all this uncontrolled electricity." Anyway we hear the scientific Williams-Griffitts duet is scheduled to be featured at vespers tomorrow. Oh boy!

Ninety days from today school's out, so she said.

As I See It

By JANET LINDSAY

All the newspapers, newscasts and news magazines of the past week have been flooded with reports concerning the fate of Singapore. Before attempting to summarize some of the more significant of these reports, it might be worthwhile to locate it geographically and to consider some of its physical characteristics (for the benefit of those of us who studied geography in the sixth grade and promptly forgot all about it).

Never before had so many nations and races combined in one effort to fight for such a small spot of land as Singapore, for it was, according to a reliable source (the encyclopedia) only about twenty-seven miles long and 14 miles wide, separated from the mainland by a narrow strait two to a half a mile wide. Why, then did American airmen and sailors joined with RAF units, Seaforth Highlanders, Royal Artillery men, Australians, New Zealanderse, Malay, Indian, and Chinese troops, and Netherland Indies forces, to try to defend such a seemingly un-important spot?

In the first place Singapore, was a prodigy of the British Navy having been founded ein the immemorial year of 1819 by the East India Company, England's seamen developed it until it had become an offensive sea base. Britain in the last hundred years is said to have spent vast sums of money on the establishments of its security, $400,000,000 in the last 19 years alone. The result was an extremely well-built city with a sea-frontage of about six miles and a fine harbor with extensive docks and wharves. Commercially it grew and expanded into one of the greatest trade centers in Southern Asia. One writer termed it "the Liverpool of the East". The magnitude of the city's importance as a trade center can be judged by the fact that the annual value of exports from and imports into, totals over $500,000,000.

As a naval base its fortifications command the sea and as fortress, it was called impregnable, "the Gibraltar of the of the East".

For all its impregnability, authorities on military affairs claim now that its might depended on the security of a narrow strip of unfortified land. Those in charge of the defense Singapore left this land road as well as the air routes unguarded.

The inescapable then happened. Japan began pouring its soldires down the Malay Peninnsula in an all-out offensive against the great base. Their strategy was simple—a land drive backed up by air and sea power. The vital importance of Singapore to the fate of the United Forces is easy to see.

The fight proceeded with the Japansese slowly, but steadily advancing through the jungle until the British moving backward were forced to leave the mainland, to cross the narrow trip of land connecting Johore and Singapore Island known as the Causeway, blowing up their bridge behind them. Last week the tiny island became the scene of heavy battle when the Japanese shock-troops in little boats sneaked across the narrow strait and landed at the island's thickest strip of jungle shore where they established themselves well guarded by two arching rivers.

We are, no doubt, familiar with the story of the desperate days of conflict with the Allied forces valiantly but consistently losing ground. An associated Press report on Friday morning stated that the British had reported an intensification of Japanese pressure, and that the official British sources admitted that the invaders were only two miles from the city itself. The only hopeful part of this report is the fact that the British city is dying hard and hereby costing the Japanese more strength than they had planned to use in bringing about the downfall of Singapore.

Another invincible, impregnable fortress is a thing of the past. May it provide new impetus to the energies of our forces elsewhere in the Far East so that they will determine that it shall be the last to fall under the spell of the Rising Sun.

CAMPUS CALENDAR

SATURDAY, February 14
6:15—Theta, Bainonian, Alpha Sigma, Athenian.
7:00—Girls' basketball game.
8:00—Basketball game, Maryville vs. TVA.

SUNDAY, February 15
9:15—Sunday school at Presbyterian church; church at 10:30—Dr. John A. McAfee, minister.
—Sunday school at First Methodist church; church at 10:30—Dr. F. B. Shelton, minister.
—Sunday school at Broadway Methodist church; church at 10:30—Rev. S. C. Beard, minister.
—Sunday school at First Baptist church; church at 10:30—Dr. Colvin L. Hammock, minister.
—Sunday school at Episcopal church; church at 10:30—Dr. J. B. Bernardin, minister.
—Sunday school at Christian church; church at 10:30—Prof. Arthur Hyde, minister.
1:30—YWCA and YMCA.
7:00—Chapel vespers. Dr. Gates, speaker.
8:00—Student Vols.
9:30—Radio Vespers.

MONDAY, February 16
7:00—IRC, Bartlett hall.

TUESDAY, February 17
8:00—Swimming, Maryville vs. Berea.

WEDNESDAY, February 18
6:40—Prayer meeting, Bartlett hall.

FRIDAY, February 20
8:00—Swimming, Maryville vs. Tusculum.

SATURDAY, February 21
8:00—Intramural Festival.

Can you think of anything crueler than Miss Ware making Carol Gillette cry by breaking up the football table? did you hear about the square dance in Carnegie? did you know that every very intelligent person is either a snob or a drip and mostly both? got any missing fingers, i.e., haven't you been bowling yet?

Last item on our list says I'm in love, but we can't read the name that's supposed to go with it. Maybe it just means to wish you Happy Valentine's Day or something.

Must be time for dinner or somewhere.
Mind if we end with
This Is No Laughing Matter.

Feb. Meetings . . .

(Cont. from Page 1)

type, those present asking questions at will, and receiving the benefit of Dr. Barbour's experience in answers.

The February Meetings continued through Thursday of this week completing a series of nine days with sessions twice a day. The week opened on Monday morning with Dr. Barbour preaching on the subject "How Jesus Faced Success", the text of which was found in the 19th chapter of Luke. Most people face success more weakly than they do failure. However, Jesus establishes an example which we can follow if and when we face success. There are four parts to this pattern. First, Jesus didn't change his attitude toward himself. Second, He didn't change His attitude toward His associates. In addition to this success didn't make any difference in his purpose in life. Finally and most important, success did not change His attitude toward God.

In the evening service on Monday, Dr. Barbour centered his sermon around the subject, "Pull Yourself Together". To attain an integrated personality we must assemble ourselves. However, there are certain pulls operating both ways which we must recognize and deal with. First of all, Dr. Barbour mentioned the perfectly normal urges to get what you can and to give what you can emphasizing the necessity for not allowing the first to overcome the latter. The second conflict is between being a satisfactory animal and being a satisfactory person. Following this is the one between being a good fellow and a good Christian. We find the answer by asking God, "What wilt Thou have me do?"

The musical portion of the Tuesday morning meeting was featured by group singing participated in by the freshmen and sophomore classes under the capable direction of Mr. Stringham in a most informal way.

The scripture for the morning was from Matthew, the 19th chapter, at the 15th verse through the 30th verse. The text of the sermon was Discovering a Decent Goal in Life and the passage referred to was the familiar one of the rich young ruler.

In attempting to answer the question What's the Use?, which question Dr. Barbour said belonged to all classes of youth, he gave three simple rules. First, keep the commandments, or obey the rules of life if you want to get along; second, sell what you have, or cut yourself loose from the domination of your material wealth; third, give to the poor.

Dr. Barbour mentioned that he thought that one of the most foolish things that Americans do is to try to get rich. He reminded his listeners once again that You Can't Take it With You, and that it is very easy to become controlled by what you control, owned by what you own. He also quoted Emerson as having summed the whole thing up in one sentence. That sentence was: "Life consists in abandonment."

The morning meeting was closed by the singing of the old familiar hymn, "Jesus Calls Us."

The Tuesday evening service centered around the theme "When Religion is Left Out of Life." The students who led in prayer were Betty Lee Wilde, Helen Cone, and Stan Menning. Dr. Williams, representing the faculty, also prayed.

In discussing his subject, Dr. Barbour said that several things happen when religion is left out of life. One of them is that life then becomes guided by instincts rather than by ideals; another is that idea in mind that if you aren't having any fun, there is little use in having what you have.

The scripture for the meeting was from the book of Exodus at the 32nd chapter, telling of the desires on the part of the Israelites to satisfy their earthly instinctive desires, and of the result of such wishing—that generation never got to the promised land. The conclusion was quite clear; unless religion comes back into life in this present generation, right now, it will never see the promised land. Dr. Barbour made it very clear that we are the custodians, and that it is entirely up to us to make a better success of our world than the previous generation did which was so busy taking life apart and putting it back together again, that they forgot to put the main spring, religion, back in place, with the result that the world is in the condition it is in now.

Dr. Barbour's subject on Wednesday morning took the form of a question—"What Kind of Religion Have You?" In connection with the recent decided trend to religion it is well for us to keep before us the following points. Is our religion academic or activating? Then remembering that behavior in a crisis depends on every day behavior it is well to ask, "Is it occasional or continuing?" Third, is it private or public; do we thing of ourselves as others? Finally and above all is our religion comforting or commanding? Dr. Barbour closed with the illustration that the best made watches of the world are not good if they are not set by a standard time. Correspondingly we must set our lives by the standard which is Jesus whereupon our personal answers to the above question will be the right ones.

On Wednesday evening the leader's theme was "Overcoming the Sense of Inadequacy." There are those people who are satisfied with themselves, and also those who are conscious of more than themselves—are aware of their lack of capacity. This brings up the problem of how to overcome this sense of inadequacy. As individuals, first learn to do something well. Then learn to be something; living together and gaining character through inner resources. Also we must be always becoming something—working definitely toward and then gaining some objective. The fourth imperative is to be commanded by SOMEBODY who is adequate. Through Jesus alone can we attain a true sense of adequacy. Contrary to the viewpoints of most great people, we have a tendency to be conscious or OUR powers rather than His.

Climaxing the 66th Annual series of February Meetings, Dr. Barbour preached his closing sermon on Greater Works Than These Shall Ye Do, taken from the writings of John in the 14th chapter. Mention was made of the great progress and works done in the fields of science, education, and social service, but, so Dr. Barbour led the audience to believe, these are not the things which Christ had reference to. He felt that the important portion of what Christ said was at the word because; "Because I go to my Father." By that Christ meant that the most important thing that could be accomplished was the strengthening and reconditioning of souls by the resurrection, and he cited such examples at Peter, Paul, and Thomas.

The challenging question, "Are we recipients of Christ, are we channels through which the reconditioning process can we go on, so that the world will not go dark? was thrown out to all who would hear as Dr. Barbour brought the service to a close. He reminded all present that it was far better to light a candle, than to go on cursing the darkness, and that our little lights lighted at the great light and united might bring about the lighting of the world, dark though it may be at present.

A period of thanking everyone who had had any part in making the Meetings so successful this year was then participated in by President Lloyd, Mr. Stringham, and Dr. Barbour. The very impressive service was closed with the singing of the Alma Mater, the doxology, and with the giving of the final benediction by Dr. Barbour.

TALK OF THE WEEK ... By Charles Dunning

Exchange

By ROBERT FRANCIS

What is a double petunia?
Well, a petunia is a flower like a begonia;
A begonia is meat like sausage;
A sausage and battery is a crime;
Monkeys crime trees;
Trees a crowd;
A rooster crowed in the morning and made a noise;
A noise is on your face like your eyes;
The eyes is the opposite of the nays;
A horse nays; a horse has a colt;
You get a colt and go to bed and wake up in the morning with double petunia.

"I want to buy some grapes for my sick husband. Do you know if any poison has been sprayed on these you have?"
"No, madam, you have to get that at the druggists'."
—Artesian Herald

Judge: Have you ever been up before me?
Accused: I don't know, what time do you get up?"
—Hyphen

'Twas in a restaurant they met,
Romeo and Juliet.
He had no cash to pay the debt,
So Romeo'ed what Juli'et.

"I'm fed up on that," cried the baby, pointing to the high chair.

Friendly man (enthusiastically): What a pretty little watch you have. Gee, and does it tell time?

Little boy: No, you have to look at it.

He tightly held his Violet
While driving fast—poor silly,
Where once he held his Violet,
Now he holds a lily.
—Hornet

A tomahawk is what if you go to sleep suddenly and wake up without hair, there is an Indian with.
—Northwestern News

Daffynitions—
Nectar: A term for wooing.
College bred: A four-year loaf made with father's dough.
Detour: The most cursed distance between two points.
Archives: Where Noah kept his bees.
Cynic: Where you wash your hands.

Mr. Boston: "I hope this spanking will impress your mind."
Billy Boston: "Aren't you laboring under a misapprehension as to the location of my mind?"

Don: Hi, beautiful—
Jane: Oh, (sigh) thank you.
Don:—day, isn't it?
—Little Dodger

SPORT ECHOS

By TED PRATT

ECHO SPORTS

THEY DID IT FOR "ABE"

Not even the girls' basketball game—a novelty in itself on the Hill, the rousing band, or the peppy cheerleaders could inspire the faulty Scots out of their lethargy, and the LMU Railsplitters ran away with another decisive victory. They did it for "Abe", whose birthday was being observed all over the country, especially on that little campus of Lincoln Memorial University. They had a small team that boasted of plenty of speed and a sharp-shooting giant at center. With that combination the Lincolnmen were able to successfully outpoint the Highlanders in the rough and tumble contest in the gymnasium Thursday nite.

WAR AGAIN

With the new registration and conscription this month, college athletics will suffer another discouraging blow. Many colleges are going on a war-time basis in their sports program. Many college students and athletes are being forced to drop out of school for enlistment and service in the forces of our country. There are a number of actions consequent to these facts. Larger colleges and universities are discussing the eligibility of freshmen on varsity teams. Some schedules are being cut. A greater emphasis is being placed upon physical training and education for the entire student body. (We wonder how our Tusculum contemporaries are enjoying their "Early Bird Club" since the change to daylight saving war-time. Bet some of 'em are too tired to take an hour of calisthenics just after getting in!) Intramural and intra-organizational sports are gaining size and interest. Many new students, previously anti-exercise, are realizing the need for sound physical bodies and are entering athletic activities with vigor and vitality. (Look at Livy and Malcolm—now aspiring members of our growing wrestling squad!)

The point we are trying to make (and we really are trying to make one) is the generous opportunity for healthful exercise and recreation which faces us on the Hill. Our large intramural program, under the direction of Coach Fischbach and his array of competent assistants, is outstanding in its variety, comprehensiveness, and evident enthusiasm. There are naturally minor faults and visible weaknesses, but these are due mostly to the limited time and effort that can be spent on the program. The system on the whole is well-organized and skillfully handled. The Intramural Handbook, which was distributed at the beginning of the school year, is complete in its explanation of eligibility, the different sports, rules and regulations, and the actual contests. We can all help by becoming acquainted with the present system and entering whole-heartedly into as many of the activities as possible.

OUCH!!

That mass beef brawl that is held in the little gym each day is only Coach Davis' musclemen going through their warming-up exercises. The boys are split up into sides of about 12 each. Then a basketball is thrown in and after that, nobody is responsible for what happens. No holds are barred, there is no such thing as a double dribble or even a continued dribble—it's just run, knock down, drag, crawl, or get dragged (mostly the latter). If several gruntmen lose their footing and fall to the floor, they are not playing hard. They have to be knocked down or tackled before they are playing the game fairly. All this is just part of their "get-tough" campaign. It is supposed to teach them how to move quickly, rough it up, and fall properly. Despite this fact, Horace, "Little Mac", "Smitty", and Trevor succeed amazingly well in putting the ball through the hoop.

Incidentally, this is the last week of matches for the Davismen. And a heavy one it is! Tonight they face the Knoxville Y at Knoxville; Tuesday they meet U-T at the University gym, and next Saturday night they journey to Nashville to try to repeat their victory over the strong Vanderbilt team. The team has been faithful in its workouts and should come thru the last part of its season with flying colors.

Are you tired of studying? Relax over a soda or sundae at comfortable tables at the meeting place of students.

BYRNE DRUG CO.

Little Men From LMU Find Scots Easy Prey 44-34

'Splitter Huskey Heads Scorers With 24 Points

Paced by the great shooting of center "Slim" Huskey, the Lincoln Memorial Railsplitters rolled to an easy 44-34 victory over our Scotties Thursday night in the Alumni gymnasium. LMU took an early lead in the game and was never in serious trobule. The half-time score was 28-18 in favor of the visitors from Harrogate, Tenn.

LMU displayed one of the smoothest quintets ever seen on the local floor, operating with a fast-breaking offense that was highlighted by the shooting of Huskey and the accurate passing of midget guard Pressnell. Pressnell accounted for five points himself, and his passes found Huskey squarely under the basket time after time. Meanwhile, Huskey scored twenty-four points, almost as many as the entire Maryville team.

High point man for the losers was freshman Gordon Webb, with 13 points. His play kept the Highlanders in the ball game, and they slipped further and further behind when he was ejected from the game late in the second half because of excess personal fouls. Ray Lillard was closely guarded all evening and was able to score only four points. Capt. Stan Menning shot frequently but was only able to connect for three counters. Stan play under the enemy backboard was outstanding, however, as he managed to capture the ball on the rebound time after time.

Doug Roseborough, who started at forward, managed to score four points. Dave Smith, starting guard, scored only two points but was outstanding as a ball handler. Taylor with two, Jim Smith with two, Solomon with 1, the same for Honaker, and Miller with two completed Maryville's scoring game.

—V—

U-T's Billy King Leads 'Mer-mates' In Win Over Scots

Paced by Billy King who came in first in three consecutive events, U-T's crack swimming team sank Coach Fishback's mermen in the college pool yesterday afternoon by the score of 53-13. The Scottie tankmen were outclassed by the Vol powerhouse that limited the local boys to three second place position and no first in the one-sided splash party. Captain Frank Miller did the best work for the stout-hearted, but futile Highlanders.

Tennessee took the first event, the 300 yd. medly relay, handily. McElroy of U-T outdistanced his teammates Hendrix, and Bergquist and Sidner of Maryville in the 220 yd. free style; after which King and Bubbell combined to take a close one from Frank Miller of the home team. Billy King, Southeastern Conference champ, came back to give an excellent exhibition of form in the diving event and to outpoint Tom Mize, no mean diver himself. King completed his superman stunt of capturing three consecutive first by nosing out Miller in the 100 yd freestyle. Sherer placed second to Silva of U-T in the 150 back stroke. Both teams were disqualified in the final event, the 400 yd freestyle relay, when Hendrix o' Tennessee made a bad start or the second leg of the race and Moore of Maryville did the same on the third. Frank Miller gave the crowd something to cheer about when he made a race of it in the first leg of this event.

The setback was the third in as many meets for the Scotties While being hindered by a lack of material this year, Coach Fishbach is still working his boys hard in an attempt to come up with at least one victory during the so-far disasterous season. On Tuesday of next week the swimmers will meet Berea, an opponent of unknown strength at the college pool and on Friday they will be visited by Tusculum, conquerer of the Highlanders earlier in the season by a 48.5-26.5 score. Maryville's strongest potential point getters are Tom Mize in the diving, Frank Miller and Charlie Colville in the dashes, and Sidner and Bergquist in the distance events. Horace Sherer and Stan Crews are others who may have the stuff to garner a few points for Orange-Garnet.

The summaries of the meet follow:

300 yd. relay—Tenn. time, 3:44:8

200 yd. freestyle—McElroy (T) 2nd, Hendrix (T)—3rd, Bergquist (M) time, 2:43:2.

50 yd. freestyle—1st, King (T) —2nd, Hubbell (T)—3rd, Miller (M) time, 25:8

Diving—King (T)—2nd, Mize (M)—3rd, Smith (M).

100 yd. freestyle—King (T)—2nd, Miller (M)—3rd, Millice (T) time 61:3

150 yd. backstroke— Silva (T)—2nd, Scherer (M)—3rd, Elwell (M) time 1:52:3.

200 yd. breaststroke—McVeigh (T)—2nd, Brier (T)—3rd, Crews (M) time, 2:50:4.

440 yd. freestyle—McElroy (T) —2nd, Hillenbrand (T) 3rd, Bergquist, (M) time 5:55

400 yd. freestyle relay. —Both teams disqualified — no points awarded.

Davis' Wrestlers Score Knock-out Win Over Fighting University Team

Coach Davis' Scottie wrestlers took another big and easy step toward the state championship last Saturday by trouncing the matmen from the University of Tennessee 30 to 6 in the Maryville gym. Six Scots won over their men by falls and two lost their bouts by points. A full house backed the home boys with encouraging cheers and yells and sympathetic grunts and groans. Most of the six falls went to Maryville with little trouble.

In an exhibition bout preceding the match Maryville frosh Trevor Williams won by outpointing Lasus of Tennessee 9 to 6. Williams weighed in at 118, Lasus at 121.

In the 121 pound class Bill McCord of Maryville, weight 122½, pinned Webb of Tennessee, 121½, in three minutes and forty seconds. After taking the first period to feel his man out, Bill lost no time in the second period and forced a fall in forty seconds; finally he followed it by another to cinch the bout.

Bob Smith, 125 pounder fighting in the 128 class, dropped a hard tussle to his small but powerful opponent, Fundinger, 130 pounds by points. The crowd was all with Bob, and he put up a sterling match, refusing to give in to a fall.

The 136 pound bout went to the Scotties' Horace Justus, 137 lbs., in exactly 3 minutes. Referee Wood Everett struck the mast just at the moment that the timer blew his whistle to end the first period. Justus' U-T opponent was Harness, weighging 139.

In the 145 pound bout Dave McDaniel chalked up five more for Maryville by pinning his man, Papuchis, in 4 minutes, 55 seconds. Dave tipped the scales at 146, Papuchis at 148.

Joe Suitor for the Scots, still sporting a taped-up rib, won over Cullum of Tennessee by a fall in 4 minutes, 36 seconds. Joe had two pounds on Cullum, weighing 157 to Cullum's 155, but it took more than two pounds to pin him, and Joe had what it took in the second period.

In the 165 class the tall and agile Ed Ballinger, at 162, took his time, felt out his man, and finally wore him down and scored a fall in 6 minutes, 35 seconds. His man was Hayes of Tennessee, weight 163½. Hayes showed signs of extreme fatigue, a tribute to Ed's power.

Maryville's Mac Wilson, weighing 177, won over U-T's Beneker, 176, by a fall in 5 minutes, 45 seconds. Mac didn't hurry, but he left little doubt as to whose bout it would be, and he chalked up five more for the Scots.

In the nightcap the Scots' heavyweight, Andy Richards, dropped a hard one by points to Brandon of Tennessee. Andy weighed 212 and Brandon 198, but Brandon scored points for two near-falls which put him just enough ahead to take the bout. The points were 11 to 9. It was thought at first that Andy had won, but a recount showed a mistake in the scoring.

Referee for the evening was Wood Everett, a recent Maryville star matman.

The Davis-men's next encounter is with the Knoxville YMCA tonight at Knoxville. The teams have met once before this season, and Maryville won by a score of 35 to 5.

Preliminary to the wrestling match the Scottie varsity basketballers defeated the local Real Estaters 35 to 28. It was Maryville's game almost all of the way, though the Real Estaters threatened several times.

At the half Maryville was leading by nearly ten points, but late in the third quarter Farmer and Etheredge for the visitors dropped several long shots and worked in some nice crips to bring the score nearly to a tie. But the 4th period saw the Scots come in with fresh material and cinch the game.

During most of the second half, the Scottie ball handling and passing was at fault. The Real Estaters had possession of the ball well over half of the time.

The entire Maryville squad had a chance in the game, for substitutions were frequent. Webb was high scorer for Maryville with 8 points. The referees were Ken Cooper and Charlie Pepper.

Following is a summary of the Maryville-UT wrestling match:

121 lb.—McCord (M), fall, 3:40.
128 lb.—Fundinger (T), points, 12-4.
136 lb.—Justus (M), fall, 3:00.
145 lbs.—McDaniel (M), fall, 4:55.
155 lbs.—Suitor (M), fall, 4:36
165 lbs.—Ballinger (M) fall 6:35
175 lbs.—Wilson (M), fall, 5:45.
Heavyweight—Brandon (T), points, 11-9.

Total score: M-C 30, U-T 6.

Girls To Compete In Throwing Darts

For the past two weeks the point system girls under the guidance of Mrs. Queener have been engaged in practicing stunts. On Thursday of last week they were tested individually on their progress, and on Tuesday of next week they will begin aerial darts.

So far this semester the girls have had their volley ball tournament with the freshmen, who are captained by Peggy Caldwell emerging as victors. The freshmen have also been first in the soccer and basketball tournaments which were held last semester.

—V—

Attention, all girls who like to swim. There will be a girls' swimming meet on Saturday evening, February 21st, in the college pool. All girls of the college interested in swimming are invited to participate. You may sign up for any or all events by seeing either Edith George, 319 Baldwin, or Winnie Sommers, 211 Baldwin. Full information may be obtained from these girls.

INTRAMURAL DOPE

STANDINGS—Second Half

Club League	W		Pct.
Athenian	4	0	1.000
Alpha Sig	3	1	.750
Ministers	3	2	.500
Choir	1	3	.250
Y Cabinet	0	4	.000

Dodgers	4	0	1.000
Celtics	4	1	.800
Subs	3	2	.600
Free Wheelers	2	2	.500
Devils	0	4	.000
Hotshots	0	4	.000

This Week's Results—

Monday:
Celtics, Hotshots 13.
Alpha Sig 43, Cabinet 11.
Wednesday:
Athenian 38, Choir 18.
Freewheelers 28, Devils 19.
Alpha Sig 34, Ministers 16.
Thursday:
Celtics 37, Subs 15.
Choir 22, Cabinet 16.
Dodgers won forfeit.
Friday:
Dodgers 24, Celtics 21.
Subs 18, Hotshots 16.

FOUL THROW CONTEST

All upperclassmen will remember the keen competition and high class of sportsmanship displayed last year in the foul throwing contest. This year Coach Fishbach wants to include in the contest every eligible man and woman at Maryville college. You don't have to be varsity material to qualify; in fact all Honaker-men are excluded from the event. These things you must do to qualify:

"The preliminary rounds for both men and women will be held Wednesday and Thursday, February 18 and 19. Each person gets two rounds of shots, 25 shots in each round. Only the best round will be counted. To qualify for the right to compete in the finals the night of the Intramural Festival one must sink at least 18 out of 25 shots. In the final round on Saturday night only 25 shots may be taken by each participant. The person with the best round will be declared the Champion.

TIME TO SHOOT: Anyone may shoot on the scheduled days from 3:15 to 5:45 and from 7:00 to 9:00. As contestants arrive, they will be assigned to a basket. First come, first served!

ELIGIBILITY: No member of the varsity basketball squad may compete. Members of other varsity squads may compete in this event.

ENTRY: No advance entry is necessary. Men and women are to come to Bartlett or Alumni Gyms at the specified times. All gym shoes or rubber soled shoes.

REMEMBER THE INTRAMURAL FESTIVAL!

One week from this evening the big event on college hill will be the second annual Intramural Sports Festival. This year the attraction will be handled by Director George Fishbach, assisted by YMCA Committeemen Ken Cooper and Chuck Foreman. Everyone knows the purpose of the festival. In the first place the department would have the faculty and student body see champion examples of what can be done by Intramural athletes. Here you will see the type of athletics currently sweeping the country. Here you will have a good time.

The feature attrection of the evening will be the basketball championship playoff game between the winners of the club-society and the independent leagues. At this writing no winning team in either league has been definitely determined. Alpha Sigma and Athenian, winners respectively of the first and second halves of the society division, must battle it out Tuesday afternoon to declare a winner. And in the Indies' league, further complications arose Friday afternoon when the Dodgers turned back the Celtics, first half winners by a score of 24 to 21. Either way it goes one is bound to see as good a game of basketball as has been played this season.

Then there are the other attractions. Frank Miller has charge of the handball final which will pit Oliver Van Cise and "Big-Train" Andy Richards.

The fencing tourney has been conducted on a double elimination basis. The winners between the Henderson-Calvesbert and the Manning Jarnigan playoffs will be seen in action at the festival final.

The horseshoe event, last year between Baird-Baird and Short-Short, will see Pemberton-Pemberton against Henderson-Evans. This is a sport held over from last fall and will bear considerable watching.

Between halves of the basketball game the final foul throwing contest will be staged. Because of his qaulifying score, 24 out of 25, in last year's contest, Oliver Spears is rated more than an outside chance to grab the title. Other events will include boxing, swimming, volleyball and tumbling.

As a grand finale, the annual relay between societies will be held. This will include men's teams from Alpha Sigma, Athenian, Ministers, "Y" Cabinet, and Choir. In the women's division, teams will represent Basnonian, Theta, "M" Club, and Choir.

For a more complete account of the festival see next week's paper.

BASKETBALL—

Monday:

Celtics 28, Hotshots 13—Again the so-called "Lad from London" came home with the top sides of the ball game. Frosh Miller set a torrid pace for the victors as he cracked the hoop for two goals in the first half and three more in the last frame. Close behind Miller was a big "Cotton" Easter with a score of 6 points. The losers were paced by the Heap brothers, who were good for 11 of the team's 13 points.

Alpha Sigma 43, Cabinet 11—This time it was a case of too much "Turk" Graham. "Turk" was good for a total of 11 field goals, just double the losers' total. Bill Sweeney was on the beam with his shooting eye and then came Mitchell, leading contender for the all-star center role, hit for a total of 6. The Cabinet big guns were fired by Jim Garvin, Ralph Parvin, and Henry Wick.

Wednesday:

Athenian 38, Choir 18—Athenian came through in this one to take undisputed possession of the second half society championship. Captain Ted Pratt and Chuck Foreman paced the winners with 10 points apiece, but close behind with 8 point was Roy Crawford. Jack Gilmore and Paul Moehlman hit the bucket for 4 field goals

(Cont. on Page 4)

Busy Week For Basketball And Swimming Teams

Scrubs vs. Porter Tonight at 7; Varsity vs TVA at 8:00

Two Swimming Meets in College Pool Next Week

Tonight at 8:00 the Scottie cagers meet the TVA team from Knoxville on the local floor. This team plays regularly in the Knoxville City League and now occupies second position in the loop, having won seven games while losing only one. Although little is known about the visitors, a tight game is expected.

Next Tuesday the Maryville quintet will journey to Harrogate for another game with the LMU Railsplitters. The Railsplitters defeated Maryville in a game played here last Thursday, but Coach Honaker's lads are pinned for revenge this time and are expected to put up very stiff opposition. Last season the Scotties defeated LMU on the Harrogate floor, and in doin gso broke a long winning streak for the Railsplitters.

Also on next week's sport program are two swimming meets, both of which will take place in the local pool. On Tuesday evening Coach Fischbach's mermen encounter the Berea college team from Berea, Kentucky. The invaders are somewhat of an unknown quantity, but it is expected that the two teams will prove to be quite evenly matched.

On Friday evening the Scotties play host to Tusculum. In a meet which took place in Greeneville earlier this season, the Pioneers managed to trim Maryville by a generous score. The Scots are aiming for a victory this time, and a "grudge" battle seems to be on the card for local fans.

Marine Corp . . .

gree. (Medical, dental or theological graduates will not be considered). 2. Be a male citizen of the United States. 3. Be over 20 and under 25 years of age on the date of acceptance of commission as second lieutenant in the Marine Corps Reserve. 4. Be unmarried (throughout first training period until commissioned). 5. Be recommended as to character and qualifications by the president or dean of the institution from which he graduated; and by one member of the faculty; and by at least three citizens of good standing in the candidates home community who have known him during the formative years of his life. 6. Pass the required physical examination for second lieutenant of the regular service (minimum height 66"; maximum, 76"). 7. Not be a member of the Army Reserve, ROTC, National Guard, or Naval Reserve.

The Marine Corps desires that those admitted to this classification should be fit material for becoming active leaders of men, they should possess attributes and qualities of leadership; should be forceful, aggressive, determined, courageous and endowed with tireless endurance. Applicants should carefully consider their individual attributes, their mental and physical states, their probable aptitude for such service, and should be certain that they wish to enter this branch of service. The Marine Corps does not desire men seeking specialists and technical assignments.

The chief advantage that the Marine Corps Reserve Officer classification possesses over similar forms of naval and air force service is that some sophomores will be accepted and permitted to complete their college training.

Debate . . . .

(Cont. from Page 1)

affirmative. Natalie Yelton and Margaret Clippinger will uphold the affirmative, while Phyllis Ann Cain and Mary Wintermute support the negative. The question which they will debate is the Pi Kappa Delta question of, Resolved: That the Demorcracies Should Form a Federation to Etablish and Maintain the Eight Roosevelt-Churchill Principles. Besides participating in debate Yelton and Cain will do oratory, Wintermute will enter the poetry reading contest, and Clippinger will do extempore speaking.

A regional meeting will be held here at Maryville sometime before March 15 as a part of the National Extempore contest being sponsored by the Co-ordinator for Inter American Affairs.

The subjects for discussion will be concerned with Latin America and Inter American Affairs. The discussion will be of the panel type. At present, Maryville plans to enter five persons in this contest. These people will be chosen from the speech department, and from the International Relations Club membership. The winners of the regional contests sponsored all over the country will enter the National competition. Winners of the National contest will be conducted on a tour through South America during the summer.

Last Sunday evening, this organization was addressed by Dr. Barbour who was on the campus engaged in conducting the 66th February Meetings, and who answered all questions directed at him by those present, as well as some from the question box which had been placed at the back of the chapel for the Meeting period.

Dr. Lloyd needs no introduction to this group, having long been interested in their many activities although this will be the first time he has had an opportunity to speak to them in some time.

Students' Doodles Feature Art Club

Art Club assembled in Anderson hall Thursday evening in one of the largest groups to turn out this year.

Bob Schwarzwalder gave a lecture on "The Significance of Doodling and Surrealism". The group was interested and amused by the exhibits of well-known artists compared with those of Maryville students.

An announcement was made that the club intends to have an exhibit of thirty-three original oil paintings by famous contemporary artists in the near future.

Intramurals . . .

apiece. This game was marred by only two personal fouls, one by each opposing center.

Free Wheelers 28, Devils 19— Again it was Coach Fishbach all the way for the winners. Coach chalked up three field goals and a couple of free throws to take top honors. He was closely followed by Kramer and Burris with 14 points. The Devils' hot man was Bill Hargrave, who reaped a high score of 11 points.

Alpha Sigma 34, Ministers 16— Alpha Sig's Dudes doubled the enemy score in both halves of their battle with the Ministerials. "Turk" Graham and "Big" Mitchell were good for 22 points, and they were followed by George Howard and Ollie Spears with 11. Harvey Overton dropped in 8 and Roy Dillener hit 3 field goals for the Pastors. This victory gives Alpha Sigma runnerup honors in the second half Society league.

Thursday:

Celtics 37, Subs 15— Celtics were good for 20 points in the first half of their game with the Subs, while the losers could find the net for a mere 5 markers. Outstanding for the Irish winners were Talbott and Edwards, who cracked the laces for a total of 20 points. Frosh Miller and Norm Hooker took runnerup honors with 7 and 8 points respectively. Jim Hedges led the Subs as he dumped in 7 of his team's 15.

Choir 22, Cabinet 16 — Paul Moehlman hit the hot note for the Choir winners as he came across with 11 points. The losers, behind Dick Boyd and Clyde Brown, came through with their most thrilling game of the entire season.

Dodgers won on forfeit from Hotshots.

New Members For Echo Staff Chosen

Watkins, Lloyd, Van Blarcom Elected To Fill Vacancies

After a series of tryouts for vacancies on the Echo staff the committees have selected candidates to fill the place of one senior member, two sophomore members and four freshman members.

Dick Watkins, a senior from Indian Springs, Georgia, was the senior selected to serve on the Echo staff. Dick came to Maryville as a transfer student from the University of North Carolina. He is the president of the Cotton Club this semester.

The sophomore vacancies on the staff were filled by Hal Lloyd and Peter Van Blarcom. Peter Van Blarcom is an English major from Booton, New Jersey. Hal is a member of the choir and is on the debate squad this year.

The four freshmen added to the staff were Lily Belle Grizzard, Mary Smith, Billy Seagraves, and Bob Huber.

Oil Paintings Exhibit Begins

E 705

VOLUME 27 MARYVILLE, TENN. FEBRUARY 21, 1942 NUMBER 20

Two Plays To Be Presented

"Audience Is Just As Funny As The Cast"

When it come to the theatre, the audience is just as funny as the cast. Have you ever thought of that? If you haven't, the Experimental Theatre isn't going to let you forget it the night of February 28, when they present two very short one-act plays at 7 o'clock. (The hour is set to "Give the Audience A Chance" to get on time to entertainment planned by the Social Committee for 8:15 that same evening.) Why the quotation marks, you ask? Oh, that's the name of the play, written by Lee Anderson. The members of the audience (or cast, if you prefer to call them that) are known on the campus as Alice Jones (who also directs the play), Ann Jones, Meredith Preston, John Hawkins, Neil Proffitt, Helen Anderson, Al Flowers, Mary Dawn Noblit, Paul Moehlman, Elizabeth Querns, Fred DePue, Georgia Meadows, and Marion Smith. In the theatre they are known by their seat numbers.

The laugh won't be all on the audience, however. Meredith Preston can be just as dumb as she is beautiful, and you will laugh at her "in rehearsal" in the second play, "There's Always Tomorrow," by David Pettigrew. As for Helen Anderson and Neil Proffitt, well' we'll let you figure out when they are being themselves, and when they are a combination of both. Perhaps one shouldn't mention Mary Dawn Noblit, the soft-soaper! But then, if it weren't for her type (in the play), perhaps hope which springs eternal in the human breast would die altogther, through sheer necessity of being practical. Ask Betty Clevenger about it. She's the director.

There is a point in presenting on one program these two plays where you "see yourself as others see you," whether on the surface it appears to be academic or not. Continuing the season's experiments on Audience Preferences, this month the question will be: Are you more amused by a take-off on the audience or a take-off on the cast when presented in the form of a play? A lead question or two may also reveal the reason for your answers.

No tickets will be issued for the one and only performance. First come, first seated and the theatre holds only 200.

Local Cleric Will Speak At Vespers

Bernardin is Well Known Pastor Here

Dr. J. B. Bernardin, pastor of St. Andrew's Episcopal Church of Maryville will be the speaker at the Vespers service tomorrow night in the chapel. As a clergyman and as an author, Dr. Bernardin has gained a wide reputation not only within the Episcopal Church, but in religious circles everywhere.

Dr. Bernardin studied for his B. A. degree at Yale University, attended the Episcopal Theological Seminary at Cambridge and the Union Theological Seminary in New York. He also studied in England, where he spent two years at Magdalene College of Oxford University.

His work as minister of the gospel and a rector of the Episcopal Church has taken him so far afield as Germany, in which country he was the pastor of an English church when the present conflict broke out. His other pastorates include All Angels Church in New York, for ten years, and St. Johns Church in Knoxville, where he served before coming to St. Andrews Church in Maryville.

Since his coming to Maryville, Dr. Bernardin has become well acquainted with Maryville College, not only through his work at St. Andrews, but as a speaker before small groups such as the Student Volunteers, whom he addressed several weeks ago on the subject, "Christianity in Germany."

Rawlings, Hobbs Will Read At Writers' Workshop

For the Writers' Workshop this week Helen Rawlings and Katherine Hobbs will read. Miss Jessie Heron will be the critic.

At the Workshop's most recent meeting Mary Agnes Carter read one of her short stories, "Retreat from Berlovsk," and Marian Jenkins also presented an original short story, "For Unto Us."

The next meeting will be Monday afternoon at four o'clock in Dr. Hunter's classroom.

College Bulletin Sent to Schools

High School Seniors Given Information

The January Issue of the Maryville College Bulletin which is issued quarterly, has been published and mailed out to the many high school students throughout the south.

This issue contains. statements regarding the accelerated college program as it has been adopted here at Maryville. The bulletin points out that the President of the United States himself has said that America will always need men and women with college training, and presents the method by which the college is taking vigorous steps to adapt its service to the present war emergency. It is doing so in these three ways: 1. giving its students a sound Christian education essential to the highest American citizenship; 2. providing some courses of direct benefit to those who may later enter the military or related services; 3. attempting to accelerate the college program, so that students may graduate as early as possible.

The rest of the bulletin is very much the same as previous issues of it have been, containing the same kind of information it always has concerning the campus, buildings, faculty, and so forth.

Approximately 25,000 copies of the current issue of the bulletin have been mailed out so far this year.

Thirty-Three Oil Paintings Shown Feb. 24.-March 8

"American Group, Inc." Members Are Represented

Thirty-three original paintings by thirty-three contemporary American painters will be exhibited in the Elizabeth Gowdy Baker Memorial Galleries at Maryville College from February 24 to March 8 from 9:00 a. m. until noon and from 1:00 p. m. until 4 p. m. each day except Sunday. The thirtythree artists represented are members of the now famous "American Group, Inc."

Ten years ago at the Barbizon-Plaza Galleries in New York the first exhibition of "An American Group, Inc." was held. The organization consisted of such figures as Anatole Shulkin, Chuzo Tamotzu, Jacob Getler Smith, and others. New painters were added to their roster and some of the old ones dropped out. They moved from the Barbizon Plaza to other galleries. Critics generally conceded the work of the group to be thoroughly estimable.

This year the exhibition of the group was first held at the Montross Galleries, New York. Critics called it "the most important organized group of artists", "Commendable show indeed", and unusually strong. Among its members are such important painters as Papheal Soyer, George Picken, William Gropper, Doris Lee, Ja-Jules.

The attendance at the Montross Galleries was so heavy when this group was shown in New York that the Galleries had to hold the group over an additional week beyond their schedule. It is seldom that one has an opportunity to see thirty-three original oil paintings by such an outstanding group out side of the largest centers of population. The public is cordially invited to visit the Elizabeth Gowdy Baker Memorial Galleries on the second floor of Anderson Hall at Maryville College to view these paintings.

Many Visitors Attend Disc Club

New Record Is Set For Attendance

At the Disc Club meeting last Thursday, Feb. 19, there were many distinguished visitors present, among whom were the national music examiner, all of the faculty of the music division, and Dr. Lloyd. The meeting was very successful and a new high for attendance was set at 112.

Many of the students after hearing the Concerto in C Minor by Rochmaninoff wondered if it would not in time become as popular as Tchaikovky's Piano Concerto in Bb.

Date For "In A House Like This" Set For March 13th

Morley, McDaniels Star; Mrs N. E. West To Direct Play

It was announced on Monday that June Morely and David McDaniels have been cast in the principal roles in the forthcoming Athenian-Bainonian mid - winter production, a three act comedy by Lewis Beach, entitled "In A House Like This."

Dave McDaniels, a senior from Lenoir City has been active in dramatic productions since coming here to school. He was last seen on the stage in the title role of "Charlie's Aunt." McDaniels has lettered for four years in wrestling. He is cast in this play as Bradley Ingals, the young hero, possessed of a zest for living and an infectuous smile, which combine to make him the irrestible force in the play that he proves to be.

June Morely, Theta Alpha Phi secretary and senior Dramatic Arts major from Florida, is cast in the role of the lovable and popular Granny Bradley, patriach of Tallent. June will be remembered for her excellent portrayal last year of Mary Todd in Robert E. Sherwood's "Abe Lincoln in Illinois", last season's Club presentation by this group.

The part of Eunice Ingalls, mother of Bradley, has been assigned to Troye Moore who is president of Theta Alpha Phi, and a senior Dramatics major from Benton, Tennessee. Troye has been active in numerous dramatic productions on the campus of both club and department origin. Last year she played opposite Dave McDaniels as his wife, Elizabeth Edwards, in "Abe Lincoln."

Supporting Troye, as her husband in this play, will be Gerald Beaver, popular senior Education Major from Richmond, Va., who is a member of Theta Alpha Phi.

Other members of the cast include Rosemary McCartney cast as Lois Ingalls, Nancy Russell as Julia Murdock, Ben Lynt as Ronald Murdock, Roberta Lochausen as Rhoda, Chuck Foreman as Giles Whitaker, Ellen Pascoe as Dotty Faire, Mary Wintermute as Mary Clurman, Dick Watkins as Noel Derby, and Jack Scott as Hugh Ingalls.

Rehearsal began Monday, and has been progressing vigorously each day since under the capable direction of Mrs. Nita Ecles West, head of the dramatic arts department. Mrs. West is being very ably assisted in this task by a freshman girl, Dorothy Lehman, sister of Harvey Lehman, who was a senior here last year. The first act of the play has been learned, and the second act will have been committed to memory by Monday or Tuesday of next week.

The play is a comedy, and is not essentially a farce, nor is there any slap-stick element present. It is to be presented on the night of Friday the 13th of March, and, oddly enough, there are just thirteen characters in the play.

The business detail of the production is being handled by George Tibbetts, assisted by Elizabeth Glover. Advertising has been placed in charge of Mildred Montgomery of Bainonian. Ted Kidder is to be stage manager.

County Educators Are Meeting Here

Blount Executives Face War Problems

The educational executives of Blount County will meet for dinner on the evening of February 24, in Pearson Hall, to resume their discussions of the parts the schools of the county can play in aiding the national war effort.

The principal figures at the meeting will be the three school system superintendents of Blount County, Mr. J. L. Bower, superintendent of Maryville city schools, Mr. V. F. Goddard, of Alcoa city schools, and Mr. L. M. Ross, superintendent of county schools, as well as the school principals of the county and three officials of Maryville College, President R. W. Lloyd, Dean E. R. Hunter, and Dean F. D. McClelland.

This group of prominent local educators already has met once, on January 28 of this year, at which time were reviewed measures now being employed, and other possible individual services suggested by local and national needs. At this meeting plans were laid for a further and more complete study of an organization of the educational resources of Blount Count, for service to students and other young people and adults.

The dinner meeting next Tuesday, then, will be devoted to a consideration of these problems with a view to enlarging the service of the schools of the county, if possible.

Dr. Lloyd has invited all present at the meeting to be his guests at the basketball game to be played Tuesday night in the Alumni gymnasium.

The meeting of January 28 was held in Dr. Lloyd's offices in Anderson Hall, and was arranged to be more or less of a general prelude to a whole series of conferences on the subect of means of increased war-time service in this area. A definite program of action will be planned in these meetings and put into action as quickly as possible.

Dr. S. T. Wilson Honored by Students And Faculty on 84th Birthday

By BEN LYNT

On Tuesday morning last, dean McClelland led the student body in an observance of the eighty-fourth birthday anniversary of a grand old gentleman and scholar, Dr. Samuel Tyndale Wilson, president emeritus of Maryville.

It seemed entirely fitting that we who will know, or have known the college for two or three or four years should take a moment to pay respect to one who has known and loved and served Maryville for over sixty-three years.

Dr. Wilson was born on February 17, 1858, three years before the outbreak of the Civil War in the United States. He was born in Syria, a country located a few miles north of Palestine, where his father and mother were missionaries, and where his daughter, Lois, is now, and has been, a missionary for many years. While he was yet a small boy, his parents were forced to return to America. Somehow they came to Tennessee, and Samuel became a student in Maryville College and graduated in 1878, sixty-four years ago.

Four years later, Wilson was graduated from Lane Theological Seminary, Cincinnati, and was immediately taken with the opportunity to serve in Mexico as a missionary. This he did, but in two years he contracted a coastal fever whcih shattered his health and sent him home. After some months he accepted a call to the faculty of Maryville College, a call which had been given before he went to Mexico, and was then repeated. Upon acceptance of the call, Wilson became the College's first professor of English Literature and Spanish. For seventeen years he was a professor, serving much of that time also in different capacities such as Dean, Registrar, Librarian, and as assistant Treasurer. 1901, he began a notable service of 29 years as President of the College. It has been said by some, that the magnitude of the task which he undertook when he became college prexy was in some degree responsible for the development and unfolding of the personality which we know and love today in the person of Dr. Samuel Tyndale Wilson, president emeritus.

After having served faithfully and well for over a period of time counted as nearly a score and ten, Dr. Wilson asked to be permitted to retire. This was in 1930, at the age of 72. The directors accepted his resignation with much regret, and elected him to be president emeritus. Dr. Wilson spent the following year visiting back in Syria the land of his birth, and then returned to the home in Maryville where he had lived before moving to the President's House. For several years he worked on several historical writings which were published five or six years ago.

Dr. Wilson has not been seen about much in recent years, for he has been in frail health, and has remained closely at home. For 63 years, almost two-thirds of a century, Dr. Wilson has been connected with the College as student, teacher, president, or president emeritus, anr he has been a success in each of these fields. Truly, it may be said of him that he holds a place all his own in the life of this institution which we call so proudly, Maryville College.

YMCA Will Hear Proffitt Tomorrow At Worship Meeting

The YMCA will hold its regular meeting next Sunday afternoon at 1:30 in Bartlett Auditorium.

The speaker this week is Mr. Fred L. Proffitt, the College treasurer, who will speak on "Christianity in the Life of the Businessman." This is the last talk of the new series.

At last week's meeting Professor Lincoln Barker gave an interesting talk on Christianity in the teaching profession.

Student Council Met On Monday

Social Program For Summer Term Is Considered

The Student Council met Monday, February 16, in Dr. Hunter's classroom. A plan is being worked out to continue the social functions of the campus through the summer months. A small fee will probably be charged because of the lack of funds of the social committee.

A plan is being worked out by the Council in cooperation with Mr. McMurray, who has pledged his aid for the city of Maryville to the Shriners of Knoxville, to save all tin foil and metal tubes to be used for national defense. This conservation of waste materials will also serve in another valuable way. The money from the waste materials will be used to further the cause of the Shriners' Hospitals for Crippled Children. According to the plan being worked out, boxes will be placed at certain places on the campus to collect the materials.

The Council is also working out some bowling plans for the students.

Important Meeting Of Alpha Sigma Tonight At 6:15

Alpha Sigma has a big program scheduled for its next meeting Saturday at 6:15 in Alpha Sigma hall. June Morley is to present some humorous readings, Jerry Beaver will give some swing versions of some of the aged favorites, and the College Quartet will sing and play a few songs. Dean Stiles, Carl Miller, Jack Lippard, and Harry Lyle compose the College Quartet, previously known as the College Trio.

Fred DePue, secretary of the organization, urges that all who want membership cards either see him or Bob Mair.

What Do You Know About Your Faculty? Answers Given Below

By MARY WINTERMUTE

After a long hard week of test quizzes it seems unfortunate to present this week's story in the form of quick quiz. However the subjects of this information demand to be presented in this form. Either in that form or a statistics and we hestitate to offer it as statistics out of sympathy for the students of Education 308 who are quite unhappy about the whole the Statistics class this semester thing. (The one bright spot in being the early entrance and hasty exit of a freshman Psychology student who rushed into Dr. Briggs classroom and almost sat on Stan Mennings lap before she realized she was in the wrong class. She was finally rescued from the embarrassing situation by Sara Cameron.) The subjects for today's story are the members of the faculty. Not just any faculty, the Maryville college faculty. This study does not include administration officers. After all, no matter how regrettable a fact it may sometimes seem at times, the faculty do play an important part in the college courses. We feel that it might be of interest to find out just how much we do and do not know about our faculty. For instance—.

1. How many of the college faculty are Maryville graduates?

2. Who of the faculty went abroad to attend school?

3. What is a M. R. E. degree and who has one? Also a Ph. B.? B. O. (no puns, please)? LL. B.? B. D.?

4. Who are the three 1941 additions to the faculty?

5. University of Tennessee, that noble institution whose football team we used to beat up back in the old days, had the honor of conferring degrees on how many of our faculty?

6. Just who (this question not fair for football men) attended Roanoke college?

7. Who has served as a member of the faculty for the grestest number of years and when did this faculty member come to Maryville?

8. How many Ph. D. degrees are there among the faculty?

9. Which faculty member was on the Editorial Staff of Webster's New International Dictionary from 1930-1935?

10. Which faculty member went to what seminaries? (The question really isn't as confusing as it might sound. A good guess will get most) How many faculty members received some of their education in Missouri? Then for the benefit of the Jarnigans, Lochausens, and Duke: How many faculty members were partly educated in Texas and where did he attend school?

12. What is the average age, in terms of serve, of the Maryville college professor?

That's about all the questions for the present. In case there are any questions which you can not answer off hand, you might look for the answers below. Any of these data are available in the College Catalog.

Answers to questions.

1. 21 faculty members are former Maryville students.

2. Miss Davies-Paris, France and Fontainebleau, France.

Dr. Collins—Munich, Germany.
Miss Wilkinson—Paris, France.
Dr. Cowdrick —Paris, France.
Mr. Hovel — Heidelburg, Germany.

3. M. R. E. is Master of Religious Education. Mrs. Cumming received this degree from the Bibical Seminary in New York.

Ph. B. is Bachelor of Philosophy and is similar to a B. A. The owner of this title is Miss Heron.

(Cont. on Page 4)

Reporter Records Reactions To OLD SPICE Murder Mystery

By Bob Huber

Two weeks ago due to the fact Jean Barnes was otherwise occupied, Paul Jamarik and Lawrence Streshley were engaged by the Highland Echo to write OLD SPICE. Naturally no one knew quite what to expect from these illustrious college "students", for neither of them had ever had any experience in writing such a column even though they have had experience in digging up all the dirt around the campus. The results of their column were spectacular, they were indeed surprising.

For past two week comments and criticisms have been burning the ears of the two so-called writers. Perhaps all this publicity has helped to swell the ego of Paul and Lawrence, for even if this is not the reason one can be sure that they have become rather proud of themselves lately.

OLD SPICE has become the talk of the campus, and it is the subject of conversation at almost all the dinner tables. Perhaps the most amusing result of the attempts of Paul and Lawrence was the effect it had upon Henry Wick. Henry had been starving for publicity, for his name had not appeared in the ECHO for the past three weeks, and when he saw his name in print once again, he was so elated that he actually paid each of the authors one cent. All this was very entertaining to those who happened to be in the Chatterbox at the time.

Some of the fellows were so mad at "the bums of the third floor", that they really did something about it. Paul returned to his room one night to find it completely devoid of his belongings. That was only the beginning, however, for later on in the week their room was stacked and washed. No doubt it was washed to remove any traces of dirt which might happen to be hidden in some dark corner and which might find their way into another column, that is if Jamarik and Streshley live to write another.

Perhaps (no doubt about it) it would be of interest to describe the effects of OLD SPICE on the faculty, for it certainly did produce some rare effects on the members of that illustrious service. One example is the strange actions of Dr. Griffitts. After the Sunday church service, Dr. Griffitts noticed Paul and Lawrence standing around, probably waiting to be complimented for their fine workk, so he strolled up to them. After looking them up and down, he said, "I liked your column, Streshley." You should have seen the expression on Paul Jamarik's face, for he was utterly flabbergasted. After being ignored in that manner Paul has been rather melancholy of late.

Perhaps you noticed too, that the female sex was rather sorely neglected, being mentioned only twice in the whole column. This apparent aloofness of the fair sex does not carry over into their daily lives, for they are as active as anyone can be.

Someone anonymously sent a book of jokes to the two aspiring authors with the following note attached: "I hope this will be of some help to you when you write another column, for those jokes of yours' were lousy. Better luck next time, you sure need it." That is the opinion of almost the entire student body, for even the professors can crack better jokes than they did, and that isn't saying very much.

To show you just how much their ego has been inflated, ask either Paul or Lawrence how many extra copies of the Echo they begged, borrowed, or stole to send back to their friends and relatives. If the answer is about fifty, you can rest assured that they are telling as near the truth as they dare.

However, the noble attempt of

War Victory Requires Students Sacrifice

Following is an editorial which appeared in the Ward-Belmont Hyphen.

We here in America do not know yet what sacrifice means. We have never before come upon any grave realities that necessitate it. Today, however, we are entered into something new. We are waging a vastly expensive war which is costing every single American a price. We have all decided that the cause is many times worth the cost. The task ahead of us now is to give all that we possibly can to provide for this great expense. Soldiers and sailors are contributing their service and even their lives. Citizens on the home front are giving money and work. The American Red Cross is symbolic of both.

What can we as college students give? Many of us are taking first aid courses in preparation to serve and all of us can buy defense stamps in small amounts. We can begin now to experience a meager form of sacrifice by denying ourselves a few cokes and investing that dime or quarter in an interest in the freedom of all mankind.

What we will be called upon to give is quite insignificant compared with the things of which the people of other lands are commonly accustomed to giving. Considering these things for which we are fighting, our services and sacrifices should be regarded as privileges rather than duties. It is to us and to the nations allied with us that future generations will owe their freedom. The victory, which all of us take so for granted, can only be won by a serving, courageous and patriotic people. We all realize that by giving freely, we shall preserve the right of living freely tomorrow.

—Ward-Belmont Hyphen.

Old Spice

By JEAN BARNES

Having rather wearyfully reasoned out that variety is the spice of life and old spice and life are sort of hopelessly mixed, we present in these exciting opening moments, Irma Criswell in "At The Sign Of The Red Swan." Just for the sake of variety, Irma, instead of making it rain by not carrying an umbrella—usual procedure—was the only one who dared go out without one. And didn't get wet. The reason's surprising, but obviously cute. Irma has a little glass swan on her desk, partly filled with red water. And in spite of being too ducky for anything, the little swan's a barometer. Very accurately weatervain at that. What with a good thermometer, Irma comes bounding up each morning with perfect advice on whether to shovel in the closet an hour for your other bott, stick all your coats away, or dive back to bed.

But then it's funny the accomplishments some people have added to their list of achievements. Margaret Clippinger is known as the sweater-girl of her table; Louise Moughton laughs with such beautiful tears in her eyes that certain people most conveniently think she's in the depths of unhappiness; Bob Miller can give a wonderful interpretation of how his knees sympathized during his first Systematics speech last week; Sam Pemberton is reportedly equipped with t technique superb for sticking pins into himself at odd places and bringing them out in other places of the same adjective; Bob "Atlas" Morton has been playing "full-back" for the Free Wheeler's basketball team these days.

But sech apparently is the way with the woild.

Happened by the sun dial back of the chapel the other day and were greatly impressed with the wisdom of the world. The hand of the dial was gone, pure and absolutely, and there appropriately enough stood engraved the inscription, "Ye know not the hour." Senators belong right along with someone's brilliant addition to the scenic puddles in front of Fayerweather, "Toll Bridge, 15 cents." But then, time was when said depths were a busy thoroughfare.

Speaking of waters inhabited reminds us. Having listened to the now notorious cow story, Dr. Williams dashed off a similar one which everyone ilikes. Not to be impartial, we'll give you some of his.

"The crawfish is an animal. An animal is like a plant, only it eats and won't stay put. The crayfish is a queer animal. He has more crust than a defense broker, more relatives than Brigham Young, and more joints than Al Capone . . . He does just about everything backwards, like some people, especially when he is about to go places. He lives in small streams mostly, but if current events disturb him, he gets out on the sand and waits for them to go by. He does not has whiskers because there is not room for them on account of so many pairs of pincers fastened to his face. With these pincers he can eat faster than a junior on a picnic. He breathes with wet brushes; if the brushes don't get wet enough, he paddles the water. His disposition is bad because there are so many old crabs among his kinfolks. Sometimes he gets too big for his breeches and starts throwing off on those around him. Old Mother Nature steps in and softens him up. He has a keen sense of taste which leads some animals like men to use him for food. The mother crayfish has the roughest life though, not just because she has more children than the old woman in the shoe, but because they grow out of their clothes so fast and insist on hanging onto her wherever she goes. I wouldn't want to be a crayfish on account of you're always being used, especially by college students and frogs."

And does every biology student love to discuss his latest dissections while he eats?

Eating for Curt Wright had its problems the other morning. Half a dozen watresses gathered around his table where he sat in solitary masculine splendor and sang "Happy Valentine's Day To You" And were his face only heart shaped, the color was perfect. But it was fun, no?

We like to casually suggest June Rogers and Marie Scott attach to themselves the theme song, "River, stay 'way from My Door" after the little stream they captured the other day; that Lee Henard might wear a sign Behold' A minister's daughter? Or George Tibbitts might explain just why he jumped when the hostess turned and spoke to him.

Incidentaly Elaine Fichter and Marian Atwood on the pancake and syrup treatment are just wonderful.

To quote, Jack Gillmore felt a draft, and being Chicken, had to go home. Anyway, bon voyage and all that.

And continuing the informal education, did you know that "Chattanooga Choo-choo" sold over a million records. Well, don't just sit there. What, we ask in deepest anxiety, are you going to do about it? Or what will you do if the rising bell rings at midnight tomorrow?

To the freshmen, that which wandered around looking quite all right in a uniform this week was Charlie Orr.

And after the concert five people told Marguerite Taylor she looks like Grace Moore. Wonder if Ollie Welsh is going to open the study hall her new Larry brought fluorescent lamp merits, if Jo Gillette is really going to try her skill in that wrestling match. That faculty-junior tussle was fun to watch Wednesday; little Jake Queener and Jimmie Cummings had an audience of fifty with Andy Richards and Spike carefully watching each move and handing out points.

Things we love again—"Professor Honaker of the music faculty", the view of the lights of Maryville at night from a distance—or just the lights of Maryville at night, to print the poem, "Exit From The Dining Hall."

And now that the word exit is there, maybe we'd better find the nearest and trail this off in thin air.

As I See It

By JANET LINDSAY

As the war continues, a question arises in the minds of many of us as to just what, in reality, we are fighting for. In order to understand the basic philosophy behind the differences in the Axis and the Allied powers, let us go back and consider life in the totalitarian countries as we picture it. If we could watch a German or Italian crowd what would we see? Masses of people without faces, void of expression, empty, dull, faceless people. Each one just like the next. Bodies without minds, whipped, beaten until their individuality is gone.

Take for example, two Norwegians who were shot down recently in the hopeless murk of an Norwegian dawn. Yesterday two upstanding boys, now two bloody bundles. What crime could they have committed to deserve such a fate? They dared to think! These are but examples of many other similar cases that occur daily in Nazi-dominated countries.

It is difficult for us to understand how people very like ourselves, for the most part just as educated, have submitted to Hitler's power. We frequently talk of Hitler's power as having been won through force, but his power was not won by force, but by gaining a moral hold over the minds of millions. His mob psychology is not hard to see if we examine some of his statements made early in his career. He is reputiated to have said concerning the future of his people "There will be great mass of serving anoynonous, enternally disfranchised . . . the masses are like dumb animals obeying their instincts . . . they have no ability to reason . . . the people quite plainly are made up of brainless fools.

The result of the idea is obvious. Under the Nazi system in Germany today all power in inherent in the person of Adolf Hitler. The individual merely occupies the status that has been prepared for him. The entire population has been placed in servitude. One report recently stated that the people were even denied their vitamins in order to keep their mentality low. Human beings have been forced to form themselves into an ordered society adopting the common aims of the group prescribed by the leader. To Hitler, the individual is like a single cell in our bodies with no significant life of its own merely useful as a part of the greater whole—the state. The essence of the system is to depose the man, and to make the nation supreme. He works in the state as one would in a factory. Each has his own niche chosen for him—the priest becomes a propaganda agent, the women become robots to perpetuate the race, the poet serves to inspire the fighter. However, no man has any right to question his lot, and blind obedience is the greatest virtue. All civil rights are denied. There are no rights that the state is bound to respect . . . nothing. So it goes in Germany, in Italy, in Japan.

But in contrast to this, what do we have in the United States. Where has been the emphasis as we have developed into a full grown democracy? We are want to think of ourselves as democratic Americans possessing certain inalienable rights. Some of us can go so far as to name some of them: life, liberty and the pursuit of happiness, adding with thought freedom and justice for all. We can recite them but what in reality do they mean.

All of them are difficult to define, you cannot say what they are in a single sentence nor even in an entire book. But, it is not necessary to define them it is enough to point to them. Someone put it rather well when she said "Freedom is all the things we do and want to keep on doing. All the things we feel and can't help feeling. Freedom—it is you."

Democracy is when the government that let's you go on being you. Are you worth fighting for? Will the democratic way of life with its emphasis on the individual stand up against Hitler's method?

The conflict, as I have implied, between democracy and dictatorship is not a question of structure. It is something that resides in the individual as he relates to the individuals around him.—The Nazi party publicity organs have said many times and in various ways that there are two opposite poles in the world—one which signifies the Nazi system of discipline order and scientific order, and the United States, the pole of democracy, decadent Christianity and degeneration that accompanies free enterprise.

Certainly democracy is not that to those of us who view it subjectively. To us democracy is based on the importance of the person and the democrat can face the Nazi on the positive issue. He has a theory of government that Hitler can't match. But America and all the democracy in the world won't halt Hitler's mad march unless we become aware of our heritage and firmly determine to fight for it to the finish through the war and still more important through the peace after the conflict ceases!

TALK OF THE WEEK ... By Charles Dunning

'COLLEGE MAID' FOR PEARL HARBOR

Norma Perry, 20-year-old junior at Maryville College, is standing beside a model of the Navy nurse uniform made at the College Maid Shop. Orders received from Pearl Harbor are on the wall. One order is dated Dec. 7, the date of the sneak bombing raid by Japs.

The shop is in the basement of Thaw Hall.

Courtesy Knoxville Journal

ATHENIAN WILL MEET AT 6:15

Athenian is planning a surprise program at its regular meeting tonight, 6:15, Athenian Hall. All members are urged to attend for a real treat. A regular business meeting will be held following the surprise program.

French Club Meets

On Thursday, Feb. 26, Miss Virginia Purinton, instructor in Art will speak to the French Club, in the Y. Y. rooms, on French Architecture. Her lecture will be illustrated.

New Shelves Built In Music Room Of Voorhees Chapel

A helpful addition was recently made to the music room in the basement of Voorhees chapel. Shelves on which to store band and orchestra music and to hold the various smaller instruments have been built, and stalls to hold the larger instruments have been made.

All this was done to insure the safety and protection of the instruments that are left in the room, and also to help give the room an appearance of neatness.

Wesleyan College President Speaks Wednesday Morning

President James L. Robb of Tennessee Wesleyan College will addressed the student body at the Wednesday morning chapel service. President Robb received his A.B. degree at the University of Chattanooga and his A.M. degree at Northwestern University.

Tennessee Wesleyan College is a junior college located at Athens. It is operated under the auspices of the Methodist church.

German Club to Meet For Program Of Folk Dances

Next Thursday at 6:35, the German Club will hold a meeting in Bartlett Auditorium.

A program has been arranged of German folk dances and music by the German Band. Plans will be made at that time for having a German movie. Refreshments will be served. Everyone is invited.

Santiago Sisters Sing At French Club Meeting

French Club met Thursday evening at 6:45 in Miss Wilkinson's classroom for its regular semi-monthly meeting. The club members were entertained by the singing of the Santiago sisters, Hester and Aura, and some French music recordings. A regular business meeting was held with Margaret Ash, club president, presiding.

Spanish And Art Clubs To Meet

Next Thursday at 6:30 Art Club will have a joint meeting with the Spanish Club. Dr. John H. Stellwagen will speak about Spanish Art.

The last meeting of the club, featuring a talk by Bob Schwarzwalder was unusually well attend. Bob denied, however, any ability to interpret doodles phychologically.

Triangle Club To Meet Monday Night

Triangle Club will meet Monday night at 6:40 in the YW rooms. There will be a belated election of officers for this semester which makes the meeting especially important. The program will consist of readings by Georgia Lu Meadows and piano selections by Jane McFarland.

CAMPUS CALENDAR

Saturday, February 21

6:15—Theta, Bainonian, Alpha Sigma, Athenian.
8:00 Intramural Festival.

Sunday, February 22

9:15—Sunday school at Presbyterian church; church at 10:30—Dr. John A. McAfee, minister.
—Sunday school at First Methodist church; church at 10:30—Dr. F. B. Shelton, minister.
—Sunday school at Broadway Methodist church; church. at 10:30—Rev. S. C. Beard, minister.
—Sunday school at First Baptist church; church at 10:30—Dr. Colvin L. Hammock, minister.
—Sunday school at Episcopal church; church at 10:30—Dr. J. B. Bernardin, minister.
—Sunday school at Christian church; church at 10:30—Prof. Arthur Hyde, minister.
1:30—YWCA and YMCA.
7:00 — Chapel vespers.
8:00—Student Vols.
9:30—Radio Vespers.

Monday, February 23

6:30—Triangle Club, Y Rooms.
Cotton Club, Athenian Hall.
7:00—Current Events Class, Dr. Queener review the news, Bartlett Hall.

Tuesday, February 24

7:00—Prelim: Scrubs vs. Maryville High School.
8:00—Basketball game with Tusculum.

Wednesday, February 25

6:40—Prayer Meeting, Bartlett Hall.

Thursday, February 26

6:30—French, German, Pre-Med Clubs, Spanish and Art Club joint meeting, Ministerial Association meeting.

Saturday, February 28

7:00-8:00—Experimental Theater Presentation.

Exchange

By ROBERT FRANCIS

Laugh, and the class laughs with you.
Laugh, and you laugh alone.
The first one was the teacher's joke
The second was your own.

"There goes another pupil," said the professor as his glass eye rolled across the floor.

Daffynitions —

Grass widow: The wife of a vegetarian.
Pauper: Your male parent.
Thirsty: Day after Wednesday.
Champion: A sparkling wine.
Blood vessel: Private ship.
Climate: The way to get up a tree.

Customer (in a drug store on Sunday morning): "Please give me change for a dime."

Druggist: "Here you are. I hope you enjoy the sermon."

—Widow

Professor: "I won't begin today's lecture until the / room settles down."

Voice from rear: "Go home and sleep it off, old man."

—Cavalier

Lady (to little boy): "My dear, does your mother know you smoke?"

Small boy: "Madam, does your husband know you speak to strange men?"

Up to the age of sixteen a lad is a Boy Scout; after that, he's usually a girl scout.

—Newberry Indian

"Who is the fellow with the long hair?"

"He's the sophomore from Yale."

"Oh, I've often heard of those Yale locks."

"Officer, catch that man running there. He tried to kiss me!"

"'Sall right, miss. There'll be another along in a minute."

—Watchman Examiner.

"Jack says he married for beauty and brains."

"Oh, then you're not his first wife."

—Artesian Herald

"What would you think of a soldier who went to battle without rifle or ammunition?"

"I would think he was an officer, sir."

"Did you interview the Congressman?"

"Yes."

"What did he say?"

"Nothing."

"I know that—but how many columns of it?"

Students, Faculty Register For Draft As Many Are Called

On the last registration date, February 16, 70 students, 5 faculty members, and 3 townspeople registered at the Personnel office. In addition to the men who may be called as a result of this recent registration to military service, Tom Stahl, John White, Lloyd Shue, Phil Vance, Hilton Wick, Bruce Wilds, Clif Pool, Jack Gilmore, and Laurence Robinson have already been taken for various forms of service.

Theta To Hear U-T Students Tonite at 6:15

Theta Epsilon will meet Saturday at 6:15 in the Theta rooms.

Two students from the University of Tennessee will provide the entertainment. Miss Sue Waddell will present a variety of semi-classical piano selections. Miss Martha Ferror, a former student of Maryville and member of Theta, will sing the following: "The Kiss", "I Love You Truly", and "The Indian Love Call."

Burgreen's Bandits Play At Bainonian

"They'll be comin' round the mountain" tonight at Bainonian Hall. Charlie Burgeen and his neighbors are Comin' — music, jokes, and everything to amuse all the gals around that neck of the woods at 6:15 p. m. The latch string will be hangin' out, so come ever'body.

Law Club Thursday

The Law Club will meet at 6:30 February 26 in Alpha Sig Hall. Jack Kramer will be in charge of an unannounced program. Plans are being made for a mock trial to be held on March 7.

SPORT ECHOS

By TED PRATT

ECHO SPORTS

Tonight marks the close of another successful wrestling season. The Davismen wind up their active season with a meet against the Vanderbilt Commodores in Nashville. If a victory is turned in by the Men-in-Garnet, they will have again achieved the distinction of State Collegiate Wrestling Champions.

The basketball squad has two remaining obstacles over which they must pass. Tusculum brings its cage quint here on next Tuesday night, and the Scots visit Carson-Newman on the 28th. That Scot-Eagle clash will bring to a close a season of few ups and many downs by a cage team that has suffered tough breaks.

Coach Fischbach's swimmers have but one engagement remaining on their schedule. They have in store for themselves their long-awaited trip to Berea, Kentucky, where they meet the Berea College aquatic men in their final encounter. The agony of that last relay in their past Berea meet should spur them on to a deserving victory over their blue-grass opponents.

SPRING FOOTBALL

Around the first of March is the date set for spring football practice. According to Coach Honaker, football practice will begin then and continue for four or five weeks. All old football players and especially any new men interested in football are urged to come out for this training period. Although previously crowded out by track and baseball, the spring practice will be held this year and it is hoped that a good number of old and new gridmen will take advantage of this extra training season.

CALL OF THE COWHIDE

Again "America's favorite sport" season rolls around at Maryville College. The Highlanders baseball squad will swing into action in less than ten days. "It is possible," says Coach Honaker, "that we'll work the baseball and football squads together for a short period of limbering up and getting into shape before splitting up for intensive drill." The schedule will include most of the Scots' regular opponents with the addition of the Eagles of TPI. As in other sports, the Orange and Garnetmen will again be weakened by the necessitated absence of many veteran players. All baseball players, old and new, will shortly be given the opportunity to show their stuff, and are asked to be on the lookout for announcements.

"THE THREE BAIRDS"

Worthy of our note and interest is this write-up by the Ohio State Journal of Columbus, Ohio.

The Frank Baird family at Kilbourne (unincorporated) in Delaware County, Ohio, doesn't do things by halves. Back in 1938-39, the three sons, Weldon, William and Boydson, played together on the Maryville College basketball team at Maryville, Tennessee.

Now Weldon is an ensign pilot in the navy; William will have the same rating in June when he graduates at the Corpus Christi base, while Boydson barred from flying by a slight color blindness, is an army air force mechanic.

William, now 24, is the lad who set the present half-mile record of 2:01 in the 1935 Class B state high school track meet. The older sister of the lads, Helen Louise, is a nurse in the army medical corps, holding a rating of lieutenant.

All three boys were athletic leaders at Brown High and at Maryville College, where they were known as "Big", "Little" and "Baby". Weldon was graduated from college in 1938, and the other two in 1941. Miss Baird is a graduate of Henry Ford Hospital, Detroit, and served as a surgical nurse at several other institutions.

And Mother Baird, when told by a reporter that he desired to interview her, answered: "You'll have to hurry. I'm going out to help raise Red Cross funds. Kilbourne hasn't quite reached its quota." Lady Baird and her fighting brood rate a 21-gun salute."

Basketball Team Comes Through in 36-27 Win over TVA

Led by Ray Lillard who went off on a personal scoring spree that netted 19 points, the Maryville Scotties got back into winning form last Saturday by trouncing the TVA team 36-27. Lillard was ably assisted in the task of setting the visitors to rout by Gordon Webb, who poured in 9 points to combine with Ray to outscore the entire TVA aggregation. Coach "Little Lombe" Dave Smith used all of his 13 man squad in the fray. Dave and Stan Menning took care of the coaching duties for Coach Honaker who was not able to attend the game.

There was little doubt as to the outcome of the game when the Highlanders began to turn on the steam right after the opening whistle. Ray Lillard and Gordon Webb began to hit the hoop and the victors were never headed.

The summaries follow:

Maryville (36)

	fg	ft	pf	tp
Webb, f	4	1	0	9
Lillard, f	9	1	2	19
Menning c	1	0	1	2
Taylor g	0	0	1	0

TVA (27)

	fg	ft	pf	tp
Brick, f	1	0	1	2
Simpson f	0	0	1	0
McGehee c	3	2	0	8
Myers g	1	2	1	4
Martin g	1	4	2	6

Subs: Maryville: Roseborough, 2; Solomon, 4; Meineke, Breazeale, D. Smith; Miller, Brand, Honaker.

TVA: Pope, 3; Hickson, 4; Becker.

Referee: Farmer.

Matmen Meet Vanderbilt Tonight As State Wrestling Title Nears

Davismen Down U-T, Knox "Y", In Easy Meets

Tonight at Nashville, the Maryville Scotties will meet the Commodores of Vanderbilt University in a wrestling match that will decide the Tennessee intercollegiate championship. A victory for the Scotties will give them undisputed possession of the coveted title, while a Vandy victory will give the two teams joint possession of the crown. Both squads have defeated the University of Tennessee and Knoxville YMCA to earn a crack at the title. Maryville downed Vanderbilt 19-9 in a close match on the Scottie floor earlier this season. By virtue of this win, the Highlanders will rule slight favorites, but the fact that the match takes place on the Vandy mat makes the outcome impossible to predict.

McCord, Justus, McDaniel, Suitor, and Richards are being counted on to come out on top tonight, for all of these athletes won their matches in the first Vandy encounter. Murrin, Ballinger, and Wilson will probably round out the list of Scottie starters.

On last Saturday evening, the Davismen journeyed to Knoxville for a match with the YMCA team and came home with an easy 36-0 victory. McCord gave his mates a five point lead in the first match of the evening as he pinned Woodburry early in the second period, the official time being 3:17. Bob Smith, wrestling Bates in the 128 pound bracket, won a close 4-2 decision for his first victory in collegiate competition.

In the 136 pound class, the brilliant Horace Justus was held to an 8-5 decision by Meisenheimer. McDaniel pinned Fox in 2:55 of the opening period, making the count read 16-0 for Maryville at this point. Warren Culver, wrestling in the 155 pound class pinned High in the good time of 3:22, and Ed Ballinger followed with the quickest decision of the evening, a 2:50 job done on Elkins of Knoxville. Freshman Lloyd Anderson, wrestling for the first time in college competition, flattened Murphy in 6:30. Big Andy Richards finished the very successful evening by downing Walker for the second time in 4:10.

Al Murrian defeated Knoxville's Fujii in a preliminary exhibition match, effecting a pin in 6:25. This was Maryville's second victory of the season over the YMCA matmen. The performance of 3 freshmen: Lloyd Anderson, Al Murrian, and Bob Smith—was especially encouraging and indicates good mat prospects for the 1943 Scotties, draft boards willing.

Maryville wrestled against the U-T Vols Wednesday evening in Knoxville, and took a 23-9 decision with several second-stringers seeing action. McCord opened by decisioning Webb 7-0. McCord opened fast and was clearly in command of the situation from the start, but Webb managed to evade being pinned. Al Murrian followed by pinning Fundinger in 7:17. This was Murrian's first pin in regular competition ,and he showed much improvement over his early season showings.

Justus pinned Harness in 4:16; but Warren Culver, wrestling at 145 in the place of Capt. Dave McDaniel, lost a 10-4 decision to Papuchis. Culver got off to a bad start, but recovered nicely to last the distance and avoid being pinned. Joe Suitor pinned his opponent, Cullum, in 4:56. Freshman Wiley wrestled in the 165 pound division, substituting for Ed Ballinger, and came out on the short end of a heart-breaking 7-6 decision. Wiley scored several near-falls that might well have been called pins, and his showing in this match was quite encouraging despite the fact that he was defeated.

Mack Wilson, 175 pounder, pinned Seneker in 8:29, but Big Andy Richards was decisioned by Brandau. Brandau barely managed to edge out Richards 11-9 in the first match between these two teams, but he has apparently improved a great deal and the score this time was 9-2.

Trevor Willioms of Maryville downed Sayas of U-T in an exhibi-

(Cont. on Page 4)

Little Men of LMU Again Down Scottie Hoopmen

Four little fellows and one big fellow from Lincoln Memorial University took their second basketball game of the season from the Scottie hoopsters last Tuesday night at the LMU gym by the score of 39-33. The railsplitters were again paced by their lanky center, Huskey, who knocked the bottom out of the bucket eight times from scrimmage and 4 times from the free-throw line to pile up the impressive total of 20 points. Ray Lillard was the big Bertha for the Honakermen. He dumped in 18 points on 8 field goals and 2 freeshots.

The game was better played than the brawl staged at Alumni Gym a week ago. The Highlander passing and floorwork showed a marked improvement, but the inability to hit the bucket cost them the game. Lloyd Taylor took over control of the backboards with the Scottie forwards, with the exception of Lillard, having a hard time finding the basket, therefore the effort was wasted. The tiny LMU guards were able to work in through the Maryville defense time after time to set their big center up for a bucket shot or a tap-in. When that could not be done, they simply pocketed the long ones themselves with remarkable accuracy.

—V—

Scots Edged In Thrilling Pool Battle, 42-33

In a thrilling, nip-and-tuck battle that was not decided until the final event, the Berea College swimming team grabbed off a 42-33 victory over Coach Fischbach's mermen in the college pool last Tuesday afternoon. Leading by two points going into the 400 yd. freestyle relay, the Kentucky tankmen staged a grand stand finish by copping the race to clinch the meet.

The Scottie swimmers showed a great deal of improvement over the out-classed aggregation that went in defeat before U-T. last week. Freshman Charlie Colville continued his winning ways by churning the aqua for a close triumph in the 50 yd. freestyle and by taking a second in the 100 behind Frank Miller. In the 150 yd. backstroke Horace Scherer came from behind in the last lap to stage a Frank Merriwell finish and take the most thrilling race of the evening. Andrews of Berea jumped to an early lead, but our Horace gained steadily until he drew ahead of his opponent in the home stretch.

Tom Mize made Coach Fischbach less mournful about the loss of Frank Cross by flashing championship style in the diving. Tom's wave-splitting demonstrations earned him diving honors for the third time in three meets, having succumbed only to Tennessee's Billy King. Charlie Colville is the only other scottie with more than one win to his credit with first against Tusculum and Berea.

With a win needed by both teams in the last event, the 400 yd. freestyle relay, the swimmers went all out for victory. Allan Moore held onto a slight lead for two of his four laps, but tired at the end and gave the visitors a lead that was never threatened, although Charlie Colville and Frank Miller put on speedy shows.

Whitaker was the best for Coach Genkler's men with a victory in the 220 and a second in the diving event. All of the Berea men did not profit by the victory, however, for the manager was given a ducking by the jubilant winners.

The summaries follow:

300 yd. Medly—Berea time, 3:44.

220 yd. freestyle Whitaker (B) 2nd, Robertson (B) 3rd, Sidner (M) time 2:54.

50 yd. freestyle—Colville (M) 2nd, Cloyd (B) 3rd, Fillmore (B) time 0:27:7.

Diving—Mize (M) 2nd, Whitaker (B) 3rd, Smith (M).

100 yd. freestyle—Miller (M) 2nd, Colville (M) 3rd, Maltby (B) time 63:2.

150 yd. backstroke Scherer (M) 2nd, Andrews (B) 3rd, Dickerson (B) time 2:19:3.

200 yd. breaststroke—Thomas (B) 2nd, Crews (M) 3rd, Waggett (M.) time 2:54:5.

440 ydd. freestyle Robertson (B) 2nd, Sidner (M) 3rd, Elwell (M) time 6:48:3.

400 yd. freestyle relay Berea—time 4:32.

It's Tonight — That Big Parade of Champions!

(Special to the Echo)

Well, I just got back from the gymnasium where this Intramural Festival is going on tonight. Last year we had a big Festival but this year it looks even bigger. Coach Fischbach was showing me the program, and it looks like a real show.

We've been hearing all sorts of wild predictions about who had this basketball tournament in the bag, but tonight in the Alumni Gym we get the answer. At 7:30 Alpha Sigma's stars encounter those mighty Celtics in the Championship game. Both of these teams have an excellent record behind them, and we are not anxious to get out on a limb to name the winner.

While these basketeers are preparing for the kill, at the half (about 8 o,clock) the finals in the Foul Throwing Contest will be run off. There may be a couple of dark horses in this race, but anyone will have to hit pretty good to beat O. Van Cise with 24 out of 25 shots.

Meanwhile, at 8 o'clock there will be a swimming and diving exhibition in the Pool for those who enjoy activities in the water. Or, if you don't care for that, step up to Bartlett Gym to see the 1st and 2nd All-Star Volleyball Teams printed in the Echo last week, bat the ball in each others face.

By 8:45 we will know the Basketball Champions for the year, and just about that time a couple of other championship matches will be played off in the Gym. At one end of the floor, we can see a nip and tuck battle between those wizards of the paddles, Ted Pratt and O. Van Cise, as they settle their feud in the table tennis tournament. At the other end of the gym will be Bob Calvesbert and Bill Henderson at sword points to decide still another championship. As the hands of the clock point to 9 o'clock, Mr. Morton and Mr. Burris tangle fists to give us one of the many highlights of the evening with a fancy boxing exhibition.

And then folks, get ready for the highlight of highlights, the thrill of thrills, the studendous event of this great evening—"Tiny Tim" Chambers and "Man Mountain" Tibbetts. Yes sir, it's what we all came to see. 9:15 it is and what a match! "Rastling Tiny" is on there strong, but this corner gives the edge to "Man Mt." His work-outs have been truly exceptional. And what is more in this wrestling match, "Honest Al" Baxter will be the referee. "Honest Al" has promised to keep things just as dirty as possible with no holds barred. What a match!

That isn't all. About 9:30 we have the Annual Championship Relays. All the societies, the "M" Club, the Preachers, the Choir, and the others have teams entering the race, and we are certain to have some keen competition to top off this gala affair.

Well, it's 5:25 and I see I have just time to slick down my hair and rush over to Pearsons for those hotdogs. Also think I'll grab a date to see this Parade of Champions tonight. It's the Intramural Festival for me!

—V—

INTRAMURAL DOPE

BASKETBALL

Alpha Sigma 48 Athenian 21

Celtics 18 Dodgers 13

On Tuesday afternoon of this week the champions of both leagues were decided. At 4 o'clock in the Alumni gym, the powerful Alpha Sig Dudes completely humbled the ragged Athenians in a lop-sided contest. The Dudes' man-for-man defense proved to be entirely adequate on the big floor as they held the Athenian point-getters to a limited total. On the other hand, the Athenians used a shifting zone defense, which enabled their fast-breaking rivals to score at will with both crip and set shots. Again Turk Graham and Bill Sweeney led the winners' attack by scoring by themselves more than enough to beat the faltering Athenian team. Following are the summaries:

Alpha Sigma 48
Sweeney 13
Graham 15
Mitchell 6
Spears 4
Rock
Subs: Howard 6, Lord 4.

Athenian 21
Foreman 3
Crawford
Cooper 6
Van Cise
Pratt 6
Subs: Stevens 6, Hunter.
Officials: Sam Pemberton, Bob Bayless.

The 5 o'clock game to decide the Independent League Championship proved to be a much better game, although it lacked the spirit of the earlier one. Norm Hooker's Celtics pushed in five points more than the Baylessboys could score. It was a low-scoring game which featured fast passing attacks by both teams and efficient man-for-man guarding Both teams played good hard ball but found scoring opportunities few and far between. Summaries follow:

Celtics 18
Talbott 5
Easter
Hooker 4
Miller 6
Edwards 2
Subs: Pepper

Dodgers 13
Bayless 2
Ezell 5
Evans 1
Pemberton
Pierce 5
Subs: Faulkner
Officials: Wayne Stevens, Ken Cooper.

FINAL PLAY-OFFS—CELTICS VS. ALPHA SIGMA—Festival Tonight.

FENCING

This sport too, has progressed steadily and rapidly. Since this was a double elimination tournament, the winners side was completed to the finals, in which Bill Henderson forfeited to Bob Calvesbert, and then the loser, Bill Henderson, was transferred over to the losers side of the brackets to fence the winner of the losers' side. In the semifinals, Bill Henderson defeated Jim Manning, and Bob Calvesbert defeated Bill Jarnagin. Henderson then defeated the winner of the losers' side, Bill Jarnagin, to gain the privilege of competing against Bob Calvesbert in the finals. Both of these boys are reported to have exceptionally good form and the match should be the best and the closest of the season.

FINAL MATCH—Bob Calvesbert vs. Bill Henderson—Festival

HANDBALL

Out of the quarterfinals which were composed of Schwartzwalder, Richards, Watkins, Henderson, Sweeney, Van Cise, Bayless, and Mr. Peiper, emerged a combination which showed the different qualifications needed for good handball. Heavyweight Richards met Rookie Van Cise in the finals Tuesday night in a tough battle. Ollie Van Cise, because of his greater ability to move around quickly and his two-handed ability, defeated the slashing "Big Red" in two hard-fought games. This gives Oliver the College Handball Championship for 1941-42. Congratulations, Van!

SWIMMING

The Annual Intramural Swimming Meet will take place in the college pool around the middle of March. Unlike last year's meet which featured team competition, this year's meet will be open to all men of the college, excluding versity swimmers, of course. There are again definite requirements before one can enter. A careful check will be kept on the necessary four practice sessions previous to the meet. Eleven events will be offered with different distances for the various strokes. There will be competition in fancy diving also. Watch this column for further data.

FOUL THROW

Out of the eigthy-five individuals who competed in this event on Wednesday and Thursday of last week, sixteen were successful with qualifying scores of 18 or above. Each contestant shot two rounds of 25, with their highest score determining whether they would shoot in the finals tonight. Those who made 18 were Bob Smith, Weiss, Crawford, Ezell, Faulkner, and F. Miller. Three fellows made 19: Hedges, Evans, and McDaniel. Only Burgquist and Purvis could sink 20, while five were able to sink more than 20 of their 25. These latter were Bayless, Van Cise, Fischbach, Betsy Watkins, and Stevens. The competition is sure to be keen tonight when these 16 sharp-shooters take the floor.

Clothes, like George Washington, never tell a lie. They speak the truth as to what you are.

FACULTY FEATURE . .

(Cont. from Page 1)

B. O. is Bachelor of Oratory and Mrs. West has that degree.

LL.B. is a degree which both Mr. Dollenmayer and Mr. Pieper have and since they both received it from Law school I presume it must have something to do with law.

B. D. is a degree held by Dr. Case, Prof Dollenmayer and Dr. Gates who received it from Presbyterian Theological Seminary in Chicago.

4. The three 1941 additions to the faculty were Prof. Barker, Dr. Stellwagen, and Miss Lane.

5. Seven of the faculty have degrees from U-T.

6. If you can't guess you don't deserve to know this answer.

7. Mrs. Nita E. West has served on the faculty for the greatest number of years. She came to Maryville in 1889.

8. According to the 1941 Maryville College Bulletin (which is where all these answers came from anyhow) there are 12 members of the college faculty with Ph. D. degrees.

9. May I suggest looking in either the Dictionary in the library or in the college bulletin?

10. Miss Davies—Biblical Seminary of N. Y.

Dr. Orr—Lane Theological Seminary in Chicago.

Dr. Case—Presbyterian Theological Seminary in Chicago.

Assoc. Prof. Dollenmayer—Presbyterian Theological Seminary in Chicago.

Dr. Gates—Presbyterian Theological Seminary in Chicago.

Asst. Prof. Kiger—Lane Theological Seminary.

Mrs. Cummings—Biblical Seminary of New York.

11. Dr. Davis and Assoc. Prof. Colbert received some book larnin' in Missouri. Asst. Prof. Pieper received a degree at the University of Texas.

12. This is strictly a problem for math majors. If there are 49 faculty members and almost each one came to the school in adifferent year and they started to come in 1889 and are still coming how long has each one remained and if not, then why not? It's a most bewildering problem. We quit after three trials. The first one said 15 years. The next was 2 years, and the final trial said that 7 years is the average term of service for a faculty member. Now figure it for yourself. Add the total number year of service and divide by the listed number of members.

V

OLD SPICE MURDER

(Cont. from Page One)

Jamarik and Stresbley is worthy of another chance. The next time Jean Barnes' sister comes to Maryville, we recommend Paul and Lawrence for the job of writing OLD SPICE. Despite the old jokes, the dirty dirt, and the otherwise undesirable news, the attempt was a success. I think they deserve another chance. How about it, Echo staff?

V

Pre-Med Club Meets

The Pre-Med Club held its regular meeting last Thursday evening in Science hall. Bill Henderson, chairman of the program committee, presented three pre-med students who gave talks on subjects of interest to medical students.

The following gave reports: Wesley (Tex) Lochausen, who talked on Nutrition; Ted Holman reported on Cancer; and Charles McCammon gave a report on Infantile Paralysis.

Since many Maryville students will soon be in medical schools, pre-med students should attend these meetings regularly.

Faculty Members Attend Chattanooga Synod Meeting

Last Tuesday, February 17, the Synod of Tennessee of the Presbyterian Church in the United States of America met at a specially called meeting at Chattanooga and took important action in concurring in the report of a special committee concerning the merger of the three synods of Alabama, Mississippi, and Tennessee into one synod. The Synods of Alabama and Mississippi had previously concurred in the report.

As a result of this action, an overture will be sent to the General Assembly, which will meet in Milwaukee in May, asking that the three synods be merged into one.

President Ralph W. Lloyd, Dr. Horace E. Orr, and Mrs. D. W. Proffitt went to the Synod meeting at Chattanooga. Mrs. Proffitt and Dr. Lloyd attended meetings of the Program Committee of the three synods and the synodical Societies and the Tennessee Synod's Committee on United Promotion.

Dr. Lloyd is chairman of both of these committees and Mrs. Proffitt, as President of the Tennessee Synodical Society, is a member of both committees.

The next annual conference will be held here at Maryville College Campus in June.

APOLOGY

The picture of the College Choir that appeared in the last issue of the Highland Echo was published through the courtesy of the Knoxville Journal. . . We regret that this recognition was omitted.

V

WRESTLING . . .

(Continued from page 3)

tion match pinning the Knoxville wrestler in 7:49. Williams also showed a great deal of improvement and is another of Coach Davis' outstanding freshman prospects.

The wrestlers left Maryville yesterday morning, and have been resting in Nashville today in preparation for tonight's match, their most important one of the season. If the Scotties manage to defeat Vandy, it will be their second consecutive state title under Coach Davis, carrying o nthe wrestling tradition begun at Maryville by the late Coach Bob Thrower.

Probably starting lineups for tonight's matches are as follows:

MARYVILLE		VANDY
McCord	121	Blackburn
Murrian	128	Burris
Justus	136	Hutton
McDaniel	145	Brown
Suitor	155	Tipton
Ballinger	165	Frierson
Wilson	175	Alder
A. Richads	Hvy	J. Richards

President Lloyd Presents Fifth In Radio Series

On the regular Radio Vespers program tomorrow night at 9:30 Dr. Lloyd will deliver the fifth message in a series of ten messages from ten key chapters of the Bible. His topic this week will be "Some Observations Concerning Life and Conduct." His text will be the twentieth chapter of Proverbs.

The college choir will render the two anthems, "Deep River," arranged by Burley, and "Now Let All the Heavens Adore Thee," by Bach. The prayer response this week will be the Lord's Prayer, and the hymns sung will be "Soldiers of Christ Arise" by Charles Westley and "Jesus, Lover of My Soul."

V

Cotton Club Plans Musical Program

The Cotton Club, which is composed of students from Georgia, Florida, and Alabama, will meet this coming Monday at 6:35 in Athenian Hall. Because of the postponement of the last meeting, the previously planned program of entertainment will be presented. Camille Brent will play the accordion, and Peggy Lawson will sing several songs.

President Dick Watkins announced that the club will vote on the adoption of a new constitution which was drawn up by a committee composed of Gabriel Williamson and Peggy Caldwell.

Spanish Club To Elect New Officers

Spanish Club will meet Tuesday, February 17, in Dr. Stellwagen's classroom for an important business meeting. A few new officers will be elected and the new constitution will go into effect. Aura Santiago, president of the organization, will conduct the meeting, and Dr. Stellwagen will lead the entertainment.

V

Mrs. Queener At Y. W.

At 1:30 Sunday, Feb. 22, in the Y. W. rooms, Mrs. Queener will speak on "A Family of Four—The Nickel Less Family."

James Manning will sing and Ruth Duggan will accompany him. Ruth will also play the prelude.

Election Scheduled At Nature Club Meeting

President John Baptiste of the Nature Club announces that there will be an important business meeting of the Nature Club in the organic chemistry lecture room at 6:35 next Monday evening. Baptiste has had difficulty in getting all the members together lately and urges all to attend in order that several new officers may be elected and the program committee get under way.

V

Knoxville Pastor, Dr. F. F. Brown To Speak Wednesday

On Wednesday morning at the chapel service the speaker will be the Reverend Doctor F. F. Brown of Knoxville.

Rev. Brown is the pastor of the First Baptist Church in Knoxville. He has been in Knoxville and an active worker in community enterprises since he accepted his present pastorate in 1921. He was graduated from the Southern Baptist Theological Seminary. In 1929 Rev. Brown had his book, "This Is My Church," published.

VOLUME 27 MARYVILLE, TENN. FEBRUARY 28, 1942 NUMBER 21

Prize Winners In Women's Smoky Mountain Debate Tournament

Women's Teams Place First In Smoky Mt. Forensic Tourney

8-Point Peace Plan Question Debated

At the Women's Smoky Mountain Tournament held at Virginia-Intermont College in Bristol, Virginia, four members of the Varsity debate squad participated in the various speech events. Upholding the affirmative side of the question Resolved that the Democracies should form a federation to establish and maintain the Roosevelt Churchill eight points, Margaret Clippinger and Natalie Yelton debated in three rounds winning all three. Similarly the negative team composed of Mary Wintermute and Phyllis Anne Cain won all three of their rounds. Although other teams came through likewise Maryville was the only school to have both teams finish without a loss.

Mary Wintermute placed second in poetry reading and extemp; Natalie Yelton won third in oratory and had the highest individual ranking among negative debaters; Phyllis Cain placed second in oratory, third in Extemp and highest ranking among affirmative speakers in debate.

Seven colleges, each entering two teams and permitted two contestants in other events, participated. They were Virginia Intermont, Mars Hill, Tusculum, Carson Newman, Hiwassee, Lees McRae, and Maryville.

V

Rehearsal of "In A House Like This Progresses Rapidly

Moore, McCartney, Morely, Beaver, McDaniels, Star

With the completion of casting and the beginning of strenuous rehearsals, the Athenian-Bainonian Midwinter production, "In a House Like This", has gotten well under way in its evolution to a finished production under the veteran direction of Mrs. Nita Eckles West.

Written by Lewis Beach, "In a House Like This" is a three act comedy with several unusual features. The cast numbers fully thirteen persons and five of these characters are of almost equal importance. Thus "In a House Like This" is a five star production. These five characters are: Mr. and Mrs. Ingals, paternal and maternal ancestors of the younger Ingals (respectively) are portrayed by Gerald Beaver and Troye Moore. The rest of the family, the twins, Lois and Bradley Ingals are presented by Rose Cartney and David McDaniel, and indomitable Granny (Mrs. Bradley) will be played by June Morley .

Seven of the eight additional charters support these five as relatives, friends and neighbors, as well as business associates of the family; and the eighth is none other than that domestic confidant of long standing, the cook.

These characters are Ronald Murdock, portrayed by Benjamin A. Lynt; Julia his mother, by Nancy Russell; Mary Clurman by Mary Wintermute; Noel Derby by Richard Watkins; Dotty Faire by Ellen Pascoe; Giles Whitaker by Charles Forman; Hugh Ingals, by John Scott; Rhoda, by Roberta Lochausen.

The theme of the play will be recognized without further word by those familiar with its forerunner, "The Goose Hangs High." It is family life in all its complexities in this modern age; its quarrels, loyalties and perplexities which are directed and presided over by a gracious mother and father.

Rehearsals are being held daily, and are becoming more intensive as the date for production, Friday, March 13, draws nearer, and the preliminary work of committing the play to memory is concluded.

Student Vols To See Pictures Of Work-Camp Project

Malcolm Thompson will show slides and comment on the Presbyterian Work-Camp project, which operated under the Presbyterian Board of Christian Education, at the Student Vol meeting Sunday evening, March 1st.

This work-camp was established during last summer for a period of six weeks in Burnsville, North Carolina. The camp was locally arranged through the Ashville Farm School at Swannanoa, North Carolina.

Malcolm Thompson was there this summer contributing his services in various capacities. The project was in general a combined religious and social service work for the mountain area. Whole families attended the school. Part of the work was in cooperation with the county agents; other work consisted of teaching Bible school and light accademic subjects, and helping in the building of a church.

V

Sophs. Present Program Tonight

Kiddie Party Will Be Entertainment

Tonight at 8:15 the Sophomores will present entertainment for the college in the Alumni Gymnasium in the form of a Kiddie Party. Those on the program will cast aside all the worries incident to the wearying task of getting an education, and they will return in dress and in spirit to the carefree days of kiddiehood. The whole school is invited to come to watch them, and perhaps to catch the carefree spirit themselves.

On the program will be Kiddies Charlie Burgreen and his Hillbilly Band; Jerry Beaver, who will present his novelty interpretation of "Little Red Riding Hood", and the College Quartet; and Mary Wintermute with her dancers' "Parody on Modern Dancing." Four couples will hold a jitterbug contest. Joe D'Antonio will be master of ceremonies.

Announcement Of Student Marriages Has Been Received

Mr. James R. Smith has announced in a recent communique from the Public Relations office, information concerning the marriages of several recent Maryville College graduates.

Lieut. Charles E. Baldwin, class of '41, and Susanna Stevenson, ex '41 were married February 8 at Dean Field, Midland, Texas. They were the first couple to be married in the chapel at the "bombardier college."

Suzy Allen, class of '40, was married to Lieutenant Jack Dodd, in West Palm Beach, Florida.

Phyllis Jean Gessert, class of '38, was married on October 18, 1941 in New York City to Fred T. Plog, Jr.

Kitty Bennett, '41, was married on December 27, 1941 in Auburn, Georgia to Burt Chandler, ex '39.

In the Broadway Methodist church on February 18, Jean McCammon, '41, was married to Ernest Koella, Jr.

Jack Proffitt and Martha Shearer, ex '41 and '42, were married on February 20 in the Presbyterian church in Maryville.

Bruce T. Walters, '40, was married to Clara K. Walker, ex '40, on January 14, 1942.

Charles E. Walker, class of '39, was married November 6, 1941 to Lucille Carker.

Elizabeth Higgins, 1937, was married on December 15 to George William Gouggel.

Virginia Anne Knighton, class of '40, married Norman C. Halsey on June 25, 1941.

Ada Vesta Williams, '33, was married to Rev. Warner Grayson Rutledge in Newport, Tennessee in January.

Edward Alford, class of '35, married Ollie Harris on November 29, 1941.

Lois Eunice Bernwell, class of '39, was married to Harold P. Straka.

Helen Grace Williams, class of '41, was married to Lieut. Douglas Steakley at Tampa, Fla., on February 5.

A Dismal Ditty On A Droopy Day Or What Is So Rare As Feb. Slush

By CHARLES CHAPMAN

Have you noticed the great feeling of excitement running hither and thither through the air? No? Well, it seems that there was a ball game. Now at this ball game the spirit of the crowd, the spirit of the players, and the spirit of the coaches, was all high, very high. Quite a fighting spirit, they tell me. This was, however, only one form of excitement.

Another cause for excitement (and, alas, great sorrow) was the fact that tests kept creeping in where not wanted. It it were not for the tests, college life would be quite enjoyable, though probably quite valueless, for how else can the professors tell whether they are, or are not getting it across. There is one other way- the blank look on the faces of us poor, innocent freshmen. The upper classmen have learned to mask their ignorance behind a shrewd smile. Even so, a blank paper may not be hidden long by that method By the time this article goes to press (if it does) the author's tests will be temporarily over. Oh happy day!

Third and greatest cause for excitement for the past week seemed to be the weather. Everybody talked about it, no one did anything about it—except the over enthusiastic snowballers who broke windows in Pearson's and Thaw Hall. Our guess would be (if we didn't jolly well know better) that the perpetrators of the loath some deed were Floridians, who in their zealous abandonment to the spirit of the snow, put their hearts into each snowball. Result—broken windows. Pretty hard hearts, I'd say.

I, even I, fell into the snowballing mood. I was lucky. I got away with a wet head and a spill in the slush. No bones were broken.

All this inspired me so that I hastily dashed off a masterpiece—a pome—no less.

A Dismal Ditty On a Droopy, Drippy Day or,
What Is So Rare As a February Day in Tennessee.

The earth that February day,
Turned on its axis, old and gray,
But I, I turned where I lay,
And slept through breakfast, that gloomy day.
The wind blew up, the snow fell down,
The ice was hard (I too fell down).
I like the ice, the snow, and such,
But I'll be hanged if I liked the slush.
The ice was cold, t'was plain to see
The snow upon each bush and tree,
The sun was shining, I suppose,
But where? God only knows.

Another Day—Another Poem

The sun rose cheerily, and then,
Gave a groan and sank again.

Which leads me to relate a conversation I overheard.

I call this item "Icy Talk".

First girl—"Did you fall down on the ice?"

Second girl—"Yes, why?"

First girl—"Do it again. I didn't see it happen."

Such is the effect that brutal weather has on frail human beings.

And so, if you have read this far, I bid you a very fond farewell.

Thoreau's Journals Given To College By Harper Library

Edition Is Almost Unobtainable, No Longer Published

The Jane Bancroft Smith Alexander Collection in the college library last week received as a gift from the A. K. Harper Memorial Library of Maryville, thirteen volumes of Thoreau's Journals.

The College Library has been trying for some time past to obtain a set of the Journals, but since they are now out of print the sets are difficult to obtain. The A. K. Harper Memorial Library of Maryville learned of the efforts of our College Library and last week they presented to the Jane Bancroft Smith Alexander Collection their thirteen volumes.

The A. K. Harper Memorial Library was established by the widow of Mr. A. K. Harper, who was, during his lifetime, a prominent citizens of Maryville. He owned a store which stood where Proffitts' Department Store now stands, and he served at one time as Mayor of the City of Maryville.

Mrs. Alexander was a teacher here at the college for fifty years, serving during part of this time as head of the department of English, and the Jane Bancroft Smith Alexander Memorial Collection was established in memory of her by her students.

It was as a memorial to Mrs. Alexander that the volumes were presented. In the front of each is this inscription: "Presented to Maryville College Library by the A. K. Harper Memorial Library as a memorial to Mrs. Jane Bancroft Smith Alexander. February 20, 1942."

V

Debate Teams Enter Contest

Bill Evans Enters Annual Peace Oratorical Contest

At six o'clock Thursday morning, four teams left the campus to participate in the State Forensic tournament, held at Cumberland University, Lebanon, Tennessee. The two women's teams and two men's teams composed of Janet Lindsay and Kay Liddell, Lucille Lynch and Muriel Ceissler, Henry Wick and William Evans, Charles Foreman and Paul Jamarik will debate both sides of the Labor question.

William Evans was entered in the Peace Oratorical Contest which is a national contest conducted yearly. Last year 38 states were entered in the contest and conducted state-wide competitions. No cash prizes are being offered in the state tournament for this event this year, although it has been the custom in the past. Last year Jack Zerwas, of Maryville, won second place and 30 dollars of the 100 dollars prize money offered at the State Tournament.

The two men's teams that did not journey to Lebanon for the State tourney are preparing to enter the tournament to be held at Hickory, North Carolina on the 5th and 6th of March. One girl's team, composed of Phyllis Anne Cain and Natalie Yelton, will be entered in that tournament also. The men preparing for this contest are Jack Kramer and Ben Lynt, affirmative; Hal Lloyd and Edward Rowley, negative.

The question for debate at Hickory will be the Pi Kappa Delta question of resolved that "The democracies should form a federation to establish and maintain the Roosevelt-Churchill eight points. Each team will debate only one side of the question.

Hal Lloyd and Jack Kramer will enter the oratorical contest with orations on "Lest America Die" and "Correlating Christianity and War."

V

NOTICE

Classes scheduled to meet "a" period Saturday will meet at 8:25 on Wednesday instead. Wednesday chapel will be shortened.

Chilhowean Went To Press Today

Bigger and Better Edition This Year

Bill Sweeney, editor of the Chilhowean, announced that today the last shipment of material was sent to the engraver. This seems to indicate that the yearbook will be ready for distribution about the 1st of May. The book is being printed this year by Benson Co., and the engraving is being done by the Copper Engraving Co.

The Chilhowean this year contains more than it did last year. All the seniors' pictures will be included. The sponsors' pictures are full length instead of the usual portrait. The book contains three times as many pictures this year as last. The main theme for the annual is Scottie.

The Chilhowean costs about $2,000 to print and about $750 for the engraving. Although much of the material that is used in printing the book has gone up in price due to the present emergency, the Chilhowean price remains the same now, as in previous years.

V

Presbyterians To Meet And Discuss Union Of Churches

Last Wednesday, February 25, a sub-committee of the Department of Church Cooperation and Union of the Presbyterian church in the U. S. A. held a meeting in Atlanta, Georgia. On the following day as well as on Friday, this committee met with a similar committee from the Presbyterian Church in the U. S. to discuss developments and possibilities pertaining to a union of the various branches of the Presbyterian Church.

Next week the Department of Church Cooperation and Union will convene in Louisville, Kentucky, March 6, these representatives will March 6 these representatives will meet with similar representatives from the Presbyterian Church in the U. S. to continue the work of the previous week.

Maryville Will Be District Host Of National Extempore Debate Contest

Ten Colleges From East Tennessee To Take Part March 9

50 MEETINGS IN U. S.

Queener Directs Meeting On Inter American Affairs

Maryville College will be the host school to the District Conference in this area of the National Extempore-Discussion Contest on Inter-American Affairs. This District Conference will be held dur- Monday, March 9, and will be at- ing the afternoon and evening of tended by representatives of approximately ten colleges from this East Tennessee area. At the same time 49 similar district meetings will be conducted throughout the nation.

The meeting on the Maryville campus is being sponsored jointly by the Varsity Debate Squad and the International Relations Club and is under the general charge of Professor Verton M. Queener. Representatives of both of these organizations will enter the contest, five from the debate squad and perhaps that many from the IRC. The names of those selected will be announced next week following preliminary try-outs. The nature of the try-outs for the debate squad will be in the way of a panel or roundtable discussion by the entire squad which will take place on Wednesday evening in the debate room at 7:00.

The subject, both on this occasion and throughout the remaining stages of the contest will be inter-American affairs and problems. The organization of competition will consist of groups of approximately ten contentants, each group forming a roundtable. In the afternoon these roundtables will analyze and discuss various phases of the general subject: How can we best implement the Good Neighbor Policy? Previous to this meeting each of the eight to ten members of a roundtable will draw for specific topics all which are connected with the main general idea of Pan-Americanism.

Following the opening discussion each contestant will deliver a five to seven-minute public speech on the particular phase he is to develop. There will be a period for questioning and then final summaries for each speaker. From each roundtable, judges will select two winners on the basis of the greatest mastery of the subject and superior ability in expressing their ideas. In the evening the two winners from each preliminary roundtable (of which there will be three or four) will meet and go through the same process to select two winners from the whole District Conference representing the East Tennessee District.

The program of special topics which will be used in the District Contest and in also the preliminary try-outs held by the local de-

V

Dr. Cotton To Speak In Chapel On Saturday

Dr. J. Harry Cotton, President of the Presbyterian Theological Seminary of Chicago, and also professor of homiletics there, will address the student body in the chapel service Saturday morning. Because Dr. Cotton will be at Maryville on Saturday, there will be no speaker on Wednesday and the chapel service will be of the usual shorter length. The a period on Saturday will be transfered to Wednesday to the period usually taken by the long chapel service.

Dr. Cotton was born in 1898 and graduated from Wooster College in 1921, later attending Princeton Theological Seminary from which he graduated in 1924. He continued his studies at Princeton University and earned the Ph. D. degree which the university awarded him in 1931. Previous to this, in 1929, Wooster College honored this distinguished alumnus by conferring the degree D. D.

For several years Dr. Cotton was pastor of the Broad Street Presbyterian Church in Columbus, Ohio. Last year he was called from that Church to succeed Dr. John Timothy Stone as president of the Presbyterian Theological Seminary of Chicago, where he has served since.

Several years ago Dr. Cotton was selected to act as lecturer to university and mission centers in India, China, and Japan under the auspices of the Cook Foundation In the course of this tour, Dr Cotton circled the globe.

Although only 44 years of age Dr. Cotton has already served in important positions in the Presbyterian Church and holds a commanding position in religious circles through his excellent reputation and service as pastor in Columbus and as president of the Presbyterian Theological Seminary in Chicago.

Maryville Co-eds Accused Of Hoarding Good Rubber In Boots

By LILY BELLE GRIZZARD

Of course when you woke up Tuesday morning, you noticed the same thing I did. Snow, snow, and more snow. Lots of nice gooey,, mushy, slushy snow sprinkling down over everybody and everything. Somehow this snow seems to have affected even the most level-headed people and made them slightly daffy. Or perhaps it wan't the snow that has affected such a change. You have read or heard Kipling's poem "Boots" haven't you? Probably in your younger days you remember some orator dramatically declaiming:

"Boots, boots, boots, movin' up and down again;
Men, men men men go mad with watchin' 'em."

That is the cause for the queer behaviour on this campus. Perhaps because my own feet were cold and damp from slushing around in sloppy snow for the past week, I began noticing other people's foot gear. My research has been deep and thorough, and I have had plenty of material for research. You know the last time it snowed the stores downtown sold out of boots almost immediately. Those rubber boots purchased here do not interest me primarily because their uniformity in color and pattern destroys their novelty. These comments will suffice for them. Their name is legion. They are usually brown in color smooth surfaced, only half knee-length, and strapped across the instep.

The spritelier damsels with more dainty desires in boots wear white rubber boots. The most unusual white boots zip down the side. That serves to break the monotony. But the joy of my life are the occasional pairs of red boots that go trioning along the icy paths of the Hill. And have you noticed the shining black boots worn by Janet and Cherie? You know the ones I mean, the ones worn by well furbished cavalry officers Puzzle: How do they keep those boots so neatly polished in all kinds of weather?

Ah, but wait until you consider the boy's boots. Life is just beginning for you when you contemplate first these delicate articles! Boys have imagination when they select their boots. Don' be hurt, girls, I didn't say what kinds of imagination. They choose dainty articles left from their remote ancestors horror chambers and lumber gaily around with the jingle of unfastened fasteners providing music for them wherever they go.

If instead of articles they have the first pair of hiking boots they ever possessed, they dig those out of the remote recesses of their hitherto unexplored closets and frolic in the snow fights frequenting the campus. The horrible part about hiking boots it that they can be so easily camouflaged. Gallant souls that they are, they dress for dinner for some lucky girl. Preening themselves over their uncalled-for gallantry, they are extremely insulted when the girls, noticing something peculiar in their gaits, peer perplexedly down at the boys' feet and blanch at the vision of boots peeping coyly out from under the trouser cuffs.

The most outstanding and astounding pair of boots yet to torture my inquiring gaze was a pair I studied long today in the library. They were black. They were rubber. They flapped somberly about their wearer's ankles. The nearest thing to a replica of them that I have ever seen was a pair of boots worn by a pirate chieftain in a picture in a story book called CAPTAIN BLOOD.

You just watch them and see—

OOOh. I feel dizzy. Boots—boots—boots—boots—

Readings Given At Writer's Workshop

At the next meeting of the Writer's Workshop, which will be held this Monday at 4:00 in Dr. Hunter's classroom, Miss Elizabeth Jackson, instructor in English, and Ann Gammon will read. Carl Pierce will be the critic.

At the last meeting Cathron Hobbs read an expository theme on the Resurrection, unusual in both subject matter and in its manner of presentation. At the same meeting Helen Rawlings read a short story entitled "Eat, Drink, and Be Merry." Her story was a psychological study presented in the manner of a "stream of consciousness".

V

Student Recital

There will be a student recital on Friday, March 6 at 4:15. Attendance is required of all those students who are studying music for credit. The record of attendence will be taken at the door of the chapel.

On Keeping Up With World Events

Time flys? Ah no, time stands still; it is we who fly. And fly we must in these days when each moment is costly if not invested wisely. A cat, they say, has nine lives; we human beings each have one life, but many times. Time was when we could spend ourselves on time according to our pleasures in this land where we are assured of the rights to life, liberty, and the pursuit of happiness.

But, someone has decreed that our time must change, as times have in the past. Times are hard and times are tense today. Each American is being asked to live each moment to the fullest in our emergency war effort that a time of peace may be with us once more.

Today, as never before in this generation, people in this nation are anxious to be able to see, and seeing, to properly interpret the signs of the times that they may be well informed and well protected.

To that end, a current events class has been organized on the campus, meeting once each week, to discuss for an hour the manner in which the precious moments of the past seven days have transpired. These intelligent and entertaining discussions are conducted by campus leaders, under the auspices of the International Relations Club, which leaders make a point of being well informed.

They are doing a fine piece of work, and deserve much high praise and commendation for it. But, unless student interest increases, thy may no longer feel themselves willing to give their time in this fashion, week after week.

Surely Maryville College, and its student body, are interested in world events which happen outside the campus confines. A little of your precious time, invested in these discussion meetings on world affairs, will surely pay you handsome dividends and be considered wise.

—B. A. L.

As I See It

By JANET LINDSAY

Guest Columnist: PHYLLIS ANNE CAIN

Has anyone ever suggested to you that we have any cause to be thankful for Hitler? Recently I noticed such a statement made by Professor W. P. Maddox in an article appearing in the American Political Science Review. My first reaction was skepticism. However under the surface sensationalism of the suggestion there is a kernel of truth. Hitler has quite unwittingly performed a great service toward strengthening democracy in America. When we couple this idea with the effect of the European conquest on the moral climate of our nation, it is not at all startling. For, before its almost complete annhilation on the continent, democracy was a term assiduously avoided if not the object of active contempt.

Perhaps we do not remember the cynicism of that last post war decade. Everything American, or perhaps I should say everything, was smartly and indifferently scoffed. The keynote or chief tom-tom beater of the times was H. L. Mencken. Walter Lippman called him "the most powerful personal influence on this whole generation of educated people." In his own words Menken was against "all theologians, professors, editorial writers, right thinkers and reformers." He pelted morality and Christian marriage. Furthermore he did not believe that civilized life was possible under a democracy. Politics was just a vulgar mess. This from a man whose magazine was hailed eagerly and clasped under the arms of thousands of young iconoclasts on college campuses throughout the nation. In his informal history of the 1920's Frederick Allen wrote that never before had so many said so blandly, "No intelligent person believes in God anymore."

...ot only was politics a vulgar mess, but their ideal of government was the efficiency of the totalitarian state. Anyone who kept THE SUN ALSO RISEES or NOTES ON A DEMOCRACY on his bookshelves was considered an incurable moron. In 1923 W. E. Woodward coined a word which strikingly pictures this whole age— its actions and feelings. He called them "debunkers." Nothing was sure; the purpose of life was indiscoverable; the ends of life were less discoverable still; in all this fog there was not one solid thing upon which a man could lay hold and say This is real; this will abide.

Then Hitler spread out a shocking panorama in Europe showing just where this cynicism of the twenties and early thirties was taking us. We were amateurs dallying with ideas, blaise theorists anxious only for a shiny chromium finish. But the German was in earnest.

Hitler is applying with terrifying results what we condoned in theory. The cynics scoffed at marriage as a mere convention. National Socialism disregards these vows too except in so far as they boost the birth rate. Otherwise they do not care how many nameless children are born or under what circumstances.

De we still hear the declaration "No intelligent person believes in God anymore?" Nazism threw out God—his churches and the principles they stood for. Tales of the degrading sequel are legion, but the most tragic outrage is the one which is not spectacular and is often overlooked.—The utter denial of truth as a necessary standard for existence. Through the terror and insecurity of a maze of lies a man must hope to contact his government, his associates and even his own family.

No longer do we complain that civilized life is not possible under a democracy as did Mencken. We have seen its alternative. In exchange for equal opportunity to obtain freedom from fear and want, Robert Ley, Head of the German Labor Front, has decreed, "An inferior people have less need for food, shelter and education than a superior one." Thus the Greeks starve and their grain is sent to Germany.

Confronted by such conditions the democracies have been swerved back into a healthier moral climate. Having been jolted out of our moral astigmatism, we are turning now toward respectable ideals based on faith and the belief in the human capacity for growth. We realize that to disregard truth is to base life on shifting quicksands.

With such behind us, we must plan for the future. The only conviction upon which we can work and for which we must strive is that of an ultimate victory for the United Nations. But after that what? When we are victors, the conquors, what then? We have discarded Hitler's technique certainly, but what shall be our course? Frankly I don't know. Psychological upsurges caused by strain and economic exhaustion make conditions unpredictable. But I do know that to think is to act and that the kind of people and what they think guides the course of a democratic state such as ours. This freedom of action determines whether we follow the tolerant spirit of Grant at Appomattox and Wilson at Versailles or whether we follow the lead of such men as Thad Stevens of the Reconstruction Congress and the vengeful Clemenceau of France. This crossroad challenges the strength of our democratic fiber. Shall Hitler's shocking demonstration of the results of vengeance, moral irresponsibility and cynicism merely leave us to think again into the undertow of an unworthy war reaction? Or shall it strengthen our first conviction of the true stature of our inheritance.

Old Spice

By JEAN BARNES

If there's mud and snow a foot deep in front of the Chatterbox, and you've just got to go in, what do you do? Simple, isn't it? Always like to start from the ground and work up to higher and harder things.

Beginning thus with action of a delicate sort, what one needs is a sight of the East-wing-Ballet in full session. Four of Pearsons' piroutte-ers, to wit, Bobbie Persons, Mildred Montgomery, Alice Weatherby, and Irma Criswell have developed a superb, full dress performance that requires fortitude to stand up and watch. The characters are variously termed Crowbar, Toothpick, and so forth from the appearance of the principle parts.

More on this progressive education set up inevitably brings forth the snow maiden. In case you didn't wade out to see her, she reigned from the top of the golf course Tuesday, felt and looked like white marble statuary Wednesday, and waren't no more by soon. Anyway, sculpture class made her Tuesday out of that charming, oh-so-wet snow. She was almost six feet tall, had a lovely cape, and beautiful features in spite of a slightly hardened expression. At any rate she was pretty enough to make people want to repeat the Pygmalion act. Niel Proffitt, Margaret Lowry, and Mildred Montgomery were the artists; and Miss Puriton dashed out every now and then to inspect and grade. And followed a drippy, stocking feet fiesta in the art studio.

Still think the magnificent bit of architecture roommates Callahan and Auten pushed up in front of Thaw hall was for more artistic of course.

Funny we can't have a beautiful layer of snow over things instead of our covering of dust all the time. Be so much more refreshing. Sure was beautiful and very camerafied. Funny too how Carolyn Eberhardt sat right down and made herself at home in it. And funny how a certain car Thursday night got so much more snow on it than anywhere else did.

Wonder what the final decision was. Cylde Nash stood in the Chatterbox puzzling what should you say when two girls come up and want you to help them settle a problem they'd been arguing about. Takes the wisdom of a Solomon. Think he decided the best thing to say was nothing. Fine policy. We follow it all the time.

Have you stopped thinking long enough to admire Mary Thompson's technique for pleating her skirt with test tube holders, Jimmie Hedges' theory on the best way to eat green onions, the savior faire of the Dr.'s Quick-Wit-Calvesbert, Joe D'Antonio's outfit for riding or snowing, Flem Griffiths appearance dramatique in dark glasses, Ken Leishman's discussion of his wife-to-be's status in the ten-girls to-one-boy class in family relations.

And as a minor form of recreation, it's fun to watch the people in the dining hall fall into the clutches of the huge, attracting cactus that just arrived.

If you still haven't, maybe now's as good as any—to dash over to the art exhibit. Most acclaimed the college has ever had, and it's really a jaunt up stair's worth of impressiveness.

Don't know why there can't be more formal breakfasts like there was a week ago. It sure was fun, everything, especially the taking showers, powdering noses, getting socks that matched, and finding roommates in the dark.

And all this snow and war saving time and everything is hard on the—s—birds, isn't it?

Just something we've wondered about since then. Someone came and told us how about a rip roaring editorial on why don't we all wake up on the campus and dash around getting first aid, planning for air raids, and so forth. Reportedly any time now we're going to receive those gentle warnings from Heaven. Just can't help sitting here complacently ourself, but we do wonder what to tell those who are seriously alarmed.

Reminds us, maybe it was a refugee. Ann Mikulich dashed out into the hall the other day holding a something in a blanket in her arms, wanting to know who'd deposited the foundling in her room.

We'd like to echo Joyce Parham's saying it sure was good to see Glenn Hewins on campus and guarantee him hope for best luck and a not-forget-him policy. Glenn answered a rather important invitation to join a purely male house party at Fort Oglethorpe Tuesday.

If you're hungry (but obviously), you might ask Rose Pinneo and Marian Avakian about it. They look mighty comfortable evenings with an apple and a cookie interchangeably doing the hand to mouth existence.

And just to be in style, we'd like to wish Bill Ford a real long "Happy Birthday." Guess it's about a week long now. And anybody slower to "Stand up."! Seems Carl Miller was sort of surprised at Cates the other night when he was Happy Birthday'd too.

Just heard this—Betty Robinson and Charlie Burgreen are engaged—in a sort of a way. Anyhow Charlie's wearing Betty's ring, and they're going to be married in five years, for five years or something strange. Just all of a sudden just like that. And just for an off the record, everybody loved the way the wrestling team disturbed Betty Haines' and P. D.'s Conversation in the parlor.

What?

Don't know why we keep referring to the Chatterbox, unless it's the idol of all our working hours, or something; but anyway someone reminded us we ought to mention the fashion parade that ends there every night. The funniest outfit gets waited on first so they tell us—to relieve the tension as it were. Be a night h'owl, come out in the night, and have fun's the slogan. At any rate, the sight of red striped pajamas trailing humbly below a green and orange flowered housecoat, green corduroy reversible with blue fuzzy bedroom slippers and curlers really helps one to survive the last horrible hour from ten to light out.

And while we're nearing the bitter end, we'd like to say goodbye to schoolma'am Norma Perry who starts teaching school Monday somewhere near Knoxville.

Ach! Pardon a moment. We've just been waylaid with the latest news bulletin. Seems everyone on second floor Carnegie, a certain area with a beautiful name, has started growing a moustache. Attempts feeble, attempts bristly, attempts prodigious, at least everyone's cooperative. And what we're waiting for is the gneral wave of protest and the corresponding prompt change.

And will you reverse the charges, please.

TALK OF THE WEEK ... By Charles Dunning

Extemp. Contest . . .

(Cont. from Page 1)

bate squad next Wednesday evening include: 1. From Inca Empire to Hemisphere Congress; 2. Latin-America's Nine Million Square Miles (Geography). 3. American South (races and population); 4. Latin-American Can Supply It! 5. Rediscovery of the Americas by Americans (cultural contributions) 6. From Aztec Canoe to Pan-American Clipper; 7. The Americas Against the Axis; 8. "More Than an Emergency Undertaking." This list is composed for a roundtable of eight and can be reduced or expanded. Further details can be found in the material posted on the debate bulletin board.

Among the schools included in the East Tennessee area are Carson-Newman College, East Tennessee State Teachers College, University of Tennessee, University of Chattanooga, King College, Milligan College, Tusculum College, University of the South, Tennessee Polytechnic Institute, Lincoln Memorial University, and Maryville College.

Six Regional Contests will be held throughout the nation to which 2 winners from each District contest will be sent with all their expenses paid by the office of the Coordinator of Inter-American Affairs who is sponsoring the whole event. The East Tennessee District is in the Division of the Southeast. Here two winners will again be chosen and sent to the National Finals which will be held in Washington, D. C. Six awards of tours to the other American Republics are planned for national winners.

The broad general objectives for the whole program are to promote inter-American friendship and cooperation, to stimulate a nation-wide study of inter-American affairs, to inform the general public concerning regulations in this area, to formulate solutions for existing problems as well as to implement the Good Neighbor Policy.

According to Dr. Alan Nichols who is national director about 400 colleges and universities are taking part in the contest. "The response has been the greatest in the history of such undertakings among college and university students and is convincing evidence that young men and young women today are fully aware of the importance of the other Americas and of hemispheric solidarity," he declares.

Mr. E. E. McCurry Stud. Council Plan Crippled-Aid Drive

Money From Waste Material Goes To Shriners' Hospital

As announced in last week's Echo, a plan has been worked out to conserve the wasted tin foil and metal tubes for a two fold purpose. The waste materials will be used for national defense and the money from these materials will be used to further the cause of the Shriners' Hospitals for Crippled Children. Boxes will be placed at different places on the campus for the collection of the materials, in the lobby of Carnegie, in the lobby of Pearson's, and in Baldwin.

The Student Council is working out the plan in connection with Mr. McCurry, who has pledged his aid for the city of Maryville, to the shriners of Knoxville.

W. Freeland Kendrick, mayor of Philadelphia, is given credit for the vision of Brotherly Love and Mercy which resulted in the establishment of the Shriners' Hospitals for Crippled Children. The First Hospital was opened September 16, 1922 in Shreveport, Louisiana. The number of patients received in wards of Hospitals from the beginning to February 29, 1940 was 30,579. The number is steadily increasing each year. Funds coming to the Hospitals are used only for medicine, braces and boots for the cripple children. Doctors donate their services and the railroad companies give free passage on the trains for the necessary moving of the children.

Children born with clubbed feet, other deformities of the legs, arms, or body; infantile paralysis victims; children with bad burns or other accidents are cared for, corrected, and healed with the aid of nurses, doctors, and all the corrective measures of modern science. Children who enter these hospitals with deformities which seem impossible to aid come out to take their places in life for usefulness and helpfulness to others.

These quotations from the shriners hospital booklet, typify their ideals:

"Nothing in this wide world presents a more worthy appeal for assistance than that of the Crippled Child."

"To the glory of God, and to all humankind, regardless of race, creed, or color, the Shriners' Hospitals for Crippled Children are dedicated."

"Inasmuch as ye have done it unto one of the least of these my brethern, ye have done it unto me." Matthew 25:40.

Schanck Elected Triangle Club Pres.

On Monday night Triangle Club members gathered in Alpha Sigma Hall and elected new officers for the rest of the semester. The club elected Marion Schanck president, Betty Jane Miller, vice president, and Gilbert Weiss, secretary. The election of a treasurer was overlooked. Three program secretaries were elected, Viola James, Bill Henderson, and Bob Mair.

The program for the evening consisted in a reading presented by Jordy Meadows.

Dr. J. H. Stellwagen Speaks On Spanish Art At Art Club

At the combined meeting of the Spanish Club and Art Club Thursday night, Dr. J H Stellwagen, assistant professor of Spanish presented a speech on understanding Spanish Art. Dr. Stellwagen said it is difficult to interpret the philosophical and psychological viewpoint of the Spaniards towards art; however, we do know that Spanish paintings show extreme individualism. He said the Spanish painters devote a great deal of their attention to honor, with such passion that they even go to the point of distortion and unintelligence. There is obvious emphasis on portraying the emotions of man, and very seldom does one see works of landscape in Spanish Art. Dr. Stellwagen passed around articles, pictures, and books to illustrate his talk.

The next Art Club meeting will be March 12.

SPORT ECHOS

By TED PRATT

ECHO SPORTS

WE'VE GOT IT

The Wednesday night wrestling match was quite revealing in several respects. It gave our younger wrestlers—our Scottie juniors—an opportunity to meet and feel the thrill of competition. Little Trevor Williams continued his fine work by achieving a fall in the third period. "Smitty", at 128 lbs., had a long tough fight but held the advantage all the way. Freshmen Don Black and George Losher, '35 and '45, fought hard fights but lost close decisions to their Y opponents. These boys look like real scrappers and both should see plenty of action next year. Acting Captain Warren Culver, appearing for the last time on a Maryville mat, turned on the steam to pin his bigger opponent in the third period. Wilbur Chapman, new junior member of the wrestling squad, affected two pins in his extra '55 lb. match, while Don Conkle thrilled the crowd by decisioning his "man-killer". Wiley and Anderson, wrestling '75 and heavy, took their bouts handily. All in all, our five freshmen, two sophomores, one junior, and one senior put on a first-rate show, and unmasked a great mass of wrestling talent that gave evidence of conscientious practice and good coaching.

WE WON!

Everyone had something to say about the Tusculum game. It was a thriller to watch and the Scots battled their way to a well-deserved win over the flustrated Pioneers. Ray Lillard found the bucket for 20 points with his one-hand shots et al. Taylor, as an added attraction, not only upheld his "rebound reputation" but netted 10 points—from 'way out too! Hope they play that way up at Jefferson City tonight!

BASEBALL CALL

According to Coach Honaker, all baseball players should report for practice at 3:15 Monday afternoon. Although it appears that the weather may keep the squad inside for a while, it won't be long before we'll be hearing the crack of bat on ball, ball in mitt, and also the wise cracks that fly around the infield. All new boys interested in playing ball should report to Coach Honaker in his Bartlett office.

ALL RACKET SWINGERS

Our tennis courts did not look unlike a hockey rink covered with snow during the past week. Nevertheless, March again brings along the tennis season and Coach Fischbach has announced that rudimentary practice will begin next week. Indoor drill and roadwork will constitute these early practice sessions. All boys interested in tennis (or just possessing a couple of tennis balls) are urged to report to the Bartlett gym on Monday or Tuesday.

IT'S FOOTBALL

Coach Davis has issued a call for all football enthusiasts to report to the Bartlett locker room on Monday afternoon. Old and new players will be measured for shoe, pad, and pants sizes. This squad, like the others, will be forced to remain indoors until better weather, but when that weather comes, a lively workout is promised for all on-comers. This year Coach would like to emphasize the opportunity for all men of the student body to play football, due to the speed-up conscription of college men. The more the merrier!

HERE AND THERE

(Not all there) . . . . Coach shouldn't be lacking in the pitchers box after seeing the shots some of these snowballers get away with! . . . A dig to end all digs: (after Athenian-Choir relay) "Are you STILL tired, Crawford? . . . Our swimming team is going north for the summer—'way up to Berea . . . The Morton-Ross boxing match, although a bit ragged, attracted lots of attention and made some ask "Why not boxing in Intramurals?" . . . Someone wanted to know if Tony Pastor was that "beerbarrel marathon" that fought Joe Louis? The answer is NO . . . Tibbetts looked like a sure-fire member on next year's wrestling team when he slung "Punjab" all over the mat. Too bad he's graduating . . . Warmerdam's 16 feet is hard to visualize. That's getting up in the clouds! . . . Congrats go to "Turk" (Luisetti) Graham, who emerged high scorer in Intramural basketball. He garnered 169 points in 10 games . . . Get out your skis and skates! We're going ski-ating.

Valiant Vanderbilt Turns Back Scots On Home Mat 17-15

Davismen Unable To Repeat Victory Over Commodores

Vanderbilt defeated Maryville 17-15 in a wrestling match staged in Nashville last Saturday afternoon, giving the Commodores a tie with Coach Davis' matmen for the Tennessee state title. Both teams finished the season with clean records against all other Tennessee opposition, and in two matches with each other the Scots and Vandy broke even to knot the championship race.

All the matches were closely-contested, and several might have as easily gone to Maryville as they went to Vanderbilt. The most hotly-disputed tussle took place in the 155 pound division, when Tipton of the winners gained an early advantage on points and refused to mix it up in the closing minutes of the match. He came out with a decision over Suitor of Maryville, although he seemed to be coming out second best in most of the action.

Blackburn decisioned Bill McCord in the first match of the evening, to send Vandy off to an early lead. McCord pinned Blackburn in their first meeting of the year, but seemed unable to hold the offensive in this second contest.

Al Murrian, representing the Davismen at 128 pounds, was decision by Burris of the Commodores for the second time this season, and the biggest upset of the evening came in the next weight division when Horace Justus lost a decision to Hutton. This was Justus' first and only loss of the year, although he was held to a close decision on his first encounter with the game Vandy athlete. At this point in the match, Vandy led by a 9-0 count.

Maryville's initial win came as Captain Dave McDaniel pinned Brown in 4:37 of the second period. McDaniel was clearly master of the situation from the very start, and had amassed a large lead when he ended the contest with a fall.

The next match was the doubtful 155 pound clash in which Tipton was given a win over Suitor. Ballinger, weighing 165, suffered the Scots' only pin of the evening when he fell victim to Frierson. This gave Vandy a 17-5 lead and made a Maryville victory impossible even if the Scotties came through with pins in the last two tussles.

In fact, this is exactly what happened, but the splendid performace of Wilson and Richards came too late to save the Highlander cause. Mac took a default from Alder, who was unable to continue wrestling in the third period. This decision by the judges was good for five points, and Big Andy Richards added five more as he pinned J. Richards in good fashion, to make the final count 17-15 for the Nashville wrestlers.

This was the final match of the 1942 Varsity wrestling season, during which Maryville won 5 matches and lost 3, a record good enough to give them co-ownership of the state title. Over the season stretch, Coach Davis' leading point makers proved to be Horace Justus and Dave McDaniel, but one of the most encouraging features of the campaign was the development and improvement of several freshmen prospects — Murrian, Smith, Anderson, Williams, Black, and several others. Considering the fact that the wrestling squad lost no less than four state champions since last year, Coach Davis' fine job of piloting his athletes to the title is especially deserving of praise.

Scotties Upset Favored Tusculum Basketeers 55-46 In Rough Tilt

Rivalry Strong As Highlanders And Pioneers Clash

Led by soph Ray Lillard who poured the impressive total of 20 points through the hoop, the Maryville College Scotties set the highlyfavored Tusculum Pioneers to rout with a 55-46 upset victory on the home floor last Tuesday night. The whistle-punctured brawl that saw eight men sent to early showers with four personal fouls was halted in the second half when referee Watkins ejected Lockerby of Tusculum for roughness.

Maryville's big weapon against the highly-rated visitors was a fast break and a fast-passing game with Lillard and Webb as the spearhead of the attack. It was a case of too much Taylor and Menning under the backboards that kept the Pioneers on the small end of the score. Menning, the highest Highlander of them all, played the best game of the season, and Taylor found time from his guard duties to score 5 baskets, one of them a sensational tap-in from a jump ball on the foul line.

Captain Menning took it upon himself to open the scoring in the hectic first half of the big senior's last scheduled appearance on the home floor. Lillard followed with a one-pointer as the first step in his 20 point contribution, but Spargo and Hartsell gave the visitors one of their few leads with a couple from scrimmage. Lillard came back with a couple of quick ones and Spargo racked up a crip shot to make the score 7-6 in favor of the Scots at the end of the first five minutes.

Lloyd Taylor put in the first of his long toms after a futile attempt on the part of Maryville to work the ball in, but Mitchell of the enemy forces dropped in a charity throw, Spargo put in two more and seconds later stole the ball to solo down the floor and lay one up to grab off an 11-9 lead. This was the last lead that the visitors tasted, for Taylor looped one in from the side and Webb and Lillard scored free throws to leave them behind. Sears, gigantic Tusculum center and Heinze each put in a one pointer to climb to within a point of the Scottie lead, but a couple of fancy ones by Lillard and a side shot by Taylor rolled the home side of the scoreboard around to show a comfortable 7 point lead. The rest of the half was fought on even terms and the teams left the floor for the intermission with the Honakermen sporting a 25-20 lead.

All through the first half it was the Maryville control of the backboards and their accurate, fast passing that told the story. Dave Smith set up scoring plays with either Webb or Lillard on the other end. It was all Spargo for the visitors. It was his ten points that kept the Pioneers within striking distance of the red-hot Highlanders.

Hartsell opened the second half for the visitors with a nice set shot. Lillard and Mitchell exchanged scores and then Ray broke away for two goals, one of them a long, one-hander that brought the crowd to its feet. The first casualty by personals was Heinze, who was caught holding Taylor, and the long parade to the showers was begun. He was followed by Sears, Mitchell, and Lockerby of the visiting team and Lillard, Menning, Taylor, and Jim Smith of the Honakermen.

The most sensational individual play of the game came midway in the second half with Maryville holding an eight point lead. On a jump-up between Lloyd Taylor and Sears, the towering Pioneer center, Leaping Lloyd out-jumped his man and neatly tapped the ball through the hoop on the toss-up. Lillard, Taylor and Jim Smith fouled out soon after this, but the inspired second stringers guarded the lead compentently.

The remaining minutes saw Maryville put on a stall that caused the anxious Pioneers to commit seven fouls in atempts to gain control of the ball. Five of the seven shots were good, and the final horn found the Scots leading 55-46.

Cotton Brand stood out in the 40-30 defeat that was handed to Maryville High School by the Scottie "B" team.

The summaries for the Scottie-

(Cont. on Page 4)

Wrestling Pups Beat Knox Y 28-9

Surprising Subs Take Measure Of Opponents

Coach Davis' second string wrestlers came up with a surprising victory over the Knoxville Y last Wednesday night when the Scottie pups downed the Y matmen by the score of 28-9 in the local gym. The Davismen were winners in all but two of the matches, Black and Losher being the only losers. Both were victims of more experienced wrestlers and succumbed via the decision route.

The subs looked like first stringers as they threw the Knoxville boys around. Little 118 lb. Trevor Williams started the match off well with a pin over Monday. Bob Smith battled hard for a close decision over Bales, but Black and Losher ran into a couple of tough customers and the score stood 8-6. Culver, Wiley and Anderson all grabbed off pins to put the meet on ice. Will Chapman had his hands full in the exhibition match with the rugged little Elkins, and Culver was hard-pressed to put the shoulders of Raby to the mat, but soph. Wiley had an easier time of it with a fall in the first period over High.

The best match of the evening from the standpoint of the spectators was the brawl between Don Conkle, a newcomer to Coach Davis' fold, and Mallet, the Y bruiser who outweighed Don by ten pounds. A tackle by the scrappy Scot put the Y man on his back before the crowd caught its breath, but a series of twists and turns kept the advantage changing hands rapidly. The Maryville lad pinned his man in the second period, but the bigger man came back and put Conkle's shoulders down in the third. Conkle was awarded three points for his team. pin took 10 seconds less time than his opponent's, but Mallet was awarded thre points for his team. The Highlanders reaped five points for Don's work.

In the last match of the evening, Lloyd Anderson pinned Walker in 8:45. Big, blond Lloyd was never in trouble with his pudgy opponent.

The Summary:

118 lbs. Williams (M) pinned Monday, 6:40.

128 lbs. Smith (M) decisioned Bales

136 lbs. Mesenheimer (K) decisioned Black

145 lbs. Fox (K) decisioned—Losher.

155 lbs. Culver (M) pinned—Raby, 7:45.

165 lbs. Conkle (M) decisioned—Mallet.

175 lbs. Wiley (M) pinned High, 2:56.

Heavy Anderson (M) pinned Walker, 8:45.

155 lbs. Chapman (M) pinned Elkins, 5:45. (Exhibition.)

Tusc-Swimmers Leave Scots In Their Wake 41-25

Tusculum's swimmers defeated the Maryville tankmen 41-25 last week in the local pool. The meet was hotly-contested, as are most athletic events between these two rivals, but Tusculum took an early lead which was never really endangered by Coach Fishbach's mermen.

The evening's loudest protest came from Tusculum's backstrokers, Poggi and Meldrum, who were disqualified after placing first and third respectively in the backstroke event. Scherer of Maryville was runnerup in the race, but Referee Dud Moore ruled that every man in the event had made at least one illegal turn and that therefore no points should be awarded. Despite the fact that this decision had no effect on the outcome of the meet, Poggi put up a loud and persistent complaint. The ruling of the officials, however, was entirely in accord with intercollegiate swimming regulations.

In the opening event of the evening, the 300 yard medley relay, the Pioneer team came home quickest to give Tusculum a 5-0 lead. Cullison of Tusculum followed up with a win in the 220 yard free style, but Maryville countered by taking 8 points in the 50 yard dash event. Freshman Charles Colville came home first in the time of 28.5 seconds, and his performance rated him as one of the Scotties' best prospects. Capt. Frank Miller was a close second in this race.

Tom Mize took first place in diving, followed by Brooks and Weiss of Tusculum. Mize scored 99.09 points, while Brooks counted 73.52 for second place. Mize won a big hand from the crowd when as the last of his optional dives he did a full gainer with one-half twist, a very difficult dive which he did almost perfectly.

Tusculum took first places in the 100 yard free style, the 200 yard breast stroke, and the 440 yard free style. Their relay team, composed of Cullison, Nelson, Duryea, and Brooks edged the Scottie aggregation of Colville, Elwell, A. Moore, and Scherer in the 400 yard event. Frank Miller took a second in the 100 yard event, and Layton Bergquist manager to edge out Bill Sidner for second place in the quarter mile race.

300 yard medley: 1. Tusculum (Poggi, Parker, and Duryea) 3:44.3 2. Maryville (Scherer, Crews, and Miller.

220 yard free style 1. Cullison (T) 2. Nelson (T) 3. Sidner (M); 2:52.

50 yard dash: 1. Colville (M), 2. Miller (M), 3. Duryea (T); 0:28.5

Diving: 1. Mize (M), 2. Brooks (T), 3. Weiss (T); 99.09 points.

100 yard free style: 1. Cullison (T), 2. Miller (M), 3. Colville (M), 0:62.5.

(Cont. on Page 4)

INTRAMURAL DOPE

SECOND ANNUAL FESTIVAL

The intramural department dusted their furniture, rearranged their books, gathered up various odds and ends, and generally cleaned house last week as they staged the biggest single event of the season, the Intramural Sports Festival, Saturday night in the Alumni Gymnasium, Bartlett Hall and the Swimming Pool. Featured during the evening were the final rounds in this year's basketball, foul throw, fencing, and table tennis tournaments; there were exhibitions in boxing, wrestling, volleyball, and swimming; and the annual college championship relays proved to be an exciting nightcap for the whole affair. The festival served well its purpose of showing the public a little of what the intramural teams and individuals do all fall and winter.

The opening event of the program in the Alumni Gym—and perhaps the most intersting event of all to those who had been following the tournament closely—was the inter-league basketball finals between Alpha Sigma, of the Club League, and the Celtics, of the Independent League. Several days before, Alpha Sig had given Athenian their second sound trouncing and so had walked off with the Club League crown and the privilege of playing in the festival. The Celtics had done the same thing to the Dodgers and received the same reward and privilege.

The tip-off was at 7:30, and the crowd saw Alpha Sig open with a lightening-fast offensive—for about half a minute. The Celtics drew first blood when "Doodle" Miller plunked one for two points, and from then on the whole first quarter and most of the second went to Doodle and his mates. They took the ball off the board; they held it well in their own territory; and they used a good eye when they shot. The half-time period saw the Celtics with 19 points and the Alpha Sigers with 13.

The third quarter went slower and saw the Celtics purposely freezing the ball with an eye to an easy win. Alpha Sig's shots kept bouncing the unlucky way. But the 4th quarter was another story. The Club Leaguers were desperate and played hard and fast and shot at every chance. Turk Graham and Bill Sweeney took turns chalking them up. In those last eight minutes the losers accounted for 12 tallies against the winners' eight, but the game ended with the Celtics on the big end of a 36-28 score. The Celtics are the college champs.

Doodle Miller was hot man for the Celtics with 16 points to his credit; Norman Hooker was next with 12. Talbott played a good game under the backboard. High point man of the game and pacer of the losers was George Graham with 18 points as a total; nearest Alpha Sig man was Bill Sweeney with 7. Alpha Sig felt the absence of Oliver Spears, who plays a fast, ball-grabbing game when he's in there.

At 8:00 o'clock and for some time thereafter, a capacity crowd thronged the swimming pool to watch the all-girl swimming and diving exhibition, and the Bartlett Gym for the volleyball game between the first and second All-Star teams. These events were for the time considerably more popular than the parallel shindigs in the big gym, but at their close the crowd drifted back to the main arena for the finish of the basketball game and the scheduled affairs following it. The volleyball went to the first All-stars in two straight games.

The finals in the fencing tournament and the table tennis tournament were staged at the same time at opposite ends of the Alumni gym floor. Bill Henderson and Bob Calvesbert clashed in the fencing finals, and after two bouts Bill came up as winner and 1942 intramural champ. Bill had lost once in the tournament by a forfeit, but he won the losers' side of the double elimination brackets and so met Bob in the finals.

The table tennis finals pitted Oliver Van Cise against Ted Pratt and saw Van Cise take the first two games and the championship. There was some real bang-up playing, and Ted made Oliver step lively right to the end of each game. The score in both games was 21 to 17.

Featuring Betsy Watkins as the one qualified girl, the finals in the 1942 foul throw contest took place at all of the six baskets in the Alumni Gym. Fourteen tossers and this one "tosserette" put up twenty-five shots apiece, competing for the highest out of those twenty-five. The crowds' eye was on Betsy, and she came through by defeating 12 of the 14 boys. Ahead of her were Jim Faulkner, the winner and champ, with 23 out of 25; and frosh Wayne Stevens with 22 for 25.

In the boxing exhibition Scrapper Bob Morton floored Slugger Ken Ross twice in three rounds without ever making it a real knockout. No decision was given. The exhibition wrestling pitted Tiny Tim Al Chambers, at 200 pounds, against Man Mountain George Tibbetts, at 99 pounds. The affair looked strangely like a frame-up, but be that as it may Tibbetts pinned Chambers after 6 minutes, 45 seconds of exhausting tosses and grunts. Refereeing the boxing and wrestling were Jim Faulkner and Honest Al Baxter, respectively.

The last event of the program was the college championship relay race, entered by both girls and boys. Girls' teams entered were Bainonian, Theta Epsilon, and M club. Winner was Theta Epsilon in 50.5 seconds. Men's teams were Athenian, Choir, Alpha Sig, and Ministerial. Athenian ran against the Choir, and the Choir won when the Athenian anchor man, leading by four paces, stopped before he crossed the finish line. Alpha Sig ran against Ministerials and came out on top. Finally the Choir raced the Alpha Sigers, and Alpha Sig bettered their own time by 2.5 seconds to win the event and the men's 1942 relay championship crown. Time was 42.2 seconds.

So went another festival. This week has seen a mid-season lull in intramural activities during which the department heads have figured up the results of the winter events and have made plans for spring—which after all, isn't so far away.

HORSE SHOES

Because the bleachers were not removed from the sawdust, the horseshoe finals could not be held at the Festival last Saturday. It will be remembered that Pemberton and Pemberton are opposing Evans and Henderson by virture of matches that were played last semester. Plans are to finish the event outdoors as soon as the weather will allow it.

SWIMMING MEET

Word came from the Intramural office on Thursday that the next big events is to be the intramural swimming meet on either the afternoon or the evening of March 12—a week from next Thursday. Frank Miller is the manager in charge. He has posted on the corn and IM bulletin boards complete information as to events, entries, etc. The meet is open to individuals who will represent themselves and receive points accordingly. Groups may get together for the relay, but points will still be awarded individually to each member of such a relay group. The competition is open to all men who were not varsity swimmers and who are not for any varsity sport at the time of

Local Attorneys Will Clash Soon

Mock Trial Will Occur In Chapel Saturday Night

Next Saturday night, March 7, at 8:00 o'clock, the Law Club of the college will hold a mock trial in Voorhees Chapel for the night's entertainment of the college. The lawyers have been chosen, the culprit has been ordered to appear, and all stands in readiness for the big event. Henry Wiek and Dick Watkins will battle tooth and nail in an attempt to decision the jury as to the guilt or innocence of the hapless George Howard.

Dick has chosen as his colleague to help him save the poor defendant from a possible prison term behind cold bars of steel, none other than that super-defender of human rights, Malcom Thompson. Henry is still silent about who is to help him do what he feels is his patriotic duty in aiding the long arm of the law to convict the dangerous Howard.

The case seems to revolve around a certain romantic triangle on the campus. The case briefs indicate, it is rumored, that Bob Smith sought the sure protection of the Law after he had received a letter from George Howard threatening assault and battery because he had asked Howard's girl for a date. Smith notified the Sheriff, Andy Richards, and Howard was ordered to appear before Federal District Court in Voorhees Chapel Saturday night, March 7, on a charge of sending threatening materials through the mails. Mr. Archibald Pieper will act as judge, and Law Club president, Pat Carter will act as secretary. Laura Mae Weber and Roy Crawford are aiding in the preparation of the program along with other members of the Law Club.

Double Trouble for the Axis

The destroyers *Lansdowne* (left) and *Duncan* (right) slide down the ways at Kearny, N. J., in a double launching, to become the latest additions to Uncle Sam's growing fleet. The same day, there was also a twin launching of destroyers in Boston.

Time Test Given At Current Events

The Current Events Class will meet in Bartlett auditorium next Monday evening at 7:00. The class will ascertain its knowledge by taking the test which has been sent out by Time magazine.

V

Cotton Club Draws Up Constitution

The Cotton Club assembled last Monday evening in Athenian Hall; at which time a new constitution was drawn up by Peggy Caldwell and Gabriel Williamson.

Henceforth, four new states will be represented in this club; namely, Mississippi, Texas, Louisana, Arkansas. Those formerly included were Florida, Georgia, and Alabama.

The members were entertained by Peggy Lawson who played the piano and sang several popular selections.

V

Nature Club Meets

The Nature Club will meet Monday night in the Science Hall. A moving picture will be shown and everyone is invited to attend.

V

Dr. LeQuire Speaks At Pre-Med Club

Dr. Bricky LeQuire spoke at the Pre-Med Club last Thursday night. His subject was chemical therapy, and he discussed three new drugs: sulfanilamide, sulfapyridine, and sulfathiazole. There were about thirty members present. The next meeting of the club will be on March 12.

V

Dr. Orr Speaker At Vesper Service

The speaker at the Vesper service in Voorhees Chapel tomorrow night will be Dr. Horace Orr, Professor of Bible and religious education. Dr. Orr will speak on the subject, "A Hero of the Commonplace". The service will begin at 7:00 as usual.

V

College Quartette Sings At Alpha Sig

Alpha Sig will hear the College Quartette on their program tonight, at 6:15. The Quartette, consisting of Dean Stiles, Harry Lyle, Jack Lippard, and Carl Miller, will present a group of well known numbers which all are urged to hear. Let's keep the attendance up to last week's high.

Spanish Club Meet

At the next meeting of the Spanish Club there will be a report from the nominating committee and the constitution committee. The club always meets on the first and third Thursday of every month in the Spanish Class room.

V

Beaver Entertains Athenian Tonight

When Athenian meets tonight at 6:15, Dick Boyd will be presiding officer. Percy Martin will be critic of the program given by Jerry Beaver at the piano and Larry Shreshly singing. All are urged to attend this program.

V

German Club Meets

On Thursday, March 12, in the Y. W. Rooms, the German Club will hold a meeting. The program at this meeting will consist of German songs and games.

VOLUME 27 MARYVILLE, TENN. MARCH 7, 1942 NUMBER 22

Patterson, Williams, Pinneo, Meineke Elected YW Officers For Next Year

Jean Patterson Heads YW Group For 1942-1943

As a result of the election held on Thursday afternoon for the officers of the Y. W. C. A. for the year 1942-43, Jean Patterson was elected president to succeed Anne Gammon in this office. Jean Patterson is an English major from Orangeville, Pennsylvania. Among her extra curricular activities Jean is a member of Writer's Workshop, is on the Student Vol cabinet and does Parish work. Jean is an Honor Roller. Jean has been the secretary of the Y. W. C. A. this year.

Elected vice-president of the Y. W. C. A. was Virginia Margaret Williams, known on campus as "Willie". This year Willie has been on the YW cabinet as Nu Gamma chairman. Willie's home is in Anderson, West Virginia. She is a Biology major and a member of "M" club. This year Willie has worked as head of the girls' Point System and has served as a member of Student council. She is also active in Pre-Medical club.

The newly elected secretary of the organization is Rose Pinneo, Biology major from Newark, New Jersey. This semester Rose has been a student assistant in the Biology department. Rose is a member of the present Y. W. C. A. cabinet and is active in the Student Vols.

Ruth Meineke, of Cincinnati, Ohio, was elected treasurer of the Y. W. C. A. Ruth is a math major. She was a Nu Gamma leader for this year. Ruth is an assistant in the Treasurer's office and in the dining hall.

Johnnye Gudel, Biology major from Hixon, Tennessee, was elected Nu Gamma chairman for the coming year. Johnnye was a Nu Gamma leader for this year. She is a student assistant in the Post Office and Bookstore. Johnnye is a member of the "M" Club.

Maryville Wins Second Place In State Tourney

Lynch Ranks First In Debate Extemp, Impromptu

The Maryville College Varsity squad took second place in the annual Tennessee State Forensic Tournament which was held this year at Cumberland University at Lebanon Tennessee on February 26-28. The winner at the tournament was Tennessee Polytechnic Institute of Cookeville. Although the Maryville team received the most points in varsity debate, they had no freshman team entered in the competition and thus fell short of a total necessary to win.

Maryville was represented by four teams at the tournament, Muriel Geisler and Lucille Lynch, Kay Liddell and Janet Lindsay, William Evans and Henry Wick, and Charles Foreman and Paul Jamarik.

Lucille Lynch, entered in Women's Varsity Debate, Women's Impromptu, and Women's Extempore, won first place in both of the latter two and in addition was awarded first place in the individual rankings in Women's Varsity Debate. William Evans, speaking on "The New World" won second place in the Peace Oratory. Henry Wick took second place in the regular Men's Oratory with his oration "Divide and Rule." The Varsity Debate team of Charles Foreman and Paul Jamarik won its way to the finals only to bow finally to Union College. They were runner-up after defeating Memphis State in the semi-finals. Likewise, Kay Liddell and Janet Lindsay stayed in the running up to the finals where they were eliminated by a T. P. I. team. Other individual honors went to Charles Foreman, second place in Men's After Dinner; Muriel Geisler was awarded second in Women's Oratory; Janet Lindsay, second in Women's After Dinner and third

(Cont. on Page 4)

Varsity Debaters Competing At Lenoir-Rhyne

Queener Accompanies Squad On Trip To Hickory, N. C.

Over the week-end the college debate squad is competing in the South Atlantic Forensic Tournament being held at Lenoir-Rhyne at Hickory, North Carolina. The South Atlantic Tournament is one of the most important forensic competitions held each year in the Southeast. Teams will probably be entered from such schools as East Tennessee Teachers, Furman, Wake Forest, Lenoir-Rhyne, Winthrop, and others, probably some of the larger universities of the area.

The Maryville teams entered in the various competitions are as follows: Affirmative Women's Debate, Phyllis Ann Cain and Natalie Yelton, Negative Women's Debate, the same team reversed; Affirmative Men's Debate, Jack Kramer and Benjamin Lynt, Negative Men's Debate, Hal Lloyd and Ed Rowley. In the Men's Oratory Hal Lloyd will deliver an oration, "Father and Son". For her entry in the Women's Oration, Natalie Yelton's topic is "What Is America?" Jack Kramer is entered in Men's Extempore and Phyllis Ann Cain in Women's Extempore. Hal Lloyd will also enter the After Dinner Speaking and Natalie Yelton and Ed Rowley will compete in Women's and Men's Impromptu, respectively.

The Maryville team left early Thursday morning for Hickory with Dr. Verton M. Queener, Varsity Debate coach. The tournament began on Thursday and lasts until tonight.

Dr. Lloyd Attends Church Meeting

Dr. Lloyd is attending meeting in Louisville, Kentucky this weekend. He is meeting with the Department of Church Cooperation and Union and similar representatives from the Presbyterian church. They are convening to discuss the developments and possibilities pertaining to a union of the various branches of the Presbyterian church.

Maryville To Be Pan American Day Host For District Extempore Discussion

Dr. Collins' Report Shows Decline In Study of Language

Collins Addresses Morning Session Of Philologians

Dr. Ralph Stokes Collins, associate Professor of German here delivered the report of the Committee on the Status of the Humanities of the South Atlantic Modern Language Association to the thirty-sixth annual meeting of the Tennessee Philological Association being held at Middle Tennessee Teachers College and the Tennessee College for Women at Murfreesborough on Friday and Saturday of this last week. The report was delivered at the third

The subject which Dr. Collins' 6.

The subject which Dr. Collins' report dealt with was the general state of those branches of learning known as the "humanities" in the South Atlantic area today. The first portion of the treatise was devoted to a consideration of the statistics relative to the general decrease of students taking foreign languages, English, mathematics and even the pure sciences. In foreign languages, Dr. Collins found a total decrease of 27 per cent, a fact which threatens the present set-up of the average college curriculum.

After presenting these figures and trends in the Southeastern area, Dr. Collins continued in his report into a discussion of the reasons for these decreases, most important of which, he declared, are those theories held by some modern educational "reformers" advocating the changing of the curriculum into more simple and practical form. Dr. Collins stated that one such change already put into operation by some schools at the behest of these "reformers" was the substitution of Business arithmetic for algebra, a change now greatly disapproved by the armed forces who need men equipped with genuine mathematics. Dr. Collins said that while satisfying the army is not a long term purpose of education, that this is merely an example of the fallacy of such reforms.

Nearby Schools To Send Contestants Here On Monday

Dr. Queener Will Be In Charge Of District Contest

On Monday, Maryville College will be the host school for the District Conference in this area of the National Extempore Discussion Contest on Inter-American Affairs. The conference will be held both in the afternoon and evening, and will be attended by representatives from the University of Tennessee, Ashville College, Ashville, North Carolina; Tusculum College, Greenville, Tennessee; the University of the South at Sewanee, Tenneesee, and Maryville College. Through-out the nation forty-nine similar contests are being held.

The meeting on the Maryville campus is being sponsored by the Varsity Debate Squad and the International Relations Club and is under the supervision of Dr. Verton M. Queener, Professor of History and chairman of the Division of Social Sciences. In the preliminary try-outs held on Wednesday evening, Bill Evans, Malcolm Thompson, Henry Wick, George Tibbets, and Janet Lindsay were selected to represent Maryville in the District Contest. The nature of these try-outs was a panel discussion with Dr. Queener acting as chairman, followed by extempore speeches by each of those try-outs. Topics were drawn one hour previous to the meeting. Mr. Thompson discussed the subject, "Americans Rediscover America", Mr. Wick "More Than A Temporary Understanding"; Mr. Evans "Latin America Can Supply It", Mr. Tibbets, "From Inca Empire to Hemis-

(Cont. on Page 4)

Boretsky Receives Navy Promotion

Popular Alumnus Gets Ensign Rank

Stephen Boretsky, son of Mr. and Mrs. Peter Boretsky of Scottdale, Pennsylvania and Maryville alumnus, class of '34, has been promoted from the rating of Chief Boatswain's Mate to a commission as Ensign in the U. S.Naval Reserve. He is now stationed at the U. S. Naval Reserve Aviation Base in Atlanta, Georgia, as athletic instructor.

While a student at Scottdale high school, Stephen Boretsky starred in football, basketball, baseball, and track. In 1929 he was recognized as a outstanding high school football player when he was an ALL—W. P. I. A. L. halfback.

After his graduation from high school, he went to Mt. Union college at Alliance, Ohio for a semester before he entered Maryville college. During his four years here, "Steve", as he is known to Maryvillians, was an unusually versatile athlete. He was a football and wrestling star for his four years. He was a letter man in basketball, track and baseball as well. He was All-Smoky mountain conference halfback for two years. Besides his accomplishments in the field of athletics, Steve was the president of the Y. M. C. A. He was also the president of the Athletic Board of Control.

In 1934 Steve received his B. A. from Maryville. He remained here the following year as Assistant Backfield coach and Head Wrestling Coach. The next seven years he was the Director of Athletics at Maryville high school. During these years Steve kept in contact with sports activities on the hill. He umpired baseball games and served as referee at wrestling matches at the college. Last summer he enlisted in the physical education division of the Navy. He was sent to the Naval Training school at Norfolk, Virginia and then was transferred to his present station at Atlanta.

Student Volunteers To Hear Traveling Secretary Sunday

Miss Melen Tobin, the traveling Secretary of th Student Volunteer Movement w l be the guest speaker at the r lar meeting of the Student Vo er group on Sunday evening eight o'clock. Miss Tobin gradu d from Oberlin College in 1940, and has done graduate work at the Philadelphia Divinity School and the University of Pennsylvania. While at Oberlin Miss Tobin achieved a high scholastic record becoming a member of Phi Beta Kappa in her Junior year. In addition, she was active in the student Christian movement. Miss Tobin is a candidate for service under the Episcopalian board. She is one of five special visitors who are being sent to student volunteers groups in various colleges in order to expand the contacts of the Student Volunteer movement as a whole in relation to the individual groups. The Maryville group is fortunate to have such a well-qualified speaker at their meeting.

On Friday night the Student Volunteer cabinet held a meeting at which Miss Tobin was the speaker.

The Rich Man By Joe Dickinson To Be Presented

Dance Group To Comprise Speaking Chorus

On March 21, seven members of an interpretative dance group directed by Mary Felknor will combine their technique with that of a speaking chorus of ten other young women called "oral pillars" in presenting a play. The novel script written by Joe Dickinson calls for three other actors to give the poetic drama a plot. There will be an elevated stage on the chapel stage to support the speaking actors. Miss Seedorf will direct the production.

The part of The Rich Man is played by Fred DePue; his wife, Lusheba, by Phyllis Henry; Lazarus, by Bob Schwarzwalder; The speaking chorus is comprised of Alice Jones, Meredith Preston, Ann Jones, Mary Dawn Noblit, Betty Haines, Dorothy Barber, Helen Anderson, Nancy Russell, Marion Smith, Roberta Lochausen, and Alice Mathews, narrator. The dancing chorus is composed of Mary Felknor, Betty Clevenger, Betty Dyer, Carolyn Huber, Jean Hudleston, Beverly Jackson, and Kathryn Bonner.

Jan Kiepura Famous Polish Tenor To Sing in Year's Artist Series Final

President Hutchins Of Berea College To Speak In Chapel

President Francis S. Hutchins of Berea College in Berea, Kentucky will be the speaker at the chapel service this Wednesday, March 11.

President Hutchins, who is the brother of R. M. Hutchins of the University of Chicago, has spent time in China as a representative of the Yale-in-China Association, has served as Executive- secretary of the Changsha Internal Relief Commision during 1938 and 1939, and has been president of Berea College since 1939, succeeding his father William J. Hutchins who was president of the institution from 1920 to 1939.

YMCA To Hear Mrs. Templeton, Manges Tomorrow

The YMCA announces that Mrs. Templeton, the former Ellen Hitch, will be on the Sunday Y program at the meeting tomorrow in Bartlett auditorium. Mrs. Templeton, accompanied at the piano by Miss Manges, will give several readings. One of the features of her program will be the reading of the stirring poem "The Congo".

On Sunday, March 15, the YM and YW will present a joint meeting in the form of an organ recital.

Renowned Artist To Sing Here On Monday, March 16

METROPOLITAN STAR

Enjoyment Is Most Vital In Program Mr. Kiepura Claims

Jan Kiepura, famed Polish tenor and leading tenor of the Metropolitan Opera Company, will sing in Voorhees Chapel a week from Monday night, on March 16 in the third and last of this years Artists' Series programs. Probably the most colorful tenor on the operatic and concert stage today, Kiepura brings to his performances and recitals not only a voice whose beauty is attested by hundreds of enthusiastic critics but a personality forceful and contagious. Since his sensational debut as "Rudolfo" in La Boheme (Puccini) at the Metropolitan Opera House in the season of 1938-39, Kiepura has become so increasingly popular in the United States that he is becoming increasingly difficult to secure as a concert artist.

Jan Kiepura was born in Bosnowiec, Poland, where he sang at an early age in the public school. Seeking a career in law, he entered and several years later graduated from law school in Warsaw, but

(Cont. on Page 4)

Trial of George Howard Tonight

Uses Mails To Threaten Robt. Smith

United States Marshall Andrew Richards has issued a warrant for the arrest of George Howard, president of the Student Council and member of any elite circle of the hill, summoning him to court in Bartlett Court Room tonight at 7:30, on the charge of sending a threatening note through the United States Mail. It seems that Mr. Howard, angered by Robert Smith's attempts to date Miss Anne Halabrin, wrote Smitty a vicious letter threatening personal assault. The plantiff, an amateur wrestler and football player, will be represented by District Attorney Henry Wick and lawyers Lawrence Shreshley and Paul Jamarik. Lawyers for the defendant are Richard Watkins and Malcolm Thompson. In the absence of Judge Archibald Pieper, Judge David H. Briggs will preside.

Lawyers Watkins and Thompson are determined to prove Howard's innocense, and Jamarik and Sthreshley are equally determined to see that justice comes to the villanious Howard.

The lawyers for the defendant are desperately searching for character witnesses and are building up a strong defense.

One Night In Carnegie Or Who Broke That Window

PAUL KOLTER

"Everybody in their places, there goes the curtain!" And so opens the first act of our little play entitled "One Night in Carnegie" or "Who Broke That Window."

Cast—Third floor inmates.
Setting-Room 314
Costumes—Proffitt's—The Best Place To Trade Since 1919.
Director—Mr. Mac
Sound effects—the whole dorm.

As the curtain rises, we see two fellows in their room, busily engaged in the art of studying, chewing gum, and telling each other about the swell time they had that night they went to well-you-know-where, and many other articles too numerous to mention.

1st student: Wonder if we will have to hand these papers in?

Roommate: Sure you will, what do you think you are writing it for? Where the heck is that paragraph that tells about the hair on the honey bee?

1st Student: Hair on a honey bee—it's on that page somewhere and speaking of hair, have you seen the freshman strawberry blond? MMMMMmmmm

Roommate: Sure I've seen her. I've got a date for the show tomorrow.

1st Student: Boy, are you lucky to get a date with her. Bob is looking after her purty well.

Roommate: I didn't mean with her, but just give me time and then watch my dust.

1st Student: Say, are they running an escort bureau around here? I saw Ollie and Bob Burd squiring Mary around again.

Roommate: How should I know. —Say, somebody said Henry felt so sorry for that dog, he let him sleep on his bed last night.

1st Student: My, my, do tell..... That chicken stuff we had for supper tonight was pretty good, wasn't it?

Roommate: Chicken? If there was any chicken in that I would have known it. That chicken must have been running pretty fast and the cooks only caught the tail.

(The peace and tranquility of this homey little scene is rudely interrupted by a loud knock at the door.)

Roommate: Spit and swim under!

(Messenger boy enters)

Messenger boy: Pardon me boys, I have a special delivery here for John Begonia. Which is it.

1st Student: Sorry, John lives in 306. (Messenger exits)

Gad, did you hear that? Begonia!

Roommate: Aw, pipe down—how can I ever get ready for that exam tomorrow? Say have you get a stamp? I can mail this letter if you have, no—you haven't, I remember I looked this morning. Guess I'll see if I can borrow one from someone. Back in a jiffy.

(Exit)

(After this, a few minutes of dull silence, and then the door opens.)

Hey you, give this shirt to your

(Cont. on Page 2)

Cooks Create Curious Concoctions For Curious College Connoisseurs

ERNESTINE ULMER

At 5-15 every morning, four of the most indispensible BMOC begin their daily tasks in the kitchen of Pearson's. These four happy-go-lucky "pan-handlers" are rarely seen by the eating public, but the result of their labor is witnessed by approximately six hundred Maryvillians three times a day. For the benefit of some who have not had the privilege of meeting these illustrious fellows, may I present to you the Four Busy Blackouts of Maryville College.

The veteran of this little group is John Henry, the head cook, who has been associated with Maryville for twenty-one years. He has become a tradition of the college, and he manages his little crew with great efficiency. The other three are Hobart Henry, John's brother, Raymond Wilson and Joe Jackson. Hobart proudly asserted that he was the only sensible one, since he is the only unmarried man in the lot. However, he was a little uneasy at having given himself away, since he has so far been able to evade the draft board. (Any member of this board please ignore the preceding statements).

Joe, who came to Tennessee while yet a boy, was born in Alabama. He is big and jolly and loves to joke. He carries a picture, which he is very proud to show, of his two cute, curly-headed babies. Joe makes the biscuits for breakfast, fixes the dessert, and seasons the food. He says that he likes his work very much, but that he likes pay day even better.

Raymond, who lives in Alcoa, has been working in the kitchen for about three years. He, unlike Joe, who has become disgusted with food in general, states that his favorite dish is smothered steak or baked ham. John, who must have a very hearty constitution, can still say that he likes biscuits, after having made about 10,000,000 in his cooking career.

THE HIGHLAND ECHO

College—A Priviledge . . .

Is it stretching the point to say that the declaration of war has almost over-night, transformed college from a place to while away four years before settling down to earn a living, into a place in which one may spend a period of intense training during which one can prepare to meet the increasing complexities of a world at war? College is no longer a pastime but a real priviledge.

The fact that our contemporaries are being called daily to join the ranks of our armed forces, places upon those of us who are able to continue our education a grave responsibility. It is up to us to meet the challenge, to train and develop our minds to their fullest capacity, to keep our bodies physically strong, and to use the abilities we possess, to become integrated personalities fit for service. We must be ready to do our share in keeping America a free, democratic nation, wherein the emphasis is placed on the value of the individual.

—J. P. L.

Old Spice

By JEAN BARNES

Just one point we'd like to make to start off with. For twenty years we've heardit. This modern generation has everything too easy. What would you do if you had to live by candle light, if there were no telephones, if you couldn't hop into a car every time you wanted to go anywhere, if you had to plunge through snow and mud to get to school? Well? Now we know. And from the strength displayed, especially that of the throwing right arm, ducking apparatus, and lusty lungs, we're not altogether ready for slippers and shawl yet.

Anyway that section of snow and evening without lights was too good for anyone to miss. And the best thing about it was the little bell. When in the course of events it came time for the coupled conversations and tender words of the evening to cease firing, no blinking of light delivered the warning flash. So Mrs. Snyder began a slow tour through the parlor and hall of Pearsons ringing a little bell—one if by hand and two if I see. While Alice Jones in typical form whelled among the sightless throng holding aloft an imaginary candle and asking in shocked tones, boy or girl?

And the general eerie procession of dim candles down long dark halls, general crashing of windows, making of snow ice cream, borrowing of matches, made a beautiful pageant—for one with cat's eyes.

What we wonder, just sort of causually, is why snowballs inevitably miss their mark and show a decided propensity for bombarding "innocent bystanders" and transparent flat surfaces of a certain kind. Guess Gabriel, James Manning, and Charles Brand hold the campus record on that snowball stuff. The aim is mighty low, whatever way you look at it.

Kinda liked Esther Wynn's unusually picturesque slide and glide in white boots through the brown mud, and for that matter liked to see the way the "town kids" gather in family circle around the radiators in the library these days—or then again Arthur Crimmell as latest edition to the choir, or Rachel Smith as the baby girl in the show the other night.

And on proceeding pseudonimously or some such thing, we've discovered three charming nicknames, Melinda Memminger otherwise known as "High Resistance", "Flippy" John Bogosian, and Carol Gillette recently christened the more picturesque "Typhoon".

We're a little hard of understanding, but we really caught the something of Bob Mair's jokes at Bainonian last week. Could say practice has made us perfect, but as a matter of fact we hadn't heard them before. And they were funny.

Speaking thus of exhibitions of gigantic strength, however, you can't help but admire the way Mildred Hester lifts around huge cans of milk to her shoulder at the college farm. But for that matter Harold Huffman has big ideas about drinking his milk from that sort of cup. Or maybe it's not just the ideas that are big. But ice cold milk at the barn direct from cooler to little dipper to you is really wonderful.

And in spite or being served with snow drifts three feet or so deep, it was really a delightful tea Bette Umbach and Inez Johnson, late of the "Practice House", presented Monday. And if you've never seen the Practice House before, well, boy! In our surprise at its elegance, we stood around like the country cousin with eyes and mouth open, stumbling amazed over Jeanne Stringham and Margaret Proffitt who helped serve. But it was worth it.

As I See It

By JANET LINDSAY

Since Monday is Pan-American day on the Maryville campus, it is fitting that I should take this opportunity to air my views on South America in general and The Good Neighbor policy in particular.

As you probably already know, the Good Neighbor policy originated with the Roosevelt administration (although President Hoover deserves some credit for initiating the idea of South American-North American co-operation) and has been developed under the very capable leadership of Secretary of State Cordell Hull and Assistant Secretary of State Summer Welles. During the past nine years great strides in inter-hemispheric friendship have been made and the United States has gone a long way in over-coming the "dollar diplomacy" and "big stick" influence on the opinion of The South American concerning the United States and its policies in regard to the hemisphere.

Even before the outbreak of the war in Europe, you will remember that the newspapers and magazines were flooded with articles on Nazi penetration in Latin America. A realization of the danger of such penetration to the United States and of the necessity of co-operation between the two hemispheres in the interest of defense became well-recognized. Efforts were made to very definitely strengthen our Good Neighbor policy in the interest of all. As assistant secretary Wells put it, "Our new policy is based on the fact that equality exists among the nations of North and South America; on complete forebearance from interferring in other nations' affairs economis co-operation in the world at large, and realizing that all nations confront the same international problems, we submit that the welfare and security of any nation cannot be a matter of indifference to others.

But before the United States started the intensive strenthening of co-operation, Germany, Italy and Japan has already made very solid progress in establishing their ideology in the Latin American mind. Their efforts took two distinct forms, first in the realm of the economic and second in the realm of the psychological.

Germany particularly, had gained a foothold in regard to trade. She had developed a very successful barter system. She could use the raw materials that South America could produce; products that the United States could not use. In return, South America could use the manufactured goods that Germany can supply her with cheaper than the United States could. By a slow but efficent method Germany was evolving a system which endangered United States trade with South America. Happily, the war has to a certain extent remedied this situation. When the war broke out, Latin America was in a sense left holding the bag for they had already shipped raw materials to the Third Reich but could not then get any manufactured goods in return. This, together with the fact that now it is impossible for them to ship or receive commodities from Europe, and the fact that the blockade of German imports and exports has proved to be a virtual blockade of South American exports and imports, has led them to call upon the United States to fill their demands for manufactured goods. We, in turn, are calling on them to supply us with articles which we formerly got from the Far East. Among the fourteen strategic materials that the United States must have, all but one could if necessity forces is upon us (in fact, the need has already come) be produced in this hemisphere. However, Latin America lacks the financial assets essential to the development of these commodities—rubber, tin and the like. Here is where the Good Neighbor policy comes in. Only through a very diplomatic approach can a system of collective economic security and self-sufficency in this Hemisphere be developed.

If the United States as well as the countries of South and Central America are going to retain the freedom they struggled for, if they are going to remain free of the European domination they fought so many years ago, they must be united in their struggle against the Axis powers. South America needs the United States, the United States needs South America. There is a part for all of us to play by giving our whole-hearted co-operation to the Good Neighbor policy.

CAMPUS CALENDAR

Saturday, March 7
6:15—Theta, Bainonian Alpha Sigma, Athenian.
7:30 Law Club's Mock Trial

Sunday, March 8
9:15—Sunday school at Presbyterian church; church at 10:30—Dr. John A. McAfee, minister.
—Sunday school at First Methodist church; church at 10:30—Dr. F. B. Shelton, minister.
—Sunday school at Broadway Methodist church; church at 10:30—Rev. S. C. Beard, minister.
—Sunday school at First Baptist church; church at 10:30—Dr. Colvin L. Hammock, minister.
—Sunday school at Episcopal church; church at 10:30—Dr. J. B. Bernardin, minister.
—Sunday school at Christian church; church at 10:30—Prof. Arthur Hyde, minister.

Monday, March 9
3:00—Roundtable discussion for Pan-American Day
6:30—Triangle Club, Y Rooms
Cotton Club, Athenian Hall.
8:00—International Discussion Meet.

Wednesday, March 11
6:40—Prayer Meeting, Bartlett Hall.

Thursday, March 12
6:40—French, German, Pre-Med Clubs, Spanish Club, Art Club, Ministerial Association.

Friday, March 13
8:15—Athenian-Bainonian Play

Saturday, March 14
8:00—East Tennessee Music Clubs Festival
8:00—Intramural Swimming Meet.

TALK OF THE WEEK ... By Charles Dunning

Who Broke Window

(Cont. from Page 1)

roommate for me, will ya'. I borrowed it last week. And here's the paper I got from you, thanks. Say, these sure are good cookies you got here. I'll take another one (takes six).

Knock knock—enter boy from across the hall, casually.)

B. from across the H.: Don't look now, but did I hear someone mention food?

(And so Tempus fidgets for a while, and by the time roommate returns, there are two dozen fellows in the room, quietly munching Mom's oatmeal cookies and Aunt Minnie's special raspberry flavored orange cake.)

1st Student: What's all the racket down stairs?

Roommate: Just Loudon in a fight again. Been down there myself. Got so engrossed in the subject I couldn't get away. Forgot the stamp too. Say Jim, we're going to borrow your lamp, still got some studying to do.

Jim: Sure, just a minute, I'll get it for you. (gets up to leave and opens door) Oh! hello Mr. Mac.... uh..... Come on in.

Mr. Mac: Good evening gentlemen.

(All quiet on the western front for a second)

1st Student: Just having a little discussion about the world affairs, weren't we fellows?

All: Yeah.

(Another quiet spell.)

All: Well, guess we must be going now, see you in the morning, fellows. (Exeunt)

Mr. Mac: Since everyone else is leaving, I bid you all a cordial good night. (Exit)

(Elapse of five minutes), soft knock heard at door, enter Tom, Dick, Harry and others.)

Dick: Hi, boys, what were we talking about before we were..... oh yeah did I ever tell you about the time that .....

And so on through the night.

(Curtain)

Dr. Gates To Lead Radio Vespers Sunday

In the absences of Dr. Lloyd, who is attending a meeting of the Committee on Cooperation and Union of the Presbyterian Church, in Chicago, Dr. John A. Gates will conduct the regular College Radio Vespers, Sunday night, at 9:30 p. m. He will continue the series begun by Dr. Lloyd on "Ten Key Chapters of the Bible," taking as his text this week the sixth chapter of Isaiah.

The College Choir, under the direction of Professor Ralph R. Colbert, will sing the responses and the hymns "God Is Our Refuge and Strength;" "Round the Lord in Glory Seated;" and the anthems "Today There Is Ringing" by Christiansen; "Hear My Prayer" by Kopyloff; and "Bless the Lord, O My Soul, by Ippoloff-Ivanoff.

Societies Join To-night To Hear Trio

In Athenian hall tonight Bainonian and Athenian societies will hold a joint meeting. The popular women's trio, composed of Becky Jones, Louise Marshall, and Doris Smith, will entertain.

Mr. Cathey Speaks At Sunday Vespers

The Rev. C. E. Cathey will be the speaker at Chapel Vespers this Sunday night at 7:00 o'clock.

Reverend Mr. Cathey is a graduate of Maryville, class of 1928. He later obtained a B. D. degree from the Vanderbilt School of Religion. At present he is a Field Representative for Christian Education in the Synods of Tennessee, Mississippi, and Alabama, in which states he does extensive traveling. He is also state clerk for the Synod of Tennessee with an office in Nashville. Mr. Cathey is to arrive at the College Sunday afternoon.

Triangle Club To Meet in YW Rooms

Triangle Club will present another carefully planned program at their meeting Monday night at the YWCA rooms. Reports have it that the main entertainment will be something worked up by the Johnson sisters and Aura Santiago, in the trio line. Also, in the background lies the possibility of an added attraction of some sort. All people from the states of New York, Pennsylvaaia, and New Jersey are invited, as well as visitors from other sections.

Alette Will Play At German Club

German club members will meet in the "Y" rooms Thursday night at 6:35. The program will feature Carl Alette and his own musical compositions, and in addition games and more music.

Disc Club Hears Gershwin Music

Thursday night, the request program of the Disc Club was attended by 160 people, an all time record for the club. The music heard was Gershwin's "An American in Paris" and the well known "Rhapsody in Blue", played by the Victor Symphony Orchestra and the Boston "Pops" Symphony Orchestra respectively. This week's commentator was Meredith Preston.

Paul Moehlman was to have been this week's commentator, but he could not attend because of illness.

Everybody is invited to the next meeting.

Polly Parks Will Entertain Theta

Miss Polly Parks will present her dancing pupils in a program at Theta tonight. The ages of the children range from two to six years, and they will engage in acrobatic, tap, ballet, and ballroom dancing. Members are urged to come to the meeting for an evening of unusual entertainment.

Heron, Barnes Read At W. Workshop

At 4:00 Monday afternoon, Miss Jessie Heron and Jean Barnes will read at Writers' Workshop. Dick Boyd will be the critic.

At the last meeting of the Workshop, Miss Jackson read the "The Allen Paynes" and Anne Gammon read a letter. The critic was Carl

Movies Will Be Shown On Nature

Last Monday evening, the scheduled meeting of the Nature Club was not held because there were no lights on the campus due to the unusual weather conditions.

The next meeting was to be held on Monday, March 16, but this meeting has been advanced to March 9th, change being necessitated by the fact that the third program of the Artist Series is to be held on March 16. The meeting will be in Science Hall at 6:35, and movies will be shown on some phase of nature.

French Club To Have Banquet In "Y" Rooms

French Club will hold its regular meetings next Thursday in the Y. W. rooms. A banquet has been planned, and a musical program will be the entertainment. A regular business meeting will be held at the end of the program. All members are urged to attend for an evening of real entertainment.

Smith Leads Regular Student Prayer Meeting In Bartlett Hall

On last Wednesday night prayer meeting was held in Bartlett Hall. Paul Smith, a ministerial student from Orlando, Florida, had the devotional. He chose for his scripture reading the third chapter of I Corinthians, the 11th verse through the end of the chapter. After the scripture reading a series of sentence prayers were held by the students. The singing was led by Henry Erwin, a junior student, from Georgia.

The Bartlett Hall prayer meeting is held every Wednesday night at 6:40. It lasts until about 7:10. All students are invited to attend.

Sophomores Present YWCA Program

This week at Y. W., the sophomores will have charge of the program. The meeting will be held as usual in the Y. W. rooms at 1:30. Three sophomores, Jean Batchelor, Connie Rossell, and Betty Jane Miller will sueak on "See no evil, hear no evil, and speak no evil" respectively.

James Manning will furnish the music for the program. All women of the college are invited to attend.

Exchange

By ROBERT FRANCIS

Once upon a time there was a man who entered a bar optimistically and excited misty optically.

—Hyphen

Two morons were on the bottom of a double-deck bus. The first moron being an inquisitive chap, decided to amble up to the top deck. He did and immediately dashed back saying, "Don't you dare go up there."

"Why not?" replied the other moron?"

"Cause there ain't no driver up there! !'

He who laughs last usually doesn't get the joke.

—Hyphen

Then there was the man who took his nose apart to see what made it run.

—Hiwassean

St. Peter: "How did you get up here?"

Latest arrival: "Flu"

—Campus Collegian

Stop and let the train go by
It hardly takes a minute.
Your car starts off again in tact,
And better still .... your're in it.

—Hyphen

Stude: "I'm indebted to you for all I know."

Prof: "Oh, don't mention such a mere trifle."

—Spectator

Beaver: "I hear Bill was thrown out of college for cribbing."

Cotton: "What happened?"

Beaver: "He sneesed while taking a Russian exam and they threw him out for conjugating a verb."

Joe: "This tonic is no good."

Moe: "What's the matter?"

Joe: "All the directions it gives is for adults and I never had them."

Daffynitions

Cootie: Mechanized dandruff

Waffle: Pancake with a non-skid tread.

Pre-Med Club Meets On 12th

On Thursday evening, March 12, the Pre-Med Club will meet in the Chemistry Lecture room. The meeting is scheduled for 6:35. The program has not yet been definitely decided upon, but it is certain that a local doctor will talk to the club on a subject of interest to medical students.

ECHO SPORTS

FINALE

The Berea swimming meet brought to a close a trio of Maryville College winter athletic schedules: basketball, wrestling, and swimming. During the '41-'42 campaigns, in which Scottie athletes competed in 38 contests, these collegiate teams emerged victorious 17 times. Following are complete summaries of each sport:

VARSITY BASKETBALL

MC	39	JCC	32	MC 35	Real Estaters	28
MC	41	Hiwassee	42	MC 34	L. M. U.	44
MC	30	J. A. Smith Co.	39	MC 36	T. V. A.	27
MC	37	Hiwassee	21	MC 33	L. M. U.	39
MC	23	King	35	MC 55	Tusculum	46
MC	35	E. T. Teachers	45	MC 33	Real Estaters	58
MC	27	J. A. Smith Co.	47	MC 32	Carson-Newman	55
MC	42	E. T. Teachers	30	Totals	640	724
MC	44	King	50	Games won:	6	
MC	41	Tusculum	47	Games lost:	12	
MC	26	Carson-Newman	30		18	

"B" BASKETBALL

MC	23	Real Estaters	21	Totals	90
MC	20	Real Estaters	19	137	
MC	36	Friendsville	14	Games won: 5	
MC	29	Porter High	14	Games lost: 0	
MC	29	Maryville High	23	5	

SWIMMING

MC	16	Illinois Tech	59	MC 29	Berea 46
MC	26.5	Tusculum	48.5	Totals 145	290
MC	15	Tennessee	53	Meets won: 0	
MC	33	Berea	42	Meets lost: 6	
MC	25	Tusculum	41	6	

WRESTLING

MC	8	Illinois Normal	22	MC 28	Knoxville YMCA	9
MC	35	Knoxville YMCA	5	MC 15	Vanderbilt	17
MC	3	Kansas State U.	29	Totals		106
MC	19	Vanderbilt	9	197		
MC	30	Tennessee	6	Matches won:	6	
MC	36	Knoxville YMCA	0	Matches lost:	3	
MC	23	Tennessee	9		9	

TENNIS

Reports of an adequate supply of tennis balls have encouroged several members of last year's twice-beaten team to begin training. A few racket-swingers have already begun roadwork and indoor practice. O. "Bitsy" (as in Grant) Van Cise is again slated as a strong contender for number one man, although Jim Hedges, improving sophomore powerhouse, will probably push any aspiring player for the number one spot. Kidders, Inc., and Ken Cooper also are sure to srengthen the top slots of the tennis line-up. Again Coach Fischbach would like to urge any old or new players to come out as soon as possible. He has emphasized the importance of early workouts and training and hopes to begin work on the courts as soon as weather permits.

SPRING FOOTBALL

About twenty boys have been measured for equipment sizes and a practice schedule has been made up. Coach Davis hopes to start outside drill on Monday afternoon.

The first two weeks will be spent on fundamental ball-handling, charging, blocking, and tackling. The next week will be play week. That is, the learning of plays will be stressed for that week Then the final two weeks will be used in scrimmages and games. Coach Davis would like to have 10 or 12 more boys out for the team. There is a shortage of backfield men. Several new faces were seen among the group, including Red Meineke, Bud Engle, Don Campbell, John Dillener, Joe Suitor, Lloyd Anderson, and Chuck Dunning. Any more fellows who are interested in football are asked to report to the Bartlett locker rooms.

FROSH DEBATERS PREPARE FOR OPENING MEET

Freshman debate squad began this week preparing for its debate in Whittle Springs on March 21. The squad will be meeting every week night until the debate. The first meetings will deal mostly with analyzing the question and studying its history. Following this study the squad will work out the main issues for the debate.

Assistant Professor Pieper, who has been devoting his time to the varsity debaters, will meet with the freshman debate squad.

Cage Team Ends Season With Loss

Carson - Newman Reaps Second Win Over Honakermen

Coach Honakers' hot and cold basketeers ended the most disastrous season in recent years last Saturday night when they dropped a 55-32 decision to Carson-Newman on the Eagle's home court. The Scottie's swan song took the form of a funeral dirge as the team bowed before the accurate-shooting Baptists. The towering C-N forward, Jones was the offensive star of the game with 17 points.

The Highlanders were just not hitting the hoop against their archrivals. They were able to ripple the cords for only 32 points while the Eagles went them one better with 33 in the first half alone.

Little Davey Smith scored 9 points for Maryville's best scoring effort. Ray Lillard slipped from his usual form by dropping in only 8 points.

Lloyd Taylor was again the rock on the defense.

Summary:

M. C. (32)				
Lillard f	3	2	0	8
Webb f	1	2	1	4
Menning c	1	0	1	2
D. Smith g	4	1	1	9
Taylor g	3	1	2	7

M. C. subs—Miller, 2; Honaker; J. Smith; Rosebrough.

C-N (55)				
Jones f	8	1	4	17
Booker f	1	0	0	2
McClendon c	6	2	0	14
Stroud g	6	0	3	12
Poteet g	1	0	3	2

C-N subs—Smith, 2; Marney, 2; Farthing, 2; Perkins, 2.

Beall Enlists In Naval Aviation Training Course

Will Report For Active Duty At Close Of School Year

George Omar Beall, Jr., 21-year-old Maryville College student, has been enlisted for Aviation Cadet flight training in the U. S. Naval Reserve, and on completion of his current school year, will be ordered to report for active duty to begin preliminary flight training at the Naval Reserve Air Base, in Atlanta.

Beall, native of Binghamton, New York, and a member of the Maryville varsity football team was enlisted March 2, 1942 at the Naval Aviation Cadet Selection Board, 607 Mortgage Guarantee Building, Atlanta.

On completion of his preliminary flight instruction, he will be transferred to one of the three principal Naval flight training centers located at Pensacola, Florida; Jacksonville, Florida; and Corpus Christi, Texas. Completion of this advanced instruction will qualify him for a commission as an Ensign in the U. S. Naval Reserve, or Second Lieutenant in the U. S. Marine Corps Reserve, with assignment to active duty as a pilot in the Aeronautic Organization of the United States Navy.

Single men between the ages of 19 and 27, who are morally, physically, psychologically, and educationally qualified, may enlist in this branch of service. Full information can be obtained from any Naval Recruiting Station or the Naval Aviation Cadet Selection Board, 607 Mortgage Guarantee Building, Atlanta.

—V—

Alpha Sig To Hear Popular Singer Tonite

Miss Helen Willhoit of Maryville, a popular singer for dance orchestras, will sing for Alpha Sigma Saturday night at its regular meeting. Miss Willhoit sings for several orchestras in East Tennessee and is expected to present an entertaining program.

Refreshments will be served at the close of the meeting.

Coach Defeats Berea Girl Ping Pong Champ To Bring Glory To Losing Maryville Highlander Aquaticmen

Miller Cops Two Firsts, Bergquist Three Thirds

The Maryville College splashmen were defeated in their last meet of the season at Berea last Monday afternoon 46-29, thus ending the season without a win. The Scottie mermen stayed with their Kentucky rivals until the last two events, when Berea opened up and took the 440 and the all important 400 yd. freestyle relay to forge into the lead.

The Highlanders started clicking in the 50 yd. freestyle when Miller and Colville took first and second in the event. Tom Mize easily triumphed in the diving event, and Miller came back to cop first honors in the 100, Colville finishing third. At this point the Scotties were the proud possessors of a one point lead, their first of the season. The Kentuckians made up the deficit in the 200 yd. breast stroke and then went ahead with victories in the 440 yd. freestyle and the 400 yd. freestyle relay.

It was not in vain, however, that the brawny Scots journeyed into the neighboring state. Coach Fischbach kept the Orange-Garnet flying with a smashing victory over the Berea College female ping-pong champ. With the desire for revenge for the defeat of his team in his heart, and a recently eaten steak supper under his belt, the versatile coach defeated the lass after she had taken the measure of the cream of the team's ping pong players, and covered himself with glory. After this gallant upset the trip became little less than a triumphant tour and the Scotties were given credit for moral victory.

The other highlights of the trip were a real steak supper in the Berea College Dining Hall. Two halts were made during the trek-one on the way back because the snow was too thick, and one on the way up to buy a ten cent broom for the purpose of cleaning the snow from the windshield.

Summary:

300 yd. medley relay—Berea 3:48
220 yd. freestyle—Whitaker (B) Robertson (B) Bergquist (M) 2:51:8.
50 yd. freestyle—Miller (M) Colville (M) Cloyd (B) 27:8
Diving—Mize (M) Whitaker (B) Bergquist (M)
100 yd. freestyle—Miller (M) Malty (B) Colville (M) 1:05:3
150 back—Andrews (B) Scherer (M) Moore (M) 2:08:3
200 yd. breaststroke—Thomas (B) Crews (M) Scherer (M) 2:04
440 Yd. freestyle Whitaker (B) Robertson (B) Bergquist (M) 6:23:5
400 yd. freestyle relay— Berea 4:40:5.

Prospects Scarce As Baseball Begins

Coach Honaker Directs Squad in Daily Workouts

Coach Honaker's diamond athletes began workouts this week, with only a handful of returning lettermen from last season's nine. Practice sessions are being held in the big gym until weather permits outdoor workouts, and are limited to throwing, pepper games, and calisthenics. Several positions are open this year, and any aspiring baseball player should report to Coach Honaker at once.

The Scotties came up with one of the best college teams in East Tennessee last year, but were hit heavily by graduation and are in need of numerous replacements. Gone from last season's squad are Baby Baird, a .400 hitting outfielder; Bob Short, the team's ace hurler; Capt. J. D. Hughes, a hustling third sacker; Tommy Cragan, first base, Scot Honaker, shotstop; "Spo't" Shelfer, catcher and others.

Great hope of the returning lettermen is Leroy McGaha, center? fielder, who closed last season with a .400 plus batting average. McGaha is also a capable pitcher, having seen considerable action on the rubber last year. He will probably double as a hurler again this season, in addition to holding down the middle pasture post. McGaha is feared not only as a dangerous hitter but also because of his good throwing arm and his speed afield.

Les Rock is the only other returning outfielder. Rock also performs on the mound, having taken his regular turn all last year and played left field in between. Les is the fastest man on the squad, a dangerous hitter, and owner of a good throwing arm. One or two outfield berths are open as yet for new competitors.

Except for second base, the entire infield is open to new men. Lloyd Taylor and Aggie Miller played the keystone sack last year, but one of these men will probably be shifted to some other spot.

The battery staff has been especially hard hit by losses. Spo't Shelfer will be missing from behind the plate for the first time in several seasons. Mac Wilson is the only receiver who has had any college experience. On the throwing end of the line, Lefty Mair, Paul Sieber, and Norman Hooker make up the nucleus around which the mound staff must be built.

So far, fewer new men have reported for practice than usual. Jim Roberson, 200 pound right hander, is hailed as a promising pitcher. Roberson is renowned for his fast ball, and is being counted on as good hurling material. Wayne Stevens, short; Ross Honaker, infield; Bob Morton, first base; Art Miller, short; and Bill May, pitcher; are among the most impressive prospects thus far.

Maryville has always been known for its winning baseball teams, and last season was no exception to this rule. Playing their first season outside of the now defunct SMC, the Scots won 16 victories in 20 games, beating such teams as U-T, Southeastern Conference power, and LMU, Smoky Mountain champs. The schedule this year will be made up of many of these same teams, and lots of exciting competition is in store for diamond fans on the Hill.

INTRAMURAL DOPE

Individual Points Thru' Feb. 21.

1.	Ken Cooper	316
2.	Bill Evans	305.5
3.	George Howard	259
4.	Oliver Van Cise	252.5
5.	Ted Pratt	232
6.	Bill Hargrave	222
7.	Chuck Forman	222
8.	Sam Pemberton	208
9.	Bill Henderson	191
10.	G. Williamson	180

Last week senior intramural manager, Curt Wright, completed the records concerning the individual point standings of all persons who have taken part in intramurals this school year up to and including the Festival on February 21. Leading the list by over ten points was Ken Cooper, who chalked up for himself a top-notch record in point-getting during the basketball season. Bill Evans, the former number one man, was only one place out of number one with 305.5 points. George Howard stands third with 259.

A total of exactly 250 people have participated in some intramural activity or other this year; an estimated 25 of those are girls.

It is on the basis of these individual point records that the trophy and emblem awards in intramurals are made in May. Highest man receives a beautiful sport trophy to keep; next ten highest receive sweater emblems indicating that they ranked near the top. Of course the results printed above are not final. Another reckoning will be made at the end of the year's sports activities.

SWIMMING MEET

Manager Frank Miller has the final dope on the intramural swimming coming up on Saturday night of next week, March 14th. The affair will be sparked by 11 events open to all men of the college excepting those holding varsity swimming letters, those who were on this year's swim squad, and those out for baseball. Entries will be made individually and the points scored individually. Last year, it will be remembered, teams were entered on a class basis, but this year's plan promises less confusion and better results. The relay events may be entered by teams of 4 or 3 men, but the scoring will be done individually.

Every man who enters the swimming competition must have spent at least 4 practice periods at the pool prior to the meet and since Saturday, February 28. Other announcements about eligibility, etc., have been posted on the Carnegie bulletin board.

Events in the meet as given by Frank Miller Thursday are as follows:

200 yd. free style, 100 yd. free style, 50 yd. free style, 50 yd. free style, 100 yd. backstroke, 50 yd. backstroke.

100 yd. breaststroke, 50 yd. breaststroke, 200 yd. freestyle relay (any four men can enter), 150 yd. medley relay (any three men men can enter), 150 yd. individual medley (1 man).

Fancy diving: (3) Required front, back, half twist; (3) Optional: (any other three dives).

The competition is open to any eligible man. Those who come to the pool for practice, be sure to check in with Horace Scherer, so that you will receive credit for the four required practices. Tell him what events you plan to enter. You are permitted to enter four event,s including one relay.

TUMBLING TOURNAMENT

MARCH 18TH

Required Stunts

(All entrants must perform the first five stunts in order)

	Degree of Difficulty
1. Forward somersault roll	1.0
2. Backward somersault roll	1.1
3. Head stand (3 pt. stance) (5 sec.)	1.2
4. Cartwheel	1.4
5. Handspring (using 2 hands)	1.5

Optional Stunts

(All entrants must select five different stunts—and from different groups—you cannot perform more than one stunt from any group)

1. Forward double somersault roll 1.3
2. Forward triple somesault roll 1.4
3. Back double somesault roll 1.4
4. Back triple somersault roll 1.5
5. Running forward somersault (using one hand) 1. 6
   Running forward somersault (using no hands) 1. 7
7. Back somersault (one hand) 1.9
8. Back somersault (on hands) 2.0
9. Back bend (pick up paper) 1.8
10. Head stand (without hands 1 sec.) 1.6
11. Handstand(walk 10 ft.) 1.8
12. Handstand (for 10 sec. in 3 ft. circle) 2.0
13. Handstand (dip) 1.9
14. Snap-up 1.5

All entrants will be graded on performance of 10 stunts (five required and five optional) The judging will be on the same basis as in judging diving events (graded gram 10 to 0). The three judging points will be: approach; the stunt itself; and the finish.

SPRING EVENTS

The midwinter lull in sports activities was carried over into this week by the snow on Monday; so the plans for spring are still just plans. But they look something like this:

The horseshoe tournament from last fall will be finished—only the finals remain—as soon as the pits are in shape. Another tournament, this one an open singles, is due to start within a couple of weeks after that.

Artists Series . . .

(Cont. from Page One)

soon found himself so intensely interested in his music lessons, which he had continued after leaving school, that he deserted law and turned to a musical career. He made his debut as an operatic tenor in Warsaw where he sang "Faust" in Gonoud's opera, and was immediately acclaimed. From there he moved from one triumph to another in European opera houses. Hearing of Kiepura's success, the manager of the famous Vienna State Opera invited him to Vienna for an audition. Three days later Kiepura made his debut there in Puccini's "La Tosca," having learned the role in the three days between audition and debut. Since then he has sung in most of the great opera houses of Europe Budapest, Berlin, Paris, Milan, and also in Buenos Aires.

His debut in America was at the Chicago Civic Opera in 1930 and it was not until 1938 that he sang for the first time at the Metropolitan. His debut here was described by the conservative New York Times as "a sensational triumph."

Since making his engagement a Maryville, Mr. Kiepura has been signed to produce pictures in this country. He is no stranger to moving pictures, however, having produced several films in Europe which were highly successful in this country, shown as they were in a foreign language. Among these were "Be Mine Tonight" (which recently enjoyed a long run in Knoxville) "My Song for You", "Give Us This Night", and "My Heart Is Calling". In the last named, Kiepura starred with the lovely Viennese soprano Martha Eggerth, whom, appropriately enough, he later married.

After Germany invaded Poland (Kiepura was in Paris at the time he enlisted in the Polish army in France and when Warsaw fell was discharged and sent to the United States to raise money for the Polish Relief Fund then recently set under way. His success was attested by the fact that he raised with his singing a total of over $100,000 for the fund. Mr. Kiepura is an intensely patriotic Pole, and may be judged from his record of service to his country. He has faith that the future will hold better days for his country and resolves that when the opportunity comes he will again be able to serve his country's independence more directly than in his present work. He says, 'When the final battle for my country's resurrection begins, I'll return to Europe and put on my uniform again. For the moment I have been told that I can be most effective staying in America; but when the call comes for scattered Poles to gather I intend to be a leader for my country's liberation." "After the war," the fiery young artist said, "Poland will be as great as ever and stronger than ever before in her history. Before 1914 she was occupied three times, and each of these powers was greater than present day Germany. All those fell down, but Poland came up. She will rise again—of that I am positive".

Thus, it is seen that Mr. Kiepura is a rarity indeed, not only as a tenor and an artist, but as a man. It has been said of him that he could have success in any field or endeavor he tried, for his brilliance is not limited to politics or music. Music lovers have occasion to rejoice that he did not by some grievous accident of fate fall into some other profession.

One of his more unconventional ideas has to do with concert programs. He feels quite certain that the most important matter to people attending concerts is that they be well entertained. To that end he has always been willing to sacrifice formality and appearances and has sometimes been criticised by music critics for his irregularities.

Mr. Kiepura loses no time in returning the compliment, however; "No one takes singing more seriously than I do, but I also know that we are living in a strenuous time and that people who pay two dollars for an evening's entertainment—whether it's a musical comedy or a song recital—expect to get their money's worth of entertainment. For the most part the critics admit that I can sing with the best, so what they think about the rest of my concert is a pure reporting job. In my business the one that makes the innovations opens himself for criticism. I can take it as long as it's intelligent and fair. To me the most important thing is that people go away from my concerts with the impression that they heard good singing and had an enjoyable time".

Of his voice volumes could be written, but much has been said already. In the words of the Chicago Daily News, "Kiepura is assuredly one of the greatest tenors of history. His voice is robust in character, lyric in quality, and in its use of it is faultless. We have seen him grow and gain in artistry even after he had become the idol of two worlds". To this tribute the New York Times adds, "Mr. Kiepura has youth, exuberance and fervor, capped by a magnetic personality. The voice is by nature one of unusually pure quality and evenness. It possesses warmth and sensitiveness of color, and emotional urge".

On a purely non-critical basis it is difficult to emphasize strongly enough the excellence of the privilege which this locality will enjoy a week from Monday night. New York or Chicago, a musical event of this nature would be a lauded event—here it is one of those rare opportunities to hear a really great singer. "Mr. Kiepura is unsparing in the use of his voice and he makes such friends with the public that his recitals are invariably unforgetable entertainment".

—V—

Pan American Day

(Cont. from Page 1)

here Congress"; Miss Lindsay, Americas Against the Axis," The Hodges were Prof. Kiger, Miss Arda Walker, the debate coach at Maryville High School, and Depew, debate coach at Everett High School. At two o'clock on Monday afternoon the International Relations Club will entertain the visiting representatives from the various colleges at tea in the YW rooms. Registration of the delegates will also take place at that time.

The first discussion group will be held at three o'clock, at which time the representatives will be divided into three groups for a round-table discussion under the chairmanship of Assistant Professor Pieper, Miss Harriet Miller, and Mr. Stellwagen. The subject will be inter-American affairs and problems. In these roundtable groups the contestants will analyze and discuss various phases of this general subject: How can we best implement the Good Neighbor Policy? Previous to this meeting each of the eight to ten members of the roundtable will draw for specific topics all of which are connected with the general theme of Pan-Americanism.

Following the opening discussion each contestant will deliver a five to seven minute speech on the particular phase he is to develop. There will be a period for questioning and then summaries by each speaker. From each of the roundtables the judges will select two winners on the basis of the greatest mastery of the subject and superior ability in expressing their ideas. In the evening the two winners from each preliminary roundtable will meet and go through a similar process to select two winners from the whole District Conference to represent that area in the regional contest. The judges in both the afternoon and evening meetings will be Mr. L. N. Ross, the superintendent of the Blount County Schools, Mr. Goddard of the Alcoa Schools.

All Maryville students and faculty members interested in current events or in public speaking are invited to attend both the round table groups in the afternoon, and the evening meeting which will be held at eight o'clock in Bartlett auditorium.

The two winners of this district contest will be sent to one of the Six Regional contests which will be held through-out the United States, all expenses being paid by the office of the co-ordinator of Inter-American Affairs who is sponsoring the whole event. The East Tennessee District is in the Division of the Southeast. Here two winners will again be chosen and sent to the national finals which will be held in Washington, D. C. The winners in the finals will receive a tour of South America.

The broad objectives of the whole program are to promote inter-American friendship and cooperation, to stimulate a nation-wide study of inter-American affairs, to inform the general public concerning relations in this area, to formulate solutions for existing problems, and to implement the Good Neighbor policy.

According to Dr. Alan Nichols who is national director of this contest, about 400 hundred colleges and universities are taking part in this contest. "The response has been the greatest in the history of such undertakings among college and university students and is convincing evidence that young men and women today are fully aware of the importance of the other Americans and of hemisphere solidarity." he declared.

In connection with the whole program, President Roosevelt said, "I have long been keenly interested in public forums and round-table discussion groups as democratic means of developing popular understanding of pressing public issues. Now, under the impact of the defense emergency, I am convinced that it is more important than ever that the people, and particularly the students in our colleges and universities, be encouraged freely to assemble to discuss our common problems. Indeed, this is one of the freedoms that we are determined to defend. I am happy to endorse participation in the National Extempore Discussion Contest as a program peculiarly adapted to the exercise of this liberty."

Debate . . .

(Cont. from Page 1)

in Oratory; Kay Liddell was third in Women's Extempore.

Altogether the women's team of Liddell and Lindsay debated in six rounds before final elimination, and the men's team of Foreman and Jamarik, also eliminated in the state finals, debated seven rounds.

Other teams competing at the tournament included groups from Bethel College, T. P. I., Cumberland U., Vanderbilt U., Union College, William Jennings Bryan, Tusculum, Middle Tennessee State Teachers, and West Tennessee State Teachers.

Mr. Pieper, assistant coach of the local squad, accompanied them to Lebanon.

Intramural Dope

(Continued from page three)

A singles golf tourney is scheduled for the warmer weather to make up for some of the frosty weather experienced during the fall rounds.

Shuffleboard, a new one this year, will come off in real Florida style when the sun's hot enough That's no joke; there's to be a he-man tournament in shuffleboard—and the game isn't as easy to play as it looks!

And croquet is no joke either. The croquet tourney is all planned and is due to come off in six weeks or so. The beauty of a game like this is that the girls can enter as well as the boys; and perhaps one fault with the intramural system now is that the girls are not included enough.

Archery is on the list. The goals are up and the targets are waiting to be hit—and here's a bet that that game isn't as easy as it looks, either.

Last but not least softball is in the wind. Curt Wright said this week that the managers planned to start softball early this year and have a longer season. He sent out another notice to team managers to sign up their teams as soon as possible because the deadline will be set for only a couple of weeks away.

So that's what's in line this spring. Keep your eyes on this column for details of each event as it comes due.

VOLUME 27 MARYVILLE, TENN. MARCH 15, 1942 Number 23

JAN KIEPURA APPEARS IN FINAL CONCERT OF '41-'42 ARTISTS SERIES

Famous Tenor to Sing in Voorhees Chapel, March 16

FAMED MOVIE ACTOR

Artist Has Gained High Acclaim in Metropolitan Opera

Jan Kiepura, world-famous lyric tenor of concert opera, radio and sound films will be here on Maryville College campus this coming Monday night to fulfill his concert engagement. Advance notice of Mr. Kiepura's abilities and achievements has alreay been made, but their are many additional facts about his life and character which are of interest to the concertgoer Mr. Kiepura is a tenor whose solid reputation makes his name well known to musical audiences and whose high successes both at the Chicago and Metropolitan operas lends further interest to his concert Monday night. His concert appearances have brough the warmest praise of his charming and forceful personality and superlatives in the critical comment on his voice and technique.

One of Mr. Kiepura's many foreign triumphs took place in this hemisphere, at the Teatro Colon in Buenos Aires, Argentina. Here Kiepura sang the first performance of Puccini's great opera "La Boheme" and was acclaimed. Another of these great foreign successes took place in the famous old La Scala Opera in Milan where Mr. Kiepura sang the first performance there of "Manon", by the French composer Massanet. It has been since these performances that Kiepura made his debut in America, and he has piled success upon success in both the operatic and concert fields. At heart, Mr. Kiepura is a lover of the dramatic in music, hence his devotion to

(Cont. on Page 3)

Frosh Debaters Will Compete In Forensic Tourney

Event Will Take Place At Whittle Springs March 21

One week from today, on March 21, the Maryville College Freshman Debate team will compete in a tournament to be held in Whittle Springs Hotel in Knoxville, in which several other nearby schools will also participate. Four rounds of debate will be run off, also contests in Oratory, Extempore, and After Dinner Speaking.

The question to be debated will be the national Pi Kappa Delta issue, "Resolved: that the democracies of the world should set up a federation to carry into effect the eight points of the Churchill-Roosevelt Atlantic Charter. The Extempore subject will be Inter-American Affairs and the After Dinner speeches will be on the topic "Freshman College Life."

The freshman teams which will represent Maryville will be as follows: in Men's Oratory, Segraves and Barker; Women's Oratory, Stephenson and Henry; Men's Extempore, Schwartzback and McClure; Women's, Boyles and Lehman; After Dinner Speaking, entries not yet announced; debate, men's teams, Barker and Schwartzback, McClure and Segraves; Women's teams, Henry and Boyles, Lehman and Stephenson.

Other colleges competing in the tournament will be: Mars Hill, Carson Newman, East Tennessee Teachers, Hiwassee, and Virginia Intermont.

The tournament is under the direction of Dr. V. M. Queener, the local bedate coach, Maryville being the host school.

The day's activities will begin at 9:00 in the morning with a short assembly followed by the first round of debate at 9:15, continuing until 10:15. The remainder of the schedule is as follows: 10:15 to

(Cont. on Page 4)

Defense Committee Appointed By President Lloyd

First Aid Classes For Faculty And Students Planned

Dr. Lloyd has recently appointed a committee of faculty members to head a defense program for a precautionary measure in case we should meet an emergency here. The committee is composed of Dr. Queener, Dr. McClelland, Miss Armstrong, Prof. Howell, Mr. McCurry, Dr. Davis, and Mr. Brown. This committee has been subdivided into groups to work on the various sides of this program.

Although the possibility of a war emergency here is remote it is necessary to be prepared. The committee is trying to work out a plan to take care of the college family in case it should be necessary. They want to work out with the city of Maryville an alarm system and designate places of comparative safety for shelter. They plan to have the student body organized under leaders and directors to know what to do and how to do it in an orderly manner. The main idea now is to start training students in first aid and a plan has been worked out to form two classes of about 30 members. There will be both faculty members and students in these classes. The membership in these classes will be made up partially by selection and partially by option.

Varsity Debaters Attend South Atlantic Tourney

Men's Team Enters Smoky Mountain Tournament

Last Saturday night six members of the varsity debate squad returned from the South Atlantic Tournament held at Lenoir-Rhyne College in Hickory, N. C. Professor Verton M. Queener accompanied these representatives who were Natalie Yelton, Phyllis Anne Cain, Jack Kramer, Hal Lloyd, Ben Lynt, and Ed Rowley.

Alh three teams debated both sides of the question Resolved that the democracies should form a federation to establish and maintain the Eight Points, with the girls ranking second in women's debate and the boys third in men's debate. Hal Lloyd got first in after dinner speaking, Natalie Yelton second in oratory and impromptu, and Phyllis Anne Cain first in extemp.

This week the same four men are debating in the Men's Smoky Mountain Tourney which is being held at East Tennessee Teachers in Johnson City. The teams which will debate both the affirmative and negative of the Pi Kappa Delta query are lined up as follows: Jack Kramer and Hal Lloyd, Ed Rowley and Ben Lynt. Kramer and Lloyd will enter oratory while Kramer will do extemp and Lloyd will do after dinner. Professor Queener will accompany the group which left Friday and will return Saturday.

(Cont. on Page 2)

Triangle Club Entertained By Musical Program

Triangle club met Monday night in the Y rooms. Phil Vance entertained with clarinet solos, including the "Baldwin Blues', which he and Charlie Burgreen composed. The "Hill William Ensemble" was present to add spirit to the program. The meeting was climazed with the singing of the "Johnson sisters", accompanied by Aura Santiago on the guitar. A record attendance was established with fifty present.

The next meeting will be on March 23.

T. T. Alexander Oratorical Contest Held This Week

Tuesday, March tenth was the deadline for entries in the T. T. Alexander oratorical contest. The subjects of the contest were: The Deity of Jesus Christ; Christ's Atonement for Sin; The Resurrection; and Salvation Through Faith. By the plan of alternation used, the participants in 1941 were women students and those for this year were men students. The orations will first be judged on content and then judged for their delivery. The orations will be given this week before a committee from the Bible and Religious Education faculty. The first and second place winners will give their orations in chapel before the student body.

The T. T. Alexander prize fund, established by a generous friend of the College, who desires to remain anonymous and to have the prize named in honor of one of Maryville's foreign missionaries, provides prizes to be awarded annually to the winners of first and second places of an oratorical contest conducted under the supervision of the Bible and Religious Education faculty. Next year the contest will be open for women students.

Complete Set Of 'Quarterly Review' Now In Library

Contains Political And Social Thought Of English History

By a stroke of rare good fortune the college library has been able to obtain a complete file of the famous "Quarterly Review" published in London periodically from 1809 until 1894, 178 volumes in all. The purchase of the books was made by the English Department; the chief figure behind the acquisition being Dr. Hill Shine, Associate Professor of English, who noticed the books advertised in an English catalogue of periodicals. The books were ordered from a book store in London by cablegram and were shipped from there, the total expense being extremely moderate. The number of complete files of the "Quarterly Review" in America is not defintely known but it is assumed that very few colleges of the size of Maryville are in possession of a complete set.

The history of the "Quarterly Review" is inextricably interwoven with the history of political parties in England, for the "Quarterly" originated as the organ of the Tory Party and in opposition to the widely circulated and influential "Edinburgh Review", whose editorial policy favored the liberal or Whig Party. Sir Walter Scott was one of the founders of the "Quarterly" and made some contributions to its issues. In subject matter the "Quarterly was a review of political, social, geographical, and literary publications and thought. The articles weressupposedly written by authorities in their fields, but were always carefully edited to conform with the prevailing Tory stand on the issues of the day, and this was an extremely

COTTON CLUB PLANS STATES NIGHT PROGRAMS

Monday night in Athenian Hall the Cotton Club met. Al Flowers, the newly appointed program chairman, presented the program which consisted of a resume of the programs for th rest of the year and two Believe-It-Or-Not Ripley stories. The programs for the rest of the year will be States Night stories. The programs for the rest of the year will be States Night programs. The states in charge at th next meeting will be Texas and Alabama.

College Campus Map Near Completion

A new and complete map of the college campus is being prepared by Edwin Lochner under the supervision of Ernest C. Brown, college engineer. As draftsman on the project, Lochner has been devoting approximately fifteen hours a week to the work since the beginning of the second semester and has now brought the map near to completion.

The purpose of re-maping the campus is to bring up to date the detailed information concerning location and dimensions of buildings, and improvements in the walks and driveways, and a complete mapping of the water, gas, steam and sewer system on the campus. The work is being conducted in a small office in the basement of Anderson which was made available by the renovating of the basement several years ago. The scale of the map is 20 feet to the inch, making the total size of the map 7 1-2 feet square. Because materials cannot be obtained of that great width, the map is being done on two separate sheets of material which will be later spliced together to form one large area.

At present the rough survey is on a heavy canvas-like material from which it will presently be traced; and prints, some of which will be reduced in size, will be made from the tracing. The lrage scale of the map is in order to obtain accurate and detailed results.

When this work has been completed it will be possible at a mere glance, to determine the entire plan of the campus and to find the various distances and dimmensions, as well as the exact location of the various pipes, without having to resort to further measurement or investigation.

Miss Sara Hellums Becomes Bride of Mr. Arnold Kramer

Ceremony Held in Voorhees Chapel Sunday, March 8

At five o'clock on Sunday afternoon, March 8, Sara Lee Hellums of Rotan, Texas, and Arnold Kramer of Maryville were married in the Elizabeth R. Voorhees Chapel by Rev. Dr. H. E. Orr. Both are graduates of Maryville College of the class of 1940.

The wedding was solemnized in a beautiful single ring ceremony with the bride attended by her sister Frances John Hellums and by Miss Emma Jean Kramer, sister of the groom. The groom's attendents were his two brothers, Jack and Frank Kramer. Organ music was furnished by Miss Katherine Davies who played "Evening Star" and "I Love You Truly". Ralph Reed sang "Because" and "At Dawning."

While in college, Mr. Kramer was co-captain of the Football team and a member of Pi Kappa Delta. Miss Hellums was likewise a member of Pi Kappa Delta and both were Barnwarming king and queen during their senior year.

Pageant On YMCA To Be Presented Sunday Night

YMCA announces that a pageant will be given Sunday night, March 27, in Voorhees Chapel. The pagaant will take the place of the regular Vesper service. In connection with the 65th anniversary of the YMCA at Maryville (the oldest college YMCA in the United States as far as can be traced), the pageant was written by Arthur Bushing and Joe Dickinson. It will be under the direction of Miss Seedorf. Further details will be announced later.

Ex. Theatre Presents "Lazarus And the Rich Man"

Author is Joe Dickinson; Miss Seedorf Directs

On Saturday night, March 21, the Experimental Theater will present "Lazarus and the Rich Man", a play written by Joseph Dickinson and directed by Miss Evelyn Seedorf. It will be given in Voorhees Chapel at eight o'clock.

The play is an experiment in religious poetic drama, employing the usual methods of stage production, but in a unique way. Since English drama had its beginning in the church, the staging of a parable is in no manner new; however, a dance interpretation without music has yet to come into its own in church drama.

The plot is a familiar story, the parable of Our Lord which deals with the selfishness of the foolish rich.

Fred DePue will play the part of the Rich Man; that of his wife, Lusheba, a character that has been added to the original plot, is played by Phyllis Henry. Bob Schwarzwalder will play the roll of Lazarus. The speaking chorus is composed of Alice Jones, Meredith Preston, Ann Jones, Mary Dawn Noblit, Betty Haines, Dorothy Barber, Helen Anderson, Nancy Russell, Marion Smith, and Roberta Lochausen with Alice Matthews as narrator. The chorus of modern dancers, under the direction of Mary Felknor, is composed of Betty Clevenger, Carolyn Huber, Betty Dyer, Jean Huddleston, Beverly Jackson, and Kathryn Bonner.

Dr. Charles E. Diehl To Speeak At Wednesday Chapel

President Charles E. Diehl of Southwestern Uuiversity at Memphis, Tennessee will be the speaker at the chapel this Wednesday March 18.

Dr. Diehl has attended Johns Hopkins University, Princeton University, and Princeton Theological Seminary, and has been president of Southwestern University since 1917. At present he is Moderator of the Presbyterian Church in the United States.

NOTICE...

The Highland Echo will not be published next week.

More Mixed Recreation Desired; Off-Campus Dating, Pro and Con

BY HELEN DOSSENBACH

What kind of entertainment or recreation would you suggest for Maryville? What is your opinion on the subject? You may be interested in reading some of the opinions of Maryvillites. These are a few of the replies I received:

"We should have a recreation hall where we could play pingpong.' Someone saaid "We have tables in the basement of Pearson's" The answer, "That isn't the right kind of environment. The girls look a mess walking around with their hair down; others are ironing or washing. We want mixed groups, boys and girls."

"We need something—but I don't know what."

We have enough concerts and high-class entertainment, especially if we attend the Artist Series in Knoxville; we need a little more tight entertainment and comedy."

"We should have bowling and horse-back riding."

"Everything suits me. We wouldn't get any studying done if we had a lot of other distractions. Some of the students couldn't afford expensive entertainment."

"The faculty should present its version of a model entertainment for students; only the faculty should participate. Then, the students should present their program, according to their viewpoint. This would stimulate interest and closely together."

Most students enjoy Maryville

(Cont. on Page 3)

Henry Wick Chosen to Represent MC At Regional Contest Atlanta, Ga.

HENRY WICK

Full House Sees Final Midwinter Production

Entire Cast Presents First-Rate Performance

The final midwinter production was presented last evening by Bainonian and Athenian in Voorhees chapel at 8:15. "In A House Like This" was a sophisticated comedy in three acts, and was presented as a sequel to "The Goose Hangs High." The play was based on the great American social institution, the family. There was no particular plot to the play, and there were no great dramatic moments. It was just a tale about a family, any family.

Under the ever superb direction of Mrs. Nita Eckles West, and with a talent cast of veteran players and newcomers, "In A House Like This" was everything that a Maryville college production has been noted for. June Morley, as Mrs. Bradley, gave a gay and convincing interpretation of an old woman without enough to keep her busy. Rosemary McCartney play-Lois Ingals intelligently and with great stage presence. Troye Moore and Jerry Beaver were teamed to play the understanding and lovable Mr. and Mrs. Ingals. Orchids to John Hellums who stepped in at the last minute to fill Mary Wintermute's shoes as Mary Clurman. She played the role as only a veteran could. Dave McDaniels, as Bradley Ingals, Lois' twin, added another star to his usual four-star productions. Ben Lynt, appearing again for the first time since last year's "Abe Lincoln," did another grand job as Ronald Murdock. Dick Watkins of "Pure As The Driven Snow" fame was seen as Noel Derby. Charles Foreman, as Giles Whitaker ,was enough to sweep any girl off her feet. Four freshmen played excellent roles in the play. Nancy Russell, as Julia Murdock, Ellen Pascoe, as Doty Faire, John Scott, as Hugh Ingals, and Roberta Lochausen as Rhoda.

The stage for this modern play was beautifully done under the direction of Ted Kidder. The costumes by John Hellums were appropriate and interesting. Mildred Montgomery and Bob Schwartzwalder did an extravagant piece of work on the advertising. The difficult job of properties was done by Elizabeth Quern, and Mrs. West's able assistant was Dorothy Lehman. Ever-helpful John Hawkins was in charge of the lighting. Business for the play was taken care of by George Tibbetts with the assistance of Elizabeth Glover.

The house was filled and every one went away chuckling at the quiet humor that present itself in real family living.

Wick Takes Second In Pan-American Discussions

On last Monday evening, March 9, at the District Conference of the National Discussion-Extempore Contest on Inter-American affairs which was held on the Maryville campus, Henry Wick was chosen to represent Maryville College at the Regional Contest. Preliminary groups were conducted in the afternoon following an informal tea given for the guests from other institutions by members of the local debate squad and International Relations Club.

Four colleges, namely the University of Tennessee, Asheville Normal, the University of the South, and Maryville College, participated. From the afternoon sessions six were chosen for the finals which took place in the Philosophy classroom at eight o'clock. At this time the two winners were chosen. First place went to Sevier Duncan of the University of Tennessee, while second went to Henry Wick of Maryville. These two will go to the regional contest, which will probably be conducted in Atlanta. Their expenses are paid by the Office of the Coordinator of Inter-American affairs who is sponsoring the whole contest.

The Maryville winner, Henry Wick, a senior from Scottdale, Pa., is noted on the campus especially for his speaking ability. Last year he was president of the local Pi Kappa Delta chapter and represented the college at the State Forensic Tournament this year. He is also one of those assigned to the Southern Tournament to be held in Atlanta. Henry was chosen this year for Who's Who in American Colleges, as well as being secretary of the Y. M. C. A.

Intramural Swim Meet Tonight

Program Features Variety of Events

At 8:00 this evening at the college pool there will be an Intramural swimming meet. The order of events is as follows:

200 yard freestyle relay, 50 yard backstroke, 50 yard breastatroke, 50 yard freestyle, diving, 100 yard freestyle, 100 yard backstroke, 100 yard breaststroke, 200 yard freestyle, 150 yard medley relay, 150 yard individual medley.

Each diving contestant will perform six dives, three required and three optional. The required dives are the plain front, back dive, and the half twist.

In order to be eligible for the contest each swimmer has to have had four practice swims at the pool, these swims having been reported to Horace Sherer, whose record will be checked at the time of the meet this evening.

Student Council Meets Monday

Civilian Defense Courses Suggested

The Student Council met last Monday night. Several items of current interest were discussed, one of which was a suggestion that more cedar trees be planted on the campus. It was also suggested that courses in first aid and civilian defense be offered for Maryville students.

At the next meeting, which will be on March 23, Dr. Stellwagen will speak on civilian defense.

Any one possessing any recent information concerning the activities of the alumni that would be useful in the publication of the next issue of the Alumni Bulletin, please communicate it to the Alumni Secretary in the near future.

SATURDAY, MARCH 14

An Act of Courtesy

It may seem a little anticlimatic, during a history making time such as this, to editorialize about a seemingly unimportant topic as "Courtesy"; but, war or no war, life goes on, and more attention should be paid by the individual to things that can be done to make it more bearable and livable.

Look back a few weeks and think of some things you have seen which, though not of vital importance in themselve, were entirely unnecessary and could, and should, have been avoided.

For one example, the groans which met the arrival of a detained speaker failed to accomplish whatever purpose was held in mind by those so audibly affected. The commotion did, however, accomplish one thing: it presented the student body in a very undesirable light to a man of such importance, who, in all probability, had only that one chance to become acquainted with that student body.

Once again, in the chapel, may be found a lack of courtesy on the part of the audience; this time, though, the action is of a lighter but equally annoying type. In dramatic productions, the scattered giggling which meets a scene in which there may be romantic or sentimental action, shows only one thing: the juvenile mentalities of the spectators who respond in this adolescent fashion.

And with only a mention of the individuals who show discourtesy to a teacher by constant practices such as knitting, letter-writing, sleeping or drawing through lectures, we'll leave you.

Next time, think before you act; and remember that discourtesy is not so much a result of background as thoughtlessness on the part of the individual. It may not mean much to you, but it will to the other person.

As I See It

By JANET LINDSAY

In A House Like This by Lewis Beach. Voorhees Chapel, Maryville College. March 13, 1942. Directed by Mrs. Nita Eckles West.

Last night the Maryville audience was again privileged to witness an excellent performance under the very capable direction of Mrs. West. On the whole, the entire cast presented a smooth, co-ordinated production that kept the entire audience alert from beginning to end. The play itself although not particularly profound and even a trifle "high schoolish" in spots, accomplished its purpose—to present a family, "no special family, just one like you and I are a part of." The program note justifies thus, "Today, more than ever before we are beginning to realize the importance of our great social institution, the family. We see it as a major factor in character building and a foundation for future peace and brotherhood." This being true the presentation of a play of this type is obviously worth-while and at the same time proved interesting to watch.

The total cast very successfully conveyed to the audience the true spirit of American home life. In regard to individuals perhaps the best acting in the play was done in my opinion by June Morley in the role of Mrs. Bradley. Fully qualified to play this mature role by her previous experience in numerous other Maryville dramatic productions, notably, "Family Portrait" and "Abe Lincoln in Illinois," her characterization of the stubborn, but lovable old grandmother was exceptionally well-done. Her Mrs. Bradley was one of depth and the actress revealed feeling for the role.

Likewise worthy of praise was Dave McDaniel's portrayal of Brad. The zest and enthusiasm of the young hero made the audience perk up and take notice when ever he spoke. His infectious grin and buoyancy of character made him pleasant indeed.

No less worthy of commendation was Gerald Beaver as Mr. Ingals. His performance, although consistently convincing was particularly good in the second act when he reached a point of dramatic perfection. Troy Moore displayed an equally realistic rendition of his wife, Mrs. Ingals.

In the romantic leads, Charles Foreman and Rosemary McCartney as Giles Whitaker and Lois Ingals were well-adapted to their roles. Contributing to the success of the play as a whole by their convincingness and their unusual ability were Francis John Hellums as Mary Clurman and Benjamin Lynt as Ronald Murdock.

Providing the necessary background effectively were Roberta Lochausen as the maid, Ellen Pascoe Murdock.

An essential factor to the appreciation of the play as a unit was the set designed by the stage crew under the excellent direction of Ted Kidder. It's realistic homeiness added much to the spirit of the play. Praise is also due all those persons responsible for the technicalities as make-up, costumes, properties and lighting without which the success of the drama would be impossible.

In the role of Doty Faire, Dick Watkins as Noel, John Scott as Hugh, and Nancy Russell as Mrs.

Old Spice

By JEAN BARNES

End of part two.

Which is where we come in. And reluctantly, isn't it? What with spring fever and such. One thing, it's been fun to see everybody dashing around submerged under wind tossed waves.

What we really need is a lend lease on the loud speaker Carnegie magically developed Wednesday; be so much quicker. Sort of like to hear a question and answer such as: Peewee Crider, just how it felt to be almost caressed by lightning Wednesday; Paul Smith, why he adopted huge apron and hair ribbons for dinning room attire; Margie Field's cousin Martha from Memphis, how she liked the Jordy, Kay, Billye Ruth sort of party; Lucille Lynch as to what means the reference—debate tournament served with a string of Baptist ministers; Mary Knight and Margaret Clippinger, just what kind of pantry they keep to rate catching six mice in as many days; and other matters vital.

And we feel as though the psychology lab has finally justified its existence. Aimee wandered in the other day, asked to see Baxter's eye record. And as a result, undisturbed by the possibility suggested to her of a backfire, brought about great changes With new glasses Baxter has been able to be Honest Al of the Maryville Jury, and reputedly become a remarkable sports announcer. Still ranks A-1 too. (And lab office hours are from now till then.)

From all indications Casa Manana is going to be a terribly wonderful thing some day. The Casa Manana orchestra held what was probably its first rehearsal in Bainonian hall recently. Dick Moor's the manager so they say; and while the embryonic miss-the-beat gave nothing to boast of at first, there are signs and signs—to cheer any optimist. We heartily expect something stupendous eventually.

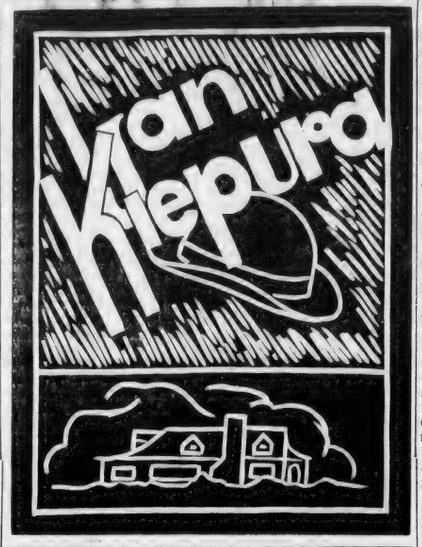
And speaking of all the comforts of home or any old thing, Jim Faulkner, Chuck Foreman, Andy Richards, and probably about twenty other ingenious souls reportedly have the milkman trained to not only leave their milk in the morning, but also to shut the window and regulate the heat.

Almost as angelic as Daniel Gauleterie who, dubbed the Minnesota food basket (we only quote) hands out unselfishly everything from hams to homespun to the entire first floor of Carnegie.

Being in the mood to rehash old stuff, grab a memory some place and lets go. Not given to exaggeration ourself, we naturally believe all we hear. Hence we give you untouched the report of Carnegie's flood control board, McPratt, chief in control and well in control. Saturday night, minus a week, a shower just voluntarily would itself up and started a drippy tour of the dormitory. Gathering converts as it went, and subject to the usual opposition given new movements, it was broomed out of Bailey-and-Culver's room and ended before a huge crowd somewhere downstairs. Mr. Mac, taking one look at the circle of innocent faces under the dripping "eaves", bounded up the stairs. And then the plaster fell down —no connection. Conclusion of first report.

Time two hours later next night. Flood this time on the nature of a tidal wave. Starts with invasion of Mize' and Leishman's room, descends beneath to Dilliner and Schwartzwalder who come swimming out of bed, down to the next deck where Sherer and Francis filled four waste baskets and started water lilies, and ended with Hedges and Morrow—probably in the form of ice blocks which they promptly threw outside. We almost wouldn't believe it, didn't you.

Just to end on a serious note, there's Mrs. Snyder's new collection of records. Son Miles sent her his group of record volumes, one of the best collections we've ever seen, and Mrs. Snyder is justly proud of it. And generous too. And who wouldn't be proud with more Tschiakovsky, Beethoven, and Dvorak and so forth than you can take in at a grasp?



But Gershwin has his points too evidently. Reminds us Cherie Curtis got lost in Rhapsody in Blue last Disc club and fainted clear away in the midst. And reportedly got three of the cutest means of transportation on the campus to carry her home. Which translated meant Fred Snell, Dave McDaniel, and Ray Swartzbach.

And sometime pardon the lack of spice; it's the cook's day off.

CAMPUS CALENDAR

Saturday, March 14
6:15—Theta, Bainonian, Alpha Sigma, Athenian
Sunday, March 15
9:15—Sunday school at Presbyterian church; church at 10:30—Dr. John A. McAfee, minister.
—Sunday school at First Methodist church; church at 10:30—Dr. F. B. Shelton, minister.
—Sunday school at Broadway Methodist church; church at 10:30—Rev. S. C. Beard, minister.
—Sunday school at First Baptist church; church at 10:30—Dr. Colvin L. Hammock, minister.
—Sunday school at Episcopal church; church at 10:30—Dr. J. B. Bernardin, minister.
—Sunday school at Christian church; church at 10:30—Prof. Arthur Hyde, minister.
1:30—YWCA and YMCA.
7:00—Chapel vespers.
8:00—Student Vols.
9:30—Radio Vespers.
Monday, March 16
—Artists Series: Jan Kiepura, tenor
6:30Nature Club.
Thursday, March 19
—Disc Club.
Saturday, March 21
—All College Studio Presentation.

TALK OF THE WEEK ... By Charles Dunning

Debate . . .

(Cont. from Page 1)

Announcement has been made this week of the assignments for the Southern Tournament scheduled for March 24-26 in Atlanta, Georgia. Bill Evans and Henry Wick will enter men's debate with Evans doing additionally after dinner and oratory while Wick is scheduled for extemp. The girls who are to participate are Margaret Clippinger, Janet Lindsay and Lucille Lynch. The former will compete in women's after dinner while the latter two will compose the women's debate team. In addition Janet Lindsay will enter oratory and Lucille Lynch extemp.

The topic for this tournament is Resolved that the federal government should regulate by law all labor unions. The Maryville representatives will leave on Monday morning, March 23, as the tournament begins the following morning at 8:30. Mr. Archibald F. Pieper is taking the group to this tourney.

French Club Holds Banquet

deBarriett, Manning, Calvesbert Perform

Last Thursday evening the French Club held its regular meeting in the YW rooms. A banquet was the feature of the meeting.

A musical program was presented for the entertainment of the club and its guests. Lucette de Barritt played Intermezzo and Bercuese from "Jocelyn". James Manning sang a group of French folk songs, and Bob Calvesbert played Simple Aveu and La Cinquaintaine. The singing of the Marsailles, the French national anthem, concluded the program.

The guests of the club were Dr. and Mrs. Davis, Miss Phylis Dexter, Miss Mary S. Welch, and Miss Grace Moore. The decorations consisted of sweet peas and the names of famous French authors, which were pasted on the wall.

College Maid Shop Supplying Uniforms For War Nurses

The College Maid Shop at this moment is in direct contact with the front lines of the present war through many nurses who buy their uniforms from this shop on our campus. Mrs. McMurray stated that of the five nurses in Guam, three are Japanese prisoners. Four of these nurses at Guam were customers of College Maid.

The Chief Nurse at Samoa wrote that she would either mail a check to the Maid Shop or send money by radio if there were no future mails. On Thursday the 16th order of nurses uniforms was sent to Pearl Harbor, and the Shop sent uniforms to the U. S. S. Solace recently.

YMCA And YWCA To Hold Joint Organ Recital

YMCA and YWCA will hold a joint meeting Sunday afternoon at 1:30. Miss Davies will give an organ recital. The program will be entirely a musical and meditation program.

Special Meeting

Notice to all officers of the Spanish Club:

There will be a short but important joint meeting of the nominating and constitutional committees of the Spanish Club Monday night at 6:30 in Dr. Stellwagen's classroom. Reports of these two committees will be discussed and voted upon accordingly.

German Movie Will Feature Next Meeting

Last Thursday evening the German Club held its regular meeting in Bartlett Hall. Carl Alette played several original compositions.

The members of the club talked over plans to have a German movie at the next meeting. A definite decision has not yet been made between "An Orphan Boy in Vienna" and "Concert in Tyrol." Both of these pictures are full length features in the German language, and both include the singing of the famed Vienna Choir Boys. These pictures are relatively new, neither having been shown in the South. The next meeting will be held on March 26.

Workshop Hears Miss Heron, Barnes

At the next meeting of the Writer's Workshop, Miss Jessie Heron and Jean Barnes will read. Dick Boyd will be the critic.

Last week's meeting was postponed because of the Pan-American day program.

College is Host To Music Festival

Today the colelge is host to the East Tennessee district of the National Federation of Music Clubs. This district is one of the two in East Tennessee, the other one being in Chattanooga. The other two Tennessee Festivals are held in Memphis and Nashville. The one held here is the largest of the three.

Today the college is host to the eight entries comprising more than two hundrd people. Judges ineluded the College music faculty; Mr. and Mrs. Wernr Wolf, and Miss Francis Mofitt of the music faculty of Tenessee Wesleyan; Misses Anne Abel and Elizabeth Moore who are former students of Maryville; Mr. R. M. Hovel of the Maryville faculty; and Mrs. John Crawford, Jr.

The contests were held in three separate studios simultaneously, and they began at nine this morning and lasted into the mid-afternoon. Contests were held in individual piano-playing from primary through advanced stages, violin, Trumpet, rhythm band, piano ensembles, hymn-playing, memory and history, and voice.

Rose Pinneo Leads Wed. Prayer Service

The devotional at last Wednesday night prayer meeting in Bartlett Hall was led by Rose Pinneo, junior from Chattanooga. She chose for the scripture reading the fifth chapter of Romans, the first eleven verses. She also read a short poem on prayer. Allan Moore, a senior ministerial student from Baltimore, Maryland, led the singing.

The Bartlett Hall prayer meeting is held every Wednesday night at 6:40. It lasts until about 7:10. All students are invited to attend.

Kramer Addresses Law Club Thursday

Last Thursday, the Law Club met and heard Jack Kramer speak about his experiences, while a child, in court with father. He told of several incidents in which one or more people in the court were shot or narrowly avoided being hurt.

In the mock trial last week George Howard was found innocent of the charge brought against him by Robert Smith. The spectators, however, felt that he should be found guilty and an unsuccessful effort was made to lynch him.

PRE-MEDS MEET

Meeting in the Organic Chemistry Lecture Room, the Pre-Med Club held an informal discussion of Pre-Med students in the draft and socialized medicine. One point discussed was a medical corp for the army and navy. Plans were made for spring banquet.

A prominent Doctor is to be the speaker at the next meeting of the club.

Exchange

By ROBERT FRANCIS

Professor: "What happens when the body is immersed in water?"
Co-ed: "The telephone rings."

Those who are in the habit of putting buttons instead of coins in the collection plate will please put in their own buttons and not those from the cushions in pews.

Breathes there a student with soul so dead,
Who never to herself has said,
"Always with school,
I'll stay in bed."

1st cannibal: "The chief has hay fever."
2nd cannibal: "I told him not to eat that grass widow."

It has just been learned that a citizen was jailed for calling the Japanese Emperor a moron. It seems that the gentleman was booked on two charges: one, of slander; two, revealing government secrets to the enemy.

The egoist is but a man who tells us all the things about himself that we were going to tell him about ourselves, if he had given us a break.

Scientists have definitely proved that the bumblebee has not enough wing space with which to fly. However, the bumblebee does not know this and flies anyway.

There once was a man unique,
Who imagined himself quite a shique,
But the girls didn't fall
For the fellow at all—
He made only twenty a wique.

First Mosquito: "Hooray! Here comes a new arrival."
Second Ditto: "Good. Let's stick him for the drinks."

"I would like some alligator shoes."
"What size does your alligator wear?"

A professor who comes two minutes early to class is very rare —in fact, he's in a class by himself.

I hear the administration is trying to stop necking.
Is that so? First thing you know they'll be trying to make the students stop too.

"What a splendid fit," said the tailor as he carried the epileptic out of the shop.

"I've stood about enough," said the humorist as they amputated his legs.

"Fine car you have there, Couvillon.
What's the most you've gotten out of it?"
"Nine times in one block."

ECHO SPORTS

"THAT AIN'T WINTER"

Sitting in a classroom, gazing wistfully out of wide-open windows breathing the clean, fresh air, watching couples stroll down winding paths, listening to the breeze and the birds in the trees brings one to realize that spring is truly almost here. Spring with all of its spirit, life, and vitality. Spring with all of it's dreaminess, laziness, and peacefulness. Well, spring with all of its potentialities anyway. The season that makes you want to get outside and do something.

Already a few foursomes have felt the thrill of a smacking drive down from the fifth tee. Some (not all) have energetically weilded the hoe on those remarkable Memorial courts. Remarkable because they always look like a neatly-plowed field or an excavation for a defense plant, and finally they take shape and emerge as tennis courts or a reasonable facsimile thereof. Some have realized we have a fine swimming pool and have taken advantage of it. A number of fellows are transforming Carnegie's backyard into a series of bull pens, as they get those pitchin' arms in shape. And there are other evidences of spring too. Too numerous to mention, of course.

But its true that we have facilities on the Hill to provide recreation for everyone. The shuffleboard courts will be made usable soon; horseshoes will soon be ringing—as they bounce off the peg; archery and spring football work hand-in-hand on Wilson Field and most skates don't need rubber tires. So, c'mon ev'rabody, let's . . . play!

(This is the first of a series introducing to the student body a few of our outstanding freshman baseball players.)

About two weeks from now, a number of baseball fans especially the coeds—are going to be asking who that good-looking boy playing second base is. Well, he probably will be Wayne Stevens, a dark-haired freshman from East Rochester, New York. Wayne has lived in East Rochester for eighteen years and was graduated from high school last June. While in Rochester High he played baseball and stood high in his class scholastically. He has always loved baseball and has made it a year-round hobby. Besides lettering three years in the sport in high school, Wayne distinguished himself in his last year by leading his team in batting. The past summer found Wayne playing semi-pro ball in the East Rochester Semi-Pro League.

On the campus Wayne has become interested in the sciences and plans to major in Biology. He has also been prominent in intramural athletics. If Coach Honaker does not switch him to a different position Wayne will face tough competition at the second bag. Lloyd Taylor and Bob Miller, both veterans, have played two years on the second sack. But if one of them gains control of that spot, Wayne will not feel uneasy or unqualified on the bench. In fact, he has a bench personally reserved for himself near Baldwin.

WRESTLERS' RE-TREAT

Last Thursday evening, the '42 wrestling team was favored with a sizzling steak supper "somewhere in the mountains." Responsible for the generous repast and celebration were Miss Jessie Heron - Coach Davis. Head Chef for the evening: Miss Jackson.

That was not the reason a doctor was invited, was it?

HERE AND THERE

Our athletic team captains were hosts to several district basketball teams at a big breakfast Friday morning at Pearsons. It's old, but "I wanna Be a Captain too!" . . . You ought to have seen Coach Honaker demonstrating some fancy steps to his baseballers—couldn't tell if it was the conga or the rhumba . . . . . We'll be surprised if this Louis-Simon fight on the 27th is not a real one; remember their last one! . . . Gerber's infected leg might make a big difference in Toledo's success in the national invitational tournament in Madison Square Garden . . .. Still can't forget Bob Bayless' snowballs—hope he can throw a baseball that way! .. . . .Kampuskandel: They were using underhand methods in the mixed softball game the other day. Don't tell anyone.

Feature .. ..

programs but would like more variety and more programs presented in the chapel. A great desire was expressed for more organ music of all types. Many girls think dating should be permitted unchaperoned until 10:30 o'clock one night a week. One girl specified, "Not on Saturday when all the mountaineers take a holiday. We don't want to see cowboy thrillers either." Several believed draw teachers and students more that two modern popular motion pictures a month could be successfully presented in the chapel. The regular admission should be charged. One or two showings of a feature given on Saturday evening.

A comfortable social room was suggested where young people would gather for table games, social contact, reading, and listen to good music. One student mentioned that the Carnegie Institute would donate comprehensive classical records if the proper conditions to enjoy them as a group were available.

For Ladies Only—How To Keep From Growing Old or What's the Point in the Point System?

BY SIDNEY DUKE

If you asked one of Willie Williams' point system girls to give an account of yesterday's softball game, you might expect something like this: "Friday afternoon there was a softball game between the Oranges and the Garnets. Both teams were composed of plays, and the Oranges were dressed in simply divine orange-colored trunks and matched satin blouses. The Garnets' costumes were also of an appropriate color—garnet, with orange trim. There were a number of innings played and the Garnets' pitcher had the most divine hairdo. A number of good-looking fellows were present to watch the game, but seemed to have a hard time keeping their eyes on the ball. Mrs. Queener was umpire and was dressed in the cutest skirt. (As I left I heard some fellow say that the Oranges won the game.)"

But you would be surprised, for the thinly-clad young ladies we see running across the campus each Tuesday and Friday afternoon quite serious-minded athletes who fight as fiercely as any of Coach Honaker's slugs. They are out there to do or die for dear old Maryville and to win a letter in the process. Really, fellows, you shouldn't laugh when you read on the good old ECHO sports page that the point system girls are doing this or that, for they're really serious about the whole business.

Football is a neglected sport as far as the lassies are concerned. But they go in for basketball, volleyball, softball, track, aerial darts, shuffleboard ,and several other sports in a big way. Hiking is another regular dish for the girls, and they keep trail around the loop in good condition—you ought to see the feet on them

Now you may be wondering what we are coming to, but the whole point is this: The system has several distinct advantages for the male population of the campus and for the faculty as well. First of all, one of the training rules on Mrs. Queener's required list is NO EATING BETWEEN MEALS. If you don't think that will go a long way toward balancing the old budget, just start stepping out with one of the Amazons for a few weeks.

From the faculty point of view, the athletic program indirectly encourages more serious application to the finer pursuits of learning. For instance, Johnnye Gudel recently told her chemistry teacher "Miss .. .., I just have to make a B in this course at midsemester; it'll count on my point system score if I do."

Of course, one factor must always be considered as a disadvantage. That is, the girls pack a powerful wallop, as any over-eager young man may find out.

Well, that's about enough I guess, but just one thing more. Willie Williams asked me to tell all freshmen on the ECHO sports staff that aerial darts is NOT dart throwing—it's something like badminton only the bird doesn't have any tail on it

Racketeers Start "Workouts" On Tennis Courts

With Spring again in the air and mud again on the courts, Coach Fischbach's racket swingers have stepped from winter quarters and have, for the past week, been busy getting the court in shape as a part of their preliminary training. Big things are expected of the squad this season because of the fine season the same players turned in last.

Ollie Van Cise appears to be headed for the number one spot on the team again this year. Soph. Jim Hedges, last year's intramural tennis king, is capable of handling his share of the duties and may even make Van Cise hustle for his number one rating. Ted and Dave Kidder, Ken Cooper, and Ted Pratt are the other veterans.

Because of the early graduation the schedule will be considrably shortened this year. Tentative matches have been arranged with E T T, L M U and T P I. There will be about eight or ten matches during the season, the first being about April 10th.

Jan Kiepura . . .

(Cont. from Page 1)

opera. His programs usually contain a goodly proportion of operatic arias, not only because of his own preference but because he feels that his audiences enjoy the stirring dramatic effects of music than echoes every emotion.

Although a patriotic Pole, Kiepura feels extremely kindly toward America. He is thankful that people in America so much desire to hear him that he is able to carry a very heavy schedule of operatic and concert engagements. His wife, Martha Eggerth, former Viennese singer star of many motion pictures, and whom he married after playing opposite her in one of these, has recently signed a long term contract with MGM, and in his own words, "We both realize how lucky it is that we are here in America."

In his chosen profession of singing, Mr. Kiepura's career has been a tissue of progressive sensations. He has risen from humble surroundings, for his father operated a bake shop in the small Polish town where he grew up, to a position of musical leadership, affluence, and world renown on his merits alone; his golden voiced highly charged personality, and the ceaseless labor which was necessary to bring these gifts to fruition.

Kiepura has more vision than that ordinarily accorded a man already favored with a great voice; his horizons are wider and he has been quick to see, once having reached artistic eminence, the possibilities in motion pictures. He is unquestionably the most successful of the male singers who have made films, and his European film, "Be Mine Tonight," combining excellent voice recording with breathtaking sequences of lakes and alps taught American producers more than one new trick.

It has been saaid that no great singer is happier than he when facing great audiences, for no matter how exacting or challenging the situation, he always rises to the level necessary to reach the vast audiences which have on several occasions gathered to hear him. In the Chicago Stadium in 1940, he sang before thirty thousand people, a few months later he thrilled forty thousand persons gathered in Madison Square Garden in New York with his matchless voice, and incredible though it may seem, he was the featured soloist at an open air concert in Chicago before 100,000. Port of his secret in taking great throngs a knack Mr. Kiepura has shown of completely into his confidence in singing little songs of homelands that can moisten the sves of even the most hardened concert-goer, let alone ordinary folk. This is in spite of the fact that Mr. Kiepura is a past master of showy arits and the bravura style.

Thus Mr. Jan Kiepura comes to us at Maryville not merely recommended, but feted and praised by an admiring public, as an artist of imposing gifts and a man of personality and stature.

Joe Suitor Is Elected Captain Of '43 Wrestlers

PREDICTS GOOD YEAR

At a meeting of the eleven lettering wrestlers last Thursday evening, Joe Suitor was elected captain of the 1943 Scottie wrestling team. Joe has been a member of the title-holding team for three years and this year won four of his matches by falls to receive a letter in the 155 lb. division. Joe hails from Rienzi, Mississippi, is a Sociology major, and has taken part in various activities on the campus. His biggest thrill, he says, came this season when he pinned Vanderbilt's Tipton to avenge his last season defeat. Joe, for the time being, has no army worries, and predicts a successful year for 1943. "If the army doesn't hit us, he said, we're going to have a bigger, better, and scrappier squad next year. We have a swell coach and the interest is increasing all the time." Joe was elected unanimously by secret ballot.

—V—

All B B Positions Are Open As Team Moves Onto Field

After working his baseball candidates in the gym for the past two weeks, Coach Honaker will bring the squad of approximately 25 aspiring diamond stars out into the daylight next week to begin the real work of building a winning ball club. The men have been loosening their throwing arms and shaking the winter cob-webs from their gloves in the gym since the first of March, and now with old man Jack Frost definitely on the run, they are anxious to get out into the sunlight.

A schedule of about sixteen games has been tentatively set for the Scotties. Four games with Hiwassee, four with LMU and a brace of games each with U-T, Carson-Newman, ETT, and Emory-Henry. Games with TPI and Murfreesboro have also been set. The first test for the Highlanders is against Hiwassee on April 1st on the local field. Three more contests against the Jr. College will follow on the 4th, 7th, and 10th before the team journies to Knoxville to take on U. T. On the 14th the Honakermen face Carson Newman's Eagles and on the 18th play host to T. P. I.

According to Coach Honaker, every berth on the field is wide open. Seven lettermen are back. Fred Shelfer is expected to report next week along with Maryland Mac McGaha who has been seen on the golf course practicing his swing. The other returning players are Les Rock, speedy outfielder, Paul Sieber, Bob Mair, and Norman Hooker, pitchers, and Loyd Taylor, infielder. Aggie Miller and Mac Wilson both saw action in collegiate ball and will probably be used. With the coming of outdoor practice the coach will be able to get a line on the frosh candidates, some of which may be called upon to hold down regular positions.

A complete list of the players who have reported follows: Thompson, Hooker, Conkle, Webb, Honaker, Mitchell, Morton, Pemberton, May, Menning, Miller, Robison, Wilson, Lillard, Bogosion, Les Rock, A. Rock, Stevens, Bob Miller. Adams, Bryant, Bayless, Sieber, Bob Smith, Bob Mair. Taylor, Shelfer and McGaha are expected to report next week.

INTRAMURAL DOPE

COMING EVENTS

Swimming Meet — Saturday, March 14 (tonight).

Tumbling Meet—Friday, March 20.

Golf—Wednesday, March 25

Softball—Friday, March 27 (play begins)

Horseshoes—Monday, March 30

Blue skies, white fluffy cloud-banks, warm breezes, a steady, gentle sun—ah yes, in the spring the intramural department's fancy turns to tho'ts of healthy, deep-breathing sport, no less. The wintry spell is broken, Prince Charming has kissed the lips of the sleeping beauty, and like a new-born butterfly the spring sports spread their wings and launch happily into the air.

But enough of such poetical nonsense, you see what we mean. The next two weeks' intramural schedule is packed with events which end the lull of the last fortnight. They look something like this:

SWIMMING—

Tonight in the varsity pool at 8:00 o'clock will be staged the first annual individual swimming meet. For the past two weeks those planning to enter have been training in special preparation for the 11 events and the diving. On Thursday afternoon Horace Scherer said that 14 men had signed up for practices, and he gave some dope about who looked good. Henry Erwin is favored to take the diving. The honors in the dashes may go to Dave McDaniel or Les Boyd—it looks pretty close. Bob Lockwood is the safe better's man in the backstroke, but there may be a black horse in the person of Charles Hoglan. Charles has a smooth stroke on his back and doesn't do badly in the crawl, either. Worth keeping an eye on are Joe D'Antonio and his roommate Gus Canike, but we don't promise anything.

The man upon whom everyone counted for big things, Ralph Parvin, last year's outstanding man in the water, won't be in the competition at all because of an unavoidable week-end trip out of town.

The events, as published in last week's paper, are as follows:

200 yd. free style, 100 yd. free style, 50 yd. free style, 50 yd. free style, 100 yd. backstroke, 50 yd. backstroke.

100 yd. breaststroke, 50 yd. breaststroke, 200 yd. freestyle relay (any four men can enter), 150 yd. medley relay (any three men men can enter), 150 yd. individual medley (1 man).

Fancy diving: (3) Required front, back, half twist; (3) Optional: (any other three dives).

The college public is invited and urged to be on hand for the crowning of the 1942 intramural swimming champ.

TUMBLING

No less important and not far off is the tumbling meet scheduled for next Friday night, March 20th. It was originally announced for the 18th, but was changed early this week to the 20th. It is open to individuals, who will be scored as such, and is to be performed and judged much as a diving event in a swim meet. All stunts will be floor mat stunts because of the lack of ring or horizontal bar equipment. Each is assigned a certain degree of difficulty, so that the man who does the really hard acts will automatically be scored higher. At the meet each entrant will take the mat as his name is called, perform the stunts in their announced order, and be scored by the official judges. Once again the college public is invited to attend —in Bartlett Hall or the Alumni Gym, undecided as yet—and see an affair that isn't often to be seen.

Curt Wright has placed on the Carnegie bulletin board a blank to be signed by all those entering the tumbling meet. Those who expect to enter must be sure to sign.

The tumbling acts in detail were published last week but will bear repetition here.

Required Stunts

(All entrants must perform the first five stunts in order)

Degree of Difficulty	
1. Forward somersault roll	1.0
2. Backward somersault roll	1.1
3. Head stand (3 pt. stance) (5 sec.)	1.2
4. Cartwheel	1.4
5. Handspring (using 2 hands)	1.5

Optional Stunts

(All entrants must select five different stunts—and from different groups—you cannot perform more than one stunt from any group)

1. Forward double somersault roll 1.3
2. Forward triple somesault roll 1.4
3. Back double somesault roll 1.4
4. Back triple somersault roll 1.5
5. Running forward somersault (using one hand) 1. 6

Running forward somersault (using no hands) 1. 7

7. Back somersault (one hand) 1.9
8. Back somersault (on hands) 2.0
9. Back bend (pick up paper) 1.8
10. Head stand (without hands 1 sec.) 1.6
11. Handstand(walk 10 ft.) 1.8
12. Handstand (for 10 sec. in 3 ft. circle) 2.0
13. Handstand (dip) 1.9
14. Snap-up 1.5

The three judging points will be: approach, the stunt itself, the finish. Remember, that's next Friday night.

SOFTBALL—

Tuesday, March 24, has been set as the deadline for the entering of softball teams. Play is to begin on the 27th. All men's clubs of any description are urged to sign up teams, and the independents to get their men together early next week. Managers must obtain eligibility lists from the intramural office or from senior and junior managers, complete their teams, and return the list by a week from Tuesday. Fifteen men are allowed on one team list, and the minimum for playing in a game is seven.

Schedules for the games will be compiled and posted immediately after all teams have entered. Deadline, once again, is the 24th.

GOLF—

The spring individual golf tourney is scheduled to begin on Wednesday, March 25th, one week from next Wednesday, weather and course conditions permitting. It's a singles tournament, to be entered and won by individuals. The U. S. Golf Association rules plus the local rules will govern the play. Local rules will be published and posted as they were last year.

Next Sat. is the deadline, and bracket lists will be posted Monday or Tuesday, the 23rd or 24th.

Golfers are advised to get out their balls and clubs and knock around the course a few times before next week, The 25th isn't far away!

HORSESHOES—

The open singles horseshoes will begin on March 30th, two weeks from Monday. The pits and equipment will be put into shape as soon as possible. But more of that another time.

—V—

Football Men Report For Spring Practice

Spring football practice is progressing under the direction of Coach Davis, with about 25 men reporting each afternoon to work out. Several of the returning lettermen are out, and in addition a number of last season's reserves and new players.

Emphasis thus far has been mainly on conditioning exercises, with such fundamentals as ball handling, blocking, and tackling thrown in. Scrimmages will not be begun for another week or so, for the group is not yet in condition and does not know enough plays.

Several high school players who intend to enroll at Maryville next year have also been reporting. The showing of Cross and Burger, Everett high stars, has been especially encouraging.

Among the new players are Joe Suitor, Lloyd Anderson, and Chuck Dunning of the wrestling team. Others are John Dillener, Bud Engle, Don Campbell, Mack Purifoy, Jim Hogue, Red Meineke, Tinley, and Oscar Proffitt.

Coach Davis announced last week that as soon as the fundamentals were taught and the squad in condition, scrimmage would be every afternoon. It is hoped that the squad will remain large enough to furnish two teams for daily scrimmage.

'Quarterly Review'

(Cont. from Page 1)

conservative, even reactionary position. The "Quarterly Review" both as a Tory Party organ and a literary magazine, achieved considerable influence in English life of the century and is interesting from any one of its many aspects, political, social, literary, or scientific.

Although Scott was so influential in the founding of the review as to be called its "Proprietor" or "Creator", another man Lockheart was the first editor and was followed by Colerdge (brother of the poet) and Gifford. Of the contributors of the period Robert Southey, poet laureate of England from 1813 until 1834, is the best known. Southey wrote considerably on social and political matters and strangely enough, was regarded as being rather liberal in his views. How well his formal, often unsigned essays accorded with the conservative Tory policy could be determined only with considerable study, but his writings must have been in reasonable harmony with this policy or they would not have appeared on the pages of a party organ. Then too, he wrote considerably on Spanish History and Literature of which he was an authority. Some of his essays also deal with such matters as the social thought of Owen and the Saint Simmonians.

The periodicals, 178 volumes of them, arrived early this week and have been found to be in very good condition, considering the advanced age of some of the older volumes. In order to obtain them the library found it necessary to sign a written pledge that these rare volumes would not be resold in the United States and would be used for library purposes only. The library staff is at present engaged in catalouging them and preparing them for student use.

V

Educational Color Film Will Be Shown By Art Club

Color movies showing how portraits are painted will be sponsored by the Art Club March 26. The picture is a well-known one and has been shown extensively throughout the country. There will be a fifteen cent admission charge, tax included. This interesting, cultural, and educational picture is well worth anyone's money; everyone is more than welcome, especially those who do not take any art courses, since they will benefit more in comparison.

Out of the battle of Macassar Strait in which U. S. and Dutch flying men inflicted telling blows on a Japanese troop and supply convoy, a new hero was b He was Lieut. Col. Stanley K. Robinson who had arrived in Java a little more than a week before he crashed in battle. Although he was a flying fortress pilot, he was in a fighter plane when he crashed. Mrs. Stanley K. Robinson, widow of Col. Robinson is pictured with ther son, Stanley Jr., in their Morgantown, W. Va., home.

Almost Neglected Museum Holds Curious Articles

By Lily Belle Grizzard

Students living here on the at Maryville are a little prone to keep certain famous parts of the College prominent in their minds and ignore certain other equally interesting divisions. How many people have been to the museum? Very few of the present generation of college students are even aware of the fact that an extremely interesting collection of two thousand pieces is lodged in the very familiar library. Perhaps some may challenge my statement that the museum is in the library; nevertheless, there it is. In the end of the library reserved for the girls there is a row of upright cases behind which and in which are the articles. Miss Hallock is present curator of the museum. She knows many interesting tales of the origin of the various portions of the collections in her custody.

There are no complete collections, but ther are many rare and valuable objects of art arranged behind those cases. The collections range from fragile and valuable bits of uporcelain ware to many varying kinds of implements of warfare. The porcelain ware is in the case of curios from China. Many of the most interesting exhibits from China were contributed by the Kidders. With the other curios sent by the Kidders is a complete set of carved wooded figures representing the Chinese arts, sciences, and everyday life. Besides their intrinsic educational value, these little wooded figurines with their delicacy and grace present a course in appreciation of art in themselves.

Most of the contributors to the museum are graduates of Maryville or old friends of the school. A large number of the exhibits were brought from Syria by Dr. Wilson. One of the highlights of the Wilson collection is an elaborately and beautifully carved desk. Very appropriately the document substantiating the history of the museum. Of the rest of the donors of the museum, the more well-known contributors are Miss Miles, Mr. Fred Hope, Miss Lois Wilson, Mr. Alexander, and Dr. Harry Feagles.

Perhaps is was only the feminine instinct in me but the varied collection of shoes for every occasion and for every type of person was the largest and most interesting feature of the collection of exhibits. Every Exhibit has some shoes. The Persian exhibit has a pair of red brocaded slippers with toes that curl clear back to the instep of the slipper. The Chinese exhibit has several different paiars of shoes that were worn by the women when their feet were bound. The smallest shoe in this collection is about two inches long and the largest is about five inches long. The Philippine shoes for rainy days have high heels, no covering over the ankles, and wooden soles. The Japanese wore stray sandals, and the Hindu women wore little satin slippers.

Last spring an old gentleman who has long been a patron of the college presented the museum with a large collection of uniforms, guns, sabers, documents, and bulletins of the Civil War. Lieutenant Wilson also presented the College with an excellent collection of equipment of the American and German Forces in World War I. If ever three boys wish to defend the College there is a large gun that was used in the Boxer Rebellion.

I have presented only scattered examples of the interesting bits that I especially noticed in the museum. Perhaps if you were to go into the museum sometime in your spare time you might find more things that appeal to your particular tastes.

Spanish Lecturer Favors Bainonian Girls Tonite At 6:15

The Bainonian society will meet tonight at 6:15. A Spanish troubadour, Fredito de Pueya, who is making a tour of the south, will honor the society with his presence. He will sing, demonstrate the conga and the rhumba, and depict a typical love scene. Music will be furnished by Betty Robinson and Aura Santiago.

V

NOTICE

Seniors are reminded to get their Recommendations filled out and returned to Mr. James R. Smith, Public Relations Secretary as soon as possible.

V

Frosh Debate . . .

(Cont. from Page 1)

11:15, second round of debate; 11:30, oratory; 12:00, drawing of extempore topics; 12:30, luncheon, to be followed by After Dinner Speaking; 2:00 extempore speaking, 3:00, third round of debate; 4:00, fourth and final round of debate. The results will be announced as soon after the final round as decisions can be reached, at about 5:00.

V

Blount County Education Meeting To Be Tuesday

On Tuesday night, March 17, the college will be host to the Blount County Education meeting at a dinner in Pearson's Hall. The purpose of the meeting, it is stated, is to discuss the ways by which the schools of Blount County can help in the Civilian Defense program.

The meeting will be attended by three Blount County School superintendents, the principals of these schools, and Dr. Lloyd and Deans Hunter and McClelland of the college. Also attending will be Mr. A. R. Kaiser, coordinator of the Blount County Division of the Civilian Defense program, and county judge George H. Roberts, Director of this division.

V

SLIDES OF SMOKY MOUNTAINS SHOWN AT NATURE CLUB

Members of the Beta Honorary Society of Maryville were the guests of the Nature Club last Tuesday evening.

The Nature Club presented Mrs. George Brown, Assistant Professor of Biology, who showed and discussed many colorful slides of the Smoky Mountains: sunrise, sunset, and native flowers; 1940 fall scenes of Maryville campus. The club was fortunate in having these pictures, as Kodachrome duplicates are not available.

VOLUME 27 MARYVILLE, TENN. MARCH 28, 1942 NUMBER 24

SEVEN SENIORS ELECTED TO MEMBERSHIP IN ALPHA GAMMA SIGMA HONOR SOCIETY

Three Alumni Also Inducted As Members

DIEHL SPEAKS

Students Honored In Wednesday Chapel Service

Seven Maryville College seniors, Helen Cone, Ruth Duggan, Marian Jenkins, Mary Jenks, Ruth Sutherlin, Henry Wick, and Hilton Wick were elected to Alpha Gamma Sigma, college honor scholarship society and were inducted into membership at the Wednesday chapel service, March 18. Also elected, to honorary membership, were three Maryville alumni who have gained distinction in their various fields of endeavor; Dr. H. J. Bassett, professor of Latin at Southwestern University at Memphis; Dr. Clinton Gillingham, president of Tennant College of Christian Education in Philadelphia, and Dr. Anna Ethel Fanson, '13, eminent surgeon in Los Angeles.

The speaker at the service Wednesday, after the induction of the new members was Dr. Diehl, president of Southwestern University, and also president of the Association of American Colleges and Universities and Moderator of the General Assembly of the Presbyterian Church in United States. Dr. Diehl spoke informally, commending those elected for their diligence in study, and emphasized the importance in this period of turmoil of doing well the particular job we have at hand.

Alpha Gamma Sigma, the only honor society officially recognized for Maryville College is local in organization but maintains standards of scholarship equivalent and comparable with those of the national honorary society, Phi Beta Kappa. The society was organized fairly recently and requires that those elected to membership shall have maintained a scholastic average of 6.5 in their four years of college work, that they be of good moral character and have shown capacities for leadership and service. The constitution permits the election of no more than ten percent of the graduating class each year, thus limiting membership to only the ablest scholars. There are at present only 96 regular members, ie. elected when they were students, and only nine honorary members. The latter, to be elected

(Cont. on Page 2)

WIN HIGH HONOR—Five of the seven Maryville College seniors who were inducted this year into Alpha Gamma Sigma, high honor society, are pictured here. Mrs. Mary Jenks, Whitney Point, N. Y., is standing, and seated, left to right, are Miss Helen Cone, Salt Lake City, Utah; Miss Ruth Duggan, 2927 Keystone Avenue, Knoxville; Miss Marian Jenkins, Erie, Pa., and Henry Wick, Scottdale, Pa. The other two voted into the group were Miss Ruth Sutherlain, Cincinnati, and Hilton Wick, a brother to Henry, also of Scottdale. Requirements for admission into the group are a 6.5 point grade average for work through the first semester of the senior year and high moral character. Not more than 10 per cent of students receiving the A. B. degree in June can be admitted.

COURTESY KNOXVILLE JOURNAL

Easter Sunrise Service in Amphitheatre

Fifth Annual Service Begins At 6:16 a. m. C.W.T.

For the fifth year Maryville College will have a Sunrise Easter Service in the College amphitheater on Easter morning. The sun rises this year at 6:16 a. m. at which time the service will begin. President Ralph W. Lloyd and Dr. William P. Stevenson will conduct the devotional part of the service.

The choir will take part singing "Christ is Arisen" by Hirsch, "Alleluia! The Strife Is O'er" by Palestrina "Easter Alleluia" by Baird, "In Joseph's Lovely Garden" by Dickinson, and "Haleluya" by Sergei. Although the service begins at 6:16 the band will play in the Woods beginning at 5:55 a. m.

Previous to the service President and Mrs. Lloyd are having members of the choir and band, faculty members and their wives and Kiwanis men with their wives for breakfast. The band will have breakfast at 4:30, the choir at 5:10, while the faculty and other visitors are invited for 5:30. This year for the first time the Kiwanis men are participating. It is a part of their general program which includes support of the spiritual aims of the community.

Chapel Services To Follow Easter Theme

Next week, special services will be held in each morning chapel service in accord with the commemoration of Passion Week. Choosing scriptures in accord with Holy Week, President Lloyd will lead on Tuesday and Saturday morning, Dr. H. E. Orr on Wednesday morning and Dr. Gates on Thursday morning. On Good Friday, there will be a special chapel service with Professors David H. Briggs, Susan A. Green, and George D. Howell each giving brief meditation on the sayings of Christ on the cross.

Dr. Briggs will speak on "Father forgive them, for they know not what they do," and "Verily I say unto thee, today thou shalt be with me in Paradise," the first two words of Christ on the cross. The next three words to be given by Dr. Green are "Woman, behold thy son! . . Behold thy mother, "My God, my God, why hast thou forsaken me?" and "I thirst". Professor Howell will speak on the final two words, "It is finished,," and "Father, into thy hands I commend my spirit". Dr. Lloyd will preside over the meeting.

With the special services the choir will sing selections each service. The selections are as follows: Tuesday—"O Sacred Head", Wednesday— "When I Survey the Wondrous Cross", Thursday—"Beneath the Cross of Jesus", Friday —"Were You There", and Into the Woods," and Saturday—"O Come and Mourn".

Frosh To Present U-Name-It Party

This evening the Freshman class will take over the entertainment of the rest of the student body by giving a "U-Name-It" Party. The students are to meet in front of the chapel at 7:30 wearing old clothes and carrying a blanket. The frosh guarantee something different and definitely fun.

McAfee Will Speak At Vesper Service

Rev. Dr. John A. McAfee of Maryville will speak this Sunday evening, March 29, at the College Vesper Service. His sermon will be entitled "The Authority of Jesus".

Dr. McAfee has attended Park College and McCormick Theological Seminary, has been on the faculty of Maryville College, and is, at present, pastor of the New Providence Presbyterian Church.

Ministerials Plan Passion Week Services

Mid-Day Programs To Be Given By Various Students

Mid-day services for Passion Week will be sponsored again this year by the Ministerial Association. The services will begin on aMrch 30 and continue through April 2. They will be held during the noon hour from 12:45 to 1:05. The general theme of the Sufficiency of the Cross will be divided into six sub-topics and the speakers for the meetings will be members of the Ministerial Association.

The speakers and the topics for the services are as follows:

Monday, Allan Moore, "The Salvation of the Cross; Tuesday, Kenyon Leishman, "The Shelter of the Cross; Wednesday, Percy Martin, "The Sovereignty of the Cross"; Thursday, Ben Lynt, "The Solvency of the Cross"; Friday, Joseph Suitor, "The Separation of the Cross"; Saturday, Donald Hopkins, "The Shift of the Cross".

At each of the meetings there will be selected music, both instrumental and vocal. Students from the Y. M. C. A., Y. W. C. A., and Student Volunteer groups will participate in each day's services as well as the speakers chosen from the Ministerial students on the campus.

Y. M. Elections Are To Be Held Early Next Week

Art Bushing And Roy Crawford Run For President

Percy Martin, president of the Y. M. C. A. has announced that elections, to select officers for next year's organization, wil be held early next week, following the Annual Association meeting which is to be held on Sunday, March 29.

Roy Crawford and Arthur Bushing have been nominated for the presidency; Charles Foreman and Clyde Brown have been nominated for the office of vice president; Olson Pemberton Jr, and James Garvin have been nominated for the secretaryship; and Ted Pratt and Paul Jamarik have been nominated for the office of treasurer.

Roy Crawford is a local Maryville lad, has served as business manager of the Chilhowean for one year, is at present a member of the Y. M. Cabinet, is a Political Science major, and a popular sports enthusiast.

Arthur Bushing is from Middle Tennessee, is an English major, has been active in the Intramural sports program, is at present a Y Cabinet member, has been on the honor roll, and is the Junior Intramural manager.

Charles Foreman is a participant in minor sports and the Intramural sports program, has taken part in several dramatic productions on and off the hill, is a varsity debater, and a member of the Y. M.

(Continued on page two)

Lloyd To Attend College Meeting

Wartime Needs To Be Considered

The annual meeting of the Tennessee College Association will be held in Nashville April 1 and 2. Dr. Lloyd, who will be the only attendant from Maryville, will make a report on one of the study groups held at the Sewanee conference last summer.

President Thomas P. Johnston of King College will be the presiding officer at the convention. Paul L. Palmer, Secretary of the Association, from the University of Chattanooga, will speak in the evening. His subject will be "Report of a Survey of Curriculum Innovations, Newly Effected or Contemplated among Tennessee Colleges with Special Reference to the Acceleration of the College Program and Meeting War-Time Needs".

Theta Alpha Phi Presents Play

Seniors Relieved Of Traditional Duty

Due to the increased activity and work of the members of the senior class near the end of the year, Theta Alpha Phi has taken over the production of the annual commencement play. The play selected for this year is a comedy in three acts by A. A. Milne entitled "The Truth About Blayds." Mrs. West has just recently announced the cast and the rehearsals are in full swing.

Gerald Beaver of Theta Alpha Phi and "In A House Like This" fame will play Oliver Blayds. Gerald is a senior dramatic art major from Virginia.

Isobel, his younger daughter will be played by Virginia Berg Virginia is a dramatic art major from Belmar, New Jersey. She is Mrs. West's assistant, a Theta Alpha Phi member.

Oliver Blayds' eldest daughter, Marion Bladys-Conway, is to be portrayed by Elizabeth Glover. Elizabeth is a senior dramatic art major from Maryville, and she is also of Theta Alpha Phi.

Her husband, William Bladys-Conway, will be interpreted by Dudley Moore of Who's Who, swimming team, and "Pure As the Driven Snow". Dudley is a senior chemistry major from Lorain, Ohio.

Oliver Blayds-Conway and Septima Blayds-Conway, Oliver's grandchildren will be played by Harry Lyle and Betty Jeanne Kennedy. Harry is a sophomore from Copperhill, Tennessee, and Betty Jeanne is from Hickory, N. C., and a sophomore dramatic art major.

John Hawkins, a junior philosophy major from Port Jefforson, New York, will play Royce. John is of "Pure As The Driven Snow" and more recently "Wuthering Heights" fame.

Parsons will be played by Georgia Lu Meadows. Georgia Lu is a sophomore English major from Beaver, Pennsylvania.

Utensils Library For Student Socials

The social committee has provided a library of kitchen utensils to be used by the students at a small fee. Among the utensils that can be rented are: 5 gallon cans, frying pans, knives, forks and spatulas. Any group that would like to rent the utensils should see Mary Proffitt. The rental fee will be very small and will pay for adding future articles to the library.

BANDAGES, COACH DAVIS, AND HUMOR DISPLAYED IN FIRST AID CLASS

By BEN LYNT

Not so long ago the popular phrase was something like this, "knit one, purl one; purl one and knit two, drop a stitch and begin again," or something. But now the popular refrain is, "left over right, and right over left." Silly, isn't it? But to about 72 students here on the campus that little phrase is of vital importance. Why so, you ask? Well, simply because it is the magic formula for tying a square of "reef" knot, which is how every bandage, no matter how simple or how complex, ens up—it is hoped, by those participating in the two Red Cross First-Aid classes being conducted twice weekly, for two hours, each Monday and Wednesday night, by Coach Fischbach and Mrs. V. M. Queener, respectively.

The requirements for the course thus far have been two 40 inch squares of un-bleached muslin, (cut diagonally, and named—with your own, if you please—in such a manner as to make four triangles of cloth, or, in first-aid terminology four "open bandages", not to be confused with the "cravat"), one 60c handbook, a keen sense of humor and dogged sportsmanship attitude, a notebook, and one set of nerves, not easily frayed. The next piece of equipment will be a blanket. The girls wear slacks as well as the boys, or, in some cases, even better.

The course is full of catch phrases.

In addition to the line about "left over right, and right over left," there is the one which Natalie Yelton has become so very attached to—" . . . keeping control of the bandage the while." Another popular quip is in reference to shock—"keep the patient warm; yourself cool," and, "never give an unconscious patient a stimulant, drink it yourself."

In general, all thought of person or personality is forgotten as the students and practicioneers bend themselves, and occasionally their patients, to the task of learning how to maintain the upper hand in any emergency. But such is not always the case. Coach Davis was cheered last Wednesday by the entire group in Mrs. Queener's class, when he revealed himself to be an artist in two major fields—blushing and free hand drawing.

When volunteers were called for to give graphic representations of a certain type of wound, "Curly" Davis offered to go to the board and fill the bill. With a few well chosen quick free-hand strokes, he drew a reasonably accurate chalk

MARYVILLE WINS FIRST PLACE IN SOUTHERN ASSOCIATION SPEECH TOURNAMENT, ATLANTA

Varsity Teams Undefeated In Debate Competition

LYNCH WINS EXTEMP

Wick, Lindsay, Lynch Complete Forensic Careers

The Maryville College Men's and Women's varsity debate teams, participating in the 13th annual speech tournament sponsored by the Southern Association of Teachers of Speech at Atlanta, Ga., at which 28 colleges and universities from fourteen states competed, swept undefeated through all their debates to win this most important southern tournment of the year.

The women's team of Janet Lindsay and Lucille Lynch won all of its debates against MacMurray College (Arkansas), Furman University, Alabama College for Women, Louisiana Teachers, and Randolph Macon; the men's team of William Evans and Henry Wick likewise triumphed over all of its opposition, which included Furman, Rollins College, Louisiana State University, University of Alabama, and Drury College (Missouri). Since in the women's debates, Alabama University women's team also won all of their debates, first place was awarded to Maryville women on points. Duke University's men's team also came through undefeated and were judged tied with our men's team. The combination of tie for first place won by the men and the decision first won by the Maryville women's team gave Maryville an undisputed victory over many of the largest colleges and universities of the south.

The tournament was held in the Tabernacle Baptist Church in Atlanta and began Tuesday morning, March 24 at 8 o'clock with a general assembly, and closed 10 p. m. the next day with the Forensic Banquet at which Dr. H P Constans of the University of Florida spoke on "The Speech Frontier."

Lucille Lynch, Maryville College senior, won first place in the Extempore speaking for women which was held in the evening of March 24. Other Maryville entrants in the special speech events were Bill Evans in After Dinner Speaking, Henry Wick in Men's Extempore, Bill Evans in Oratory, Margaret Clippinger in Women's After Dinner Speaking, Janet Lindsay in Women's Oratory.

(Continued on page four)

Parish Workers Prepare Programs For Easter Sunday

On Easter Sunday, members of the Parish Project will climax an interesting program, which began last February 22, by holding a church service in each parish house with special music and a message by a special speaker.

The speakers and places at which they will speak are as follows:

Dr. John A. Gates—Chotah
Dr. Ralph Case—Unitia
Rev. Mr. Floyd Watt—Little Tennessee
Dr. Horace E. Orr—New Castle.
Miss White (National Board of Missions in Presbyterian Church of U. S. A.)—Morganton
Rev. Mr. Floyd Watt—Marble Hill

In preparation for this climax on Easter Sunday, special programs have been given on six previous Sundays in which students have given short illustrated talks on "The I Ams of Christ". The talks have been:

"I am the Bread of Life"—Feb. 22
"I am the Light of the World"—March 1
"I am the Door"—March 8
"I am the Good Shepherd—March 15
"I am the King"—March 29
"I am the Resurrection and the Life—April 5.

The committee which planned this program was Lucille Lynch, Roberta Hope, Ethel Hanners, and Jean Patterson.

For three issues, beginning this week, the HIGHLAND ECHO will be edited by the three Associate Editors. The editor this week is Jean Barnes; for the week of April 4, will be Phyllis Ann Cain; and for April 11, will be Ted Pratt.

Men's Glee Club In Fred Waring's National Contest

The newly organized Men's Glee Club, composed of men from the choir and a few others under the direction of Professor Ralph R. Colbert, has entered the Pleasure Time National College Glee Club Contest sponsored by Fred Waring's Pleasure Time Hour. The whole country is divided into regions for this contest and from each will come a regional winner who will go to New York for the final contest. Maryville is in competition with colleges such as Wake Forest, Duke, Carson-Newman, Clemson, University of Alabama, University of Mississippi, University of Florida, and many others.

According to the rules of the contest each club will record three songs: first the Fred Waring arrangement of the song selected for the particular region; second, a song of the clubs choice; third, one of the club's own college songs. This last selection must be sung in unison.

The regional winner of this contest will go to New York and compete with the other regional winners for the National prize. This competition will be held in Carnegie Hall or the Metropolitan Opera House. Winner of this final contest will be presented at Fred Waring's presentation Ball.

Our Glee Club will make its recordings on Tuesday, March 31, under the supervision of Larry Lawrence. Fred Waring has sent Mr. Lawrence to cut the records of all the colleges in this section which are entering the contest.

150 colleges are entering this contest, but our school has reason to hope for success under the able direction of Mr Colbert and with the talent in the club itself.

T. T. Alexander Winners Are Smith and Lloyd

T T Alexander Contest

On Tuesday, March 17, seven contestants entered the T. T. Alexander Oratorical Contest which was held in the Philosophy Classroom.

Paul Smith and Hal Lloyd were the top two chosen who will compete again for first and second. The tentative date for this next competition will be Wednesday morning, April 21, in Chapel.

Paul Smith, a freshman, won first in the preliminary contest while Hal Lloyd who is a sophomore English major took the second place.

Six Students Give Musical Recital

Last Monday afternoon at 4:15, in Voorhees Chapel, six students of the Music classes presented a recital. These students took part: Louise Lloyd playing "Allegretto" by Beethoven; Sara Cameron playing "Giddy Girl" by Ibert; Bina Ruth Brown playing "Adoration" by Borwski; Johnnye Sue Long playing "Pierrette's Hands" by Villa-Lobos; Janice Graybeal playing "Nocturne" by Chopin; and Katherine Crews playing "Concerto in B Minor" by Saint Saens.

THE HIGHLAND ECHO

Published weekly during the school year, except at examination and holiday periods, by the students of Maryville college.

Confab on Cooperation

Wonderful production. Magnificent building. Good work, kids. Comments like these hail the completion of anything successful. But few who comment go beyond outward appearance or brief performance, think of what is in many ways more impressive, that back of everything dubbed successful, everything rated good, is—cooperation. Most people were they to see a fellow trying to dig his way out of a stuck in the mud situation would naturally throw him some kind of a rope and help him out. But few ever stop to think how they could be more cooperative in the more general ways which are present every day and make no such sudden impression.

Where need for cooperation is now most discussed is of course the "national situation." A defense leader in a recent message said that we all want to do something helpful, and the thing for most of us here who cannot off to the war at once is to "put an extra pound of steam into whatever is our job and life." It is rather difficult to see just how reading carefully five dull pages on the last battles of Henry the something, swallowing spinach, or going to church regularly will help the world much. But it is important when you think that the national index of efficiency is made up of individual records, and that as you keep yourself healthier and do your work extra well, by just that degree is raised the national average.

The way YM and YW worked together to present Sunday's pageant deserves commendation. When we plan to enter Maryville we read a lot of material on Christian emphasis, sign a "pledge of college loyalty." With such ideas the Y's cooperated admirably. Inevitably, there are some minds which think what a lot of drip and promptly forget such standards exist. When Tuesday mornings remind them, they as promptly assume honor is a word strange to them and remove it from contact with any report they sign. Only thing, that's not exactly loyal or cooperative. Assuming momentarily that belief is right that a group of "outmoded" rules and ideals needs removal, it is hardly fair for one who has promised loyalty to them to start an individual revolution without first issuing some sort of ultimatum to the proper authorities.

You might try cooperating with spring a while with some dreamy contemplation. Remind yourself once that you are part of something big, part of things you can help become greater by tossing in a little cooperation and effort.

As I See It

By JANET LINDSAY

Through-out the country the American people are, for perhaps the frist time in the history of this war, beginning to wake up to its full significance, more particularly to the desperate significance of the sequence of events of the last three months. Authorities tell us that the next great crisis of the war is swiftly approaching. They claim it will come if Japan, after dislodging the United Nations from the last bases in the Far East, succeeds in joining hands through the Indian Ocean with the German armies starting through the Middle East. The coming of spring lacks its characteristic hopefulness in respect to the battlefront. It is toward this great climax that the Axis powers have been slowly but with deadly certainty moving since December's Pearl Harbor attack. Japan, continue the writers on the subject, made that move in full collaboration with Germany as a part of a desperate and soundly laid plan. Berlin, in spite of her spectacular conquests in Europe, could never have hoped to win the final victory unless she secured the co-operation of Tokyo. Her strugggle against the United Nations would have been hopeless without some help from East. Germany by herself could never dreamed with her miniature fleet to stand-up against the combined British and American fleets. She fully aware of the fact that ultimately a show down on the high seas must come, was dependent on the help of the world's third largest fleet. With Herr Hitler and his forces occupying the British and attempting to reduce the shipping of supplies in the Atlantic, Japan was in a position to risk her Pacific attack.

The point that most of us have missed in respect to the whole picture is that with Japan's continued conquest's in the East has come a dangerous shift in the economic power of the Axis and the United Nations. Before the outbreak of the European war, Germany as well as Japan, were pretty generally classed in the "have-not" group. The United States and Britain then controlling 90 per cent of the twenty-eight commodities considered essential to modern warfare, were placed in the "have" catagory. Today the Allied advantage has considerably shrunk. Now the Axis is in possession of 90 per cent of the world's supply of rubber, and 70 per cent of the world's supply of tin, 65 per cent of the bauxite and equals the United Nations strength in several other strategic commodities.

We, Americans must then with the awareness of the terrible significance of these facts, with the awareness that 1942 will be the year to win or lose the war, with the awareness of the fact the winning will depend on the efforts of every individual in the United States to do his part however infinite and to increase production, to keep our morale sound, to maintain that fighting spirit so essential to success, to make whatever sacrifices necessary, willingly, to co-operate to the fullest extent.

Old Spice

From the pages of the Shoppers Guide comes a 'don't' which must have been handed down from the stone age, but which still applies in most any situation. That is: Don't accept substitutes. Right now we're handing you one, what with the rightful owner of this column editorially preoccupied and with dutiful apologies to Jamarik and Sthreshley. You can take it or leave it. But if you take it, all we can say is that we warned you.

By rights, we ought to begin with a discussion of spring, its advantages and disadvantages, ups and downs, pros and cons, fors and againsts; but that inevitably leads us up to comprehensives, and if it's all the same to you, let's just ignore it.

You might be interested in a discussion we had the other night with Cathron Hobbs and Danny Eveland. We wanted permission to announce their engagement as a scoop for OLD SPICE, but after an hour of "Well, how about it?" "Well, ask Danny." "Well, how about it?" "Well, ask Cathron." "Well, how about it?" "Wellllll, ask Danny" "Well, how about it?" Wellllllllll .. . " we decided that nature might as well take its course which, depending on your point of view, could mean almost anything.

We've heard of price tags, labels, name plates, and pretty close to a thousand other types of ways of identification, but here's a new one on us: one of the most scientific of the faculty members opened a book in which there was no name, and announced to the group of girls that had collected around him, "Hmmm! DeForrest's book." All feminine mouths dropped with awe and all asked incredulously, "How in the world did you know?" And then, dramatically, from the pages of the book fluttered a picture of Anne Garamon.

How would you feel if, after one of your weekly tubs, you strolled nonchalantly into your room, wearing a starry look in your eyes and bright red fingernail polish, and found an observant window-washer in every window?. . . . . Us, too.

About noon yesterday did you, whoever you are, wherever you were, whatever you were doing, hear a deafening uproar issuing from Pearsons 4th floor? Contrary to all ideas you must have had of its being an air raid practice, fire drill, stampede or massacre, it was only Johnnye Sue long in the process of receiving, unwrapping, taking out, trying on, and exhibiting her latest knick-knack from the air corps—a diamond ring. Question of the week: Does he have a friend?

And on the other hand, just to remind us that life is not all engagement rings, bridal wreaths and "Moonlight Cocktails", there's the discomforting news that Margie Fields and Stone, after a heart to heart courtship, aren't playing in each others back yards any more.

Ad enterprising avocation dept.: Bud Pierce, W. R. (Ed. note: which, being decoded, means Wart Remover.) First patient, Inez Johnson. Office hours, unpredictable.

You must have read of the enormous upheaval in Atalanta, when she played hostess to GWTW's world premier, but you can take it from us that Clark Gable's innovation had nothing on Henry Wick's. Among the many other events arranged for his coming and sojourn were a telephone in every hotel room, and a three ringed fire right outside his window. Nothing was too good for him. As a sideline, there was the Maryville reunion which was attended by Louise Darden and Trevor Rees-Jones, as well as the debate team from this institution. But the highlight of the entire trip was the time Henry tried to get into somebody's room—he won't tell whose, but it was undoubtedly the wrong one. He didn't get in. Oh, by the way (this has nothing to do with the above paragraph except that it still has to do with Henry) you might ask him about a corsage pin he's been wanting We haven't been able to get the full story yet, but we bet it's good.

Post Mortem of the Week: The usher at "Smiling Through" who gave us the seemingly encouraging sales talk about there being "seats only a few rows below center", and then left us alone sitting practically in Jeanette McDonald's lap. Oh well, who are we to crud. You couldn't do much better for only twenty-seven cents. Plus tax.

Did you ever see anything like last week-end? It got the point where anything might turn up. For example, there was the Don Kent-Ruth Wynn-Scapellati-Scapellati reunion. And, enjoying a spring vacation from Ohio State, Mary Ruth Heil, with broad grin, engagement rings, new permanent, and all. Probably the most amazing item there was her constant statement that Ohio U. was O. K., but not as good as Maryville. And that from Mary Ruth, too.

And with a mere raising of the left eyebrow at Evelyn Ogle and Louis Zimmerman, who seem to make a practice of frequenting the Physics lab together, we'll leave you.

How're we doing Igor?

TALK OF THE WEEK ... By Charles Dunning

Y. M. ELECTION

(Cont. from Page 1)

Cabinet for this year. He hails from Tionesta, Pennsylvania.

Clyde Brown is a history major, has long been active in Y. M. work, and is serving as a cabinet member this year. He is an Athenian, and assistant in the library, and has participated actively in the Athenian-Bainonian Mid-Winter productions in the past. He is a Ministerial student from East Waterford, Pennsylvania.

Olson Pemberton is a political science major, secretary of the Ministerial Society, treasurer of the Student Vols, and has been on the honor roll.

James Garvin is a member of the active social committee this year, is secretary of the Athenian Literary Society, and treasurer of the Ministerial society. He has lettered in football and comes to Maryville from Bethesda, Maryland.

Ted Pratt is Sports Editor of the HIGHLAND ECHO, a member of the tennis team, a follower of minor sports as well as being an Intramural enthusiast and participant. He is a member of the Athenian society and came to Maryville from Westerville, Ohio.

Paul Jamarik comes to Maryville from Hopewell, Virginia. He is a varsity debater, a book-store assistant, and a member of the Y. M. advisory board for the class of '44.

When these elections are held, it will also be necessary to elect another member to the Advisory Board to represent the present freshman class. Nominees for this office are Don Black and Sam Pemberton.

FIRST AID

(Cont. from Page 1)

facsimile of a lacerated wound—with complications. He revealed himself as an artist in the other field when he turned about from the black-board to face the entire class and receive the justly due encouraging words of praise from the prof.

Many interesting and what might remain otherwise undisclosed facts about the workings of the human body are being brought to light under the careful tutelage of Mrs. Queener and Coach Fischbach. In particular, there is that interesting item of the location of the six "pressure points" which play such an important part in the treatment for severe cases of profuse bleedings. Not only must these points be discovered and their relative positions learned, but they must be named, and in the process of naming, must be spelled correctly! After this much concerning them has been thoroughly mastered, practice in applying the three types of pressure must be had. It was discovered, with much relief, that tourniquets are never used over the carotid pressure point, or on the temporal, either.

And speaking of tourniquets—imagine making marks on a patient's face with lip-stick —and every 15 minutes too, or "until the proper response is gained." Don't take my word for it, ask some member of the class.

Seriously, though, this class is bound to produce real results, and those taking the course can now have a feeling that at last they are doing something constructively to aid in the war effort even while they complete their educations. Otherwise helplessly artful Southern bells are learning to become brave and fearless and independent in the face of disaster, which fact may mean that the young men will have still less of an even break this coming spring and summer season—unless that break happens to be some simple one to which the rules of elementary First-aid can be readily applied.

—V—

Frosh Debate Tourney Held At White Springs

Last Saturday, March 21, Maryville was host to a Freshman Debate Tourney which was held at Whittle Springs near Knoxville.

Maryville's freshman squad entered four teams. The affirmative girls' team composed of Louis Henry and Eleanor Boyles, the negative girls' team Louise Stevenson and Dorothy Lehman, the affirmative boys' team Don Barker and Ray Swartzback, the negative boys' team Maurice McClure and Bill Segraves. The negative girls and affirmative boys won three out of four rounds, while the other teams reversed this score. The National Pi Kappa Delta question, Resolved that the democracies should form a federation to establish and maintain the eight Roosevelt-Churchill points, was used.

In the extra speaking contest Maryville won 2 places: Dorothy Lehman got second in After Dinner and Ray Swartsback got second in Extemp. Five Colleges competed in this tourney. They were East Tennessee State Teachers, Carson-Newman, Hiwassee, Mars Hill, and Maryville.

Alpha Gamma

(Cont. from Page 1)

must have been graduated for at least ten years and have made a notable record in the profession of their choice, provided that it is a recognized field of endeavor.

All three of the honorary members elected to the society this year have taught at Maryville College in past years; Dr. Bassett is the brother of Miss Bassett, assistant professor of Latin here, and taught Greek and Latin for some years; Dr. Gillingham was registrar and head of the Bible faculty; and Dr. Fanson taught chemistry here for a time.

The students elected to Alpha Gamma Sigma and inducted into membership on Wednesday have all made notable records in scholarship and have been leaders in many other activities. Helen Cone is from Salt Lake City, Utah, and is finishing her work in her major, which is Philosophy; Ruth Duggan, from Knoxville was recently elected to "Who's Who in American Colleges". She has been majoring in music, specifically, piano. Marion Jenkins, from Erie, Pennsylvania has taken her major in biology in spite of the fact that she has had several poems published recently. Mary Jenks is majoring in English and lives in New York. Ruth Sutherlin, is this year's president of the Disc Club. is majoring in Bible and lives in Cincinnati. Henry Wick, and his brother Hilton were also elected to "Who's Who in American Colleges" and have held many posts of leadership on the campus. Hilton was president of the YMCA last semester and completed his college work by its end and was unable to be present at the chapel service Wednesday because he is awaiting his call to the armed forces. Henry Wick is secretary of the Y this semester, a varsity debater, president of Athenian society last semester, and was active in many other affairs. The Wicks are from Scottdale, Pa.

—V—

Athenian Presents Novel Type Program

At the Athenian meeting at 6:15 tonight, an unusual program is to be presented, unusual in that the program has been written in the form of a script. Ben Lynt and Lawrence Shreshley are to be the punsters. Which one will be the comedian and which the stooge remains to be seen. They are to be supported by the Carnegie Hall Hill Williams, a string band consisting of Don Conkle, Ellis Burkhaw, Bob Bryant, Paul Cooper, and Charlie Burgreen.

Jack De Forest will present a scene honoring the Red Cross. Percy Martin will be the critic. The meeting will be presided over by Allan Moore, the Athenian president.

MC Wins Honors In Smoky Mountain Debate Toureny

Members of the number 2 team from Maryville, entered in the Men's Smoky Mountain Forensic Tournament, tied for first place in the tourney with Carson Newman's number 1 team, by winning the four rounds of debate participated in at Tennessee Teacher's College, Johnson City on Saturday, March 14.

Two teams were entered in the Tourney from Maryville, debating both sides of the Pi Kappa Delta query—resolved that "The Democracies Should Form a Federation to Establish and Maintain the Eight Roosevelt-Churchill Principles."

Team number 1 from Maryville, composed of Hal Lloyd and Jack Kramer, won two rounds and lost two rounds in competition with teams from Carson-Newman, Teacher's College, and Lees McRae.

Team Number 2, composed of Ben Lynt and Ed Rowley, met the teams from Mars Hill, Lees McRae, and Tennessee Teachers, and received decisions over them in all four rounds.

Hal Lloyd took first place in After-dinner Speaking and Jack Kramer placed second in the Extempore speaking contest.

Dr. Verton M. Queener, debate coach, took three-fourths of the teams with him Friday afternoon. The other fourth of the group left very early Saturday morning and arrived in Johnson City in time for the first round of debate at 9:30 a. m.

Results of the competitions were announced at the assembly at 4:45, and, after a brief business meeting at which time it was decided to Newman College, the tournament was brought to a close.

SPRING CALLS—for new clothes. There is a distinct advantage in comfort in tailor made clothes.

ECHO SPORTS

WHAT, NO TRACK?

It seems strange not to see a Scottie track squad working out on the oval. We might even say it seems strange not to see an oval. Anyway, we bet the old cinders feel neglected, and sorely miss their annual resurrection. Personally, we feel the absence of the pounding sprints of the dashmen, the beautiful coordination of the weight-throwers, the form of the high jumpers. There are no persistent distance-men circling the track, no thinly-clad runners skimming the hurdles, no relay teams. Individual competition is practically nil. The color of an exciting track meet is gone.

On looking around the campus, one can see where the interests have turned. The varsity baseball squad practices daily, and the tennis team has just completed the reconstruction of the Memorial courts. A sunny Saturday finds a score of students on the golf course. (And they all have golf clubs, too). The softball diamonds are crowded every day. Wilson Field continues to be the scene of plenty of action as the gridders hold their daily scrimmages. Open swim periods are attracting more students each week. There are a number of substitute sports for track but not one of them has the natural excitement and thrill of a close track meet. None have the spirit of keen individual competition or the thrill of winning a hard race. We, for one, hope this is not a farewell or a long vacation for track and field, but only a one-year leave of absence.

BIG BOY

(A series introducing the new freshmen members of our baseball squad)

A glance—a wind-up—a fast ball—a bat fanning the air; these are the hopes of the Scottie baseball nine. Out on the mound stands six feet four inches of love for baseball, and 210 pounds of good old throwing arm. The newcomer to Coach Honaker's mound staff is freshman Jim Robison, or "Stretch" as he is called by his teammates. Jim was born eighteen years ago in the metropolis of Port Royal, Pa. Never heard of it? Why, it's big enough to have a high school baseball and soccer team. And all of its 900 inhabitants at one time or another have seen our Jim play baseball. He pitched four years for his high school team, and served for three years as goalie on the soccer team. Jim isn't quite sure what he is going to study here at Maryville, but if Uncle Sam will cooperate, Jim plans to spend the next three years on our campus. You still don't know him? Well, why don't you mosey over to the ball diamond any afternoon around 4 o'clock? He's that big right-hander with the baseball cap pulled down over his specs. Well, just keep looking up—he's the biggest guy out there. You can't miss him.

BORED?—THEN SHUFFLE!

According to Jim Garvin, chairman of our Social Committee, the shuffleboard courts should be ready tonight, Saturday night, or early next week. The Social Committee has drawn up specific plans for the reconditioning of the courts and promises the best in equipment and facilities. The lines and numbers have been repainted with a good grade of yellow traffic paint, and then waxed to produce a highly-polished and slick surface. The Committee has been fortunate to secure enough hard rubber discs to equip both courts. The discs and sticks will be kept as last year, in the heavy box directly behind the courts by the kitchen. This box will be opened around breakfast time and will remain open till 7 p. m. Due to the limited playing time after supper, the Committee urges that the quota be one game per couple. Let's cooperate with the Social Committee, which is working so hard to provide all of us with this recreation.

HERE AND THERE

The tennis team shouldn't have much trouble hiring themselves out for farm jobs or maybe even construction jobs. They're getting that shovel technique . . . . . We have some funny-named softball teams around here—but maybe they'll draw a little more interest through them .. .. .. Don't you like the way Purifoy and Red Meineke 'tote' that ball all over the football field? .. .. There have been several suggestions to the effect that girls would make 'awful nice' caddies during this golf tournament. (Don't know what it'd do to the game.) . . . . Then there was the recruiting of subjects for a newspaper's camera Friday. And how some girls—no names—got out of class just for the occasion . . . . It's the East against the West tonight when NCAA basketball champs Stanford and Dartsmouth tangle for the '42 championship. We'll take the Indians!

Tennis Team Puts In Hard Week on Memorial Courts

Prospect of Ten Meets Beginning in Early April

Coach Fischback took his netmen outdoors for the first time this week, and the aspiring tennis players are working out daily under the spring sun. Work on the courts has been proceeding on schedule, with the cooperation of the weather, and they are expected to be in first class condition soon. The tennis team itself has been wielding shovels and rakes in an effort to get the playing surfaces in shape.

Oliver Van Cise, last year's number one man and a member of the state championship doubles team year before last, is expected to hold down the top slot again this season. "Van", a hard working athlete who is always in good physical condition, in season and out, has been impressing railbirds at early workouts with his steady drives and accurate game.

Behind Van Cise will be Ted Pratt, Dave Kidder, Ted Kidder, and Ken Cooper, all veteran lettermen from last year's team. Ted Kidder and Ken have been working especially hard and are very far along for this early in the season. Dave may be seen jogging around the track and working on the courts each afternoon, and is being counted on to come through as he did last year. Ted Pratt, who played number four most of last season, is another dependable netter of whom great things are expected.

Last year's team was very successful in intercollegiate play, losing only two matches out of thirteen played. The only man who failed to return is Jim Hedges, who has not reported for the net sport this season.

The schedule is still in the tentative stages, but will include most of the same teams played in the past. Not quite as many matches will be on the list, but Maryville will take on several real tennis powers and plenty of action is in store for net fans. As soon as the card is completed, it will be announced on this page, but until that time you can count on seeing U-T, LMU, E-T Teachers, Carson-Newman, TPI, and several others.

War shortage of rubber has made it difficult to obtain tennis balls, and this fact may make it necessary to reduce tennis play for the duration. However, Coach Fischback announced recently that he has on hand a supply sufficient for the needs of the varsity team throughout the season.

James Barr Leads Wed. Prayer Service

The devotional at last Wednesday night prayer meeting in Bartlett Hall was led by James Barr, a ministerial student from New York. He told the story of Jonah and read from the fourth chapter of Jonah beginning with the fifth verse and continuing through the eleventh verse. After the scripture reading a series of sentence prayers was held by the students. The singing was led by Billy Segraves.

All students are invited to attend the Bartlett prayer meeting which is held every Wednesday evening at 6:40 and lasts until about 7:10.

Honaker Nine To Initiate '42 Baseball Season With Contest Against Hiwassee On Home Field Wednesday Afternoon

Davis' Gridders Undergo Brisk Scrimmage Drills

New Men Show Up Well in Backfield And on Front Line

Coach J. D. Davis has been putting his thirty grid hopefuls through their spring grind for the last two weeks and last Thursday ran off his first-full time practice game. The College boys are working out with several of last season's great Everett High squad members, who may be wearing the Orange-Garnet, next fall. Artie Spears, brother of our own Ollie Spears, is here from Maryville High and is, at present, the bestlooking prospect of the new crop.

Quarterback Jim Burris, freshman letterman from Florida, sparked the intra-squad game. He, Artie Spears and Red Meineke were the best backs on the field. Standout among the new men on the line were A. R. Arther from Everett and Joe Suitor, captain of next year's wrestling team.

Returning squadmen Breazeale, Easter, Richards, Chambers, and Talbott, are already in good form, and will probably be big cogs in the '42 Scottie machine. Captain Jack Kramer, although possible draft fodder, is looking forward to a big year at his tackle position.

The seven Everett High boys who are reporting for practice are Wayne Davis, Marion Goodman, Dean Stone, George Rutherford, Dale Jones, A. R. Arther, and Elmer White. From Maryville comes Artie Spears who is shifting from a line position to the backfield.

The '42 schedule is as follows: Sept. 19, Hiwassee, here; Sept. 26, Newberry College, there; Oct. 3, Chattanooga, there; Oct. 10, ETT there; Oct. 17, King, here; Oct. 24, Middle Tenn., there; Oct., 31, Emory-Henry, there; Nov. 7, Carson-Newman, there; Nov. 14, Tusculum, here; November 21, Western Carolina, there.

I. R. C. To Hold Business Meeting

The I. R. C. will hold a business meeting Monday evening in Bartlett at 7:00.

Various new matters in connection with the future program of the club will be taken up. Plans are being formulated for Civilian Defense projects which the club will sponsor. All members are urged to attend. Election of new members will be considered.

Disc Club Hears Symphony By Halo

"Symphonie Espanole" by Halo was played at the regular meeting of the Disc Club on Thursday evening, March 19 at 6:30, in the fine arts studio. Miss Dorothy Horne, member of the music faculty, was the commentator. She played the themes of the symphony on the piano for illustration as she discussed them.

The next meeting will be a program of senior request numbers to be presented on April 9.

Scots End First Week of Outside Practice and Drill

Baseball practice this week took the form of extensive batting and fielding drills and several intra-squad games to reproduce the conditions of actual competition. The opening game of season is next Wednesday afternoon on the local diamond when the Hiwassee Tigers will leave their lair in Madisonville, Tennessee, to face the 1942 Honakermen. Coach Honaker is working rapidly to get his squad in shape for the opening game.

How the Scottie lineup will read next Wednesday is still somewhat of a mystery, for losses from last season's team have been heavy and new faces are certain to be plentiful when the boys take the mound, that Lloyd Taylor will be the infield, and that Paul Sieber, Bob Mair, and Norman Hooker will be primed for action on the slab. All of these men are returning veterans, and have shown well in early practice.

Leroy McGaha has not reported, and Bob Miller has dropped the diamond sport, but several new men can be called up to fill the gaps. One of the most impressive "rookies" is Wayne Stevens, flashy infielder who is impressing all comers with his powerful arm and his dangerous bat. Stevens is a cinch to see lots of action in the inner circles. Another promising freshman is big Jim Robison, towering right-handed pitcher whose speed is expected to dazzle more than one enemy batter during the year.

Behind the plate, Fred Shelfer should be a big help to young pitchers, for "Spo't" is an experienced hand who has worked with many stellar moundmen in the past few seasons, and who is no mean hand at the platter. Fred will be ably assisted by Don Conkle, frosh candidate, and by Mac Wilson, a squadman back from last year. First base is open, with Bob Morton, Ray Lillard, Bob Bayless, and Gordon Webb among those present. One or two other infield slots are yet to be filled, with Ross Honaker and "Big Mitch" among the more talked of aspirants.

Since McGaha has received a more attractive offer from the Spitfire softball team, speedy Les Rock is the only experienced outer gardener, and replacements must be found for two or three positions in that sector. Because of this general lack of seasoned material, Maryville prospects are somewhat unknown quantity, and will remain so until after the first few games.

Sixteen contests are on the docket this year, a few less than formerly because of the earlier commencement. Hiwassee, Murfreesboro, U-T, TPI, LMU, and Carson-Newman are among the teams that will be encountered. The first out of town game is next Saturday afternoon, when the Scots will repay Hiwassee's visit by travelling to Madisonville for a return game with the Monroe County Junior College lads.

Right now, all Coach Honaker is willing to promise is that Maryville will have nine men on the field for every game. But if some of the new men come through as well as is hoped.

INTRAMURAL DOPE

COMING EVENTS:

Horseshoes—March 30.
Shuffleboard—April 3.

SWIMMING MEET

Two weeks ago tonight in the varsity swimming pool was staged the annual intramural swimming meet, this year an affair of singles competition. The three big men were Dave McDaniel, Bob Lockwood, and Les Boyd. It was a close race for points all the way through but in the last event Dave edged out to take the 150 yard individual medley and to win first place in the meet. Total points made by Bob and Les gave them a tie for second place.

A good crowd was on hand for the opening whistle, but because of the moon and the spring air on the campus it thinned out during the closing minutes when the deciding races were run and the final results announced.

Billy Seagraves, Charlie Hoglan, Henry Erwin, and Ted Pratt all made names for themselves by placing first or second in at least one event.

TUMBLING MEET.

The crowd was breathlessly silent, the judges were all eyes, the first aid men were o nthe edge of their seats, the contestants were becoming blue in the face—it was the first annual intramural tumbling meet in the Alumni Gym a week ago last night. Eight men entered, performed ten mat stunts apiece, and were judged by Coach Davis and Mrs. Queener in a manner similar to the diving event in a swimming meet. Carl Alette ran away with first place with a score of 290.8. Bob Swartzwalder took second with 273.9, and frosh John Bogosian rated third with 252.2.

Alette gave some of the best exhibitions of the evening, especially with his backward somersault using no hands. Dave McDaniel provided humor, sometimes intentionally, sometimes not so intentionally. Other men entered were Art Bushing, Horace Justus, Al Murrian, and John Dillener.

GOLF

On Wednesday afternoon the spring golf tournament opened the posting of the drawings for the first round. Fifty-two men are entered; eight of them drew byes for round one. Thursday saw a rather murky day, but matches were being played and by Monday night when the initial round must be completed the better players will begin to show up. The top-notch men could be pretty well designated now, but this column is going out on no limbs—yet.

Coach Fischbach warns that each round of the tournament will have to be finished on schedule and that the forfeit rules will be strictly enforced against those who do not play their matches in time. Hunt up your opponent and play for the time is short.

A match consists of 18 holes of match play golf. Detailed rules are posted in Carnegie Hall. More dope about how the matches themselves are going will be in order in a week or two.

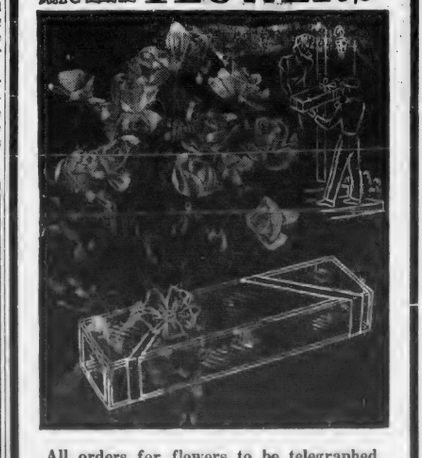
SOFTBALL

Yesterday afternoon, Friday, the spring softball tourney officially opened. Seven teams entered and are formed into one league of straight competition. Four of them are club teams and three independent teams. Coach explained, however, that the highest ranking club team, that is, as compared with the other club teams, will receive the club championship in softball even though there may be an independent team which ranks higher in the softball league itself.

The schedule of games this year will run two per afternoon, one at 3:30 and one at 4:30. A game will consist of 7 innings, or one hour's play. If, at the end of the hour, 7 innings have not been played, the leading team at the close of the latest inning will be the winner. At least four innings must have been played in order that a game shall be counted valid. A team may play with no less than 7 men present. Incidentally, all players are asked to wear soft shoes—basketball or tennis shoes; hard street shoes or spiked shoes will not be allowed. But why are we giving all this stuff! It'll be posted on the board in condensed form.

Following is a list of the softball teams:

Club teams: Athenian, Alpha Sig, Faculty, Ministerials; Independent: House of David, Holy Joes, Spitfires.



HORSESHOES

The opening horseshoes tournament opens Monday, March 30, on a singles elimination basis. The entry blank has been up all week and was taken down today, marking the close of entrees. Drawings for the first round brackets will be made over the week-end and posted on Monday. The rounds will advance to the finals just as those of any elimination tournament. It's each man for himself, and may the best farmer win.

Fresh Fruits and Vegetables will make your SPRING A Happy One

M .M. ELDER

All orders for flowers to be telegraphed should be placed early

Clark's Flowers

Debate Tourney ....

(Cont. from Page 1)

The question debated at the tournament was, Resolved: That the Federal Government Should Regulate by Law all Labor Unions in the United States. Six rounds of debate were conducted, in which the 43 teams representing 28 schools participated. There were 19 college men's teams, 9 junior college men's teams, and 15 college women's teams,, altogether making 150 contestants. The director of tournament was Dr. Glenn R. Capp of Baylor University. Dr. Donald Dichy, President of the Southern Association of Teachers of Speech, presided over the banquet and spoke on several occasions.

The Maryville team stayed at the Henry Grady Hotel, which was the administration center for the tournament. All of the Maryville debaters participating were seniors this year with the exception of Bill Evans, and the triumph won at Atlanta will be the last of their college careers, as the Southern Tournament was the final one scheduled for this year. Janet Lindsay, Lucille Lynch, and Henry Wick have concluded brilliant careers as varsity debaters and have won for themselves and the college in this and past years honors which will not soon be forgotten.

In effect the victory won at the S. A. T. S. Speech Tournament constitutes little less than the championship of the southern area. This probability is more fully revealed by the complete list of the contestants and the regions they represented.

The 28 colleges and universities are as follows: University of Tennessee, Union College, Middle Tennessee Teachers, Southern Methodist University (Texas), University of Texas, Baylor University, University of Alabama, Alabama College for Women, Louisiana State Teachers College, Mississippi College for Women, Agnes Scott College, Georgia Tech, University of Georgia, Rollins College, University of Florida, Furman University, Duke University, MacMurray College (Arkansas), Randolph Macon College, Virginia Intermont College, Center College, Linfield College (Oregon) Oglethorpe University, Auburn, Drury College (Mississippi), Louisiana State University, Tulane University and Maryville College.

The states which these schools represented are as follows: Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oregon, South Carolina, Tennessee, Texas, and Virginia.

V

Triangle Club Has Record Crowd

Monday night in the Y. W. Rooms, a record crowd of 45 attended the Triangle Club. Because members wished a larger program, the business meeting was dispensed with. The Memorial Maids first presented arrangements of several popular songs. The surprise of the program was a demonstration of Southern Colored jive by Snowball, a local delivery boy.

V

Memorial Maids And Winkle At Alpha Sig

The regular meeting of Alpha Sigma will be held in Alpha Sigma hall tonight at 6:15. An interesting program will be given by the Memorial Maids composed of Margaret Lawson, Betsy Watkins, and Ellen Pascoe. They will sing a few popular numbers. Also, on the program will be Glenn Winkle who will sing some popular music. Following the entertainment a regular business meeting will be held.

YM, YW Will Hold Joint Devotional

Tomorrow at 3:00 in Voorhees Auditorium in a joint meeting, the Y. M. and Y. W. will be host to Knoxville College, and Tennessee Wesleyan from Athens, Tenn. The meeting will be conducted by Eastern Tenn. Intercollegiate Christian council of which the Maryville Y. M. and Y. W. are members. The E. T. I. C. C. is a group composed of Y. organizations on the campuses of colleges for both races, whose aim is, through Christian fellowship, to view the problems of the nation at war. This group meets once a month on the various campuses. The speaker will be Mr. Pieper who will speak on the subject "The Christian and National Defense."

The devotions will be in charge of Tenn. Wesleyan, and the music will be furnished by a quartette from Knoxville College. Following the devotional service there will be an Executive Council meeting. Immediately following this there will be a tea in the Y. W. Rooms.

Mr. Ralph Hovel Sings Tonight At Theta-Bainonian

Tonight, Mr. Ralph Hovel will sing at a joint meeting of Theta and Bainonian in the Y. W. Rooms. Mr. Hovel, who is a tenor, will sing three numbers: "Una furtiva lagrima", an Italian aria from L'Elisir d'amore by Gaetano Donizetti, "None But the Lonely Heart" by Tchaikovsky, and "Tell Me, Oh Blue, Blue Sky!" by Vittorio Giannini. He will be accompanied by Dave Kidder.

Mr. Hovel is the tenor soloist of the Fifth Avenue Pres. Church of Knoxville and belongs to the Knoxville Male Chorus. He was recently the soloist in a concert presented by this organization. He sings in four languages—English, French, German and Italian.

Last summer he won a music scholarship to the Chicago Musical College and placed first among the out-of-town entrants in the Chicago Musical Festival last August.

V

At 1:30 Sunday there will be the annual business meeting of the YM in Bartlett Hall. The business committee reports will be given at this meeting. All Y men are urged to attend.

Maid Shop Given Government Order

This week the College Maid Shop received a Government contract to provide uniforms for the new Medical Training School at Bethesda, Maryland. Mrs. MacMurray said that the College Maid Shop had also received a contract for uniforms from the Great Lakes Naval Training Base this week. The eighteenth order to Pearl Harber was filled and new individual orders were received making this week one of the Maid Shop's busiest weeks.

Easter Sunrise Services

Z 705

VOLUME 27 MARYVILLE, TENN. APRIL 4, 1942 NUMBER 25

FIFTH ANNUAL SUNRISE SERVICE WILL BE AT 6:15 TOMORROW IN COLLEGE AMPHITHEATER

President Lloyd And Dr. Stevenson Conduct Service

MUSIC IS BY CHOIR

Band Will Play In College Woods Preceeding Service

Tomorrow morning, Easter Sunday, Maryville College will hold its fifth annual sunrise service in the college amphitheater in the woods. The program will begin at 6:15, the hour the sun is scheduled to rise tomorrow morning and the service will be conducted by Dr. William P. Stevenson and President Ralph W. Lloyd.

Preceding the service, as is their custom, the band will play music on the campus and in the woods, beginning at 5:55. In past years Bach chorales have been played as they are especially suited to the spirit of Easter. In the service itself the choir will have a considerable part, singing several anthems and hymns including, "Christ is Risen", by Hirsch; "Alleluia! The Strife is O'er", by Palestrina; "Easter Alleluia", by Baird; "In Joseph's Lovely Garden", by Dickenson, and "Haleluya", by Sergei.

President and Mrs. Lloyd are again to serve breakfast to members of the choir and band, faculty members and their wives, and the members of the local Kiwanis Club and their wives. The band will breakfast at 4:30, the choir at 5:10, and the faculty and the other guests will be served at 5:30. This is the first year that the Kiwanis men have taken part in the Easter Sunrise celebration and their participation and support is a part of their general program of supporting and emphasizing the spiritual aims of the community.

Associate Professor Ralph R. Colbert will direct the band and choir for the occasion, both organizations having spent considerable time in preparation for this great day of the Christian calendar. The service will be of approximately the same length as that of last year and because of the recent change to wartime it will not be necessary to rise quite so early to greet the sun this year.

An outline of the program is

(Cont. on Page 2)

Y Banquet Will Be Held Next Friday

The annual YMCA banquet is to be held in the dining hall of the Broadway Methodist church on Friday, April 10, at 6:15 p. m. There will be charge of twenty-five cents a plate which must be paid by April 8 to Hal Lloyd, Ted Pratt, or Don Hopkins. If you wish to attend, sign your name on the sheet posted on the Carnegie Bulletin board.

The speaker for the evening will be President Alexander Warren of Washington College, Washington, Tennessee. A good program is planned. Mr. Pieper will serve as toastmaster.

Proffitt—Haviland Wed in Chapel

At 8:30 on Thursday evening the wedding ceremony of Miss Louise Proffitt and Mr. Wayne Farquhar Haviland took place in Voorhees Chapel. Dr. William Patton Stevenson and the Reverend William F. MacCalmont were the officiating ministers.

The maid of honor for the ceremony was Miss Harriet Moore Miller, and the matrons of honor were Mrs. David McArthur of Maryville and Mrs. William MacCalmont of Newton, Pa. The bridesmaid was Miss Ruth Abercrombie of New York City. Miss Proffitt's junior attendants were Miss Jackie Keen and Mr. Robert Traylor.

Mr. Haviland had as his best man Mr. David MacArthur. The ushers were Mr. Scott Honaker, Jr., Mr. Neil Proffitt, Mr. Harry Proffitt, Jr., Mr. Eldon Pearson, Mr. H. F. Lamon, Jr., Mr. A. R. McCammon, Jr., Mr. Stone Norton, Mr. J. N. Badgett, Jr.

The nuptial music was played at the organ by Mr. Gerald Beaver, and before the ceremony Mr. Donnell MacArthur sang "Calm As the Night" and "Ich Liebe Dich."

Following the ceremony there was a reception at the bride's home on the college campus. Those who assisted in the serving were Miss Mary Proffitt and Miss Margaret Proffitt, who were in charge of the guest book, Mrs. H. F. Lamon, Jr., Miss Helen Caulton, Mrs. Enoch Law, Miss Mary Jo Huck, Miss Barbara Anderson, Miss Nancy Quinn, Miss Cecelia Jones, Miss Mary Orr, Miss Louise Wells, Miss Arda Walker, Miss Lillian Proffitt, Mrs. Harold Taylor, Mrs. A. D. Howell, and Miss Elizabeth Ann Huddleston.

Men's Glee Club Records For Waring Contest

Tuesday evening, March 31 Larry Lawrence came to the campus to record the three songs which our newly organized Men's Glee Club are to enter in Fred Waring's Pleasure Time National College Glee Club Contest.

The Glee Club, under the direction of Associate Professor Colbert, is to enter three recordings. First, the song which Fred Waring has arranged for the district in which Maryville is located; second, a song which the club will choose; and third, the Alma Mater.

The nation has been divided into regions. There will be one winner for each region, and that club will go to New York to compete with the other regional winners. The nation's winning club will appear at Fred Waring's presentation ball.

Unfortunately, after making the recordings here last Tuesday, it was decided that the records were not satisfactory or representative of the club's work. The recordings which will be entered in the contest will be made at the radio station in Knoxville on April 13.

County Educators Plan Third Dinner Meeting At College

Discussions On War Effort By Schools Will Be Continued

For the third time this year, on Tuesday, April 7, the educational administrators and executives of Blount County schools will meet as guests of the college for a dinner meeting in Pearsons Hall in order to continue their discussions of the part the schools of the county can take in the war effort.

The purpose of these discussion meetings has been to distribute information as to work which can be done by the schools to aid in the war; report on the activities of the various schools of the county in this regard, and to make plans for additional work in the future until such time as the schools are thoroughly mobilized to do their utmost in cooperating with the government.

The chief figures at the meeting Schools, L. M. Ross, superintendents of schools of Blount County, J. L. Brewer, of Maryville City Schools, L. M. Ross, superintendant of county schools, V. F. Goddard, head of Alcoa schools; and the principals of the nine high schools of the county, H. H. Gauding, Maryville, G. H. Sneed, Alcoa, J H Davis, Everett; H. A. Coulter, Friendsville; R. C. Giffen, Lanier, J. Hood, Porter; J. F. Sentell, Townsend; the principal of Walland High School; M. H. Jones, Principal of Friendsville Academy (private). President Lloyd will again act as host and several other officers of the college will be present. Also present will be Judge George H. Roberts and Mr. A. R. Kizer, director and coordinator respectively, of the Blount County Defense Council.

The meeting on Tuesday evening will probably be similar to those already held, and will consider the same problem with whatever new aspects have developed since the last meeting. The meeting represents a determined effort on the part of the educational leaders of Blount County to use all of the resources at their disposal to back our war effort and not only to fulfill their obligations but any wartime needs within their scope.

CORRECTION

Due to a misunderstanding concerning the rating of the contestants in the T. T. Alexander Oratorical contest tryouts, the ECHO inadvertantly carried the statement that the standing was already established for first and second place. There is no distinction made in the rating until the public contest is held in the Chapel. The Echo regrets the error. —Ed.

The Theta society will meet tonight at 6:15. The college quartet, composed of Carl Miller, Harry Lyle, Jack Lippard, and Dean Stiles, will sing.

Special Services Held At Chapel Periods This Week

Holy Week Events Chosen As Topics For Each Service

During the past week, special services commemorating Holy Week have been held daily in the chapel at the regular chapel period. These services were led by President Ralph W. Lloyd and various members of the faculty and included the reading of appropriate scriptures and some commentary upon them in order to direct the attention of the audience to the significant events of Holy Week. In addition, special music was furnished by the choir for each service.

President Lloyd led the opening service on Tuesday morning, reading scriptures telling of that Tuesday in the last week of Jesus' ministry before the resurrection. He pointed out that this was the day of questioning when the Scribes, Pharisees, and Sadducees all propounded questions designed to force Jesus into a corner or admit His inability to answer them. President Lloyd commented on these passages and compared the attitude of many people today with that of the Pharisees in that they attempt to cover their evil intentions with sly sayings and trick questions.

On Wednesday morning, Dr. Horace E. Orr led the service and chose passages dealing with some of the most significant events leading up to this week, inasmuch as there is no record of the activities of Jesus or His disciples on the Wednesday of Holy Week.

Dr. J. A. Gates led the Thursday morning meditation, reading those passages of scripture dealing with the Thursday of Holy Week. It was on this day that Jesus ate the Passover with His disciples in the upper room and instituted the Lord's Supper. Later in the evening He

(Cont. on Page 4)

Current Events Class Meets

Instead of one guest speaker discussing current events in general and the current issue of TIME magazine in particular as has been the custom in the past, five club members will join in discussing the various phases of the topic "Strategies for Spring," when the Current Events class, sponsored by the local International Relations Club, meets in Bartlett auditorium Monday evening at 7:00.

Previous discussions conducted by the group have been more or less in the nature of fact recitals dealing with the outstanding events and trends current in the world at large. Few of the leaders have ventured to do more than present the news of the world as clearly and as accurately as possible and to make suggestions as to the probable results of certain events.

At the meeting Monday evening Bob Huber, Oliver Van Cise, Jack Kramer, George Tibbetts, and Gabriel Williamson will present their opinions concerning the topic

(Continued on page two)

President Lloyd Elected TCA Head

President Ralph Waldo Lloyd was elected to the Presidency of the Tennessee College Association at its annual meeting in Nashville on Wednesday and Thursday of this week, April 1 and 2.

The Tennessee College Association is composed of 30 to 40 colleges in the state of Tennessee. Every year, in week preceding Easter, the Association holds its two day meeting at Vanderbilt University in Nashville, at which time officers are elected and developments concerning Tennessee colleges discussed. The Association has an executive committee which considers business problems arising during the year.

The meeting this year was held to consider wartime problems and needs, and the presiding officer was retiring President Thomas P. Johnston of King College in Bristol. Paul L Palmer, of the University of Chattanooga, Secretary of the Association spoke on changes being made in the curriculums of Tennessee Colleges caused by the war.

In addition to being elected to the presidency of the Association, Dr. Lloyd delivered a report to the meeting on one of the study groups held at the Association's Sewanee conference last summer.

It is a singular coincidence that Dr. Lloyd should be elected President of the Tennessee College Association this year, for it was exactly twenty years ago in 1922, that Dr. Samuel Tindale Wilson, then President of Maryville College, was elected president of the Association.

MC Curriculum Approved For Class V-1 Training

News was received by the college on Thursday of the acceptance of the curriculum submitted by the College for the new Class V-1 of the U. S. Naval Reserve. Under this program acceptance of 80,000 voluntary enlistments yearly as Apprentice Seamen by young men now in colleges has been authorized by the Navy Department.

The Curriculum which has been submitted and approved conforms for the most part to the regular Maryville College curriculum requirements. The main differences are that plane and spherical trigonometry, and one year of general physics are required and that swimming is included in the physical education requirement. The age limit is 17 to 19 inclusive and only two years, instead of four as in the V-7, of college work is prerequisite. More specifically the requirements are as follows: (1) Between the ages of 17 and 19 years inclusive with the proviso that applicants may reach their 20th birthday within 60 days of completion of their sopohmore year; (2) meet enlisted physical standards; (3) will continue in college in an inactive duty status at their own expense, for the equivalent of two academic years; (4) will take curricula stressing physical training, mathematics, and physics as required by the Navy Department.

Approximately 55 per cent of those who enlist in the V-1 program throughout the country, will be ordered into active duty as seamen at the end of the sophomore year of college. However, when V-1 men have successfully completed 1½ years of college work, approximately 25 per cent of the total V-1 enlistments, selected from those who during the second semester of the sophomore year pass a Navy comprehensive examination above a certain level and who have improved their physical fitness to meet the standard for Aviation Cadets, will be selected for flight training (V-5) and at the completion of the sophomore year will be ordered to flight training at a rate determined by the service needs.

At the completion of 1½ years of college work approximately 20 per cent of the total V-1 men who during the second semester of the

(Cont. on Page 4)

YMCA AND YWCA WILL HOLD ANNUAL RETREAT AT LINE SPRINGS AT END OF APRIL

All Officers And Cabinet Members Will Be Eligible

The Maryville College YMCA and YWCA will hold their annual retreat on the weekend beginning Saturday, April 25 at Line's Springs, Tennessee. Both old and newly elected officers and cabinet members of the YM and YW as well as old and new officers of Nu Gamma are eligible to go on this retreat into the Smokies which is held each year with the purpose of offering a time of inspiration and relaxation to the Y officers, wherein they can better plan their programs for the coming year.

The Rev. Dr. J. B. Bernardin, Rector of St. Andrews Episcopal church of Maryville, will be the inspirational speaker for Sunday of this year's retreat. Also going are Mr. and Mrs. Brown. (Mrs. Brown is associate professor of Biology.)

The general program of Retreat this year will be along the same lines and similar to those of past years. The group will leave the campus Saturday afternoon. The Sunday program will be taken up mainly with planning the YMCA and YWCA programs for next year, worship services also being held, both morning and evening. Dr. Bernardin will speak on Sunday, giving an address designed principally to offer inspiration and encouragement to the workers upon whose shoulders the Y program has rested and will rest during the coming year. On Monday, there will again be worship services, but the balance of the day will be devoted to the recreational aspect of the Retreat with hiking and such other sports as are desired. On all three evenings of Retreat there will be campfire services in the evening as has become the custom through past years.

Nu Gamma leaders, old and new are included in those going on the retreat because of the work they

(Continued on page two)

Theta Alpha Phi To Give Play In Chapel Saturday

According to an arrangement with the Social Committee, on Saturday, April 11, at 8:00 Theta Alpha Phi will present in the chapel a program provided for the student body and faculty. The program will include a one-act play directed by Miss Evelyn Seedorf "Riders of the Sea" by Synge. The cast for this play is composed of Betty Clevenger, Helen Airheart, Virginia Berg, Jerry Beaver, Alice Jones, June Morley, Troye Moore, John Hellums, Charles Dunning, Ted Kidder,: George Tibbetts, and Dave McDaniels.

Miss Seedorf will present on this program "The Happy Prince" by Oscar Wilde, accompanied at the piano by Jerry Beaver.

Dr. J. M. Broady To Speak April 18

Rev. Joseph M. Broady, D. D., Pastor of the Sixth Avenue Presbyterian Church in Birmingham, Ala., will be the chapel speaker next Wednesday morning, April 8.

Dr. Broady, who is one of the best known ministers of the Presbyterian Church and has long been a leading figure in the city of Birmingham, is well known to the community of Maryville of which he is a native. His family home is just beyond the college woods. Dr. Broady not only attended Maryville College but has been the leader of the February Meetings four times.

Weldon A. Baird Killed In Action

Weldon A. Baird, of the Class of 1939, lost his life in line of duty as a Naval Aviation Officer on April 1, according to a telegram received yesterday by President Lloyd.

Dr. Lloyd released the following statement to the Highland Echo:

"On Friday morning, immediately after our Good Friday Chapel Service, I received from Mr. and Mrs. Frank E. Baird, in Ohio, the following telegram reporting the death of their son: 'Weldon killed at sea April first. Body not recovered.' Another telegram was received about the same time by Mary Jean Partridge from her home at Pensacola, Florida, where Weldon took his training and later served as an instructor, reading as follows: 'Weldon crashed to death in California.'

"We have not received any other information as to place or circumstances. It is known that he was recently on duty flying or training patrols along the Pacific coast.

"This report brings sadness to the Maryville campus and in doing so makes the war seem a little nearer our own gates.

"Weldon A. Baird was one of the noblest and most capable men to graduate at Maryville during the eleven years of my service here. He was a sincere practical Christian and an all around man. He

1942-43 YW Cabinet Chosen Last Week

Installation To Be Sunday Evening

At a recent meeting the YWCA Cabinet for next year was chosen and approved. The newly chosen members are as follows: Athletics, Eleanor Williams and Marguerite Taylor; Devotions, Marion Stouts; House Committee, Jane Glass and Aura Santiago; Lyceum, Marian Avakian; "M" Book, Cornelia Jones; Mission, Evelyn Bunch and Lucille Gaultney.

Futher the members are: Music, Marian Magill; Orphanage, Nettie Rose Spraker; Program, Jane Metcalf and Muriel Geisler; Social Committee, Helen Anderson and Mary Evelyn Waisman; World Fellowship, Margaret Mc Kirdy; and Publicity, Jean Scheiball.

Johnye Gudel, who has been selected Nu Gamma Chairman, has chosen for Nu Gamma leaders Becky Jones, Agnes Peterson, Frances Lane, Peggy Caldwell, Betty Burton, Kay Liddell, Marion Schneeweiss, Evelyn Stuart, Ruth Anderson, Louise Henry, Louise Moughton, Donnell Bailey, Betsey Burleigh and Esther Winn.

These new members will be installed after Vespers Sunday, April 5.

Miss Purinton To Demonstrate Finger Painting

At the last meeting of the Art Club a moving picture was exhibited. It showed a famous artist, Wayman Adams, painting a portrait of a man. The picture was in technicolor.

At the next meeting Miss Purinton will show those interested how to finger paint. Everyone who comes should bring a big bucket with him and wear his oldest clothes

Half-Baked

Half-Baked. Altogether this is an unpleasant term however telling and descriptive it may be. Thus it was a little disconcerting the other day for me to recognize that such a charge could quite plausibly be applied to our general college level of mental effort and achievement. After hearing the statement I became more acutely conscious of the seeming prevalence of the lack of any really thorough thinking, whether it be along academic or moral lines.

Of course, exceptions are numerous but it does appear true that the great majority of us skim our studies for superficial facts and then shy away from digging down into the whys and wherefores of that matter at hand. We never quite formulate definite convictions so that we slip through loopholes when we should stand firm backed by our own certain knowledge and resolution. It is not that we do not undertake with much enthusiasm whatever comes our way, for we are glib enough about assuming responsibilities. But all too often we utterly disregard that truism that anything worth doing is worth doing well. "Smooth it over," "shoot the bull," "pad it up," or just plain "forget it—nobody'll ever know the difference" are well worn phrases on many college campuses.

A half-baked pie is soggy tasteless and can be not only disturbing but actually harmful to the natural body metabolism. Half-baked thought processes and moral irresponsibility on the part of its citizens can be equally dangerous to a community or nation. This is particularly true in our own country where the government mirrors the thoughts and desires of the people. Of even greater importance in directing the course of events are leaders. Socrats declared that the paramount reason for the decay of the Greek democracy in Athens was "the dilettante leadership which debaunches democracy."

Certainly on college campuses future leadership is as extensively developed as in any other type of community. Even in the urgency of our all out effort to win the war, the government has recognized that our colleges and educational institutions must be encouraged in so far as it is possible. This is evident from the arrangements for Class V-7 and V-5 enlistment. Let us hope that our own individual development is not half-baked but well-done.

CAMPUS CALENDAR

Saturday, April 4
6:15—Theta, Bainonian, Alpha Sigma, Athenian —Pre-Med Banquet.

Sunday, April 5
6:15—Easter Sunrise Service.
9:15—Sunday school at Presbyterian church; church at 10:30—Dr. John A. McAfee, minister.
—Sunday school at First Methodist church; church at 10:30—Dr. F. B. Shelton, minister.
—Sunday school at Broadway Methodist church; church at 10:30—Rev. S. C. Beard, minister.
—Sunday school at First Baptist church; church at 10:30—Dr. Colvin L. Hammock, minister.
—Sunday school at Episcopal church; church at 10:30—Dr. J. B. Bernardin, minister.
—Sunday school at Christian church; church at 10:30—Prof. Arthur Hyde, minister.
7:00—Chapel vespers.
8:00—Student Vols.
9:30—Radio Vespers.

Monday, April 6
6:30—Nature Club.
6:45—Triangle Club
7:00—I. R. C., Bartlett Hall.

Thursday, April 9
6:30—Art, French, German, Law Clubs; Ministerial Association; Pre-Med, and Spanish clubs meet.

Friday, April 10
—YMCA Banquet, Broadway Methodist church.

Saturday, April 11
—Theta Alpha Phi play.
—Student Volunteer Picnic.

Old Spice
BY JEAN BARNES

If you'll wait'll we grab out spectacles
And hunt a statistics book,
We'll struggle an hour and tabulate
A questionnaire somebody took.
For writing a column of "dirt";
For writing a column or "dirt";
But a reticent sense of "Quiet' you slug"
Has let loose a riming spurt.
The fact that we're starting on April Fool
Might help solve the mystery;
'Cause boy, you'll be fooled if you think you're in
For some beautiful poetry.
Well, anyway, from a census we took
We've discovered the following dope—
"What people think vital on Campus today"
Will be a big help. We hope.

The funniest thing we heard all week
Was a sort of a grand entree;
Mac McKirdy wandered to First Aid in state
But left the class right away.
She opened her blanket, prepared for work,
But red-faced her misery—
Staring coquettishly out of the depths

Was all roommate's laundry!
Oh well, you can tell that it's spring again
Aside from spring fever and love
The sweet graceful lope of the boys jumping rope
Back of Baldwin's one thing we think of.
And Anderson's lost all her "winter-doors" too.
Now the "gentlemen" don't have to stew
Trying to hold open two doors at once
For the ladies in grace to pass through.
Accomplishments staid in new styles displayed
Rate a mention they tell us of course;
For instance Van Cise thinks the prestige is nice
Being called the campus "dark horse."
'Custodian of windows for 306d"
Is Percy Martin's new chore.
And nobody minds if announcer Bud Pierce
Does Radio Vespers some more.
Henry Erwin really helps chapel a lot
By showing us puzzles and snaps.
Also Mary Jane's knitting yarn trailing four rows
Reposing in all of our laps.
And Spike Tinley looked sweet in chapel one day
With a delicate plastic hair brush;
For that matter Dud Moore has a technique superb
For bicycling by in a rush.
We hear Queeners tried the bicycle stunt and
Now take to the road in threes.
We hear Jean Lehman learned with relief
The cut system intricacies.
And hear Betty Winton really enjoyed
Her bit of that going-home-joy.
We personally think it's time that we took
Our spring trip to Illinois.

We've learned that Jim Barr has a smile that goes far
To relieve any tough situation.
And the moon is a dear to make such atmosphere
For the people on Easter vacation.
We do love the way that Mary Jenks shares
Her candy with everyone.
And when four boys sat on Red Meineke
It looked like just heaps of fun.
We like Brasher's discussion of marriage
As a form of "martial" ties;
Love the cafeteria breakfasts
That didn't materialize.
We can think of a thousand other lines
As bad if not worse than those;
But something tells us—to save our face
We'd better slip into prose.

Which, while being a rather prosaic sort of system, is much more comfortable.

We couldn't get anything to go in rhythm with Schwarzwalder in the poem; so we had to relegate him to here, Besides we wanted to talk about his rhythm. It seems he has a perfectly charming method of walking around and pouring water at the table to the rhythm of Blue Danube or whatever. Reminds us— the music that is—Edgar Potts or Ernestine Ulmer made simply beautiful tunes by squeaking balloons at the table party the other night.

And isn't it wonderful that Ann Halabrin had to go to the hospital? That is, depends on how you look at it. With everybody coming over there to hold classes and with Ann not far away, George had——Well, what we mean is, Hm!

It surely was swell to see ex-editor Ruth Abercrombie again back for the wedding and looking successful and happpy and fun and, well, like Ruth Abercrombie. Wish she could stay longer.

Don't you hope the sun rises tomorrow?

Which with one more item makes everything complete. We mean the march of the country to the campus, the delicate odor of roses and honeysuckle in front of the Chatterbox, the trees and nightingales which line the new walk, effect charmante of tender growing things, new buds and all that. Eventually such things turn into paradise or a facsimile, but for now excuse us please.

As I See It
By JANET LINDSAY

It is my privilege to print this week some poems selected from a collection by Joseph Dickinson.

CAUSE AND EFFECT

As Pestilence, once bred from body-filth and dirt,
Rose up to slaughter with the bad, the innocent,
So war was bred from filth in mind of men profane
And sprang to kill its makers and the rest who girt
Themselves and die with armor on, some how content
To know they give their lives that peace might come again.

SINGAPORE

Singapore, thy gates have fallen!
Broken are the posts and lentals;
Since your ruin, the bleak and sullen
East again is oriental.
Progress lies in blood and anguish,
Fallen as the wounded Michael,
Knowing hurt but never vanquish;
Thus there starts another cycle.

TALK OF THE WEEK ... By Charles Dunning

EASTER SERVICES
(Cont. from Page 1)

given below:
Minister—Invocation
Choir—"The Lord Is Risen"
Minister— Reading from the book of Common Worship
Choir—"Christ Is Risen" —Hirsch
People—Apostle's Creed
Choir—Lord's Prayer
Choir "Alleluia! The Strife Is O'er"—Palestrina
Minister— Gospel of Mark—Chapter 16
Choir—"Easter Alleluia"—Baird
Minister and People—Responsive Reading (Selections from Isaiah through Gospels and Epistles)
Choir—"In Joseph's Lovely Garden"—Dickenson
Minister—Scripture, Psalm III, Romans 6:9-11, Corinthians 3:1-4
Choir—"Haleluya", Sergei
Minister, Choir, and Audience—Reading from Book of Common Worship
Choir—"Christ the Lord Is Risen Today"—Williams
Minister—Benediction

If the weather is favorable it is expected that there will be a large attendance of people from the town of Maryville and surrounding regions, as the service has enjoyed considerable popularity during the five years since its origin.

—V—

WELDON A. BAIRD
(Cont. from Page 1)

was a student of cum laude rank; was active in the YMCA for four years and the president in his senior year; was a member of the basketball and track teams for four years and captain of both teams in his senior year; was president of the Athletic Association in his junior year; was president of his class in his sophomore year; was business manager of the Chilhowean and the "M" book; was listed in "Who's Who In American Colleges and Universities;" was active in the general life of the College; and was popular and respected among faculty and students alike.

Weldon Baird's two brothers William and Boydson, who followed him to Maryville College, graduated in the class of 1941 and are now in military service, as is also their sister, who as a trained nurse holds the rank of lieutenant. The Baird home is in Kilbourne, Ohio. Agnes Lodwick, a member of the present freshman class, is a cousin."

I.R.C.
(Cont. from Page 1)

"Strategies for Spring," rather than reviewing the happenings of the past week.

In doing this, Bob Huber will speak on the affects of Spring in Alaska, Jack Kramer on Production, Oliver Van Cise on the Russian Front, George Tibbetts on the Far East, and Gabriel Williamson on the Battle of the Atlantic. Although these subjects will be presented as the express opinions and ideas of the speakers, what is said by them is not to be considered above discussion and dispute, and it is hoped by those in charge of the planning of this meeting, that all attending on Monday will be prepared to present their own feelings and conjectures concerning "Strategies for Spring."

At the last meeting of the International Relations Club, when it was decided by those present to make the change in type of program, plans were also laid for a campaign to stimulate the sale of defense stamps on the campus, and a nominating committee was appointed to present a slate for consideration of the group in the forth-coming election of officers to serve next year. Those appointed to serve on this committee were George Tibbetts, Richard W. Boyd, and Henry M. Wick.

SPRUCE UP
For Spring

With the best hair cut in town
For 35c you can look like a million! Others judge you by your appearance, so look your best always.

DIXON BARBER SHOP

Student Council Considers Civilian Defense Problems

Last Monday evening the Student Council held its regular weekly meeting in Dr. Hunter's classroom. In the absence of the president and vice-president, the secretary, Mary Ruth Baker, conducted the meeting.

Dr. Stellwagen spoke to those present on the topic "Civilian Defense". He outlined the fifteen branches of service in the civilian defense program, and described the effects of incendiary bombs. He explained how they should be dealt with, and showed by means of pictures how it has been done in blitzed London.

"The people of this area, and especially of Maryville College, should assume a greater interest in the civilian defense program." He contrasted this lack of interest with the efforts people are making all along the Atlantic seaboard." "Alcoa is the third objective in the eastern United States in liklihood of being bombed by any invading enemy planes," said Dr. Stellwagen, "and it would be very easy for a bomb to land in Maryville since they are dropped from several miles up." We already have a course in First Aid, but more courses on civilian defense should be introduced here.

The Student Council members then discussed the possibility of having several more classes in civilian defense, or perhaps a series of lectures to all the students. More definite plans will be made in the future when additional information has been obtained.

Several members introduced the idea of having test blackouts for Maryville College, but nothing definite has been arranged as yet.

—V—

Y. RETREAT
(Cont. from Page 1)

accomplish in the fall in helping new freshman girls become oriented to Maryville College life and tradition. They will plan their program for the fall in cooperation with both Y groups.

The retreat will be ended on Monday evening after the closing service, and all will return to Maryville at that time.

Plans for the retreat this year have in some measures been hanging fire because the YMCA has not yet elected its officers nor chosen its cabinet for the coming year. However, the plans mentioned above have been definitely made although there may be additions before the time of the Y Retreat.

Disc Club Program Includes Debussy And Prokofieff

At the meeting of the Disc Club Thursday night 117 people were present. The two numbers on the program were Claude Debussey's "Afternoon of a Faun" (Apres Midi du Faun) and Serge Prokofieff's "Peter and The Wolf", narrated by Richard Hale. Miss Ruth Sutherlin, president of the club, commented on Debussey's life and told the story of the Faun originally created by a French poet, Mallarme, in a poem by the same name. Debussey's singularily effective and beautiful system of harmony was described. The life of the Russian composer Prokofieff was then related and the outstanding characteristics of his works. His most unique composition, "Peter and the Wolf", a fairy tale told by the instruments of the orchestra, was then presented. The strings carried the theme for Peter while the oboe represented the duck. The clarinet (in low tones) portrayed the cat and the flute fluttered for the bird. The bassoon gave us our picture of the Grandfather and three horns sent shivers through the audience as the wolf approached. The kettle drums, bass drum and symbals set the stage for the hunters.

Professor Colbert will present the next Disc Club program.

—V—

Writer's Workshop To Meet On Monday

On Monday, April 6, the Writers Workshop will hear Carl Alette and Miss Keller read. The critic will be Janet Lindsay.

Last week, Janet Lindsay read two essays, "Faceless People", and "United We Stand". The critic was Dick Boyd.

—V—

Athenian To Hear Musical Program

Athenian meeting tonight at 6:15 o'clock in Athenian Hall. The entertainment will be furnished by Lily Belle Grizzard in the form of several classical selections. Critic for the evening will be Henry Wick. All Athenian members are urged to be present; come and enjoy this meeting.

—V—

Nature Club Meets

Next Monday evening, the Nature Club will meet in the chemistry lecture room. The meeting has been planned so that those who take First Aid will have plenty of time to get to their classes.

SPORT ECHOS

By TED PRATT

ECHO SPORTS

BANG!

The Scottie nine started the season off with a solid bang against Hiwassee Wednesday afternoon. The entire team looked good as they clubbed out an 11-1 victory. Honaker's no-hit three innings gave proof that that old fire is still there, and frosh "Stretch" Robison showed his colors during the final innings. Paul Sieber performed well also on the mound. Ross Honaker played good ball for his first appearance on the diamond, and veteran Les Rock showed that he still has plenty on the ball both at the plate and out in his right field pasture. The team has possibilities. Let's help 'em along!

ROOKIE CATCHER

The third in a series helping the student body to become acquainted with the freshman baseball players.—

The "Man in the Iron Mask" is our victim today. And we don't mean the umpire either. This time we mean Don Conkle, one of the three starting freshmen for the Scottie nine in their opener against Hiwassee. Don played nine full innings behind the platter and showed up well in his first taste of college play. But he is a veteran on the field, and makes a hobby of all sports.

Don was graduated from the high school in Navarre, Ohio, two years ago. While going to high school, he played four years of baseball, three years of football, and two years of basketball. His baseball team rated two trips to Columbus for the State Finals. His basketball team took the county championship one year. His first appearance in Maryville College varsity athletics was at the end of the '42 wrestling season when he upset a favored Knoxville "Y" grappler in an exciting 165 lb. match.

Conkle has shown musical talent on the Hill also, playing the violin, mandolin, and guitar. He plans to major in Biology and looks forward to some kind of experimental work in a plant or firm. And unless "it can't happen here" happens, he's all set—he has enlisted in the Marine Corps Reserve. And that gives him three long beautiful years.

ONE FOR THE BOOKS

We thought this might be worth passing on. In the recent Hill Military Academy Relays in California, Corny Warmerdam cleared 15 feet 1-2 inch to beat Earle Meadows and the latter's meet record by 7½ inches. But it could not be an official record without three contestants. Enter: Les Steers, world champion high jumper, who good-naturedly volunteered to compete and make the third contestant. Measuring the unaccustomed pole, he skimmed neatly UNDER the bar at 13 feet. Then dropping the pole, he grinned and cleared 6 ft. 5 in. to win the high jump.

ON THE BENCH

Funds for the Naismith Memorial or the Basketball Hall of Fame were raised through thousands of Golden Jubilee Basketball Games all over the country. But priorities on war materials said nix. Outcome: all funds were spent for defense bonds to wait for a more opportune time for the building of the memorial.

See, we told you the Indians would win! But we really didn't think they would win by that much.

For all mountaineers: West Virginia really showed those city slickers what real basketball was in the national invitational in New York City. And even if Stutz Modzelewski was top score in the nation, Gerber broke all the Garden and tournament records. So there, too!

Joe still has dynamite! But we're sticking with ample Abe in the count issue. The referee never got to ten. Abe got up four times in his last fight with Joe and lasted thirteen. Oh well, it's all over now—but this is the shouting.

Then there's the "wise guy" who has named our new softball diamond "The Stock Exchange." "Anyway," he says, "it really has its ups and downs!"

Maryville Team Takes Easy Game From Hiwassee

Three Scottie Hurlers Give Up Only One Blow

Banging out ten hits behind the one hit pitching of three Scottie hurlers, the Maryville baseballers earned an easy 11-1 win over Hiwassee last Wednesday afternoon on the home field. The slugging Honakermen stole seven bases, capitalized on eight Tiger errors, and hit everything in sight in winning the first start of the season.

Three men labored on the mound for the Highlanders, Coach Honaker started Hooker, replaced him with Sieber in the fourth, and finished with Big Jim Robison. Sieber was touched for the only Tiger hit in the fourth when Scott, Hiwassee first baseman, singled. Paul redeemed himself in the next inning by whiffing all three men to face him. Hooker and Robison had perfect control of the situation during their stints on the mound.

The fireworks started in the first inning for the Scots. Stevens was out at first, but Bob Miller walked, and went to third on Taylor's two base error. Les Rock drove them both in with a sizzling grasshopper between short and third. McGaha popped on and Shelfer was out, short to first to end the inning.

The big guns boomed again in the third when a parade of Scottie runs crossed the plate to make it nine to nothing. Hiwassee's run came in the fourth on Scott's hit and a wild throw to first by Stevens, Maryville's only error. One in the eighth and one in the ninth by the Scotties completed the scoring.

Fielding errors told the sad story for the Tigers. In all, the visitors booted eight chances and allowed the Scots to run wild on the base paths for seven stolen bases.

From all appearances, Coach Honaker has again turned out a winning ball club. The shift of Fred Shelfer to first to make room for Don Conkle behind the plate looks like a good move. The Ohio freshman is a dependable receiver and can be relied upon for his share of base hits. The other two frosh starters, Ross Honaker and Wayne Stevens, are ticketed for good seasons. Lloyd Taylor is a fixture on short, and the out field of Miller, McGaha, and Rock, backed by such promising freshmen as Morton, Bryant, and Allan Rock looks like a sure thing. Five reliable pitchers, Sieber, Hooker, Mair, Robison, and May, give Coach Honaker an excellent mound staff.

Instead of the scheduled trip to Hiwassee, the team will engage an independjent team on the home diamond today.

Spring Gridiron Workouts Uncover Promising Players

Practice Will End Tuesday, Davis Reports

Spring football practice will end next Tuesday, workouts having been held for over a month. The daily practice sessions have been devoted to regular practice games this week, with Capt. Jack Kramer's "Reds" showing an edge over Andy Richards' "Oranges". In addition to providing an opportunity for development of returning squadmen and lettermen, the spring scrimmages have uncovered several promising high school players who plan to enroll in Maryville college next fall. Coach J. D. Davis, who has had charge of the sport, reports that the practices have been successful in every way.

The outstanding star of the Red team has been Jim Burris, speedy little two back who lettered on last year's team. Burris' running and passing have played a large part in the Red's wins, and he has also shown great promise as a field general. Burris' mates in the Red backfield include letterman Ken Talbot and Chuck Dunning, a new player who has shown considerable promise. Dunning has one of the highest ground gaining averages on the squad, and has proved himself to be a speedy and shifty ball carrier from his tall tail back spot. Talbot has been coming through with his usual steady brand of ball from the wing back position, and George Rutherford of Everett has been exceptionally dangerous as a full back.

Along with Rutherford, Artie Spears of Maryville High shares the distinction of being the most promising new player. Spears has been the sparkplug of the Orange team, carrying for lots of yardage as a full back. Red Meinike has reeled off several good gains on reverse plays, and is a good prospect for wingback. Jim Hoague and Bill Wagner complete the Orange secondary.

On the line, the most outstanding men have been Edwards and Kramer of the Reds. and Richards and Suitor of the Oranges. All of these men are lettermen except Suitor, and the captain-elect of the wrestling team has shown himself to be a speedy end who is very dangerous on both defense and offense. Goodman of Everett is another forward who is hard to take out of plays over his position.

It is hoped that the extra conditioning and practice afforded by spring training will be a factor in turning out a good Scottie eleven next fall. The most encouraging thing about the sessions has been the performance of the new men, and if they all enroll in Maryville next fall Coach Honaker and Coach Davis should have no shortage of gridiron material.

Athletic Awards Made By Control Board

The Athletic Board of Control met twice this week to award letters in all the mid winter sports, and finally agreed to give six basketball letters, eleven wrestling awards, and eight swimming sweaters. Dudley Moore is president of the board, which is in charge of all athletic awards.

The six men who received varsity hardwood letters were Jim Smith, Dave Smith, Ray Lillard, Gordon Webb, Lloyd Taylor, and Capt. Stan Menning, Howard Meinike was also awarded as manager of the team.

Eleven wrestlers were given sweaters for their performance on Maryville's co-title holders. Joe Suitor, Bill McCord, Al Murrian, Horace Justus, Ed Ballinger, Mac Wilson, Warren Culver, Andy Richards, Lloyd Anderson, Trevor Williams, and Capt. Dave McDaniels were the atheletes honored, along with manager Percy Martin.

Charles Colville, Stan Crews, Horace Scherer, Bill Sidner, Layton Bergquist, Allan Moore, Tom Mize, and Capt. Frank Miller were the men from Coach Fishchbach's swimmers to be recognized. Bob Francis was awarded a managerial sweater.

In addition to giving the athletic letters, the Board awarded sweaters to the cheer leaders—Bill Sweeney, Ben Lynt, Les Boyd, Meredith Preston, Norman Perry, and Ellen Pascoe.

President Moore announced that the Board will meet again soon to award point system sweaters to the girls who are recommended by Mrs. Queener and Willie Williams, point system assistant who is also a regularly elected member of the Board.

INTRAMURAL DOPE

CURRENT EVENTS—

Softball
Golf
Horseshoes
Shuffleboard

SOFTBALL—

There's been a week of sluggin' on Walker field already, and the softball teams are beginning to fall into their comparative ranks—good, better, and best. The field is smoothing out, it really looks pretty good from a distance, but there are still a good many errors in the games because of the ground surface.

As a matter of fact the games have been played with plenty of punch and enthusiasm behind them. There has been (Thursday) only one forfeit, and that because the team lacked one player. Some scores are running pretty high, one-sided; no games yet have been very close. The House of David and Alpha Sig stand as the only undefeated teams; the Spitfires and Faculty are the only outfits to have lost all their games (as of Thursday this week). Athenian, Holy Joes, and Ministerials are breaking even.

Highpowered House of David boasts Jim Smith and Dave McDaniel as top pitchers. Jim won two games this past week, and Dave took one. It may be, though, that the House's winning feature in the long run will be its hitting rather than its pitching.

So the tourney goes. Henry Erwin has been made its manager and is doing a sweet job, ably aided by R. B. Auten and company. They've asked that teams note that games start at 3:30 and 4:30 in the afternoons, not at 3:15 and 4:15 as printed on the schedules.

SHUFFLEBOARD

Manager Dexter Rice and boss Curt Wright put their heads together Thursday afternoon and figured out the shuffleboard tournamen brackets. They're posted in various and sundry places, and play—official play—began on the courts yesterday. No results to report yet.

There are 47 couples entered in the tourney, that's 94 people! Rules and regulations governing the game are posted, and one of them is that the first round should be completed by the middle of next week. We'll know more then about how the shufflers stand.

GOLF

With bright, snappy days and good-looking green grass around, the second round of the spring golf tourney wound up yesterday, the 3rd. At the end of that round the competition was narrowed down to only 16 men out of the starting 52. Those 16 keep going into round three and on to the finals eventually.

Results look much like what was expected. Layton Bergquist is still well in the running; incidentally, it would be worth an amateur fan's time to follow Layton around some day and take a squint at those drives and not-to-be-sniffed-at approach shots. Bob Hunter, Ted Pratt, and Frank Miller have all won everything so far and may have to meet one another before this is over. The faculty's favorite is Dr. Hunter.

HORSESHOES—

The drawings for the first round of the barnyard tourney have been up all week, but there has been surprisingly little play. All those who drew byes, of course, are in round two, and several of the matches have been run off to place others in that bracket also. Be it noted that our senior manager dropped his match to big Mitchell!

Frosh Cop Point System Softball Title

Season To Close With Track, Field

The freshman softball team won the point system title in the annual tournament which ended Thursday. This win gave the frosh Amazons a clean sweep of the year's team activities, the soccer, basketball, and volley ball titles having all gone to them.

On March 26, the freshmen beat the sophs, and on March 31 they clinched their title with a win over the junior-senior team. In the other contest of the tournament, the sophs came through with a win over the junior seniors on April 2.

Track and field competition will begin next week and will be the last sport of the point system season. Under the direction of Mrs. Queener and "Willie" Williams, approximately eighty girls have been participating in the various activities since October 1.

The year's last activity is the annual M-Club hike, which takes place in the spring, and at which time all girls who have won 400 points or more are invited to join the organization.

Girls who played on the championship softball team included: Agnes Peterson (captain), Frances Lane (manager), Carol Robinson, Kitty Loesch, Ruth McClure, Betsy Burliehgh, Nancy Russell, Shirley Montgomery, Peggy Caldwell, Winnie Summers, Donnell Bailey, Agnes Lodwick, Marjorie Roth, and Carol Gilette.

French Play Next Week

French Club will present for its members a French play, "Le Cousin D'Amerique", next Thursday at 6:35 in Bartlett Hall. The characters will be: Betty Jane Miller, Helen Rawlings, Al Doctor, James Manning, and Paul Cooper. Following the play there will be a regular business meeting.

Spanish Club Meets

Margaret Lawson and Betty Parker entertained Spanish Club Thursday night. The officers are asking all the members of the old club who wish to join the new club to come to the meeting.

Carol Markham Leads Devotionals

Carol Markham, a sophomore Christian Education major had the devotional at the Wednesday night prayer meeting in Bartlett Hall. She chose to read for the scripture several passages from the four Gospels concerning passion week. After the scripture reading a series of sentence prayers was held by the students. Henry Wallis Heaps, a freshman medical missionary student from Pilesville, Maryland, led the singing.

Every Wednesday evening from 6:40 until about 7:10, all students are invited to attend the Bartlett prayer meeting.

DO YOU DIG IT?

Five M. C. Students Accepted To Medical Scohols

Holman, Wright, Short, Culver, and George To Attend

Five Maryville students have recently been accepted at med schools throughout the country. Ted. Holman, a chemistry major from Millerstown, Pa. has been accepted at Jefferson in Philadelphia. Ted was a May Day attendant for the Junior Class last year and is the president of the Senior Class and of Alpha Sigma.

Bob Wright has been accepted at the dental school at Ohio State University. Bob is a chemistry major from Venice, Ohio, and was the vice president of Alpha Sigma last year.

Next year will find Bill Short from Port Royal, Pa., at Temple Medical School in Philadelphia. Bill graduated from Maryville a ago last January.

Warren Culver, who has made a name here at Maryville for wrestling, will be at the medical school at Long Island University. Warren is a biology major from Westhamption, New York and is the secretary of the Pre-Medical club.

One sophomore, Frank George will attend the med school at the University of Tennessee next year. Frank has been a popular member of his class during his two years here. His major is chemistry and his home is in Morristown. Last year Frank was one of the May Day attendants for the Freshman Class.

In addition to these five, five others have previously been accepted in medical schools. Fred Snell will go to Harvard, and Charles McCammon to Vanderbilt. Tufts Medical College at Boston is the choice of Melvin Johnson. Quentin Myers will go to the University of Pennsylvania School of Medicine, and Dudley Moore to the Indiana University School of Medicine.

CLASS V-1

(Cont. from Page 1)

sophomore year pass a Navy comprehensive above a certain level, and have improved their physical fitness to meet the standards for Reserve Officers, will be transferred to V-7 enlistment status which is training leading to a commissioned Deck or Engineering Officer. These men will be permitted to continue their college course in an inactive duty status at their own expense, until awarded the baccalaureate degree. Upon completion of their college degree this entire class will be given Reserve Midshipmen Training.

There is no intention nor desire by the Navy to militarize instruction. Under this plan every accredited institution of higher education in the country is privileged, if it desires, to participate actively as an integral part of Navy Training on a non-militarized production program for those of its students who desire to enter the Navy. This program does not put the men in college into uniform nor does it require Naval drill.

College Juniors and Seniors are not eligible for V-1 enlistment, but may enroll for Aviation Training (Class V-5), Reserve Midshipmen Training (Class V-7), or may seek original appointment in a Special or Probationary status.

Who's that alumnus I saw you with last night?

That's no alumnus, he's always drunk.

YMCA and YWCA Will Not Meet

In observance of Easter tomorrow there will be an Easter Sunrise Service in the Amphitheatre and services in the various churches in town, both morning and evening, as well as Vespers here. Therefore ,the YMCA and YWCA will not hold their regular afternoon service tomorrow. Services will be resumed next Sunday.

Pre-Med Club To Hold Banquet This Evening

This evening, April 4th, the members of the Pre-Med Club will hold a banquet at Cate's Cafe. Dr. Abercrombie of Knoxville will be the guest speaker. His topic will be "The X-ray", and his lecture will be illustrated.

The next regularly scheduled business meeting will be on April 9th in the chemistry lecture room.

HOLY WEEK

(Continued from page 1)

went to the garden of Gethsemane and prayed with His disciples and was betrayed and taken prisoner.

On Friday the service was of greater length because of the tremendous significance of this day. Professors David H. Briggs, Susan A. Green, and George D. Howell each delivered a brief meditation on some of the seven last words of Christ from the cross. Dr. Briggs spoke on "Father forgive them, for they know not what they do." and "Verily I say unto thee, today thou shalt be with me in paradise.", the first two sayings of Jesus from the cross. The next three words, discussed by Dr. Green are "Woman, behold thy son . . . Behold thy mother", "My God, My God, why hast thou forsaken me?", and "I thirst". Professor Howell spoke on the final two words, "It is finished", and "Father, into thy hands I commend my spirit". Dr. Lloyd presided over this meeting and also conducted that of Saturday morning, discussing at that time the significance of the uncertain Saturday between the crucifixion and the resurrection.

The choir sang special selections for each of the services; on Tuesday, "When I Survey the Wondrous Cross", Wednesday, "O Sacred Head", Thursday, "Beneath the Cross of Jesus", Friday, "Were You There", and "Into the Woods", and Saturday, "O Come and Mourn".

Jack Kramer, program chairman of the Law Club, announces that there will be a regular meeting Thursday night at 6:30 in Alpha Sigma Hall.

President Lloyd To Give Radio Talk on Easter

Radio Vespers tomorrow night will present a special program of Easter music and a short talk by Dr. Lloyd entitled "What Has Easter Meant to You Today?"

Numbers rendered by the a capella choir will include: "Easter Alleuia," by Baird; "Christ is Arisen," a 12th centure Easter hymn of Germany; "In Joseph's Lovely Garden," a traditional Spanish Easter anthem arranged by Clarence Dickenson; "Alleluia, Christ is Risen," by Wihtol; "Alleluia," and "Happy Anna," arranged by Sergel; the hymn "Alleluia, the Strife os O'er," by Palestrina; and the repose "Patriotic Prayer," by Wihtol.

Bainonian To Meet

The Bainonian society will meet tonight at 6:16. Betty Parker will entertain with accordion selections and will lead group singing. All are urged to attend.

German Club Sponsors Movie

The German Club is sponsoring a movie, "An Orphan Boy in Vienna. It will be shown next Thursday night in Bartlett Auditorium. There will be somebody at the door to take dimes for the payment of the fee for showing of the film. Of interest to all students of current events and the German way of life, the picture will have German dialogue with English transcripts.

CRAWFORD HEADS Y.M.C.A.; FICHTER IS QUEEN OF MAY

YMCA Elections for 1943 Prove To Be A Close Race for Every Position

New President To Be Assisted By Brown, Garvin, and Pratt; Sam Pemberton Elected to Advisory Board

Roy Crawford

As a result of the annual election of YMCA officers for the coming year which took place in Thaw Hall, Roy Crawford was elected president, Clyde Brown was elected vice-president, James Garvin secretary, Ted Pratt treasurer, and Sam Pemberton was chosen as the member of the advisory board representing the present freshman class.

The elections held on Thursday were close in all cases, the winners only being decided by a few votes. Some of the results were uncertain until the final ballots were counted in the office of the president at 9:00 Thursday evening.

Roy Crawford, President of the Maryville College YMCA for the coming school year is a local Maryville man, has served as business manager of the Chilhowean for this year, is at present a member of the Y Cabinet, is a political science major and has devoted considerable time to intramural sports.

Clyde Brown, elected vice-president ,is a history major, has long been active in YMCA work and is serving as a cabinet member this year also. He is an Athenian, works as an assistant in the library and has participated in past Athenian-Bainonian play productions. He is a ministerial student and has his home in East Waterford, Pa.

James Garvin was elected secretary of the association. He is chairman of the social committee this year, is secretary of Athenian Society and treasurer of the Ministerial Society. He has lettered in football and came to Maryville College from Bethesda, Maryland. Garvin also has held office in Student Volunteers and has been active in intramural sports.

Ted Pratt was chosen as treasurer of the Y for next year. He is sports editor of the HIGHLAND ECHO, a member of the tennis team, is interested in minor sports as well as intramurals, both as an enthusiast and participant. He has been active in Athenian Society and is a member of the YMCA Cabinet. Ted has also sung in the college choir and came to Maryville from Westerville, Ohio.

Sam Pemberton was elected to the Advisory Board as representative of the present freshman class. He is the brother of Olson Pemberton and although only a freshman is well known on the campus. Members of the Advisory Board maintain their places throughout their college careers, thus repre-

(Continued on page two)

Sophomores Take Tests Next Week

Tests To Be Given On The Same Days As Comprehensives

The National Cooperative Sophomore Tests will be taken by all Maryville College Sophomores on Wednesday and Thursday afternoons April 15th and 16th. There will be two tests given this year: in English mechanics, covering usage, spelling and vocabulary, and in general science, covering the entire field of science.

The science test will give students the opportunity of showing what knowledge they have accumulated in their high school and college science courses. The fact that the test covers all fields does not necessarily penalize the person who may not have had courses in one or two of these fields, for very few, if any, sophomores will have studied every subject which will be covered in the general science test. General information obtained from reading and experience will be of considerable help in subjects in which one has not had any formal instruction.

Maryville College has several important reasons for giving the National Sophomore Tests each year to all sophomores. Three of these are: 1. That the college, by comparing the results achieved by its sophomore class against the national average, can determine the comparative standing of the class with other colleges of similar nature.

2. That the individual student, by knowing his own score, can see how he measures up to the rest of his class and with sophomores in colleges all over the country.

3. The results enable the college to judge accurately the progress of each student at the end of his sophomore year and so to help him in making future plans for the remainder of his college course, and also to select students who show marked deficiencies in some regard (often English) for special clinic work in their weak field.

The tests are not difficult for the average sophomore; and even though no direct credit is given for taking the tests, their importance should not be underestimat-

(Cont. on Page 2)

Fifty Enthusiasts Enjoy Student Vol Outing In Woods

The Student Volunteer Organization held its semester's picnic this afternoon in the college woods from 3 to 7 p. m. on the theme "The Other Half". Mrs. Margaret Cummings, instructor in Bible, brought a most interesting and inspiring message to the gathering around the campfire after the food had been served, eaten and forgotten, and a short worship service begun.

The committee in charge of the picnic was composed of Agnes Peterson, Ruth Perrin, Marion Stout, Ruth Mary Hall, Frances Lane, and Ben Lynt.

In carrying out the "other half" motif, the pickers came dressed in hobo garb and were served a humble though nourishing fare in the best hobo manner. Mrs. Black, wife of Mr. Louis Black, co-sponsors of the organization, provided the "treat" for the afternoon in the form of ice-cream.

About 50 were present, and the general concensus of opinion seemed to be that an enjoyable time was had by all present.

Gilpatrick Heads '43 German Club

Large Group Sees German Movie

At its meeting last week the German Club elected its officers for next year. Charles Gilpatrick was elected president, Eleanor Williams, vice-president; Ollie Welsh, treasurer, Edgar Potts, secretary. Paul Kolter and Estelle Farrow were elected program chairmen, Margaret Spayd was elected director of the publicity and Mary Smith was elected pianist.

Thursday night German Club presented a German movie entitled "An Orphan Boy in Vienna." 150 people were present.

The famous Vienna Choir Boys were feated in this movie.

Four Elected To Theta Alpha Phi

New Members Are Being Initiated

Theta Alpha Phi, the national dramatic honorary fraternity, recently elected new members for next semester. Alice Jones, David McDaniel, Ted Kidder and Charles Dunning are being initiated at present.

Alice Jones is a junior dramatic art major from Harriman, Tennessee. Alice has been active in a great deal of dramatic work on the campus. Last year she played in the Theta-Alpha Sig mid-winter "Pure As The Driven Snow", and in this year's mid-winter "Wuthering Heights." She has worked many times on the production staff of plays.

David McDaniel is a senior Sociology major from Lenoir City, Tennessee. Dave is one of the star members of the varsity wrestling team, and has been active in dramatics on many occasions. Last year Dave played in "Abe Lincoln in Illinois", and this year he has had roles in "Charlie's Aunt", and "In A House Like This". He also has a part in the commencement play "The Truth About Blayds".

Ted Kidder is from Maryville; he is a junior art major. Ted has worked on the stage crew for many of the productions on the campus. Charles Dunning is a sophomore chemistry major from Elmherst. L. I. Chuck is also a member of the stage crew.

Writers' Workshop Elects Members

Matthews, Meadows, Liddell, Duke, Lynt And Lloyd Are Chosen

Elected to membership in Writer's Workshop at the last meeting held on Monday, April 6th, were five sophomores—Sidney Duke, Katherine Liddell, Georgia Lu Meadows, Hal Lloyd, and Ben Lynt—and one junior, Alice Matthews.

Membership in Writers Workshop is limited to 25, chosen from among the juior and senior classes and from the faculty. Members of the group are required to read one original manuscript each semester, and are allowed to miss only three meetings in that time. Meetings of this organization are held each Monday afternoon.

At the last meeting of the Workshop, Miss Kellar read an original piece entitled "A Challenge to America," and Carl Allette read a "letter to a pessimist." Janet Lindsay was the critic.

The purpose of Writer's Workshop is to stimulate creative writing and provide a means of expression for those selected to membership in the group. Officers of the organization are few, there being a governing board composed of one faculty member and three student members; and a membership committee to conduct the necessary affairs of the body.

Y. M. C. A. To Start New Series

At the Y. M. C. A. meeting in Bartlett Auditorium at 1:30 Sunday afternoon, the Y. M. will present the first in a new series, "Problems of the College Man."

The meeting this Sunday will be on "Leisure".

Dr. George E. Davies, retired from active pastorate, is to be the speaker. Dr. Davies has been serving recently as a supply minister in Beaver Falls, Pennsylvania. He is the father of Miss Catherine C. Davies, Professor of Music.

Due to the fact that the Highland Echo has a 30 issue contract, there will be no issue next week.

Alexander Warren, Speaker, Favors YM Banquet

Last night, Friday the 10th, approximately eighty young men students gathered for the annual Y. M. C. A. Banquet, this yeth held at the Southern Methodist Church.

The program of the evening consisted of an interesting talk by President Alexander Warren of Washington College, solos by Marcia Kiern- soprano, and several selections by the college quartet. Professor A. F. Pieper was toastmaster.

President Warren, the speaker of the evening, graduated from Davidson College and Princeton Seminary, was for some years pastor of the First Presbyterian church of Frankfort, Kentucky, was recently an evangelist on the Board of National Missions of the Presbyterian Church, and at present is the head of the Washington Schools.

The banquet, consisting of chicken as the main course, was prepared by the women of the Southern Methodist Church.

Theta Alpha Phi To Present Play

This evening in the chapel at 8:00 Theta Alpha Phi will present a program of a one-act play "Riders to the Sea" and a reading entitled "The Happy Prince." Miss Evelyn Seedorf will give the reading and will be accompanied at the piano by Gerald Beaver.

The cast for the play is made up of Betty Clevenger, Helen Airheart, Virginia Berg, Jerry Beaver, Alice Jones, June Morley, Troye Moore, John Hellums, Charles Dunning, Ted Kidder, George Tibbetts, and Dave McDaniel.

Mrs. Snyder Attends Meeting For Deans

Mrs. Snyder left at 6:00 Wednesday morning for Tuscaloosa, Ala., where she is attending meetings at the University of Alabama. She will meet with the group for university women and also with a conference of deans' of women. She plans to return on Sunday.

Maryville Gets NASM Membership

Honor Held By Only Four Tenn. Schools

Maryville College has been elected an Associate Liberal Arts member of the National Association of Schools of Music, according to an announcement just made by President Ralph W. Lloyd. This represents another important national recognition of the high quality of academic and cultural standards and achievements of this College. It gives the highest national rating to the College's work in music.

The National Association of Schools of Music is the principal American standardizing and accrediting agency for conservatories, schools, and departments of music. It has a membership of approximately one hundred and thirty institutions in the United States.

During the past year the president of the Association has been Howard Hanson of the Eastman School of Music, Rochester, N. Y., and the chairman of the Commission on Curricula has been Earl V. Moore of the University of Michigan.

To date there are only four members in Tennessee. They are: Memphis College of Music with which Southwestern College maintains a cooperative arrangement; Cadek Conservatory of Music in Chattanooga with which the University of Chattanooga maintains a cooperative arrangement; Ward- Belmont College, Nashville, a well known junior college for women which does not give degrees; and Maryville College. Maryville is the only degree granting institution in Tennessee accredited by the National Association of Schools of Music which conducts all its music work by its own faculty and within the college itself.

Maryville's music department is part of its Division of Fine Arts, of which the chairman is Katherine Currie Davies, B. A., B. Mus., Mus. M., Professor of Music. Miss Davies' special field is piano and organ. Other members of the music faculty are Ralph R. Colbert, B. S., M. A., Associate Professor, in charge of the work in voice and of

(Cont. on Page 2)

What it Does, When it Hits, And Why And Who And How—Yes, Again!

By CHARLES CHAPMAN

"Once to the life of every man cometh"—spring fever. That once, however, is once a year. Annually thousands upon thousands are attacked by this mysterious malady. It is caused by too much winter and not enough romance. Needless to say, many students of Maryville are immune to it by the time spring rolls around. In Tennessee it seems to strike first about the middle of March and is now under full swing. It comes hand in hand (and so do the students) with the new, green grass, the blue, sunny skies, and the bright, beautiful flowers. It has much the same effect as does homesickness, and is also similar to heart trouble. It differs from homesickness in that homesickness can be cured so easily—by going home. But for spring fever, the cure is not so simple. There are a few ways of getting rid of it. The old fashioned remedy was a good dose of sulfur and molasses. The modern remedy is a good dose of love. However, there is a third way. That is, to let the disease run its course. Some time late in May or early in June, it reaches a climax. Then one either dies of it, or the fever dies of monotony, or one gets married which is worse than the other two.

Spring does strange and cruel things to one. For instance, it causes people to write poetry such as this little poem which most of you are already familiar with. I quote:

Spring Has Sprung by Author unknown. Selected anonymous and unanimous.

Spring has sprung,
The grass has riz,
I wonder where
The flowers is.

Obviously, the person who wrote this, was deeply touched by the advent of spring, and I do mean "touched."

Of course, once in a while these spring poems may reach such great heights as does Tennyson in one of his poems:

In the spring a livelier iris
changes on the burnished dove,
In the spring a young man's
fancy lightly turns tc thoughts
of love.

All that need be added is—watch the campus for further development.

Almost everyone goes ga-ga over some phase of spring. For one it may be the bees, for another the flowers, for another—ah nuts, it could be a dame.

What queer things indeed spring does to people. Just the other day, I saw a dog taking a lady for a walk. They were escorted by another dog. That's right. The woman was evidently moved by the sunny weather to take her dog for a walk, but the dog had other ideas. He was doing the leading. All the woman could do was to hang on to the twenty foot rope by which she was bound to the dog and occasionally try to stop the dog

(Continued on page two)

Elaine Fichter Elected To Reign Over May Day in Close Election

Six Class Representatives Chosen To Attend Queen's Colorful Court; Student Council Officiates at Polls

Elaine Fichter, senior science major from West Hazelton, Pa., was elected May Queen for this year's festivities in the run-off election held Friday in the lobby of Thaw hall from 8:30 a. m. until closing time at 4:00 p. m.

At the same time that ballots were cast for May Queen at the Student Council operated polls, the 438 students voting selected their respective class attendants in the May Day Court of Honor. Those so elected to represent the junior class were Aura Santiago and Ted Pratt; to represent the sophomore class were Helen Anderson, and Neil Proffitt, and to represent the freshman class were Elizabeth Hoagland and William Wagner.

Primary elections for the purpose of selecting nominees for yesterday's run-off were conducted earlier in the week at the class meetings held following chapel one morning. Runners-up in the final voting, as determined late Friday evening after the final tally had been made, were discovered to be Helen George and Jack Kramer, juniors; Lucille Gaultney and George Graham, sophomores; and Margaret Caldwell and William Long, freshmen.

The senior class cast a total of 78 votes in selecting a senior girl to be Queen of the May, the junior class cast 91 votes, the sophomore class cast 130 votes, and the freshman class cast 139 votes in this election which was judged to be a success both from the standpoint of student participation and of those by whom the conducting of the balloting was supervised.

The attendants elected to the court will each select a partner to walk with them in the procession on May first when the Queen will be crowned in traditional fashion by the King, customarily the president of the senior class.

Elaine Fichter, who is a senior science major from West Hazelton, Pa., was runner-up last year in the

(Cont. on Page 2)

Jenkins Appointed To Research Post

Marian Jenkins, a senior biology major from Erie, Pa., has just learned that she has been appointed technical assistant in the medical research division of the Sharp and Dohme Pharmaceutical Company which is located in Philadelphia. She will assume her duties on the 25th of May.

Miss Jenkins was recently elected to Alpha Gamma Sigma, the honorary scholastic society on the campus. She is a member of Writers' Workshop, and has had some of her poetry published in a recent book. Marian has also been active on the YWCA Cabinet.

Eight Elected To Pi Kappa Delta

Three Juniors And Five Sophomores Achieve The Honor

At a meeting on last Tuesday evening at 7:00, Pi Kappa Delta selected new members for the year. On the basis of their forensic records for this season and in accordance with the requirements set down in the local chapter's constitution, the following were selected: Bill Evans, Charles Foreman, Paul Jamarik, Jack Kramer, Kay Liddell, Hal Lloyd, Benjamin Lynt, and Ed Rowley.

The three of the eight who are juniors include Charles Foreman, a political science major from Tionesta, Pennsylvania; Jack Kramer, also a political science major whose home is in Maryville; and Ed Rowley, a Bible major from Plainfield, New Jersey. Foreman who is a member of the Y Cabinet and had a prominent part in the Athenian-Bainonian Mid-Winter last month. Kramer also is active in other student affairs being a junior representative on the Student Council, and Co-captain of the Football Team next year. A member of Writer's Workshop Ed Rowley is in addition on the Membership Committee of that organization.

The five others are making Pi Kappa Delta in their sophomore year. Kay Liddell, a psychology major from Rockford, Illinois, has also been recently selected for Writer's Workshop and for next year's Nu Gamma group. A member of the Echo Staff Benjamin Lynt is an English major from Washington, D. C. He is a cheer

(Cont. on Page Two)

Pemberton Elected Student Vol Head For Next Year

The Student Volunteers held their annual business meeting and election of officers in Bartlett Hall last Wednesday evening, April 8. Elected were Olson Pemberton, president; Robert Francis, vice-president; Frances Sisk, secretary; Paul Smith, treasurer; and Marion Stout, program secretary.

Pemberton has been treasurer of Student Vols during this past year and will take over the office of president from Lucille Lynch at the end of the present semester. All of the other new officers have been members of the organization for at least a year and have served in some capacity with the exception of Paul Smith, who is a freshman.

Officers chosen on last Wednesday will not take over their duties until the last Sunday of this semester at which time they will be duly installed.

Choir Honors Mrs. Walker On Her Ninetieth Birthday

On last Thursday Mrs. John Walker, whose home is "Morningside" in the College Woods, celebrated her ninetieth birthday. She had returned only the preceding day from Florida where she has spent a considerable part of the winter.

She received many greetings and gifts from friends and relatives in many places. Among the remembrances were ninety roses from a group of women in Maryville. There were ninety post cards which, when arranged in order, carried a continuous message from "The Hut."—Hal Lloyd, Sam Crawford, and Roy Crawford all now college students whom she helped in building the small hut near her home when they were rather small boys. There was a birthday cake with ninety candles. The College Choir went out to sing in the evening.

Mrs. Walker built "Morningside" and came from Pittsburgh to live near her sister, the late Mrs. William Patton Stevenson, on the Maryville College campus ten years ago when she was eighty years of age. She has done many things to make the campus more attractive and useful. Her srength of personality, her lovliness of spirit, and her keenness of interest in the students, faculty and program of the College, her wise Christian outlook upon life, these and other qualities make her one whom all delight to honor on her ninetieth anniversary.

Is It Worth The Time?

Time is that stuff which we all have the same amount of. There are 24 hours in one day and 48 hours in two days. And speaking of daze, we're in one. But that's beside the point. The hands on a clock point, and a clock tells time. Therefore, you shouldn't let your watch run down. Incidentally, that's just the way we feel now. Doesn't it sound like it? Well all right then, hush while we try to make an editorial out of this you-name-it.

Time is good stuff. Everyone has equal quantities of it. You'll never find any extra running around loose. Therefore, it's not in the amount of time that we find problems, but it is in its wise use that we all meet difficulties. Believe it or not, the preponderance of our time is used at our own discretion. There comes the test. Do we use our time wisely? Are we making the most of our rare opportunities at Maryville?

Now in this time of national emergency, the problem of time and its use takes on new significance. Government spokesmen are continually condemning waste in everything. And as students in Maryville College, our only contribution is the wise conservation and the best use of our time. How can we best use our time? If the answer is continued and concentrated study, are we conscious of the import of our activities on the campus? Achievement of clear thinking methods, development of a sense of values, and specialized study in one subject will prove to be of prime importance in meeting the problems of a most uncertain future. The four score students who are so enthusiastically participating in this Red Cross First Aid course will find that they have spent the two nights a week most profitably. Their knowledge and skill gained through the time they spend on this course will prove useful to them for the rest of their lives—no matter under what circumstances.

The little things make a big difference. We could all cut down on the trips to town, the extra movies, the general wasting of time around the dorms, in addition to many things we'll leave unmentioned. Thorough preparation for recitation, extra curricular activities in proportion to our capabilities, regular sleep, proper type and amount of recreation, and some attention and thought as to what's happening at the present time—these are all highly recommended uses of our 24 hours a day. What we need to learn is how best to proportion our time in college that we may be adequately equipped to meet the very real and very near problems which are immediately challenging us. When we start to do something or to go somewhere, let's ask ourselves "Is it worth the time?"

As I See It

By JANET LINDSAY

In view of the fact that space did not allow me to print the sonnets chosen from Joseph Dickinson's work last week, I hereby submit them for your appreciation.

WAR WORDS,

I

Why do the nations rage together so
Inflicting slaughter on once peaceful lands
Where, other seasons, men with willing hands
Have tilled the fertile soil; or who can show
Why death rains from the sky on those below
In fishing boats, or else in peaceful bands
At everyday pursuit? Who understands?
Not we perhaps within our time shall know.
Yet there will come an hour, eternity,
When up shall spring a river, crystal clear,
To feed the tree of life, and from this tree
Shall all the nations eat and then be healed;
No longer shall the earth be sealed,
"Abandon hope, all ye who enter here."

II

One cannot say, "Tomorrow at this time
I shall be here the same, safe and secure,"
For as a hair-hung sword in ancient rhyme
Once clearly signified, life is unsure.
"To-morrow at this time," we ramble on
And plan to-morrow while we lose to-day,
Forgetting still that it may never dawn
Since life is but the breath God put in clay
Which soon shall pass as does a fragrant air
Consider then the countless growing flowers
Happy to-day to be in bloom so fair,
And do not count to-morrow's hours;
For in a half-wrecked world of war and strife,
What faint security has mortal life.

III

O, Earth! Thou art too great for mortal man!
Though he is ceaseless strife would mar your face,
Yet all the vast destruction that he can
Commit, you in your time can make the place
As green with fern and trees as Eden was
And in a shorter time, the wind, your breath,
Can clear the battle smoke that hides your stars.
Man's foolishness is sure to be his death;
Yet afterwards, there still will come the spring
With rain, and you will be with stream and wood
Just as you were when God saw everything
That he had done and said, "Yea, it is good,"
O. Earth, with sky and sea, thou art too great
For struggling mortal man to mutilate!

IV

O God, I would not ask an easy way
Or that my part be lessened in the vast
Destruction that has come, though I at last
Should be destroyed by it; nor would I pray
Some quick deliverance from this evil day,
But grant that this nation may be massed
With understanding—more than in years passed
And pity in our hearts for such as they.
And through this war the bitter cause of Fate
Consuming all as if a raging flood,
I ask that I may never strike from hate
And see mayself when I am smeared with blood;
For sure, not all the waters of the sea
Could cleanse my hands if there be hate in me.

Old Spice

BY JEAN BARNES

And that's sort of what we're in for maybe, what one of Anne Gammon's high school pupils says a novel is—a long connected narrative with a plop. The plop is to be presented with blue, green and red accessories—minus a connection.

And were we in nobler form, we'd dedicate this to Uncle Hilton Wick. It was gratifying to find a mind kindred enough and kind enough to appreciate such flavor as old spice.

Well, with the scent of elections and initiations in the air, it's been quite a busy week. Not that anyone needs any reminder of the obvious. Still those being maneuvered into membership really were cute. Especially Alice Jones' march to chapel; the expression was wonderful. Also Chuck Dunning, Ted Kidder, and Dave McDaniel obviously think a young baby should be carried by one leg upside down. Fine walking-the-floor-fathers they'll make.

We'd love to observe first hand; but they sound intriguing just to hear about. John Gates reportedly has the sweetest dialogue with whatever he's dissecting in the biology lab, admonishes it tenderly to stay put, sit up straight, and what not. To which the frog responds with an occasional slurp-slurp in the pan or the grasshopper with a slimy grin in gesture language.

And according to roommate Dud Moore, Tex Lochausen is immune to alarm clocks. Procedure seems to involve setting two, two minutes apart, one on an inverted waste basket, and sleeping blithely through both.

As for Lucia Moore's style of throwing books—welll. We still can't forget the Echo reporter who wanted to report Lucia elected band twirler as a "potent little number."

Well, the annual attempt to slide down the amphitheatre onto the favorite choir member has come and gone. Just wait'll May Day; they're going to erect a barricade to keep the hill from moving up as you sit there, we wish. All the same, the sunrise service was completed in its customary impressiveness. And the beauty of the woods and sunrise, the silence and the solemnity give unfailing charm and peace to Easter morning.

And we liked the quiet chuckle of the water. We kinda like our idea of pasive resistance on the tennis court too. Along with the Baldwin bottle of silver green finger nail polish.

Along with Mary's little lamb comes a similar one on the dog situation. Mary Cowan looked quite charming trying to entice a little red mongrel from German class the other day.

Strange the way the sophomores have suddenly developed a casual concern as to who is Secretary of what, what is maematite, and such matters. It's even fun being a freshman — this week.

Apple polishing in reverse it looked like. But they really were beautiful. Professor Walker brought a triple size pansy to each of his chapel sectioneers Wednesday. Much to the envy of everyone around. Oh Yes, and are you aware of the fact that that which once was "the cottage" is now the home of Dr. Briggs, (somehow connected with psychology which should help anybody's character. And pardon us if we're prejudiced.)

Next line after all the world loves a lover comes everybody revels in absentminded professor stories. Hence the joy in telling the latest one. Mrs. Brown had taxonomy class half way to Knoxvile Tuesday night only to discover suddenly that due to conditions beyond their control it wasn't Thursday night but Tuesday and they would much better return on Thursday when the object of the visit would be open. Anyway class enjoyed visiting the Brown home.

Disconcerting to say the least, isn't everything?

It's about time we mentioned another matter too, before the birds have all flown. Not long ago Pearsons second floor gathered almost en masse or une muss or something at the end of the hall to watch the construction of a new home on the fire escape ledge right outside the window. Actually it was very fascinating to watch the strings and twigs pated and woven into place to form the little nest. Anyway now there's an hourly pilgrimage to see if the three little blue eggs have let loose a riot yet. The mother robin has enough social engagements away from home to make the whole process amazing and wonderful.

In case you wondered, that was Gracie and Bill Jarnagin's Aut Eula from Chattanooga, most charming to listen to and incidentally with a grand slant on rummy.

And a Happy Comprehensive to you too.

May Day Elections

(Cont. from Page 1)

T. T. Alexander Oratorical Contest for women, has been on the honor roll for several semesters, and is an active member of Theta Epsilon, sister society to Alpha Sigma.

Aura Santiago come to Maryville from Puerto Rico, is a member of the YW Cabinet, a loyal and active member of Bainonian, has been active in Student Vol work in past years, has appeaared before the student body a number of times to entertain with her guitar, and is a biology major.

Ted Pratt is a member of Writers' Workshop, was recently elected to the office of Treasurer of the YMCA, has served faithfully in the past as a member of Y Cabinet, is one of the members of Executive committee of the International Relations Club, is a veteran on the tennis team, and is Sports Editor of the Highland Echo.

Neil Proffitt is an art major, and has long been interested in amateur dramatic productions, both before and since coming to Maryville college, and has appeared in several of the Experimental Theatre productions. He has also been a member of the choir.

Betty Hoagland is a frshman and a member of Theta Epsilon, William Wagner is also a freshman, and has played varsity football on the Scottie gridiron.

Soph. & Sr. Tests

(Cont. from Page 1)

ed, both for the college and the individual student; for if they are not taken seriously or if a student allows himself to become riscouraged for no good reason beforehand, a false impression of his progress and ability might result. Last year's sophomore class did better than the average, in the English test six points above and in the science test seven points above the national average. It is the declared hope of the college authorities that this sophomore class will equal and even exceed last year's record, insuring high individual rank for themselves, credit for the class, and distinction for the scholastic record of the college.

The contemporary affairs test which has been given in past years will not be used this year because of reasons of economy and the fact that the time of the tests was changed this year to an undesirable earlier date. The contemporary affairs test contains factors of time and recency which would render the results not comparable with those of sophomores who had taken the test at a previous date.

April 15 and 16 are also the dates for the seniors' comprehensive examinations which are taken by all seniors in their major subjects. They will be given from 1:10 until 4 to 5, students being permitted to write from three to four hours. Several seniors who finished at the end of last semester and who cannot be present for comprehensives will take them under supervision at or near their homes.

YM Elections . . .

(Cont. from Page 1)

senting their class for four years. The Advisory Board aids the cabinet in planning the Y program for the coming year.

It is customary for the president and the secretary of the YMCA to reside in the rooms set aside for the purpose in Bartlett Hall. It was here that this year's officers of the Y, under the supervision of Dr. Horace E. Orr counted the ballots cast by the men of the college in this year's election. The newly-elected officials will be installed in office before the end of the semester.

A good line is the shortest distance between two dates.

DIXON BARBER SHOP

Nashville OCD School Attended By Faculty Rep.

On Monday through Friday of this week the Office of Civilian Defense held a school at Peabody College in Nashville. To these meetings certain designated colleges sent representatives with the aim of setting up on their campuses regional schools of the same nature. Although Maryville College is not one of the institutions designated as a regional center (the University of Tennessee will hold the regional school in this area), the institution sent Professor Verton M. Queener, of the Division of Social Sciences, and Dr. Frank D. McClelland, Dean of Students.

Their purpose was to see what the state school was like and how it differed with the regional ones which will last only three days. All this is preparatory to setting up an OCD school on this campus to serve the local community as soon as the regional one is over if such proves to be the need of this section.

Professor Queener and Dean McClelland remained during the first two days of the meeting. At this time over-all plan of the school was set forth and special discussions about air-raid wardens, auxiliary police, and incendiary bombs and their control were conducted. The Maryville representatives secured the various pamphlet and other material necessary for conducting such a school which has been compiled and issued by men to England for observation by the F. B. I. and the O. C. D.

Spring -'Tis Here

(Continued from page 1)

long enough to get her breath. The moral—keep a cat.

One of the most beautiful sounds of spring is the croaking of the courthouse frogs. I presume they belong to the courthouse. They are heard in that vicinity. What melodic and rare sounds issue from their throats. The frogs, like all other good things, are imitated by various other croakings. It seems that humans also must get on the frog band wagon and do a little croaking on their own hook. Some call is singing.

Another queer habit most human beings have in the spring, is to pick up all sorts of weeds and flowers, sniff at them, go into raptures over them and exclaim, "Ah, spring at last."

This ravaging disease of spring fever has its good points. One can always try it as an alibi for not studying. Results are not guaranteed, but it does rather salve one's conscience to be able to attach the name of "spring fever" to spring laziness.

Several years ago, when I had a severe attack of spring fever, I got rid of it by writing a poem.

Spring Fever

I sit in my seat at school,
And watch the children play,
But my thoughts are on the cool,
Green hills, so far away.
The teacher looks at me,
And I look at my book to deceive her,
But she only sighs, and says,
"Charles, you've got spring fever."

While I'm writing, I would like to suggest that the fountain near Anderson Hall be called "Lecture Fountain"—because it's always so dry.

Yours Truly

the musical organizations; Dorothy D. Horne, B. Mus., Assistant Professor, who teaches violin and theory; Genevieve L. Cowen, B. Mus., Instructor in piano and school music; Ethel Davis, Mus. B., A. A. G. O., Instructor in organ.

Majors toward the B. A. degree are offered in theory, piano, voice, violin, and organ. Individual instruction is given both for college credit and without credit. The number of individual lessons given by the faculty each week is between 125 and 150.

During the present year there have been 40 students in the choir, 30 in the orchestra, 54 in the band, 120 in the glee clubs, 100 in the Disc Club, and 220 in the Christmas Messiah chorus. The choir sings regularly at the Sunday chapel services and in the Sunday night radio vespers.

To qualify for national accreditment in music an institution is required to submit detailed reports concerning its work in music, and to be passed by an official examiner on the basis of the standards of the National Association regarding music faculty, equipment, program, curriculum, and results.

The new catalog will carry the following formal statement: "Maryville College is an associate liberal arts college member of the National Association of Schools of Music. Requirements for entrance and for graduation as set forth in this catalog are in accordance with the published regulations of the National Association of Schools of Music."

Pi Kappa Delta

(Cont. from Page 1)

leader and has participated in two Athenian-Bainonian Mid-Winters having a prominent part in "In a House Like This", as well as being a member of Writer's Workshop. Bill Evans hails from Richmond Heights, Mo., and is majoring in Economics. He is being taken into Hi-Trail and was a member of the winning Maryville debate team in the Southern Speech Tournament held in Atlanta. Hal Lloyd who lives on the college campus is an English major and a member of the Echo Staff, the Choir, the YM Cabinet, and is one of the finalists in the T. T. Alexander Oratorical Contest. A native of Hopewell, Virginia, Paul Jamarik holds an assistantship in the College Book Store and is majoring in economics. He was a member of the Y Cabinet this year.

Two committes were appointed at the meeting. Henry Wick, Beth Pascoe, and Phyllis Anne Cain are on the Banquet Committee while Lucille Lynch and Natalie Yelton are on the Initiation Committee. The date of the banquet has not yet been set.

Frosh: Why are you eating with your knife?
Stupe: My fork leaks.

Exchange

By ROBERT FRANCIS

"You must be brave to come down in a parachute in a hundred mile gale like this."

"I didn't come down in a parachute, I went up in a tent."

"There's a boy named John Simpson working here, May I see him? I'm his grandfather."

"You're just too late. He's gone to your funeral."

I think that I shall never see
A subject strange as chemistry,
Within whose labs of evil smells
The chemist rank, myopic dwells.
The chemist, wild-eyed, tete-a-tete
With some small, dank precipitate;
The chemist lurking in his lair,
A nest of beakers in his hair.
These chemists are a noisome crew;
I know—I am a chemist too.

He: We certainly had a big time last night for ten cents.
She: Yeah, I wonder how my little brother spent it.

A wedding is funeral where you smell your own flowers.

A diner when dining in Kew
Found a rat in the midst of his stew.
Said the waiter, "Don't shout
And wave it about,
Or the others will ask for one too."

A moron approaches a painter, hard at work on the ceiling and says, "Hey, mister, have you got a good hold on that brush?"
"I think so, why?"
"Well, hang on tight—I'm gonna move the ladder."

One dark night at the close of day,
A curious man had lost his way.
He saw a sign post, very faint,
He climbed to the top and read—
"Wet Paint."

Professor: "If this chemical blows up, we will all be blown through the roof. Now step up close so you can follow me."

When the roll is called up yonder,
I may find with deep remorse,
True to form again,: I have been
Dropped completely from the course.

"I wonder who this telegram is from?"
"Western Union, I recognized the handwriting."
—Exchange

School is like a laundry—you get out of it just what you put into it—but you'd never recognize it.

Undefeated 1936 Cross-country Team

Front: Bill Mooney, Weldon Baird, Roy Talmadge, Don Rugh; Back: Room Meares, Gene Orr, Bruce Morgan, Raymond Buxton, Mgr.

A TRIBUTE TO WELDON BAIRD

The tragic crack-up of Weldon Baird on a routine patrol flight off the Santa Barbara coast brought the effects of this war to the very gates of our campus last week. Weldon was "one of us" on the Maryville College campus, and graduated with many honors in 1939. In addition to excelling in scholarship and various activities of the highest type, Weldon Baird was outstanding in Maryville College sports. Weldon was a fine athlete. Above you see him pictured with the Scottie cross-country team which won many honors in conference and state meets. He played forward on the Scottie basketball team, being captain and second highest scorer in his final year. He was a member of the famed Baird trio on the hardwood court for two years. His floorwork and offensive play was especially good.

He was also outstanding in track and captained the team during his last year. The 440,880, and mile runs were his events, and he was a member of the record-holding mile relay team of Baird-Lloyd-Steakley-Orr. Weldon was a prominant member of the Scottie track team which conquered U. T. in a duel meet by a lopsided 84-47 score. It was during his days at Maryville College that the Scotties won the distinction of holding the Smoky Mt. Championship for three consecutive years—1937, '38, '39. Weldon Baird was a fine athlete, and his name is unforgetable in the annals of Maryville College athletics.

HERE AND THERE

We stopped in on the American Bowling Congress in Columbus last week and it looked like the "Hit" parade. Anyway, there were plenty of "lucky strikes". Incidentally, a Lexington bowler at the ABC rolled a trio of identical games. His name—Bob Ripley.

We always knew Layton Bergquist was an A-1 golf player—but now we know that's not the only reason he wins. He takes his own moral support around with him. She helps, too.

Scots Defeat Hiwassee 8-6 In Tight Extra-Inning Fray

Locals To Meet Vols, Eagles, TPI, In Next Week's Games

Relief pitcher Norman Hooker, aided by the clutch hitting of Spo't Shelfer, Gordon Webb, and Aggie Miller, turned back the Hiwassee Tigers in a ten inning game played at Madisonville last Wednesday. The score was knotted at 6-6 when nine full innings had been completed, but the abovementioned gents accounted for 2 Scottie tallies in the first overtime period, and Hooker held the Tigers in their half of the frame to give mates an 8-6 win.

Hiwassee grabbed an early lead in the game, jumping on starter Jim Robison for 8 hits and 4 runs in the 6 innings that he hurled. Hooker held the Tigers to 2 hits and 2 runs in the last four stanzas, blinding them with his speed and baffling them with his perfect control.

In the top of the first inning, Art Miller led off with a single off Russell. Honaker followed with another bingle, but was caught at second as he tried to stretch it. Miller scored on the play, giving the Honakermen one run in the opening frame. Hiwassee knotted the score in their half of the inning on a single by Cox and a walk to Kilbourne. Cox was caught by Don Conkle as he tried to pilfer a sack, but Kilbourne scored when Neff was given a life on Doodle Miller's error.

Maryville failed to score in the second inning, but the Tigers grabbed a 3-1 lead in their half as Roop and Shaddon scored on three hits and an error. The big blow of the uprising was Kilbourne's sizzling double down the left field line.

No more scoring took place until the top of the fourth, when Maryville pushed one tally in. Shelfer was safe on an error, Rock singled, and Aggie Miller also got a life as Spo't crossed the platter. Hiwassee matched this tally in their half on singles by McClanahan and Kilbourne, the Tigers big gun.

In the fifth, Maryville pulled up to within one run of the leaders when pitcher Robison was given a free trip around the base paths. Second-baseman Wayne Stevens had opened with a long double, but was nailed at third when Robison reached base on a fielder's choice.

Trailing 3-4 at the opening of the stretch inning, Maryville jumped on Russell for 2 runs and a brief lead. Bob Miller doubled, and Webb reached first on an error. Both men scored on misplays while Bayless, Conkle, and A. Miller all whiffed. This temporary lead was again turned into a deficit, however, when the Tigers scored two more in their part of the inning. Scott singled, McClanahan doubled, and both eventually scored.

These runs were scored on Hooker, Robinson having retired for pinch hitter Allan Rock, but were the last the Tigers were able to get.

Maryville tied the game in the eighth when Les Rock scored on Bob Miller's single. No scoring took place in the ninth, but then came the deciding tenth inning rally. A. Miller walked to start off the affair, and though Ross Honaker struck out, Fred Shelfer singled. Les Rock flied out to right, but B. Miller and Webb followed with two more singles to score A. Miller and Shelfer. Hooker retired the losers three up and three down in the last of the inning to cinch the win for Maryville.

Aggie Miller, with three important blows to his credit, was the offensive star for the Scotties. For the losers, the hitting of Scott, Shaddon, and Russell was outstanding.

On last Saturday afternoon, the Honakermen encountered Nig Wilburn's independent team from Alcoa in a practice game. Nobody bothered to keep score, but a persistent rumor has it that Maryville was several runs in the red when hostilities ceased.

The next baseball game will be Monday afternoon when Maryville journies to Knoxville to meet the dangerous Volunteers of U-T. Maryville split even with the Vols in two contests last season, and another hard-fought game is expected. On Tuesday afternoon, Carson-Newman will invade the local diamond for the traditional Scot-Eagle fray. A third diamond game on the menu for next week will be on Saturday afternoon, April 18, when TPI visits the Hill. This is the first time the Honaker nine has faced the Cookeville squad, and little is known about the visitors.

Hiwassee box score:

Racketeers Open Season Against Tusculum Today

Ted Kidder Rates Number One Slot On Scottie Squad

The 1942 tennis season gets under way on the Memorial courts this afternoon when the Scottie racketeers take on the Tusculum Pioneers. The Scots and the Pioneers did not meet on the courts last year so very litle is known of the visitors except that they dropped their opening tilt to U. T. by the score of 7-0.

The number one position on the Highlander squad will be filled today by Ted Kidder who staged an upset by forcing Ollie Van Cise into the No. 2 spot. The squad is rounded out by Ted Pratt, Ken Cooper, Bob Hunter, Hal Lloyd and Ellis Burcaw. The team is reportedly stronger this year than last when the same players went through the schedule with only two losses.

On Monday there will be a home match with Carson-Newman and on Tuesday the team will journey to Knoxville for a match with U. T.

COMING EVENTS—

Archery
Sigma Delta Psi (cont.)

This week's column should be trimmed in pink and blue, no less, in honor of last Saturday's big event—Coach Fischbach's 8-pound baby boy. Congratulations, Coach! For the benefit of sports fans rumor has it that the boy was born with a swimming cap (or a reasonable facsimile) on, and neighbors will testify that he can already raise a hefty racket (tennis or otherwise). Surely his first spoken word will be "dope"—in honor of this column, of coure.

SOFTBALL

This past week saw the softball schedule half completed—allowing for several postponements. The field's getting better all the time, and the games have been pretty close: for instance, Alpha Sig nosed out the Holy Joes 1 to 0, and House of David did the same to the Ministerials 9 to 8. House of David team is still on top in the league as a whole, with Alpha Sig running a close second. Among the four club teams, Alpha Sig has an easy upper hand, and few signs say that any club team will topple them soon.

The Faculty has been the weak group lately, with two forfeits this week. It's great fun, though, to see the new Phd.'s out there when a game goes on—like Chuck Foreman and Bill Henderson! The Ministerials are a mercurial team if there ever was one. One day they're up, hot, really good; the next they're down, not able to do a thing. They gave the House of David a very close game (actually outhitting them), but they lost to the Holy Joes badly.

Available scores this past week are as follows:

April 3rd: Alpha Sig 1, Holy Joes 0.

April 6th: Holy Joes 19, Ministerials 0,

Faculty forfeited to Athenian

April 7th: House of David 9, Ministerials 8

Alpha Sig 24, Spitfires 5

April 8th: Faculty forfeited to Spitfires

Alpha Sig 14, Athenian 11.

GOLF—

This week saw the completion of the fourth round of the golf tourney and the scheduled completion of the 5th round, but Thursday's rain held that up a little. At midweek there were eight men still in the running out of the original 52. Three of the eight are faculty men, five are students. It's the quarter finals that those eight are playing; the four survivors will play the semifinals, and the last two, the finals, probably next week. It'll be all over then.

Layton Bergquist has defeated Dr. Hunter in one of the four quarter final matches. Bob Hunter meets Mr. Hovel, the second faculty representative. Bob is plenty good, too, but time will tell. The Bill Evans-Frank Miller match is the all-student tussel which would draw a gallery if Maryville were noted for galleries. Guesses are that they're nip and tuck in ability, and every stroke will count heavily. Roy Crawford has lost to Coach Fischbach in the fourth of the quarter final matches.

Occasionally we enter a plug for the national athletic frat in which the intramural department gives

This glamour doll is telling her pals to close their books because the boys are slicing a birthday cake (with candles on it) and Pepsi-Cola's being served with it. What could be better!

WHAT DO YOU SAY?

Send us some of your hot slang. If we use it you'll be ten bucks richer. If we don't, we'll shoot you a rejection slip to add to your collection. Mail your slang to College Dept., Pepsi-Cola Company, Long Island City, N. Y.

Pepsi-Cola is made only by Pepsi-Cola Co., Long Island City, N. Y. Bottled locally by Authorized Bottlers.

System Of Student Records Explained

Student Workers Receive Grades

Miss Clemmie J. Henry, Director of Student Help at the college, last week explained to a Highland Echo writer the system and objectives of the Student Help records kept by her office.

The system is kept, Miss Henry explained, first, to give the Student Help Office a basis on which promotions may be made in the work program, and secondly, as a record which may be used in making recommendations to prospective employers after the student's graduation. On the cards kept in individual folders for each student on the work program a record is made of the scholarship grades of the student; of the place where the student has been assigned to work; of the amount the student has earned each month, and the total amount he has earned through the program.

In this folder is kept, also, a record of the student's work grades. These grades are given by the work supervision once a month except for one month of the school year. A slip, providing a place for the grades of A, B, C, or D on the points of quality, quantity, regularity, initiative, and attitude concerning the student's work, and a space for "comments," is handed to each of the supervisors once each month in order to obtain the student's work grade for that month. An effort is made, Miss Henry pointed out, to keep the grades at a college level. The supervisors are asked to keep this in mind, when giving grades.

In order to get grades from two points of view, and to keep the student conscious of the fact that he is being graded each month, the slip is handed to him to grade instead of to his supervisor one month each year. This year the workers graded themselves for the month of January. These grades which the students give themselves bear exactly the same weight when the yearly average is determined as do the grades given by the supervisors.

Miss Henry said that she interviewed a considerable number of businessmen before the record system was instituted in order to find whether or not the record would be suitable when used as a recommendation to prespective employers. She found that business men would consider the record valuable as a recommendation. Because it was felt that the students should get the credit for their work efforts on their recommendations and because it would give the Student Help Office a basis for making work promotions the system was instituted.

The students at all times may have access to their records, and they may at any time refer to the Student Help Office for recommendations, Miss Henry stated in conclusion.

V

"Personality" Is Miss Henry's Topic For YWCA Service

This Sunday Miss Clemmie J. Walker will speak in the first of a series entitled "Problems of the College." Miss Henry will speak on "Personality." These meetings are the first thing of this kind ever undertaken by the Y here. The series is to have the same general idea in both the YW and YM but the meetings are to be held separately.

Former Echo Editor Visits On Campus

Members of the Highland Echo staff were interested this week in learning from Ruth Abercrombie, former Echo editor, some details of her present position in New York City. Ruth returned to the campus last week to be bridesmaid for Louise Proffitt Thursday evening. Ruth is secretary to the Director of Women's Wearing Apparel for the national mail order company, Sears, Roebuck and Co., a position attained after several advancements during her year of employment with the company. Her work, which she says she very much enjoys, involves extensive correspondence with various companies and buyers. Her employer is working in cooperation with the plan of production outlined by Donald Nelson of the National War Production Board.

Ruth became editor-in-chief of the Echo for the year 1939-40 after three years of membership on the publication staff. She is emphatic in attributing much to her college newspaper work; her opportunity for obtaining such a position as she now holds she says is due almost entirely to her Echo experience.

V

M-Shop Uniforms Known World-Wide

The Maid Shop has recently received orders from Bethesda, the national naval medical center, and also received its first government contract this week for 355 nurse's uniforms. The Maid shop is shipping orders to Guantanamo Bay, Cuba, a U. S. Navy operating base. It is also shipping orders to Pearl Harbor. Ninety-nine uniforms are being shipped to Brooklyn, and seventy-six to Philadelphia.

A comment received from North Carolina stated that "they fit perfectly and come up to the usual high standard of the Maid Shop; they are perfect in every detail."

Mrs. McMurry stated that "The Maid Shop could keep many more girls busy if we had the equipment".

V

LAW CLUB HOLDS DISCUSSION ABOUT INTERNATIONAL LAW

Last Thursday evening the Law Club held a meeting in Alpha Sigma Hall. Jack Kramer led an informal discussion on International Law and its application to the present war.

Two new members were added to the membership of the club. They were Lauramae Weber and Bob Huber. Next Friday evening, April 17th, the club will have a banquet down town. An election of new officers will be held at the next meeting.

V

Current Military Leaders Discussed

The Current Events Class will hold its weekly meeting on Monday evening in Bartlett at 7:00. In accordance with the new type of program the events of current interest will be discussed from one central topic.

The theme for next week will be "Appraisal and Analysis of the Military Leaders of World War II". The group will be led informally by the following students: Malcolm Thompson, Kay Liddell and Dick Boyd.

Spanish Club Will Expand Activities

Last Thursday evening the Spanish Club held its meeting in Dr. J. H. Stellwagen's classroom. Since the club has been reorganized, the membership has been limited. The club is trying to build up new interest, and is planning to increase its activities. Two committees were appointed, the picnic committee of which Chuck Dunning is chairman, and the membership committee whose chairman is Jim Faulkner. Ken Ross was appointed program chairman.

The next meeting will be Thursday, April 16th, and the meeting place will be Alpha Sigma Hall. The program will consist of a "Musical trip to South America" with recordings by Xavier Cugat. The Hill Williams Saloon Ensemble consisting of Bob Bryant, Ellis Burcan, Charlie Burgreen, Don Conkle, and Paul Cooper will present a novel and entertaining program.

V

Dr. J. M. Richards Will Give Message At Chapel Vespers

Reverend Dr. James McDowell Richards, president of Columbia Theological Seminary of Atlanta, Georgia, will be the speaker at the regular Chapel Vespers tomorrow night.

Dr. Richards was a Rhodes Scholar at Oxford University, England where he received the B. A. and M. A. degrees. He received a B. A. and a D. D. degree from Princeton Theological Seminary, and a B. D. degree from the Seminary of which he is now president—the Columbia Theological Seminary. Dr. Richards has served as president of this seminary for the past ten years. He is also president of the board of trustees of Davidson College, and a member of the executive committee of the Federation of the Churches of Christ in America.

The procession hymn by the choir will be "O Jesus, I Have Promised" and the recessional will be "God the Omnipoent."

V

Intramural Dope

(Continued from page three)

the chance for membership. It is a constant current event, open to applicants all the time. Just now there are, according to Curt Wright, at least 8 fellows trying for it. Dick Boyd, Bob Swartzwalder, John Bogosian, Harvey Overton, Bill Seagraves, Trevor Williams, Ken Ross, and Bob Lockwood have all taken out cards to represent tests passed. Anyone interested can still see Curt Wright and get started.

ARCHERY—

The next intramural tourney and the last of the 1941-1942 school year is to archery, starting in about a week and a half. Both boys and girls can enter. The competition will be held on two different days on both of which all entrees will compete. Detailed information about it will be posted next week. Keep it in mind, and practice some dead-eye cupid shooting.

V

The Triangle Club will meet Monday night in the Y. W. rooms. Marian Avakian and Lily Belle Grizzard will present a selection of musical numbers.

Beaver Has Lead In Departmental Play

Milne's "The Truth About Blayds" To Be Given on May 15

The last play of this year is to be presented by the Dramatic Art Department instead of the senior class as has been the custom in the past few years. A previous statement that Theta Alpha Phi will present the play was incorrect, though four in a cast of eight are Theta Alpha Phi members.

The play is to be A. A. Milne's "The Truth About Bladys" and will be given on the night of Friday, May 15. The action centers around an old gentleman, Oliver Blayds, who is a publisher of poems. During the play he dies and some odd and unusual facts of his life and works are revealed. Gerald Beaver plays the part of Oliver Blayds. Also in the cast is Virginia Berg, as Isobel, Oliver's younger daughter; and Elizabeth Glover, as Marion Blayds-Conway, Oliver's older daughter. David McDaniel plays the part of Marion's husband, William. Oliver's grandchildren are Harry Lyle and Betty Jeanne Kennedy. Royce is taken by John Hawkins, and Jordy Meadows has the part of Parsons.

Rehearsals are in progress and the majority of the production staff has been selected.

V

22 Pre-Meds. Will Take Aptitude Test

On Friday, April 24, the Medical Aptitude Test administered by the Association of American Medical Colleges will be given in Thaw hall to twenty-two Maryville college students expecting to enter medical school.

The test, which is now one of the normal requirements for admission to a medical school and which must be taken a year before entrance into medical school, will be given at three o'clock in the afternoon and continue approximately for two hours. Dr. Edwin R. Hunter, Dean of Curriculum, will be in charge of the tests.

Athenian-Bainonian To Enjoy Program Of Organ Music

The Athenian and Bainonian societies have planned a joint meeting to be held in the Chapel at 6:15 tonight.

An interesting program has been arranged, featuring Jerry Beaver at the organ. Jerry's organ programs have been given wide acclaim and his repertoire is always popular with the students.

VOLUME 27 MARYVILLE, TENN. APRIL 25, 1942 NUMBER 27

Third Casa Manana Extravaganza Scheduled For Performance Tonight

Dave Hall Promises Gay Program of Music And Dancing

Remember the fun we all had at Casa Manana twice last year? Well, tonight marks the third in Dave Hall's scintillating programs. Dave himself states that he is trying to outdo the other two extravaganzas and he promises that this production will be the biggest event of the whole semester.

The program includes all the talent we like on the campus and some talent from points abroad. Carolyn Bolling, sister to Sara Jo, is star of this year's show. Anybody that stumbled unaware upon Casa Manana last year remembers Carolyn as the "WHAM" Girl, and she hasn't changed. Appearing for one of their last times in a Maryville floor show will be Jerry Beaver and George Tibbetts. You'll just have to guess Jerry's part in the program—it's a deep dark secret, but guess who George Tibbetts is congoing with. You're right! Little Shorty Waismann. What show would be complete without the fluid interpretation of the modern dance by Mary Felknor and Joe D'Antonio. Casa Manana is definitely going to be complete. Dancing with Mary and Joe will be Harry Lyle and Cherie Curtis so if there is a superlative to com-

(Continued on page four)

Jack Kramer Takes Oratorical Honors In Sectional Meet

On Friday evening, April 17, the East Tennessee Section of the State Oratorical Contest was held in Bartlett Auditorium. Two winners were chosen to compete in the state-wide contest which will be held at Vanderbilt University during the first week of May. The winners were Jack Kramer, of Maryville, whose subject was "Progressism or Blind Radicalism," and Max Friedman, of the University of Tennessee, who spoke on "Americanism." The judges for the contest were Professor L. A. Burns of Everett, Miss Mary Mize.

Following the contest the local debate squad entertained those who attended with an informal tea in the Y Rooms.

—V—

FINAL MEETING OF IRC TO BE MONDAY EVENING

The last regular meeting of IRC's Current Events Class will be held in Bartlett Auditorium at 7:00 Monday evening. The genral theme for the discussion will be "Plan for Post—War Peace." The three leaders will be Malcolm Thompson, Edith Monroe, and Ed Rowley.

Y's Leave For Retreat Today

Seventy - Five To Attend Two Day Stay In Smokies

The YMCA and YWCA of Maryville College will leave Saturday evening for their retreat in the Smokies. The group, consisting of approximately seventy-five persons will be composed of old and new officers of the YM and YW, and Nu Gamma. The group will leave traveling by bus to Lines Springs Hotel, Tenn. in the Smokies where they will make their headquarters until their return to the campus Monday evening.

The Rev. Dr. J. B. Bernardin, Rector of St. Andrews Episcopal Church, Maryville, will be the speaker at the Sunday Worship service at the retreat, and shall aid those on retreat to plan for their next year's work and programs.

On Monday evening, in the Banquet Hall at the hotel there will be a banquet for the group. Mr. I. J. Walker will be speaker on this occasion.

Mr. and Mrs. Brown will also accompany the group to Line Springs. Mrs. Brown, Associate profesor of Biology, shal lindeed make the hikes in the smokies an interesting part of retreat.

Here on Campus, Sunday afternoon at 1:30 there will be a joint meeting of YM and YW members remaining here. Mrs. Lloyd will be the speaker.

May Day Pageant Will Be Presented Friday In Woods

West, Seedorf, Queener and Cowan Direct Program

Maryville College's annual May Day celebration will take place on next Friday afternoon at 2:30 in the outdoor Amphitheatre in the College Woods. The YWCA is sponsoring the program and it has been planned and rehearsed under the direction of Mrs. Nita E. West, and Miss Evelyn Seedorf of the Dramatic Art faculty, Mrs. Verton M. Queener, Physical Education instructor and Miss Genevieve Cowan of the Music faculty.

It has been the custom at Maryville College to reserve May Day afternoon for this spring festival, which will this year take the form of a pageant performed by the "Nine Muses" admitted to earth by four godesses named the seasons, so that they may entertain the May King and Queen and their court.

The King and Queen and their court have already been chosen in the elections conducted for that purpose two weeks ago. The Queen is Miss Elaine Fichter; the King is Ted Holman (as president of the Senior Class); the senior attendants are Eloise McNeely and Johnnie Childers; the juniors are Aura Santiago and William Henderson, Helen George and Ted Pratt; the sophomore attendants are Helen Anderson and Neil Proffit, Frances Harris and William Grosh; and the freshman attendants are Elizabeth Hoagland and Dale Wiley, Jean Huddleston and William Wagner.

May Day will be a half holiday again this year as it has in the past; that is, afternoon classes will not meet. The program will begin next Friday afternoon at 2:30 in the college woods with the grand processional into the amphitheater of the May Queen and King and their courtiers. A brief outline of the program is given below:

The goddesses of Mount Olympus named the seasons, were permitted to open the Gate of Clouds and allow the passage of the Celestials to Earth. The Goddess of Spring flings wide her gate and the Nine Muses come to earth to entertain the May Queen and her court.

I
Entrance of the Muses
II
Polyhymnia Muse of Sacred Poetry
III
Thalia Muse of Comedy
Melpomene Muse of Tragedy
IV
Euterpe Muse of Lyric Poetry
Erato Muse of Love Poetry
V
Calliope Muse of Epic Poetry
Terpsichore Muse of Dance
Terpsichore Muse of Dance
Clio Finale Muse of History
Urania Recessiona l Muse of Prophecy

(Audience please remain seated after recessional).

Committees of the YWCA have been responsible for all of the actual arrangements made as well as for the lavish costumes which will be used in the pageant. Helen Anderson and Mary Evelyn Waismann have been in charge of the program.

—V—

Upperclass Music Students Appear In Spring Recitals

Last night at eight o'clock in Voorhees Chapel Doris Smith, contralto, and Chan Stiles, Basso, were presented in their senior recital. Doris sang selections from Purcell, Bach, Handel, Ponchielli and Price as well as Ave Maria by Luzzi and the St. Paul Aria by Mendelssohn. Dean Stiles. selections included ones by Pergolese, Purcell, Fischer and Shields. He sang also "O dur mein holder abedstern" from Tannhauser by Wagner and Bacchanal by Chopin.

On Thursday evening of next week Johnny Sue Long and Janice Graybeal will give their recital.

Barnes Elected ECHO Head for 1942-'43

Pratt and Cain Will Advance To Staff Editors

Next Year's Staff Announced At Election Meeting

The recently chosen Highland Echo staff for next year elected Jean Barnes as editor at a meeting held on Tuesday evening, April 14 in the Echo office. Jean, a phychology major has been an associate editor and copy editor during the past year and is at present a junior. She has been an outstanding member of the honor roll for five semester, a member of the Writers' Workshop, an assistant in psychology and has written the OLD SPICE column this year. The managing editor will be chosen by the editor in the near future, but the two other incoming senior members of the staff, Phyllis Ann Cain and Ted Pratt who have also been associate editors during the past school year will continue as staff editors.

Also retained on the staff of the Echo for the coming year were five sophomores, Sidney Duke, Hal Lloyd, Benjamin Lynt, Jordy Meadows, and Peter Van Blarcom. As next year's Junior members their duties and responsibilities will increase and from among them will be chosen the associate editors. Seven of this year's freshman apprentices were chosen as capable of filling the coming sophomore vacancies and have already assumed their increased assignments and duties. Those selected are Lester Boyd, Charles Chapman, Lily Belle Grizzard, Robert Huber, Paul Kolter, Billy Segraves, and Ernestine Ulmer

—V—

Initiation, Picnic Scheduled For Writers' Workshop

At the last meeting of the Writers' Workshop, Edith Monroe read poetry and Phylis Ann Cain read a short story. The five best pieces of this semester were selected by vote of the group. The selections chosen were as follows: Return from Berlovak" by Mary Agnes Carter; "Selected Poems", by Joseph Dickinson; "Allen Paynes" by Miss Jackson; "Betty" by Bud Pierce; and "Stormy Seclusion" by Jean Barnes.

The group going on the Workshop picnic will meet in front of Pearsons on Tuesday at 4:00. The committee for refreshments is composed of Jean Barnes, Miss Heron, and Ted Pratt. As new members of the workshop will be initiated at the picnic, there is also a committee for initiation. Dick Boyd, Marian Jenkins and Helen Rawlings are on this committee.

There will be a meeting of the student body Wednesday morning after chapel, for the purpose of voting on the constitution drafted by the student-faculty committee.

Mrs. Snyder Attends A. A. U. W. Meet In Alabama

Mrs. Grace Snyder attended the American Association of University Women, which met April 10 and 11, at the University of Alabama, in Tuscaloosa. She attended two meetings, the regional meeting of the Dean of Women, and and the regional meeting of the American Association of University Women.

The president of the Association is Dr. Helen C. White, from the University of Wisconsin. Dr. Kathryn McHale, General Director of the Association, was a guest speaker. Hudson Strode, from the University of Alabama, spoke on Creative Writing in College. Several of his students have published their writings. Dr. Clanton W. Williams, the regional radio commentator, spoke on The War and University Women. Dr. Agnes Ellen Haris, the dean of women at the University, entertained twenty deans at a country club dinner.

—V—

Griffitts Attends Chemistry Meeting

Dr. F. A. Griffitts represented Maryville College at the biennial meeting of the American Chemical Society which met in Memphis, Tennessee, April 20 to 22.

The American Chemical Society is composed of approximately 28,000 professional chemists. The professional chemists are divided into sixteen different divisions, of which the general types are chemistry teachers, industrial chemists, and explorative chemists. One of the interesting sidelights concerning these divisions that Dr. Griffitts noticed was that the consulting cosmetrologist of a prominent cosmetics manufacturer was invited to be an honorary member of the paint and varnish division.

The unintentional theme of the meeting was the relationship of modern warfare and chemistry. The outstanding speakers of the meeting were Dr. Henry Knight, United States Agricultural Department, who spoke on the dangerous shortage of insecticides, and Colonel Ed Gibson, Chemical Warfare Division of the United States Army. Colonel Hooker, recently returned from Bataan, spoke on the use of poison gases in the war.

One of the most interesting of the three hundred reports present was one on the semimicrotechnique or "Tiny Tim" study of freshman chemistry. The semimicrotechnique uses equipment greatly reduced in size and almost minute quantities of material.

Chilhowean Announcement

The business staff of the Chilhowean wishes to announce that several copies of the 1942 Chilhowean remain to be redeemed by those people who signed contracts. Will the signees please redeem these contracts as soon as possible!

Annual Fine Arts Festival To Begin Thursday Evening

Recitals, May Day Program Scheduled

Once a year, the entire department of Fine Arts of Maryville College, cooperates in a grand concert of energies and efforts to produce a week of artistic entertainment which has come to be known as the Fine Arts Festival. This year the festival is to be held from Thursday, April 30, to Tuesday, May 5, inclusive.

The week's festivities will begin with a senior recital to be given on Thursday at 8:00 p. m. in the chapel by two senior pianists—Miss Johnnye Sue Long, and Miss Janice Graybeal. The program for the recital as scheduled appears below:

SENIOR RECITAL—
Janice Graybeal—pianist
Johnnye Sue Long—pianist
Sheep May Safely Graze Bach-Biggs
Concerto in D No. 10
Aria Allegro Handel
Miss Graybeal
Sonata in B major
Allegro Mozart
Miss Long
Sonata Op. 31, No. 2
Largo—Allegro—Beethoven
Miss Graybeal
Nocturne Op. 9, No. 2 Chopin
Scenas Infantis Pinto
(Memories of Childhood)
March, Little Soldier
Sleeping Time
Hobby Horse
The Rails Op. 16 Dechovow
Miss Graybeal
A Manha da Pierrete Villa-Lobos
Notturno Respighi
Danse Rituelle du Feu de Falla

Lloyd Wins Oratory Contest

Smith Takes Second Prize

On Wednesday morning, April 22, the T. T. Alexander Contest was held in the Chapel. With his oration on the Resurrection Hal Lloyd won first place while Paul Smith speaking on Atonement placed second. The winner who is a sophomore English major is a member of Pi Kappa Delta, Writers' Workshop, as well as being in the Choir. Both receive prizes. The custom is that sixty per cent of the income known as the T. T. Alexander Oratorical Fund be given for first place and the remaining 40 per cent for second place.

The judges for the contest were Rev. Harry R. Mercer of the Erin Presbyterian Church in Bearden, Tennessee, Rev. Ralph L. O'Dell of the Ft. Sanders Presbyterian Church of Knoxville, Tennessee, and Rev. Colvin L. Hammock of the First Baptist Church of Maryville.

STUDENT-FACULTY COMMITTEE DRAFTS NEW CONSTITUTION TO BE VOTED ON WEDNESDAY AT MEETING OF STUDENT BODY

Provision Made For Student-Faculty Senate

SYSTEM CLARIFIED

Elections Will Be Conducted Under New Procedure

The Student Council and the Student-Faculty Committee have completed the drawing up of a new constitution for the Maryville College student body. It is planned to hold a meeting of the entire student body on Wednesday of next week for the purpose of voting on the adoption of the newly prepared and revised constitution.

The chief changes in the new document over the old Constitution involve the following points:

1. It will be the constitution of the student body instead of only that of the Student Council.

2. There is offered the possibility of holding meeting of the entire student body.

3. No student may be a member of the Student Council and hold any class office.

4. A Student-Faculty Senate is established.

5. Superior elective system.

Constitution of the Student Body of Maryville College

PREAMBLE

Whereas, the Student Council of Maryville College has functioned continuously since its organization in 1923, under a constitution which has been amended from time to time, and whereas, the time now seems opportune for a general revision of the existing Constitution of the Student Council, and for an enlargement of the designated functions of such a student organization for the purpose of providing greater understanding and cooperation throughout all of the College life and activities, now therefore,

We, the Students of Maryville College do hereby repeal the present Constitution of the Student Council and do adopt in its place this the following Constitution of the Student Body of Maryville College.

Article I — Organization and Meetings of the Student Body

Section 1. The President, Vice President and Secretary-Treasurer of the Student Council are respectively the officers of the Student Body. They shall be chosen by the Council as hereafter provided for in this Constitution.

Section 2. The President of the Student Body shall call a meeting of the Student Body upon vote of the Council or upon petition of fifty (50) students requesting such a meeting, or upon request of the President of the College. A meeting called upon petition must be held within one week of the date of the presenting of the petition.

Section 3. Meetings of the Student Body shall be held for the consideration and adoption or rejection of amendments to this Constitution.

Section 4. Meetings of the Student Body may be held for the consideration of other matters.

Article II—The Student Council

Section 1. The general administrative functions of the Student Body shall be centered in a group of twenty-two student representatives selected in the manner hereinafter designated, to be known as the Student Council. The officers of the Student Council shall serve respectively as the President, Vice President and Secretary-Treasurer of the Student Body.

Section 2. The object of this Council shall be:

a. To cooperate with faculty and students in maintaining Maryville College's distinctive major policies such as those of (1) high scholarship, (2) low expense rates, (3) positive Christian emphasis and program.

b. To furnish a responsible group of students who will represent accurately the points of view and the interests of the student body.

c. To serve as a body by which proposals arising from the students may be heard, developed, and presented through official representatives to the Student-Faculty Senate for further consideration.

d. To supervise, through committees, certain student elections and other student activities, as provided for elsewhere in this Constitution.

Section 3. The organization of the Student Council shall be as follows:

a. The membership shall consist of

(1) Four freshmen, to serve for one year.

(2) Four sophomores, the man and the woman respectively polling the higher number of votes in the election to serve for two years, the other two to serve for one year.

(3) Six juniors, including the two elected in their sophomore year, and four elected in their junior year to serve for two years.

(4) Eight seniors including the four elected in their junior year, and four newly elected.

b. One half of the representatives elected from each class shall be men and one half women.

c. To become and remain eligible for membership in the Council, a student shall have met the necessary scholastic requirements for membership in the class which he represents.

d. Council members to represent the senior, junior, and sophomore classes shall be elected by a majority of the votes cast by their respective classes (junior, sophomore, and freshman) at the general College election each spring, as provided for elsewhere in this Constitution.

e. Council members to represent the incoming freshman class shall be elected by ballot at a meeting of the class called by the President of the Council within one month after the opening of the Fall Semester, for the purpose of electing all freshman class officers and representatives. This meeting shall be presided over and the election conducted by the President of the Council, and a majority of all votes cast shall be required for the election of each officer and representative.

f. The classes concerned shall have the power to fill any vacancies arising between regular elections.

g. No student may serve as class officer and member of the Council at the same time.

h. Council Officers

(1) Within one week following the election of senior, junior, and sophomore class representatives in the annual student election in the spring, the retiring President of the Council shall call a meeting of the new Council for the purpose of electing officers for the following year. This election shall be by ballot, and shall be conducted by the retiring President, who shall not have a vote.

(2) The officers of the Council shall be a President and a Vice President, both of whom shall be seniors in the year in which they serve, and a Secretary-Treasurer.

(3) In case any officer becomes unable to serve, his successor shall be elected at the next meeting of the Council.

Section 4. The duties of the Council shall be as follows:

a. It shall meet at regular intervals as it may decide, but at least once each month from September to May; special meetings may be held at the call of the President.

b. It shall supervise through its committees such activities as are specified in this Constitution. It may require reports from its committees at designated times, and shall pass on to its committees such suggestions and requests as it may deem wise.

c. The Council as a group, and its members as individuals, shall be responsible for the leadership of student opinion, and shall seek always to develop within the Student Body a spirit of self-discipline which shall make for such an observance of the standards of our common life as shall render enforcement increasingly unnecessary.

d. The Council may prepare and nresent through its representatives on the Student-Faculty Senate, such proposals as may arise for the good of the College.

e. Representatives of other student organizations of the College may appear before the Council to present matters in which they are directly concerned.

f. The Council may from time to time designate its meetings as open or closed to the student body.

On Being An Individual

Get the idea out of your head that the word "individuality" was created just to look good sprinkled around in your Educational Psyc. examination or in your paper on "The Growth and Development of the School Child from 8-12 Years of Age." It isn't that at all. Connected with individuality are the ideas of originality and self-expression, traits which the average college student demands the right to assert, but traits which the same student fails to develop to any appreciable degree.

Notice, sometime, a group of College Girls. As a rule, five out of seven will be wearing similar huarachas, red socks, black skirts, red sweaters, white dickeys, and a red bow (the color scheme being variable, depending on season, style, and contents of available wardrobes); all making the same wisecracks, all eating the same Y store commodity, and all, as a rule, after the same man. Such an "all we, like sheep" situation may justly arouse the question as to whether or not college students actually is an individual.

On the other hand there is, either being a Type, or being the exception to prove the rule, the Individual who has taken to heart the Dare to be Different suggestion. Taking a brazen delight in being odd for the sake of creating a stir, or in breaking rules for the sake of the breaking, they look on individuality as being smart, rather than natural.

All this, as we see it, knowing man's inclination to be individual, adds up to the idea that it's smart to be natural—but not natural to be smart. Try it sometime.

As I See It

By JANET LINDSAY

This week's issue of the Highland Echo caries the revised constitution of the present Student Council which is to be presented to the student body for approval on Wednesday. As I see it, it is a definite improvement over the original of 1923. Almost twenty years of experience have revealed certain technical and fundamental defects and for the most part these are remedied by the revised constitution. Although the changes are not particularly sweeping the very fact of reorganization is proof of progress. Moreover it opens up the way for future progress. Perhaps the most fundamental change is the making of the council officers direct representatives of the student body and not merely of the council itself. Another significant change proposed concerns the setting up of student-faculty senate to replace the student-faculty committee. Certainly the students and faculty of any institution should have some regular systematic means of coordinating their respective aims and activities.

Not only is the drawing up of the new constitution a sign of progress toward the accomplishment of successful student government but also tution a sign of progress toward the accomplesh- the work of the present student council, particularly the work of two committees of or appointed by the council, is worthy of commendation. The social committee has served admirably this year in arranging the Saturday night programs and also more recently in pruchasing the increased recreational facilities on the campus. Likewise the unification of the all class elections unde rthe supervision of the student council by the election committee is a step in the right direction. Although it is doubtful in the minds of some as whether their aim of ridding the system of corruption, has been accomplished, at least the aim is good and progress toward its accomplishment has been made.

But to continue a discussion of the constitution and the system of student government at Maryville, it seems to me that certain fallacies in the whole program are evident. In the first place to my way of thinking, there should be a more specific qualification for office. As the proposed constitution reads the only quqalification is that a person in order to be eligible for election is must be a member of that class which he will represent in full standing. This is not enough! If the student council officers and class officers are to be leaders in the real sense of the word, they should measure up to certain standards such as at least average C+ grades in a scholastic realm, and the ability to fulfill successfully their various offices i. e. the ability to preside of their office requires it. Certainly such qualifications as these are not so stringent that they would prohibit anyone who is realy capable from holding office.

The second fallacy concerns the election system. According to the constitution, an election committee supervises the elections and the manner of conduction is left up to the committee, so far so good. The fallacy lies in the system used heretofore. When the present system was set up last fall, it become evident that it there were checklists at the poles it was not only possible but easy, for anyone so desiring to, in the last period of the day, looking over the list to see who had not voted, to vote for absentees—in common slang—to stuff the ballot box. Many now claim that this was actually done in the class elections last fall. It is hard to realize that there may be students at Maryville who are not honest, but if such be the case, then in order to insure still further honest elections, and to relieve the council members of the such charges, the system should be remedied. In the May Day Elections this year, the plan was slightly changed, you will recall, so that the ballots were signed, however the signature was torn from the ballot before it was placed in the box. Thus providing, says its defenders, a three-way check. But is this a three way check or for that matter any check at all? What harm is there in signed ballots if they are to be counted by the elections committee and not by the nominees? Moreover why the check lists at the polls? If Maryville politics were organized into two parties, there might be some justifications for the such lists but since on ahe surface at least there is no such system, I fail to see the need nor value of checklists, except to facilitate dishonesty.

In the third place a defect in the whole set-up concerns control by a few. For the past four years at least there has been an under-current charge of of control by a small selected group. Whether such a group controls or attempts to control campus politics is doubtful but each year the question arises. One of the suggested solutions to this problem is the setting up of a two party system. This system has worked most effectively in other institutions, the advantage of such a plan here are self-evident.—Why not try to eliminate control by a few by developing a nopen-faced, democratic method? Moreover, in respect to corrupt elections there would likewise be advantages in this form of government in that each party would serve as a check on the other party.

In conclusion, I have attempted to point out three major fallacies in the Maryville Student government program. Next week I will continue this discussion and to show how I think either under the present one porty method or under a two party system improvement could be made.

Old Spice

BY JEAN BARNES

To satisfy the fifty or so proud and beaming relatives, and to carry out our threat, we just have to start off with a birth announcement. Or maybe we could dash down a society column for the campus sub-human elite. Almost could we start a zoological victory garden.

In the first place, much to her great surprise, Betty Clevenger opened her closet door Thursday and beheld—there on the floor a charming family portrait posed on her soft velveteen jumber, a cat and three new little kittens. Just how and when Her Majesty picked out Betty and Gracie's closet for latest try at setting up a family situation nobody knows. Bettty, all shivers, (unquote) ran away, while roommate dashing in later found half a roomful of spectators, and jumped up and down slightly terribly bewildered, shouting "Oh, I'm so happy; I'm so excited; I never had cats before." But they really are cute—and quite nonchalant about the whole usurpation.

Then there are Nancy McClaskey's ducks. They are called Shumac and Pegron, which is duck for Evelyn Stuart, Short, and McClaskey, and for PEG Murrian and Ronie Hansel. They give a public swimming demonstration in Fayerweather private pool, waddle charmingly after Nancy, and are in other ways quite accomplished, so we hear. And two sillier looking things never were.

Unless perhaps Frank Barr and Curt Wright's Bartlett proteges, baby rainbow chicks. And they're going to teach them to cackle, "cause they ain't got no mother." Versatile gentlemen, aren't they?

And Meredith's and Rose Pinnio's baby squirrels, in spite of being admired continuously, gave up the struggle and departed to squirrel heaven or parts unknown. Just why we don't know. As Rose said, hers " just woke up dead". And the funeral for Carl Grey Squirrel was reportedly held last Sunday.

On the other hand three perfectly hideous, darling baby robins inhabit the Pearsons nest and give daily showings of long queer necks and of how best to swallow a worm whole—should be of help to any college student.

Not to mention the feline creature that haunts all sorts of places. We were rather surprised to see Willa Reed doing an alluring here, Kitty, Kitty refrain to one of the showers the other morning and finally see a cat mew a dignified way out.

We're still qquite amazed about Miss Jackson's, Jane McFarland's comparisons of their impressions of Heil in English class. When asked for account, Jane replied well, she'd left her notes at home, but as far as she could remember it was thus and thus. Always knew the college got its students from a wide variety of states and places.

Well, in spite of the tire famine, threat of rain, and half a million items to bestow in one and half a million items to bestow in one and a half pockets, about sixty mountain climbers set off on the YW hike Saturday. And to judge from the strange tales, bear tracks, and sore muscle groans, it was rare fun. Everyone loved the way chief-in-command Marguerite Taylor chose the middle of the puddle end of Laurel Falls for the moment to view the world from a sitting position and did some wonderful mud pie manipulations with a foot or so submerged, liked the way Professor Howell dished out Jenks' "goolosh" concoction to a line of hunger, the way Doris Wright offered everybody mountain water from her Sterno cup, or Lily Belle Grizzard's reluctance to start what turned out to be a lovely solo.

CONSTITUTION . . .

(Cont. from Page 1)

Section 1. The Student-Faculty Senate shall be composed of seven members of the Council, and seven faculty members, of whom one shall be the President of the College. The student members are to be distributed as follows:

a. One sophomore, to serve for two years, to be chosen from the two sophomores elected to the Council for two-year terms.

b. Three juniors: The one who was elected as a sophomore, and two newly elected for two years, to be chosen from juniors elected to the Council for two-year terms.

c. Three seniors: The two who were elected as juniors, and one newly elected, provided that one of the three senior members shall be the President of the Council.

Section 2. The student members of the Senate shal be elected by ballot by the Council at its second regular meeting in the Fall Semester; the other faculty members shall be appointed by the President of the College or selected in such other manner as he may specify.

Section 3. The President of the College or someone else whom he may designate shall serve as Chairman of the Senate: a student member shall be elected Secretary by the Senate at its first meeting in the Fall Semester.

Section 4. The Senate shall meet at regular times as it may decide, but at least once a month after its election.

Section 5. It shall be the duty of the Senate to consider problems and proposals with reference to the comon life and activities of the College community, and to adopt from time to time, subject to the approval of the Executive Council of the Faculty, such regulations and such changes in existing regulations of the College as may be deemed wise and necessary.

Section 6. A quorum for the transaction of all business shall consist of at least four student members and four faculty members.

Article IV—Committees

Section 1. The Election Committee shall be composed of nine members of the Council, three seniors, two juniors, two sophomores, and two freshmen, to be appointed by the President of the Council.

a. It shall be the duty of the Elections Committee to conduct the annual election each May at such time and place as shall be specified by the Council. The Committee shall have prepared mimegraphed ballots, and shall have posted lists of nominations for class officers and representatives, and officers and members of the Executive Board of the Athletic Association, for the ensuing year, as certified to the Committee by the class presidents and the Presidents of the Athletic Association, respectively. At all times during the voting hours there shall be at least three members of the Elections Committee on duty at the voting place, who shall have authorized lists of all members of the voting classes, shall provide proper conditions for secret balloting, shall see that no votes are cast other than by registered students upon the proper ballots, and shall keep an accurate record of those voting.

b. Nominations for the various class offices and representatives shall be made at meetings of the respective classes at least one weeek before the annual election, notice of each class meeting having been given ,either by announcement in Chapel or by publication in the Highland Echo at least three days in advance of the meeting. Two nominees for each position shall be selected, and shal be certified to the Elections Committee by the class presidents.

c. Officers and members of the Executive Board of the Athletic Association having been nominated at a meeting of the Student Body and Faculty as provided in the By-Laws of the Association, shall be lected by ballot at the annual election, all students and faculty being eligible to vote.

d. The list to be voted on by the senior class and faculty shall consist of nominations for officers and members of the Executive Board of the Athletic Association. The list for the junior class shall consist of nominations for senior class officers and Council representatives, and for officers and members of the Executive Board of the Athletic Association. The list for the sophomore class shall consist of nominations for junior class officers, editor and business manager of The Chilhowean, and Council representatives, and for officers and members of the Executive Board of the Athletic Association. The list for the freshman class shall consist of nominations for sophomore class officers and Council representatives, and for officers and members of the Executive Board of the Athletic Association.

e. The Elections Committee shall be responsible for having the date, hours, and place of the election announced in Chapel at least five days before the election; for having this information and lists of all nominees published in the issue of the Highland Echo immediately preceding the election; and for counting all votes and certifying the results to the Council.

f. The Council may direct the Election Committee to conduct other general student elections, such as for Barnwarming and May Day, when requested to do so by the group s sponsoring such activities.

Section 2. The Finance Committee shall be composed of three members of the Council: the Treasurer of the Council, who shall act as chairman, and two other appointed by the President of the Council. The Committee shall be responsible for the collection of all funds for Council purposes, and shall be permitted to make assessments upon the clases, as approved by the Council.

Section 3. The Student Publications Committee shall be composed of four members of the Council, appointed by the President of the Council.

a. The Committee shall serve as part of the Highland Echo Committee as provided in the Highland Echo regulations, and shall carry out such duties as are prescribed by said regulations.

b. The Committee shall also be responsible for publicizing the activities of the Council, and for conveying to the publications staffs such suggestions and recommendations as the Council may direct.

Section 4. The Pep Committee shall be composed of the head cheerleader, two faculty members appointed by the President of the College, and three members of the student body appointed by the President of the Council. The Committee shall elect its own officers.

The Committee shall be responsible for all pep celebrations, and at the first pep celebration in the Fall Semester shall supervise the election of cheerleaders by the students present; the candidate receiving the largest number of votes shall be the head cheerleader.

Section 5. The Committee shall be composed of seven students appointed by the President of the Council and six of seven students appointed by the President of the Council and six faculty members appointed by the President of the College. The student members shall be two seniors, two juniors, and one sophomore appointed from the student body, and one senior and one junior appointed from the Council; there shall be as nearly as possible an equal number of men and women, and at least three of the students appointed each year shall have served on the Committee the previous year. The Committee shall elect its own officers. It shall be the duty of the Committee to plan and carry out a social program for the students in general.

Article V—Rules or Order

In matters of procedure not covered by this Constitu tion Robert's Rules of Order shall be folowed.

Article VI—Amendments

This Constitution may be amended as follows:

a. Each proposed amendment shall be approved by a two-third vote of the Student Council.

b. The proposed amendment shall then be presented to the Executive Council of the Faculty for approval.

c. If approved by the Executive Council of the Faculty, the amendment shall then be published in the Highland Echo one week prior to the date set for presenting it to the Student Body, together with a notice of the time and place of the meeting.

d. If passed by a two-thirds vote of the Student Body, the amendment shall become effective.

Article VII—Ratification

This Constitution shall become effective when approved by the Student Council, and by the Executive Council of the Faculty, and passed by a two-thirds vote of the Student Body.

Approved by the Student Council April 23,1942. Geo. Howard, President; Mary Ruth Baker, Secretary.

TALK OF THE WEEK ... By Charles Dunning

NAVY ANNOUNCEMENT TO COLLEGE FRESHMEN AND SOPHOMORES 17 THRU 19

You want to serve your country! Why not serve where your college training will do the most good?

Under the Navy's newest plan, you can enlist right now. You don't have to quit college. You can *stay* in college, continue your studies and qualify to become a Naval Officer — on the sea or in the air.

Who may qualify

If you are between the ages of 17 and 19 inclusive and can meet Navy physical standards, you can enlist now as an Apprentice Seaman in the Naval Reserve. You will be in the Navy. But you may remain in college, taking regular college courses under your own professors. Your studies will emphasize mathematics, physics and physical training.

After you have successfully completed 1½ calendar years of work, you will be given a classification test. This examination is competitive. It is designed to select the best men for training as Naval Officers.

How to become an Officer

If you qualify by this test and can meet the necessary physical standards, you will have your choice of two courses—each leading to an officer's commission:

1. *You may volunteer for training as an Aviation Officer.* In this case you will be permitted to finish at least the second calendar year of college work, before you are ordered to active duty for training to become an officer-pilot.

However, at any time during this two-year period, you may have the option to take immediately the prescribed examination for Aviation Officer . . . and, if successful, be assigned for Aviation training. Students who fail in their college courses or who withdraw from college will also have the privilege of taking the Aviation examination. Applicants who fail to qualify in this test will be ordered to active duty as Apprentice Seamen.

2. *Those who qualify in the classification test and do not volunteer for Aviation will be selected for training to be Deck or Engineering Officers.* In that case, you will continue your college program until you receive your bachelor's degree, provided you maintain the established university standards.

Those whose grades are not high enough to qualify them for Deck or Engineering Officer training will be permitted to finish their second calendar year of college. After this, they will be ordered to duty as Apprentice Seamen, but because of their college training they will have a better chance for rapid advancement. At any time, if a student should fail in his college courses, he may be ordered to active duty as an Apprentice Seaman.

Your pay starts with active duty.

It's a real challenge! It's a real opportunity! Make every minute count by doing something about this new Navy plan today.

DON'T WAIT . . . ACT TODAY

1. Take this announcement to the Dean of your college.
2. Or go to the nearest Navy Recruiting Station.
3. Or mail coupon below for FREE BOOK giving full details.

By TED PRATT

1943 FOOTBALL

Barring unforseen events, the Maryville College Scotties will have a football team next year. Much depends, of course, upon the size of the enrollment of men for the next college year. Spring practice ended early this month as the Red team took the fourth game from the Orange team. One game resulted in a scoreless tie. Outstanding for the Reds were Archer, Kramer, Burris, Dunning, and Talbott. The Oranges' powers were Herzberger, Richards, Suitor, Hogue, Meineke, Purifoy, and Wagner.

A heavy schedule has tentatively been set for 1943 starting on the 19th of September. Hiwassee, Newberry, Chattanooga, Teachers, King, Middle Tennessee, Emory and Henry, Carson-Newman, Tusculum, and Western Carolina all appear on the present Scottie schedule for next year. There may yet be changes, but it is hoped that most of this schedule will remain intact.

THREE-SPORT FROSH

Here's one boy we shouldn't have to introduce. He already has shown plenty of stuff in the Orange and Garnet uniform. You will remember that he was on the snagging end of the winning pass in the thrilling Carson-Newman football game of last season. He emerged from the past basketball season as the second highest point-getter on the entire squad. And now, he's demonstrating the versatility of his athletic talent on the baseball diamond. Gordon Webb, 180 lb., 6' 1" first baseman, is our subject today. Gordon, a native Tennessean, came to Maryville College from Everett High School where he took an active part in sports. One year of track, three years of basketball, four years of football, and one year as captain of the latter two teams give us a brief picture of his athletic career. Gordon has worked in the machine shop at the plant, and has played some summer baseball under the tutelage of Coach Honaker. On the diamond, Gordon is big and fast, and plays his first sacker position with some degree of skill. At the plate, his bat has yet to feel real pressure; but with experience he should develop into a first-class slugger. Sports constitute his chief interest although he looks forward to commercial aviation after graduation from college.

HERE 'N THERE

Prof. Wendt already has established a reputation on the local croquet green. It all happened in one game when Becky Jones and Jerry Beaver had gone all the way around before Prof. had even started.

Many congrats and thanks have been directed toward Jim Garvin and his social committee for their recreation innovations; namely, the badminton and croquet. Added to horseshoes, shuffleboard, skating, bicycling, and "on-looking", last Saturday night was acclaimed a big success by many. "Why don't we do this more often?"

Talk about a thrilling finish! The Scottie nine really used one to win from TPI last Monday afternoon. Coach threw a couple of Rocks at Tech and "there went the ole ball game!"

The tennis team was about ready to draft Junior Fischbach to play fifth man on their trip this week. The other members of the squad just couldn't spare the class time, of course. "Dim'em, brother!"

Poor old UT can't use Jimmy Tarrent after all in the coming grid season. The SEC downed the freshman-transfer student bill in their recent meeting.

We hear that baseball season has started up north. Interesting since Knoxville hasn't even begun yet. Or have they?

ECHO SPORTS

SCOTS SPLIT WITH TIGERS IN TWO GAMES

Hiwassee Pushes Across Tally In Last Frame To Win

Coach Honaker's Scottie nine broke even with Hiwassee in two games played with the Tigers on April 10 and 17. On the first date, Hiwassee invaded the Hill but was turned back by the Highlanders to the tune of 14-8. The Tigers, however, avenged this loss a week later when Maryville travelled to Madisonville and took an 8-9 licking.

In the first game, Maryville's 17 hit attack, led by Mac McGaha and Spo't Shelfer, carried pitchers Mair, May and Sieber to an easy victory. Hiwassee took an early lead in the opening stanza, but Maryville went ahead in the home half by a count of 4-1, and held the lead for the rest of the contest. Les Rock, McGaha, Taylor, and Shelfer, hit safely in this first uprising.

Four more Maryville runs came across in the second, as Mair, Honaker, and Webb applied wood to the horsehide. Webb's triple was the big blow of the inning. The home team picked up two more runs in the fourth frame, one in the sixth, and three in the seventh. Bob Mair was touched for three tallies in the three innings he worked, Bill May, allowed only one and Paul Sieber allowed four in the eighth inning.

For the losers, center fielder McKnabb was the leading man at the plate with three hits. Cox, Shaddon, and Sprinkle also turned in good games. Sprinkle was charged with defeat, and Neff and Dorsey also saw action on the slab. In addition to Shelfer and McGaha, Gordon Webb and Ross Honaker also played well for Maryville. These two freshmen turned in their best ball of the season thus far.

The second game, played on Friday, April 17, was a nip and tuck affair which was tied up until Hiwassee's Russell broke it up in the ninth inning with a clutch single to left field Robison and May hurled for Maryville, with May losing the game. Russell was the winning pitcher, in addition to coming through with the game-deciding blow.

The Honakermen scored three runs to again tie the game in the fifth. Webb's double and Les Rock's single were the big blows. One run in the seventh, scored by Shelfer, put the Scots ahead 7-6, but Hiwassee scored two to make it 7-8. Maryville scored once more in the eighth to knot the score a third time, but then came the final inning. Cox led off with a double for the Tigers, and pitcher Russell stepped to the plate and lashed out a clean line drive to win his own game.

SCOTS SPLIT SERIES WITH C-N EAGLES

The Carson Newman Eagles banged four Maryville hurlers around last Tuesday on the Eagle's home roost and evened the M. C. -C. N. diamond series for the season. In the first game between the rivals, The Scots had scored and 11-9 win.

Mac McGaha was the big sticker in both tilts. In the first game he punished the horsehide for three bingles, one of them a towering hit into the woods for a homer. He contributed a pair of doubles in the second encounter.

Bill May, freshman fireballer, started the first game against the Eagles. He was yanked in the seventh and Paul Sieber held his lead for the rest of the game. Coach Honaker threw everyone but the batboy at the Baptists in second game, but four Scots gave up 14 hits and 15 runs while the Maryville clouters got 9 hits, scored 8 runs, and booted 8 chances in the field.

U-T Baseballers Fall Easy Prey To Booming Scot Bats

Uncorking their biggest hitting attack of the season, the Scottie sluggers rolled over the U. T. Vols last Tuesday by the score of 17-5 in Knoxvile. Norm Hooker scattered hits over the full route while his mates were pounding the ball for 12 hits and 17 runs.

Three Vols faced the Scots on the mound, and all three were the victims of Maryville slugging or Tennessee fielding. Mac MacGaha and Norm Hooker each banged out two hits to lead the Highlander hit parade. In the fourth inning the Honakermen pushed six runs across the plate, enough to win the game.

Innings: 1 2 3 4 5 6 7 8 9 h r e

Highlander Rally Upsets TPI 11-10

Honakermen Win Over Eagles On Al Rock's Hit

A three run, ninth inning rally which was climaxed by freshman Al Rock's single turned the tables on a tough T. P. I. ball team last Monday and handed the Scots their sixth decision in seven starts. Maryville gave away two runs to the visitors in the top of the inning, but took them back in their half to make the score 11-10.

The Highlanders started will with two in the first, two in the second, one in the third, and another pair in the fourth. Tech went ahead in the seventh, but Maryville tied it up in the eighth. In the ninth the visitors took advantage of poor Scottie fielding to grab a two run lead. With two out and the tying and winning runs on the bases, in the last of the ninth, Coach Honaker sent Al Rock in to pinch hit. The freshman lobbed one over the second baseman's head, scoring both runners and putting the game on ice.

Hooker was on the mound all the way for the Scots. His mates backed him up with 11 hits, but booted six chances in the field. The Louden pitcher helped his own cause with a homer in the third. MacGaha and Les Rock were the big stickers with two hits each

Innings: 1 2 3 4 5 6 7 8 9 h r e

Teachers College Succumbs To Local Racket Swingers

The Maryville racket-eers journeyed to Johnson City last Wednesday to meet the court team from East Tennessee Teachers College and tucked a handsome 6-1 victory into the bag. The home men put up a stiff front, and more than one Scot had no little trouble taking his match. Joe Croft, Teachers' No. four man, saved his team from a complete shutout by winning over Ken Cooper in three close sets.

Following is a summary of the match:

Maryville	Teachers
T. Kidder	Shelby (6-4, 6-2)
Van Cise	Burris (6-3, 5-7, 6-4)
Pratt	Britton (6-1, 2-6, 9-7)
Cooper	Croft (1-6, 6-2, 5-7)
Hunter	Red (7-5, 11-13; 6-3)
T. Kidder	Shelby
Van Cise	Burris (8-6, 6-4)
Pratt	Britton
Cooper	Croft (6-3, 6-0)

Scottie Tennis Team Blasts C-N 6-1 In Opener

Maryville's netmen defeated Carson-Newman 6-1 on April 13th in a match taking place on the local courts. The Eagles were defeated in both doubles events, and in all the singles except in the closely-contested number one match between Ted Kidder and Gardner of Carson-Newman.

Van Cise, playing number two for Maryville, defeated Strong easily, and Pratt, Cooper, and Bergquist all came through with wins ove rtheir opponents. In the number one doubles, Ted Kidder and Ollie Van Cise coasted to a 6-1, 6-2 win over Gardner and Strong. Pratt and Cooper defeated Watts and Hunt to make tally read Maryville 6, Carson-Newman 1.

On April 11th, the Tusculum Pioneers were scheduled to appear against Coach Fischbach's thinly clads on the Memorial courts, but failed to show up. Therefore, Maryville was awarded a 7-0 forfeit.

THE SUMMARY:

Gardner (C) defeated T. Kidder (M) 3-6, 6-3, 6-4.

Van Cise (M) defeated Stroud (C) 6-1, 6-3.

Pratt (M) defeated Davidson (C) 7-5, 6-1.

Cooper (M) defeated Watts (C) 3-6, 6-3, 6-2.

Bergquist (M) defeated Hunt (C) 5-7, 6-2, 6-3.

T. Kidder and Van cise (M) won over Gardner and Stroud (C) 6-1, 6-2.

Pratt and Cooper (M) won the Watts and Hunt (C) 6-3, 6-1.

INTRAMURAL DOPE

GOLF—

Last week the semi-finals and the finals of the spring singles golf tournament were played off and the affair was wound up with coach George Fischbach as the winner and the intramural golf champ for 1942. But let's start with the semi-finals.

George Fischbach met Bill Evans in half of the semi-final round and took him into camp before the 18 holes were completed. On the same day Layton Bergquist outshot Bob Hunter and won the post of Fischbach's opponent in the finals.

On Saturday afternoon, then, George and Layton teed off for the final fray. The coach took holes 1 and 2 to gain a 1-up advantage at the start. But Layton evened it up on about the 5th or 6th. One other time Fischbach led by 2 holes, but again Bergquist erased the lead. At the start of the 16th Layton was 1-up; George won the 16th, and they tied both the 17th and the 18th, so that after two rounds they were still exactly even. Going into the 19th Fischbach got a beautiful drive to within two feet of the edge of the green; he followed his advantage, took the hole and the match by a match-play score of 1-up.

Score card figures show that on the first nine Fischbach had a 34, Bergquist a 38; on the second nine Fischbach scored a 37 and Bergquist a 34. Totals for 18, therefore, were 71 and 72 for Fischbach and Bergquist respectively.

SOFTBALL—

Next Tuesday, April 28, marks the last day of scheduled games in the softball tourney. Things have happened in the last two weeks which have changed the picture of the big-shots in the league. The House of David has been beaten—once by the Holy Joes and perhaps a time or two again by other teams since this column was written. The Alpha Sigers have lost only twice and so are neck and neck with the House for top spot. The Holy Joes haven't been looking bad, but they've lost enough games to keep them from threatening to win. Ministers are about even with the Joes; Athenian not far below the Ministers; Spitfires have their heads just above water with one win, and the faculty is ker-plunk in the cellar.

It is obvious that the real race will be between the House of David and Alpha Sig. It's likewise pretty plain that the Club League title will go to the Dudes, since Ministerials, Athenian, and Faculty, will all have to do some powerful scoring to get into the running by next Tuesday. Fans will remember that the Club League title goes to the Club team which has the highest percentage of the four club teams entered, regardless of whether an independent team wins the tourney as a whole.

	won	lost	pct.
House of David	7	1	.875
Alpha Sig	7	1	.875
Ministerials	6	4	.600
Holy Joes	6	4	.600
Athenian	5	6	.454
Spitfires	1	8	.111
Faculty	0	8	.000

ARCHERY—

The last intramural event of the year is the open archery tournament to be held next Saturday afternoon, May 2nd. It may be entered by both men and women and will consist of what may be called a junior Columbia Round of shooting. Each contestant will shoot 24 arrows from each of three distances—20 yards, 30 yards, and 40 yards. The total score of the 72 arrows will be the shooter's score, and the highest wins top honors.

College Mourns Death of Mrs. Hope

Word reached the College after the publication of the last issue of the Highland Echo that Mrs. Fred H. Hope had passed away at Winona Lake, Indiana, on April 9.

About a month ago Dr. Hope was in Maryville to bid farewell to his daughters Roberta and Winifred and was scheduled to sail a few days later for West Africa to resume his missionary work there. From Maryville he went to the home of his daughter Arta Grace Hope Shields in Springfield, Tennessee, where Mrs. Hope was staying, to say farewell before proceeding to New York. He found Mrs. Hope ill and took her to the clinic of Vanderbilt Medical Center in Nashville. There they received a great shock in learning that she was suffering from cancer and could not be expected to live for more than a few weeks or months. He therefore asked to have his return to Africa postponed and they traveled by way of Maryville to Winona Lake, Indiana, where they have had for many years a home for their use when in America on furlough.

Last week Roberta and Winifred were called to Winona Lake but arrived after their Mother's death which came more quickly than was expected. The funeral service was held on April 12. President Lloyd sent a telegram of sympathy in behalf of "the faculty and students of Maryville College," and telegrams also from the YWCA and the Student Volunteers, in which groups the daughters are active.

Mrs. Hope knew of her impending death and faced it with confident faith. She wrote a message to her friends in which two of the sentences are these: "I am going to a city which hath foundation, whose builder and maker is God and there I shall see my precious Saviour face to face and be with him forever . . . I just want to say to you in farewell, to always remember to put Him first." After her death Dr. Hope wrote to President Lloyd as follows: "Mrs. Hope went Home rejoicing in full assurance she was going to see her Saviour face to face. My loss is heavy, her gain is great."

Intramural Dope

(Continued from page three)

Original plans for a second afternoon of competition on which fancy shooting would be featured had to be changed because of conflicts and lack of time. Everyone at all interested and who has even the least inclination toward Cupid's sport is urged to join up and try his luck. Incidentally, each shooter must supply or obtain his own equipment—bow and arrows.

CASA MANANA

(Cont. from Page 1)

plete, they are it. Helen Wilhoit, the "Veronica Lake dream girl of Alpha-Sig" is one of the featured songsters of the evening, and the Memorial Maids, Maggie, Ellen, and Betsey, are adding their charm and color to the parade of talent. Incidentally Maggie Dawson has added song-writing to her many abilities, and at Casa Manana she is singing one of her own compositions "A Tear Came in My Eye". George Devereux, whose voice makes any program something to remember ,is also being featured. Casa Manana's extra-special orchestra will be furnishing music for the whole evening, and that ought to add up toward smooth rhythm.

Dave muttered something in his beard about certain parts of the program that he planned to keep entirely to himself, and even this member of the press, card and all, couldn't pry them out of him. Judging from the hurried glimpse of the program that I caught before I was invited to leave, so I wouldn't discover any of the "secrets," I think it looks good. From the enthusiasm of the cast, I gather that Casa Manana bodes well to be the four-star program of the year, and there is room for everyone in the big gym. A huge reception awaits every member of the student body and the faculty, and I might whisper that in my snooping I discovered refreshments are in order.

Miss Marshall

Vorhees Chapel
Friday, May 1, 1942, 8:00 P. M.

The program for the Festival activities of Saturday, May 2nd, is to include an afternoon concert by other than college students, namely, children who are students in the department but who are not enrolled as a part of the student body proper of the college. This recital will be held in the Fine Arts Studio of the Voorhees chapel at 2:00 p. m. This recital is to be under the general supervision of Miss Genevieve Cowen, and all of those taking part are under college age students.

The spirit of the festival will be carried over into the regular college Vespers Service of Sunday, May 3rd when the special music arranged for will be heard.

At 8:00 o'clock Monday, May 4th, the dramatic art seniors will give a recital in the chapel. Those who will take part in this production will be Miss Troye Moore, Miss June Morley, Miss Elizabeth Glover, and Miss Virginia Berg.

The Festival will close on Tuesday, May 5th, with a senior recital given by Miss Florence Barber at the piano, and Mr. David H. Kidder at the organ, at 8:00 o'clock in the chapel.

Phyllis Anne Cain Elected President Of Pi Kappa Delta

Initiation of Eight New Members Held At Banquet

Last Thursday evening, April 30, Pi Kappa Delta held their annual banquet in the First Methodist Church. The general theme of the program was Freedom of Speech. The three speakers were Phyllis Anne Cain who spoke on "What the Absence of Free Speech Means," Lucille Lynch whose subject was "How Can We Protect the Right of Free Speech," and Professor Verton M. Queener who closed the discussion. The toastmistress for the occasion was Janet Lindsay who is the president this year of Pi Kappa Delta.

Following the banquet the eight new members were initiated into the secret mysteries of the fraternity. After this the election of officers for the next year was held. Phyllis Anne Cain was elected president, Charles Foreman vice-president, Jack Kramer secretary, and Benjamin Lynt recorder.

Phyllis Anne Cain, a junior, is a history major from Morristown, Tennessee. She has competed forensically during this debate season at the Women's Smoky Mountain Tournament where she placed first in individual rankings in debate, second in Oratory; and at the South Atlantic Tournament in Hickory where she won first in Extemp. On the Maryville campus Phyllis Anne is a member of Writer's Workshop, has been on the Echo staff for three years, and was vice-president of Pi Kappa Delta for the year just closing.

The new vice-president Charles Foreman is a political science major from Tionesta, Pennsylvania. Chuck is on the Y Cabinet and had a prominent part in the Athenian Bainonian Mid-Winter this year. He was runner-up for state debate champions at the State Tournament this year. Jack Kramer who will be secretary has his home in Maryville and is also a political science major. He won the East Tennessee Section of the State Oratorical Contest this year and second place in Extemp at the Smoky mountain Men's Tourney. The new recorder is Benjamin Lynt who is from Washington, D. C., an English major and sophomore this year. He won all his debates the Smoky Mountain Men's Tournament this year. He is cheer leader, a member of Writer's Workshop and the Highland Echo.

College Library Gets New Books

Some Deal With Civilian Defense

During the past month the library has obtained a group of books from Barnes and Noble, New York. Perhaps the most interesting of these are those on civilian defense and civilian moral. "Civilian Liberties and Democracy" and "How to Fit Yourself For Defense Jobs" are of universal interest now. "Your Town and Defense" is the most practical, for it deals with blackouts, air raids and the like.

Sixteen new books have been obtained on Bible and Religious Education, and nine on Sociology. Outstanding in this group is "Marriage for Moderns" by Henry A. Bowman.

In the line of history, the library has obtained a set of four volumes on "Robert E. Lee' by Douglas Freeman.

May Day Notice

May Day activities, which were interrupted Friday, will be continued Monday at 6:30, on the terrace behind Pearsons Hall.

Glee Clubs To Give Annual Recital

Presentation Is Climax Of Year

Friday May 8, 1942, the combined Men's and Women's Glee Clubs of Maryville College will present its annual recital in Voorhees Chapel. The glee clubs are under the direction of Miss Geneiveve Cowen. This year Marcia Keirn, soprano, the Maryville College Male Quartet, and Carl Alette, pianist appear with the Glee clubs.

The recital Friday night is the climax of this year's practice. The goal the glee clubs set for themselves each year is to make their recital the best one ever given.

The program for this year is as follows:

My Love Dwelt in a Northern Land — Elgar
Vankan' Tanka, Russian Folf Tune —Glee Clubs.
Piper of Love — Carew
Villanelle — Acque
Marcia Keirn, soprano
De Gospel Train — Negro Spiritual
Out of the Silence — Galzraith
Glee Clubs
Reflections in the Water — Debussy
Carl Allette, pianist
Gypsy Love Song — Victor Herbert
Tramp, Tramp, Tramp — Victor Herbert
Glee Clubs
Sylvia — Speaks
Ranger's Song — Jierney
Harry Lyle, Jack Lippard
Carl Miller, Dean Stiles
Pop Goes the Weasel — Schaeffer
Finale from "Pinafore"
Gilbert and Sullivan
Glee Clubs

Outdoor Games Purchased

Social Committee Expands Student Activities

During the last few weeks the Social Committee has greatly added to the equipment for lawn games of the College. They have purchased and put up two croquet and one badminton sets. These are in addition to the shuffle boards which were put in last year and which are being maintained by the Social Committee.

All of these are proving quite popular with the students. However it would be well to remember certain other factors in connection with these games. First of all the hours of using are from seven to seven and how well they are kept will determine how long the practice is continued. There are four rackets and three shuttlecocks to the badminton set; the cocks are already wearing out and the Committee can't buy any more. Therefore students must furnish their own. The Committee would also like to urge that everyone take good care of the equipment and cooperate with Jim Garvin and Oliver Kressler who put out and take in the equipment in the mornings and evenings.

YMCA To Hear Miss Jessie Johnson

Y. W. will meet Sunday at 1:30 p. m. in the grove between the badminton court and the golf course. Miss Jessie Johnson will read nature poetry.

Walker To Speak

At Athenian tonight, Professor Walker will give an account of life at Maryville College as it was several years ago, especially as it used to be in Carnegie Hall in the good old days "when men were men and college students, at least the boys, were even more rip-roaring then they are now," so they say. Come and hear Prof Walker tell of Maryville College as it was in the days of long ago.

Jerry Beaver is also featured on the program and will play several selections on the piano.

Alumni Banquet Set For May 16

May the 16th has been set aside this year as Alumni Day. At this time four reunion groups will be meeting on the campus. The classes of '08, '09, '10, '11 will form one group, and the classes of '27, '28, '29, and '30 will form another. The class of 1892 is this year's fifty year class, the class of 1917 is the 25 year class, and the class of 1932 is the ten year class. These classes will meet for luncheon according to plans made by their own groups.

The Alumni banquet will be held as usual at 7:00 in the dining hall. At this time the Senior class will be the guests of the Alumni Association. Due to the fact that the band concert is scheduled for 9:00 that evening, the banquet will terminate shortly before that time.

Parish Project Is Making Survey

Mission Fields To Be Expanded

For about six years Maryville College has been suppyling student workers to carry on Sunday school services in various missions located within a radius of about twenty-five miles from Maryville. Until this year all such work has been voluntary and no school credits were given. This year a class was organized to study the situation and to better equip the students for their work at the mission points. Three hours of Bible credit are given for a year's work.

Now the Parish Project is again going to extend its work. At the present time there are six students who are helping Mr. Watt, the Sunday school missionary, in making a religious survey of the population outside of the corporate limits of Alcoa.

The purpose of the survey is to discover if the many people who are coming to live in this community because of the plant are adequately churched. The students make a door to door campaign asking such questions as those related to church membership or preference, Sunday School attendance, age of all of the children in the household, and whether the family owns its home or not. All of this material will be correlated and, it is hoped, will show the religious needs of these people.

If it seems advisable, a mission may be started in this vicinity in the fall. A home Bible class to be held during the week is also being contemplated. This would be for the mothers unable to attend Sunday services because of young children.

A definite deficiency is felt to exist in the parish communities for a recreational program; so the class has decided to try to meet this need. During this semester a committee has been studying the problem. Now they are putting their plans into operation.

Last Thursday evening several members of the college went to the mission point of Marble Hill to hold a recreational night. There was a bonfire, games, and refreshments during the course of the evening. A definite increase in attendance was reported for the Sunday service.

There are plans to hold such recreational meets at the mission at Chota and perhaps at Unitia and New Castle. The program is designed both to meet the recreational needs of the communities and to increase the Sunday attendance.

Dr. Orr At Y. M.

At the Y. M. C. A. meeting this Sunday at 1:30 in Bartlett Hall, Dr. H. E. Orr will speak on the topic "Our Purpose, According to His Purpose." This is to be the motto or theme for the Y. M. C. A. next year.

Special Bulletin On Summer Term Issued By College

Student-Help Program To Carry On As Usual

A special bulletin announcing completed plans for the Maryville College Summer Session has just been released by the Personnel Office. It was prepared by several of the college officials and gives a complete outline of the more important aspects of Maryville's summer program. Copies will be distributed to all students interested in the Summer Session, to high school students and to teachers.

The bulletin has been arranged under three main headings: 1. Maryville's war-time Service, 2. The Accelerated Program, and 3. The Summer Session. Under the first two points are the facts and the purposes of the effort the college has been making to speed up and increase the effectiveness of its program. The third section, dealing with the summer session is of great importance to students planning to enter summer school. The dates of the two terms are given and those who may attend are classified. They are placed on three categories; present college students, high school students, and teachers and others.

The completed schedule presented is similar to that originally outlined by the college for the summer session and will consist of two terms of six weeks duration each. Each student living on the campus will be required to take three sub-

(Continued on page four)

Senior Recitals To Be Presented

Dramatic Students On Monday; Music Students On Tuesday

On Monday at eight o'clock four seniors of the dramatics department of the college will present in Voorhees Chapel the regular annual senior dramatics recital. Those taking part on the program will be Misses June Morley, Elizabeth Glover, Troye Moore, and Virginia Berg. These students will be remembered for important parts they have had in dramatic productions on the Hill during the past four years: June Morley will be remembered for her portrayal of "Mary Todd" in "Abe Lincoln in Illinois"; Elizabeth Glover will be remembered for "Nancy Green" in the same production; Troye Moore will be remembered for her portrayal of "Mrs. Ingalls" in the recent Athenian- Bainonian play, "In A House Like This"; and Virginia Berg will be remembered for her "Miriamme" in the production "Winterset," the Alpha Sigma-Theta Epsilon play of two years ago. All of these students are members of the local chapter of the national dramatics society, Theta Alpha Phi.

Miss Morley will read the interpretation of a play "Gallant Lady" by Ryerson and Clemens; Miss Glover will give the impersonation of a solo play "A Proposal of Marriage" without properties; Miss Moore will give an interpretation of a lyric poem "Renascence" by

(Continued on page four)

French Club Admits Fourteen Members

Tuesday April 21, the French Club held its annual banquet at Smith's Cafe. Bill Sweeney was toastmaster; Gordon Stone and Lucette deBarritt furnished the special music; Miss Ruth Cowdrick was the speaker of the evening.

At this time the club, which is now under the sponsorship of Robert Calvesbert, its new president, admitted fourteen new members. The banquet constituted the last meeting for this year.

Daisy Chain Announced

Fourteen Juniors Will Appear

The fourteen young ladies of the junior class who will be this year's Daisy Chain carriers at commencement exercises have been selected by Miss Mary Ruth Baker, Vice-president of the junior class. Those selected who will serve are as follows: the Misses Cornelia Jones, Jeanne Schiebelle, Margaret Clippinger, Kathryn Woodward, Anne Halabrin, Virginia Williams, Mary-Jane Person, Helen Airheart, Mary Ruth Hoyt, Helen George, Frances Sisk, Aletta Sims, Mary Ruth Baker, and Jean McCutcheon.

It has long been customary for the vice-president of the junior class to ask other young ladies of the class to serve as bearers of the traditional daisy-chain at the commencement exercises each year. The girls this year will be dressed in seven different pastel shades, two girls each wearing the same shade.

The Daisy chain usually precedes the procession of seniors into the chapel for the graduation exercises, and after the service is over forms a large M C through which the graduated class must pass on the way from the chapel.

Tentative Summer Class Schedules Are Announced

Classes to be 80 Minutes in Length Lab Periods 150

A tentative schedule of classes to be offered at two terms during the summer session has been posted by the administration. The first term is to be held from June 9 to July 18, the second from July 20 to August 28.

The announcement includes an explanation of the length of class periods. The periods will be 80 minutes in length. Each three-hour course will meet six times during the week. A four-hour science course will have four 80 minute lectures and four 150 minute lab periods each week.

All students who are planning to attend the summer session have been asked to look over the schedule as it has been posted on the bulletin boards in Anderson, Thaw Halls. Any complaints or sug-

(Cont. on Page 4)

Kramer Enters State Oratorical Contest At Vanderbilt

On Friday night, May 1, the State Oratorical Contest was held at Vanderbilt University in Nashville. Maryville's contestant was Jack Kramer who won the preliminary East Tennessee Contest two weeks ago. His oration is "Progressism or Blind Radicalism." The other East Tennessee winner is Max Freidman of the University of Tennessee. Mr. Archibald F. Pieper, Assistant Debate Coach accompanied Jack to the contest.

Dr. Queener Attends U. of K. Inauguration

Dr. Verton M. Queener will represent Maryville College at the inauguration of Dr. Herman Lee Donovan as sixth president of the Kentucky, Wednesday May 6.

Many nationally known educators and dignitaries from public life will take part in the program of the inauguration of Dr. Donovan, which will open with the registration of official delegates and an informal reception at ten A. M. in the Student Union building on the University campus.

A luncheon at noon, in the Student Union, at which John W. Brooker, state superintendent of Public Instruction will preside, has also been arranged, to be followed by the inaugural ceremonies which will open with the processional at 2:30 P. M.

Dr. E. O. Holland, president of Washington State College, will deliver an address at the inauguration, as will Dr. Donovan. Dr. Thomas P. Cooper, dean of the University's College of Agriculture and director of the Experiment Station will preside at the ceremonies, and installation will be conducted by Judge R. C. Stoll, Lexington, representing the Board of Trustees; Dr. Frank L. McVey, representing the former presidents of the University; and Governor. Keen Johnson, representing the people of Kentucky.

Following the inauguration President and Mrs. Donovan will entertain with a reception at Maxwell Place, the president's home on the campus, and at 6:30 that evening a dinner will be given for the delegates, with President Donovan presiding. Principal speaker at the dinner will be Dr. Howard L. Bevis, president of Ohio State University.

Chilhowean Autograph-Seekers Take Possession Of Campus

By DICK WATKINS

At Maryville in the springtime many notable new things take place—everybody goes to a banquet or to a picnic in the woods; we have May Day and Casa Mañana; the seniors take comprensives (unpleasant thought); the brooks bubble, the birds warble, the trees bud, and—the Chilhoweans come out!

Of course everyone is glad to get his Chilhowean and to look through it for the first time, but seeing the new year-book for the first time is not the most notable or noticeable thing about its publication. The most outstanding thing about its publication, it seems to us, is the enthusiasm it arouses among autograph-seekers. Ever since the Chilhowean came out week before last rank of these autograph-seekers have grown with ever-increasing size and vigor.

George Bernard Shaw once said that he had no outstanding personal endowments, but that he was merely normal in that he expressed exactly what he saw about him; the trouble with most people, he said, is that they do not even see what is about them. But that is neither here nor there at the present moment. While the writer may never attain to such eminence as a writer of what he observes as has Mr. Shaw, he will attempt, nevertheless, to pass on to you here his own observations of the various kinds of autograph-seekers of Maryville's campus.

We may well begin by saying that some of those who are to form the objects of our study are not satisfied with a mere signature; they demand something more original. In itself, this seems natural enough in some instances, and when the object of our scrutiny descends upon one who is well known to him the whole process seems entirely understandable. This, however, is not always the case. Since it is most commonly the case for the victor to be well-acquainted with the victim, we shall consider this type first, but we remind you that it is only when the two are not well acquainted that the types become really distinctive.

The first type of autograph-seekers is the easiest to face. He is someone you have known fairly well for some time. He calls you by your first name quite naturally and asks, "Have you signed my book yet?"

You smile and say, "No, I don't believe I have;" take his pen;

(Cont. from Page 2)

Drive Will Begin Wednesday Evening With Special Program

MOVIE ARRANGED

Booth On Campus Will Be Open For Purchases

Beginning next Wednesday, May 6, the International Relations Club is sponsoring a defense savings stamp drive designed to encourage Maryville College students to invest in our national war effort by helping with their dimes and quarters our government carry on and bring to a successful conclusion the present war.

The drive will begin with a special program in the chapel on Wednesday evening at 7:45 o'clock. The admission required to attend the entertainment will be the purchase of one defense savings stamp, thus starting a book. A program of entertainment and fun as well as patriotic emphasis has been planned and reportedly will inculde some of the best talent on the hill. The three flats will sing; Jerry Beaver will play and Becky Jones accompanied by a group of students will offer a pantomine.

The feature of the evening, however, will be the sound movie, "The Man Without a Country" from the book by Edward Everett Hale.

With this elaborate beginning the drive will continue through the week, offering ample opportunity for everyone to purchase large numbers of defense savings stamps. A booth will be situated on the campus centrally located and will be open at mealtime for the purchase of stamps.

Campaigns will also be conducted in the four dormitories, and every effort will be made to enlist the entire student body in this program of aiding the war effort to the utmost with dimes and quarters, sacrifices that are small in comparison with those already made by many thousands. The slogan and byword of the campaign must necessarily be "The whole college is doing it", (which was a statement which Dr. Lloyd made in giving approval to the drive.)

It is also planned to send speakers to the various club meetings held during the course of the week in order that information about the program and enthusiasm for it may be developed with the entire student body. The general committee working out the plans for the drive is, in fact, composed of representatives from each of the clubs and organizations on the hill. The members of the committee are Janet Lindsay, chairman, Phyllis Ann Cain, vice chairman, Margaret McKirdy, Lucille Lynch, George Tibbetts, Malcolm Thompson, Gabriel Williamson, Benjamin Lynt, Oliver Van Cise, and Muriel Geisler.

Defense Saving Stamp campaigns of a nature similar to this one which is being got under way have already been run in large numbers of locations throughout the country, but have not been attempted heretofor on the Maryville campus. Consequently, Maryville College wishes to continue its record of service with a successful campaign. The IRC has taken the responsibility of sponsoring this important campaign and is throwing every effort into insuring its success. It has been stated by IRC officials, however, as well as by Dr. Lloyd, that the complete cooperation of the student body is requisite for success. The quota for the college has been set at three hundred dollars.

Burgreen Entertains Theta Epsilon

Tonight Theta will meet at 6:15 in Theta Hall. Charley Burgreen's famous Hill William Caloon Ensemble will entertain the group. All members are urged to attend these last meetings of the year.

THE HIGHLAND ECHO

Published weekly during the school year, except at examination and holiday periods, by the students of Maryville college.

Help The U. S. Win This War

How many times have you shouted words to the effect that you wanted to do something to help the U. S. win this war, but there just didn't seem to be anything in your line that needed doing? You can stop feeling useless now and start thanking the I. R. C. for giving you the opportunity to do what you've felt unable to do until now.

Next Wednesday an intensive war-time drive will begin throughout the entire nation. It will be conducted on this campus in the form of a liberty-stamps sale. No student should let this drive continue without buying as many as he possibly can.

This is no charity benefit, but an attempt to provide our country with the necessary backing with which to keep its national body and soul intact. There is a possibility that this war, as yet, means nothing to you— that you have not yet realized that we are at war; but the number of those who have lost their lives is too alarmingly great to leave any doubt in the minds of even the most skeptical — this is no child's play, but a mighty struggle which merits equal sacrifice on our part.

When Uncle Sam says "I need you!" he means it. And he means US!

Old Spice
BY JEAN BARNES

Bein' the unstrategic type, we'll start maneuvers with Retreat. It all sounded quite wonderful, a bit on the hocus-pocus idea—mountains and sunburn, worship and food, silence and beauty, rocks in the brook and all that fell into place and turned out beautifully. And apparently everyone was very lady like, or gentlemanly as the person may be, except Willie Williams and Johnnye Gudel. Who both, according to her who lived one blanket over, argued in their sleep and all but came to blows about nitrogen or some such almost nothing.

Speaking of celebrities and people, we hear Chuck Edwards has everybody beat on this annual autograph technique. If he hasn't asked you yet, just try to find another like you.

Have you written out your opinion yet? We see now the outcome of the debate, should Malcolm Thompson or should Malcolm not—add that bit of the villain's essential stage property to his face. Too bad it couldn't be black and fierce. Or no, Roberta?

Or then there's Ed Ballinger in the role of magician, adding white to white and getting blue, throwing Earl Huskey's books to the floor and creating dense smoke and smells meanwhile. Or Professor Van Blarcom McHurrying in education class.

And how to comment on Danny Eveland's tie, Jenx Woodward's macaroni necklace, Martha Baggett's new campaign slogan with "Six feet tall" on the end, Carnegie's impromptu open house Tuesday night, and Edith George's lab working clothes in six well chosen lines was beyond us.

On the list of things to be impressed about, you might consider the first aid kids wandering around in brooms, Doris Gernt's glare when Mary Fisher disturbed her Vesper trance to ask what the other two points were, the transformation of James Manning's April clipping, cranial exposee, or whatever, Charles Earp on the third base theory, Ruth Perrin's twin brother any time, or Richard Scruggs being the light weight victim at first aid class most of the time.

We'd like to order all sorts of congratulations for Casa Manana. Speaking as the echo of everybody, it was a swell piece of work, Dave. Not soon forgotten. Especially Betsy Watkins' prima donna debut. What a voice, what a personality, what a—oh well. The original songs of Jerry Beaver and Margaret Lawson were lovely enough surprise to keep comments still flying.

Sure she loves you, Cecil.

And on the whole it's pretty good spirit of I. R. C. to cooperate in putting on the sale of defense bonds and stamps on the campus. And they sort of wish all the girls would wear red, white, and blue Wednesday, even if only a hairribbon, and make the project really colorful. Oh yes, and cooperate in a remunerative way too. But it's really worth while, yes?

And what did you think of May Day? Professor Walker forcast Thursday that it positively would rain just about the time the queen came down to her throne. Well.

Just by way of an echoing sigh of satisfaction, there was the Echo picnic. Lovedthe way everybody ran for Mrs. Griffitts' cherry pie. Loved the cherry pie. And the whipped cream. And the shoes in the creek, and the Doctor almost in the creek, and the moon on the creek. And the creek.

As I See It
By JANET LINDSAY

On Wednesday, the proposed constitution of the student body was put into effect by a majority vote. The fact that there were only twenty-one dissenting votes proves that the student body is whole-heartedly favorable to it. The responsibility of making this document a working and effective constitution now rests upon each student as an individual member of a democratic society. Certainly the basis for constructive student government is provided for in the new charter. One of the most important points in its favor is that through the student-faculty senate the students gain legislative power actually to pass on existing regulations and to create new regulations subject only to veto by the executive council of the faculty. With this increased privilege comes, of course, graver responsibility on the part of the whole student body to elect only those persons truly qualified to serve in the capacity of council members. Only time and effort will tell whether or not Maryville students are mature enough to accomplish the real purpose of student government.

Last week in discussing the constitution and the student government system at Maryville in general I pointed out that as I saw it there were three fallacies namely—lack of qualification for office, the election system, and control by a few. In attempting to find a solution, in the first fallacies, the only way to remedy it, now, would be by amendment to the constitution providing that class officers and council members should measure up to certain standards such as at least average (C+) grades in the scholastic realm and the ability to fulfill successfully their various offices, i. e., the ability to preside if their office requires it.

The second two fallacies are not so easily remedied. However, I do think that if, as I suggested, a two-party system were developed, the fallacies of control by a selected few would in part be corrected. The advantages of such a system are that it would result in: 1). practical training in democracy which is especially vital at this particular time; 2). forcing candidates to present their particular qualifications for the task, if any, as held up against the qualifications of someone else; 3). clearing what groups and what individuals were supporting which candidate and why? and; 4). presenting issues (should they arise) in a clear light. The mechanics of such a two-party system would not be difficult to organize. The student council could issue invitations to both societies and independent groups to submit candidates for the various offices. However, the submitting of a candidate should be accompanied by a petition signed by members of that particular society or group. Only experience would reveal the most effective method of procedure but certainly this is worth a trial.

To continue, the election system presents a real problem. Any election system no matter how perfect it may appear mechanically is only as honest as the integrity of the persons voting, but it does appear that the present set-up with only slight change, could be more honest. Why not substitute for the lists of class members at the polls a blank book for voters to sign in as they vote. From that point proceed as did the May Day elections of this year. Such a method would provide a check in that the book in which the voters signed would be available if necessary to prove that people voted themselves and to check with the number of ballots. This plan likewise may have deficiencies but again I say, why not try it?

Finally the only way we can ever make any system effective is by a clear understanding of the principles and philosophy of student government. Miss Frances Falvey, an eminent authority on the subject of student government said in an article recently that the broad purpose of student government should be that the government should include the following six objectives: 1) The governmental organization should provide the student body with the means of formulating its purposes and policies as a group. 2) Student government is charged with the obligation to promote an increasing sense of responsibility and concern on the part of the student in respect to the welfare of the total college community; 3) The development of effective leadership and intelligent obedience to authority is a function of student government; 4) Student government is a means provided for the expression of student opinion; 5) If the student government group is making the most of its opportunities it will serve to develop interest in the school, to increase school spirit, and to improve the morale of the college community; 6) No student government association can be credited with success unless it fulfills to some extent its aim to enlarge the consciousness in each member that those who hold opposing views to his own might be just as right, i. e. to cultivate tolerance. These objectives are already being accomplished here in a limited sense. Our aim should be then, I think to see that they are completely carried out, keeping in mind that legally there are no rights inherent in the position of "student", other than access to those services and facilities purchased by tuition and fees. But in view of the fact that one of the fundamental concepts of democracy is the right of those to whom a law applies to have a voice in the development of that law, students are entitled to those considerations due every person living in democratic society. Realizing then that the chief aim of student government is to coordinate the respective aims and purposes of students and faculty to their mutual benefit, let us not shirk our full responsibility.

Chilhowean Feature

(Cont. from Page 1)

write something like, "I 'll always remember the time we got stuck without a ride in Knoxville;" sign your name, and go your way. So far, so good.

The second type is in that class which is composed of the people one sees around the campus until one feels that he knows them, but without their being among his personal acquaintances. People of this type usually politely asks one if he will please sign their annual, and they do not usually expect their victim to write a masterpiece of wit or poetry in the margin. They wisely leave it up the flattered, but often flustered victim to write what he will, and frequently they are rewarded with some nice sort of remark such as, "Best wishes for success." This leaves both victor and victim feeling good. But now for the third type.

These are the professionals of the lot. They are the ones who descend mercilessly upon their befuddled victim who hardly ever knows them by name. They are ones who have not made it a habit to speak to their poor victim about the campus before, but now they not only know him by name, but they have also already found his picture as they were approaching him, and they have their pens already opened and primed to write. They quite frankly tell him to write something besides his name, something funny or just anything, and he sheepishly tries to think of something, for the sudden surprise has shorn him of any strength for resistance. As soon as he has finished, the victorious autograph-seeker can hardly say, "Thank you" fast enough before he or she is off again on a wild dash to catch as many more victims as possible, and in as short a time as possible.

Yunkers Lead Wed. Prayer Meeting

Jimmy Yunkers, a Junior from Newton Pa., had the devotional at the Wednesday night prayer meeting in Bartlett Hall. He chose to read for the scripture the first sixteen verses from the first chapter of Ruth. Following the scripture reading a series of sentence prayers was held by the students. Harvy Overton Jr., junior from Pulaski, Tennessee led the singing.

Every Wednesday evening from 6:40 until about 7:10, all students are invited to attend the Bartlett prayer meeting.

German Club Meets

The German club met last Thursday night for a picnic in the college woods. There were about forty members present. The club has ceased its regular activities for the year.

Saturday afternoon, May 9, the old and new officers of the club will have an outing at Barber's cabin in the Smokies. They will leave immediately after lunch.

NOW—FOR COLLEGE MEN—A NEW OFFICERS' TRAINING PLAN

★ *New Deferred Service Plan Allows You to Continue Your Education* ★

In the skies over America the mightiest air fleet in the history of the world is mobilizing for victory!

So fast is it growing that there is a place here — an *urgent need* here — for every college man in America who can qualify for Officer's Training.

The U. S. Army Air Forces need Flying Officers and Ground Crew Officers. And many of them must come from the ranks of today's college students — men who make their plans now for the necessary Aviation Cadet training.

Thanks to a newly created Air Force Reserve plan, men of all classes — aged 18 to 26, inclusive — can enlist for immediate service or continue the scholastic work required for graduation before being called to active duty.

You must meet the requirements for physical fitness, of course. In addition, you take a new simplified test to determine your ability to grasp the training. A college man should pass it easily.

$75 A MONTH DURING TRAINING

Those accepted who wish immediate duty will go into training as rapidly as facilities permit. As an Aviation Cadet, you are paid $75 a month, with subsistence, quarters, medical care, uniforms, equipment.

In 8 months you can win an officer's commission as a bombardier, navigator or pilot — and be well started on your way to serve America and advance yourself in aviation.

Three Enlistment Plans for College Men

Juniors—Sophomores—Freshmen May Continue Their Education

1. A new plan allows Juniors, Sophomores and Freshmen, aged 18 to 26, inclusive, to enlist in the Air Force Enlisted Reserve and continue their schooling, provided they maintain satisfactory scholastic standings.

All College Men May Enlist for Immediate Service

2. All college students may enlist as privates in the Army Air Forces (unassigned) and serve there until their turns come for Aviation Cadet training.

3. All college students may enlist in the Air Force Enlisted Reserve and wait until ordered to report for Aviation Cadet training.

Upon graduation or withdrawal from college, men will be assigned to active duty at a training center as facilities become available.

If the necessity of war demands, the deferred status in the Army Reserve may be terminated at any time by the Secretary of War.

The new Army Air Force Enlisted Reserve Plan is part of an over-all Army Enlisted Reserve Corps program shortly to be announced. This program will provide opportunities for college men to enlist in other branches of the Army on a deferred basis and to continue their education through graduation if a satisfactory standard of work is maintained. In case of necessity the Secretary of War shall determine when they may be called to active duty.

It is understood that men so enlisted will have the opportunity of competing for vacancies in officer's candidate schools.

This plan has been approved in the belief that continuance of education will develop capacities for leadership. (Reserve enlistment will not alter regulations regarding established R.O.T.C. plans.)

MANY BRANCHES OF SERVICE

There are also commissions awarded in ground crew service. College men particularly will be interested in the requirements for Armaments, Communications, Engineering, Meteorology, Photography. If you have engineering experience your chances of getting a commission are excellent.

As a Second Lieutenant on active duty with the Army Air Forces, your pay ranges from $183 to $245 a month.

ACT AT ONCE

If you want to fight for America, this is where your blows will count.

If you want the best training in the world, and years of solid achievement in aviation—the great career field of the future — this is where you belong. Your place is *here*—in the Army Air Forces.

If you plan to enlist immediately, start getting your necessary papers ready for the Aviation Cadet Examining Board when it meets in your locality. For complete information, see your Faculty Air Force Advisor. You can take your mental and physical examinations the same day you apply. Get further information *now*.

NOTE: *If you wish to enlist and are under 21, you will need your parents' or guardian's consent. Birth certificates and three letters of recommendation will be required of all applicants. Obtain the forms and send them home today—you can then complete your enlistment before any Aviation Cadet Examining Board.*

LET'S GO! U.S. KEEP 'EM FLYING!

ECHO SPORTS

KID BROTHER

The subject for today came to college with a duty to perform. He was to keep a watchful eye on his brother, who, although two classes ahead of him, was a bit more susceptible to that fever known as coeducation. His name is Al (A. E.) Rock and now it appears that each brother will have his hands full looking out for the other. Al was graduated from his local high school in Blue Island, Illinois, last June. While in high school, Al won a letter playing varsity baseball. He also played three years of basketball. He had a part in the senior play and took an active interest in all of his courses.

The kid brother, as usual, outweighs his big brother by almost 20 pounds. Al's territory is right field and he's been out there some time during every game. His biggest thrill—yes, you guessed it—when he knocked in the winning run as a pinch-hitter in the TPI game. Al's bat has worried many opposing pitchers already this season. It brought in five of the eight runs scored by the Scotties against C-N. That kind of batting for a frosh bears watching.

Plans?—well, Al will probably major in Political Science, although he looks forward to coaching when he graduates from Maryville. He's a swing addict, believe it or not, and can name any orchestra, any leader, vocalist, or theme song—well, he can tell you just about anything you want to know about any band. We won't mention that he prefers Memorial maids to Baldwin babes—that might get someone into trouble. Thanks for yours.

TENNIS TRIMMINGS

They say percentages talk, but we believe that they don't tell half of what they know. Oliver (alias Roosevelt, alias Squirrely, alias Bitsy) Van Cise has 100 per cent so far this season. Van played number one man in most of last year's matches. You'll remember that he teamed with Frank Morrow (40) to take the State Doubles Championship the year before that. But this year, a greatly-improved Ted Kidder put on the pressure and beat Van in three sets in the pre-season tournament. Therefore, Ted was awarded the number one spot, and Van the number two. And although the team has lost two close matches (both to UT), Van has succeeded in keeping out of the "lose" column and has come through with seven straight victories. Ted Kidder, as a "veteran novice" in the number one position, has found the competition plenty tough and has done a remarkable job coming through with three wins.

Now when two net stars of that caliber get together, only one result is possible. You have an A-1 doubles combination. Ted and Van started playing first doubles together. They realized what they had to do and what they could do in their first match against UT. They took that match and every one of the remaining five. They lack one thing: a good beating to show them their weaknesses. Whereby, the second doubles team made up of Pratt and Cooper (one defeat) has taken it upon itself to administer the beating. Just any time, fellows! Anyway, that State Meet on the 8th and 9th is going to see plenty of Maryville College doubles play. "Don't say we didn't tell you."

HERE AND THERE

Sports were in evidence on the YM-YW Retreat: chasing a baseball down a ravine . . . . a mixed badminton tourney . . . . Dunc got dunked . . . horseshoes thrown as if there were a horse on the end of 'em . . . . hikes—anyone, anywhere, anytime and any kind . . . . the 'ole swimming hole. Was it cold!

Ask any ball player about the diamond up at LMU. Left field looks like "The Steep Cliffs of Clover." The gallery was rather disconcerting too, we'll wager.

Which reminds us, the tennis team didn't receive a very nice impression of our Jefferson City rivals last Wednesday. No complaint; only glad that our student body knows how to conduct itself at various athletic competitions.

It's too hot to pound a typewriter!

Highlander Nine Takes 20-6 Beating From Tech Tigers

The Scots absorbed the worst drubbing of the current season last Friday at TPI when the Tigers clawed the local clouters 20-6. Mac McGaha started on the mound and gave up 17 hits before Paul Sieber came in and put a stop to the carnage. The Maryville cause was hopelessly lost after the fourth inning when Tech pushed seven runs across the plate to take a 12-1 lead.

Maryville's big inning was the seventh when Lady Luck and two hits gave them five runs. Only one Scot, Mac McGaha, was able to collect more than one hit. For TPI Fletcher and Tucker each picked up three.

Strong U-T Squad Outpoints Scottie Tennis Team 4-3

On Tuesday and Friday, the 14th and 17th of April, the Scottie netmen met the team from the University of Tennessee and appeared both times on the low end of the score. In Tuesday's match, held in Knoxville, Oliver Van Cise took his singles match in short order, Ted Pratt took his with a little more trouble, and Ted Kidder and Van Cise won their doubles encounter in three sets, but the match went to the Tennessee men 4-3. Tennessee journeyed to Maryville to return the visit Friday, met stronger opposition, but again took the match 4-3. Van Cise won his singles, this time in two long sets, and Van Cise and Ted Kidder, Ted Pratt and Ken Cooper cleaned up on the doubles to give the Scots their score of 3 for the day.

Following is a summary of the two matches:

April 14th

Maryville	Tenn.
SINGLES—	
T. Kidder	Crowe (4-6, 2-6)
Van Cise	Weidman (6-1, 6-0)
D. Kidder	Jett (0-6, 2-6)
Pratt	McCallie (7-5, 4-6, 8-6)
Hunter	Hagler (0-6, 1-6)
DOUBLES—	
Ted Kidder Cooper	Crowe McCallie (3-6, 6-2, 0-6)

April 17th

Maryville	Tenn.
SINGLES—	
T. Kidder	Crowe (4-6, 3-6)
Van Cise	Jett (8-6, 7-5)
Hedges	Hagler (0-6, 6-4, 4-6)
Pratt	Weidman (4-6, 3-6)
D. Kidder	McCallie (0-6, 2-6)
DOUBLES—	
T. Kidder Van Cise Pratt Cooper	Crowe Weidman (2-6, 6-4, 7-5) Jett McCallie (1-6, 6-1, 6-3)

———V———

LMU Fails To Worry Winning Scottie Netmen

Copping all seven matches from the LMU racketmen, the Maryville netters made their only trip of the season a complete success as they concluded their trip the night of 23rd. Coach Fischbach used a jumbled line-up to give added experience to his net team. Only one match, Ted Kidder's in the number one slot, went to three sets; the remaining matches did not cause the Scots any trouble.

The summaries are:

Singles:

Kidder (M) defeated Mode (LMU) 4-6, 6-1, 6-2.

Pratt (M) defeated Snodgrass (LMU) 6-2, 6-2.

Cooper (M) defeated Butler (LMU) 6-1, 6-1.

Hunter (M) defeated Giddens (LMU) 6-1, 6-1.

Lloyd (M) defeated Fleenor (LMU) 6-1, 6-0.

Doubles:

Kidder-Van Cise defeated Mode-Snodgrass 6-1, 6-2.

Cooper-Lloyd beat Butler-Giddens 6-1, 6-2.

Maryville Netters Score Whitewash Over Visiting Tennessee Techmen

Kidder Beats TPI's Lane Who Took UT's Crow

Coach Fischbach's netters whitewashed the TPI Engineers 7-0 on the local courts last Friday afternoon. This was the first meeting between the two teams, and Maryville won every match easily, with the exception of the number one doubles play which was closely contested.

In the number one singles, Ted Kidder outplayed Lane 6-4, 6-4 to give his mates an early lead, and Van Cise beat Johnson badly in the number two match. Pratt, Cooper, and Dave Kidder also won singles matches, playing in that order.

Ted Kidder and Van Cise had to play hard to down Lane and Johnson 8-6, 6-3, but after the hard first set, they appeared to gain mastery of their opponents. Cooper and Pratt came through in the other doubles to give Maryville a clean record for the afternoon.

The summary:

T. Kidder (M) defeated Lane (TPI) 6-4, 6-4

Van Cise (M) defeated Johnson (TPI) 6-0, 6-2

Pratt (M) defeated Agee (TPI), 6-3, 4-6, 6-3

Cooper (M) defeated Dicus (TPI), 6-1, 6-4

D. Kidder (M) defeated Roy (TPI) 6-4, 6-2

Van Cise and T. Kidder (M) defeated Lane and Johnson (TPI) 8-6, 6-3

Cooper and Pratt (M) defeated Agee and Dicus (TPI 6-2, 6-1.

Scotties Cop Doubleheader at Murfreesboro

The Maryville Scotties took both ends of a doubleheader at Murfreesboro last Saturday, winning the first tilt 5-2 and the second 6-5. Norm Hooker pitched and won the first game and received credit for the second when he was sent in to relieve Les Rock.

The Highlanders won the first game before a man had been put out in the first inning. Bob Miller walked, Webb homered, Shelfer singled, and McGaha blasted another round-tripper to score four runs, enough to win the game. Spot Shelfer donned the mask and pads for the day and was perfect at the plate with three for three. Norm Hooker was never in trouble. He gave up only two hits and struck out seven in the seven inning game.

The second game was forced to run into an extra inning before Mac McGaha broke it up with a single in the eighth that drove in Shelfer. Les Rock was the starting chucker for the Honakermen, but Norm Hooker came back in a relief role after winning the first game and walked off with the decision.

The wary Teacher pitchers, apparently aware of the batting prowess of Bob Miller and Maryland Mac McGaha, handed twelve walkks to the two sluggers. Seven went to Miller and five to Mac.

First Game:

	1	2	3	4	5	6	7	h	r	e
M. C.		4	0	1	0	0	0	0	6	5	3
M. T.		0	1	0	0	0	1	0	2	2	1

Batteries: M. C. Hooker; Shelfer. M. T. McIntyre, Frazier; Tarply.

Second Game:

	1	2	3	4	5	6	7	8	h	r	e
M. C.	1	0	0	0	3	1	0	1	6	6	0
M. T.	1	0	0	0	4	0	0	0	1	1	5	1

Batteries: M. C. Rock, Hooker; Shelfer.

M. T. Jackson; Tarply.

Darkness Stops MC-C-N Tennis Fray At 3 All

Amidst incessant razzing and bickering from the local fans and various other adverse conditions the Scottie tennis men met the Carson-Newman team last Wednesday afternoon at Jefferson City and came away from the fray with a tie score and extremely tried patiences. Maryville took three matches, Carson-Newman took three, and each side had one set in the deciding match when the affair was called because of darkness. Van Cise and Cooper won in singles, and Van Cice-Kidder took their doubles. Cooper and Lloyd were playing the final match which was terminated by darkness.

Summarily speaking, the contest was more of an experience than a tennis match.

Following is a summary of the match:

SINGLES—

Gardner (C-N) defeated T. Kidder (M) 4-6, 7-5, 8-6.

Van Cise (M) defeated McCartney (C-N) 6-1, 6-3.

Stroud (C-N) defeated D. Kidder (M) 6-1, 6-4.

Danielson (C-N) defeated Hunter (M) 6-2, 7-8, 6-3.

Cooper (M) defeated Watts (C-N) 6-1, 5-7, 9-7.

DOUBLES—

Van Cise and T. Kidder (M) defeated Gardner and Stroud (C-N) 6-1, 6-3.

Cooper and Lloyd (M) tied Danielson and McCartney (C-N) 6-3, 3-6.

———V———

Triangle Club Meets

Triangle Club met last Monday evening and was entertained by the College Quartet. Plans for a picnic to be held on Monday May 4, in the college woods, were discussed. It was suggested that a fee of twenty five cents be charged to cover both the cost of the picnic and the cost of the club's picture in the annual.

A nominating committee was appointed, and an election of new officers will be held at the next meeting, May 9.

INTRAMURAL DOPE

Time was when most of the intramural department's plans and discussions were of the future—of sports to come later in the year. Time is now when most of the talk is about things past—sports and tournaments and what-not which have already come and gone as far as this year is concerned. Some time ago the department's head set today, May 2nd, as the day for the winding up of all intramural activities for 1941-1942. And believe it or not almost everything has been gathered together, tucked in the bag, and tied up tightly. At mid-week only 3 tournaments had yet to be completed, and one of them should be over by the time this paper is off the press.

General dope on these latest shindigs looks something like this:

SOFTBALL—

On Thursday afternoon the bearded House of David whipped Alpha Sig and won the 1942 intramural softball title. It was a hard fought game, final score was 8 to 6, and the winners never really breathed easily till after the last out.

No play-off game is necessary because it is clear that the House is the League champ, the Holy Joes are runners up, and Alpha Sig is the Club winner with no close competitor.

So the season has ended much as we expected two or three weeks ago. Walker Field has served its purpose as fare as official games go; constructive suggestions about a field for the summer and for next year would be welcomed by the intramural department. It is likely that the present field will be used until a better one turns up.

We wish we could shoot a little more dope about this softball season—its whos and whats and whens—but suffice it to offer this summary of the season, made out by Curt Wright Thursday night and declared to be finally official.

Team	W.	L.	Pct.
House of David	10	2	.833
Holy Joes	9	3	.750
Alpha Sigma	8	4	.667
Ministerial	7	5	5.83
Athenian	6	6	.500
Spitfires	2	10	.167
Faculty	0	12	.000

SHUFFLEBOARD—

Since this time last week the shuffleboard tourney progress has been just about nil. Deadlines have been set for the completion of the various rounds, but by Thursday contestants were still waiting to see who would play in the semi-finals.

Bill Hargrave and George Tibbetts are already lined up for the semi-finals, and they will play either Williamson and Bushing or Huskey and Lochner, depending on which of those two come through.

Henry Wick and Percy Martin moved into the semi-finals by defeating the girls' team of Jones and Williams; they will meet either Foreman and Weiss or Dewees and Graham. Finals should appear early next week.

George Tibbetts released to the reporter this statement: "You can depend on it—we will be in the finals."

HORSESHOES—

The barnyard game is in its semi-finals, also, and might have been played off by the week-s end. Cooper and Roseborough are to throw against each other, and McDaniel and Moehlman are to meet to decide which two will tussle in the finals. Winner will be one of those four; that's a cinch.

SIGMA DELTA PSI—

Senior manager Curt Wright said this week that all Sigma Delta Psi cards must be completed and turned in to him by Wednesday of next week in order that they may count on the intramural point system.

ARCHERY—

Today was the day for William Tell, Dan Cupid, or what-have-you tournament. It was held on the Athletic Field, and consisted of various rounds of target shooting with bow and arows. By Thursday of this week the number to enter was not definite, and final figures on it will not show up till next week.

Archery Day.

INTRAMURAL DAY.

News is—and it's to be no secret, we believe—that the official Intramural Day on which the activities and especially the highest point winners of this school year will be recognized and honored in chapel is to be May 12. Be looking for it.

Most problems are money problems. Begin today. Wishful thinking will never get it for you . . . you've got to do something about it. Come in today and let us help you.

Final Election Of Class Officers To Be Held Friday

Last Wednesday morning the Junior, Sophomore and Freshman classes met for the purpose of having preliminary class elections. The final election will be held on the campus Friday, May 8, according to the plans for elections set forth in the new Student Body Constitution.

The results of the Wednesday election follow:

JUNIOR CLASS

President: Bill Sweeney, Art Bushing.

Vice-President: Corny Jones, Edith Monroe.

Secretary: Margaret Clippinger, Jane Glass.

Treasurer: Ed Ballinger, Clyde Brown.

Student Council: Marian McGill, Mary Ruth Hoytt, Mary Jane Costner, Mary Jane Person; Brasher Bailey, Joe Suitor, Tex Lochausen, Ted Pratt.

SOPHOMORE CLASS

President: Chuck Dunning, Hal Lloyd.

Vice President: Pat Howorth, Margaret Boretsky.

Secretary: Mary Jean Partridge, Jean Batchelor, Geordie Meadows.

Treasurer: Bill Evans, Mack Purifoy.

Student Council: Robert Francis, Paul Jamarik, Horace Scherer, Dick Moore, Jeane Eddleman, Marion Schanck, Kay Liddell, Eleanor Williams.

Chilhowean Editor: Sidney Duke, Peter Van Blarcom.

Chilhowean Business Manager: Jim Faulkner, Charles Gilpatrick.

FRESHMAN CLASS

President: Ray Swartzback, Bill Long.

Vice President: Dorothy Lehman, Betty Hoagland.

Secretary: Jean Walters, Ellen Pascoe.

Treasurer: Henry Heaps, Scott McClure.

Student Council: Louise Henry, Margaret Lawson, Kathryn Scott, Jean Bellerjean; John DeForrest, Dale Wiley, Joe Brown, Paul Smith.

Ministerials Hold Annual Banquet

On Thursday evening, April 23, the Ministerials held their annual banquet at the Masonic Hall. Mr. R. T. Dollenmayer, associate professor of Bible, acted as toastmaster. Rev. M. Earle Crawford, pastor of the Kirkwood Presbyterian church of Knoxville and brother of Roy Crawford, was the speaker. Members of the Bible faculty and the attending students were entertained by Lily Belle Grizzard who sang several songs. Ben Lynt led the group in singing.

TALK OF THE WEEK ... By Charles Dunning

Summer School Schedule

(Cont. from Page 1)

gestions which the students might have are requested to be handed into either the personnel office or Dr. Hunter's office.

The schedule as it has been posted is as follows:

FIRST TERM—
First Period—
Biology 101
Chemistry 101
Education 213
Economics 201
Home Economics 303
Physical Education 201
Physics 202.
Second period—
Bible 212
Education 302
Education 353
English 201
English 240
French 201
History 202
Math 101
Music 319 (History of Music)
Philosophy 324
Physical Education 202
Speech 210 (Practical Use of Public Speaking)
Third Period—
Biology 206
Chemistry 215
Education 222 (also Physical Education 222)
English 101
French 302
History 101
Philosophy 308
Physics 304 (Meterology)
Spanish 201
Fourth Period—
Education 220
German 201
Math 302
Physical Education 219
Political Science 201
Psychology 201
Spanish 306
SECOND TERM—
First Period—
Biology 102
Biology 211, 212
Chemistry 102
Economics 202
Home Economics 306
Second Period—
Bible 207
Bible 302
Education 314
English 203
French 202
History 213
Math 102
Music 320 (History of Music)
Philosophy 312 (Theism)
Sociology 202
Third Period—
Biology 302
Chemistry 216
Economics 315
English 106
French 302
History 102
Philosophy 314
Spanish 202
Fourth Period—
Bible 316
Bible 319
German 202
Political Science 304 (Democracy etc.)
Psychology 201
Sociology 316

There are several new elements included in the summer term curriculum. First Political Science 304 which is a course on Democracy will be taught by Mr. A. F. Pieper; Speech 210 which is a course on practical uses of speech will be taught by Professor V. M. Queener; Physics 304, or course in meterology; Philosophy 312, Theism; and finally physical education will be required of all students. In the future four years of physical education will be required for graduation.

Civilian Defense Classes Slated To Begin May 25

A. K. Kizer. local coordinator of Civilian Defense will assist Maryville College in organizing classes for local defense jobs as soon as the registrants who volunteered last month are classified.

President Ralph W. Lloyd announced that the College will be glad to arrange and supervise the instruction and furnish faculty members for all classes except those requiring specialized training which can only be given by special officials such as police officers.

School for Civilian Defense volunteers is slated to open about May 25 with classes running two hours each evening from Monday through Friday. Persons attending one week without any absences would qualify for a Civilian Defense job with an additional two hours of drill, providing he had previously taken a First Aid Course.

Representing Maryville College at the recent sessions at the University of Tennessee Civilian Defense school were Professor George D. Hewell, Miss Rachel Armstrong, J. D. Davis and Professor Verton M. Queener. In addition ot Maryville and Alcoa people who attended the school all these are expected to conduct some of the classes in the defense school.

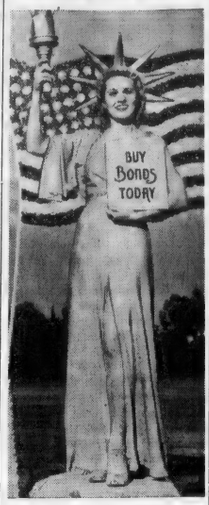
EXCHANGE

Mother: "Sonny, don't use such bad words,"
Son: "Shakespeare used them."
Mother: "Well, don't play with him."

—Yellow Jacket

Captain: "Why didn't you salute me yesterday?"
Private: "I didn't see you, sir."
Captain: "Good, I thought you were mad at me."



Up to sixteen a lad is a boy scout.
After sixteen, he becomes a girl scout.

—The Semaphore.

Teacher: "If you had ten dollars in one pocket and fifteen dollars in the other, what would you have?"
Pupil: 'The wrong pants."

—The Signal

Bonds for Sale

Uncle Sam's bond sales are on the rise and pretty Jetay Parker, of Pasadena, Cal., has a good bit to do with the upward trend. She's heading a group of movie beauties on a country-wide selling tour. She poses as Miss Liberty, a role she enacted in the last Tournament of Roses in her home town.

Alumni Bulletin

(Cont. from Page 1)

jects in addition to physical education. The maximum number of hours permitted will be a total of 14 for the whole session of two terms. The courses are offered by term and those available in each term will differ considerably. The hours of credit given will be the same as that offered in an ordinary semester. It is planned to make music lessons available through the summer.

Old students registering for summer school will register on the day appointed for people of their class and all must have completed registration by June 9, on which day new students will register. No student will be allowed to register after the Thursday of the first week of the term.

It has also been planned by Miss Clemmie J. Henry, Director of Student Help, to carry on the Student-Help program according to the same plan used hitherto, making work available to summer school students who need it. Application for work should be made as soon as possible.

—V—

Knoxville Pastor Will Speak At Wednesday Chapel

The Reverend Earle W. Crawford, pastor of the Kirkwood Presbyterian Church, Knoxville, will be the speaker at the regular Wednesday chapel service.

The Reverend Mr. Crawford graduated from Maryville College with the class of 1935 and from the Louisvillle Presbyterian Theological Seminary in 1938. While in seminary, he was the assistant at the large Fourth Avenue Presbyterian Church in Louisville.

During the academic year of 1940-'41, Mr. Crawford had a leave of absence from his church to study at Princeton Theological Seminary, where he received the degree of Master of Theology in May 1941. At present he is waiting to be called to fulfill an appointment as a chaplain in the United States Army.

Orchestra Will Give Concert Tonight At 8:00

On this evening, May 2nd at 8:00 o'clock, the Maryville College Symphony Orchestra will give a concert of selected music as a part of the annual Music Festival. The concert will be held in the Voorhees Chapel with Professor Ralph Colbert conducting, and Miss Dorothy D. Horne, assistant professor of music, acting in the capacity of Concert Master.

The orchestra has been working under very serious handicaps, what with comprehensive and the draft interfering with rehearsals, but an excellent program has been planned and the orchestra will perform as scheduled.

The program includes the following selections and has been arranged as follows:

I. Overture to Mozart's Marriage of Figaro

II. Symphony in A, or the Italian Symphony by Mendolsohn the four movements of this symphony are:
1. Allegro vivace
2. Andante con moto
3. Con moto moderato
4. Presto

INTERMISSION

III Third movement of the Third Violin Concerto in B minor by Saint Saens—the soloist will be Catherine Cruze

IV. Emperor Waltz by Strauss.

The orchestra is composed of twenty-seven pieces which includes 12 violins, 2 violas, 2 cellos, 1 string bass, 1 flute, 1 oboe, 2 clarinets, 1 trumpet, 2 horns, 2 trombones, and one tympani.

President Lloyd Speaks At Tenn. Wesleyan College

Dr. Ralph W. Lloyd was the speaker at the Faculty Club dinner at Tennessee Wesleyan College Athens, Tennessee, on the night of April 23. His subject was "The Colleges and the War." Others who were present at the banquet from Maryville were Mrs. Ralph W. Lloyd and Miss Jessie K. Johnson, a former member of the Tennessee Wesleyan faculty.

At the annual convention of the Tennessee Congress of Parents and Teachers, held in Nashville on April 29, Dr. Lloyd spoke on the subject, "Spiritual Values—Today and Tomorrow." Dr. Lloyd's address was the closing address of the convention, held in the War Memorial Auditorium near the capitol. Immediately following this meeting, Dr. Lloyd spoke on the same subject over one of the Nashville radio stations.

On Sunday evening, May 3, Dr. Lloyd will give the commencement address at the Sevierville High School at Sevierville, Tennessee. The Reverend James R. Smith, Public Relations Secretary, will deliver the Huntsville High School commencement address on the evening of May 1.

Dr. Lloyd will address the banquet of the annual convention of the Tennessee State Federation of Women's Clubs to be held at Briston, Tennessee, on May 7. The other speaker at the banquet will be Governor Cooper of Tennessee.

BUSHING AND DUKE TAKE PROMINENT POSTS

War Stamp Sale Progresses With IRC Leadership

Week-Long Campaign Opened On Wednesday; $300 is Quota Set

IRC War Savings Stamp Campaign got under way last Wednesday, May 6. The opening program was held in Bartlett and the entertainment consisted of patriotic musical selections, group singing, a reading, a Red Cross pantomine, and a movie on the Constitution. The meeting was well attended climaxing a successful first day's sale which netted $43 in War Savings Stamps.

On Saturday evening another event in this week of emphasis on buying stamps and bonds will be the showing of another movie on the campus as a part of the activities of that evening. This movie is entitled "Fighter Pilot."

A booth decorated in red, white, and blue and a large V has been open each day following meals and chapel where students and faculty can buy. So far there has been a high degree of cooperation, but even more intensive work on the part of all will be necessary if our quota is to be attained. The quota which has been set is $300. Up until Friday $90.00 of stamps have been purchased. When one thinks of the significance—nation-wide—of the drive and how much it actually means, it would seem that slogan of a "Stamp a Day" until the campaign closes next Wednesday would be a patriotic aim for every student.

Students representing the Student's Committee on War Savings Stamps will speak to the four Societies at their regular meetings on Saturday night. Janet Lindsay will speak at Athenian, Lucille Lynch at Alph Sigma, Henry Wick at Baininian, and Benjamin Lynt at Theta Epsilon.

Commencement Play Will Be Friday

Cast Composed Of Veteran Players

On Friday, May 15, the annual Commencement play will be presented in Voorhees Chapel. "The Truth About Blayds," directed by Mrs. Nita Eckles West, is expected to be one of the highpoints of Commencement week.

The fact that an experienced cast is being used promises a smooth and finished production. Jerry Beaver will play Oliver Blayds. Isobel Blayds, his daughter, will be portrayed by Virginia Berg. William Conway will be played by Dave McDaniel; the part of his wife, Marion Blayds-Conway is being done by Elizabeth Glover. Oliver Blayds-Conway and Septima Blayds-Conway will be played by Harry Lyle and Bette Jeanne Kennedy. John Hawkins will play A. L. Royce; Jordy Meadows will play Parsons.

As the play moves into the last week of rehearsal, Mrs. West reports that it is coming along in a very hopeful way. The play is a comedy in three acts, believed by critics to assure an enjoyable evening.

The productions staff consists of: Director—Mrs. Nita Eckles West, Stage Manager—Charles Hildreth, Business Manager—J. Edward Kidder, Assistant Director—John Hellums, Costumes—Betty Clevenger and Alice Jones, Properties — Phyllis Henry and Dorothy Lehman, Advertising—Mildred Montgomery assisted by Betty Querns and Nancy Russell.

It is of interest to note that the new curtains to be used for the first time in "The Truth About Blayds" were purchased with the proceeds of "Charlie's Aunt."

NOTICE

Exams will begin Monday morning at 9:00 with exams in C and CX courses which were originally scheduled for Thursday morning. There will be no exams on Thursday morning. The classes originally planned to be continued through Monday morning will not be held. Otherwise the exam schedule is to be carried through as first announced. It is as follows:

Monday, May 11 — 9:00 cx, C
1:30 A, E, F, x
Tuesday, May 12 — 9:00 a
1:30 b
Wednesday, May 13 — 9:00 bx, B
1:30 c
Thursday May 14 — 1:30 d
Friday, May 15 — 9:00 dx, D
1:30 e
Saturday, May 16 — 9:00 f

Alumni Day Set For Next Saturday

Seminars, Luncheons Planned For Visitors

On next Saturday, May 16, alumni of the College will be welcomed back on the campus for the annual Alumni Day. At 8:10 in the morning there will be a special Chapel Service with music by student groups. Following this at 9:00 a. m. alumni seminars will be conducted.

Reunion luncheons are being arranged by members of the different reunion classes of this year and will be held in town at noon. Between the hours of three and five President and Mrs. Lloyd and Dr. Stevenson will hold a reception for alumni, parents of students, other guests, and seniors at the President's House. The annual Alumni Dinner will be given in Pearsons Hall in the evening at seven o'clock.

The Band Concert which is scheduled for that night at nine o'clock will be held on terrace behind Pearsons.

Dr. and Mrs. Lloyd Entertain Seniors At Annual Party

President and Mrs. Ralph W. Lloyd entertained the Senior Class at an open house reception in their home last Wednesday evening from eight until ten.

The wives of members of the faculty assisted Dr. and Mrs. Lloyd as hostesses in entertaining the seniors who came and went during the two hour period from eight until ten o'clock. Refreshments consisting of ice cream, cake, nuts, and grape juice were served during the course of the evening. A large proportion of the senior class attended.

Glee Clubs Give Annual Concert On Friday Night

Keirn, Quartet Alette Soloists; Cowen Conducts

The Maryville College Men's and Women's Glee Clubs presented their annual concert yesterday evening in Voorhees Chapel at eight o'clock. The program was conducted by Miss Genevieve Cowen of the Music faculty, and the soloists were; Marcia Keirn, soprano, the Maryville College Male Quartet composed of Harry Lyle, Jack Lippard, Dean Stiles and Carl Miller, and Carl Alette, pianist.

The recital began with the combined glee clubs singing the English composer, Sir Edward Elgar's song, "My Love Dwelt in a Northern Land", a song of Scandinavian coloring and inspiration similar in form to the ballad and with a tragic conclusion. The other selection of the first group sung by the glee clubs was "Vanka and Tanka",

(Continued on page four)

Maryville Graduate Receives Honor

James Montgomery Gets Fellowship

James E. Montgomery, graduate of the class of 1940, has just received the honor of being awarded a Julius Rosenwald fellowship for the coming school year. In a recent letter to Dr. Ralph Case, Associate Professor of Sociology, Mr. Montgomery explained the conditions it entails. The grant carries a stipend of $1500. This Rosenwald fellowship is one of several initiated by Julius Rosenwald for the purpose of promoting advances in racial harmony. Under the conditions of the grant, the student must plan to devote his study to research and work on the problem of race relations in America. The fellowships are granted to both Negro and white students.

Mr. Montgomery was graduated from Maryville two years ago as a sociology major and has since been working on his master's degree at Vanderbilt University in Nashville. While at Maryville he did honors work in sociology. As part of the conditions of the fellowship he must spend one quarter of his year's study at a northern university, the identity of which has not yet been decided. Mr. Montgomery plans thus to complete work for his Ph. D. degree in this field of sociology.

Alumni Magazine Will Be Ready During Next Week

The spring issue of the 1942 Alumni Magazine will be off the press and ready for distribution next week, according to an announcement by Mr. James R. Smith, Public Relations Secretary of the college, made on last Wednesday. The magazine will be similar in form to the last spring and fall issues except that there will be pictures on both the back and front covers of this issue, and the color tone of these covers will be green. The same picture of Anderson tower will appear on the front cover, and a picture of the tower of the Lamar Book store and post office building will be placed on the rear cover.

The items of information covered in the spring magazine, part of which has already gone to press, will include those topics entered in the fall issue with several additions. The most important of these subjects are as follows: news concerning alumni—such as births and deaths, recognition of books written by alumni and published this year, the recent accrediting of the music department by the National Association of Schools of Music, a message from President Ralph W. Lloyd to the alumni, a resume of college sports for the year, a brief analysis of the program of the college's cooperation with the national defense and war effort, the account of the Maryville College Alumni breakfast held during the meeting of the General Assembly of the Presbyterian Church in the U. S. A. earlier in the year, a list of visiting speakers at chapel services of this year, and an article on the college's program for the summer session.

The Public Relations Office under the direction of Mr. Smith has gathered the material for the magazine and prepared it for publication. It is expected that the magazine will be completed and off the press early next week in time for distribution to alumni before Commencement Week. Part of the magazine has already been completed and has been at the printers for some time.

Army Announces New Air Corps Training Program

Word was recently received by the office of the dean of students of the newly inaugurated plan for the training of young men, interested in aviation and the army, for service as oficers in the army air force. The information sent indicated that according to new plan, all men between the ages of 18 and 26, inclusive, whether married or single, whether in business, industry, high school, or college, would be offered an opportunity to compete for and win an officer's commission in about 8 months.

This new progam has new, simplified requirements for those entering the training course. One need only to be an American citizen, past the age of eighteen, and not yet having reached one's 27th birthday. To be eligible to qualify for the course. It is no longer necessary to present a diploma or other credits to enter; for a new simplified test is taken by all who would enter. This test is designed to determine the applicant's ability to master the training necessary to compete for an officer's commission.

There are three ways to enlist in this new training course after one has passed one's Aviation Cadet physical and mental examinations. One can enlist in the Army Air Forces (unassigned) and enter active service immediately as a private, with the understanding that one will be appointed an Aviation Cadet and start Cadet train-

(Continued on page four)

Commencement Plans Announced; Three Services

Baccalaureate And Vespers On Sunday; Graduation Monday

The three public services conductned by the College in connection with Commencement and the speakers for each are as follows:

The Baccalaureate service is on Sunday morning, May 17, at 10:00 a. m. President Lloyd of the College is the speaker.

At the Commencement Vespers, held on that evening, the speaker will be Chaplain Frank L. Miller, of Washington, D. C. Chaplain Miller graduated at Maryville College in 1914, and later from the Princeton Theological Seminary. He is now a colonel in the Chaplains Corps of the Army and is on the staff of the Chief of Chaplains in Washington. He is the father of Frank L. Miller, Jr., of the present sophomore class.

At the Commencement Exercises on Monday morning, May 18, the speaker will be Rev. Dr. Roy E. Vale, pastor of the Tabernacle Presbyterian Church, Indianapolis, Ind. Dr. Vale was at one time pastor of the Second Presbyterian Church in Knoxville, going from there to the First Presbyterian Church of Oak Park, Chicago, then to the Woodward Avenue Presbyterian Church, Detroit, and then to Indianapolis. He is a Director of Maryville College and twice has been the leader of the February Meetings, in 1930 and in 1934.

Approximately one hundred and twenty-five seniors will be graduated from Maryville College Monday, May 18. Commencement this year marks the one hundred and twenty-third event of the kind for the college. There are more girls in the class than boys, and more than two thirds of the states of the Union will be represented.

The commencement activities will start next Wednesday morning when the seniors will have charge of the chapel services.

Friday, at the chapel services, prizes which have been won will be awarded to students. On the and four by the Social Committee itself.

(Cont. on Page 4)

Jury Make Awards To Art Students

Art Show Held In Thaw Hall From May 1st to May 12th

The All-Student Art Exhibit is now on display in the reading room of the library in Thaw Hall. It will continue through May 12.

Approximately seventy pictures were submitted to the Jury of Selections and Awards. The jury, made up of seven members of the faculty and student body, met on May 1. Fifty works of painting and sculpture were admitted to the show.

First awards for quality in oil painting, sculpture, water color, and pastel were voted to the following: Joseph Dickinson for his oil painting "Barn on Landscape," Robert Schwarzwalder for his plaster cast of "If You Knew Suzie", J. E. Kidder for his water color painting "Marine", and Eleanor Hall for her pastel "Floral Design."

Honorable mention for qquality in watercolor painting went to Ruth Carter for her "Seascape", Neil Proffitt for his "Moonlight Cocktail"; Honorable mention in oil painting went to George Devereux for his "Composition on the Square Root of Three',, Jeannette Householder for "Landscape", and Lloyd Shue for his "Mine and Mountain'. Honorable mention in sculpture went to Mildred Montgomery for her clay head "Spring."

This is the largest and most diversified student art show held in recent years at Maryville College.

ART BUSHING ELECTED AS PRESIDENT OF THE SENIOR CLASS

APPROXIMATELY 360 VOTES CAST

Hal Lloyd, Ray Swartzback Elected to Head Junior And Sophomore Classes

In the first general election held under the newly adopted constitution for the student body, and conducted by the student council committee on elections, the polls were thrown open at 9:00 o'clock Friday morning, May 8, and remained open until 4:00 in the afternoon during which time 360 ballots were cast for all class officers and student council repesentatives and for the editor and business manager of the Chilhowean as well as for the officers of the Athletic Board of Control.

The results of the election returns, as released by Charles Mccammon, chairman of the student council committee on elections are as follows: In the senior class of '43 Arthur Bushing was elected to the presidency, Edith Monroe to the office of the vice-president, Jane Glass to the secretaryship, and Clyde Brown to the post of class treasurer. Those elected to represent the class on the student council were Marian McGill, Mary Jane Costner, Brasher Bailey, and Ted Pratt. A total of 107 votes were cast by this class.

Next year's junior class cast a total of 120 votes, and elected Hal Lloyd president, Pat Howarth vice president, Bill Evans treasurer, Sidney Duke editor of the Chilhowean, James Faulkner business manager; and to the student council they elected Jean Eddleman, Eleanor Williams, Robert Francis and Horace Scherer. Due to a technicality no election was declared in the case of the office of secretary.

Raymond Swartzback was elected president of the in-coming sophomore class, Dorothy Lehman vice-president, Jean Walters secretary,

Choir To Sing On Mutual Broadcast

Choir Participates In Alcoa Program

The Maryville College Choir will appear on a Mutual Network broadcast at 12:15 p. m. on Tuesday, May 12, as a part of the commemoration program which will be conducted at the north plant of the Aluminum Co. of America in Alcoa, Tenn., when this plant will receive the Navy "E" award from Rear Admiral Stark, chief of naval operations.

This program, which will include 15 minutes of choir music—from 12:15 to 12:30, will be heard over a network of over 300 stations throughout the eastern portion of the nation. It will also be broadcast over all three of the local stations.

The plant, for having attained the "E" rating, will receive from the hands of rear admiral Stark a large flag which bears the navy anchor and a large red "E" superimposed in the center, which flag will be flown from a conspicious place to evidence the co-operative spirit of the plant. Only two other plants in this section of the state have so been honored.

Deposit Refunds Will Be Made

Advance Deposits Payable May 12

Refunds of the advance deposits will be made at the close of school. Students rooming on the campus will receive tickets when keys are returned to the dormintory head; seniors will receive tickets when caps and gowns are returned to the Book Store, and all students will receive tickets when textbooks are returned to the Book Store. These tickets must be presented at the Office of the Treasurer in order for one to receive his refund.

Breakage and other charges will be deducted, after which the balance will be refunded.

Advance Deposits for 1942-43 may be made during regular student hours at the treasurer's office beginning May 12.

Seniors To Conduct Chapel Wednesday

Wednesday morning the senior class will be in charge of the chapel exercises. Having the seniors in charge of the program in chapel the last Wednesday of the year is a tradition of the college that is observed annually. At this time it is customary for the seniors to walk in formal procession in caps and gowns into the chapel; a short program is held in which the juniors move up and officially take over the chapel seats which the seniors have vacated.

Martin To Speak

Tomorrow at 1:30 the YMCA will hold its last meeting of the year. Percy Martin former president of the YM will be the speaker

Social Committee Sponsors Party

Event To Feature Games On Lawns

Tonight the Social Committee is sponsoring an As-You-Like-It All-College party. The entertainment for the evening will consist of the following: open swim, shuffleboard, croquet, table-tennis, badminton, horseshoes and rollerskating. The party will be from 7:30 to 10 o'clock. Refreshments will be served on the lawn between Thaw and the Bookstore.

During this school-year the Social Committee has sponsored entertainment for 19 Saturdays, some of which have been; four night of basketball and wrestling, two of the intramural department, three of class parties, one chapel performance of plays and readings by Miss Seedorf, one of Theta Alpha Phi, one of Casa Manana,

(Continued on page two)

Maid Shop Shipments Go To Pearl Harbor; New Orders Received

The College Maid shop has made thirty shipments of nurse's uniforms to Pearl Harbor since January 1. It has had 150 orders from New Hampshire and several from Rhode Island.

Mrs. McMurray wishes to announce that there will be a limited number of places open for girls who are palnning to stay for the summer. Anyone interested should apply as soon as possible.

STUDENT FINDS LAST WEEK OF SCHOOL A SERIES OF CONFUSIONS AND "ORGIES"

By LILY BELLE GRIZZARD

A feature written in a light semi-humorous style is really a personal essay. Personal or informal essays are written on a subject that the author is interested in. What I'm trying to say is that this is going to pertain to a phase of college life that vitally interests me—going home.

There are three steps in going home; namely—packing; the actual trip home; and the aftermath. Shall we start with the preparatory movements?

About the middle of March some bright soul will suddenly interrupt a jam session exclaiming, "Heavens, do you know that its only about two months until school's out? We've got to start studying! Gadzooks! Exams in no time! Unfortunately, that's only a premonitory twinge of conscience that doesn't take effect.

The next six or seven weeks dawdle pleasantly by until suddenly the whole campus awakens to the cheerful observation that exams are close enough to breathe fiery warnings of torment (in the form of examinations to come) on the quaking unprepared students. However, there is a pleasant side to the picture (everybody looks at this one). The cheering thought is that soon we can be lazy without racking our brains for an alibi for being what we are naturally inclined to be.

Trunks and bags are dragged from the storerooms, a year's accumulation of souvenirs, junk, and clothes are brought forth. Are we all agreed that packing is a major problem? Probably not. Boastful people are always asking smugly "Why do you let packing bother you? Why don't you just leave most of your things here to be stored? Of course, taking it for granted that I have a vacuum where most people have a brain, I can still find something to keep me fretting. The problem as I see it is that either you have to worry about where you're going to find room for everything or you puzzle about which things you can get along without enough to allow you to store them all summer.

SATURDAY, MAY 9, 1942

Time To Retire?

It sort of sounds wonderful—this retiring business. Brings to mind plunging into downy sleep, traditional sweet oblivion, and all those things. But then it can mean much more. This week the members of the staff are putting out the paper without the three seniors. The seniors have sort of gracefully passed out and left us, by will, the paper—and left us with an unexpressed challenge, "Carry on, Old Things; we survived." That reminded us of the retiring idea.

In about a week for many seniors dependency will end. Henceforth they will be expected to support themselves, take their place as independent members of and contributors to society. Here their work is planned for them; rules are outlined; duties are specific. They have been comfortable, important, and useful. It is rather a sober thought to realize that the position we've gained for ourselves in life is ours only briefly, that we must resign all this to others. We have enjoyed knowing this senior class, admired their achievements, hate this farewell. At the risk of sounding like an amateur commencement speaker, we'd like to recall something. America has the greatest aggregate of school trained youth of any country. With material like that, our country demands and deserves great things from us. To you who may hate to give up this that is Maryville, remember that Life has so much for you to do, so many places where you will be needed, be happy. And to us who must leave the familiar classification of freshman, sophomore, or junior for the tasks of what comes next: on the back of the command, "Pass out," is written "Come to!" And you come too.

J. L. B.

Old Spice

Written This Week By Jordy Meadows

And don't we all feel important with our little you-know-what books? Just think what this whole thing is going to do for the figure, gals. One of the tenderest scenes during the whole rationing week was Marguerite Taylor teaching young, shiny-nosed hopefuls, Lucette DeBarritt, Lester Boyd, and Jean Barnes in the first grade room of the Fort Craig school how to act when they grew up. Incidentally, just about the moment Carl Miller was signing Carl Miller on the dotted line the former's fond parents were signing Carl Miller on a similar dotted line. Now all the government has to do is to find out that the aforementioned student is the proud possessor of two means of obtaining C12H22011, and will be in 10,000 bucks—hide your piggy banks, kids.

Dr. Briggs still thinks he has a phobia. He was quietly not harming a soul in the psych lab the other day about ten minutes after the bell had rung. The silence was acute. Suddenly about ten students popped out of a closet in the corner of the room and proceeded noisely and nonchanlantly on their various ways without a word of explanation to the prostrate prof. Professor Barker emerged just in time to treat the patient for shock, call a physician, and explain about his experiment with lights.

Beware of chewing gum, Igor!

Half of Baldwin has gritted its teeth, tightened up slack will-power, and chooses passing a few courses, while the other half is developing a Flordia tan out in the side yard. Joyce Pohlman and Kitty Loesch look too luscious with all their brown. The rest of us melt when some kind soul without too many qualms about absolute truth admires our tan.

Orchids to the May Day committees and everybody on the program. Words cannot express the beauty of our queen and her attendants. Even if the rain did spoil the program again on Monday what we saw on Friday was simply super. Orchids, too, to the Men's Glee Club. Duke won the contest but we still think that you're best, fellows.

And don't the rest of you think that Flem Griffith is a lucky man? Helen is only slightly left-hand conscious now. They both think that it was particularly wonderful to have family around at THE moment.

Fran Merker's Sam is right popular around these parts now, especially with Pat Howarth. Sam brought a Lieutenant with him on his last visit, and Pat drew lucky number. Now she's reading letters furiously and counting minutes until next weekend, and her answer to a perfectly sane question is, "He's so pretty."

If you want some fun ask Peggy Caldwell, or Katie Tomlinson, or Spo't Shelfer what they think about the beauties of nature in the spring—more particularly about green benches with very fresh paint and without any signs.

We're all proud of the way the campus is eating up War stamps with 100 per cent cooperation. Under the capable direction of I. R. C. the money's just rolling in. All the high-pressure salesmanship that the members were equipped with hasn't had a chance. And that's a good-looking Victory booth, too.

And this is sweet! Paul Kolter, Esther Wynn, Duane Collins, and Mary Knight went over to John Guinter's house the other night to make candy. Came 10:00 and they just had to leave—so the candy wasn't done. Undaunted they picked up the pan and a spoon, and they beat the concoction all the way back to the campus. By this time the candy had decided to be difficult and it still wasn't finished. So they sought the aid of Mrs. Snyder. Pretty soon they all just devoured it anyway. And John Guinter pronounced the sage words of the century when he whispered, "And they had to beat it all the way home!"

And we tiptoe away from that one!

Some things that we would like to ask why—the halls filled with trunks look so nice—Dr. Griffitts always looks so diabolical when he's talking about an exam—the campus gets so gorgeous when we're ready to leave—we all can't go on wonderful picnics—the gentle sport of shuffleboard makes one stiff—spring fever develops into sleeping sickness when term themes are due.

And don't you think the best man won?

FROM THIS CORNER

BY BEN LYNT

For nearly two years now a great many young men in camps all over the country have been learning the vital difference between broomsticks and Springfields or Garandes, have been finding out what it means to be out of direct contact with home and family, and how to work and march and eat and sleep under strict orders. They have learned to do all of this ,and to smile at the blisters and back aches and sore arms, partly because, as they have been made aware of the emergency, their moral fibre has stiffened and they now feel that they are helping to keep this country as one country which shall always be the home-land of freedom where there is equal justice and opportunity for all.

Countless civilians have settled down to the grim business of penny-stretching and of becoming qualified air-raid wardens, first-aiders, and home guarders—and have done so with zealous pride. There is a general feeling of the nearness of the war and a desire among men to do their all to bring about a victory for the Allies, and that as early as possible. But there are yet some who have not had the time, or have not taken the trouble to grasp the magnitude and far-reaching scope of the war effort.

The estimated cost of one destroyer is somewhere in the neighborhood of 5 million dollars. About 2 million will buy a good submarine, and a super-dreadnaught can be had for 75 or 100 million dollars.

The government estimates of War spending are rather staggering to the average man who is in the habit of thinking of money in the terms of the rising price of butter and eggs, and how much it costs to put daughter through school this year, and how much the old automobile will bring on a trade-in. Twenty-eight billion dollars instead of 26 billion for the fiscal year ending this June and 70 billion instead of 56 billion for the coming year are sums not to be taken lightly or jested about. Those sums just mentioned are what the government has estimated it will cost to keep ou rend of the war going.

In figures more easily understood, let us say it this way,—in 1940 the United States averaged $230,000,000 per month in preparation for war. Last year the spending doubled, then tripled, and then quadrupled to 1½ billion a month. After Pearl Harbor this figure rocketed to 2.3 billion per month and has steadily increased to where the government now estimates that by this September it will be spending at the rate of 5 billion dollars each month. As your next door neighbor might say, "Brother, that ain't hay."

Where is all of this money going to come from to oil the awful war machine which we so sadly need? From taxes ,of course; but that will not be nearly enough. President Roosevelt has said that this war is the people's war. To win this war all of us shall have to live our lives with less and less—our standard of living will have to come down.

We will have to willingly subject ourselves to the rationing of commodities other than sugar—and remember that if we are going to be victorious in our effort to preserve the dignity and decency of modern life we will have to make sacrifices and invest all we can in buying a share of the future.

We are fortunate in being privileged to live in a country where our money is no "appropriated" by force, but where instead we may exchange it for defense and protection and then get it back in cold cash in ten years at 2.5 per cent interest per annum compounded semi-annually.

TALK OF THE WEEK ... By Charles Dunning

ELECTIONS . . .

(Cont. from Page 1)

and Maurice McClure treasurer. Those elected to serve on next year's student council from this class are Louise Henry, Katherine Scottt, Jack DeForrest, and Dale Wiley. The present freshman class cast 135 votes in electing their representatives.

Elected to represent the student body on the Athletic Board of Control as officers were Joe Suitor, who will be president, Robert Herzberger, vice-president, and Oliver Van Cise, who is to be secretary.

The counting of the ballots was done by the student council under the direction of the committee from the council on elections. Dr. Fred A. Griffitts acted as faculty advisor, by invitation, and the whole of the tabulating operations was directly supervised by Charles McCammon, chairman of the committee.

Those elected to fill the more important positions next year in yesterday's balloting include Arthur Bushing, elected to the Senior class presidency, who hails from Jamestown, Tennessee—the home of Sgt. York.—Bushing has been active on the YMCA cabinet and has participated in the Y sponsored Intramural events, both as a player and as a class manager; he is an English major, and is a member of Writers' Workshop. Hal Lloyd, elected president of the shop this year, has served on the YMCA cabinet, has just completed a year of varsity debate, is a member of Pi Kappa Delta and Writers-Workshop, prize winner in the T. T. Alexander Oratorical contest, and a member of the tennis team, as well as being a writer for the HIGHLAND ECHO; Sidney Duke, whose home is in Arlington, Texas has been a member of the Y cabinet, was elected to Writers' Workshop this year, has servedl on the ECHO for two years, and was the president of the sophomore class this past year; Raymond Swartback, who has been active in YM work since coming here last fall as a freshman from Baltimore, was a member of the freshman debate squad, and was recently elected as vice-president of the Ministerial Society; Joseph Suitor, whose home is in Rienzi, Mississippi is a sociology major, captain of next year's wrestling team and a three-year letter man.

Theta To Install Officers Tonight

Theta will meet tonight at 6:15. There will be an installation of the newly elected officers. The officers are as follows: Alice Jones, president; Betty Clevenger, vice-president; Jean Batchelor, secretary; Bobilee Knabb, treasurer; Anne Jones and Peggy Caldwell, program chairmen.

Alpha Sigma To Install Officers

Alpha Sigma will hold its regular meeting in Alpha Sigma Hall tonight at 6:15. The new officers for the coming year will be installed at that time. The International Relations Club will present a program to the society.

SOCIAL COMMITTEE . .

(Continued from page one)

This year the committee has bought two croquet sets, one badminton set, and reconditioned the shuffleboard. It has also recently purchased kitchen utensils for picnics for rental to groups desiring them for outings. The music in the dining hall on Saturday evening was also furnished by the Committee.

The Committee received $200 from the College this year. Of the $50 balance, the Committee will advise its use for entertainment of Students at the Summer Ses-

Exchange

Two little kittens watching a tennis match turned their heads pivot-like as they followed the ball back and forth, back and forth. One got tired and said, "Let's go I'm tired." But the other replied: "No, I'm going to stick around—my old man's in that racket."

—The Collegian

Trees? D's? B's? You Name It
I think that I shall never see
A "D" as lovely as a "B".
"D's' are made by fools like me
But only apple-polishers can
make a "B".

Confucious

"You can't keep a good man down," said Confucious as he watched the preacher bob to the surface of the lake for the third time.

"I'm fed up on that", said the baby pointing to the high chair.

And then there was the one about the little moron who shot and killed his father and mother so he could go to the orphan's picnic.

And ohhhh, yeah, the one about the lightening bug that was delightning bug that was delighted when he backed into an electric fan.

"Won't you join me in a cup of coffee?"

"Sure, you get in first."

Willie with a thirst for gore,
Nailed the baby to the floor.
Mother said with expression quaint,

"Mind Willie, or you'll spoil the paint."

—All State

Caller: "I would like to see the judge, please."

Butler: "I'm sorry, sir, but he is at dinner."

Caller: "But my man, my errand is important."

Butler: "It can't be helped, sir. His honor is at steak."

Father fell on the ice
Because he could not stand.
Father saw the Stars and Stripes,
We saw our fatherland.

—High-Lights '40

And the freshman from Brooklyn who is taking English as his foreign language requirement?

—Kentucky Kernel.

Hope Leads Prayer Meeting Wednesday

Winifred Hope, a junior Bible major, had the devotional at the Wednesday night prayer meeting in Bartlett Hall. She chose to read the story of Martha and Mary found in the latter part of the tenth chapter of Luke. Following the scripture reading a series of sentence prayers was held by the students. Harvey Overton Jr., a junior ministerial student from Pulaski, Tennessee led the singing.

All students are invited to the Wednesday evening prayer meeting in Bartlett. It lasts from 6:40 until about 7:10.

Athenian To Elect Officers Tonight

Athenian will hold its last meeting of the year tonight in Athenian Hall at 6:15. At this meeting, the new officers for next year will be elected. All members are requested to attend this important meeting.

DON'T QUIT COLLEGE

if you are 17 THRU 19 and want to become a Naval Officer!

You can serve your country best by acting on this new Navy Plan now!

YOU WANT to fight for your country! Are you willing to *work* for it? To toughen yourself physically? To train yourself mentally for a real job in the United States Navy? If you are, the Navy wants you to enlist now. You don't have to quit college. You can *stay* in college, continue your studies to prepare for active duty in the air or on the sea.

And your college will help you do it! In cooperation with the Navy, it offers all freshmen and sophomores who are seventeen and not yet twenty, special training that may win for you the coveted Wings of Gold of a Naval Aviation Officer or a commission as a Deck or Engineering Officer.

How to Become an Officer

To get this special Navy training, you enlist now as an Apprentice Seaman. Then you may continue in college, but you will include special courses stressing physical development, mathematics and physics. After you successfully complete 1½ calendar years in college, you will be given a classification test.

Aviation Officers

If you qualify by this test, you may volunteer to become a Naval Aviation Officer. In this case, you will be permitted to finish the second calendar year of college work before you start your training to become a Flying Officer.

However, at any time during this two-year period, you may have the option to take immediately the prescribed examination for Aviation Officer . . . and, if successful, be assigned for Aviation training. Students who fail in their college courses or who withdraw from college will also have the privilege of taking the Aviation examination. Applicants who fail to qualify in this test will be ordered to active duty as Apprentice Seamen.

Deck or Engineering Officers

Those who qualify in the classification test and do not volunteer for Aviation will be selected for training to be Deck or Engineering Officers. In that case, you will continue your college program until you receive your bachelor's degree, provided you maintain the established university standards.

Those whose grades are not high enough to qualify them for Deck or Engineering Officer training will be permitted to finish their second calendar year of college. After this, they will be ordered to duty as Apprentice Seamen, but because of their college training, they will have a better chance for rapid advancement. At any time, if a student should fail in his college courses, he may be ordered to active duty as an Apprentice Seaman.

Pay starts with active duty.

It's a real challenge! It's a real opportunity! Make every minute count by doing something about this new Navy plan today.

DON'T WAIT...ACT TODAY

1. Take this announcement to the Dean of your college.
2. Or go to the nearest Navy Recruiting Station.

SPORT ECHOS

By TED PRATT

ECHO SPORTS

THRILLER—DILLER

. . . The Wednesday afternoon baseball game with the University of Tennessee turned out to be a rip-roaring thriller-diller or something better. The Scots kept pace with the hard-hitting Vols and finally closed the deal with a pop-up with two on in the 9th. Hooker, although permitting a number of good hits, was hot on the strike-outs, and recovered nicely from the mid-game bingle-spree to win his ball game. Shelfer completed the battery with his reliable catching, although it appeared on a couple of high fouls that he was trying to imitate "the little man who wasn't there". "Massive Mehen' was at hand on first; Dick looked big enough to ride—so the fans did. "Hook" didn't make him look good at the platter either. All the other big names were there: Ike Peel (and he can hit!) and Walt Slater of the U. T. football machine, and Paul Herman and O'Neil of basketball fame. Bunzy pitched a good game with Mitchell behind the pate.

. . . . One of the highlights of the game was the opening inning. McGaha singled to put Webb on second Lloyd Taylor was the next batter. Lloyd stepped up and connected with Bunzy for a single. Meanwhile, Maryland Mac was chugging—and we don't mean loafing—around the bases. He went all the way—from first to home—on Taylor's single knotting the count at 2—all at the end of the first! And that's not all! Early in the game Mac nearly ended up in the high jump pit after snagging a long foul. You know, Mac works on the railroad and spends his time chasing run-away trains—maybe that accounts for his surprising speed! But the game was exciting all the way, and the boys really came through in the tight spots.Those twin-wins over the U. T. Vols speak for themselves!

"BURRHEAD"

Bill (Burrhead) May they call him. He's the frosh fireballer who went seven innings against Holt's best in the first encounter with Carson-Newman and received credit for the 11-9 win.

Bill comes from a small Long Island town way up "noth" He graduated from Andrew Jackson High School last year and came to Maryville after taking part in the usual high school activities. In athletics, Bill played baseball one year, a good deal of sand-lot football, and was also a member of the varsity swimming team for two years. He worked with his hobby (oil painting) in high school and was a member of the Art staff for the yearbook.

May, although seeing limited service this season, has proved himself as one of Coach Honaker's better prospects. His speed and curves—especially his drop—have baffled a number of opposing batters already. Bill plans to major in Physics or Chemistry, and after graduation, hopes to teach these sciences in high school. With this year's experience, Bill should be a big cog in next year's Scottie nine.

HERE AND THERE

The Intramural Program is nearing the end. The tournaments were run off well and "most everyone" is happy. Good to see so many fellows participating in Sigma Delta Psi events. It's a very worth-while activity. On the whole, we believe it'd be hard to find a more active or efficient Intramural system!

You say you picked Shut Out too?!

The tennis team heard that Juanita was in town; so pulled out for Cookeville Thursday afternoon. You'll hear them coming home from the State Meet tonight. If you don't, you'll know they're too hungry to yell. Coach says Don't feed 'em much and make them "fast"! (Note: no quote marks.)

. . . All these new sweaters add color to the Campus. **And all those stripes—there's no significance, is there?**

Kramer Heads Law Club For '42-43

At a special meeting of the Law Club held last Friday evening, Jack Kramer was elected president. Jack is a varsity debater, a member of the Student Council, and winner of the East Tennessee Oratorical contest. Lauramae Weber was elected vice-president, Pat Carter was elected secretary, Margaret Clippenger was elected treasurer, and Bob Huber was elected sargeant-at-arms. Mr. A. F. Pieper was re-elected sponsor of the club.

Following the elections, the retiring president, Pat Carter, gave a speech, and Jack Kramer gave his inaugural address. The senior member of the club, Dick Watkins, also gave a short speech.

Rachel Smith was accepted into the membership of the club.

Spanish Club Holds Last Meeting

Spanish Club held its last meeting of the semester last Thursday evening in Alpha Sigma Hall. Betsy Watkins and Glenn Winkle sang, and Jerry Beaver played several selections on the piano. About thirty members attended the meeting.

There will be no meetings of the club during the summer terms unless there is a sufficient number of students interested in continuing the activities of the club.

At the first meeting next semester new officers will be nominated and plans for the future will be discussed. A poll of the questionnaire type will be taken to determine what type of program is desired, and what kind of a club is preferred by the majority.

The club wishes that all those who have not as yet paid for the picture in the Chilhowean see Fred de Pue as soon as possible.

U. T. Falls Before Highlander Bats For Second Time, 8-7

Hooker Pitches Team To Close Win Over Vols

U. T. suffered its second defeat of the season at the hands of a Maryville nine last Tuesday when the Vols were stopped, 8-7, by the Scot's banging bats and Norm Hooker's pitching in the pinches. Each side collected fourteen hits, but the breaks and two flashy double plays were on the side of the Honakermen. Bob Miller pounded the pellet for three hits to lead the Highlanders at the plate.

The Vols started off in a big way by slipping a brace of tallies across the plate in the first. Paul Herman opened with a single and went to third when Ike Peel made first on a Maryville error. McComb flied out and Hooker loaded the sacks by hitting pitcher Bunzy O'Neil with a pitched ball. Herman scored when Zontini flied out and Peel crossed the platter on a wild pitch, but the inning ended when Walt Slater grounded out to short.

The two run advantage was cut down by the Highlander bats in their half of the inning. Both Bob Miller and Les Rock were victims of putouts, but Tennessee third sacker Ike Peel booted Webb's grounder, and the fireworks started. Old faithful Mac McGaha slapped a three-two pitch into center to send Webb to third. Lloyd Taylor hit one between second and first, Webb scoring on the play. McGaha, apparently unable to slow down, kept coming and beat out a throw to the plate. A quick throw to second erased Taylor and inning was over.

Mitchell, U. T. receiver, opened the second with a triple, but he died there when the next three batters were unable to get the ball out of the infield.

Dick Mehen, giant Vol first baseman, was responsible for another two run uprising in the Scot half of the second. Shelfer fanned, Al Rock walked, but was nipped at second when Ross Honaker made first on a pop fly that no one could reach. Norm Hooker topped a slow roller along the first baseline and reached first when Mehen dropped the catcher's throw. Honaker took off for third and Mehen threw over the third baseman's head, allowing Ross to score Bob Miller got his first single, a single into short right field and Hooker scored. Les Rock dropped one in back of first, but he rounded the bag and was tagged out.

The score going into the third was 4-2 in favor of the local club. Ike Peel opened the inning with a single. McComb fanned O'Neil hit to Miller who tossed it to Taylor to force Peel. Taylor zipped the ball to first to complete a rapid double play, rubbing out the Vol threat.

Another Scottie double play in the fifth inning gave the fans something to talk about. Herman walked to open the inning. Ike Peel drove one at Honaker who whipped it to Miller who, in turn, fired it at first in time to get the runner.

McGaha tripled in the Maryville fifth and came in on a bunt by Taylor. Lloyd laid it down along the first base line, going to second when Mac scored. Norm Hooker fanned the three men to face him in the sixth, and Miller and Les Rock combined a couple of hits for a run in the Maryville half of the inning to put the Scots into a comfortable four run lead.

In the seventh the Vols began to climb. Peel singled after two were out and scored on McComb's long double to center. The tally was a costly one, for the Tennessee third sacker turned his ankle coming into the plate and had to leave the game. McComb reached home on a passed ball. Zontini whiffed to end the inning.

The Highlander lead was cut to one run in the eighth. Slater doubled and scored on Mitchell's single.

Two more big runs in the bottom of the eighth clinched the verdict for the Scots. With one out, McGaha was given a walk and was driven around to third on Taylor's single. When pitcher Bunzy O'Neil started to wind up, Mac took off from third and raced for home. The flustered pitcher raced in with the ball, but Mac scored. Shelfer laid down a bunt and Taylor, who had gone to second on Mac's steal, raced all of the way in.

The first of the ninth was a nightmare for the Maryville fans as the Vols scored two more and had tying and winning runs on the sacks with two down. McClanahan, who was in for Peel, flied out to Les Rock in center. McComb got to second on a single and an error by Al Rock. Bunzy O'Neil doubled him home and Zontini drove Bunzy in with a one-bagger. Zontini singled, putting men on first and third with only one away. Mitchell grounded out to Hooker, and Ogles put an end to the game by hitting a high foul to Gordon Webb.

Mac McGaha and Bob Miller were the big men in the Highlander attack as well as defense. Mac hit a single and a triple and scored three of Maryville's eight runs. In the fourth he ran over to the side lines to haul down a long fly by Walt Slater that looked like a sure hit. Bob Miller hit three singles and was a part of both double plays.

Scotties Divide With L. M. U.

Honakermen Drop First Game 8-6 Win Second 7-4

Coach Honaker's baseballers visited Harrogate on April 30 and May 1, coming back with a split series against LMU to their cerdit. The first game went to the Railsplitters by an 8-6 count, but the visitors avenged themselves by taking the second contest 7-4. Paul Seiber was winning pitcher in the final tussle.

The Scotties came through with thirteen hits in the first game, but their pitching was woefully ineffective, and together with a faulty defense this was responsible for the loss. LMU trailed in the ball game until the home half of the sixth inning when their batters teed off for six hits and six runs. B. Miller and Shelfer scored for Maryville in the first, A. Rock hit safely to count in the second, and McGaha and Taylor both came across in the fourth. This gave Maryville five runs while LMU had scored only one, up until the fatal sixth.

Pratt opened for LMU with a single. Richmond followed with another single, and Wilson and Croley reached on fielders' choices. Surber and Kiser singled, and Sullivan cleaned the sacks with a double. This uprising spoiled Norman Hooker's game and spelled defeat for his mates.

Maryville's big guns in the first game were Les Rock and Lloyd Taylor, who hit safely three times each. Richmond, Railsplitter first baseman, also met the horsehide three times. Winning pitcher was Kinzer.

The May Day game was an abbreviated five inning affair, and the Scotties had the edge on their opponents from the start until the last out. Seiber pitched masterfully, and the hitting of Taylor and freshman Conkle was too much for LMU mound staff. Conkle was especially impressive as he hit safely three times and generally played the best game of his brief college career.

LMU scored three runs in the opening fram to take an early lead. Kinser started it off with a single, and Richmond also singled. Wilson forced Kinser, but Sullivan also hit and Foxx reached base on an error with the third run coming in. Maryville was held until the third without a hit.

Trailing 0-3 in the top of the third, Maryville scored 1ix runs on four hits to take a lead that lasted for the rest of the game. Honaker walked and 'B. Miller reached base on a fielder's choice. L. Rock and Webb singled. McGaha whiffed, but Taylor also walked and A. Rock was hit by a pitched ball. LMU made one more run in the third, but Seiber didn't allow another hit from that time on.

Summaries—

LMU: Huskey and Wilson.

Tennis Team Repeats Over E. T. T. By 6-1 Score

Last Saturday afternoon the East Tennessee Teachers racket men invaded the Scottie courts in search of revenge for a 6-1 defeat suffered at the hands of the Scots several weeks ago, but left the tussle again at the small end of a 6-1 score. Few of the Maryville men had any great trouble taking their matches, only one of the seven going into three sets. Van Cise, Pratt, Cooper, and Hunter won in singles for the home team, and Van Cise-Kidder, Cooper-Lloyd took the doubles in short order.

Following is a summary of the match:

Selby (T) defeated T. Kidder (M), 6-3, 6-3.

Van Cise (M) defeated Burrus (T), 6-4, 7-5.

Pratt (M) defeated Scott (T), 6-0, 6-4.

Cooper (M) defeated Nave (T), 6-0, 6-0.

Hunter (M) defeated Ellis (T), 6-2, 4-6, 6-2.

Van Cise and Kidder (M) defeated Burrus and Shelby (T), 6-1, 6-2.

Cooper and Lloyd (M) defeated Nave and Scott (T), 6-1, 6-3.

INTRAMURAL DOPE

During the past week the horseshoe tournament has been completed, the shuffleboard shindig finished, Sigma Delta Psi cards turned in, the archery day come and gone, and even last fall's doubles horseshoe finals tossed off. It's been a great week—softball was wound up last week(you'll remember) and it sure enough wiped the intramural slate clean for this year.

SHUFFLEBOARD

Gabriel Williamson and Art Bushing crashed through to win the finals in the push-push game by drubbing Henry Wick and Percy Martin in two straight games. Williamson and Bushing are the 1942 shuffleboard champs.

The play-off was held last Saturday afternoon before a good sized gallery. The scores were close, the lead changed from one team to the other many times, but Gabe and Art showed themselves to be the better men.

HORSESHOES

Dave McDaniel topped Ken Cooper in the finals of the horseshoe singles tournament this week to take the title of intramural horseshoe champ.

And of all things—the doubles tournament from last fall was completed just in time to meet the deadline Wednesday of this week. It seems that back before Christmas the horseshoe tourney which was entered by doubles teams got up to the finals but no farther because plans were to play it off at the festival on February 21. Those plans didn't go through, so the affair is just now being signed and sealed. Pemberton and Pemberton pitched against Evans and Henderson; the Pembertons pulled through, won the match and the tournament title.

ARCHERY

Last Saturday afternoon a dozen folks—Men and Women—fired arrows at the targets on the football field in the first annual intramural archery tournament, and sophomore Ruth Aiken won first place to the glory of the girls in intramurals! Charlie Hoglan took second, and Victor Aderton placed third. The number of participants was not as large as was expected, but the competition was close, so close that it was not a sure thing at first who had won. Ruth is the one—the only girl, we think, to take a first in an intramural tournament this year.

SIGMA DELTA PSI

In order that they could count on the individual point scorings, the Sigma Delta Psi cards had to be in to Curt Wright last Wednesday. News is that one man, Horace Justus, has completed all the reqquirements, passed all the tests, etc., and is eligible for national membership. John Bogosian is very near to the same thing, lacking only one test. Those points may count a lot in the individual standings.

Incidentally the individual standings are being figured up, but will not be announced until Intramural Day next week. It's a cinch that some of them will run pretty close.

—V—

YWCA Will Meet

Y. W. C. A. will meet Sunday afternoon in the Y. W. rooms. Three senior officers, Anne Gammon, Roberta Hope, and Helen Pratt will speak on the topic, "The Armor of a Christian". This will be the last meeting of the year.

DO YOU DIG IT?

*ENGLISH TRANSLATION

Our hero here is trying to get his gal to give this stag line the brush off and sit one out with him, sipping a Pepsi-Cola or two. Don't blame him, either . . . Pepsi-Cola sure tastes nice.

WHAT DO YOU SAY?

Send us some of your hot slang. If we use it you'll be ten bucks richer. If we don't, we'll shoot you a rejection slip to add to your collection. Mail your slang to College Dept., Pepsi-Cola Company, Long Island City, N. Y.

Living Endowment Fund Increases

Begun By Class Of '41; Incoming Checks Swell Fund To $115.00

The Class of 1941 inaugurated the Living Endownment fund with some hesitation and much consideration, but according to report of James R. Smith, Public Relations Secretary, continues to grow more enthusiastic about it with the passing of time and the experience of actual participation in contributing. Checks arriving at the Alumni Office have swelled the amount paid into this fund to $115.00.

The sentiment which has accompanied the checks to the Alumni Office may be appreciated by reference to excerpts from some of the letters:

"To have the privilege and honor to aid the College in any way, matter with me. It is only a friendly gesture to show my eager interest in following the activities of the campus, and the progress of the College as years pass by." (From a naval air cadet).

"I am enclosing my pledge card at this time and I am indeed sorry, that at present, I will be unable to do more sooner. In the event that I can do more I shall be very proud and happy to do so." (From another alumnus of 1941 now in the army).

"When I pledged $5.00 to the Living Endownment Fund last year, I made the mental reservation that I would pay it if I had a job. I'm working as commercial teacher here at ..... High School, so here is my first payment on my pledge. I know that it will find a good use." (From a school teacher of the class of 1941).

"..... and I wish that we might give more; but we are very happy that we are able to make even this small amount. It is just eleven months since we graduated. As is usually the case, I believe, our appreciation of our Alma Mater has grown with the weeks." "It is our prayer that the activities of the College will never be curtailed and that Maryville-trained leaders will continue to take their place in the world." (From two of the Class of 1941 who are now married.)

GOING HOME . . .

(Continued from page one)

When I start packing, there is so much to distract me that it takes me two weeks to pack a trunk, two suitcases, two hat-boxes and a suit box. Finally, our wing of the dorm has gotten wise to the pitfalls of packing; we've made a schedule which sees through our weakness and allows for it. We arrange the schedule so that we have one hour of actual packing for every three hours of reminiscent conversation brought about by all the odds and ends that have piled up; that's a large part of the charm of getting ready to go home. We get a pleasant detailed resume of the year. Perhaps we lose valuable time that way, but we surely have fun!

The last week is an orgy. Really, it is a succession of orgies of cramming, exams, things, "done for the last time," last minute jobs, and —well, just too much of everything. Finally the Choir sings its last note, the Seniors are graduated, and the waitresses wash the last dishes; then everybody kisses everybody else good bye, weeps a little over parting for three whole months, promises to write volumes in answer to received volumes, and finally makes a flurried exit to choke the bus and train stations. It is accomplished; eight months of labor have passed, leaving us all frankly relieved that we have three months to recuperate in.

This brings us to the actual process of going home. We don't have to worry about this step; we allow the various transportation officials to tear their scanty locks (made scanty by hair tearing four times a year) over what to do with us and our scads of luggage. Eventually everybody and his baggage gets stowed away somehow somewhere and we steam off to enliven and enlighten our parents for the brief intervals they see our bright and shining faces.

Now for the aftermath. You are at home—

COMMENCEMENT . . .

(Cont. from Page 1)

same day the art exhibits in the Elizabeth Gowdy Baker Galleries will be opened to the public and will remain open through the following Monday. The commencement play "The Truth About Blayds" will be given that evening.

Class reunion luncheons will be a highlight of the events planned for Saturday. On the same day a reception will be held for Alumni, parents of students, Seniors and other guests by Dr. and Mrs. Lloyd and Dr. Stevenson. The annual Alumni dinner will be held that evening and the band will give a concert on the campus.

The Spring Meeting of the Directors of the College will be held at 8:30 Monday morning here.

GLEE CLUB . . .

(Cont. from Page 1)

a humorous, sprightly Russian folk song.

Miss Keirn then sang two pieces, "Piper of Love", by Carew, and "Villanelle", by Acque. These solos were followed by two more numbers by the glee clubs, a negro spiritual, seldom heard, entitled "De Gospel Train" and "Out of the Silence", by Galbraith, a moving and dramatic song, climactic in its ending.

Carl Alette at the keyboard then played Debussy's lovely impressionistic "Reflections in the Water", a tone picture of clear and limpid reflections in a quiet pond.

The next two selections by the glee clubs were selected from the ever popular music of Victor Herbert. They were the well-known 'Gypsy Love Song" and "Tramp, Tramp, Tramp".

The college male quartet offered the next group of two songs. The quartet, composed of Harry Lyle, Jack Lippard, Dean Stiles, and Carl Miller sang Speak's 'Sylvia" and "Rangers' Song" by Tierney. The concert was brought to a close by two more offerings from the glee clubs. The first was a choral paraphrase entitled "Pop Goes the Weazel" and the concluding selection was the finale from the perennially popular Gilbert and Sullivan operetta, "Pinafore", which contains a summing up of the melodies of the entire score.

Last evening's concert marks another year completed of Glee Club work, this time under the direction of Miss Genevieve Cowen. Miss Cowen worked with the glee clubs during the course of the entire year in rehearsals for the Christmas performance of the "Messiah" as well as in preparation for this year's Spring concert, performed last evening.

Pemberton Attends National Student Vol Conference

Last Saturday and Sunday the Student Volunteer organization of Maryville College sent Olson Pemberton as a representative to the National Student Vol Conference which was held at Scarritt College in Nashville. Vanderbilt, Peabody and Fisk University helped in staging the conference.

The next meeting of the Student Vols is to be held Sunday night at 8 o'clock in Bartlett Hall. At that time the installation services for the new officers will take place. Miss Clemmie J. Henry will be the speaker. Her topic is "Christianity in the Student-Help Program."

Dr. Lloyd Talks On Gambling Sunday

Tomorrow evening the regular College radio Service will be held as usual in Voorhees Chapel at 9:30. Station WROL will as usual broadcast the program. Dr. Lloyd will talk on "Gambling", this being the fourth in a series on "Questions of Right or Wrong."

The college choir, under the leadership of Associate Professor Ralph Colbert, will sing the favorite anthem, Ave Maria by Bach-Gounod.

PARISH WORKERS BRING CHURCH SERVICE TO 400 PEOPLE IN COUNTY

By VAN BLARCOM

Missionary work in the communities surrounding Maryville has been a part of the college's general program for many years, but it has been only fairly recently that the work has taken on something of the scope and extent which is one of its distinguishing features today. According to a recent estimate, there are approximately four hundred persons being directly influenced by the Maryville College Parish Project, many of whom have not had heretofore any systematized Christian training.

This large group of people is divided by the parish project into three different types of work, Sunday, weekday, and the recently started recreational work. The Sunday work touches the largest group and consists of Sunday School classes and church services held in the buildings and chapels available for the purpose in the several communities. College students go out every Sunday morning and afternoon to these localities teaching the classes, in some cases delivering short talks or sermons. The week-day work is conducted in time set aside for the purpose by the rural schools where the work is conducted. College students give an afternoon or more a week to these projects. Instruction in Sunday school and in weekday work is naturally similar and often interrelated. The third type of parish work, only recently undertaken, is recreational and will involve the sending of itinerant groups of workers to the various communities, perhaps only once a month at first, but more often in the future, if the success resulting from the early efforts justifies such increase.

The specific communities where Parish work is currently going on are scattered over Blount County, some requiring considerable travel over inferior roads to reach. They are Marble Hill, Little Tennessee, Chotah, Unitia, Newcastle, and Morganton, where Sunday work is being carried forward; and Six-Mile School, Christy Hill, and Rocky Bend, where week-day work is proceeding. Other locations not officially included in the Parish Project, but served partially by Parish Project workers are Cumberland Presbyterian Church, Sunnybrook Chapel, Broadway Methodist Church, St. Andrews Episcopal Church, the Orphanage, and Lamar Chapel. At the last named, both Sunday work and the initial venture in recreational work are being carried on.

Mr. Floyd Watt, Sunday school missionary of the Board of National Missions of the Presbyterian Church is a familiar figure both on the campus and in the parish field, for he is the director of the Maryville College Parish Project. For the college, Dr. H. E. Orr, professor of Bible and philosophy, is the chief officer and is assisted by Dr. John A. Gates who, with Mr. Watt, conducts the Practicum course of the Parish Project and does the largest part of the day-to-day work in planning and supervision. Thus these men are directing the strategy of the church's campaign, and it is being waged consistently and resolutely by themselves, the student workers and other interested people in this area.

The problems and difficulties faced daily by workers in the Parish Project will not be fully appreciated by the average person who has either never done similar work or visited with an observing eye the communities included in the work. Many of the people are poverty-stricken and live in homes hardly worthy of the word, miserable hovels without any of the sanitary devices which we consider necessary and which we commonly ascribe in our thinking to civilized areas. If they do have an adequate source of income, such as that which might be earned from a job in the Aluminum Company, they are not instructed in the best means of using their resources in order to better either their material or spiritual condition but waste it on unnecessary luxuries and "gold bricks". The older people of the communities are almost universally without anything beyond primary education with the result that the young people and children have had no adequate Christian or moral training. These factors, together with their comparative isolation make the work of educating them to an understanding of the significance of God and the difference, He can make in their lives an extremely difficult one.

ARMY PROGRAM . . .

(Cont. from Page 1)

ing, as soon as training facilities become available.

The second way is to enlist in the Air Force Enlisted Reserve and ask for non-deferred duty. In that case one may remain at home, at school, or employed until called to active duty and appointed an Aviation Cadet, which will be as soon as facilities become available, which may be several months.

The third method of enlisting is like the second, but applies only to men who are undergraduate students in good standing in an accredited college who may enlist in the Air Force Enlisted Reserve and ask for deferred status. In that case, if one maintains a satisfactory scholastic standing, one will not be called to active duty until graduation or withdrawal from college, except in the event of necessity by direction of the Secretary of War.

Information concerning the other advantages of this new Air Cadet training may be had from the circulars and other printed material available in the personnel office, first floor Anderson.

VOLUME 27 MARYVILLE, TENN. MAY, 16, 1942 NUMBER 30

COLLEGE HOLDS 123rd. COMMENCEMENT

Students Receive Awards For Athletic And Scholastic Achievements

On Friday morning at the regular chapel service the following prizes were awarded to those who have achieved success in various intercollegiate and scholastic events:

The T. T. Alexander Prize Fund, established by a generous friend of the College, who desires to remain anonymous and to have the prize named in honor of one of Maryville's foreign missionaries, provides prizes to be awarded annually to the winners of an oratorical contest conducted under the supervision of the Faculty of Bible and Religious Education.

Winners: 1st prize—Hal Lloyd, $48.00; 2nd prize—Paul Smith $32.00.

The Alexander English Prize to the member of the senior class who makes the best four-year record in English. The prize this year goes to Mary Hathaway Jenks—$40.00.

The Bible Prize, established by Rev. William H. Bates, D. D., of Greeley, Colorado, and awarded annually for proficiency attained in Bible Study.

Winners: 1st prize—Helen Cone, $35.00; 2nd prize—Ruth Sutherlin, $25.00; 3rd prize—Frank Cross, $20.00.

The George A Knapp Mathematics Scholarship Fund of one thousand dollars was established in 1941 by Tracy F. Knapp, Mary Gertrude Knapp Barrett, and Josephine Knapp Kiefer as a Memorial to their father, Dr. George A. Knapp, who served as Professor of Mathematics and Physics in Maryville College from 1914 to his retirement in 1938. The income from this fund is awarded each year at or about the commencement season as a prize to the senior or junior student who is adjudged by a committee to be the most outstanding and most promising among those majoring in Mathematics.

Winner: John H. Hoelzer, $30.00.

The Bank of Maryville Economics Prize, awarded annually by the Bank of Maryville to the student doing the most excellent work in Economics during the year.

Winner: Irma Criswell, $25.00.

The Elizabeth Hillman Chemistry Prize Fund provides "a prize or prizes to be awarded to women students for excellence attained in the field of Chemistry." The prize this year is awarded to Elizabeth Pascoe, $40.00.

In Debate Work, under the direction of Dr. Verton M. Queener and Mr. Archibald Pieper, the following awards are given:

Women's Smoky Mountain Tournament:

First place in debate—Margaret Clippinger, Natalie Yelton, Mary Wintermute, Phyllis Anne Cain; Second place in Oratory—Phyllis Anne Cain; second place in extempore—Mary Wintermute; second place in poetry reading—Mary Wintermute.

Men's Smoky Mountain Tournament:

First place in after-dinner speaking—Hal Lloyd.

Second place in extempore—Jack Kramer.

(Cont. on Page Two)

Chaplin F. Miller Will Speak At Sunday Vespers

Chaplain Frank Lewis Miller will be the speaker at the annual Commencement Vespers Sunday evening at 7:00 o'clock. Chaplain Miller graduated at Maryville College in 1914, at Princeton Theological Seminary in 1917, and he later received a M. A. degree from Columbia University. He is at present a colonel in the Chaplains Corps of the army, and he is on the staff of the Chief of Chaplains in Washington. His son, Frank L. Miller, Jr., is a member of the present sophomore class.

Packed House Enjoys "The Truth About Blayds"

Seniors Appear For Last Time In College Play

The Dramatic season at Maryville College came to a grand finale last evening with the presentation of the Commencement play "The Truth About Blayds". The house was filled and the presentation was thoroughly enjoyable. The whole audience was pleasantly surprised with the appearance of the new maroon and gold curtains that were used for the first time with this play.

Mrs. Nita Eckles West deserves a great deal of credit for the finished, smoothly produced comedy by Hugh Walpole. Jerry Beaver's fine interpretation of the aged gentleman, Oliver Blayds showed a great deal of insight and talent. Virginia Berg in her first leading role since "Winterset" performed as only a veteran would. Dave McDaniel, who has appeared several times on the college stage this year, gave his usual intelligent, interesting interpratation. Elizabeth Glover played her role of the helpless, yet willing wife to perfection. John Hawkins added another fine peice of acting to his credit, and Harry Lyle and Bette Jeanne Kennedy, as the young son and daughter, gave convincing performances.

Much credit should go to Charles Hildreth, who for the first time took over the position of stage manager. Ted Kidder, as business manager, and John Hellums, as assistant to the director, worked well the whole time the play was in practice. The costumes, under the direction of Betty Clevenger and Alice Jones, were very well planned. Mildred Montgomery, assisted by Betty Querns and Nancy Russell, did interesting work with the advertising, and the two freshman properties chairmen, Phyliss Henry and Dorothy Lehman should be commended for their work.

Dr. Lloyd Attends Gen. Assembly May 21-27

On May 21 through the 27th, the 154th General Assembly of the Presbyterian Church in the U. S. A. will be held in Milwaukee, Wisconsin.

Approximately 1000 official commissioners are voting members of the assembly. Of these, one-half are ministers and one-half are elders. In addition to these there are always present in the galleries many hundreds of visitors and officials.

Four commissioners are elected each year from Union Presbytery, in whose bounds Maryville is included. Dr. Lloyd is one of these commissioners this year; Mr. Black was one of the commissioners last year. Dr. Lloyd attends the assembly each year, but not always as a commissioner.

The present modern moderator of the assembly is Rev. Dr. Herbert Boothe Smith of Los Angeles, California. He was at one time pastor of the church in Knoxville of which Dr. Barber is now pastor. It is expected that Dr. Joseph M. Broady of Birmingham, Alabama, a Maryville graduate, and college director, will be one of those nominated for the Moderatorship this year.

Dr. Lloyd is chairman of the Department of Church Cooperation and Union, and he is to present the reports of that body to the Assembly.

NOTICE

The Alumni Magazine as announced last week came off the press today. All seniors are entitled to a copy and may obtain it by calling at the Alumni office tomorrow.

COMMENCEMENT SPEAKERS

PRESIDENT R. W. LLOYD, who will deliver the Baccalaureate sermon Sunday.

DR. ROY EWING VALE who will give the Commencement Address Monday.

Baccalaureate Service To Be Sunday Morning

Program Begins 10:30 A. M.; Ralph W. Lloyd Will Deliver Sermon

The Baccalaureate service of the one hundred and twenty-third annual commencement of Maryville College will be held in Voorhees Chapel on Sunday, May 17 at 10:30 A. M. President Ralph W. Lloyd will deliver the Baccalaureate sermon on the subject, "The Open Door", taking as his text the eighth verse of the third chapter of the book of Revelation: "Behold, I have set before thee an open door, and no man can shut it."

The service will begin with the processional, consisting of the choir, the graduating class, and the faculty, and will continue with the prayer of invocation by Rev. J. Edward Kidder, class of '16, and the scripture lesson read by Rev. Dr. John A. McAfee, pastor of New Providence Presbyterian Church, Maryville. The Maryville College choir will sing two anthems: "Cantate Domino", by Schutz and "Lost in the Night", by Christiansen.

The complete program for the Baccalaureate Service appears below:

The Processional (The Choir, The Graduating Class, The Faculty); (Processional Hymn: "How firm a foundation"); Congregation remains seated).

The Doxology—(Congregation standing)

The Prayer of Invocation—Response by the Choir—Rev. J. Edward Kidder, '16.

(Cont. on Page 4)

SEVEN SENIORS PRESENT MUSICAL PROGRAM SUNDAY

Next Sunday afternoon seven members of the senior class who have taken courses in music, will present a senior music hour for parents, friends, and alumnae who have come to Maryville for the graduation exercises. Solos will be rendered in piano, organ, and voice. The program will begin at 4:00 in Voorhees Chapel. The program is as follows:

Scenes Pittoresque — Massenet
The Angelus
Janice Graybeal
Notturno — Respighi
Johnnye Sue Long
O Mio Fernando—La Favorita—Donizetti—Doris Smith.
Norwegian Dance Op. 35 —Grieg
May Night — Palmgren
David Kidder
Sonata Op. 35. — Chopin
March Funebre

Overture—Argonaut—Holmes
March—The Thunderer—Souza
March—The Stars and Stripes Forever—Souza.
Tiger Rag—arr by Yoder
Overture—Alda—McCaughey
March—New Colonial—Hall
God Bless America—Berlin
Alma Mater.

Ken Cooper Elected Business Manager Of Highland Echo

Lane and Scruggs Receive Promotions On Business Staff

At a called meeting of the committees designated to appoint the business staff of the HIGHLAND ECHO, Kenneth Cooper, junior from Phillipsburg, N. J. was elected to be business manager for the year 1942-1943.

Appointed also to serve on the staff were two members of the present freshman class, Frances Lane of Knoxville, Tenn., and Richard Scruggs of Sweetwater, Tenn.

Other Members of the present staff, Don Hopkins, present Co-Manager; Roy Laughmiller and James Faulkner, sophomore assistants were not applicants.

Ken has been on the staff three years and has served this year as co-manager with Hopkins. He is biology major, and is one of Maryville's tennis stars and was a member of this year's varsity tennis team. He is also active in most of the intramural sports, especially football and basketball. He was awarded an intramural monogram. Ken is an Athenian and a member of the Y cabinet.

Those on the appointing committees are: from the student Council, Charles McCammon, Chairman, John Hawkins, and Mary Evelyn Waisman, from the faculty committee on publications, Dr. F. A. Griffitts, Chairman; Miss Almira Bassett, Dr. R T Case and Dr. Hill Shine. Representing the committee on student business management was Mr. E R Walker, associate professor of physics and mathematics.

Further information about the courses and the faculty for both terms of the summer session may be obtained by asking for the summer term bulletin.

Alumni To See Art Exhibit

The art exhibit which has been in the library for the past two weeks will remain there for the alumni to enjoy. The pieces which were in exhibit in the studio will be placed with the others in the library as the art studio is closed and will be arranged for the summer as it was when the school received it for use. As the students leave for the summer, they must take their work with them; so there will not be a complete exhibit right up until graduation.

Work in five media is represented in the exhibt. The media are oil paintings, water color, pastel, wood carving, and modeling. The awards, judged and presented by a student-faculty committee, are on the pieces.

The art department which submitted this exhibit is exactly twice as large as the department last year when the number of students in art classes was 30. There are no graduates in the field of art this year, but there are six prospective graduates for the class of 1943. There are nine other art majors in the lower classes.

Alumni Magazine

Sophomore Class Receives High National Rank

Elwell Receive Highest Honors Thompson, Trotter,

Results of the Sophomore tests held April 17 have been released by Dr. McClelland, director of Personnel at the college. The present sophomore class ranked well above the national norm, Dr. McClelland stated. In English mechanics the present sophomore class ranked in the sixtieth percentile. This is ten points above the national average on a percentile basis—that is, where the national average is fixed at fifty. In general science the present sophomore class ranked in the fifty-eighth percentile, or eight points above the national average. Last year's sophomore class ranked in the fifty-seventh percentile in English mechanics, and in the fifty-sixth percentile in general science.

The ten students making the top scores on the English mechanics test were as follows:

Malcolm Thompson and Jane Trotter, 288; Robert Shalkop, 280; Charles Gilpatrick, 279; Frances Harris, 273; Ann Horton, 270; Helen Ruth Aiken, 269; Jean Boyd, 265; Johnnye Gudel and June Brown, 264.

The eleven students making the top scores on the general science test were as follows:

Arthur Elwell, 131; Sidney Duke, 107; Melinda Memmenger, 106; Robert Shalkop, 105; Charles Burgreen, 102; Charles Gilpatrick, 101; Elizabeth McConnell Malcolm Thompson, and Peter VanBlarcom, 99; Dana Cox and Roy Laughmiller, 97.

Rev. Dr. R. E. Vale Will Make Commencement Address Monday

Alumni Day Will Be Celebrated Here Today

Class Luncheons Dinner and Band Concert Featured

Saturday, May 16, is Alumni Day and will bring several important events, Mr. James R. Smith, Public Relations Secretary of the college announced. The program will begin at the chapel service at 8:10 at which time there will be special music furnished by student groups. The program is especially arranged for the benefit of the alumni. Later in the morning alumni seminars will be conducted by two members of the faculty, Miss Almira Jewell and Mr. E. R. Walker. These seminars will be held in the classrooms of Miss Jewell and Mr. Walker and will consist of an address by the instructor and followed by a discussion group. Parents of students, friends, and any others desirous of attending, as well as alumni will be welcome. Miss Jewell's subject will be "American Literary Trends in Three Wars" and Mr. Walker's will be "Physics and Mathematics courses in Wartime."

At noon those classes having reunions will hold luncheons according to arrangements they have previously made. For information about these classes, the following representatives should be seen or called: 1892—Mrs. Annis D. Beals, 105 Willard Street; 1908— Mrs. F. L. Proffitt, college campus; 1909—Miss Elmira Bassett, Crawford Street; 1910—Mrs. J. Norman Claypoole (Vera Hall), telephone, 550-M; 1911 Miss Jennie Crawford, Chilhowee Street; 1917—Dr. Augustus Sisk, Mr. Mark Crum, Miller Street and Sunset View, respectively; 1927—Earl Storey, care of Proffitt's store; 1928—Mrs. John C. Crawford, Jr., Crawford St., 1929— Mrs. Ralph Lawson, Walland Highway; Mr. Earl Blazer, Robin Road; 1932—Mr. James W. King, Robin Road. These people should be contacted by alumni interested in the arrangements for the luncheon of their class.

At 3:00 in the afternoon, there will be a reception held by President and Mrs. Ralph Waldo Lloyd and Dr. W. P. Stevenson, at the President's home for Alumni, parents of students, other guests, and seniors.

There will be two important events in the evening's program,

(Cont. on Page 2)

Alumni Banquet Is Given Tonight

This evening at 7:00 the annual Alumni Banquet will be given at Pearsons Hall. At this time the Senior Class will be the guests of the Alumni Association. Immediately following the banquet at 9:00 will be the Band Concert on the lawn directly behind Pearsons.

REMAINING COMMENCEMENT PROGRAM

Saturday, May 16
ALUMNI DAY

8:10 a. m. Chapel Service—Music by Student Groups
9:00 a. m. Alumni Seminars
Noon Class Reunion Luncheons as arranged
3:00 p. m. Reception for Alumni, Parents of Students, Other Guests, to and Seniors, by President and Mrs. Lloyd and Dr.
5:00 p. m. Stevenson at the President's House
7:00 p. m. Annual Alumni Dinner—Pearsons Hall
9:00 p. m. Band Concert—On the Campus

Sunday, May 17

10:30 a. m. Baccalaureate Service—Sermon by President Lloyd
4:00 p. m. Senior Music Hour
7:00 p. m. Commencement Vespers—Sermon by Chaplain Frank Lewis Miller, Colonel, Chaplains Corps, U. S. Army
9:30 p. m. Radio Vespers—President Lloyd and the Choir

Monday, May 18

8:30 a. m. Spring Meeting of the directors
10:00 a. m. Graduation Exercises—Address by the Rev. Roy Ewing Vale, D. D., LL. D., Pastor of the Tabernacle Presbyterian Church, Indianapolis, Indiana.

Choir, Directors, Graduates, Faculty In Procession

125 SENIORS ARE CANDIDATES FOR MA And BS DEGREES

The one hundred and twenty-third Commencement exercises will be held on Monday morning, May 18th in the Elizabeth R. Voorhees chapel. The procession, which will begin at ten o'clock, will be comprised of the Maryville College Choir, followed by the Board of Directors of the College, the Graduating Class of Nineteen hundred and forty-two and the Faculty.

The Rev. Dr. Roy E. Vale, pastor of the Tabernacle Presbyterian Church, Indianapolis, Ind., will make the Commencement address. Dr. Vale was at one time the pastor of the Second Presbyterian church in Knoxville, going from there to the First Presbyterian Church of Oak Park, Illinois, then to the Woodward Avenue Presbyterian, Detroit. He is also a Director of Maryville College and served as leader of the February Meetings in 1930 and 1934.

The graduating class will be made up of about one hundred and twenty-five candidates for Bachelor of Arts and Bachelor of Science in Home Economics degrees. More than two-thirds of the states in the United States have representatives in the graduating class.

The graduates in the Processional will be preceded by the Daisy Chain which is made and carried by girls chosen from the Junior class by the Vice-president. The representatives selected from the class of 1943 are as follows: Cornelia Jones, Jeanne Shiebelle, Margaret Clippinger, Kathryn Woodward, Anne Halabrin, Virginia Williams, Mary Jane Preson, Helen Airheart, Mary Ruth Hoyt, Helen George, Frances Sisk, Aletta Sims, Mary Ruth Baker, and

Nathalia Wright Has Article In New England Quarterly

Assistant Librarian Writes "Hawthorne and The Praslin Murder"

Miss Nathalia Wright, assistant librarian and an instructor in the English department, has recently had an article entitled "Hawthorne and the Praslin Murder" published in the first number of the New England Quarterly for 1942.

The article is one concerning the character of Miriam in the Marble Faun and her possible identification with Henriette DeluzyDesportes, a principle in the Praslin murder which occurred in Paris on Aug. 18, 1847. The principles were Laure Hughes Theobald, duke de Choisule-Praslin 1805-1847); his wife, Altarise Rosalba Fanny Sebastiani (1807-1847); and Henriette Deluzy-Desportes, the governess of their children. After six years in the Praslin employ, Mlle. Deluzy was discharged in July of 1847 at the instance of the Duchess, who threatened otherwise to institute divorce proceedings. A month later, supposedly in the attempt to obtain from her a letter of recommendation for Mlle. Deluzy, the Duke murdered his wife, inflicting upon her more than thirty wounds with a poinard. A week afterward he died, after having administered two doses of arsenic to himself. Mlle. Deluzy was held in custody for three months, during which time she was repeatedly interrogated. Although she established her innocence in

Swan Song

Swan songs and farewells aren't usually in our line, but there comes a time when we feel the need of one, or both—and this is it.

We cannot help but realize how great was our privilege in being intrusted with this publication for the past year. It has been the source of our greatest interest throughout, and our only regret is that, through our inability we left untouched so many possibilities that could have been developed. It is useless to harbor the "if I had this year to live over again" idea—we've tried that before and nothing came of it—but if we did have it, there would be so many "do's" and "dont's" we could apply, or at least attempt. This has been truly a "learn by experience" affair.

Perhaps the greatest satisfaction we felt during the year's work came from the knowledge that behind us we had the full cooperation of those who were connected with the HIGHLAND ECHO. Never did we feel let down; never were instructions ignored, or confidences destroyed; this we shall remember longest, and be most grateful for.

To Dr. Griffitts, first of all, we want to express our deepest appreciation. As faculty adviser he has done unbelievably much more than his share in providing encouragement and good judgment at times when going on without them would have been almost an impossibility.

To Janet Lindsay, who has done double time in acting as Managing Editor and columnist, we offer praise for her success and thanks for her steady handling of both.

Likewise we want to thank Jean Barnes and Chuck Dunning for their weekly contributions of what have become perhaps two of the most popular features of the paper;also the sports staff, who produced regularly with a smoothness found only in an efficiently organized unit.

And to every member of the staff who has given us their talents in the writing, proof-reading, headwriting, or even sweeping departments, we express our deepest gratitude. You ARE the HIGHLAND ECHO.

Finally we'd like to wish next year's editor, Jean Barnes, the best of luck; we only hope she'll find her staff as cooperative and as thoroughly reliable as we have found the present. We have seen the work of the editor-elect, and are confident that she will set a new high in Maryville's department of journalism.

Old Spice
BY JEAN BARNES

Slightly obscured by piles of blue books, trunks three deep, and waste baskets of thank-goodness-that's over notes, here it goes again. The caboose of this overworked train of thought—or something just as silly. Wonder if the professors feel like we overheard Garnet Manges say the other night, "What fools these morons be".

Shucks. It seems like the campus is so beautiful, the ice water's so good, everybody's so sweet, and—oh well. We couldn't help wondering about that either—why the most beautiful roses and iris on the campus are stuck right along Carnegie instead of out where everybody could see them. Maybe they just couldn't help growing; could be 'cause so much water comes out of the windows at odd times, huh? Any time now there'll be a loyal cedar growing up out of the front roof.

"All over the country and in Maryville" as it were.

Looked like Al Murrian was about to start all over the country Monday night. Sat poised on a stray motorcycle surrounded apparently by a multitude of admiration.

To keep it all in the family name, Peggy Murrian looked strangely Horaceless the other night. Down the path to Carnegie came Peggy escorting some bewildered looking gentleman, looking meanwhile over at Sherer who hurried down the back path to Memorial, a grim looking Valkyrie on either side.

It's been a wonderful year when you think of some things about it. The Spanish class learned to sing La Cucaracha (but beautifully!); everybody learned to exclaim Gad! and Chicken! people have loved and lost but lived; the snow has melted—and some of the people.

What we really need is some of Charlie Chapman's poetry to make memorable the occasion.

Well, Tuesday's mail was quite Cupidous. Mary Wintermute we learned has an important engagement to become Mrs. Don Kent e'er long. And in the same mail came an engagement ring which just fit Ruth Aiken. Wonderful the things these post offices carry, wasn't it?

We were quite amazed as well as shivery to see everyone warming his hands at the pioneer fire at the election polls. Guess the campaign really had cooled considerably. And we were told the Defense Stamp posters were bought on the quantity not quality basis; so we figure that explains just about everything.

Brr! Isn't it hot?

And oh, to be a senior, now that May is here.

This business of wandering around, ice cream cone bedecked, smiling fondly at all those underclassmen who are feverishly trying to decipher the notes they took the day they fell asleep in class is almost a little too much. The first time we've seen some of these Alpha Gamma Sigma seniors without a million subjects on one mind, Ruth Sutherlin, Marion Jenkins and Mary Jenks looking especially leisurely.

It was sort of fun to see the farewell Ruth Perrin's table dished forth when Ruth left early this week. Everybody looked at each other and had to laugh to see the tears on everybody.

Good thing there's a next year is all we can say. And as the roadsign says up home, "Goodbye, good luck, and call again!"

AS I SEE IT
BY JANET LINDSAY

As the May 11th issue of The New Republic points out, the week before last was an epoch-making week in the field of speech-making and in the history of the world. A speech was delivered by three men, leaders of the three of the powers engaged in the Second World War for the survival of the present and the shaping of the future. The men to whom the article refers are, of course, Adolph Hitler, Stalin and Franklin Delano Roosevelt. The speech by Winston Churchill on Sunday makes the picture complete. Since these are the men who will undoubtedly be responsible for whatever happens in the future, it might be worthwhile to consider the content and significance of each of their speeches in relation to one another.

Hitler's speech made to the German Reichstag, contained a note of hope for the United Nations for it did not appear to be a speech by a victorious leader but rather the speech of a conquerer who foresees and fears final defeat. Although those who have heard the Nazi leader speak agree that his speeches have a decided hysterical character, they also say that they have a very moving effect upon his hearers. We often think of Hitler's power as having been won by force but it was won by persuasion by gaining a moral hold over the minds of millions. One of his means of persuasion is through his speech-making ability. This particular speech was almost an apology for not having brought victory to the German people and a plea for their increased confidence and co-operation; a warning against the great lengths to which he would go in order to prevent any break-down of morale within his own ranks. He admitted for the first time the possibility of a victory by the British and of continued war next winter. Likewise it made known the degree to which the Nazi troops suffered in Russia during the past winter.

It is quite possible that the real purpose of the whole speech was to create a false sense of security in the United Forces before launching a strenuous spring conquest. But since this is not in any way similar to previous German terror propaganda techniques, the idea is not likely.

The Russian comment about the speech was that it marked the beginning of Hitler's offensive against his own people rather than his offense against the United Nations. For the war is, in all probability, in its final phase for him. This year will bring to him unconditioned victory or defeat. The speech, say some authorities had the overtones of a man facing defeat but determined that if he went down he would drag with him to the destruction his own people and the whole world.

However the true significance of this speech becomes evident only when it is compared with the other speeches of the week. If Hitler is to be defeated, it will be because the peoples of Russia and of the United States have sychronised their efforts — the Russians doing the fighting and the United States supplying the materials. President Roosevelt's speech on the anti-inflation program then becomes an important part of the total scene. Certainly this speech was one of his great speeches. It was characterized by his usual clarity, and grave persuasion. His use of specific illustrations of individual sacrifices contributed to its effectiveness. It service to help co-ordinate in the minds of the American people the relationship between the war of men, battles, and guns with the mobilization of resources and morale here at home.

Stalin's Order of the Day on the first of May while it does not compare in literary style with the others, was an attempt to accomplish the same purpose. Rather bluntly but yet in a way that the Russian soldiers are accustomed to hear he insisted that if the Germans were to be driven out completely their present casual attitude toward the enemy must be supplanted by hatred and determination to win.

The fourth speech in the group came last Sunday when Prime Minister Winston Churchill on the 2nd anniversary on his becoming the First Minister to the King addressed his people. He, in reviewing the war situation, pointed out the great odds that the Germans are now facing. He ended on an encouraging plane which we in the U. S., I think, might well adopt.

"Therefore, to-night, I give you a message of good cheer. You deserve it and facts endorse it. But be it good cheer or be it bad cheer will make no difference to us. We will drive on to the end and do our duty, win or die; God helping us, we can do no other."

AWARD WINNERS
(Cont. from Page 1)

State Tournament:

First place in extempore—Lucille Lynch.

First place in Impromptu—Lucille Lynch.

Second place in oratory—Muriel Geisler.

Second place in oratory—William Evans.

Second place in Peace Oratory—Henry Wick.

South Atlantic Tournament:

First place in after-dinner speaking—Hal Lloyd. First place in extempore—Phyllis Anne Cain. Second place in oratory—Natalie Yelton. Second place in Impromptu—Natalie Yelton.

Southern Tournament:

First place in Women's Debate—Lucille Lynch, Janet Lindsay. Tie for first place in Men's Debate—Henry Wick, William Evans. First place in extempore—Lucille Lynch.

A Pin is given by the College to each senior in the Choir who has been in the Choir throughout his senior year, and at least one other year during his college course. This award is based also on regularity and quality of work.

Dorothy Barber, Ruth Duggan, Jackson Gilmore, David Hall, David Kidder, Ruth Lane, Eloise McNeely, Louise Marshall, Quentin Myers, Doris Smith, Dean Stiles, Ada Summers.

A Key is given by the College to each senior in the Band who has been in the Band for four years and completed all requirements.

Phyllis Johns, Dudley Moore, Mae Persing, Dean Stiles, Robert Wright.

Theta Alpha Phi. The following were elected this year to Theta Alpha Phi, dramatic honor society:

Charles Dunning, Alice Jones, Edward Kidder, David McDaniels.

Letters Awards—Men:

Football— Robert Bennett, Jefferson Breazeal, James Burris, Albert Chambers, Roy Cloninger, Ronald Easter, James Garvin, George Graham, Robert Herzberger, Ross Honaker, Norman Hooker, Jack Kramer, Sam Lattimore, Marvin Mitchell, Robert Morton, Earnest Murr, Charles Pepper, Walter Proffitt, Andrew Richards, Lester Rock, Fred Shelfer, Oliver Spears Kenneth Talbott, Lloyd Taylor, Gordon Webb, Mack Wilson, Donald Campbell, Mgr.

Baseball—Donald Conkle, Ross Honaker, Norman Hooker, Leroy McGaha, Robert Miller, Allan Rock, Lester Rock, Fred Shelfer, Paul Sieber, Lloyd Taylor, Gordon Webb.

Basketball—Ray Lillard, Stanley Menning, David Smith, James Smith, Lloyd Taylor, Gordon Webb, Sam Crawford, Mgr.

Swimming — Layton Berquist, Charles Colville, Stanley Crews, Frank Miller, Tom Mize, Allan Moore, Horace Scherer, William Sidner, Robert Francis, Mgr.

Wrestling—Lloyd Anderson, Edwin Ballinger, Warren Culver, Horace Justus, William McCord, David McDaniel, All Richards, Joseph Suitor, Trevor Williams, Mack Wilson, Percy Martin, Mgr.

Tennis—Kenneth Cooper, Robert Hunter, Edward Kidder, Hal Lloyd, Ted Pratt, Oliver Van Cise, Dana Cox, Mgr.

Cheerleader — Lester Boyd, Benjamin Lynt, Ellen Pascoe, Meredith Preston, William Sweeney.

Awards in Women's Point System—500 points meriting Letter, Sweater, "M" Club membership:

Betsy Burleigh, 559, Edith George, 578, Josephine, Gillette, 513; Johnnye Gudel, 526; Agnes Peterson, 560; Nancy Russell, 507.

440 points meriting Letter and "M" Club membership:

Margaret Boretsky, 444; Jean Boyd, 403; Catherine Boynton, 436; Carol Gillette, 424; Elizabeth Hains, 425; Frances Lane, 422; Ruth Perrin, 407; Marguerite Taylor, 460.

300 points meriting Monogram:

Donnell Bailey, 393; Betty Burton, 311; Doris Gernt, 373; Carolyn Harper, 306; Catherine Loesch, 393; Agnes Lodwick, 364; Ruth McClure, 397; Isabelle McMurray, 389; Shirley Montgomery, 378; Joyce Odom, 394; Martha Jeane Shaw, 389; Marion Stout, 368.

V

ALUMNI DAY
(Cont. from Page 1)

the Alumni Dinner and the annual band concert under the direction of associate professor, Ralph R. Colbert. The hour of the dinner has been moved ahead to seven o'clock in order that all who desire may attend the band concert. No one will be admitted without a ticket, the price of which is seventy-five cents. Members of the class of 1942, ie., seniors, are guests of the alumni association but must secure tickets before they can be admitted. Tickets for the dinner will be on sale at a booth, located between Anderson and Baldwin Halls, beginning Saturday morning. Seniors may secure their guest tickets at this booth.

The other event of the evening, and the concluding one of the Alumni Day program will be the band concert already mentioned which will be held at 9:00 on the corner of the golf course behind Pearson Hall. In order for the dinner to be completed by the hour of the concert, it is necessary that it get underway promptly at seven oclock. The cooperation of the alumni in making this possible will be gratefully appreciated by those in charge of planning the day's program. Alumni are also urged to register at the alumni booth located between Anderson and Baldwin in the book provided for that purpose as soon as they arrive on the campus.

Mrs. John C. Crawford is chairman of the welcoming committee and is prepared and glad to render any service needed by visiting alumni or to direct them to someone who is able to aid them.

TALK OF THE WEEK ... By Charles Dunning

Exchange
BY ERNESTINE ULMER

Irate father: "What do you mean by bringing my daughter home at this hour?"

Frosh: "Sorry, sir, but I really have to make an early class."

—The Tech.

If the professor is fifteen minutes late for class, he is unusual. In fact, he is in a class by himself.

—The Appalachian

"Who is that fellow with the long hair?

"He's the sophomore from Yale."

"Oh, I've often heard of those Yale locks."

—The Spectator.

"There are three classes of women on every college campus: the intellectual, the beautiful, and the majority".

—Campus Collegian

Daffynitions: A bachelor is a man who never Mrs. anything . . . A hug is just energy gone to waist . . . and a pessimist is a man who wears both a belt and suspenders on his pants.

YOUR COLLEGE CAN NOW HELP YOU BECOME A NAVAL OFFICER

Freshmen, Sophomores, 17 THRU 19. Enlist now! Stay in college! You may qualify for a Naval Commission on the sea or in the air.

Freshmen. Sophomores. Here's a challenge—and an opportunity! Your Navy needs trained men. Trained men to become Naval Officers! And *your* college is ready to give you that training now.

Here's How Navy Plan

If you're 17 and not yet 20, you enlist now as an Apprentice Seaman in the Naval Reserve. You then continue in college, including in your studies courses stressing physical training, mathematics and physics. After you successfully complete 1½ calendar years of college work, you will be given a classification test.

Aviation Officers

If you qualify by this test, you may volunteer to become a Naval Aviation Officer. In this case, you will be permitted to finish the second calendar year of college work before you start your training to become a Flying Officer.

However, at any time during this two-year period after you have reached your 18th birthday, you may, if you so desire, take the prescribed examination for Aviation Officer . . . and, if successful, be assigned for Aviation training. Students who fail in their college courses, or who withdraw from college, will also have the privilege of taking the Aviation examination.

Deck or Engineering Officers

If you qualify in the classification test and do not volunteer for Aviation, you will be selected for training as a Deck or Engineering Officer. In that case, you will continue your college program until you receive your bachelor's degree, provided you maintain the established university standards.

Other Opportunities

If you do not qualify as either potential Aviation Officer or as potential Deck or Engineering Officer you will be permitted to finish your second calendar year of college and will then be ordered to active duty as Apprentice Seamen. But, even in this event, because of your college training, you will have a better chance for advancement.

Pay starts with active duty.

It's a real challenge! It's a real opportunity! Make every minute count by doing something about this new Navy plan today.

DON'T WAIT...ACT TODAY

ECHO SPORTS

SIDNEY DUKE—TED PRATT THE HIGHLAND ECHO MAY, 16, 1942 Page Three

FINIS

Today's diamond frays with the LMU Railsplitters marks the finale of another successful baseball season. Although the present emergency tended to shorten the schedule and perhaps call a few varsity players into service, the current Scottie baseball nine has come through the '42 season with ten wins against only four defeats. Without the final two games, Coach Honaker's boys have taken the UT powerhouse twice, split with Carson-Newman, Tennessee Poly, LMU, and have taken three out of four contests with Hiwassee. The Scots also took both games of a doubleheader with Murfreesboro.

Playing their last ball for Maryville College will be four seniors: "Spo't" Shelfer, four-year veteran behind the plate; LeRoy McGaha, outstanding outfielder for four years whose batting has made quite a name for him in neighboring colleges; Norm Hooker, four-year moundsman who topped his career by losing only one game this season; and Paul Sieber, a three-year veteran of the Scottie pitching staff.

To illustrate the type of ball these boys have played, the following yearly records speak for themselves. They include the last four baseball seasons up to and through the last UT game of the present season.

Year	Won	Lost	Tied
1939	12	9	2
1940	13	3	1
1941	17	4	0
1942	10	4	0
Totals	52	20	3

Congratulations and good luck to the 1942 Scottie baseball squad and to these four graduating seniors who have just completed the last of four outstanding seasons!

STATE TENNIS MEET

To the accompaniment of incessant and nervous whittling by Sewanee's tennis coach, G. S. Bruton, the flawless champion of the 1941 campaigns, Trap Jervey, repeated his performance by annexing the singles championship at the recent State Meet held at TPI. After outlasting Southwestern's little Hinson in a three-hour marathon in the semi-finals, Jervey took Southwestern's Collier in straight sets 6-1, 6-1 in the finals. Only the winning of the doubles championship by SW Collier and Hinson kept Sewanee from running away with the title. Sewanee and Southwestern got nine points each to tie for the State title, Tennessee got five to take second honors, and Maryville finished third with three tallies. This is the third straight year in which the Scottie netmen have finished in the third spot. Five wins, two losses, one tie, and third in the State goes down in the record books for the current racket-swingers, with the shortage of balls making the prospects for the continuance of the sport slightly bare.

HERE AND THERE

Hated to see Billy Conn lose his chance at the title with a "$125,000 kitchen chat" with papa Smith. His father-in-law fractured Billy's hand with his head. "Oughtta be a law agin it!"

The Yanks are coming!

Frosh Gualtieri challenged his roommate Beaver to a game of water polo. He didn't know all Beavers can stay submerged for approximately thirteen minutes!

Cifers of UT shouldn't ever get bored at a track meet. He didn't even get to sit down during the entire State Meet.

Too bad there's no time for an Alumni-Varsity baseball game sometime. It would at least leave the Scotties optimistic for next year's season.

Bogosian And Justus Make Sigma Delta Psi

Two members of the Maryville student body, freshman John Bogosian and senior Horace Justus, have passed the required physical tests and are now eligible for membership in Sigma Delta Psi, national athletic frat.

To be eligible for membership, the candidate must pass thirteen tests in running, jumping, swimming and representative tests in other sports besides having passing grades in classwork. A number of men have been working on it for several weeks, but Bogosian and Justus were the only ones to pass all tests. Others to try were Bob Lockwood, Oliver Kressler, Dick Boyd, Trevor Williams, Harvey Overton, Bill McCord, and Joe D'Antonio. The tests completed by these men can be used if they decide to finish the requirements next year.

Following is a complete list of requirements:

100 yd. dash	11 3-5 sec.
120 yd. low hurdles	16 sec.
Chin bar according to weight.	
Broad jump	17 feet
Shot put according to weight	
Baseball throw	250 feet
Mile run	6 min.
Football punt	40 yd.
High jump	5 feet
100 yd. swim	1 min, 45 sec.
Hand stand	10 sec.

—v—

Highlanders Close Season Against LMU Today

This afternoon will see the last of the '42 baseball season for the Scotties when the LMU Railsplitters visit the campus for two return games. Maryville has split a pair of games with the Harrogate nine this year, losing one 8-6 and winning the other 7-4.

With but two games to go, the Scotties boast of a record of ten victories and but four losses. Two of the wins were over a strong U-T club. No team has taken the measure of the Highlanders more than once with C-N, TPI, Hiwassee, and LMU each grabbing one.

Four seniors will play their last games in a Maryville uniform tomorrow. Fred Shelfer, Paul Sieber, Norman Hooker, and Mac McGaha are due to receive sheepskins on Monday and are out to beat the last ounce of blood out of the ball in these last two games. The biggest loss will be Maryland Mac McGaha, slugging outfielder who has paced the team in hitting for the last three years. As a freshman, Mac hit at a .319 clip, climbed to .387 as a sopho., and pounded a cool .432 last year. At present his average is hovering just under the .500 mark and the big boy is out to fatten that average on the LMU offerings. Two homers and five triples have bounced from his bat to date, he has missed but one chance in the field and has run wild on the basepaths. Mac is one of the best ball players who has ever worn the Orange-Garnet.

Spo't Shelfer and Norm Hooker, battery mates for the past four seasons will be broken up by graduation. Spo't has been doing an excellent job behind the plate this year and Hooker is twice conqueror of U-T. Paul Sieber has done well when called upon to toe the slab.

Eleven Baseball Men Earn Sweaters and Letters This Year

Two Sophomores Receive Tennis Letters With Four Junior Members

The Athletic Board of Control met last week and selected lettermen for baseball and tennis as well as for the girls' point system. Six letters were awarded to the net squad and eleven to the baseball team.

Included in the racketeers was Oliver Van Cise, who has been an outstanding player for three seasons and who was a member of the state championship doubles team in his freshman year. Next was Ted Kidder. another third year man who played number one this season. Ted Pratt, also a dependable third year veteran, was recognized for his steady play this year.

Ken Cooper, second year; Hal Lloyd, first year; and Bob Hunter, first year; were the other members of the honored circle. Dana Cox was given a managerial letter.

All of the netters are slated to return to school next Fall, if Uncle Sam is willing, and Coach Fischbach's boys should have another big year.

Four Seniors were included in the list of those awarded diamond sweaters—Norman Hooker, Fred Shelfer, Leroy McGaha, and Paul Sieber. Hooker is a righthanded pitcher who has been a consistent winner all through college and who really came into his own this year. Shelfer is a catcher who will be missed behind the plate and at the bat, where he has always been a big gun. McGaha has been hailed by many as one of the best hitters to play on the Hill, and his big stick has won many games for the Scots. Mac, normally an outfielder, also saw some action on the mound Sieber, a righthander, completes the list of those who will finish school this week.

Lloyd Taylor, infielder, and Les Rock, who plays the outer garden and pitches as a side line, were the Juniors named. Soph Aggie Miller, a fielder, was one of the team's better batters this year, and was the other man who lettered.

Four freshmen completed the squad. They were Ross Honaker, third base; Allan Rock, outfielder; Don Conkle, catcher; and Gordon Webb, first base.

Six participants in the girls' point system won 500 or more points and were consequently awarded letters, sweaters, and M-Club membership. These included Betsy Burleigh, Joe Gillette, Edith George, Agnes Peterson, Nancy Russell, and Johnnye Gudel.

Nine more girls scored 400-500 points, which entitled them to M-Club membership and a letter. These were Boretsky, Boyd, Boynton, C. Gillette, Haines, Lane, Perrin, Summers, and Taylor.

Eleven girls were awarded monograms for scoring over 300 points. This list includes Bailey, Burton, Gernt, Harper, Loesch, Lodwick, McClure, McMurray, Montgomery, Odom, Shaw, and Stout.

The Athletic Board of Control supervises the awarding of letters in all sports, the general scheduling of athletic events, and other such matters. The officers-elect of this body for next year are Joe Suitor, president; Bob Herzberger, vice-president; and Oliver Van Cise, secretary.

INTRAMURAL DOPE

Intramural Dope

Intramural High Point Men

1. Bill Evans	428.5 pts
2. Charles Foreman	407 pts.
3. Horace Justus	390 pts.
4. Kenneth Cooper	367 pts.
5. Robert Lockwood	344 pts.
6. Elbert Upshaw	319 pts.
7. William Hargrave	301 pts.
8. Harvey Overton	282 pts.
9. Ted Pratt	281 pts.
10. Oliver Van Cise	277.5 pts.
11 Gabriel Williamson	271 pts.

On Thursday morning in the college chapel the 1941-42 intramural athletics program was officially closed and summarized, and the awards to the managers, the individual winners, and the Club winners were made. It's getting to be an annual affair—that chapel program—and the dope released in it is about the most important of the year.

This being the last column of the semester, it is well to take a look back and see what Coach Fischbach and his boys have been doing since last September. A knowledge of the history of intramurals at Maryville and of how new the present system is makes the following facts look pretty good.

Two hundred and forty-six men and thirty-five girls have participated in some phase of the intramural program this year. That means that 80.1 per cent of all the men on the campus—over four-fifths of them—have taken some part. Figures show that this is an increase of 7.6 per cent over that of last year. The secret ambition of the IM staff is to get 100 per cent of all able-bodied men in college in intramurals. After seeing these figures and considering what the next year or two will mean for sports anyway, this corner guesses that fulfillment of the ambition is on its way. Don't say we didn't tell you when next year's figures turn up.

The individual points of every one of those 281 people have been carefully kept and added, and a handsome engraved trophy was awarded yesterday morning to the man who had the highest total number of points. That man was Bill Evans, who had chalked up has been entering everything enhaes been entering everything enterable, especially this semester, and hasn't been doing so bad in winning them, either. His work was well rewarded, for he was top man by 21.5 points.

But the race for highest man was very close, and only the last events which were finished up last week really decided the affair. Ten other men were threatening Bill all the way. Chuck Foreman was the only other man in the 400's; a list of all ten and their respective points is at the top of this column.

The Club plaque this year went to Alpha Sigma for having made the largest number of points in those sports organized for team play during the year. Athenian was Alpha Sig's only close competitor, but even they didn't threaten closely. Alpha Sig won the football, the Festival relay, and softball and was runner-up in the basketball, whereas Athenian was runner-up in volleyball.

A special ward in archery, given by John Guinter, was presented yesterday morning to Ruth Aiken, the archery tournament winner.

Records show that there were 20 different tournaments in the two school semesters. Tennis started the program off last fall and archery wound it up a few days ago. The tennis singles title went to Bob Hunter: Hal Lloyd was runner-up. Chuck Foreman and Jim Faulkner won the tennis doubles, with Ken Ross and Bill Evans as runners-up.

Football boasted an unusually large number of teams. It went to Alpha Sig; the independent Blanks were second. We haven't forgotten that playoff game on the varsity field when there was some pretty fancy stepping done, especially when Ray Dewees snagged his over-the-shoulder pass. Cold weather caught the doubles golf tourney being played in the fall, but it went the full rounds. Bill Evans and Frank Miller won it; Layton Bergquist and Bill Henderson followed up. The doubles horseshoes started in the fall but slowed up and wasn't finished until two weeks ago when Olsen and Sam Pemberton won over Bill Evans and Bill Henderson in the finals.

The Volleyball tournament in December was on its toes. We saw some of the best ball offered around here for some time. The title went to the independent Dwarfs, who formed a real spotlight team, and Athenian finished second. In the handball tourney Oliver Van Cise won over Andy Richards to take the top spot.

The Intramural Festival on February 21 saw the finals in table tennis, fencing, foul throw, and basketball. Van Cise won the table tennis; Ted Pratt finished second. The fencing title went to Bill Henderson in a match under the spotlights on the main gym floor. Runner-up, Bob Calvesbert. The independent Celtics trounced the Alpha Sig Dudes to take the basketball finals. This years basketball tourney was one of the best; there was plenty on the ball, lots of good playing, and high interest. Bouquets to the manager. Jim Faulkner tossed a beautiful score i nthe foul throw contest and walked off with first place. Frosh Wayne Stevens—no unpromising lad—was second.

This year's swimming was an open championship affair held in the pool on a Saturday night. Dave McDaniel and Bob Lockwood tied for first place, and Les Boyd ran them a close second. It was an experiment, the open championship method, and worked, it seems, better than last year's class basis. The tumbling gymnastics tourney was a new one this spring; Carl Alette did what everyone expected and copped the title by outpointing the other 8 fellows; Bob

Intramural Dope

(Continued from page three)

Swarzwalder followed him in the runner-up slot.

The real spring shindig began with the singles golf. The course was in as good shape as it has been for some time; 50 some-odd men entered the race. Coach Fischbach won first place, and Layton Bergquist, again the unlucky man just as in the doubles golf, pulled up at second. There was some handsome golf in that outfit of 50 players. The game had a marvelous two-months popularity streak here on the campus, and the course was almost crowded every good day. IM can take some of the credit.

Dave McDaniel took over Ken Cooper in the horseshoes singles this spring. Ruth Aiken became the year's only girl winner in intramurals by outshooting all comers in the archery meet; Charlie Huglan was runner-up. The shuffleboard doubles went to Gabe Williamson and Art Bushing, who won in the finals over Henry Wick and Percy Martin.

The spring's big affair was softball. Seven teams originally entered, but the faculty couldn't keep up the pace, and the season ended with only the six student teams in the running. Though they were threatened near the end, the House of David looked like the champs from the first, and sure enough they ended on top. Holy Joes and Alpha Sig ran a close one for second, but Holy Joes got it. Because both the House of David andHoly Joes were independent teams, Alpha Sig did win the softball club title. An interesting sidelight on the softball affair was the field—Walker Field. It was chosen as the best available on the campus, but is still not permanent. It may continue to be used or it may not. Sensible suggestions are in order.

The Festival relay winner among the men were the Alpha Sig Dudes, D. Smith, Hedges, Rock, and Mair. Among the women they were Theta Epsilon in the shape of Burley, Peterson, Russell, and Boynton. The National Athletic Fraternity, Sigma Delta Psi, took into its ranks two more fellows this spring. Horace Justus and John Bogosian passed all tests, and papers are all set for at least one or two more. The staff has wanted to publicize Sigma Delta Psi this year and urge more men into it. Elsewhere on this page is a special article on it. Here's hoping for even bigger results in the summer and fall.

Incidentally, a group of wise heads got together the other evening looked over the records, pulled some of the season's incidents out of the memory hock, and drew up the official Echo All-Star Softball Team. It was no easy job because there were sometimes three or four outstanding players at each position, and the batting averages, errors and such-like had to be figured in to choose the right man. The team list appears on this page.

So that's the year's picture. Lots of sports, lots of people in them, handsome rewards, and a general big time. It hasn't been all peaches and cream. There's a staff that's done some real work—nine fellows, to be exact—and there have been team managers who have kept the thing going. Thanks from this department are due to all of them; also to the Echo and its sports editor, for the publicity space. Next year's IM publicity man is already on his toes and promises good things.

Indications are that next year the department will be even bigger and better than it has been. There's talk of awarding minor sports letters instead of monograms to the ten top men in the intramural point system. The college administration is planning to require physical ed. of all students, even juniors and seniors, for the duration, and for those upper classmen intramural participation may be counted for credit. And general emphasis on physical fitness is going to be the word for some time to come. All of which means a boost for intramurals.

So as we fold up our typewriters for the year, our thought is, "We'll see you on the ball field."

Student Body Head For '42-'43 To Be Brasher Bailey

Brasher Bailey, junior student from Alcoa, Tenn., was elected President of the Student Council for the year 1942-1943 at a special meeting of the Council held on Wednesday evening. Other officers selected for the coming year were Virginia Margaret Williams, V. President, of Alderson, West Virginia, and Jack DeForest, as secretary-treasurer.

Brasher Bailey has been active in campus affairs since coming to the campus, and is a member of Writers' Workshop, an active member of IRC, a consistent honor roll student, and has been on the Highland Echo staff. "Willie" Williams, the new V.-President, has recently been elected as V. President of the YMCA for the coming year, was Chairman of the Nu Gamma this year ,and is Mrs. Queener's assistant in point system activities. She is a member of the "M" Club, and has served on the Student Council this year. Jack DeForest has been an active member of the Freshman Class, representing his class on the Student Council this year. He holds a position on the YMCA cabinet for 1942-1943, and is Program Secretary for Student Vols.

Under the new constitution for the student body, passed by popular vote on April 29th, the president and other officers of the Student Council assume new responsibilities. In effect the president of the student body, and the V.-President and Secretary fulfill similar duties. The new officers begin their duties immediately and will plan for general student body activities next year.

WRIGHT'S ARTICLES

(Continued from page one)

court, the scandal about her name never completely subsided.

Miss Wright points out that it is unquestionable that Hawthorne knew the circumstances of this murder as the newspapers publicized them for a year. She also shows that it is very possible that Hawthorne had met Mlle. Deluzy after she became Mrs. Henry Field, the wife of a Congregational minister in America.

Miss Wright is a Maryville graduate of the class of 1933. While here in college she made a fine reputation in literary work, being an English major, associate editor of the Handbook, associate editor of the Chilhowean, a member of the Echo staff for three years, a member of Writers' Workshop for two years, and doing honor's work in English.

Following her graduation from Maryville, Miss Wright did further work at Yale. Her book of Sonnets and Commemorations, The Inner Room, was awarded the Albert Stanburrough Cook Prize in Poetry at Yale University in the academic year of 1936-37.

Jean McCutcheon.

The program for the exercises is as follows:

The Processional—The choir, The Directors, The Graduating Class, The Faculty—Processional Hymn: "God of our fathers, whose almighty hand".

(Audience remains seated)

The National Anthem (First stanza).

The Prayer of Invocation—Response by the Choir—The Rev. Sidney E. Stringham, D. D.

(Audience remains standing)

Anthem — Haleluya Arr. by Wihtol

The Annual Address—The Rev. Roy Ewing Vale, D. D., LL. D., Pastor of the Tabernacle Presbyterian Church, Indianapolis, Ind.

Anthem—O Bread of Life — Christiansen.

Conferring of Degrees and Awarding of Diplomas—President Ralph Waldo Lloyd—Assisted by Dean Hunter and Dean McClelland.

The Recessional—The Faculty, The Graduating Class, The Directors, The Choir — Recessional Hymn: "Glorious things of thee are spoken" (Audience remains seated until Recessional is completed)

Cain Elected President of IRC For 1942-43

National Defense Stamp Sale Huge Success

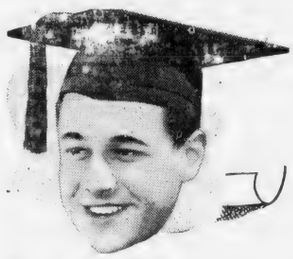
At the last meeting of the International Relations Club, Phyllis Anne Cain was elected president for 1942-43. Phyllis Anne is a junior Political Science major from Morristown, Tennessee, is a varsity debater and president of Pi Kappa Delta, a member of the Writers Workshop, and a staff editor of the Highland Echo. Malcom Thompson was elected treasurer, and Oliver Van Cise was elected secretary.

During the past week and a half the IRC has been conducting a sale of national defense saving stamps which has been a huge success. It was announced that $150 have been collected, and that many people bought stamps.

During the past year the activities of the International Relations Club have been varied. Janet Lindsay, retiring president, introduced the idea of having a current events class which was highly successful. Student discussions were held on various problems of national and international importance. The year's activities culminated in the defense stamp sale and in the special program and movie held in Bartlett last week.

The activities of the club will be resumed at the beginning of next year at which time the new president will take charge. At present, plans indicate that there will be no meetings during the summer session. New members will be elected early in the fall to fill the vacancies left by graduating seniors.

Eanes Leads Prayer Meeting



Cecil Eanes, a junior ministerial student, led the devotional at the last Wednesday night prayer meeting in Bartlett Hall. He chose to read a chapter from Proverbs. Following the scripture a series of sentence prayers was held by the students. Billy Segraves an English-economics major led the singing and taught a few choruses.

The Wednesday evening prayer meetings are held weekly throughout the college year.

College Campus Undergoes Many Improvements During The Summer

New Flag Pole Erected Atop Anderson Tower

While the student body was away from the campus enjoying the summer recess, a crew of workmen was employed by the college to paint, make repairs, and generally improve the appearance of the buildings and grounds, for the fall term.

As a part of this program, most of the buildings on the campus have undergone a thorough outside painting, and, in some cases, the painting has been done inside as well. The dormitories, Pearsons, Memorial, Baldwin, and Carnegie have been thus painted, and Anderson, Fayerweather, and the Bookstore have been similarly treated. Memorial hall underwent an intensive cleaning and painting on the inside; the rooms not given a fresh coat of paint were cleaned and the walls washed.

Most of the administrative offices in Anderson were painted, including the offices of the President, Dr. Ralph W. Lloyd; the offices of Dr. E. R. Hunter, dean of Curriculum and head of the English faculty, Miss Clemmie J. Henry, director of Student Help and administrative secretary; Mr. Louis R. Black, director of maintenance; Dr. James R. Smith, Public Relations Secretary, and Executive Secretary of the Alumni Association; and the newly installed typing rooms.

The interior of the men's residence, Carnegie Hall, was painted and renovated, those rooms not painted last year were painted this year, window panes were replaced, and numerous other repairs were made.

Still under construction is the new Baldwin bathroom which, when completed, will have a tile floor and all new plumbing and fixtures. In Fayerweather Science hall, many of the rooms have been repainted, some new blackboards have been installed ,and some of the other blackboards have been freshly painted.

The inside of Pearsons hall has been renovated, the first floor kitchen walls given a new coat of paint, and one of the two new pictures, given by Mrs. John Walker, hung in the parlor. The other of the new gift pictures has been suitably placed in the lobby of Baldwin.

A new metal flag pole has been erected in the place of the old wooden one atop the tower of Anderson. The new pole is completely grounded and is equipped with an attachment that prevents the flag from wrapping about the pole, sparing both the flag and the pole from unnecessary damage and adding beauty of the unfurled flag.

Director of maintenance, Mr. Louis A. Black, reports that the increased rain-fall of the summer months made it necessary for more time and effort to be expended this summer than in the past in keeping the campus lawns under control.

Gerry Hogan Will Manage "The Box"

The manager of the Chatterbox, campus store run by the YW and YMCA, has announced the hours at which the store will be open. The regular hours, in effect since Thursday, September 3, are as follows:

7:40—8:00 a. m.
12:40—1:00 p. m.
3:00—4:30 p. m.
6:20—7:00 p. m.
9:30—10:00 p. m. (for girls)
10:00—10:30 p. m. (for boys)

This year the Chatterbox will be under the management of Gerry Hogan as senior manager. Gerry will be assisted by Joe Brown, Frances Lane, and John DeForest. This past summer the store was under the direction of Mike Magill and Bill Hargrave. During the two six-week terms and during the synods held on the campus in the summer, the store was busy. Summer managers reported an average daily sale of 55 ice cream cones, 50 botles of pop, and at least a dozen pints of milk.

Maryville College SUN Takes Over For Summer

Students Publish Nine Issues Of Mimeographed Sheet

The Echo's counterpart this summer, although by no means a part or extension of our regular publication, was the Maryville College Sun. Each of the nine issues of this thoroughly helpful mimeographed sheet was greeted appreciately by the Summer Session. It came out each Friday during the twelve weeks, with the exception of the first Fridya and also the Exam weeks.

The Summer Sun was given its initial push by President Ralph W. Lloyd and Dr. F. A. Griffitts, Publications Committee Chairman; however, its remaining impetus was soon supplied by a group of volunteer students. The students on the staff were Arthur Bushing, Muriel Geisler, Charles Gilpatrick, Josephine Jennings, Hal Lloyd, William Sweeney; Edith Monroe, Richard Scruggs, Lauramae Weber, Ollie Welsh, and Bill Henderson.

The system worked out for publication was an individual and interesting one which proved to be quite efficient. Each member was editor for one issue, the editorship or rather the assembling of material rotating in this way. Ted Kidder arranged the design for the title page while Bill Henderson was responsible for the clever drawings used. There were no adds; cost of publication was taken from Student activity fees. The Sun filled a definite need and now the Echo is again taking over.

YMCA Holds Annual Pow-wow In Woods

Coach Fischbach To Speak To Freshmen

Featuring Coach George Fischbach as principal speaker, the Y. M. C. A. will hold its traditional pow wow and watermelon feast in the College amphitheatre this evening at 8:00 Coach Fischbach, head of the Scotty intramural system, will speak on intramural sports and introduce the system to freshman boys.

Other speakers will be Les Rock, football captain, and Oliver Van Cise, senior manager of intramural sports. Athenian and Alpha Sigma will then put on skits to demonstrate their qualities to the new students. A general song session led by Dave Hall will continue throughout the program, and freshmen will get a real taste of Maryville yells as Bill Sweeney takes over for the pep squad.

There will be plenty of iced watermelon for all.

IRC To Meet Tuesday Evening In Bartlett

The International Relations Club will hold its initial meeting next Tuesday, September 8, at Bartlett auditorium. All members are urged to attend this brief business meeting at which important program plans for the coming semester will be discussed. The year's program of the organization will as usual be extended to the whole campus. A new note in this year's schedule will be the promoting of activities to aid in the war effort. The club has been corresponding with the Office of Civilian Defense and with local organizations to determine means of help.

Also a picnic is being planned for the near future at which time the half dozen or more new members will be initiated. All new members are invited to attend the business meeting as well

Changes in Faculty, Staff Announced By President Lloyd

War-time Condition Necessitates Shift In Some Positions

Since the close of the spring semester President Ralph W. Lloyd has announced nine changes in the college faculty and staff. A number of these are due directly or indirectly to the war.

Ralph R. Colbert, associate professor, of music, resigned to accept a position with the Aluminum company of America. Mr. Colbert joined the Maryville college faculty in 1936 and served successively as instructor, assistant professor, and associate professor of music. During his six years on the Maryville campus he was a conspicuous figure, being director of the college choir, band, orchestra, and glee clubs. Under his direction the Messiah was presented each Christmas season and special music presented at the Easter Sunrise service. Mr. Colbert is now doing personnel work in the Alcoa plant. He continues to live in Maryville.

Mary Moore Keller, assistant professor of psychology and education, retired from college teaching this summer after completing six weeks of summer school. This year Miss Keller closed fourteen years as member of Maryville's faculty. In the past few years she has taught practically all of the courses in elementary education and has been adviser to many students planning to teach in elementary and secondary schools. Miss Keller expects to make her home in Knoxville with her sisters.

A third member of the faculty, Ralph M. Hovel, instructor in German and French, has a position in Chicago. Mr. Hovel came to Maryville after study in the United States and Germany. He has spent the summer working in Chicago.

Virginia R. Purinton, art instructor at Maryville for two years is now teaching art in Marshalltown High school and Junior College in Marshalltown, Iowa, not far from her home.

Evelyn H. Seedorf, instructor in dramatic art spent this summer in study at the University of Wisconsin. At present she holds a teaching position in Lincoln high school, Wisconsin Rapids, Wisconsin.

Two members of the college office staff, Mary Sloane Welsh and Phyllis Dexter, have left to accept teaching positions in Wash-

(Continued on page four)

President Lloyd Conducts Annual Convocation

On Friday morning, September 4, the College held its one-hundred and twenty-fourth convocation service in the Chapel. President Ralph Waldo Lloyd conducted the service and was assisted by Dean of Students Frank D. McClelland and Dean of Curriculum E. R. Hunter. At this hour the college was formally convened. Dressed in their robes the choir took part in the service.

The address was given by President Lloyd who spoke on the subject "What Maryville College Offers Its Students." Dr. Lloyd pointed out that college, and Maryville in particular, offers to students first of all a home for a considerable period of their life bringing through this home many definite values; second, an interesting life through contact with its people and program; third, a Christian environment; fourth, the accumulated resources of one hundred twenty-three years; fifth, a policy of low expenses; sixth the services of a highly trained faculty and staff; and seventh, many courses in liberal education.

Dean McClelland read the Scripture and Dean Hunter gave the Convocation prayer.

Big-Little Sister Party Tonight

All big sisters are invited to bring their little sisters to an Embarkation Party tonight at 7:30. Lots will be chosen and departures will be made from the lawn in front of Pearsons. Any girl who does not possess a big or little sister is also invited to come.

Bainonian Plans Freshman Week

The opening event of Bainonian rush week will be a tea Monday afternoon from 3::30 to 5:00 in the Y rooms. It wil be followed by a picnic in the college woods Wednesday afternoon and the formal opening which will be Saturday night in the Allied Nations barn.

The theme of Bainonian rush week will be Allied Nations.

Theta rush week will begin the following Monday, September 14. It will also carry out the general theme of the Nations of the World.

Summer "Peace Loving Domicile" Becomes "Madhouse of Commotion

By PAUL KOLTER

The nearest thing to an invasion we have witnessed thus far was performed right here on our own Maryville campus. The campus was invaded by hundreds of new and old students and turned a quiet peace loving domicile into a madhouse of commotion so to speak. At least it seemed that way to those of us who had been here attending summer school. Our busy existence this summer was guided by the thought and hopes for the coming year when we should again be with the "old gang" and have everyone back who belonged here. We spent the summer trying to explain to the freshmen who had enrolled this summer what it would be like when they came to college this fall. Already this week we have heard "the line forms on the right please" so many times that all new students are wondering if they will do anything but stand in line. That's just a preliminary of more and better things to come. Just ask any student who has been here before. There is plenty more to come.

Just a word in defense of summer school. Don't think that just because I referred to the summer session as peaceful and quiet that it was boring or dead or some other adjective such as that. To be sure when we first returned in June it was rather lonesome, but as soon as we became used to fewer people, we rolled right along at an ever faster rate of speed and managed to tuck away a good sized meal of full semester's courses in six weeks. Saturday evening socials, less stringent rules, evening soft ball games, and a good time was had by all. Besides our own personal feelings, the summer session was of vital importance to us attending in enabling us to reach closer to our goal of graduation.

Anyway, back to the present term. Picture if you can, a comfortable neat room, everything in order and in its right place; the proud owner is hapily engaged in anything else but unpacking. And then turn an eye to your own future habitation. If your room is like ninety-nine and forty-four one hundredths per cent of the rest of ours, I need not say more. However, we all are surprised at what we are able to do even if you don't think so as you sit on your trunk and look soulfully at your roommate perched on another.

Before I got off the subject I was in, I was in the midst of giving another welcome to one and all. new students and faculty as well as those of us who have been here before. Of course it is swell to be able to be back here on Maryville campus, but it is even better to have all of you here to make it so. We are all glad to see such a "goodly number" here this fall and are expecting a bigger and better year in every way.

Vine, Barrick, Drinnen and King Join Maryville's Faculty For Coming Year

Five Graduate In Summer Term

First Summmer Session Proves Successful

On last Friday, August 28, Maryville College closed the first Summer Session of its history, which proved to be quite successful. The program was inaugurated in cooperation with a nation-wide effort on the part of colleges to join in an accelerated educational program. A total of one hundred and fifty-eight different students attended, one hundred forty-seven the first term and one hundred forty-three the second term. At the close of the Session there were five graduates. Dave McDaniel finished at the end of the first term; while Kay Estes Treadwell, Dave Hall, Jack Kramer, and Frank Barr were graduated last week.

Life for summer school students was in many respects different from usual. The remnants of the two Y Cabinets got together in the early summer and appointed two committees to take care of the social life during the Session. During the first term one committee whose chairman was Muriel Geisler was responsible for campus entertainment and the second committee headed by Aura Santiage took over during the second term. The two Y's met in joint services on Sunday afternoons, while Vespers was held out-of-doors, when whether permitted, on the lawn just above the sun dial.

Although four periods of classes lasting from 7:15 a. m. until 1:45 p. m. were held during the first term, the schedule was reduced to three class periods (from 7:30 to 12:00) the last six weeks. Faculty members who taught from June 9 to July 17 did not teach during the

Maryville Library Is Fortunate In Securing Books

Many Volumes Are Purchased During Summer Session

Sometime next week Maryville College students will be able to obtain a large number of new books from the college library. During the summer the library purchased about two hundred and fifty books from publishers both here and abroad. Most of these books will be placed on the shelves next week and will be available to students who wish to read them.

An unusual number of books on general subjects has been purchased. Included are books of outstanding merit on current world affairs, recent biography, and novels.

For those who are interested in world affairs and in the various countries which are playing a prominent part in the war, the following books may prove interesting and helpful: Introducing Australia, a story of the sixth continent and what it means to America; The Last Time I Saw Paris, by Elliot Paul; Our Hawaii, by Erna Fergueson; The Setting

(Continued on page four)

YW President To Be Speaker At Opening Service In Y Rooms

On Sunday afternoon at 1:30 the YWCA will hold its first meeting for this year in the Y rooms. The new president of Y, Jean Patterson, will speak. Her topic will be the motto which the members have chosen as their guide for 1942-'43, "Our purpose according to His purpose". YW invites all women of the college to attend the weekly meetings. The service is held each Sunday at 1:30 in the Y rooms which are located in back of the library in Thaw hall.

Maryville Grads Employed In Varied Occupations

Some In Service; Others Teach, Marry, Do Graduate Work

During the few months interval between the close of spring semester and the opening of the present fall term, many Maryville college graduates of '42 as well as a large number of last year's underclassmen have accepted positions or begun to carry out plans for further study. In several issues The SUN this summer printed information as to the whereabouts of many of them. For the benefit of returning students we are repeating in this issue the occupation and location of some old students or classmates.

Margaret Proffitt, Nelda Henry, Margaret Whaley, Elizabeth Glover, and Fontella Hamilton are teaching in Alcoa, Mary Agnes Carter in Ohio, Helen Cameron in Magee, Mississippi. Virginia Strobe in Zeland, Michigan. Ted Holman, John Hoelzer, Charles McCammon and George Howard are in Med school.

Helen Cone has received the Anna Walker Moor scholarship of the faculty of the Presbyterian college of Christian education in Chicago. Mary Felknor, Mildred Hester, and Lilian Nichols worked this summer with the Aluminum Company of America. Beth Pascoe is with the Corn Products Company of Illinois. Boyd Rich is preparing to be an instructor in the radio division of the army air force. Grayce Ridings enters Northwestern this fall for graduate study. Bette Umbach has been at Northwestern this summer and now plans to work in Chicago this winter.

Seminary enrollments include Art Rowen, Ken Leishman, and George Tibbets. Marian Jenkins and Dud Moore are in Philly, Marian in reseach work with Dupont, Dud in dental school. Dottie Barber, Ruth Duggan, Mary Elizabeth Cruze, Elaine Fichter, Louise Marshall, and June Morley are on the staff of workers with the T. V. A. Joyce Parham and Jean Zimmerman have joined hospital staffs. Joyce for nurse training at the Henry Gray hospital at Atlantic. Jean the Tayler hospital in Ridley Park, Pennsylvania as assistant dietician.

List of those planning to teach includes Margaret Clark, Elizabeth Bryant, and Kathryn Matthews in Blount county, Anne Gammon in Blackie, Kentucky, Tennie Huff, now Mrs. Charles Raye, at Vonore, Lucette DeBarritt in Florida, Lisbeth Prater, Janet Lindsay, Mary Proffitt, Ada Summers, Johnye Sue Long, Clara McCord, and Mary Cobb. Dottie Buchanan and Mary

(Continued on page four)

Faculty Reception To Be Held Monday Evening In Library

Next Monday evening September 7, the annual Faculty Reception will be held in the library. This year the reception will be held from 7:30 to 9:30, this being a difference of one half hour in the previously announced time. This reception will enable all students to meet the members of the faculty and staff, their wives, and the heads of the various clubs. Heading the reception line will be Jean Patterson, president of the YWCA, and Roy Crawford, president of the YMCA. They will be followed by President and Mrs. R. W. Lloyd and the other members of the faculty.

The reception will be formal and light refreshments will be served.

All those who wish to have the Highland Echo sent home see Business Manager Ken Cooper. The charge will be fifty cents for the semester or one dollar per year.

Vine Succeeds Colbert On M. C. Music Faculty

NEWCOMERS ARRIVE

Drinnen, Barrick Are Instructors In Education and Art

Several new instructors have been appointed in recent weeks to succeed mebers of the faculty who left during the summer months. These include an instructor in music, Mr. Richard W. Vine, in education, Mrs. Zelma Kennedy Drinnen and in art, Mr. Kenneth Barrick. A part-time instructor who was appointed to teach a class in accounting during the summer session, Mr. James Ward King, secretary-treasurer of Proffitt's Department Store will continue with a similar class this semester.

Mr. Vine fills the vacancy created by associate professor Ralph R. Colbert who accepted a position with the Aluminum Company at Alcoa in the summer.

In his capacity of assistant professor of music, Mr. Vine has already entered upon his duties and will have a schedule of teaching similar to that formerly carried by Mr. Colbert.

Mr. Vine attended the high school and the junior college in Rochester, Minn., where he was born about thirty years ago. He received the degree of Bachelor of Music from St. Olaf College, Minnesota, where he was a member and tenor soloist in the famous St. Olaf College Choir under Dr. F. Melius Christiansen, well known teacher, director, and composer. He received the degree of Master of Music from the MacPhail School of Music, Minneapolis; attended the Universtiy of Minnesota three summers, and Rutgers University, New Brunswick, New Jersey, one summer; spent the year of 1939-1940 in New York City, where he studied voice under Frederick Southwick and Agnes Forde and choral composition under John Cuvallier.

While studying in New York he sang with the New Jersey Opera Association, was tenor soloist in the Zion Lutheran Church, New York City, and himself taught in one of the voice studios. Some of Mr. Vine's own compositions have been published by the Paramount Music Corporation of New York.

Mrs. Zelma Kennedy Drinnen BA., MS., succeeds Miss Mary Moore Keller who retired early in the summer, as instructor in Psychology and education.

Mrs. Drinnen, who before her marriage was Zelma B. Kennedy, received her B. A. degree from Maryville College in 1916 and her M. S. degree in Education from the University of Tennessee in 1940.

She was a teacher in the Knoxville High School for five years, a teacher and high school principal in Hamblen County, of which Morristown is the county seat, for ten years, and during the past year has been on the faculty of Karns High School in Knox County. She has had successful experience in both elementary and high school teaching and as principal and school supervisor and will bring this practical experience to the classroom and to the work of the practice teachers at Maryville College.

Mr. Kenneth Barrick, B. F. A., M. A. is the new instructor in art and will take over the art classes formerly meeting with Miss Virginia Purinton who resigned during the summer. He arrived on the campus on Thursday of this week.

Mr Barrick received the Bachelor of Fine Arts degree from the University of Illinois, and later was granted an M. A. degree by the University of Iowa. He taught last year at Otterbein College in Westerville, Ohio. He also has worked in past years as a commercial artist and as a newspaper staff artist.

THE HIGHLAND ECHO

SATURDAY, SEPTEMBER 5, 1942.

ON THE LEVEL

Along with everything else now is the time it is customary for newspapers to express their "policy for the year". We might of course like the NEW YORK TIMES make a dashing start and carry on under "All the News that's Fit to Print." Recently we saw a young newspaper trudging along with the slogan, "The Paper with a Policy"—which should serve us admirably did we wish to be intriguing and mysterious but probably nothing more.

Perhaps, very simply, we could start with "Campus Spirit—done in Black and White". As we interpret the purpose of the HIGHLAND ECHO, it is not to be a stifled reverberation from activities that are old and already half forgotten, but a representation of the activities, the spirit, of the college, alive, keen, up-to-date. The paper was established primarily to be of service to the students—to schedule for them future activities to give credit and publicity to achievements, sports, scholastic, or otherwise; to afford to those interested in writing opportunity of putting their ideas into print—in short, a permanent echo of student life.

Editorials are traditionally the dullest part of a students' newspaper. And being the conservative type, we shall probably run true to form, until finally lightning strikes. Such humor as raiseth a grinning face from the pen of the various staff writers we shall pass on to you, with no apologies. The news items we shall try to make of primary importance, have as informative and useful as possible; features and columns we hope and expect will retain the interesting and appreciated status they've formerly gained.. We know sports will tentacle interest. Advertisers we hope you will patronize that we may keep our paper soul and body together.

As echo of prevading campus spirit, we add a formal welcome to freshmen. In spite of contrary propaganda, we're really glad to see you. We echo too the admiration for the campus in September shine, express the gratitude for college during war.

Finally, this is your paper. If you wish to contribute something of information or original writing, we shall be glad to try to make use of it. If you think the paper shows a steady deterioration tell us; we'll try to remove your criticisms from solid grounds.

This pledge taken the 5th day of September, etc., etc., we stand impressed.

CAMPUS CALENDAR

Saturday, September 5

8:00—Big-Little Sister Party.
8:00—YMCA Pow-Wow.

Sunday, September 6

9:15—Sunday school at Presbyterian church; church at 10:30—Dr. John A. McAfee, minister
—Sunday school at First Methodist church; church at 10:30—Dr. F. B. Shelton, minister
—Sunday school at Broadway Methodist church; church at 10:30—Rev. S. C. Beard, minister
—Sunday school at First Baptist church; church at 10:30—Dr. Colvin L. Hammock, minister.
—Sunday school at Episcopal church; church at 10:30—Dr. J. B. Bernardin, minister.
—Sunday school at Christian church; church at 10:30—Prof. Arthur Hyde, minister.
1:30 YWCA meeting in Y rooms.
7:00—Chapel Vespers.

Monday, September 7

7:30—Faculty reception in library.

Butterscotch

By JORDY MEADOWS

Well, kids, looks as if most of the old gang is rolling in slowly and heavily laden with good intentions. Wonder how long they'll last. We would wager if we were the type. Anyhow, the tans look wonderful, and wasn't it mad, mad fun getting them?

Something new has been added in a big way to our pal Swartzwalder's face. We wonder if the moustache is to add dignity or whether he is being overly patriotic in leaving the razors to those who haven't that continental charm.

For something so tiny, Polly Park has more than her share of prestige. The gal's a senior and she's done it in double-quick time. We still think that she did it with mirrors, but just wait till May, and see what she's bound to add to a cap and gown. And speaking of Polly, ask her anytime what Neil Proffitt's mother sent to Park's to be delivered to him. Better still—ask Neil!

Question of the week—Was it the haircut? Olsen Pemberton, one of the illustrious welcoming committee in Knoxville, was joyously attending to his duties by approaching a lovely co-ed with the words "Are you going to Maryville?" She took one look at him and fled in abject terror. After a swift pursuit, Olsen managed to convince her that he was a perfectly harmless student himself. And incidentally, we've heard that there are some rather lovely pictures of that so-called committee floating around. We think that calls for an exhibition.

Are you a freshman, too?

A Naval Air Corps uniform does something for Spo't Shelfer. There's just something about a sailor—especially with wings. And when we think of Spo't, we're reminded of how wonderful it is to see Dave McDaniel around for awhile. He certainly is sporting that V 5 pin, so it won't be long until e's one of the flying sailors too.

One thing always leads to another, but we think that this is particularly tender. The McDaniel brothers look pretty O. K., but it seems that Frere Fred had a little bit of difficulty when it came to getting his meal ticket for the night when the picnic dinner was the event of the evening. Sounded like a marathon to us.

Mrs. Franklin is no longer gracing the third floor on Baldwin. The frosh in Memorial are certainly getting a break. In fact they already think that there is no place quite like the old hall. We'd kinda like to say a big double check to that.

It's most discouraging to know that one dress is all there is to wear until the elusive luggage is found. Must be rather hard on everyone else. Is it Pollyanna philosophy to rationalize in so fashion? "I just can't make up my mind whether to wear my blue and white striped dress, or whether to wear the dress with the white stripes and the blue background. Note to the freshman: we can guarantee that you will be all unpacked and settled in time to pack up and get ready for the Christmas vacation.

Seems to us that these illustrious frosh made noble efforts on some little items commonly called placement tests, but better called grim and grievous examples of Black Torture. And we think that some one ought to tell Dr. Briggs the difference between a frosh and an upperclasman. Ask him why—it's sure to be an unusual conversation.

If you want to know about the West, we've got a walking Travel Talk right on campus. Miriam Wickham's the gal, and her home town is Spokane, Washington. She likes it here, but when you take the West—and that's the way it goes. She's fun and a frosh, so here's a chance to catch up on your geography, fellows.

Said Moron A to B: Let's go rabbit hunting.

Said B to A: I don't know how to catch a rabbit.

Said A to B: What makes you so stupid? Any fool would know that you get behind a bush and make a noise like a carrot.

If you've heard that one before don't bother to tell us, and for goodness sakes, don't forget the Big Sister—Little Sister party tonight. Get your dates gals, and let's get going.

CONGRATS TO THE SUN

Before we release the ECHO, destined for hasty tours under your dormitory doors, hoped-for perusal across your desk, and possible discussion at your supper table, we'd like to add a cincere bit of congratulations to the Maryville college SUN—Spoken with a sort of brotherly affection for the new publication. Since returning to campus we have frequently heard comments of summer students indicating hearty approval and appreciation for the summer news sheet. The SUN gave those of us away from the campus a clear picture of what summer school was like, what classmates of the winter were doing in the summer. With the rest of the applause we echo "Good work, summer staff."

FROM THIS CORNER

By BEN LYNT

Student Life And the War

This week and next week an estimated one million or more young people will make the trip back to college, or, for the first time present themselves before the authorities for admission to the institutions of higher learning throughout the nation. This vast group of journeymen will be made up of freshmen, sophomores, juniors, and seniors very much like unto ourselves and will be as widely differing in their interests and personalities and viewpoints as we at Maryville are.

They will come from homes of varying background and environment even as we do and they will greet their respective campuses and alma maters with probably very much the same mixed feelings which we experienced when we returned this past week.

It is good to be back at Maryville—to thrill to the quiet beauty of the well-kept grounds and buildings, to stand for a moment in the shadow of the security of Anderson, and to feel the pull of friendly fellowship which all express openly here, from the president on down to the pack of stray mongrels yapping on the green.

There wil undoubtedly be a tendency on the part of all here to forget the times in which we are living as we slip so naturally into the grooves of the past, and, so it will be with a large majority of the million or more of this year's students in the coleges and universities of this free land.

But the sacrifices of Pearl Harbor, Wake Island and the like; the efforts of the home guard civilian defence workers; the labors of the house-wife grease strainers and fat collectors; and the generosity of all bond-buying citizens ought not be cast entirely from the mind as we take up our science and arts and letters this semester.

Rather let us remember that this colege year must be unlike other college years in that we know we are living more surely on borrowed time than ever before. We must attack with renewed and redoubled vigor what ever tasks may come our way, and resolve that we shall be doing our bit for the war effort by using our time and ourselves and our talents in as thrifty and thoughtful a manner as is posible, knowing full well that to be a wastrel or a trifler at this time is to be an Axis sympathizer in fact as well as in name.

We are morally bound, by ties which we cannot fuly fathom, to keep ourselves physically fit, to play and eat and sleep and study with a new determination and to co-operate with all recognized and duly constituted authorities in support of all campus policies, activities, and institutions. To do less than this at this time is to place oneself very dangerously near to the "not quite one hundred per cent American" line of demarcation.

YW Schedules Hike, Tennis Tournament

In co-operation with the nationwide collegiate effort to develop A-1 physical fitness in all students, both the Maryville YWCA and the Maryville Women's Point System are arranging for sports activities to extend throughout the fall and spring semesters.. It is the custon of the YWCA to sponsor a tennis tournament for all college women every year. The 1942 championship series will begin in approximately two weeks. At that time papers will be placed in dormitory bulletin boards for registration of those who wish to participate. The Point System awards twenty points for entering this tennis tournament and ten points for each match won.

Plans are being made to hold the annual YWCA fall hike to the mountains early in October. If transportation facilities prove impossible to secure for the large group which usually attends, it is possible that for the first time in many years the hike will be made entirely on foot. The usual procedure has been to ride in buses and cars to a mountainous district and then to hike to the top of a mountain or to some other scenic spot, covering about eight or ten miles in all. Marguerite Taylor is in charge of YWCA athletics, and is searching for means of transportation for the hike.

Later in the year table tennis tournaments, both singles and doubles, will be run off. The matches will be played in the basement of Pearsons Hall.

—v—

Crawford Speaks at YM

Roy Crawford, president of the YMCA, will be the speaker at the first meeting of the YM tomorrow afternoon at 1:30 in Bartlett auditorium. The YM invites all new men to attend this opening service and continue to participate in this worship service each week thereafter. The meeting is held each Sunday in Bartlett hall.

—v—

Pre-Med Club Begins Activities

Pre-Med club will hold its first meeting of the year in the near future. The program secretary for this year has announced that several programs have been planned. The Maryville Medical Association, which meets in Maryville on the same night, often secures moving pictures for its meetings. It will be possible to show at least a part of these for programs at Pre-Med club meetings. Also it is planned that several prominent Maryville doctors will speak on subjects of interest to all would-be doctors, nurses, and medical technicians.

OPEN SWIM PERIODS

The swimming pool will be open to the student body during the following periods this semester:

Monday	3:00 to 5:00
Wednesday	3:00 to 5:00
Friday	3:00 to 5:00
Saturday	3:00 to 5:00

ECHO SPORTS

FLASH . . . . .

. . . . The HIGHLAND ECHO goes to press! There's nothing like the first edition. That's one thing for which we may be thankful.

Hello, everybody, and welcome back! Doesn't it feel great to set your feet on the campus again! Every little thing seems to be in fine shape on the Hill, and we're looking forward to a great year in sports. The Athletic Department has indicated its fullest agreement and cooperation with the nation-wide physical fitness program. Opportunity for participation in some athletic program will be given to every member of the student body. So let's all pitch in and enjoy the thrill of a healthy sport.

FOOTBALL—REMEMBER?

Football season is upon us again and Maryville College has enthusiastically begun preparations. Yes, indeed, contrary to the actions of a number of East Tennessee colleges, our college has openly made known its intensions of continuing football and all other intercollegiate sports which are at all possible. Coaches Honaker and Davis have been putting their boys through strenuous work-outs since Monday. With the first game only two weeks distant, there is a great amount of hard work ahead. The material appears big and capable and the prospects are bright for a big, scrappy line, and a backfield with lots of zip and fire. Any boys who like to play football and have not reported are urged to come out and get a suit. They should report immediately to the Bartlett offices.

CONFAB

Represntatives from nine colleges and universities of the Smoky Mt. area met in Johnson City on July 10 to discuss the continuance or discontinuance of intercollegiate sports in their respective schools. The general consensus pointed toward the cessation of a large part of their athletic programs. Maryville College, because of its decision to continue intercollegiate sports in as normal a manner as possible, was not represented, although they were invited to send a representative and were reported by the papers as having done so. Colleges which were represented were Appalachian State Teachers, Bluefield, Carson-Newman, East Tennessee Teachers, Emory and Henry, Lincoln Memorial, Milligan, Tusculum, and King.

At the annual banquet preceding the All-Star game in Chicago, that grand old man of football, Amos Alonzo Stagg, had something to say on the subject of physical training. "Leadership", the eighty-year old coach said, "is what we must have—leadership born of self-sacrifice—the training of yourselves—giving your utmost, giving your all and recognizing God. We in the U. S. must increase instead of curtailing our high school and college competitive athletic programs. We must have compulsory athletics in all our schools just as we have compulsory English and history. We must develop men who can get more out of their machines than the enemies; more out of their equipment. The schools and colleges must not bother with R. O. T. C., but concentrate on developing first class bodies and minds which our military and naval men will teach the measures to be taken in war." The entire group agreed that the boys who had experienced competitive work in high school and college were the men best prepared to do the hardest work of the war.

This general attitude is similar to that of our own college. Not only is Maryville planning to continue intercollegiate athletics, but it is extending the intramural program, and beginning this semester is requiring some type of participation in physical education, intramurals, or intercollegiate sports by all students every semester. A number of the colleges named above have dropped football and cancelled thir games with Maryville. However, some new colleges have been scheduled and it appears now as if there will be over a half a dozen games. At any rate, Maryville College will put a football team on the field—a team that will come out fighting regardless of whom they play.

Gridders Start Strenuous Training As Tough Schedule Looms Near

Prospects of Another '41 Machine Appear Favorable As Large and Scrappy Squad Reports Daily To Wilson Field

About forty aspiring gridders turned out for Coach Honaker's initial football practices this week. Fifteen members of last year's great squad are back to form the nucleus of what looks to be another better-than-average team. Graduation, the war, and any number of other reasons have cut almost irreparable holes in the line up. Charlie Pepper, Roy Cloninger, Lloyd Taylor, Jim Burris, Sam Lattimore, and Turk Graham are missing from the backfield; Bennett, Hooker, Kramer, Richards, Murr, Proffitt, and Shelfer are gone from the line.

The big gun in the backfield will again be Oliver Spears, quarterback and sparkplug of last year's fine aggregation. Oliver, a brilliant field general and ball handler, can run, pass and kick equally well. Morton, Bayless, and Honaker, all sophs, are next in line, although any one of a number of promising frosh may threaten their positions. Talbott, converted wingman, may bolster the backfield.

Coach Davis's line stacks up very well. "J. D." has two, speedy, dependable ends in Captain Les Rock and Gordon Webb; terrific tackles in "Muscles Manv", Mitchell, "Punjab" Al Chambers, and Chubby Chuck Edwards; a tough trio of guards in Jim Garvin, "Cotton" Easter, and Newpo't Mack Wilson, and seasoned center in sophomore Jeff Breazeale.

The majority of the freshmen are of unknown quality with the exception of the local high school stars who worked out with the squad last spring. "Little" brother Artie Spears of Maryville High and George Rutherford of Everett were the best in the backfield during the off season workouts. Archer and Goodman on the line showed plenty of fight.

No predictions can be made at this early date. The squad has done little more than get limbered up and get the feel of the ball during the week. The schedule is very uncertain because of trans portation conditions, but what is known of it promises to be a tough set-up.

Squad members who have reported so far are Chambers, Rutherford, Andes, Willocks, Talbott, Mack Wilson, Ed Wilson, Archer, Davis, Mitchell, Stone, Honaker, Webb, A. Spears, O. Spears, Conkle, Briggs, Ezell, Meineke, White, Breazeale, Easter, Green, Kramer, Hogue, Ford, Edwards, Long, Herzberger, Morton, Renfro, Proffitt, Dunning, Garvin, Murdock, L. Rock, A. Rock, Dillener, Thompson and Kluth.

Speedball Is New Intramural Sport

TOURNEY BEGINS

Coach Fischbach, Intramural head, explained late this week that speedball—a newcomer to Maryville's organized sports and a combination of football, basketball, and soccer — is to be the first of the intramural league sports in the schedule for '42-'43.

Complete sets of rules and explantations of the game and the tournament play are being printed in the college offices and will be distributed among the sports managers. The game is played on a field very similar to the ordinary football field (though smaller) with a soccer ball, by two teams of nine men each. It starts with a kickoff from the 20 yard line and consists in kicking, butting, or, under given conditions, throwing the ball across the goal line and over or under the crossbar of the goal posts.

In the course of play there is a differentiation between a "fly ball" and a "ground ball." A player is not permitted to touch a ground ball with his hands. A "fly ball" is one that has risen into the air directly from the foot of a player. Such a ball may be caught with the hands provided the catch is made before the ball strikes the ground again. A bounce from the ground may not be touched with the hand, for it has touched the ground since being kicked. This rule prohibits the ordinary basketball dribble, but one overhead dribble (throwing ball into the air and advancing to catch it before it hits the ground) is permitted.

Scoring may be done by a field goal, under the crossbar for 3 points; a drop kick, over the cross bar for 2 points; an end goal, across the end line (not the goal line) for 1 point; a penalty kick, under the crossbar for 1 point; and a touchdown, a forward pass caught in the end zone for 1 point.

Details as to the equipment, the penalties, the players, etc., will be given to the managers and team members.

The speedball tournament will be conducted on the usual league basis—club and independent. Each team is headed by a team manager, who must fill out an entry blank listing his players. The entries will close next Friday, the 11th, and play will begin on the 14th. Team managers may see head-manager Oliver Van Cise or Coach Fischbach for entry blanks. Anyone is welcome to organize a team and become a team manager.

Officiating speedball promises to be a man's job, says Fischbach, and those interested in getting intramural points in that way should sign up as soon as possible.

The intramural schedule offers six-man football and volleyball before the Christmas holidays.

INTRAMURAL DOPE

Summer Stuff.

With a bit of fine weather and considerable chatter about sports to come the Intramural Department over in Bartlett opened its doors last Thursday, not after 3 months of musty napping, but after a summer's worth of invaluable experience. All this because the "Intradeparte" had full charge of the campus-wide, required sports program during the just-completed summer session on the hill.

For various and sundry good reasons students of all ages and classes and degrees of dignity were held to a physical education schedule for the 12 weeks—3 times a week. Almost any sport could be played any time of the day on any 3 days, and at his leisure the player made his own report to Dale Wiley in the intra-office. Tennis, golf, softball, swimming, bowling, even bicycle riding

And the affair worked very well—as proved by the agreement of the general public and the coaches. A recent count showed about 130 cards which Dale had to care for each term. The reports were honor reports and showed no little bit of honor in the student body.

So the summer went. Indications are that the required phys ed for juniors and seniors—new this year—will be handled by the Intradepart all year. Remains to be seen.

TENNIS

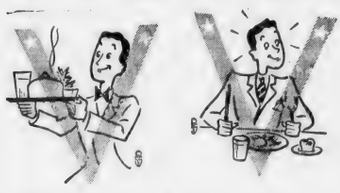
Starting right away, real quick, next Wednesday is the singles tennis tourney. The entry blanks have been up this week end and will close on Monday. Individuals enter on their own and win points the same way. The varsity players from last spring may not enter.

Advice is: sign up quickly. Watch the bulletin board, and play hard.

SPEEDBALL

Preceding football in the fall's schedule and entering as a new intramural sport is speedball, new to some and not so new to others. Managers may enter teams in the league tournament until Friday the 11th. Play will begin the 14th. Nine men make a team; twelve make a squad.

Detailed explanation of the game will be found in another sports page story. Remember this: entries close next week.



The football tourney will follow the speedball in early October. The two will not come at the same time. The six league sports during the year will be speedball, football, volleyball, basketball, water baseball, and softball.

COLLEGE GRADS

(Continued from page one)

Helen Caldwell are teaching now.

Bina Ruth Brown holds a position in the administrative division of the personnel and accounts of the United States public health service in Washington, D. C.

Some of the married students are Mrs. Kay Estes-Treadwell teaching at Ashland, Alabama; Fran Merker and Sam Monger who will live in Santa Barbara where Lieutenant Monger has been stationed; Melvin Johnson and Jessica W. Morgan of Knoxville who will live in Boston where Mel is attending Med school; Cathron Hobbs and Danny Eveland; Kate Powell and Jimmy Evans; Horace Justus and Carolyn Huber, and al so wedding bells for Sara Jo Bolling and Ruth VonCanon.

Several of the summer school graduates have already become settled in some sort of position Betty Lee Wilde has a position in the Aniline Dye company of New York as a laboratory technician. Dave McDaniel has been life-saving at the Alcoa pool. Officers' Training will find Frank Barr enrolled in October or November; Jack Kramer planned to be in service by the early part of September. Dave Hall, finishing this summer, has been considering work in the T. V. A. and Med school as a later aim.

Betty Robinson is working as an inspector in a defense plant. Clyde Nash has this summer been inducted into the army. A few weeks ago Quentin Myers left for the University of Pennsylvania medical school. In Urbana, Ohio, Helen Pratt is religious education director for the First Presbyterian church.

A rather incomplete list of those actually in service or signed up includes from the class of '42, Jerry Beaver, Warren Culver, Ray Dewees, Jack Gilmore, Harry Graham, John Hoelzer, Norman Hooker, Horace Justus, Harry Kell, Ed Wiezalis, John Allen Kerr, Dave Kidder, Tom Mize, John Ross, Fred Shelfer, John Tinley, Hilton Wick; of '43, Roy Crawford, Danny Eveland, George Devereux, Bill Hargrave, Harvey Overton, Glenn Paul, Tommy Stahl, Bill Sweeney; and of '44, George Beall, Mel Gaughan, Bob Hunter, Frank Miller, Sam Monger, Ralph Rudy, Bob Thompson, and Phil Vance.

RESIGNATION

(Continued from page one)

ington college, a sort of vocational high school in Tennessee. They will teach Spanish and English. Washington college, founded many years ago, is one of the oldest schools west of the Allegheny mountains.

Anne S. Dempster has resigned position as assistant to the head of McLain Memorial hall. Miss Dempster will be engaged this year in YWCA work in her native city, Knoxville.

New appointments made to fill these vacancies are announced in another column of the paper.

SUMMER SESSION

(Continued from page one)

second term so that the vacations could be distributed. Physical Education was conducted on an individual basis in the form of intramural athletics.

The choir was organized by the members who elected David Kidder leader. New summer choir members were added from the summer students.

Although it might be wise to point out that this is not to be continued during the fall semester, it is interesting to note that there were certain rules suspended because of the low enrolment. The library was co-educational in the evening allowing men and women to study together. Also since the sun set so late, couples could remain out until eight rather than seven o'clock.

Summer school students published a weekly paper which was a mimeographed sheet edited by a different member of the staff each week. Called the Maryville College SUN, this newspaper formed an important part of the summer life.

—V—

NEW BOOKS

(Continued from page one)

Sun of Japan, by Carl Randau and Leane Zugsmith, a graphic and dramatic panorama of the far east at the moment it plunged into the war, Victory Through Air Power, by Major Alexander De Seversky; and others of equal interest.

Novels of particular interest to the person who likes to keep up with the latest books are: THE MOON IS DOWN, by John Steinbeck; THE SONG OF BERNADETTE, by Franz Werfel; CROSS CREEK, by Marjorie Rawlings; and UNTIL THE DAY BREAK, by Louis Bromfield.

The various faculty members purchased large numbers of reference books to be used in connection with the different courses offered in each field. The English and Psychology book collection received the largest number, while the new books cost about three hundred dollars. Numerous books on history, Spanish, sociology, and home economics are also in the library.

So far the library has been able to obtain almost all the books it has ordered, but difficulties are arising more and more frequently because of the war. The increase in prices and the inability to purchase foreign publications has reduced the number of books the library has been able to obtain this year. Some of the books ordered by the library are now at the bottom of the Atlantic Ocean.

Former Instructor To Lead Vespers

First vesper service of the new semester will be held tomorrow night at seven o'clock in Voorhees chapel. Dr. W. H. Crothers, former pastor of the New Providence Presbyterian church, will be the speaker. Dr. Crothers, in addition to several years of pastorate work in the United States, has been a missionary to the Philippines Islands. For a time he was on the faculty of Maryville college, teaching in the field of religion. He has several times led the college vespers and spoken to the Student Volunteer missionary organization on the Hill. Since his retirement, he has made his home in Maryville.

This summer Vespers was held on the lawn near the chapel; organ music for the service was supplied by the chapel organ transmitted through an amplifying system. With the opening of the fall semester, the meeting will once more be led inside. The choir tomorrow evening will be under the direction of Richard W. Vine, who is filling the position vacated this summer by Mr. Ralph R. Colbert.

Club Schedule Announced

New Calendar Posted In Anderson Hall

Dr. E. R. Hunter, Dean of Curriculum, has released the schedule of club meeting for this year and has posted them on the Anderson Hall bulletin board. Also posted is this year's calendar on which events for all the college are scheduled. Anything which is all-college such as Saturday night and other entertainments or such as parties for small groups. Meetings must be scheduled through Dr. Hunter's office. Social events are scheduled through Mrs. Grace Pope Snyder, dean of women.

This year as last the clubs will meet as follows:

On the first and third Mondays of the month the Nature club and the International Relations club; on the second and fourth Mondays the state clubs (Cotton and Triagle Clubs); on the first and third Thursdays the Disc and Spanish clubs; on the second and fourth Thursdays the Art, French, German, Law, and Pre-Medical clubs and the Ministerial Association. All club meetings are to be over by 7:10 a. m. unless by special arrangement. Postponed meetings are to be postponed to the next regular meeting time or to the fifth Monday or Thursday if that is nearer.

IRC To Alter Type Of Year's Program

This year the International Relations Club plans to have a change in the type of program. In the past, the I. R. C. has always discussed current events. In addition to current events this year, more stress will be put on patriotism and war preparation at home.

Throughout the year, the program committee plans to present Red Cross speakers and other speakers, also speeches on blackouts, bombing, incendiarism bombs, and speeches discussing the effect of this war on the peoples of various other countries.

They also plan to make some sort of plaque with the names and pictures of Maryville College boys in service on it or a flag with stars for those in service. Plans are also being discussed to have Maryville College girls to write to M. C. boys in the service.

Another problem that will be discussed, is the interracial problem., especially of the Negro, during the war. All these plans are tentative and will be further discussed during the report of committees at the next meeting which is to be held Monday night.

Alpha Sig Presents Musical Program

First Meeting Of Year Open To Frosh

Bill Henderson, President of Alpha Sigma extends a welcome to all freshmen men to attend the first meeting of the society. The meeting place is Alpha Sig hall on the third floor of Anderson. The meeting this Saturday will be at 6:15.

The program for the evening will consist of several of the well known musicians and songsters of the campus. Jack Lippard will be singing songs, Betty Parker will play her accordion, and Glenn "Crosby" Winkle will be there singing the way that only he can sing. The highlight of the evening will be the famous notorious Hill William Saloon Ensemble, consisting of Ellis Burcaw, Paul Cooper, Charlie Burgreen, Don Conkle, Winton Inloe, Harry Frazer and Howard McGarity.

Bob Mair will fill the important and humorous (we hope) office of critic. Introductions to the freshmen of all Alpha Sig "bigwigs" will also be on the program.

There will be no meeting of Athenian this week so that all can attend Alpha Sig tonight and there will be no meeting of Alpha Sig next Saturday in order for all to attend the Athenian meeting for freshmen.

Juniors, Seniors Hold Elections

Waisman, Kidder, Roseborough, Sisk Win Positions

Meetings were held by the junior and senior classes on Wednesday morning after chapel for the purpose of electing representatives to the student council to fill vacancies which occurred during the summer vacation, and, in the case of the junior class, to elect a secretary.

Those elected at these meetings, as released by Ted Pratt, chairman of the Student Council committee on elections, are as follows: For secretary of the junior class,

(Continued on Page Two)

Women Replace Men As Janitors

Anderson Sweeping Jobs Change Hands

Miss Clemmie J. Henry, Director of Student-Help, in an interview last Wednesday, revealed that due to the shortage of young men one the campus several girls had taken over light cleaning tasks formerly assigned to men.

Commenting on this replacement of the traditional male janitors with members of the fairer sex, Miss Henry pointed out that girls were quite as capable of doing these cleaning tasks as were the boys formerly employed. Because there are fewer men enrolled than is usual there is a consequent decrease in the demand for suitable jobs, and conversely the increase in the female enrollment makes necessary more work opportunities than usual. Thus some of the lighter tasks have fallen into the care of women. At present girls are both sweeping and dusting in both the Anderson Hall offices and Thaw Hall with satisfactory results.

An innovation which makes the labor easier for our women janitors is the increased use of vacuum cleaning technique instead of the old broom method.

As yet however there are no indications that the decreased supply of available male workers will make necesary the assigning of girls to work on the college truck or the tasks of the heating plant or coal pile. Miss Henry emphasized this fact and deplored in advance any generally circulated notion that Mr. E. C. Brown, College Engineer would soon be directing Amazons on his campus crew. The work to which girls have been assigned is only cleaning in its various degrees and ramifications.

Jenks, Patterson, Barnes, Rawlings Head Honor Roll

One Hundred Forty-Three Are Listed From Four Classes

Leading the honor roll of the second semester of the 1942 school year are Mary Jenks with an average of 8.77; Jean Patterson, with an average of 8.76, Jean Barnes, with 8.6, and Martha Helen Rawlings, with 8.59. Two of the four are members of the present senior class.

Mary Jenks and Fred Snell led the graduating class with averages of 8.77 and 8.3 respectively. The May graduating class had the greatest number of students on the honor roll with fifty seven to its credit.

The forty-three juniors, now seniors, on the honor roll were led by Jean Patterson, Jean Barnes, and Helen Rawlings all of whom led the first semester's honor roll.

Jane Trotter led the sophomore class with 8.0. The freshman class was led by Anita Cabbage and Maurice Scott McClure with averages of 8.22 and 7.88 to their credit.

There were one hundred and forty-three students who made the honor roll of the second semester, fifty-seven seniors, forty-three juniors, twenty-four sophomores, and nineteen freshmen.

The complete list is as follows:

SENIORS:

Baldock, Clarae Jane, 6.27
Ball, Lola, 6.75
Barber, Dorothy, 6.16
Barber, Florence, 6.82
Beaver, Gerald, 6.16
Berg, Virginia, 6.75
Brown, Bina Ruth, 6.73
Caldwell, Mary Helen, 6.6
Carter, Mary Agnes, 6.0
Cone, Helen, 7.0
Criswell, Irma, 7.35
Dewees, Raymond, 6.5
Duggan, Ruth, 8.0
Fain, Margaret, 6.48
Fichter, Elaine, 6.3
Fritz, Christine, 6.2
Gammon, Anne, 6.25
Holman, Theodore, 6.0
Hooker, J. Norman, 6.26
Hope, Roberta, 6.45
Huff, Tennie Ruth, 7.21
Jenkins, Marian, 7.93

(Continued on back page)

YWCA Rooms Painted During The Summer

In addition to the improvements on the campus and buildings which greeted the returning Maryville students, which were already mentioned in last week's ECHO, is the painting of the YW rooms and the pillars of Thaw Hall.

Mr. L. A. Black, Director of Maintenance announced that the YW rooms had been completely painted before the beginning of the fall semester.

Accomplished during the past week has been the painting of the columns in front of Thaw. The vines formerly growing on the front of Thaw were removed in order that deterioration of the masonry may be prevented and also so that workmen could paint the leaders which carry water from the roof to the ground.

The only project yet to be completed is the painting of the tower of Anderson Hall, which was delayed by the necessity for extensive repairs on the woodwork and metal of the tower. In order to accomplish this work it will first be necessady to erect a scaffolding around the tower. It is anticipated that the work wil be begun soon.

Disc Club Meets This Thursday

Gordon Stone To Be Commentator

At 6:30 on Thursday evening, September 17, the Disc club will hold its first meeting for this year in the Fine Art studio in the basement of Voorhees chapel. The work to be played Thursday for this first concert of recorded muisc is the fourth symphony of Tchaikowsky. The commentator on the symphony will be Gordon Stone, music student from Knoxville.

The symphony No. 4 by Tchaikowsky will be heard in a new recording by the Philadelphia symphony orchestra conducted by Leopold Stokowsky, in what is considered a fine rendition. The work is the first in a cycle of Tshaikowsky's three greatest works. It was completed in 1878 and bore the dedication "to my best friend". Tchaikowsky's "best friend" was a woman whom he never met in person and who never saw him. She was a wealthy widow, Mme. von Meck, who furnished the composer with regular sums of money in order that he might be perfectly free from financial cares and be able to continue with his composing. The two corresponded with each other for years, but their agreement from the start was that they would never try to see each other.

The fourth symphony was Tchai-

Continued from Sports Page)

Faculty Reception Held In Library

On last Monday evening from 7:30 until 10:00 the annual Faculty Reception was held in the library reading room in Thaw Hall. Approximately ninety-five faculty members and faculty wives were in the receiving line, which was headed by the presidents of the YWCA and YMCA by President and Mrs. R. W. Lloyd, and by Dr. W. P. Stevenson, Pastor Emeritus of the college.

A careful count taken at the receiving table showed 258 students for whom name cards were written plus approximately 20 who helped with the serving at the refreshment table.

The library was decorated with ferns and a water fountain in the center of one end, and flowers and candles on the refreshment table in the other end. Punch and cookies were served to all guests.

Each year the faculty reception, directed by the cooperative efforts of the college administration, the YM and YWCA, and the student council, presents opportunity for students and faculty to meet informally, and in many cases for old students to come to know more of the new students.

Sophomore Sooth-Sayer Solves Shortage-of-Males Situation

By ERNESTINE ULMER

There has been a decided change in the attitude of Maryville women during the past year. This notable change is due to the scarcity of men on the campus. This situation has been in many ways a great benefit to the furtherance of higher education. Girls, who, in their natural environment, are quiet and peace-loving, feel relieved at the chance of settling down to a pleasant winter of quiet study and genuine fun. This has never before been possible since the girls, who are also naturally good sports, have felt it their duty to humor the perverted sense of pleasure displayed by most men. The ego of many Maryville men is going to be greatly deflated when they discover that Maryville girls are actually planning to enjoy this war-time deficiency.

Many of the girls belong to the society A. N. R. (Army and Navy Reserved). And from the looks of some of the private art galleries, the members are not in minority. They are most fortunate, we think, since it is quieting to the nerves to know that you may carry on a very intelligent love affair without the usual rush, bother, and general confusion connected with dating.

Of course, you must take the freshmen girls into consideration. They are young and inexperienced and do not often belong to the A. N. R. Therefore, they must have their fling. After a year or two they will also realize the necessity of a nice quiet rest.

The shortage of men will also result in healthier and more corpulent girls. Statistics show that girls eat more in the absence of boys, thus bolstering their morale and disposition.

From the general trend of this discourse one might suppose that Maryville campus would be a dismal place this year. But that conclusion would be a very wrong one. The halls and lawns will be buzzing with scattered groups of girls waiting eagerly for the first completely manless day when they shall proceed to take over the football, basketball, and baseball teams. They will also be delighted to take on the carpentry and other work that enables the male species to walk nonchalantly up and down the girl's dormitories.

And now you may prepare to spend a very contented year at Maryville. The Baldwin girls will continue to chase bats down the hall and to have in general a happy-go-lucky time. To the few unfortunate males left we extend our deepest sympathy.

NYA Funds Will Be Cut This Year

Miss Clemie J. Henry, Director of Student-Help has announced that the NYA appropriation for the work program here will very probably be cut approximately in half for the coming year and will force a considerable curtailment of the NYA work roll.

Because of war conditions the entire NYA program for the country has been drastically curtailed and students will be forced to seek other means of earning part of their expenses at many institutions.

The shortage will not be extremely pressing here because of the decrease in enrollment, but it will not be possible to send workers to the local school systems or the city library for this year.

Also a factor in the NYA situation is the generally easier financial situation in which many students find themselves due to summer work at good wages in various defense plants about the country.

President Lloyd On Eastern Trip

President and Mrs. Ralph W. Lloyd and their daughter, Ruth, have been absent from the college during the past week while on a trip to Pittsburgh where Dr. Lloyd performed the wedding ceremony for the marriage of Mrs. Lloyd's niece. The trip also will include a stop in Philadelphia for business and at Brooksville, Pa., where Dr. Lloyd will preach tomorrow morning.

The Lloyds left the campus on Monday evening shortly after the Faculty Reception. On their way North they left Miss Ruth Lloyd at her school in Virginia.

Tomorrow morning, Dr. Lloyd will preach at the church of which Mr. William McCalmont is pastor at Brookville, Mr. McCalmont is the son-in-law of Mr. Fred L. Proffitt, Treasurer of the college Mrs. F. L. Proffitt, who is at present visiting the McCalmonts will return to Maryville with Dr. and Mrs. Lloyd. They will probably return to the college sometime after the middle of next week, probably on Thursday, September 17.

Faculty Wives Launch New Program Of Entertaining Nu Gamma Groups

Tea Will Be Served To 14 Groups In Faculty Homes

NU GAMMA TEA

New students have, during the last several weeks, been receiving many kinds of welcome, but the most gracious one is being extended to the new girls on the campus by the faculty wives. Tomorrow afternoon at five o'clock eighteen faculty wives are entertaining at tea the various Nu Gamma groups with their leaders. This is a new venture, a courtesy, which has never been carried out before. Mrs. R. J. Dollenmaer, chairman on the Advisory Board of the YW cabinet was the originator of this novel and hospitable idea.

Mrs. Lincoln Barker is to be hostess to Thanna Anderson's group which includes Hazel Jewell Roberts, Janet Roush, Ruth Schenck, Marjorie Stokesberry, Rose Louise Stone, Eleanor Stout, Marinell Ross, Evelyn Mae Brittain, and Cammie Lou Hallam; Mrs. Davis to Billie Ruth Braly's group composed of Marilyn Chapman, Bobbie Clark, Sue Clarke, Peggy Claypoole, Evelyn Conner, Madeline Cooke, Margaret M. Cross, Mary Batchelor, and Marilyn Bryan; Mrs. J. A. Gates to Donnell Bailey and her Nu Gamma girls Ann Graham, Dorothy Dick, Mary Elizabeth McKnight, Betty Dunk, Betty Lou King, Phyllis Taft, Ada Louise Yadon.

Mrs. F. A. Griffits will be hostess to Betsy Burtleigh's group which includes Jeannette Bennett, Betty Wells, Mary Mell Fleming, Billie Ruth Wright, Rebecca Ann Davis, Louise Corbett, Lula Callaway, Miriam Wickham, Helen Cooke; Mrs. George Howell to Betty Burton's group who are Catherine Crothers, Minnie L. Davis, Mary Elizabeth Day, Margaret Rose Garden, Virginia Mary

(Continued on Page Two)

Social Committee Announced

Seven Members Meet Wednesday

As his first official act of office, Brasher Bailey, president of the Student Council appointed members of the student body to the Social Committee for the coming year as specified in the new constitution adopted by the student body last semester.

Those appointed to the committee are Natalie Yelton, from the student council; Cornelia Jones, from the senior class; Edward Rowley, from the senior class; Eleanor Williams, from the student council; Muriel Geisler, from the junior class; Joe D'Antonio, also from the junior class; and Don Black, from the sophomore class.

The custom and practice in the past was to have the president of the council appoint only those members of the committee who were to represent the council, but the new constitution provides that all members of the committee be appointed by the president of the council since he is the titular head of the student body as well.

The newly appointed committee met for the first time on Wednesday at 3:00 p. m. in Dean McClelland's office, where it was decided that the first function of the committee would be to stage an "As You Like It" party sometime in the near future for the benefit of all students of the College.

Alumnus Makes High Scholastic Record

David Kenneth Heydinger, graduate of the class of 1940, has completed with honor two years' work in Western Reserve university and is now enrolled in the third year class of the School of Medicine. In a recent notification to President R. W. Lloyd, the registrar of Western Reserve stated that at the end of his second year Dave "ranked third in a class of sixty-nine students with an average of 90.25 percent." Three years ago Dave was a pre-med student at Maryville and was graduated as a chemistry major.

Bainonian Ball Ends Rush Week

New Girls Received At Formal Opening By Society Heads

Last evening in the Allied Nations Ballroom Bainonian concluded her rush week at the formal opening program representative of the allied nations. Included in the varied program of the evening was a conga interpretated by Shorty Waisman and Guy Lambert. Burgreen and his band were featured during the evening, and Charlie Burgreen entertained during the intermission. Betty Parker played several numbers on her accordian. Francis Harris, Ellen Pascoe, and Betsey Watkins sang. The Three Flats preformed with a light skit. South American atmosphere was introduced by Aura Santiago, Carol Robinson, and Becky Jones. The new girls were received at this formal openings by the officers of Bainonian.

During Bainonian's rush week were two other parties. On Wednesday afternoon a watermelon split was in order in the college woods. Due to the heavy rains the party was moved to the gym without dampening any spirits. On Monday afternoon a Shipboard Tea was held in the Y Rooms. A mock marriage was performed by Captain Olsen Pemberton on the bridge of the ship. There was a musical background typical of the allied nations, and each food served represented one of the countries. At the conclusion of her rush week. Bainonian welcomes all new girls to her society.

Student Council To Meet Monday

The Student Council will hold its initial meeting next Monday evening at 8:00 in Dr. Hunter's classroom. At this time the new officers will take over the direction of the organization. This year's officers include Brasher Bailey, president; Willie Williams, vice-president; and John DeForest, secertary-treasurer. Various business matters will be taken up.

War Orders Rush College Maid Shop Patriotic Girls Needed To Sew

By CHARLES CHAPMAN

For the benefit of those new students who do not know of the College Maid Shop, it might be termed a small factory maintained by Mrs. McMurray, her helpers, and the student helpers of Maryville College. It is located in the basement of Thaw Hall.

The Maid Shop sends nurses uniforms and choir gowns all over the United States and its possessions. Some of the Shop's customers are: the National Naval Medical Center in Washington, training stations in Annapolis, Jacksonville, the Great Lakes Naval Station, Miami, Corpus Christi, and numerous other places. Many of the nurses at Pearl Harbor wear College Maid uniforms. Many nurses at Bataan and Corregidor also had College Maid uniforms.

Mrs. McMurray, manager of the Maid Shop, states that one order came in last week for 6 uniforms each for 92 nurses at the Great Lakes Naval Station. This year the shop is so busy that they are having to turn down contracts.

Here are some facts and figures about the College Maid Shop. The annual payroll to the girls who make the uniforms is above $10,000. This summer alone the payroll was $6,000. About 65 girls are employed annually, but more are wanted. So far there are about 18 new girls this year who are helping the Maid Shop for the first time.

New girls are paid fifteen cents an hour until they can sew well enough, thereafter they are paid by piece work. Girls can come any time between seven a. m. and 5:00 p. m. to earn money by sewing, putting in as many hours as they wish as long as they keep their grades sufficiently high.

Here's how those who sew can help the war effort. By converting the money earned from one uniform, two dozen bandages can be bought; for 4 uniforms, 48 yds. of barb wire or 1 warm blanket; 5 uniforms, enough fuel to run a destroyer 5 miles; and 8 uniforms, one steel helmet. Mrs. McMurray claims that at the shop instructors can teach any girl to sew who is patriotic and willing to learn. In connection with this she says: "Girls with patriotic urge to help with defense program will be welcomed in the College Maid Shop. The need for uniforms for nurses in Navy and Army is desperate.

The Shop has government contracts to supply uniforms for nurses in several of the largest training stations. The shop sends uniforms to nurses in every state in the Union and in all of our Possessions. The shop uniforms more than half the nurses in Pearl Harbor.

The government is urging factories to keep all machines running full time we need your help to do it. If you cannot sew we can teach you. Even if you do not need the money for College bills, why not spend a little of your leisure time to help uniform the nurses in the danger zones and use the money for defense bonds or stamps? Maybe you can't smooth some wounded soldier's brow, but you can at least help supply good

ECHO OF WAR

Last week we started in more or less sane manner our ECHO policy. Since then we have had reason to recognize certain inescapable influences and certain subtle ways by which world conditions come near our college paper.

It has been just a year since the ECHO made the advance to its present size of seven column newspaper, a step in progress for which we of the present staff as well, we hope, as the college take pride and appreciation. In view of the decreased enrolment at Maryville and subsequent financial problems it has seemed wise that we present to you for whom the ECHO has its being, the following information for consideration.

Each year thirty issues of the HIGHLAND ECHO go to press. An average cost of fifty dollars per issue, with fifty more for yearly attendant expenses, makes the "irreducible minimum" for the year's publication $1550. This amount is an absolute requisite for mere publication; it would allow for no part of the renumeration given to those whose is the continual work and responsibility for issuing the paper.

Decreased enrolment will this year give the college paper an estimated income of only $675 from student and faculty activity fees, a sum considerably lower than that formerly alloted. Outside subscriptions will probably afford $75.00. One other source of income is the printing of football schedules for each home game, a plan which the ECHO has recently undertaken. This issuing will net an approximate $100. These amounts totaled then give the paper a half hearted start of about $850. Somehow to be raised is at least $700 for printing costs if the ECHO continues to make a weekly appearance throughout the rest of the year.

This remaining sum must be raised by advertisements. By rather obvious calculation, the seven-hundred divided by thirty issues means a necessary $23 per issue if we go through with the present size and quality of the paper. At the rate of advertising commonly adopted this would mean that we must carry a minimum of 93 inches of advertisements. If the paper makes money enough for salary allowances, it must evidently carry an average linage of 145-150 inches of advertising material weekly. To make this figure clearer, this is a porportion of somewhat over the space of an entire page.

With the ever present reminder of general rising prices and higher cost of operation in our ears, whether the business staff can reach and maintain this level is a difficulty, a hope, and a wonder. If so, the members will seem to merit a commendation for achievement.

We of the staff believe ourselves correct in assuming that you want a paper of the same general figure and character as at present. We rely moreover on your cooperation in allowing uncomplaining-ly the carrying of more ads in the paper than has been done in the past. The only alternative is evidently to curtail the number of issues or reduce the paper to a puny imitation of itself. We hope that you will hope with us that what will be will be as is!

STUDENT ELECTIONS

The recent elections held by the junior and senior classes and conducted by the student council committee on elections has raised in the minds of a few the question of the constitutionality of such elections.

The new constitution, adopted by the student body last spring, has little to say, concerning elections, which would throw much light on the present situation.

Article IV, Section 1, par. A states that:

"It shall be the duty of the Elections Committee to conduct the annual election each May at such time and place as shall be specified by the council. The committee shall have prepared mimeographed ballots, and shall have posted lists of nominations for class officers and representatives, and officers and members of the Executive Board of the Athletic Association for the ensuing year, as certified to the Committee by the class presidents and the presidents of the Athletic Association, respectively. etc."

Par. B states that:

"Nominations for the various class offices and representatives shall be made at meeting of the respective classes at least one week before the annual election, notice of each class meeting having been given either by announcement in Chapel or by publication in the Highland Echo at least three days in advance of the meeting. Two nominees for each position shall be selected, and shall be certified to the Elections Committee by the class presidents."

Par. F also states that:

"The Council may direct the Election Committee to conduct other general student elections, such as for Barnwarming and May Day(when requested to do so by the groups sponsoring such activities."

Having nothing specific on which to base their actions, the two class presidents, interested in cooperating with the council to the extent at least of filling any existing vacancies that the council might be complete and begin the year with an early start, did what they deemed, if extra-legal, at least the expedient thing.

While I am almost certain that no one will raise any question as to the legality of the actions of the junior and senior classes, this incident does afford the opportunity for a demand that the atmosphere be cleared, by action of the student council, that other classes, and the freshman class in particular, may know how to proceed in their forthcoming elections, and be assured that their action will be considered constitutional and generally according to Hoyle.

The constitution adopted last spring by the student body is a constitution for the student body as a whole and contains articles concerning the procedure for the organization of a student council and a student-faculty committee; for the conduction of annual class elections and other general student elections; and for various and sundry aspects of student life, but makes no adequate provision for such special elections as may become necessary from time to time, even as the two class elections held this past week.

While there are several courses open to the classes in question should anyone in the class or on the faculty choose to challenge the legality of their recent actions, it seems to me that the first business of the student council ought to be the insurance against the recurrence of similar situations in the future by adopting whatever measures it deems necessary so to do.

Butterscotch

By JORDY MEADOWS

Now that all of the returning prodigals have been officially welcomed by the complacent few who braved and survived the summer session, it might be fun to do a little official hello and good-bying ourselves. It looked too natural to see Ann Hunter Wright and Lucky Moore strolling nonchalantly over the campus. More than one heart was broken when it became evident that Bette Jean Kennedy and her sister were almost ready to leave. Don Kent looked super in his uniform, but just a trifle lost without Wife Mary. Yes, Frank George was just getting a last good look at his old gang, Virginia Cain, before leaving for U. T. Med school at Memphis. And we hardly believed it when we saw Beth Pascoe tearing down the hall. Mary Elizabeth Ferreira and Helen Rawlings can't keep away from the old school either. And didn't it warm your heart to see Sam Cornelius decorating one of the benches?

We think that Ethel Hanner's old table should have been washed whiter than snow. If they haven't been, it wasn't her fault. One day she was a trifle late in coming to the dining hall. On this particular day she had to get her own whipped cream for the desserts, and, with an eye to the collective appetites at her table, she was lavish with that which is so good and so fattening. Her table was no end exasperated when, after eyeing the luscious mound, it found in tasting that—you guessed it—she had, without malicious intent, put huge gobs of whitewash on the pineapple upside-down cake.

Have you heard about the frosh who couldn't come to her Nu Gamma meetings. Not that she didn't like the girls. It was just that she had such a heavy schedule, and she didn't want to get mixed up in any extracurricular activities.

Mary Knight thought she had a trick or two up her sleeve when it came to painting cords that were holding up a mirror in her room. She tried oxblood shoepolish, and even she admits that the results weren't too lovely. It might work better on picture frames. The idea isn't patented yet, so you're welcome to try your luck.

This beauty came from the faculty reception. Jane's little sister, Marion Metcalf was going through the line. An unidentified prof asked if the were Jane's sister. When he was answered affirmatively, he mentioned that he hadn't noticed Jane coming through. With all innocence Little Sister replied that Jane was at the refreshment table and that she didn't have to come through the line this year. Thoroughly crushed, the prof indignantly retorted that no one really HAD to come.

There are enough diamonds floating around here to start another Tiffany's on campus. Some of the most recent acquisitions are those gracing the important left fingers of Ollie Welsh, Chick Buchanan, and Francis Sisk. Seems as if it's spring the whole year round here.

M'roommate suggests these as typical homey scenenes from la biblioteca: Freshmen carrying out their good resolutions; English majors; One huge canine; Three flying fortress bugs, large size; English majors; Seniors visiting to see how the other half studies; And English majors, but trembling.

War changes everything. Comes summer school on Maryville campus. With summer school comes fellows and gals studying in the libe together at night. With that come good reports from the faculty—so the segregation of the male and female of the species in the library is at an end so long as the students don't take advantage of a good thing. Well, kids, let's be quiet and study!

TALK OF THE WEEK ... By Charles Dunning

NU GAMMA

(Continued from Page One)

Garrett, Kathleen Glymph, Elizabeth Proffitt, Hannah Duke, Nell Louise Minear; Mrs. Frank D. McClelland and Mrs. H H Williams are joint hostesses to Peggy Caldwell's group who are June Gowanlock, Janet Haddow, Joan Hallaway, Eugenia Hawley, Tommie Joyce Hitch, Emma Dean Huff, Miriam Gutzke, Mary Ella Fletcher, and Ruth Randolph; Mrs. H. E. Orr to Jessie Fowler's group, Ella Jane Callahan, Lois Wyatt, Jean Ford, June M. Barton, Margaret Witt, Rose Juanita Stock, Eloise Edmundson, Melba Holder, Virginia Matthews; Mrs. Archibald Pieper to Edith George's group of Grace Rogers, Juanita Hinson, June Lane, Dorothy Justus, Teddie L. Cafer, Elizabeth Copeland, Audrey Rettke, Martha Williams, and Evelyn Megaw.

Mrs. V. M. Queener and Mrs. George Fischbach are entertaining at Mrs. Queener's Louise Henry's group of Lucy Noreen Iredell, Cynthia Johnson, Mary Elizabeth Johnston, Ruth Jones, Jean Keen, Betty Lane, Jeanne Keyes, Barbara Milam, and Mary Goodloe; Mrs. Hill Shine for Becy Jones' group of Mary Lucia Allison, Marie Baxter, Virginia L. Brown, Bonnie Jean Bryan, Nancy Bryant, Barbara Jean Burnett, Ruth Chandler, Margaret Irvine, and Esther Betty Baker; Mrs. A. Sisk for Frances Lane's group of Beatrice Swanson, Jean C. Tarwater, June Townsend, Betty Vineyard, Mildred Waring, Oneda Whitehead, Frances Bradshaw, Wanda Lee Miller and Mable Marshall; Mrs. E. R. Hunter for Agnes Peterson's group of Helen Marie Wilson, Ruth Freeman, Polly T. Edmunds, Rosalind T. Garges, Mary Elizabeth Dickinson, Mary E. Jamison, Carleen Stephens, Ethel Brocker, and Mary Lee Deyarmon; Mrs. L. S. Honaker for Johnnye Gudel's group of Frances Parks, Maxine Smily, Louise Eeloe, Caroline Mehaffey, Marian Shugarts, Barbara Ann Shearer, Verne Feeback, and Mary Ella Fletcher.

Mrs. John Cummings and Mrs. George Brown will entertain jointly Marian Schneeweiss' group of Emma Lee McInturff, Elizabeth Ann McLaren, Martha Isabel Muir, Wanda Neal, Ethel F. Park, Thelma Richardson, Catharine Sisk, Joy Cooper, and Margaret Grissett, Shirley Gladys Faus-naugh, Mary Frances Houk, Allene Wilson, Lois Wall, Marian P. Metcalf, and Mary Summerville.

DISC CLUB

(Continued from Page One)

kowsky's favorite work, his "favorite child" as he ecalled it, and has since become a favorite with many music lovers. In recent years it has become familiar to a large public because of a popular song taken from it entitled "Moon Love."

The Disc club is an organization of all those faculty members and students who are interested in listening to the masterpieces of recorded music. The Division of Fine Arts has available a large library of records for use at the meetings. Disc club meets every other Thursday in the Fine Arts studio. At concert a qualified commentator introduces the compositions played. Anyone interested in fine music is invited to be present at this first meeting.

V

ELECTIONS

(Continued from Page One)

Evelyn Waisman, whose opponent was Edith George; for the student council, Douglas Roseborough, winning by small margin over Duane Collins; in the senior class Frances Sisk and Ted Kidder were elected to the council defeating Margaret Clippinger and Oliver Van Cise respectively.

The junior class cast a total of 43 ballots, and the senior class votes cast totaled 43. In all cases the voting was very close.

V

MAID SHOP

(Continued from Page One)

looking uniforms for the nurses who do."

Four of the nurses just returning from abroad the "Grisholm" after being interned nl Japan after being captured in Guam had College Maid uniforms. Mrs. McCurray has letters from two of them ordering more uniforms. One of them states a little pathetically "In correcting my measurements, make the new uniforms smaller."

I rolled my eyes above
I ate a half dozen more
And died of puppylove.

Exchange

By Billy Segraves

Exchange

"'S funny it never repeats itself to me," said the sophomore, poring over his history book.

Mountain boy, "Whar's Jean?"
Mountain girl, 'She's outen the woods a huntin' bars."
Mountain boy, "Hain't she afread o' bars?"
Mountain girl, "Naw, she's ridin' her bike, and she knows how to handle bars.

Bought and paid for.

Young Lady (to elderly lady, whom she mistook to be the matron of the hospital): "May I see Lieut. Baker, please?"

Elderly Lady: "May I ask who you are?"

Young Lady: "Certainly; I am his sister."

Elderly Lady: "Well, well; I am glad to meet you. I am his mother."

Orange and Blue.

Teacher was testing the observation powers of her class. Slapping a half dollar on the desk, she asked, "What is it?"

Came an instant reply from the back row: "Tails."

On Record.

College boy: "Father, I've a notion to settle down and start raising chickens."

Father: "Better try owls. Their hours will suit you better."

Freshman: "What is heredity, Professor?"

Professor: "Something every man believes in until his son begins to act like a fool."

It's tough when you pay $1.50 for a steak, but it's tougher when you pay 75c.

FOR GIRLS ONLY

A woman's curiosity
Is termed the whole world through,
Yet many a serious lad will turn
This page
To prove he's curious too.

This
space is devoted
to Philip!

Philip who? Philip space.

LOST: A fountain pen by a student full of green ink.

Athlete (Boastfully): "I've broken my nose three times in the same place."

Frosh girl friend: "You really should keep your nose out of that place."

—The Babbler.

Customer: "Could I try on that suit in the window?"

Clerk: "We'd much rather you use the dressing room."

Local Clerics Lead Chapel Services

During the past week ministers from the local churches have had charge of the chapel services in the morning exercises. Beginning on Tuesday morning, Dr. John A. McAfee, minister of the New Providence Presbyterian church, led the devotions. Dr. McAfee was followed by Dr. Colvin L. Hammock, pastor of the First Baptist church which has the largest congregation in Maryville. Dr. J. B. Bernardin, rector of the Saint Andrew's Episcopal church was present to lead the service on Thursday morning. The minister of the First Methodist chruch, Dr. F. B. Shelton, presided over the college devotions on Friday. This morning Rev. S. C. Beard, pastor of the Broadway Methodist church, led the campus chapel service.

It has been a custom of long standing to have the ministers from the various local churches of Maryvile lead the colege chapel services at the begining of the school term. This has been done in order to introduce the new students of the school to the ministers of the churches in town. After this rather formal introduction, the students are free to choose the church which they would like to attend, and the college feels that this is one way to help them in their choice.

V

Dr. Hunter Speaks At Vespers Sunday

The speaker at the Sunday evening vesper service tomorrow will be Dr. E. R. Hunter, Professor of English and Dean of Curriculum. His subject will be "The Light of Knowledge". The service will begin at 7:00 in Voorhees Chapel.

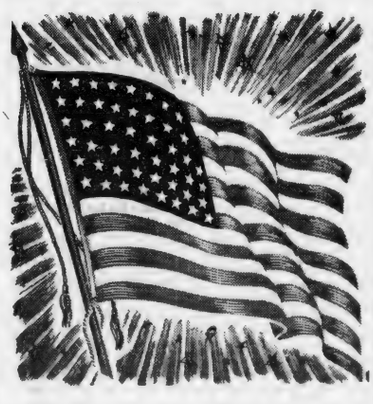
Athenian Will Not Meet Tonight

There will be no meeting of Athenian this week. The first meeting of the year will be next Saturday evening, September 19, in Athenian Hall at 6:30. A special program has been planned for the new members. There will be refreshments served for all members.

Plans for future meetings will be discussed, and arrangements will be made for Athenian's participation in the Intra-Mural sports activities.

V

Dr. Black To Speak Here On Wednesday



The Rev. Dr. Robert J. Black, field director of the Board of Christian Education in the Synod of Pennsylvania, will speak at chapel Wednesday morning. Dr. Black is the father of Donald Black, who is a sophomore enrolled here.

Dr. Black's office is in Harrisburg, Pa.

SCOTSPORTS

By TED PRATT

ECHO SPORTS

LARGE SQUAD

Half a hundred footballers, almost half of them freshmen, have been drilling for the approaching grid season with vigorous daily workouts on the practice field. Coaches Honaker and Davis are putting their largest squad in years through intensive workouts in preparation for Hiwassee's invasion next Saturday night. Oliver Spears, veteran triple-threater, again begins to show plenty of ability with his aerials and field generalship. Artie, talented brother of Oliver's, packs plenty of punch in his 170 lbs., and will definitely see plenty of action this year. Morton, hard-running sophomore, appears to be in shape for his best year. Among the host of stand-out backfield talent are Honaker, Bayless, Talbott, Andes, and Rettke.

Coach Davis has nine tackles, eight guards, eight ends, and three centers from which he must build a dependable forward wall. Webb, Rock, Renfro, and Willocks bolster the wing position; "Mitch", Chambers, Edwards, and Stone the tackle; and Wilson, Garvin, Herzberger, and Easter look like sure bets for the guard spots. Breazeale, Archer, and Still will hold down the center slot. The material, as a whole, looks big and capable, but we'll have to wait 'til next Saturday night to see these 1942 Scotties in competition.

SUMMER SPORT SCENES—SUMMER NOT.

BASEBALL—Guess the highlight is the comeback of the Cards, although Knoxville and Philadelphia are making strong bids for exclusive spots.

BOXING—Ray "Suger" Robinson, Harlem's blackest, was chief air warden this summer. At least he was responsible for a great number of the fistic blackouts!

SWIMMING—Ohio State's star Hawaiin duet of Nakama and Smith will assure the Buckeyes of swimming supremacy for awhile. They won the NAA title this summer at New London, Conn., even though Smith, a freshman this fall, could not represent O. S. U. He swam for the "Hawaiian Athletic Club" or some such name and managed to have his one-man-team place in the meet! Sammy Lee, the diminutive Korean from Los Angeles, was awarded the diving championship after he executed his difficult three and a half!

TENNIS—Ted Schroeder, Pancho Segura, Jinx Falkenburg, and 16 year-old Louise Brough made the hottest news. Oh yes, Frankie Parker had a new forehand this summer too.

TRAPSHOOTING—Over nine hundred contestants tried for the $10,000 purse in the Great American Handicap held at Vandalia, Ohio late in August. The shooters paid $47.20 each for the privilege of firing twenty rounds of 12 guage shells at the flying clays. Those who played the "Optionals" paid more than 50 cents each time they pulled the trigger. Great Sport!

FOOTBALL—We can all learn one big lesson from the Chicago Bear—All Start game late in August. The only factor that could possibly stop the "dream" backfield of Kmetovic, Juzwik, Bruce Smith, and Erdlitz to the tune of three touchdowns, is teamwork. The Bears have that—so they won 21-0. Teamwork is unquestionably the greatest single factor that determines the success of a team.

SOFTBALL—Maryville College campus was the scene of the championship softball. Echoes of mixed teams, close games, and yellow shorts still linger on the Hill.

1942 SCOTTIE FOOTBALL ROSTER

COACHES: Head Coach—Lombe Scott Honaker, Assistant Coach—John A. Davis; Team Manager—Charles Chapman; Assistant Manager—George M. Pope and Butch Kramer.

TEAM NAME: "Highlanders" Team colors: Orange and Garnet. Team Trainer: Richard Boyd.

'42 Scotties Have a Larger Squad, But Also a Tougher Schedule

Milligan, Catawba Chattanooga Loom As Big Threats

Maryville's largest football squad in recent years will square off against Hiwassee next Saturday night to begin a scrambled, wartorn schedule that will pit the Scots against the toughest small colleges in this section of the country.

Most of the Highlanders '41 opponents have given up the sport for the duration. Gone are Carson-Newman, East Tennessee Teachers, Tusculum, Union, Transylvania, King, and Western Carolina Teachers. Hiwassee remains for a two game exchange, and Emory and Henry, who took a 20-14 whipping from the Honakermen last year will visit Wilson Field on October 31 for Homecoming Day.

The Highlanders' first test will be a warm-up tilt with Hiwassee. The Tigers were beaten 32-6 under the Wilson field lights last year, and the '42 Scots are out to pin another on the Hiwassee eleven.

Newberry College will provide the opposition the following week. Coach Billy Laval's Indians played eleven games against tough opposition last year, knocking off five of their foes and succumbing to the other six.

Chattanooga will play host to the Honakermen October 3rd. The Moccasins —always tough— won seven, tied one, and lost one last year, the lone defeat being pinned on them by Georgia Tech. The Andy Moore coached Moccasins captured the scalps of such powers as Sewanee, Mercer, and Centre.

The Miligan game is not definite as yet. Any Buffalo aggregation is bound to be a tough one, however, and the skirmish promises to be one of the most thrilling on Wilson field this year.

After a breather at Hiwassee the Scots will tangle with Mid.-Tenn. Teachers and then with the Emory and Henry Wasps on Homecoming day. The Wasps suffered a narrow defeat at the hands of the Scots last year and are out for revenge.

On the following Saturday the Scots will play host to Beattie Feathers' Appalachian St. Teachers' team. The aggregation from Boone, N. C., droped five out of nine tilts, one of the setbacks being at the hands of the King tornado, the only team to whip Highlanders last year.

The season tentatively ends on Nov. 31st when the Scots journey to Catawba for the final. Catawba won eight out of eleven last year and although little is known of their strength this year, the Indians can be counted on for a tough battle.

P. E. Requirements For Jr. and Sr. Men Are Announced

Coach Fischbach And Staff To Be In Charge of System

All Junior and Senior men who register for Intramural Athletics in order to fulfill their Required Physical Education work are to participate at least TWICE a week in some phase of COMPETITIVE intramural activity.

The names of the men who registered are placed on cards which are filled in the Intra. Office. As the participation records come into the office from team games, individual sports and meets, the names of the Junior and Senior men are checked and given credit for participation in the various activities. At the end of each week, those who have not participated at least twice in some competitive sport are given ab-

(Continued on page four)

INTRAMURAL DOPE

At the week's middle Intramurals a la 1942 was well out of its swaddling clothes, had got a tennis tourney off to a good start, and had seen a hum-dinger of a speedball exhibition. A meeting of the intramural staff in the ditto office late last week gave Coach Fischbach and head dope Van Cise a chance to discuss things in general with their dozen-or-so workers for the year and to make specific assignments for managerial jobs.

Item of interest is that a third junior manager—normally there are only two—has been appointed to help share the increasing executive load brought on by the enlarged IM scope.

But on to the details . . . .

TENNIS

Early in the week the singles tennis tourney was drawn up and the brackets posted on the Carnegie bulletin board. Count shows that 32 fellows entered the fray; no byes were necessary. Round one was to have been played off by this evening. Saturday, but a day of rain—and we do mean rain, remember?—slowed the courts up a bit, and the new deadline for the first round is Monday, unless there's more rain.

Henry (Clementine) Heaps is managing tennis and asks especially that every player in the tourney, whether he wins, loses, or draws, report to him the results of the match, so that he can give credit for IM participation.

It is too early yet to venture in public who might come out on top in the tennis. Bill Adams is out with blood in his eye; but there are 31 others, too.

SPEEDBALL

With no less gusto goes the fast sport, destined to start moving on Monday. Speedball is organized on the league basis and will be counted as one of the major shindigs of the year. At the same week's middle referred to above four teams signed up with the Club League and three with the Independents. Club teams were Alpha Sigma, Athenian, Ministerials, and Y Frosh; Independents were the 45's, the Cooper-ites (not yet named), and the Fred Smithonians (ditto). None of these was entirely certain, however, and Van hoped to enlist a fourth Independent before entries closed.

Entries closed Friday night. Schedule of games for the season is to be posted probably Sunday evening. Play begins Monday. Team managers are urged to take the bull by the horns and see to it that their teams are at the right places at the right times, ready to play, with a little bit of good sense and team work on deck. A team that fizzles out looks like a sore thumb.

Probably the greatest bit of entertainment this week was the exhibition speedball game on the new field Thursday afternoon. Some 35 or 40 fellows played several quarters and became acquainted with the idea of the game, the rules, and some of the possibilities. Coach and Van kept things going straight. The procedure of play is very much like soccer, with a few rule changes. The ball, a light, round one, is kicked off by one team and is handled by the feet and body of all players on both teams or is thrown by hand under special conditions. The point is to get the ball across the end line or through the goal posts.

Discovery was that it takes plenty of good shape to bash up and down the field chasing that ball. Bob Burd played a fast position with his feet clad in moccasins; Joe Suitor and Ray Swartzback handled the ball in the air well; Malcolm Heaps made a hero of himself by pulling a nice goalie block. General remark by onlookers was that the scrimmage didn't kill anybody, but it was pretty close!

So team play starts Monday; remains to be seen how much speedball sense various managers have.

HANDBOOK

The IM handbook has been newly mimeographed, and if it isn't already out, cheer up, it'll be ready before long.

Highlanders Lose Twelve Lettermen

Taylor, Leading Ground—Gainer, Among Absentees

Twelve of last year's twenty-six lettermen have found other fields of endeavor and will not be in uniform next Saturday when the Orange Garnet starts to roll against the Hiwassee Tigers. Only two of the missing men, Norm Hooker, center and captain, and Fred Shelfer, end and letterman for Coach Honaker for four years, have been lost through graduation.

The biggest loss was felt in the backfield where holes left by Burris, Pepper, Graham, Taylor, Cloninger, and Lattimore will have to be filled. A smashing back of the Roy Cloninger type will be hard to find and the Scots will miss the shifty, speedy style of Pepper and Taylor. Freshman Jim Burris showed promise last year. He would have been a valuable man to have around, while Graham was showing the stuff that makes a tough line buster.

Absent from the line will be Hooker, Shelfer, Proffit, Richards, captain-elect Kramer, Bennett, and Murr. Most of these men played sixty-minute ball and their absence will be greatly felt.

—V—

Tumbling Begins

It has been recently announced that any juniors and seniors who wish to go out for the tumbling team may do so and at the same time receive credit for participation in Intramural Athletics.

The first practice of the season for those interested in tunbling was held last Wednesday night at 9:00 o'clock in the Bartlett gym. Other regular scheduled meetings of the class will be every Monday, Wednesday, and Friday, at 4:30 in the afternoon.

Bob Schwarzwalder and Carl Alette are the senior tumblers in charge of the group.

P. E. Requirements

Continued from Sports Page)

sences which are recorded and turned in to the Personnel Office. penalty as in regular classes.

An illustration of how the system works follows: After all Two absences are allowed without speedball games are over for any one day, the official in charge of the sport brings in to the I. Office all score sheets for the games played that day. On these score sheets will be the names of those who have ACTUALLY participated. All Junior and Senior men who registered for Intramurals and whose name is listed on this score sheet as having participated that day will be credited on his card with one official participation. Thus if a person plays speedball twice in one week, he will get credit for two participations and so fulfill his requirement. Every man who enters a team sport will have the opportunity to participate twice each week. IN A TEAM SPORT ALL MEN WHO PLAY MUST SIGN THE SCORE SHEET PERSONALLY—NOBODY ELSE WILL BE ALLOWED TO WRITE YOUR NAME ON THE SCORE SHEET. In an individual sport such as tennis, golf, etc., an official participation will be recorded if you report the results of your match PROMPTLY to the manager in charge of that sport. The manager will make a daily report to the I. Office, of all the matches played.

Those who enter competition such as Archery, Swimming, Gymnastics, etc., will be credited with ONE participation. Sigma Delta Psi events will not count toward credit.

Thus in order to be certain that a student will have the opportunity to participate twice each week, it is suggested that he enter all the team sports. Juniors and Seniors who feel they cannot meet this requirement should sign up for a regular physical education class. Students will not be permitted to enter the Intramural Program for just a few weeks or half the semester and then change to a physical education class. Once you begin fulfilling your requirement in this way, you must continue with it.

Twelve Girls Room In Hospital

Eight freshman and four senior girls are living in the hospital this year. The freshman girls are Wanda Lee Miller, Ethel Brocker, Eloise Edmundson, Barbara Earle Milan, Joy Cooper, Barbara Shearer, Evelyn Megaw, and June Barton. The senior girls, who chose to room in the hospital in preference to Pearson's, are Mary Ruth Baker, Anne Halibrun, Cornelia Jones ,and Marion McGill.

At present there is only one patient in the hospital, Betty Winter, who is suffering from hay fever.

Bob Seel Speaks On Chile To Student Volunteers

Bob Seel, a freshman who was born in Chile, South America will speak at Student Volunteers on "Chile" tomorrow night at the regular meeting. He has lived a number of years in South America but has spent the last two years in Florida. His father is a missionary in Columbia.

Vacancies Open On Echo Staff

Duke, Lloyd, And Grizzard Resign

Since the selection of the ECHO staff last spring, three staff members have resigned creating sophomore and junior vacancies.

Sidney Duke, sports writer for two years has resigned to become the editor of the 1943 Chilhowean. He is also enrolling a heavy schedule of clases in order to be graduated in the shortest possible time. Hall Lloyd, a staff and sports writer, is planning to discontinue his writing of the Intramural Dope column in order to devote more time to other responsibilities. Hal is the present president of the junior class and is active leader in YM, athletic, and various other campus activities.

The place of Loly Bele Grizzard, sophomore reporter, is vacant, as Lily Belle is studying music this year in Nashville.

Any sophomore or junior interested in trying out should be present at the usual staff meeting Tuesday evening at 6:30 in the ECHO office.

Theta to Open Week Of "Rushing" With Latin American Tea

On Tuesday, September 15, Theta Epsilon, will begin her rush week by holding a Latin American tea in the Y Rooms from 3 to 5. Margaret Clippenger and Lynn Becker are in charge of this first party representative of the theme of the good neighbor policy. On Thursday evening at 7:30 in Bartlett Pool, Peggy Caldwell will be in charge of the Hawaian swimming party. Theta's formal opening will be held in the gym on Friday evening at a Chinese American party..

During Theta's rush week all the entertainment, foods, color schemes, and decorations will be in line with the general plan for a Good Neighbor week. All new girls, twin girls, and transfers are urged to attend all the events of the week.

Margaret Messer Leads Devotionals At Bartlett

The first regular Wednesday night prayer meeting was held last Wednesday night in Bartlett Hall. Margaret Messer, a sophomore Spanish major from White Pine, Tenn., led the devotional. She chose to read several passages of scripture that "should encourage the Christian in these times". Hal Lloyd, junior English major from Maryvile, led the singing.

Prayer meeting is held for the students every Wednesday night from 6:40 until about 7:10 in Bartlett Hall.

Movies Scheduled For Pre-Med Club

The first meeting of the Pre-Med club will be held one week from next Thursday, September 24th. According to the new schedule for club meetings released this week by Dr. E R Hunter, the meetings will this year be held the second and fourth Thursdays of each month. They will be held as formerly in the chemistry lecture room in Fayerweather Science Hall.

Movies are scheduled for the first meeting through the courtesy of Dr. Lea Callaway, local physician. All students who are planning on being nurses or taking a premedical course are invited to attend. The club is an organization planned so that would-be doctors, nurses or medical technicians may gain from the consideration together of problems of medical or scientific interest.

Mr. A. F. Pieper To Be Speaker At Radio Vespers

Tomorrow afternoon Assistant Professor Archibald Franklin Pieper will speak at the Radio Vespers service on the topic, "The Value of Life". Miss Frances Smith, a member of the sophomore class, will sing the hymn, "Others". Miss Katharine C. Davies will be at the organ, and Dr. Frank D. McClelland will operate the controls.

The Radio Vesper service will be broadcast over station WROL, 620 kc, from five to five-fifteen. All those who wish to see the broadcast in person are asked to be in the chapel by four forty-five.

Nu Gamma Leads Y. W. Service

The Nu Gamma leaders will present the program at Y. W. C. A. Sunday afternoon. Johnnye Gudel will be the principal speaker. The meeting will begin at 1:30.

Y. M. C. A. Meets

Rev. Dr. Robert J. Black, field dierctor of religious education of the Presbyterian Church for the Synod of Pennsylvania, will speak to the Y. M. C. A. tomorrow at 1:30. He will speak on "Christian Education Versus Secular Education". The services will be held in the auditorium of Bartlett hall.

MATHEWS, ERNEST, KIDDER TO LEAD BAND

"Kind Lady" A Melodrama by Chodorov Will Be Given in Voorhees Chapel

Alice Jones To Be "Kind Lady; Mrs. West Directs

The first play to be presented this year on the Voorhees stage is "Kind Lady" by Edward Chodorov, adapted from a novel by Hugh Walpole. The date of presentation has not been set, but it will be given sometime in the near future.

The two leads in the play are Henry Abbot, and Mary Herries, the latter played by Alice Jones. John Hawkins who was originally proposed for the part of Henry Abbot has not yet returned to school; and if he is not able to come back, the lead will soon be given to someone else.

The other characters are Lucy Weston, Mary Dawn Noblit; Rose, the maid, Sarah Crider; Phyllis Glenning, Helen Airheart; Peter Santard, Neil Proffitt; Ada, Betty Clevenger; Mr. Edwards, Oscar Proffitt; Mrs. Edwards, Dorothy Harned; Aggie Edwards, Georgia Lu Meadows; Gustav Rosenberk, Clyde Brown; Mr. Foster, Harry Lyle. One small part, the doctor, is yet to be supplied.

Ruth Curtis has been appointed as assistant to the director and Ted Kidder as Stage Manager. The properties will be in charge of Nancy Russell and the costumes under the supervision of Marion Smith. Other members of the stage crew have not been selected.

"Kind Lady," a melodrama has had a successful run on Broadway and is highly recommended for its undercurrent of mystery and intense action.

Chilhowean Begins Subscription Drive

Senior Section Of 1943 Annual Will Open Monday

Jim Faulkner, business manager of the 1943 Chilhowean, announced this week that the annual subscription drive will begin Monday and be concluded with the signing of subscription contracts on Thursday morning in chapel. The price of the book will be—as in the past—four dollars per copy. This may be paid in four payments of one dollar each, if so desired.

The Chilhowean is supported only by the subscriptions sold to students and faculty, and the cooperation of every individual is needeed this year in order that the book may be a success. Due to the decrease in enrollment, it is imperative that a larger percentage of the college subscribe to the book, for it will be as elaborate as in previous years and, of course, expense will be the same.

Sid Duke is editor of the annual, and his staff is made up of Bob Francis, associate editor; Bob Calvesbert, associate editor and photographer; and Cordelia Dellinger, features editor. The business staff is composed of Faulkner; Betty Parker, and Gilbert Weiss.

As in the past, The Benson Printing Company of Nashville is handling the Chilhowean contract. Mr. John Benson was on the campus last week assisting the staff in making, the layouts and taking pictures for the informal sections.

The senior section of the Chilhowean will open Monday and remain open for two weeks. All seniors are reminded that they should submit their 3½x5 inch glossy prints to a member of the staff as soon as possible.

Theta Rushes All New Girls

Chinese Program Closes Rush Week

At her formal opening last evening, Theta officially closed her rush week for new girls. Betty Clevenger was in charge of the

(Continued on page four)

Social Events On Campus Must All Be Scheduled

Due to a slight misunderstanding on the part of some students it was thought best to make this statement concerning the scheduling of the social events on the campus. All social activities are to be scheduled five days in advance in order to keep the calendar clear and to give the chaperons a chance to schedule their events. Parties or other events that include the whole school are to be scheduled through Dean E. R. Hunter's office. All other events such as banquets, picnics, parties, joint meetings of various societies, hikes, or any other group activities are to be scheduled through Mrs. Grace Pope Snyder's office.

YMCA Conducting Membership Drive

Jim Garvin, YMCA Secretary, Directs Year's Campaign

The College Y. M. C. A. has announced its annual membership drive. This year the Y. hopes to have a large membership and at the same time to have each member realize the importance of the pledge that he signs for application for membership. The Y. also hopes that each member will realize the importance of being an active member.

Jim Garvin, secretary of the Y. is in charge of the campaign. Men students have been chosen to solicit members. Ray Swartzback is in charge of membership on the first floor Carnegie; Lloyd Anderson, second floor; Ted Kidder, third floor; Don Black, fourth floor; Clyde Brown and Ralph Parvin, basement; and Don Barker is in charge of the membership of the town students. Application for membership cards may be obtained from these boys or from any of the Y. Cabinet members.

The Maryville College Y. M. C. A., established in 1877, is one of the largest organizations of its kind in the South. The weekly devotional meetings are held on Sunday afternoons in the auditorium of Bartlett Hall. A portion of the student activity fee goes for the work of the Y.

Any freshman wishing to be considered for position on the business staff of the HIGHLAND ECHO should hand in an application to Dr. F. A. Griffitts, faculty adviser of student publication.

E. Pascoe Elected Head Cheerleader

Preston, Sweeney, Boyd, Seebach, and Hanford on Squad

Elections of cheerleaders for this year were held at the first pep meeting, last Thursday night. Meredith Preston and Ellen Pascoe are the newly elected women pep-leaders from the upper classes. Both were on the team last year. Ellen was elected head cheerleader for the coming year. Bill Sweeney and Les Boyd also won; Sweeney was captain of last year's pep squad.

Verne Seebach was elected from the group of eight freshmen women. Charles Hanford was elected as the male freshman representative.

The meeting began with a showing of school spirit and lusty yells led by last year's squad. The old "Howee, howee, Chilhowee" made up for the lack of cold weather and the pigskin bouncing down the field.

Captain Les Rock was cheered onto the field, after which he introduced the football squad. The team this year is made up of about fifty men. Although there are only about one-half as many men in school, this is more than have gone out for football in the last 15 years. Captain Rock also introduced Jack Kramer, who was elected co-captain last year. Due to his graduation at summer school, however, Jack will be only a spectator this sason.

Coach Honaker gave his traditional speech. He commended the team and the fine work they have been doing. He named the other schools we will play, noting that nearly all of them are new to Maryville. But, he saiad, the team appreciates and needs the support of the student body, even though it is a potential "girls' seminary."

Miss Alice Mathews, a senior from Sherrin, Connecticut, was introduced as the newly-elected band sponsor. The band itself lent atmosphere and music to the enthusiastic crowd. This is the first public appearance of the band under the faculty leader, Mr. Richard Vine.

The traditional singing of the Alma Mater closed the pep meeting.

Miss Cowen, Music Teacher, Returns To Maryville

Miss Genevieve Cowan, Instructor in Music at Maryville College, has recently returned to her classes here. During the summer, Miss Cowen spent most of her time visiting her family and relatives in Kentucky and Missouri. She also managed to spend six weeks at Columbia University working on her Masters degree.

Somebody Sees Some Virtue In Present Male Distribution Set-up

By BILLYE RUTH BRALY

Last week deepest sympathy was extended to Maryville males—that is, the remaining few. But, boys, don't feel discouraged; this is the chance of a life time, that break you've always hoped you'd get. Back in the old home town, Blitzkrieg,, Pennsylvania, population 83, you might not have been a romeo. But, at Maryville — population, pul-lenty—you're almost automatically a B. M. O. C. You can even be a bench-sitting athlete. Of course we'll all admit this is due to the international situation, over which we have no control. Maybe you can't control it, but you can profit by it. Don the robe of a romeo, and the line forms to the right for a few tender balcony scenes. (This season any ham can be a romeo.)

Leave your heart at the Pearsons-Baldwin-Memorial Canteen—take your choice these days. And you don't even have to borrow a pair of silver wings. But no!

Last week it was prophesied that there would be a great deflatage of the male ego on the campus. Don't be too discouraged; it ain't all that bad yet. More than one man has passed a bevy of skirts with that certain raising of the left eye-brow and whistle (two long whistles, which just can't be spelled) in mind and just as often, on his lips.

With huge amounts of beautiful women roaming ye olde campus, this is certainly a man's paradise. And I don't mean perhaps. Last week's worthy opponent also mentioned the Army and Navy Reserved Society and all the private galleries caused by said club. Mention was also made that freshmen girls must be "taken into consideration." That seems to be understood. Ask any "wolf."

Hear ye, hear ye—come and get your three early. For those who know women best—it's Maryville. 3-1.

Enrollment Totals 648 For 124th Fall Semester

Personnel Office Count Is Not Yet Officially Made

According to the Registrar, there are 648 full-time students enrolled at Maryville College in the fall semester of its 124th year of existence.

In addition to these there are part-time students and local residents doing work in the music and dramatic art departments.

While the Personnel Office did not have a complete and accurate count of these 648 full-time students by classes, a hasty check by an ECHO reporter revealed the following approximate distribution. There are registered 117 seniors, 133 juniors, 179 sophomores, and 227 freshmen.

On the whole, the enrollment is larger than was anticipated by some of the college officials and under the present conditions compares not unfavorably with the enrollments of other institutions of higher education throughout the country.

The exact numerical ratio of women to men students was not determined in the brief survey attempted, but this information will probably be available when the complete count is made by the Personnel Office.

Blount County Committee Pushes Sale of War Stamps

The Blount County Committee on War Savings Stamps and Bonds has as one division the Educational Committee. Professor Verton M. Queener, Professor of History, is the chairman of this latter committee which is composed of President R. W. Lloyd of the College and the three public school superintendents of the County. At the present time an intensive program is being worked out in each school in whatever way the local teachers think best for the educational institutions in Blount County to participate to the fullest extent in the buying of stamps and bonds. It is the aim of the Educational Committee that there be one hundred per cent cooperation; in other words, that each student buy at least one stamp each month.

Although Maryville College is not directly connected with these other institutions, it is indeed an important part of the educational program of the County. Also, as many students have observed recently a community like the campus seems withdrawn—almost one might say a slacker—from our nation wide war effort. The comparison is striking when lined up against the feverish activity of many of our home communities.

Therefore, the Student Council representing the student body has taken the responsibility of organizing a program for the college campus whereby systematic buying of stamps and bonds may be carried on. Our aim too, shall be every student buying one stamp a month. This seems small but if carried through will mean a lot not only in building up the total sales but in giving Maryville students a chance to actively help toward winning this war. The committee appointed on the Student Council to organize this activity consists of Natalie Yelton, chairman; Ted Pratt, and John DeForest.

STUDENT VOL SPEAKER

Irene Bannan, director of Christian education at the New Providence Presbyterian church of Maryville, will be the speaker at the Student Volunteers meeting Sunday night at eight in the Y rooms. Her topic will be the work among the Russians, Czechs, and Italians in New York City. Miss Bannan has spent several years in China, where her parents are still living.

Varsity Debate Class Assembles

Thirty Students Attend Tuesday

Between twenty-five and thirty students came out for varsity debate on Tuesday night at seven-fifteen in Thaw Hall auditorium. Professor Verton M. Queener, varsity debate coach, conducted the class which met for a short session to determine organizational matters.

The class will continue this year as nearly normally as possible. Two factors make plans not normal — one being the smaller budget and the other being the national transportation problem which will affect the holding of inter-collegiate tourneys. However the continuation of the debate activity as one phase of our regular educational program is now decidedly indicated insofar as it does not interfere with our patriotism.

The program as it now stands consists of an evening meeting on Tuesday at 7:05 and an afternoon meeting on Wednesday at 1:10. For the beginning sessions Professor Queener will lecture on speech fundamentals. For the remainder of the semester the students will actively participate in speech activities.

Y Frosh Will Meet Tuesday Evening

YMCA To Close Freshman Program

The Y Frosh Club will hold its next meeting at 6:30 in Bartlett Hall on Tuesday evening, September 22. At the beginning of each year, it is customary for the Frosh club to hold three meetings on the first three Tuesdays of the school year. The meeting on this Tuesday will be the third and last meeting of the present year.

The purpose of the Y Frosh Club, which is sponsored by the YMCA is threefold. First, to acquaint the new men of Maryville College with each other; second, to introduce the YMCA officers to the new men; and third, to organize the freshmen into the various intramural sport teams.

This year the Frosh Club was organized and promoted by the Fellowship Committee of the YM, composed of Olson Pemberton, Chairman; Ralph Parvin; and Paul Jamarik.

At each meeting there is usually a short program of entertainment. At the first meeting this year Mr. James R. Smith, director of Alumni Association showed Campus movies. At the second meeting, the freshmen were entertained by popular campus favorites, Charlie Burgreen and his Hill William Saloon Ensemble.

Attendance to the Frosh Club meetings has been good, and it is hoped that all new men will be present for the last and most important meeting.

Introducing: The Maryville School Spirit.

Alice Mathews
1942-43 Band Sponsor

J. Edward Kidder
1942-43 Band President

Alice Mathews Picked By Band As Sponsor For Coming Year, Ernest To Be Drum Major, Kidder Captain

Four Committees Selected At First Meeting of Council

The Student Council met last Monday evening at 8:00 in Dr. Hunter's classroom. The initial business of this first meeting was to appoint certain standing committees which the president, Brasher Bailey, did.

On the Committee on Elections Ted Pratt has been appointed chairman with the following additional members: seniors: Ted Kidder, Willie Williams; juniors, Fred DePue, Jeana Eddleman; sophomores, Louise Henry and Katherine Scott. The Committee on Publications is composed of John Hawkins, B. J. Miller, Bob Frances, and Marian Magill. Under the chairmanship of John DeForest the Committee on Finance is Frances Sisk and Douglas Roseborough. In addition there has been appointed from the student body the Committee on Pep whose temporary chairman is Dick Boyd and whose other members are Marian Schanck, and Bob Calvesbert.

Another business matter brought before the Council was promoting the sale of War Savings Stamps and Bonds. It was decided that the Council should take responsibility for this and a committee was appointed: Natalie Yelton, chairman, Ted Pratt, and John DeForest.

The Council decided to meet in the future on Tuesday night at eight o'clock in Dr. Hunter's classroom. Also they were reminded to take responsibility for campus conduct during blackouts.

Army, Navy, Marine Board To Visit Maryville

November 12th Is Date Scheduled For Military Meeting

Dean of Students, Dr. Frank D. McClelland announced this week that on November 12 there will visit the campus a presentation board made up of representatives of the Army, Navy, Marine Corps, Army Air Corps, and Naval Aviation. There will be a meeting of all the men of the college arranged on that date at which each of these representatives will present his branch of the services for the consideration of men students, in a fifteen minute talk.

After the meeting, each of the representatives will be assigned to some room or office where he will spend the remainder of the day talking with students who want information about his branch.

There will be no actual recruiting on this day, November 12, but a joint recruiting party will visit the campus several weeks later to examine and enlist men who desire it.

The visit of these information and recruiting boards to the Maryville campus is a part of the nation-wide drive by the armed forces to enlist college men in the various forms of service. The group that will visit Maryville on November 12 will tour the state

(Continued on back page)

At the first pep-meeting of the year held last Thursday evening Alice Mathews was presented to the students as the band sponsor for 1942-43. Alice was elected by the members of the band at a meeting held last Monday evening.

Alice is a senior from Sharon, Connecticut, and is majoring in English. Two years ago Alice transferred from Baldwin-Wallace College in Ohio. While she has been here at Maryville, she has participated in various dramatic productions, her most prominent role being Isabel Linton, in "Wuthering Heights."

Alice will lead the band in its between-the-halves parade tonight when Maryville meets Hiwassee College in the first game of the season.

At the same meeting last Monday evening Nelson Ernest was elected drum major. Nelson is a sophomore from Port Royal, Pa. This year there will be four twirlers: Polly Park, who was featured with the band last year, Evelyn Whitehead, a sophomore from Erwin, Tenn., and two freshmen, Mabel Marshall and Harry Frazier.

Ted Kidder was elected to serve as captain of the band this year. Ted is a senior from Maryville and is majoring in art. Nettie Rose Spraker, also of Maryville, was elected secretary. Mr. Richard W. Vine, assistant professor of music, is the new director of the band.

This afternoon the band made its customary parade down the main street of Maryville, led by the new band leaders.

The complete list of band members is as follows: Dean Stiles, Bill Hargraves, Bob Hunter, Paul Moehlman, Ted Kidder, Elwood Griscom, Jean Batchelor, George Pope, Josephine Gillet, Billie Ruth Wright, Carleen Stevens, Harry Fergueson, Dick Hobart, Charles Gilpatrick, Harry Frazer, Rhoda Haller, Helen Anderson, Ruth Randolph, Tom Smith, Rose Garden, Paul Schuster, Paul Kolter, Eleanor Williams, Helen Cook, John Scott, Arthur Crimmel, Rachel King, Bill Ogel, Oscar Proffitt, Ruth Mary Hall, Sue Clark, Jack Lippard, Dick Moor, Nancy Bryant, Maurice McClure, Charlie Burgreen, Virginia Cain, Nettie Rose Sparker, Clara Mesmer, Mary Williams, and M. Deyarmon.

"By The Way" Is New ECHO Feature

The print entitled "Introducing the Maryville School Spirit" included on the front page of the paper this week is the work of Byron Sprague. Byron is a freshman from Cincinnati, Ohio. In high school "By" did art work for his school paper and has had considerable experience with student publications. He will plan to make his feature "By the Way" a weekly part of the ECHO.

"Talk of the Week", which became a popular unit of the Echo last year, will continue to be made by Chuck Dunning. Chuck is a junior art student from Long Island, N. Y.

The president of the Class of 1943 announces the meeting of this class to be held on Wednesday morning after chapel. The purpose is threefold: to discuss payment of bond for Chilhowean; to elect another senior member to the Student Council, and to announce the prices of rings.

SATURDAY, SEPTEMBER 19, 1942

Practice Teachers

Every weekday close to thirty seniors start out on a long trek to one of Maryville's schools, there to observe and eventually to teach the classes, part of the routine of "practice teaching". Some of them must cut chapel each time and be out to the high school before eight o'clock. There they are under rigorous supervision and criticism. The walk to school and back takes nearly an hour. It is no small task to do as some, rush through an early lunch at 12:10, hurry to the school, stay there for a period, and whisk back theoretically cool and calm for sixth period recitation, of full of zest for afternoon gym. We wish, as they wish, that at least part credit for physical training might be given for this daily hike. But at any rate, honorable mention to them.

Plug Away

Busy? who, me? Oh no. Just have straight classes every day, have to work three hours a day, besides such and such and such, and now this comes up. Sound like you? A faculty member reminded that in the war situation faculty and staff are doing much extra work. We too, no? Fewer of us must do more work. But if you think you have more to do than anyone else, just compare a while. If you can stay where you are and do your work, good. If you can keep all your present positions and do your work well, better. If you can help and serve, think how good you'll feel when you've accomplished, been approved. Work a little harder, be a little tougher, gain a little glory!

By BEN LYNT

DOCUMENTARY DILEMMA

Since last week's column I have been accused of sticking my neck out and of poking about in something which should be in no way any concern of mine. For having made a brief survey of one situation in which the new constitution for the student body, the junior and senior classes, and the student council were directly concerned I find myself branded a meddler and stirrer up of trouble.

There are weaknesses in our new constitution which I mean to feel ought to be corrected at the earliest possible date that this document may be in fact five or ten years hence capable of "providing a great understanding and co-operation throughout all of the college life and activities" as its preamble so glibly states.

This constitution is in the first quarter of its first year and could be fairly easily corrected now before the weight of precedent has been allowed to enter into the picture and render the altering of even so little as one jot or one tittle of it an herculean job.

The actions of the junior and senior classes in electing their council representatives in the first week of school has been justified by the student council on the strength of the portion of the constitution concerning the formation of the council where it provides for the filling of any vacancies in the council which may occur between the annual elections by the classes concerned at their own discretion. But in so doing they have overlooked the fact that in neither case was there a quorum present, and, consequently, one cannot justly say that either the junior or the senior class elected those representatives but rather that about one-third of the class was present and one-sixth of the class did the electing, which in these instances really amounted to little more than going through the motions.

Such things as this are not my concern alone, surely, but are the concern of every student in the school, for the constitution which was so hastily and eagerly adopted last May was a constitution not for the council and its conduct alone, but for the whole student body.

The weakness of that section of the constitution upon which the council has based its vindication of the two classes lies in the fact that no accompanying qualifications are laid down by the article as to how the class shall fill the vacancy, or what shall constitute a class meeting, etc., etc. Now, if the council argues that such matters are adequately provided for in the 5th article of the document where it states that, "in matters of procedure not covered by this constitution, Roberts Rules of Order shall be followed," then they cannot justify their acceptance to membership in the council those three who were elected to office by approximately one-sixth of their respective classes, for Roberts Rules of Order is very clear concerning the necessity of a quorum in order to do business.

There are other weaknesses of the constitution which ought to be strengthened before it become necessary to put them to the tests of time. There is an ambiguous statement in the article concerning the election of council representatives which requires the junior and senior classes, as well as the sophomore class, to elect four or more representatives by a "majority of the votes cast." Such a thing is a physically legal impossibility to my way of thinking, but that isn't all; after requiring this majority vote to elect, the article goes on to state that in the case of the sophomore class, the two representatives so elected "receiving the highest number of votes" shall be considered as elected for two years and will represent the junior class the following year.

My sympathies are with the council and their committee on elections for their task is difficult enough to begin with, and the constitution as it now stands will be of little help to them when they seek for instruction in how to proceed with their complicated business when the annual elections come up next May.

Certainly a careful re-reading of this constitution for the student body by the student body would not be out of place. Or would it? A healthy interest in government and things politic as well as an understanding of the workings of a democracy may well serve to help more of us understand the vigor with which the present war is being prosecuted.

If this be treason. . . . .

Butterscotch

By JORDY MEADOWS

Have you all realized that time's flitting, but fast? Our thought for the day is this consoling item: In less than four weeks we'll all be taking six weeks exams. Oh, rapture unforseen—go on and be brave about it all—face facts!

Many and devious are the ways of a man when it comes to the delicate task of placing a bid for one of those which pretty soon none of us are going to be having any of—a date! We think that when it comes to being right on the beam, Bob Herzberger made a three point landing on a sharp idea. He approached Mary Ellen Northrop at first with the casual, uninspiring "Gotta date tonight, Babe", or words to that general effect. The answer was a blunt yes, Bob saw that this was no ordinary, run-of-the-mill female, sooooo—when he approached her the next time, he gave her a little flag and told Mary Ellen to fly it at high mast on her lapel if she weren't dated up and at half mast if she were. Then he'd know without having to waste any unnecessary energy. How's that for ingenuity, imaginativeness, or——well, you name it!

Maybe our heart is located in the region of our stomach, but we can't resist these cuties from the dining hall. Ann Byrne's table knows how to keep all sorts of harmony flowing constantly. That's good for the digestion, incidentally. Anyhow, Penelope, a piggy bank graces the center of the table, and every time anyone makes a nasty remark about the food or otherwise the bank is stuck under his nose and stays there until the offender pays up. You ought to visit her table sometimes. You'll never hear such pleasant conversation again in your life. And we have definite proof that the age of chivalry is not extinct. This was shown with a certain nicety in The Case of the Brick Ice-cream. We thought it was amusing to see half the men in the school standing in the dining hall on Sunday furiously battling with absolutely defenseless bricks. The funny part of it was that these handsome heroes didn't get anywhere—but they had fun.

As long as there isn't another column especially for announcing engagements formally, we're going to hang on to the joyous task. We honestly thought that we should get out a special issue of the Echo last Saturday night when Jean Patterson came tearing in to exhibit her latest acquisition. And if you want to see something pretty go look at Mary Knight's left hand. We won't tell you which finger.

Maryville students really took up space in Life magazine for September 14. We'll leave one of the items for the sport page, but we'd like to mention that Rev. J. A. Lazell, a graduate of Maryville and of the Union Theological Seminary was the preacher to marry Gypsy Rose Lee. Item: He sat in Seat 29 in the chemistry lecture room while he was here. Guess where we heard that?

Are you kiddin'?

Anyone who wants to knit in a new and different way should ask Betty Haines for all particulars. Betty gets in the middle of a row and then for sheer ornerysness turns right around and knits vigorously back to where she came from. You'll have to admit that it's unusual.

Say, gals! Do any of you right off hand want a man. If you do, go see Lynn Becker. She has twelve fool-proof methods for such getting. There is absolutely no fee, and she guarantees inevitable success! Line forms in the lobby of Pearsons any day at three.

Speaking of those men. Katie Tomlinson has everyone simply wide-eyed. There used to be a phrase, BNE (Before the National Emergency). 'Twas Man-Jam! And in these perilous times Katie had one. What a woman. Her man from home and John, both at the same time. We're all jealous, Katie!

For members of the Greek Mythology class only. In answer to your question, a myth is the wife of a moth!

TALK OF THE WEEK ... By Charles Dunning

Athenian Conducts Variety Program

Tonight Athenian will hold its first meeting of the year in Athenian hall. The program will start promptly at 6:15 and will end in plenty of time for the football game. Freshmen looking for fellowship and refreshments are urged to note.

The entertainment will include a skit, presented by Ellis Burcaw and Art Bushing. Bob Hunter will provide some of his extra-special trumpet music, and Owen McGarity will play several electric guitar selections. Hal Lloyd will lead in group singing, and Ben Lynt will preside as master-of-ceremonies. Olson Pemberton, president, will conduct the business meeting, which will be followed immediately by refreshments. Athenian welcomes all new men and old members of the society.

V

Spanish Club Plans Program For Year

Last Thursday evening a meeting of the Spanish Club was called and plans were made for the coming year. The club plans to initiate an active membership campaign and to have a series of entertaining programs throughout the year.

Membership in the Spanish Club is not limited to those who take Spanish, but anyone who is interested in Spain or Spanish America is invited to attend the meetings. Regular meetings are held on the first and third Thursdays of each month in Dr. Stellwagen's class room on the second flooor of Anderson Hall.

A special meeting of the executive committee will be held on September 24th, at which time additional plans will be made for the coming year. The executive committeee consists of the club officers who are:

President, Bob Lord; Secretary, Virginia Gates; Treasurer, Fred De Pue. The office of vice-president is vacant due to the fact that Fleming Griffith, the duly elected officer, has graduated from college.

During the past year the programs of the Spanish club were varied and interesting. Spanish songs, music, quizzes and just provided plain "Spanish fun" entertainment for all those who attended the meetings. The year's activities were climaxed by a picnic held in the college woods.

The next regularly scheduled meeting will be on October 1st at which time important business matters will be discussed.

V

Harper Leads Prayer Meeting

Carolyn Harper, sophomore dramatic art major from Birmingham, Ala., led the devotional last Wednesday night at Bartlett pray er meeting. She chose to read from I Peter the third chapter verses 6 through 17. Jim Garvin, a senior ministerial student led the singing.

Dr. J. B. Bernardin Will Speak To Ministerials Thursday

The Ministerial Association will meet Thursday, September 24, in Athenian Hall at 6:45. Dr. J. B. Bernardin, minister of the St. Andrews Episcopal church of Maryville, will be the speaker.

The Ministerial Association, organized in 1900, is composed of students that are candidates for the ministry.

V

Law Club Will Elect President Thursday Night

The college Law Club will begin the year with an important meeting on Thursday evening, September 24, at which time a new president will be elected. The former president, Jack Kramer was graduated at the end of the summer school session. The meeting will be held in Alpha Sigma hall at 6:45. Lauramae Weber, vice-president, will preside over the election.

Law Club is one among a number of clubs which has been active on the campus for a number of years. Anyone interested in the study of law or various related fields may participate. Throughout the year programs will be based on law subjects and a Mock Trial will be the climax of the semester.

Mr. A. F. Pieper, assistant professor of Political Science, is the club sponsor. Officers for the year are: vice-president, Lauramae Weber; secretary, Pat Carter; treasurer, Margaret Clippenger; and sargent at arms, Robert F. Huber.

V

Mrs. Hall Reports Patient Improvement

In a recent interview with Mrs. Elizabeth Hall, head of the college infirmary, it was discovered that several of the students had been confined there during the past week. Those who were ill include Bill Long, Barbara "Chick" Buchanan, and Henry Irwin. There are also eight freshman girls and four uppperclasswomen living at the hospital regularly.

Mrs. Hall in her usual friendly manner reported, "Bill Long's still here; he'll be here another week yet. Bill broke his collar bone. Too bad; for he's a nice fellow."

"Henry Irwin was in this week, too. Just flu, but he put in a couple of unpleasant days.

"And Chick Buchanan has just overdone. She just tried to do too much."

Mrs. Hall alos wished to remind the student body that the hospital held a free infirmary clinic for the students every Monday, Wednesday and Friday from 4:30 until 5:30.

V

Degree Awarded To Miss Horne

Miss Dorothy Horne, Assistant Professor of Music, returned to the Maryville College campus this fall with another Masters Degree in Music. Miss Horne recently received a Master of Music degree with a major in Theory from the Eastman School of Music at Rochester, New York. She attended the school for a period of eight weeks this past summer. "Shape Note Hymnals and the Art Music of Early America" was the subject upon which Miss Horne wrote her thesis.

Miss Horne also possesses degrees from the following schools: B. Mus. in Violin from Bethany College, Kansas; B. Mus. in Piano from Mississippi Womens College; Mus. M. from the American Conservatory of Music at Chicago, Illinois.

Miss Horne has been here at Maryville since 1936. Her teaching field is in Violin and Theory.

V

Richards To Manage Speedball Team

Jimmy Yunker, president of the Ministerial Association announced that the Ministerials have organized a speedball team under the management of Abner Richards. Plans also are underway for the first meeting of the organization to be held Thursday, September, 24.

SCOTSPORTS

By TED PRATT

ECHO SPORTS

ON YOUR MARKS ....

The Scottie football machine worked hard this week. On Monday and Tuesday the gridders sweltered under an intense sun. First came extensive limbering up exercises. Then they were drilled in fundamental blocking and tackling. They ran block after block, and play after play, until some of them had actually lost as much as six or seven pounds.

Scrimmage was scheduled for Wednesday. True to form, the rains came—but that didn't dampen the spirits of the Highlanders. Two teams pushed each other up and down the field while Coaches Honaker and Davis carried out their duties of telling each player what he was doing wrong. It rained during the entire scrimmage, thereby preventing the Scots from showing up as well as had been expected. But the scrimmage was not without a bit of sparkle. Oliver Spears, talented junior tailback, sparked his team to a brace of touchdowns in quick succession. Bob Morton and Ross Honaker, a couple of sophomore stand-outs, both ripped off long gains on several occasions. Other impressive backs were Albert Hollingsworth, Alcoa freshman, Bob Bayless, improving sophomore back, Red Meineke and Winton Enloe. Artie Spears, Bill Wagner, and Jim Hogue showed up well—especially on the defensive.

On the line several first-year men, besides the regulars, looked good. Meredith Purvis, Georgia transfer, A. R. Archer, Everett product, and Norris Carr, wingman from Pennsylvania, all displayed some ability. Others were Bill Proffitt, Dean Stone, Fred Kluth, and Max Willocks.

3 x 2 EQUALS 6

Unique this year on the Scottie roster is the presence of three sets of brothers. Captain Les Rock and his brother Al, both wingmen; Oliver and Artie Spears, tail and fullback; and Mac and Ed, three hundred and sixty-five pounds of Wilson at the guard and tackle posts.

Incidentally, three cheers to the Rock brothers who recruited two potential Scottie gridmen in Gordon Rettke and Fred Kluth. That's a total of four hailing from Blue Island, Illinois! (The Kramers are doing their bit too with Jack, Frank, and Butch each contributing something!)

CASUALTIES

We were all sorry to lose Bill Long's services this season. Bill suffered a broken collarbone in a blocking drill late last week and is now confined to the College Hospital. Bill was showing marked improvement at both the end and center spots. Three others are on the laid-up list: Bob Herzberger, with an injured shoulder; Kenneth Talbott with a tricky knee; and George Rutherford with a pulled hip muscle. Mac Wilson and frosh back Wayne Davis are recovering from minor injuries. Conard Slaton, frosh back from Dandridge is our first loss via the Carmy route. He was forced to drop out of school last week.

MARYVILLE ATHLETE IN TURKEY

Lt. Wicklund, who is shown in at least three pictures in Life's (Sept. 14) coverage of the U. S. airmen in Turkey, is a former Maryville student. As a freshman in 1937, "Rusty" broke four Maryville College swimming records (40, 50, 100, 220 yard freestyle), which he still holds. He was among the twenty-eight U. S. fliers who were forced down in Turkey on their return flight from the Rumanian bombing in June. Coach Fischbach, swimming coach, calls him "probably the best dashman we've had on the Hill".

THREE CHEERS

A vote of appreciation goes to Brownie, who restored lights and bleachers to Wilson Field; to Mr. Jimmy Smith who worked with the public address system; and to Ken Cooper who made possible the fine football programs for the games this year.

HERE AND THERE

Some say it's all in the Cards. Put it on the line .. The army at last decided to let Pvt. Billy Conn have it out with Cpl. Louis. The match will be held early in October and the receipts will go to Army Relief ... Chuck Foreman says Tennessee has two great teams this year—the 3 A's and 4 A's under Coach John Barnhill, and the 1 A's under Col. Neyland! .... Anyone seeing or knowing the whereabouts of the inventor of that grand old game of SPEEDBALL is asked to report it immediately to the Intramural Office.—Reward .... All American?—Who you choosin', Susan? U. T.'s Fuson. This ain't amusin'. We were only kiddin' anyway!

Highlanders Inaugurate Season Tonight Against Hiwassee Tigers

Both Teams Inexperienced; Maryville Has Largest Squad in Fifteen Years; Sophs. and Juniors Hold Most Spots

BEGINS AT 8:00

Tonight at eight o'clock the Maryville College gridders will blow the lid off the 1942 grid season by entertaining Coach Al Thomas' Hiwassee Tigers on the glory-soaked sod of Wilson Field. It will be the initial encounter for both teams, but the heavier, more experienced Scots will rule as Favorites over the junior college.

Only five of Coach Honaker's starters in last year's Scottie-Tiger fray will be in there at the kick-off Bob Morton, last year's freshman flash, is expected to answer the whistle tonight along with his backfield running mate Oliver Spears. Tonight will mark Oliver's third year as field general in an orange-garnet uniform. Captain Les Rock will be at one end, "Marv." Mitchell at one of the tackle posts and Mack Wilson will return to his old spot at guard.

The Highlander eleven will feature two offensive threats in Spears and Morton. Spears, 168 pound junior, is slated for heavy duty as a ball carrier, kicker, and passer. He was second in point-making last year with 28 markers to his credit, eighteen of the points coming as the result of t. d.'s and ten from extra points. Most of the punting will be taken care of by his educated toe. Most of the power running will be done by Bob Morton, 170 pound combination power house and greased lightning.

Probably the outstanding Maryville linesman this year will be 220 pound, "when I hits 'em they stays hit," Marvin Mitchell. In spite of size, "Mammoth Marv" can pick 'em and lay 'em down with the best of them. One hundred fifty pound Les Rock will be back at the old stand at left end. The other '41 starter who will probably be in this year's line-up is Mac Wilson, guard, but a shoulder injury that Mac received in practice may keep the Newport flash out of full-time action.

The two remaining backfield positions will probably be filled by Ross Honaker, soph letterman and Bob Bayless, a reserve on last year's team. Artie Spears, freshman brother of Oliver stands a good chance of taking over a starting berth. Coach Honaker also has a capable bunch of reserve ball carriers in Meineke, Wagner, Enloe, Hollingsworth and Rettke.

Another Louden boy, Jeff "Igee" Breazeale, will take over the pivot post where Norm Hooker left off last year. "Igee," six foot three inch, one hundred and eighty pounder lettered last season as an understudy for Hooker. Gordon Webb, fleet-footed end who snagged the pass that beat Carson-Newman on Homecoming day a year ago, will take the place of Fred Shelfer in the starting line-up. "Marv" Mitchell's mate at tackle will probably be "Punjab" Chambers or Chuck Edwards, probably the former. The other guard post will be in the hands of Jim Gervin or Kenneth Andes.

The line this year will average 180 pounds, about the same as last year's forward wall. The backfield will go between 165 and 170, slightly under the '41 average.

From Madisonville comes word that Coach Al Thomas is having his troubles with a rather small squad. Only four men are back from last year, three of whom are lettermen. John Young, big fast, back has been the bright spot in practices so far. The other two lettermen Oscar Dorsey, speedy little quarter, and Charles Weatherly, veteran guard. The big hopes in the line are a couple of 190 pounders, Jack McKinsey and Dan Hicks.

The Tigers were defeated by the Scots in the curtain raiser last season 32-6. Both '42 teams appear to be young and inexperienced, but each will be out to secure a victory in their opening tilt.

Work Begun On 1943 Chilhowean

Pictures of Campus Life Taken By Benson Printing Co.

Last week John T. Benson of the Benson Printing Company, Nashville, Tenn., was on the campus taking informal pictures of students, student activities, and student groups. These informal pictures have been a popular feature of the yearbook for several years. These pictures, to be attractive, must be made by an experienced photographer in this line of work. Mr. Benson has both the equipment and technical ability to do excellent work. In addition there is no charge for this valued work aside from the supplies used. Those in charge of the book depend largely on Mr. Benson's work for this section.

Besides the work done this week, additional current work is done by Robert Calvesbert, who has an efficient camera and is becoming an experienced man at candid camera shots.

In the near future announcements are to be made of the opening of the class sections. It is the plan this year to stress the use of unifrom face sizes in the formal portraits to add to the appearance of the page groups. Announcements will be made concerning this point in due time.

The preliminary plans are being made for the plan of the annual by the editor. Sidney Duke and by James L. Faulkner, business manager. Within a short time the students will be given the opportunity to sign contracts for the purchase of the book.

—V—

IRC Will Conduct Current Events Class

The International Relations Club will meet in Bartlett auditorium at 6:45 on Monday evening. Reports from the two committees, one on Program and one on the Stamps and Bonds sale, will be heard; whereupon outline for the semester's program of the Current Events class which the club has again voted to conduct, will be set up. All members are urged to study suggestions already advanced for war activity and to add others they may think of. This will be a most important meeting.

The first session of the Current Events class is scheduled for the following Monday evening at 7:00. Intensive study of movements and ideas rather than isolated events, outside speakers ,and the sponsoring of civilian war activities will constitute the type of program the class will follow.

INTRAMURAL DOPE

SPEEDBALL

Standings through Sept 14th.

INDEPENDENT		CLUB	
Leathernecks	1000	A. Sig	1000
Tornadoes	1000	Ministerial	.000
Rangers	.000	Athenian	1000
Preachers	.000	"Y" Frosh	.000

Next week's games:

Monday Sept. 21—
3:30 Leathernecks—Preachers
3:30 Athenian—"Y" Frosh
4:30 Rangers—Tornadoes
4:30 Ministerial—Alpha Sigma

Friday Sept. 25—
3:30 Athenian—Ministerial
3:30 Leathernecks—Rangers
4:30 Alpha Sigma—"Y" Frosh
4:30 Tornadoes—Preachers.

Speedball got off to a big start this week as the teams played their first games Monday. There was plenty of excitement, fast playing and scoring.

In the Club league Alpha Sigma took the spot light with a 17 to 3 win over the "Y" Frosh. Bill Sweeney was high scorer for Alpha Sigma with a total of 10 points. Bud Pierce was a close second with 6, and Purifoy scored a point to round out Alpha Sigma's total of 17. The "Y" Frosh put out the last half of the game and scored their 3 points in that portion of the game. Bob Seel raked up 2 points for the Frosh and Jack Jones slipped in 1 point.

The closest game of the afternoon was between Athenian and the Ministerials. The final score was 13 to 12 in favor of Athenian; but if the Ministerials had had two more seconds, it might have been a different story. For the Athenians Kidder led with 3 points; Boyd, Van Cise, Forman each got 2 points and Pratt, Brown, Cooper and Scapellati each got 1 point to make the total 13. For the Ministerials Suitor led with 6 points and Heaps came in a close second with 5 points. Cecil Eanes scored the other point to give the Ministerials their total of 12.

In the Independent League the Leathernecks ran over the "Smithsonian" Rangers 17 to 6. Robert "Abraham" Burd kept the Leathernecks going with his nice long kicks and also raked up 3 of their points. Wm. Hargrave led the Leathernecks in scoring with a total of 7 points. Huskey got 3, McClure 2 and Easter, Segraves, Frances, and Burgreen, got one each. Miller and S. Crawford led the Rangers with 2 points each. Crews and Hanford got 1 point each to make the Rangers total of 6.

The Tornadoes eased out the Independent Preachers by a 10 to 2 score. Sid Duke and Glenn Paul were the stars on the Tornadoes with 4 points each. D. R. Hopkins and Ralph Parvin brought in the other 2 points with 1 each. Marion Gass scored the only 2 points for the Preachers.

TENNIS

Tennis was well under way into the quarter finals this week. Miller has yet to play Huskey, Pemberton to play Hargrave, and Foreman to play Rowley. Those already in the quarter-finals were Adams with a 6-1 6-3 win over Cross, Bushing with a 6-3 6-2 over Schwarzwalder, Easter with a 6-0 6-0 over Segraves, Parvin over Winkle by a close one 3-6 6-0 7-5, and Evans over Hopkins 6-1 6-1. We arn't saying anything, but keep an eye on Wally Easter, and don't say we didn't tell you. Also the losers of their first games are now ready for the consolation match and the matches have already been posted.

GOLF

The Intramural Golf Tournament is under way now with the Eligibility list on the Carnegie bulletin board. Entries close next Monday Sept. 21.

This year the Golf Tournament will be played as a 54 Hole Medal Play (Doubles). A player and his partner must play a total of 54 holes, then add the two scores together to get the final aggregrate total score. The lowest team score wins. Each team will be assigned another team to play with throughout the tournament. At least nine holes must be played each time a team goes out to play.

FOOTBALL

Football managers are already signing up players for six man football. Play doesn't begin until Oct. 9, but our advice is to get up a good team right away. Eligibility blanks may be obtained from any of the Intramural managers listed in the Intramural Handbook, which, by the way, is available and a good thing to have around.

YW Plans Hike To Nearby Mountains On September 26

The YWCA is making plans for an overnight hike for the women of the college on September 26 and 27 to the nearby mountains. The chaperons will be Dr. and Mrs. Verton M. Queener.

If tentative plans work out, the women will leave the campus at 1:30 Saturday afternoon. The distance covered will be about nine miles, and the hikers will reach their destination by 4:00 o'clock.

The girls will cook their own suppers and sleep on the ground. Sunday morning the girls will cook their breakfasts over camp fires and conduct a Sunday School service. Then they will return to the campus, planning to arrive by noon.

Hikers are each required to take a blanket, knife, fork, spoon, tin cup, and a flashlight, if available. The charge will be 75 cents: Blanks will be placed on dormitory bulletin boards early next week for the hikers to sign up. Money must be paid by 9:00 o'clock Thursday morning to Marguerite Taylor, 429 Pearsons.

Hikers who are out of practice are urged to take at least one practice hike around the loop before Saturday.

THETA RUSHES . . .

(Continued from Page One)

program for this event, and she carried a Chinese theme throughout the evening. During the program Bob Mair commentated, and the orchestra played several numbers. Cherie Curtis and Joe D'Antonio, Polly Park, and Betsy Watkins all danced, while the vocals for the orchestra were carried by Caroline Bolling. Alice Jones, president of Theta, read a Chinese story.

Other events of this rush week included a Mexican tea on Thursday in the Y rooms of which Margaret Clippenger had charge. A fashion show was held during the course of the afternoon, and Lynn Becker commentated. Those modeling in the fashion show were Winnie Summers, Mary Jean Partridge, Peggy Hunt, Mary Dawn Noblit, Meredith Preston, Jean Scheibelle, Betty Hoagland, Jim Faulkner, Joe D.Antonio, and Wayne Stevens. South American music formed the background for the whole tea.

On Thursday evening Theta held a Splash Party at the college pool. Theme for this evening was Hawaiian, and Peggy Caldwell was in charge of the program. Owen McGarety and Wenten Enloe provided the music for the evening. A swimming exhibition was given by Edith George, Vicky Hoole, Winnie Summers, Carol McCutcheon, and Jordy Meadows. After the program the girls danced in a conga line, after which there was an open swim. At the close of her rush week Theta cordially invites all new girls into membership in her society.

of Tennessee, visiting all of the colleges of the state in the course of the drive.

Dr. McClelland also announced that the Army Enlisted Reserve Corps had reopened to enlistments of college men between the ages of 18-20, and that the Navy had merged its V-1 and V-7 programs into one classification. He emphasized the services of the Personnel Office were available at all times to students seeking advice and assistance in enlistment problems.

YW Explains 1942 Program, Offices

Book For Freshmen Not Published

Each year it has been the custom of the YWCA to prepare a little book entitled "Finding Your Place in Y. W. C. A." and present it to all new and freshman women. The book is designed to acquaint the new students with the various activities of YW and to thereby help them to decide what part they wish to take in Y work. Because of the present national effort to be conservative in the use of paper, the Y will this year be unable to prepare the book. It has therefore asked that the ECHO print the material which would have made up the paper in its book form. Following then is the outline of the YW program.

"Foreword: The purpose of this article is to acquaint you who are new at Maryville with the different departments of the Y. W. C. A. and with the functions of these departments. We want each of you to find the work in Y. W. in which you are most interested and then to offer your services to that department. This will prepare you for further work in Y. W. in the years that are ahead of you, and will be helpful not only to us but to you as well. With that idea in mind this article has been prepared.

"PROGRAMS: Good speakers, music, poetry, and quiet inspiration—these are the things you will find on Y. W. programs. They are put on for you and by you, and each girl who so desires will be given an opportunity to participate in the programs. Our purpose is to promote Christian fellowship and all that it implies through being and working together, and to provide inspiration that will enrich your life from day to day. Jane Metcalf, Muriel Geisler.

"SOCIAL: The Y. W. C. A. social committee is active in planning various entertainments and social affairs for the campus group. In the spring, this committee, working with the dramatic art and physical education departments, takes charge of the May Day celebration, which is sponsored by the Y. W. C. A. At the beginning of school, the social committee plans the "big and little sister party", to which all freshmen and old girls are invited. Throughout the year, the committee plans several teas, which are usually held after special Y. W. C. A. meetings on Sunday afternoons, or in the evening before or after Artist Series concerts. Helen Anderson, Mary Evelyn Waisman.

"WORLD FELLOWSHIP: The branch of Y. W. called World Fellowship has been connected mostly with Negro and White relationships. It has been and is our purpose to strive for a deeper understanding and real Christian fellowship with folk of other races—especially the Negro. To accomplish this desire we have had monthly meetings with students from Negro and White colleges, on both their campuses and ours. We will continue that program this year along with other plans. We will devote time, talent, and money for the leper colonies by being more conscientious about feeding "Pete, the Pig'. You will soon find "Pete" in your dormitory. Other fields will be spoken about later, but until then you all are invited to attend our inter racial meetings and to support the leper colonies in Africa. Margaret McKirdy.

"MUSIC: It is the duty of the music committee to supply music for the prelude, a leader and accompaniment for the hymns, and special music for each Sunday's Y. W. program. While the special music is usually drawn from the music department, other students often serve in the other positions. Freshmen are cordially invited not to hide their light, but rather to offer to participate in whichever part of the music program they prefer. —— Marian Magill.

"PUBLICITY: The purpose of the publicity committee is to keep you informed as to the weekly program of the Y. W. C. A. Announcements appear on the bulletin board by the Book Store. We gladly welcome anyone who is interested in poster printing or art work to contribute to this Y. W. department. Jeanne Scheibelle.

"MISSIONS: Every Thursday afternoon, two girls go from Maryville college to Sunnybrook Mission, in Lower Maryville. They are met by a reception of eager little girls, who hang on their arms, listening to every word they say. Their meeting place is the basement of the mission building. At the arrival of the two girls and the children, the room is filled with wild, yelling youngsters, each clamoring to be first in the game to be played. When interest in games lags, they all sit down and listen to stories told by the girls. Sometimes on extra-special occasions they might have refreshments, and on holidays they always have a party. It is interesting to see how much improvement in appearance is made, when there is a campaign going on for clean face and hands. This is done by using a large chart and giving a star for each boy or girl who meets the requirements for such. This is done by using a large chart and giving a star for each boy or girl who meets the requirements for such. This is "Story-telling-hour" at the mission, a happy time given to less privileged children by the Y. W. C. A. Evelyn Bunch, Lucille Gaultney.

"ORPHANAGE: The Y. W. C. A. strives to extend its motto, "as he that doth serve", to a wider range than our own campus permits. Thus, the work at the county orphanage. At this orphanage are twenty-five children ranging in age from five to thirteen, who do not have the advantages of homes and friends that normal children enjoy. We try in a small way to furnish a few of the things that are so obviously lacking—good times, the religious aspect, the friendship of outsiders. Anyone who is interested in helping to furnish these pleasures to these children is cordially invited to do so, and will be warmly received by them; for they appreciate even the very smallest bit of attention. Nettie Rose Spraker.

"DEVOTIONS: The devotional group has charge of assembling the material for the September devotional booklet, organizing the Wednesday night student prayer meeting in cooperation with representatives of the other spiritual emphasis groups, and will start prayer meetings in the girls' dormitories the first of October. This part of the Y. W. C. A. is done to give us girls an opportunity to have fellowship with one another in our devotions and draw us closer together as we realize our "Oneness" when we are in Christ Jesus, Our Lord and Savior. Marion Stout, Winifred Hope.

"PI GAMMA SIGMA: The Y. W C. A. was instrumental in forming PiGamma Sigma in 1940. Its aims are to help the town girls and the "Hill" girls to become better acquainted, to help the town girls become a part of the campus life, and to make them feel that they too are a part of the YWCA. To accomplish this, Pi Gamma has two luncheons each month, at which "Hill" girls are guests of town girls, and one afternoon program which features a guest speaker and music. All girls, both town and hill, are invited to become members. Mary Ruth Hoyt.

"ATHLETICS: The purpose of the YWCA athletic program is to provide organized sports and recreation for all girls of the college. The chief events of this recreational program are the two mountain hikes held in the spring and the fall of each year.

Besides these hikes, the schedule for this year will include tennis tournaments and various other activities which will be announced from time to time. Another very important function of the Athletic committee is the conducting of the annual Barnwarming held on Thanksgiving evening. The Committee is looking forward to a very successful year. Marguerite Taylor, Eleanor Williams.

"HOUSE COMMITTEE: The House Committee acts as custodian of the "Y" rooms. They see that the rooms are kept clean and ready for all the regular meetings of the YWCA. The "Y" rooms are also available at any time for recreational purposes. Everyone is welcome to use the radio, books, and magazines in the building. The kitchen facilities and the "Y" rooms themselves may be used for parties, by arranging in advance with the committee. Jane Glass, Aura Santiago.

"LYCEUM: Originally the artist Series was sponsored exclusively by the YW and YMCA. It grew to such proportions that the school decided to assume the responsibility and the greater part of the expense of these programs so that they might be enjoyed by all the college and the town people as well. Now a student representative from the Y W and one from the YMCA cooperate in taking charge of the ushers, the tickets, and other details of the three concerts presented each year. Marian Avakian.

"NU GAMMA: Nu Gamma is that division of YW which is specifically concerned with all new girls, freshmen and transfers. It is the door through which new students enter into the "Y" work on the hill. Nu Gamma means new girls. It is for you that we have Nu Gamma group meetings each week. We hope that through these meetings you have made new friends and had fun and inspiration together. Johnnye Gudel.

"OFFICERS OF YWCA: President, Jean Patterson; Vice-president, Virginia Margaret Williams; Secretary, Rose Pinneo; Treasurer, Ruth Meineke; and Nu Gamma Chairman, Johnnye Gudel."

V

Miss Johnson Will Read At Nature Club Program

On Monday evening at 6:40 the Nature Club will hold its first meeting of the year. At this meeting in the chemistry lecture room Miss Jessie Johnson of the English faculty will read Robert Frost's nature poetry.

Nature Club was organized in order to create and stimulate interest in nature. It is primarily for those who are majoring in chemistry or biology, but anyone who has a special interest in the field of nature is welcome. The club meets every other Monday in the chemistry lecture room. For its other activities it has occasional hikes and picnics.

Nature Club officers for the coming year are Rose Pinneo, president, Martha Jean Shaw, v-president, Edith George, secretary, John Smoelzer, treasurer.

Coach George Fischbach Accepts Position As Boys Work Secretary In Y. M. C. A. Of Chattanooga

Athletic Coach Was Instituter Of Campus Intramurals Program

Faculty Changes

Mrs. E. H. Hamilton, Marvin Minear Join College Staff

GEORGE FISCHBACH

President Ralph W. Lloyd today announced three faculty changes.

George F. Fischbach, Assistant Professor of Physical Education and a member of the Maryville College faculty since his graduation here in 1933, has accepted a position as Boys Work Secretary in the YMCA of Chattanooga, Tennessee. He closed his work with the Maryville College today and expects to move with his family to Chattanooga the middle of next week. During his time here Mr. Fischbach has been actively associated with the minor sports program including coaching tennis, swimming and golf. He coached a successful tennis team last year winning 7 out of 9 meets, and placing third in the State Meet. After receiving his M. A. in Physical Education at Peabody College for Teachers he has instituted at Maryville the attractive Intramural Program which has grown to include a large percentage of students. Mr. Fischbach has been more responsible than anyone else for this program. It now ranks favorably with that of any other college of the state.

For the present the work carried

(Continued on Last Page)

Societies Pledge Freshman Girls

Pledgees Give Reasons For Their Society Choice

Blue and white beanies and kelly green lapel gadgets proclaim that our freshman girls have made their society pledges. Members of Theta Epsilon perch the beanies upon their curls and pin a small Theta emblem to their sweaters. Bainonian pledges jest, "I've got my man," as they point to the little men of bright green yarn which mark their choice.

After a whirl of teas, entertainments, and formal openings, most of the girls found it hard to make up their minds. Quiet Mary Evelyn Jamison confessed, "I thought Bainonian would appeal to me more, but I don't know why I thought so."

Many girls, such as Ethel Park, have had relatives in one society, and want to keep it, "in the family." Ethel's sister was a Theta, and she has a cousin who belongs now. Nancy Bryant followed in her sister's footsteps by going Bainonian.

Jane Callahan said, "I joined Theta because all my friends were joining."

"Everyone thought I was the Theta type," declared Margaret Brasfield, "so I went Bainonian just to be different."

"I enjoy athletics," revealed Isabel Muir, giving her beanie a pat. "Since I thought the Theta girls were more athletic, I joined Theta."

Perhaps more freshman than would care to admit it share the feelings of vivacious Ruth Randolph and Bettye Baker. They announced, "We joined Theta because Alpha Sigma is the brother society."

Music Faculty Announces Fall Musical Activities

First Recital Scheduled For October Ninth

Miss Katharine Davies, Chairman of the Fine Arts Division of the college, has released the following announcement from the music faculty concerning the plans for the musical organizations this fall.

The choir, built to its full strength, will continue to sing each Sunday and on special occasions throughout the year. The band of approximately fifty members will play for the football games throughout the fall. The orchestra of approximately thirty pieces has begun rehearsals and will participate in The Messiah production and other events. Rehearsals by the large chorus of The Messiah, which will be given as in former years on the last Sunday before the Christmas holidays, will begin on a date to be announced. It is planned to have separate conferences of the Glee Singers and of the Women's Glee Club sometime during the fall. It is not expected that they will have rehearsals during The Messiah rehearsal season since most of the members will be participating in The Messiah. In addition to these larger musical organizations there will be occasional work by small ensemble groups.

The regular bi-monthly student recitals in the Chapel will be resumed on Friday, October 9. The Disc Club meetings have already been started.

At this time there are fifty individuals taking private lessons in piano, ten in organ, thirty-one in voice, eight in violin. So far faculty time has not permitted meeting a considerable demand which has developed for lessons in cornet and other band instruments.

Monserrate Pagan Leads Student Vols

Presbyterian Mission In Porto Rico Is Her Topic

This week at the Student Volunteer meeting, Monserrate Pagan will speak on the subject "The Work of the Presbyterian Mission in Porto Rico." Monserrate is well qualified to speak on this subject: she is an elder in the church at Aguadille, Porto Rico, was selected commisioner representing the Presbytery of Porto Rico to the General Assembly of the Presbyterian church held in Milwaukee, Wisconsin last May, and spoke there on a similar topic on several occasions.

(Continued on Last Page)

Freshman Debate Class Starts Work

Mr. Pieper To Coach Squad

Freshman Debating Class has been organized and is functioning again this year as usual. Two meetings are held each week, one on Tuesday at 2:05 P. M. and the other on Saturday at 11:15 A. M., with nineteen students attending regularly, according to the coach, assistant professor A. F. Pieper.

This semester, the first part of the course will consist of lecture material on speech fundamentals and principles of debating. Later each student will have an opportunity to practice speaking before the class and finally actual debates will be held, in which all who are taking the course will participate. At these sessions judges will select members for next semester's Freshman Debating Team.

—V—

Marshall, Robarts Join Echo Staff

Apprentices To Help Cooper and Scruggs

Mable Ruth Marshall from Lenoir City, Tenn., and Billy Robarts of Lake City, Florida have been recently chosen as the two freshman representatives of the Business Staff of the Highland Echo. The new selectees, both of whom attended Summer Session, will aid the business manager, Kenneth Cooper, and his assistant Richard Scruggs in the performing of such duties as delivering papers, collecting bills, and taking care of the mailing lists of outside subscribers.

Groups that had to do with the appointments to the business staff are the Student Council Committee on Publications, consisting of Brasher Bailey, Bob Francis, and B J Miller; the Faculty Committee on Student Publications headed by Dr. F. A. Griffitts, and assisted by Miss A. C. Bassett, Dr. Hill Shine and Dr. R T Case; the Committee on Student Business Management represented by Mr. E. R. Walker.

Maid Shop Repeats Volunteers Plea

Opportunity To Aid In War-time Work Offered By Shop

The College Maid Shop repeats this week the request for volunteers to make uniforms in the shop.

"How strong is YOUR patriotism? Are you willing to spend a couple of hours a month helping to outfit our nation's nurses? Hundreds and thousands of girls are giving their entire lives to nurse the men you love, yet uniforms cannot be supplied to begin to fill their needs."

The Maryville College Maid Shop has discontinued making

(Continued on back page)

Vine Announces Selection Of Choir Members

Women's Positions Filled; Selection Of Men Nearly Completed

For the pasts few weeks tryouts have been held for the positions in the College Choir. Mr. Richard W. Vine, director of the choir, is now able to announce a partial list of those chosen for the positions. The women's sections of the best a capella choirs in the date but as yet, selections for all places in the men's sections have not been completed.

Maryville College has had for some years what is rated one of the best capella choirs in the state. It is considered a privilege to be a member of such an organization. Following is a list of the members of the women's sections: First Sopranos—Marcia Kern, Sibyl Tallent, Polly Park, Kay Bonner, Ellen Pascoe. Second Sopranos—Frances Harris, Frances Smith, Marjorie Stokesberry, Marian Avakian, Ruth Anderson, Carol Robinson. First Altos — Becky Jones, Marian Schneeweiss, Peggy Fisher, Marylee Deyarman, Ethel Park, Cherie Curtis. Second Altos —Jane Hayes, Claudia Helms, Betsy Watkins, Marjorie Gugger, Jane Short, Betty Lane, and Barbara Lorentz.

A completed list of all chosen as Choir members will appear in the next issue of the Echo.

—V—

Lilah Hembree, '23 Coaches 4-H Girls

Success Story In National Magazine

In the September issue of the Country Gentleman there appears an article about Lilah Hembree, a former graduate of Maryville. Miss Hembree is a Home Demonstration agent for the 4-H Club girls in Oldham county, Kentucky. During the past thirteen months, eight of Oldham County's 4-H girls, under the coaching of Miss Hembree have been state winners; two have been regional winers; and three have been national champions. Miss Iris Shannon of LaGrange, Ky., was the winner of a prize trip to New York to purchase a new wardrobe. Miss Hembree accompanied Miss Shannon to New York and was the coach for Miss Shannon, who is now probably the best dresed 4-H girl in Kentucky

When Miss Hembree went to Kentucky in 1935, Oldham County had twenty-four members in the 4-H Club. In 1942, two hundred and sixty-three girls were enrolled in 4-H home economics projects.

Miss Lelah Hembree was born in Pikeville, Tennessee, attended Maryville College and Peabody College, taught home economics and music and went to Kentucky in 1936. Lela graduated from Maryville in 1923.

Dr. F. A. Griffitts, associate professor of chemistry, reports that Miss Hembree was in the 101 Chemistry Class he attended the year he was here at Maryville as a freshman.

"By the Way" . . .

By "BY" & BRUCE

A Sole in Need.

STRING SYMPHONY FEATURED IN THIS YEAR'S ARTIST SERIES

Series To Open With Lucille Browning And Rose Dirman Nov. 11

BARITONE RETURNS

Two Programs Will Be Presented Before Christmas Vacation

Professor George D. Howell, Artist Series head announced this week the musicians to be heard in this year's Maryville College Artist Series.

The first concert in the series of three will introduce Lucille Browning, mezzo soprano, and Rose Dirman, lyric soprano to Maryville audiences on November 11. The second will also be before Christmas on December 14, and will present John Gurney, bass baritone, who previously appeared on the stage of Voorhees Chapel in the performance of "The Barber of Seville" two years ago. The third and last concert will offer the Farbman String Symphony with Edith Schiller, piano soloist. The exact date of this program has not yet been set but it will be between March 18-24 or April 2-10.

Lucille Browning is already the veteran of five successful seasons at the Metropolitan Opera, and the concert stage represents a fairly new phase of her career, and already she has "proved herself to be one of those rare opera artists who can easily meet the challenge of the concert stage." Hailing from Durham, North Carolina, Miss Browning first won a Carolina state vocal contest and a scholarship at New York's Juilliard Graduate School of Music. The world famous concert and operatic singer, Marcella Sembrich, gave Miss Browning the benefits of her great experiences in a period of intensive training. Radio work and an engagement with the Philadelphia Orchestra came as her first professional jobs, and then came her big break, winning the Metropolitan Opera's Auditions of the Air, and an engagement with that most famous of all opera companies—the goal of every singer.

Miss Rose Dirman, who will appear in joint recital with Miss Browning is a lyric soprano who has devoted her great talent almost entirely to the concert and radio stage. She has sung, as

Chilhowean Opens Subscription Drive

Cards Signed At Thursday Morning Chapel Service

Jim Faulkner, business manager of The 1943 Chilhowean, announced yesterday that approximately 500 copies of the book were contracted for in Thursday's subscription drive. The drive was held immediately after the Thursday chapel service, following several days of advertising.

Before the subscription cards were signed, Editor Sid Duke and Business Manager Jim Faulkner described the yearbook, and introduced the payment plan. According to the editor, many changes will be made to improve the book. One of the most outstanding is the plan for sixteen introductory pages of informal pictures—the first time The Chilhowean has followed this plan.

The business manager then distributed subscription cards to the students and explained the payment plan. A deposit of $1.00 must be paid by November 1, the second payment of $2.00 by February 1, and the final payment of $1 by April 1. The books will be delivered by the last of April.

Work is already underway on the yearbook. Informal pictures of campus life have been taken and class pictures are being collected. Work is also being done on the lay-outs. With the cooperation of the student body and faculty, the staff promises a different and improved book.

"Kind Lady" To Be Presented Soon

Ben Lynt To Take Leading Male Role

Rehearsals for "Kind Lady", the first play of the year to be presented at Maryville College, have been successfully progressing according to Mrs. Nita Eckles West, director of the play. Date of presentation has not been set, but the play will be given sometime in the near future.

Mrs. West has announced the casting of Ben Lynt as the male lead of the play, Henry Abbott. Ben was a member of last years varsity debate team and played an important roll in the Athenian play, "In A House Like This." He is assistant in the treasurer's office and has held numerous officers on the campus.

He replaces John Hawkins, who was scheduled for the part, but who did not return to school this fall. The feminine lead will be Alice Jones. "Kind Lady" is a melodrama highly recommended for its mystery and action.

Air Raid Wardens Appointed For Carnegie Hall

The following men have been named as Air Raid Warden for Carnegie Hall. All of these men have taken the full training offered by the American Red Cross. They have completed the standard First Aid course offered by the American Red Cross.

Ground Floor, West End — Howard Meineke, Elmer Engel (Alternate).

First Floor, East End—Stanley Crews, Frank L. Miller, (Alternate; West End, William Robinson, Ben Lynt (Alternate).

Second Floor, East End—James Brazeale, John Dillener (Alternate); West End—Charles Edwards, Richard Scruggs, (Alternate).

Third Floor, East end—John Scott, Paul Jamarik (Alternate), West End— Bill Henderson, Dean Stiles; Fourth Floor, East End—Paul Smith, Bill Segraves (Alternate); West End—James Faulkner, Robert Burd (Alternate).

Bartlett Hall—James Barr.

German Club Plans Picnic In Woods

German club held its first meeting of the year Thursday night in the alumni gym. Dr. Ralph Stokes Collins, associate professor of German and French, led the members in German folk dances. The attendance was unusually large.

The club has planned a picnic in the college woods for Thursday night, October 6. All students of German are invited to attend.

YW Sponsors Hike To Nearby Mount

Transportation Fix Makes It First Of Over-night Events

Because of the rain the YW hike to Mt. Nebo, nearby mountain of the Chilhowee range, has been postponed until next Saturday. The same plan for the hike will be followed next week.

This is the first overnight hike which the Y. W. has ever sponsored and is due to the shortage of transportation. This year the girls must hike all the way and carry their own equipment, which consists of a blanket, flashlight, tin cup, knife, fork, and spoon. Their route will follow the highway for nine miles, and a dirt road up the mountain-side for two more miles.

Upon reaching their camping spot, the hikers will cook their supper over open fires. Hamburgers, carrot sticks, apples, and doughnuts are slated for the menu. The girls will have a community sing before "turning in."

After a breakfast of bacon and eggs, toast and jam, Mildred Waring, Edith Monroe, and Becky Jones will lead the morning Sunday School service. The girls will pack up and hike back to the college in time for the noon meal.

Chaperons for the hike are Mrs. Verton M. Queener, Miss Harriet Miller, and Mrs. Marvin Minear.

Mt. Nebo, destination of the hikers, was once a popular summer resort. A deserted hotel still stands there. In case of rain, the Y. W. had secured permission from the owner, Mrs. Fred Elmore of Louisville, Tenn., for the girls to sleep on the porch of the hotel.

Weiner Roast For Sophs Tonight

Program Features Group Singing

The biggest event, so far, of this year's sophmore class is scheduled for tonight; for which time the social committee has planned a weiner roast in the college woods. The time for the social has been set at 6:15 and will be at the regular picnic grounds in the college woods.

Chaperons for the occasion will be Associate Professors Ralph Stokes Collins and Fred Albert Griffitts. Don Barker, chairman of the social committee, has appointed Jessie Fowler as head of the supper committee. Working under her supervision to plan and serve the food are the following sophmores: Ruth Anderson, Jeanne Bellerjeau, Don Black, Joe Brown, Pam Curtis, and Billy Segraves.

The program for the evening was planned to consist mostly of group singing around the fire. Louise Stephenson, Charles Spurlock, and Paul Kolter are the committee in charge of this program.

Students Don Red Flannels While Carnegie Spouts Geyser

By HANNAH DUKE

Well, the cold snap has certainly changed the atmosphere around the campus. This snappy, fall weather has everyone feeling energetic—maybe not in studies but anyway in campus life. With the summer weather gone, the air is filled with the ethereal odor of moth balls on clothes just pulled out of trunks. The change in weather is certainly noticeable in the clothes being worn, as well as in other ways.

The attendance at breakfast is decreasing. It's very pathetic, indeed, to see the small group from Carnegie and Memorial each morning winding their way to the dining hall. Some people evidently can't bear to step out of bed into a cold room. What do they do around here when winter really comes?

By the way, have you noticed the freshmen here from Florida on these cold mornings? They rush to breakfast clad in wool socks, jackets, coats, and scarfs. And they still complain of being cold! They are all looking forward to the two-foot snows we've been describing. Here's hoping they aren't disappointed.

Another product of the cold weather is the majestic geyser between Memorial and Carnegie Halls. Don't be alarmed when you see and hear this steaming wonder because it is really only the result of the heating plant and we understand will soon be repaired. It beats Old Faithful in that it spouts up thirty feet constantly for abaut eight hours a day while Old Faithful only erupts every 65 minutes. The only difference is that our geyser here spouts up steam instead of water. We admit that at first we thought

(Continued on Page Two)

Eighth Wonder Of The World Loose On Maryville Campus

By THELMA RICHARDSON

After many long years of research, Dr. Howie Hunts published for the Intelligentsia Journal a documentary article on that great phenomenon of the twentieth century, yea, the eighth wonder of the world, the American college student. Vaguely resembling other humans by their features, those seekers of higher education are distinguished from all other members of the animal kingdom by their extremely paradoxical nature, plus a kind of daring and courage characterized by their utter lack of what is tritely called convention.

These startling examples were cited. White shoes are worn as black as possible; socks are rolled down lolling gracefully around the ankles. sleeves are pushed up in an attitude denoting one has a hard day's work ahead of him. Freshman, please note! Girls wear their sweaters long and their skirts short; boys shirts are worn out and down, and their pants are rolled up. Males cut or rather slice their hair as short as possible, while the dainty half of the species encourage long wisps of straw to bedeck their shoulders. There are no other people in the world who, after paying for something, will try as hard to avoid getting it. What they do strive for with all their might and main is to be casual.

They are subject to four stages of development which named in order are freshman, sophomore, junior, and senior. The first and most lowly to the minds of some are the freshmen. Webster calls them novices. Sophomores have

SATURDAY, SEPTEMBER 26, 1942

Ladies and Gentlemen:

For just once this is our week to be abstract, exhortatory — or something equally grim and foreign. For about two minutes picture, if you can, twenty-seven or so graying hairs, a pair of horn-rimmed glasses, a pulpit, soap box, or top of a double decker, and we're all set for delivery. It was a chance remark that ignited the so called charge. It was Monserrate Pagan, senior from Porto Rico, who made the remark. In answer to did she not feel quite at home here in the United States after four months, Monserrate said yes, from the first, adding in her characteristic manner, "You people all are here so good."

So there you are. Are you?

This same week we have heard hateful whispers and rumors of whispers, heard again the ancient comment "Yeah, he cheated right and left", noticed several instances of selfishness, thoughtlessness, or gossip, false, prejudiced, and strangely injurious.

Remember the witch in Snow-White who had a poison, luscious looking apple? Not that the visitor from Porto Rico or anyone else is going to attempt a juicy bite out of your character for examination. But still it would be happy if we could be sort of equally good all the way through. Can't you try for once to see the good in others, forget past injustices, probably imagined? Are you big enough to prove the slanderous rumor true before you repeat it? Can't you try some work on your own instead of slyly robbing another poverty stricken brain? These apparently minor things have in fact this week caused some students unhappiness. They are unnecessary. Well, we dare you.

From This Corner

By BEN LYNT

The Proposed Stamp Drive

Not so very long ago we were startled by the news that the Vichy government under Marshall Petain had issued a decree establishing a system of compulsory labor for all men between the ages of 18 and 50 and all women between 20 and 35, topping even Vichy's past record for infamy. Good French men are to be drafted for German farms, factories, mines and mills whether they like it or not. In other words, the French people are to be sold into slavery.

Occasionally such statements prod us into an awareness of just what it really means to be conquered by that power-mad horde who have pledged their lives subject to the whims of a second-rate post-card picture painting paper-hanging self-made dictator Adolf Schikelgruber, nee Hitler.

We are prone to forget, as we bury ourselves in the history and romance of the past in our pursuit of knowledge 'mid the comparative quiet and seclusion of the Hill, that there are real horrors closely connected to the war which is at present being prosecuted so vigorously by the Allied forces of the world of which this great democracy, the United States, happens to be a member.

There is a feeling that being apart from the world at large as we are here at Maryville we are not required to, or at least are partially unable to participate in any very effective war activity. Such reasoning is un-American to begin with, and is certainly not entirely warranted. To maintain the type of all-out global warfare essential to this present conflict demands the "measuring-up" of all who call themselves free-men and citizens of this country.

The student council committee on war stamp sales in conjunction with a corresponding committee from the International Relations Club is planning a program of intensified war stamp and bond sales, which program is worthy of commendation and your careful consideration inasmuch as it will provide the means whereby you, John Q. Public and Joe College Student, will be able to participate actively in our war-effort without too radical an inconvenience to you, or too great a strain on your financial status.

Their plan will undoubtedly be one which will stress the 100 percent idea in order that a feeling of unity of purpose may be had by the entire student body.

By buying just one stamp a month per person the student body will have contributed substantially to the funds so vital to the carrying on of the war. Not only that, but we shall find ourselves allied to the great nationwide stamp drive inaugurated at the U. S. Treasury Building, Washington, D. C., by Secretary Morganthau on the first day of this month, and intended to reach everyone in the country.

Aside from these rather obvious good reasons for putting your all behind the Council and the International Relations Club in their forth-coming campaign, there is the thought and hope that somehow out of the operations of this stamp drive there may arise a renewed and stimulated interest on the part of the student body in current world affairs.

Here is your opportunity to participate in the effort to stamp out the tyranny of the Axis, reduced to a minimum— make the most of it.

Butterscotch

By JORDY MEADOWS

By any small chance are we the only ones who have been falling over sundry obstacles at night on our trek from the library to the dorm as we try to get one last soulful look at the moon. At this point we emit one huge gulp with the proper sound effects and start to dream.

Hasn't it been interesting to see Jack Lippard bouncing over the campus on his sponge. Never-do-things-by halves Lippard is his name this season. Not only does he have an infected foot, but he also has a swollen ankle. With both feet out of commission we would casually suggest that it might be expedient to try walking on the hands.

We recently heard on the very best of authority that a few "Do Not Disturb" and "We Want To Be Alone" signs are being made for the two little frosh who didn't look one bit lonesome even though they were occupying the only two seats that were occupied in the balcony at Vespers last Sunday evening. It must have been fun. We'd like to wager that Mr. Dollenmayer got the surprise of his life if he looked up high enough.

The wolfuses, wolverines, and just plain wolves seem to be having the time of their lives. Hellooooo yourself.

In our rambling dreaming we stumble over Indian Summer . . . Sophomore fun . . . cold weather . . . bench sitters . . . The serenade Tuesday night . . .Coach Davis, our example of the be-sincere-be-brief-be-seated-type . . . coffee for supper . . . oops, gotta tear to class conclusion on letters to the family .Why did Gracie Jarnagin look so forlorn on Thursday night? Her talent was clearly evident when we viewed the creation on her head. Whatta hat! You ought to go into the business, Gracie Cheer up!

By much sneaking around we got a little preview on the freshman tryouts for the Echo. Didja know that not one, but three of the frosh gals have tried out for the sports page. Those frosh don't know how welcome they're going to be. We're waiting for them with open arms and lots of work. Oh by, oh boy, oh boy!

We think that Bill Long's new glammer-gal walk is simply killing. That hip-two-three-four really has everyone going. Anyhow it's wonderful to see him out again, and anyone that wants to can autograph the cast free for nothin'.

Right here and now we extend a boomin', hearty congratulation or two to the new Nature Club secretary, Marian Avakian. We expect bigger and better things from you, lass. No more of this fooling around. Get in there and work!!

What does any girl want more than a handsome sailor these days? Well, we saw one at the football game, but while we were still catching our feeble breath we saw him simply smothered by Mary Ellen Northrop. Relief of all reliefs, he turned out to be her brother.

One member of the species of animal known as man's best friend has turned out to be a lotus-eater, no less. At the college aquarium (you'll have to locate it on the blue-print in the library) he wanders out to the middle of the concrete bar that separates the paramecia from the amoeba and daintly nibbles at water-lilies. After careful observation, we discover that he prefers the pink ones for dessert.

Malcolm Heaps, Winnie Hope, and friends were sitting on a bench the other night simply loving the world, when cousin Henry came up with a cellophane bag that looked as if it had been blown up with some of the Heap hot-air. Malcolm took a playful nip out of the bag, and everyone on the bench got soaked with fresh fountain water. Don't get mad, fellows. Gosh, it was all in fun—just good, clean fun!

What's cookin'?

For the benefit of all the fashion plates on the campus, we think that Bill Ford should have a private showing of part of his new wardrobe. He has a coat that looks just like fresh peach ice-cream and a pair of trousers that bear a strange resemblance to lemon meringue pie. Quel combination ! !

We snitched this from a frosh write-up. It was just too good to let cool. There have been vague reports that a certain gal was actually in the habit of singing out for all her meals. Poor child practically had writer's cramp before some kind soul set her straight.

If you don't see the subtil humor in this come up to 54 Pearsons and get wise. In the recent senior elections for student council members, Brasher Bailey was nominated as a likely prospect! It must be nice to be popular.

The library looks just like old home week these nights. What with Caroline Huber Justice and Lucky Moore strolling around. Incidentally all the new issues of the monthly magazines have come in—to be used only as outside reading for Ethics.

Have you heard the one about the moron who was worried about the sun? He went out one evening to see where it set, and the next day it dawned on him!

TALK OF THE WEEK ... By Charles Dunning

CAMPUS CALENDAR

Saturday, September 26
6:15—Sophomore picnic in College Woods
—Athenian "Girl-I-Left-Behind-Me contest
—Alpha Sigma variety program
Sunday, September 27
9:15—Sunday school at Presbyterian church; church at 10:30—Dr. John A. McAfee, minister
—Sunday school at First Methodist church; church at 10:30—Dr. F. B. Shelton, minister.
—Sunday school at Broadway Methodist church; church at 10:30—Rev. S. C. Beard, minister.
—Sunday school at First Baptist church; church at 10:30—Dr. Colvin L. Hammock, minister.
—Sunday school at Episcopal church; church at 10:30—Dr. J. B. Bernardin, minister.
—Sunday school at Christian church; church at 10:30—Prof. Arthur Hyde, minister.
1:30—Mr. A. F. Pieper at Y. M.
—Cabinet Members at Y. W.
5:00—Radio Vespers, WROL
7:00—Dr. H. E. Orr at Vespers

Tuesday, September 29
8:15—Student Council meeting
Wednesday, September 30
8:00—Dr. Clifford E. Barbour chapel speaker
—Freshman class meeting folowing chapel
Thursday, October 1
6:30—Disc club Shakesperian program.

EIGHTH WONDER

(Continued from page one)

another name for them. They are newcomers to the campus who enthralled by their high school success, and the sundry bits of knowledge they have garnered in the last seventeen or eighteen years, are preparing to take the college by storm, tornado or balmy breezes. Football players, please note.

But the most learned of them all is he of the second stage. Those individuals who cause some unsuspecting newcomer to state, "Some sophomore told me." From our Greek fathers we discover sophomore means "wise fool."

Juniors, if there is any hope for their future at all, have come to the realization that they don't know everything. Staggered a little by this, they are seen wandering about wearied by their burdens with thoughts that read, "Maybe a husband would be better than a career" or "So what if I don't startle the world. It's the little things that count."

A senior has reached the end of his metamorphosis. He is more like unto those ordinary people who traverse the city streets and laze the county hills. They have accomplished four years of arduous labor, and long months of struggle with the draft board. Let us pay them tribute.

Dr. Hunt's opus received the hearty approbation of his collegues. They were all bachelors and didn't know what it was like when these wonders came home for Christmas.

Prayer Service Led By Edward Sapp

Edward Sapp, a junior ministerial student, led the devotionals last Wednesday night at Bartlett Hall prayer meeting. Edward gave a short talk on "Power" and then chose to read from II Timothy, the first chapter, verses 1 through 13. Dick Boyd led the singing.

The announcement was made that all students who would lead the singing or play the piano should give their names to Dick Boyd or Ethel Hanners.

Picture Contest Featured At Athenian Meeting

Athenian will meet tonight in Athenian Hall for its second meeting of the year. Tonight will feature an annual event for Athenian members, their well-known "Girl I Left Behind Me" contest. There will also be group singing led by Hal Lloyd and a brief history of Athenian Society.

All members of Athenian are eligible to enter the contest, which consists of the presentation, by each of the persons entered, of a picture of the girl he left at home. These entries are carefully scrutinized by the whole group and the fairest is chosen by balloting.

More than 70 fellows were present at last week's opening meeting. The program was an elaborate one consisting of a negro skit by Ellis Burcaw and Art Bushing, music by Barbara Shearer, Owen McGarity, and Bob Hunter. Ted Pratt opened the program with some football scores and Mary Batchelor gave some rhythm interpretations. Hal Lloyd led in group singing and refershments were served.

The program tonight will begin at 6:15. Freshmen considering applying for membership in Athenian should have their application cards endorsed and should turn them in as soon as possible.

Alpha Sigma Plans Variety Program

Alpha Sigma will meet tonight in Alpha Sigma Hall at 6:15. A varied program of new talent has been announced. New members will be admitted, and it was announced that new members must pay their dues in order to become active members of Alpha Sigma. Alpha Sigma's motto for the year is "The regular fellows on the hill". The program committee promised all who attended a "swell time" and refreshments will be served.

Initiation for new members will take place at the regular meeting next week.

Law Club Elects Clippinger Pres.

Group Switches To Social Sciences Discussion Plan

Margaret Clippinger was elected president of the Law club at its first meeting on Thursday evening. She will fill the vacancy left by Jack Kramer, a summer school graduate.

This first meeting of the Law club was an important one in that the type of the club was changed from a law club to an organization for students interested in the social sciences. The program throughout the year will consist of discussions, debates, and talks by faculty members and prominent civic leaders of Maryville.

One new member, Fred DePue, was taken into the club. A membership campaign is soon to be launched and a drive made to get all students interested in history, economics, political science, economics, or law to participate in the club work. The club meets once every month in Alpha Sigma hall.

ARTISTS SERIES

(Continued from page one)

soloist, with the Boston Symphony during its regular winter series and also in its summer Berkshire Festival performances. In two seasons she made over 250 nationwide broadcasts earning the title of "the most beautiful voice on the air" It is the opinion of many that Miss Dirman ranks with the great names among recitalists of history: Culp, Sembrich, Kipnis and Anderson. "A genial and gracious personality on the concert stage, Miss Dirman has verve and charm and she infuses whatever she sings with a truly artistic temperment. The radiance of her face and the beauty and artistry of her singing thrill and lift everyone who hears her."

On December 14, John Gurney will make his second appearance at Maryville. He was widely commended for his performance in "The Barber of Seville", here two years ago, and will no doubt be very welcome, especially to those who have heard him previously. He has behind him the record of several successful seasons at the Metropolitan Opera and a greatly increasing popularity on the concert platform. Before coming to the Metropolitan his variety of accomplishment and performance was truly amazing. He has sung as leading man in the Ziegfield Follies, as star of Roxy's Gang, with the Cincinnati Zoo Opera, The St. Louis Municipal Opera, The Russian Opera Company, at the summer opera performances at Lewisohn Stadium in New York In addition he has starred in recent years as Don Basilio in Charles L. Wagner's touring production of "The Barber of Seville" in which role he appeared here two years ago. His repertoire is enormous, containing forty-one operatic roles and twenty-seven oratorio parts. In his five years at the Metropolitan, Mr. Gurney has advanced from small parts to become a leading Metropolitan Opera singer, an achievement which well illustrates the power and beauty of his voice.

The Farbman String Symphony, with Edith Schiller as piano soloist will be the third Artist Series presentation of this year. While the date has not yet been definitely set, this ensemble will appear between March 18-24 or April 2-10.

The Farbman String Symphony represents a radical departure from the usual concert program in that it is mid-way between the chamber music groups and the large symphony orchestras. It consists of sixteen skilled string musicians, playing under the direction of Henry Farbman, a varied repertoire of classic, romantic and modern selections, and playing them with "great technique, sensitivity, and interpretive skill." To make their programs even more attractive, the Farbman String Symphony invited the well-known Amercian pianist Edith Schiller to join them in their tours as guest soloist. Miss Schiller won an ovation when she appeared with the String Symphony in Town Hall.

The chrouds of a single army parachute contains as much nylon as three dozen pairs of stockings, or more than a year's supply for the average woman.

Exchange

By Peter Van Blarcom

"Where are we?" asked the drunk, leaning over the steering wheel.

"We're coming into a town, and you'd better slow down," answered his pal.

"Oh yeah," how c'n ya tell?"

"Because we're hitting more people," came the reply.

Milly: When I get down in the dumps, I always get myself a hat.

Tilly: So that's where you get them.

She: Are you going to the party tonight in tails?

He: Don't bother me; I'm late. I have no time to discuss evolution.

Thanks, a lot

"I'm knee deep in love with you."

"All right, I'll put you on my wading list."

HOW TRUE

Father: "Who broke that chair in the livingroom last night?"

Daughter: "It just collapsed all of a sudden, Father, but neither of us was hurt."

Citations by Coach Honaker

To a quarterback: "If your brain were muddy water, it wouldn't stagnate a fish."

To a tackle: "You were about as useful as a fifth wheel on a sled."

RED FLANNELS

(Continued from page one)

it was only another natural beauty of the campus.

The nicest part of the entire weather situation is that by our next home game, we will certainly have real football weather. We'll all be there enjoying the game under our football blankets, but we'll back up the Scotties with more pep than ever.

Freshmen Try-out For ECHO Staff

Last Tuesday evening, September 22, thirty-five would-be-reporters met in Room 106, Science Hall to tryout for positions on the Highland Echo staff. Jean Barnes, editor-in-chief, spoke concerning the Echo and those comprising the staff. Instructions were given for stories to be written. Each person was instructed to write one feature story or column and one news story about some recent or future event. Those interested in sports writing were also to write two events. Any questions were answered by the Sports Editor, Ted Pratt, who was present at the meeting. Emphasis was made on the desirability of knowing how to type and in handing in typed material.

The names of those eligible for further tryouts will be posted at the Echo office Tuesday morning. Those persons are to meet next Tuesday evening, September 29, for added tryouts. The Echo staff usually has from nine to twelve freshmen on it. Selections will be made with regard to the quality of the work handed in.

Dr. Lloyd To Speak On Vespers Broadcast

President Ralph W. Lloyd will be the speaker on the seventy-seventh radio vespers broadcast Sunday afternoon from 5:00 to 5:15. His topic will be "Long Ropes and Strong Stakes". The broadcast can be heard over station WROL in Knoxville.

Warren McKelvey Becomes Corporal

Word has been received by Dr. Frank D. McClelland, Dean of Students, that Clarence Warren McKelvey is now stationed at Fort Sill, Oklahoma. He is now a corporal in the Officer Candidate Corps. He will be in that training about nine weeks longer. McKelvey will be remembered by upper classmen as a freshman last year from Harrisburg, Pennsylvania. He was a member of the football squad. His address is O. C. C. No. 40, Fort Sill, Oklahoma.

The Student Council will meet next Tuesday evening at 8:15 in Dr. E. R. Hunter's classroom. All members are urged to be present.

SCOTSPORTS

By TED PRATT

ECHO SPORTS

TIME FOR TESTS

Last Saturday night's football game with Hiwassee proved to be an enjoyable and pleasant occasion. But as a test, it is hardly worthy of mention. Al Thomas' Tigers fought hard and relentlessly, but they just didn't have the size, strength, and experience needed to make the Scots get in and dig. The Highlander first team looked exceptionally good on its two forty-yard scoring thrusts early in the game. It looked good in the second half when it rolled sixty-five yards on a sustained drive for another score. But the Scottie line and backfield have yet to feel the pressure of tough competition. And they won't have to wait long. It was Newberry last night and it will be Chattanooga next Saturday. Suffice it to recall the campaigns of '39 and '40. The Scotties lost a post-season game in 1939 to Newberry by a lop-sided 40-13 score. And in 1940 a strong Chattanooga eleven rolled over the Highlanders for a 28-0 "shut-out". There's your competition! Let's go get 'em, Scotties!

BACKFIELD WORRIES

The varsity backfield of the Maryville Scotties almost isn't. Coach Honaker in attempting to coordinate a quartet of backs into a smooth-running and potent machine, has made shift after shift. The squad has enough backs for four backfields, but the right combination is a puzzle yet to be solved.

At their Wednesday scrimmage this week several backs looked good. Ross Honaker, sophomore fullback, galloped 25 yards on a spinner over right tackle to score against a strong second-string outfit. Bob "Bomber" Morton zoomed 30 yards from his wing position to score the first time he carried the ball. Albert Hollingsworth, converted wingback, showed some fancy stepping and hip-swinging in a 35 yard ramble. Freshman fullback Rutherford showed power in his line plays. Also showing some ability were Enloe, Wagner, and Davis. The tailback spot seems to be the weak spot. Coach Honaker is in need of a good triple-threat man to back up the ever-dependable Oliver Spears at the tailback post.

The Scotties should be glad to see Charlie Pepper back on the Hill. Charlie, one of the best ball-handlers and runners on last year's Scottie squad, was accepted into the Army Enlisted Reserve and will again be able to don the Orange and Garnet uniform. Prospects are further brightened by rumors of the possible return of Lloyd Taylor and Jack Kramer to the Maryville gridiron. Although their playing is far from being a certainty, it surely is, as Charley McCarthy would say, fun toying with the idea.

BEHIND THE SCENES

While not entirely behind the scenes, there are several groups who we feel should be recognized for their diligent preparation and work at the football games. First to Professor Vine and his snappy band goes a word of appreciation. The organization made a colorful appearance and displayed several formations at half-time. Presentation of our attractive Band Sponsor by our Drum Major added greatly to the betweeen-the-halves show. Thanks are due also to all freshmen who so willingly offered their services for the half-time festivities.

Then we would like to acknowledge freshmen Bill Hatch and Bob Argie who voluntarily manned the big scoreboard at the south end of the field. And Bob Seel who did a fine job of semaphore with the flags. Then of course there are always the trainers and managers—the unsung heroes of the medical kits and the waterbuckets. They deserve credit.

HERE AND THERE

The combination of Heaps and Heaps is a natural in this speedball game. They're good! ..... Stimson is dropping his negotiations with the ERC to investigate the Louis-Conn fight. Maybe he forgot to get his ringside seat ..... Too bad for Brooklyn! .... Don't know whether it was patriotic or not but there were a lot of Bear-fans around here when the Bears downed Neyland's gang! ..... Mention should be made of the fall tennis tournament. It was an exciting and revealing event. Lots of good tennis was played.

Highlander Eleven Smashes Tiger Defense To Win Inaugural 33-0

Oliver Spears, Bob Morton and Tough Line Given Credit

The Scotties scored almost at will on Wilson Field when they climbed aboard the '42 Pigskin Special by overpowering Al Thomas' Hiwassee Tigers, 33-0. The fumble fiesta was lost to the Tigers on the second play of the game when Bob Bayless recovered a Hiwassee fumble to set up the first touchdown march.

It was an easy victory for the Scots. Twice the Tigers fumbled to set up Maryville scores while several other miscues slowed up the already tumbling enemy offensive. The one serious Hiwassee offensive was set up by a long pass, but was cut short by the whistle at half time.

ON THE MARYVILLE EIGHT

The first quarter offensives were dominated by Oliver Spears and Ross Honaker. Bayless grabbed up the first Tiger fumble while the crowd was still whistling for the kick-off. Two first downs later Ross Honaker took the ball over right tackle for touchdown number one. Two plays after MC had again kicked off, the Scots recovered another enemy fumble to set up a twenty-five yard touchdown run by Oliver Spears. With two scores under their belts in less than five minutes of playing time, the first team was retired by Coach Honaker in favor of the reserves.

Wayne Davis, freshman wingback, added another touchdown in the second quarter when he went over from the eleven. Meineke ran the ball over for the extra point and the score stood 21-0. As the half ended, Hiwassee was in the throes of an offensive that took them to the Maryville ten yard line.

SECOND HALF

first with Bob Morton assuming the role of the big Scottie threat. But it was again Oliver Spears who slipped over from the two in the third period to ring up touchdown number four. In the final stanza Red Meineke, reserve tailback, cracked the opposing forward wall to score from the one making it 33-0.

A good many of the new men received their baptism of fire in the first quarter when the first team was yanked. Showing plenty of speed and fight to make up for a deficiency in weight and experience, the subs were responsible for a lot of yardage. Wayne Davis escaped through a hole in tackle for a twenty-one yard romp and Gordon Rettke made several long gains.

The line closely resembled a stone wall against the opposition as can be easily seen by the total of seventeen first downs registered by the Scots against the lone first down of the Tigers. The smooth-working, well-balanced line bore few standout players.

This is how the teams compared:

	MC	HC
First downs	17	1
Yards gained from scrimmage	273	11
Passe Attempted	8	3
Passes completed	2	1
Average distance punts	43	35
Yards penalized	40	0

Officials: Stratton, Poage, Watkins.

V

Chattanooga Is Tough Bite For Scots Next Week

Next Saturday night on the Moccasin Field in Chattanooga the Scotties meet the highly-touted eleven of the University of Chattanooga. The last meeting of the two teams left the Scotties on the short end of a 28-0 score. The Chattanooga team always puts a strong team on the field and this year they appear to have one of their strongest. Last week they went down fighting to a strong Auburn eleven 26-7. A number of big teams appear on the Moccasin schedule each year and last year, despite their tough schedule, Coach Moore's boys won seven, lost one, and tied one. The Moccasins are known for their size and toughness, and the Honakermen will have to show a lot more power if they are to stop the Chattanooga scoring machine.

Scots Travel To S. C. To Engage Newberry Indians

Twenty-four Players Entrain for 550 Mile Circuit; Back Tonite

The Scotties journeyed to Newberry, N. C. this week to engage Newberry College in grid combat for the second game of the Highlander schedule. This was the initial game for the Indians. With one game already under their belts, last week's 33-0 whipping of Hiwassee, the Scots were ready to go and were hot after the scalps of more victims.

Coach Honaker started the same bunch of boys who ran through the Tigers last week. They were Webb and Rock at ends, Mitchell and Chambers at tackle, Wilson and Easter at guard, and Breazeale at center. In the backfield were Morton, O. Spears, Bayless, and Honaker. This outfit clicked well last week, but the tougher opposition this week may have proved to be a different story.

Newberry College is not a new name on a Maryville College schedule. At their last meeting, in '39, the Scotties came out on the short end of a 40-13 score. Last year the Billy Laval-coached Indians won five out of eleven games against tough opposition. The Highlanders are going to be tough to beat this year, however, and a red-hot contest was promised.

V

Long Released From Hospital; Jean Keyes Admitted This Week

Jean Keyes was admitted to the hospital this week, and will probably not leave before Saturday or Sunday.

Bill Long, the only other patient, was dismissed early in the week.

Mrs. Elizabeth Hall, Matron of the Hospital, estimates that approximately thirty-five or forty students visit the hospital every week for minor treatment.

Drs. Gamble, Olin, and LeQuire are in the student clinic on Monday, Wednesday, and Friday afternoons between the hours of 4:00 and 5:00.

INTRAMURAL DOPE

SPEEDBALL

League Standings (thru Sept. 21)

CLUB	
Athenians	1.000
Ministerials	.666
Alpha Sigma	.333
"Y" Frosh	.000
INDEPENDENTS	
Leathernecks	1.000
Rangers	.666
Tornadoes	.333
Preachers	.000

Next Week's Games:

Sept. 28, Monday

3:30 Ministerial—"Y" Frosh
3:30 Rangers—Preachers
4:30 Athenian—Alpha Sigma
4:30 Leathernecks—Tornadoes

October 2, Friday

3:30 Athenian—"Y" Frosh
3:30 Leathernecks—Preachers
4:30 Ministerial—Alpha Sigma
4:30 Rangers—Tornadoes

The games played Friday Oct. 2 are the last to be played with the exception of the college championship game which will be played off between the teams from each league having the highest per centage.

Athenian 15—Alpha Sigma 8

On Friday the 18th of September, Athenian rolled up 15 points to Alpha Sigma's 8. Ted Kidder and Dick Boyd were the leading scorers for Athenian. Kidder raked up 7 and Boyd slipped 5 over. Scapellati, Clyde Brown, and Cooper each got 1 point to round out Athenian's 15. Heroes for Alpha Sigma were Purifoy, Lord and Evans with 2 each; Sweeney and Brand with 1 each.

Ministerials 11—Y Frosh 7

Henry and Malcolm Heaps, cousins and sophomores, were the "big" boys who scored most of the points for the Ministerials against the "Y" Frosh. Henry Heaps put over 2 goalies and a touchdown for a total of 7 points and Malcolm Heaps scored 3 touchdowns for 3 points. Joe Suitor scored the Ministerials' other point with a touchdown. Jimmy Hodges led the "Y" Frosh with a total of 6 points.

Leathernecks 10—Tornadoes 5

Burd led the Leathernecks with 4 touchdowns against the Tornadoes. Bob Francis and Charles Burgreen each got 2 points for the Leathernecks and Hargrave and Huskey each scored 1 point. Scoring for the Tornadoes were Bob Calvesbert with 1 point and Pete Van Blarcom with a goalie.

Rangers 4—Preachers 2

Bill Adams led the Rangers with 2 points, Lochausen scored 1 and Bob Lockwood scored 1 to give the Rangers a 4 to 2 win over the Preachers. Joe Brown and Jim Barr each scored a touchdown for the Preachers to make up their 2 points.

Monday, Sept. 21

Ministerials 16—Alpha Sigma 5

Henry and Malcolm Heaps again took the lead in scoring for the Ministerials in their 16 to 5 win over the Alpha Sigs. Malcolm Heaps scored 5 and Henry Heaps scored 4. Yunkers, Lambert, Eanes, and Anderson each got one point to make up the Ministerials' 16. Big man for Alpha Sigma was Bill Sweeney with 4 points. Bill Evans scored the other point for Alpha Sig.

Athenian 17—"Y" Frosh 8

Clyde Brown and Ken Cooper lead the Athenians to a 17 to 8 win over the "Y" Frosh. Brown scored 8, Cooper 5, and Van Cise and Kidder 2.

Leathernecks 17—Preachers 1

"Abe" Burd again lead the Leathernecks to a 17 to 1 win, this time over the Independent Preachers. Honest "Abe" scored 7 points, Hargrave 3, to lead the scoring. Joe Brown scored the only point for the Preachers.

Rangers 9—Tornadoes 7

Bill Adams led the Rangers to a 9 to 7 win over the Tornadoes with 6 points. Sam Crawford, Stan Crews, and Bob Moore each got 1 point to make the total of 7. Scoring for the Tornadoes was Van Blarcom with 3, Calvesbert with 2 and Sam Pemberton and Ralph Parvin with 1 point each. Parvin 6-0, 6-2; Easter defeated

TENNIS

The finals of the fall tennis tournament were to be played pitting Bill Adams against Wally Easter. This week Evans took Parvin 6-0, 612; Easter defeated Hargrave 6-2, 6-2; Foreman won over Bushing 6-3, 6-1, and Adams beat Miller 6-2, 6-4. In the quarter finals Easter beat Evans in a close one 7-5, 6-3; and Adams beat Foreman 6-3, 6-2. The tournament was very successful in that it stimulated tennis interest and revealed several new racket-swingers of skill.

GOLF TOURNAMENT

The Golf Tournament has been drawn up and is now on the Carnegie bulletin board. This year a player and his partner must play a total of 54 holes, then add the scores together to get the final aggregate score. The lowest team score wins. A great number of formidable teams, including faculty, appear on the list.

FOOTBALL

Football managers may secure eligibility lists from Abner Richard in rooom 124 Carnegie. Entries close Oct. 7 and play begins Oct. 9. This year betwweeen 15 and 20 teams are expected to be organized and will play in probably three leagues. At present teams organized are Athenian, Alpha Sigma, "Y" Frosh and Ministerials.

FOOTBALL FIELD DAY

This year a new event has been added in the way of Football Field Day. Abner Richard is in charge of the event. There will be 8 events including a Football Target Throw, Forward Pass, Punt for Distance, Punt for Accuracy, Drop Kick for Field Goal and several other events. See this column next week for details.

SOPHOMORE PRESENTS STUDENT COMMENT ON HANDLING OF GOVERNMENT AFFAIRS

By ROBERT F. HUBER

Throughout the breadth of the land, voices can be heard criticizing the New Deal's prosecution of the war. This criticism is not relegated to Republican circles but comes from the mass of the people. Almost everyone has a complaint on one count or another, whether it be over the draft, the farm labor situation, new taxes, or just the critical gas and rubber situation. It seems that a majority of the people find something wrong with the way the war is going, and they don't mind expressing themselves.

This war effort affects us college students more than it does the average citizen. We are now being called upon to make the ordinary sacrifices. In the immediate future we may be called upon to sacrifice our hopes for the future. Our education may be interrupted at any moment the government sees fit.

This is reason enough for all of us to follow the war closely and to do uor best to see that it is being prosecuted to the best of the ability of the American people.

If we examine the progress of the war to date we find little to cheer about. True, American forces have gained a foothold in the Solomon's, but is this enough? We are already out-producing the Axis nations, but will this alone win the war? No one with any common sense will believe that, for everyone knows that an offensive in the military sense and a completely coordinated offensive on the home front are prerequisite to complete victory.

There are many ways in which the New Deal could improve its conduct of the war, and suggestions are pouring in upon the Congressmen in Washington.

In the first place the people do not believe that an army of thirteen million men is necessary or is practical at the present time. Nevertheless that is the figure set by General Hershey. How can America support, equip, feed, clothe, maintain, and transport an army of that size to foreign battlefronts when we have the task of equipping and maintaining the armies of England, Russia, China, and our other smaller allies? How can we be expected to produce all the necessary materials of war when thirteen million men have been taken off the production lines and placed in the army?

Farmers are complaining about the shortage of farm labor. Most of the people who worked on the farm in previous years have either been drafted or been attracted to war plants. This shows lack of foresight on the part of the New Deal, for farm workers are more essential on the farm than in the army. Now is the time when the harvest is ready, and there is no labor supply available. Has the government done anything about this? In some cases it has lent the farmers the services of the army for the purpose of picking fruit, but the huge amount of farm laborers that is necessary has not been supplied, and there seems to be no indication that it will be supplied in time to save the harvest that is so important to the winning of the war. Congress is now considering legislation to provide labor for the farm, but this will not aid the stricken farmers in time.

People joke about the rationing of sugar and gasoline, and bear the rubber shortage with a smile, but they want something done about it, and soon. Congress recently passed a measure to look into the possibilities of making rubber out of farm products, but the President would not sign the bill. The people are getting disturbed over this fact. They want something done.

We look at Washington and wonder. Such a confused mass of bureaus and departments with overlapping powers and functions cannot help when a coordinated war effort is necessary. Confusion in Washington can't win the war, and the people realize this fact. Something has to be done promptly, or the voters will do something to relieve the condition.

And what about a second front? The government seems reluctant to open a second front in Europe even though Russia is pleading for immediate aid in that respect. Many military experts have expressed their desire for a second front now, but nothing has been done yet. Perhaps the New Deal will wape up one of these days and do what ought to be done. The people don't like it and the men in the service don't like it. A great deal depends on time and we are wasting plenty of that. The war has to be won as soon as possible, but the New Deal doesn't seem to realize that fact.

The situation does seem dark, but there is a bright streak on the horison. Something will be done soon even if we have to wait until November. Then maybe the New Deal will wake up and listen to the people. This should be the people's war, not the politician's war. The American people will make their will known in November.

The war will be won, and the American people will win it, no matter what. Nothing can stop a great nation and a great people on its path to victory.

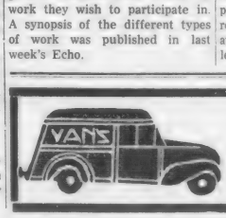
V

Four-motored bombers are rolling off the assembly line of an American aircraft manufacturer six months ahead of schedule

Ministerials Have Get-Acquainted Meet

The Ministerials met Thursday night, September 24 and had a "get-acquainted" program in which all the new and old members got to know each other. The meeting was held in Athenian Hall at 6:45. Dr. J. B. Bernardin who was to speak to the society, was unable to be present because of his imminent departure for the army.

V



YW Meets Tomorrow

Y. W. C. A. will meet Sunday afternoon at 1:30. At this meeting the cabinet members will explain their positions and describe the type of work they do. There will be an opportunity for all new girls to indicate what branch of work they wish to participate in. A synopsis of the different types of work was published in last week's Echo.

Mr. A. F. Pieper To Speak At IRC's Discussion Group

All students and faculty are invited to IRC's first session of a campus Discussion Group on Current Affairs which is an outgrowth of last year's Current Events class. The group has planned a thoughtful group of speeches and panel discussions for the semester.

At this first meeting Mr. Archibald F. Pieper, of the Political Science faculty, will speak on "Background for the Peace." This will be an appropriate opening for the theme which IRC wants to emphasize this year—that is to bring about a broad, realistic understanding of the situation we are in today—the problems now and after the war. It is the purpose of the group not merely to review current happenings, but to attempt gaining this deeper knowledge.

Dr. Barbour To Speak At Wed. Chapel Service

The Rev. Dr. Clifford E. Barbour, pastor of the Second Presbyterian church in Knoxville, will be the speaker at the Wednesday morning chapel service next week. Dr. Barbour is a graduate of the University of Pittsburgh, Western Theological Seminary, and the University of Edinburgh, Scotland. He received his degree of doctor of philosophy at Edinburgh. Dr. Barbour is well known to the student body as the leader of the February meetings, this last year. He is also on the board of directors of Maryville college.

STUDENT VOLS

(Continued from page one)

Monserrate is a native Porto Rican and previous to her visit to the States taught school in the highlands of her island homeland. She assumed two roles in her educational career—that of teacher during the regular school year and that of student at the University of Porto Rico during her vacation months. She plans to complete the work for her degree at Maryville by next summer and would like to return then to Porto Rico to teach English.

Monserrate made the trip from the island of Miami, Florida, via stratosphere clipper. During the General Assembly, transportation conditions made a return to Porto Rico almost impossible. One of the members of the National Board of Missions introduced her to President Ralph W. Lloyd, who was a delegate to the Assembly from the Synod of Tennessee. Summer school was a customary thing to her; so June 9th found her on Maryville College campus. Monserrate will be the second student speaker on work south of the United States.

V

Mr. A. F. Pieper To Be Speaker At "Y" This Sunday

Tomorrow afternoon at 1:30 Mr. A F Pieper, assistant professor of political science, will speak to the members of the "Y" on the subject "Hope In Secular History". This is to be the first in a series of three meetings to be on the general topic of Hope.

At last Sunday's meeting of the "Y", Jean Patterson, president of the YWCA, spoke to the college men on the subject "Our Purpose According to His Purpose." There were fifty-three men present at the meeting.

FACULTY CHANGES . .

(Continued from Page One)

by Mr. Fischbach will be distributed among the other members of the physical education faculty, Coach Lombe Honaker, Coach J. A. Davis, and Mrs. Verton N. Queener.

Mr. Marvin D. Minear of Chicago, a graduate of Maryville College in the Class of 1939, has been appointed Assistant in the Treasurer's Office. Mr. Minear served as a student assistant in the Treasurer's Office throughout his college course. Since graduation from Maryville he has been connected with the business department of the YMCA in Chicago and is resigning his position there to return to Maryville. Mrs. Minear was Catharine E. Pond, also a graduate of Maryville College in the Class of 1939. Mr. Minear's sister, Nell Louise, entered Maryville as a freshman this fall. Mr. and Mrs. Minear spent some days of their vacation in Maryville recently and Mrs. Minear has remained here while Mr. Minear has returned to Chicago to close his work there. He will enter on his duties here in the near future.

Mrs. Edward H. Hamilton of Knoxville, a graduate of Maryville College in the Class of 1923 and formerly a member of the faculty, has been secured for part-time service lessons in dramatic art and is in charge of the Experimental Theatre. In addition to her degree from Maryville College, Mrs. Hamilton holds a certificate from the Rice School of the Spoken Word in Massachusetts and has completed part of her work toward her master's degree at the University of Tennessee. She comes from Knoxville usually three days each week.

V

Disc Club Presents Shakesperian Music October First At 6:30

Next Thursday evening the Disc Club will meet in the Final Arts studio in the basement of Voorhees Chapel. Meredith Preston will be the commentator for the program of music on Shakesperian subjects featuring the Romeo and Juliet Overture. All students are invited to attend.

The Disc Club met last Thursday afternoon, the meeting time having to be changed to 4:30 because of the pep meeting. Tschaikowski's Fourth symphony was played, and Gordon Stone was the commentator. The meeting was well attended by both old and new members.

V

Bainonian Plans Surprise Program

Bainonian will meet next Saturday night at 6:15. The pledges will at that time receive an official "welcome" into the club. The program, which has not been announced, will be a big surprise for the freshman girls.

V

Dr. Horace Orr To Speak At Vespers

Dr. Horace Eugene Orr, professor of religion and philosophy, will be the speaker at Vespers tomorrow evening at 7:00 o'clock. Dr. Orr's subject will be "Because You Are Brave". The choir will give special music.

V

The Naxis have warned German civilians not to smuggle letters into parcels sent soldiers at the front "containing detrimental utterances against high officials."

Spanish Club Makes Plans For Year

Last Thursday noon the executive committe of the Spanish club met with Dr. J. H. Stellwagen, the advisor of the club, to discuss plans for future meetings and to discuss important business. Lois Collett was appointed vice-president pro-tem.

In the line of entertainment the club feels that unusual programs are more attractive to the members. For that reason the club is planning to spend a portion of the club dues on Spanish records and magazines similar to our "Life" and "Look".

Election of officers will not be held until November 1st. The cabinet feels that by postponing the election for several weeks the members will become acquainted with each other and will be better able to select officers.

The next regularly scheduled meeting will be on October 1st, next Thursday evening. Anyone interested in languages, Spain, or Spanish-America is invited to come. Meetings are held the first and third Thursdays of each month at 6:45 in Dr. Stellwagen's classroom on the second floor of Anderson hall.

V

Pre-Med Club Holds Informal Program As Students Speak

Last Thursday evening the Pre-med Club held its regularly scheduled meeting. Dr. Lea Calloway was unable to speak to the club as had been previously arranged. In place of the planned program various members told of their experiences along medical lines. Willie Williams told of her experiences in a sanatorium, Jack DeForest and Bob Weldon told of their experiences in giving first aid at the Aluminum plant. Frank Miller and Virgil LeQuire discussed the Army and Navy program for medical men.

The meetings of the Pre-med club are planned for those who are interested in medicine and nursing. Anyone interested is invited to attend the meetings. The club officers are as follows: President, Bill Henderson; Vice-president, Bill Ogle; Secretary, Willie Williams; Treasurer, Charles Gilpatrick. There are two program secretaries, Sid Duke and Edith George.

V

Class Meeting

The freshman class will hold its initial meeting after chapel next Wednesday for the purpose of selecting their class officers and Student Council representatives.

French Club Holds Picnic In Woods For New Members

Thursday evening the French club entertained its new members with a picnic in the college woods. Bill Sweeney and Bob Pascal, program secretaries, were in charge. Those new members who were initiated Thursday are: Malcolm Thompson, Johnnye Gudel, Eleanor Williamson, Mary Evelyn Waisman, Gordon Stone, Don Barker, Lloyd Anderson, Bill Evans, Claude Shell, Oliver Van Cise, Lucille Gaultney, and Ed Burkhardt.

Miss Margaret Wilkinson is faculty sponsor of the club. Officers are: Bob Calvesbert, president; Frances Sisk, vice president; Paul Cooper, secretary; The office of treasurer will be filled at a later date.

V

MAID SHOP

(Continued from Page One)

choir robes, gymnasium suits, etc. and is attempting only to fill government orders for nurse's uniforms. With hundreds of additional orders, and only two-thirds as many workers as last year, the Maid Shop is issuing a second plea for more workers, who would receive the same wages as the regular Maid Shop girls. This additional money would come in handy around Chirstmas time, or would go a long way toward the purchase of a War Savings Bond. And at the same time, each uniform maker can feel that she has done a real part toward the war effort.

Mrs. Kathryn MacMurray, manager of the College Maid Shop, says, "If every girl on the hill would pledge two uniforms a month, or even one, our problem would be solved. The College Maid Shop can teach you—and it needs you."

Campus Improvements Continued This Week

Work on the campus this week has been devoted mainly to painting and reconditioning. The south bleachers on Wilson Field recently have been painted, and additional work has been done on the athletic field to put it in shape for the football season.

A new exhibit cupboard for the art department has been completed and is now in use in the Elizabeth Gowdy Baker Memorial Art Galleries in Anderson annex. The cupboard will contain several art exhibits.

In addition to the other improvements on and about the campus, the belfry of Anderson Hall is now getting a new roof and a fresh paint job. Work is being done on the roof of the Book Store, to remove the old paint in preparation for a new coat of paint.

VOLUME 28 MARYVILLE, TENN. OCTOBER 3, 1942 NUMBER 5

Opportunity For Systematic Purchase Of War Stamps Offered

Goal For Students And Faculty Is 100 % Cooperation

"Have you felt that you being in College and sort of out of the regular stream of things, have not been given the opportunity to really do one single thing toward helping this war of ours?" is the question asked this week by the committee on stamps and bonds of the student.

Of course, we all know the principal, and about the only part a civilian can play is at the financing end—through the purchase of War Savings Stamps and Bonds. Therefore for about the past week or so a Student Committee on Stamps and Bonds has been functioning, their main purpose being to set up some systematic plan on the Maryville campus whereby students may buy stamps regularly. The Committee realizes that the main need is not to sell MC students on the idea of buying the stamps but rather to set up an organization whereby they can do this.

Thus the following plan has been set-up: beginning next Friday morning after chapel and continuing each Wednesday morning at the same time there will be four tables out in front of the Chapel—one for each of the four classes — and all supplied with stamps ready to be sold. This whole student movement is indirectly connected with the Educational Committee on Stamps in Blount County whose aim is to have 100 per cent cooperation (everyone buy one stamp a month) from the public schools in the County. Therefore, the committee has taken this as its goal too (although some have suggested that it is much too low—to buy a minimum of one ten cent stamp a month; although, of course, all are encouraged to do much more if they feel they are able.

In order to determine just when this aim has been achieved, the Committee will provide lists of the members of all classes so that a check can be made after the name of those who buy. The amount they buy is entirely up to them. Thermometers will be set up each month indicating which class (and how the Student Body as a whole stands) is closest to having each of its members take part. If anyone desires to purchase a stamp sometime other than Wednesday morning after chapel he may buy them in the Book Store where the lists will be kept and can be checked.

The faculty and staff are also entering into this 100% program. Of course, many of them are already purchasing bonds and stamps but it is desired that some indication be made so that the

(Continued on Page Two)

Calvesbert Elected To Student Council

Representatives To Student—Faculty Senate Elected

Tuesday evening, September 29th, the Student Council held its regular meeting in Thaw Hall. The purpose of the meeting was to discuss the coming stamp drive and other matters, and to elect members to the Student-Faculty Senate.

The Senate is composed of seven members of the faculty and seven members of the Student Council to include one sophomore, three juniors, and three seniors. The following members were elected: Jack DeForest, sophomore; B. J. Miller and Jeana Eddleman, juniors; Bob Calvesbert, Ted Kidder, and Brasher Bailey, seniors. One junior position is vacant and will be filled at a subsequent meeting.

The Student-Faculty Senate was organized last year when the new constitution was adopted, and is an outgrowth of last year's Student Faculty Committee. The purpose of the Senate is to consider problems of life and activities in a college community, and to adopt any changes that seem advisable. The Senate was organized to centralize power in a small group which will not be hampered by lengthy discussions.

It was also announced at the meeting that Bob Calvesbert had been elected at a special meeting of the senior class to fill the vacancy left by John Hawkins who did not return to school this year. Bob will assume the duties of the chairman of the committee on publications.

Missionary From Siam To Speak In Chapel Service

Rev. Richard W. Post, M. A., who was one of 1500 Americans who recently returned from Thailand (Siam) on the M. S. Gripsholm, will be the speaker at chapel Wednesday morning. These Americans had been exchanged by the Japanese Government for Japanese in this country. Of these, 600 were missionaries and about 900 were other Americans including various government officials.

Mr. and Mrs. Post were in a concentration camp at Bankok for six months, having been arrested one week after the Pearl Harbor attack and shortly after the Japanese had overrun Thailand.

Mr. Post graduated at Maryville in 1899 and from the Western Theological Seminary, Pittsburgh, in 1902. He has been a missionary in Thailand for the past forty years.

Dr. Clifford E. Barbour, pastor of the Second Presbyterian Church in Knoxville, spoke at the Wednesday morning Chapel Service. Dr. Barbour will be remembered as the leader of last year's February Meetings.

Speaking on the topic, "Developing a Dominant Personality", Dr. Barbour indicated that this must be accomplished through "Christian Living." We must not stunt our personality by tying the "tap root", but must "feed upon soul food". Reading the Bible, going to church, and "talking with God in prayer" are the three essentials to the developments of a dominant personality, Dr. Barbour concluded.

Frosh To Elect Class Officers Wed.

On next Wednesday after chapel the Freshman class will hold its first session of the year for the purpose of electing class officers and Student Council representatives. This meeting was originally set for last Wednesday, but has been postponed to the above date.

Phi Kappa Delta Plans Program For Debate Class

Maryville Hopes To Enter Boone Debate Tourney In Nov.

Beginning next Tuesday evening the varsity debate class will begin actual work in speaking and debate. The executive committee of Phi Kappa Delta has planned the following program for the Tuesday evening and Wednesday afternoon classes: Chairman, Margaret Clippinger; Time Keeper, Dick Boyd; Speakers and their topics, Natalie Yelton—"Women in the War"; Ben Lynt—"Problems of a Second Front"; Phyllis Anne Cain—"Transporting War Materials"; Ed Rowley — "The Farm Parity Bill"; Paul Jamarik —"Air Superiority in the Far East"; and Muriel Geisler— "Education's Present Situation". For Wednesday—Don Barker— "The Negro in the War"; Dorothy Lehman—"Future of Nation-Wide Rationing"; Bill Evans—"Labor Redistribution"; Edith Monroe—"Civilian Defense Program"; Billy Segraves—"The Work of the U. S. Military Secret Service"; and Louise Stevenson—"Underground Activities in the Occupied Countries".

Plans for Maryville's competition in debate tournaments have not been arranged for as yet since the war has necessitated many changes in schedules. According to the information received so far by Dr. Verton M. Queener, the debate coach, most colleges are planning to continue their work in debate, but none have yet made definite plans. Maryville hopes to send a squad to participate in the Boone Debate Tournament to be held sometime in November.

Choir Membership Announced

Tenor and Bass Positions Filled

Assistant Professor Richard W. Vine announced the membership in the bass and tenor sections of the choir Thursday. The list is subject to possible change or addition in the near future but will stand for the most part. The present list includes: 1st tenors, Ralph Parvin, Jack Lippard, John Scott, and Bill Bradford; 2nd tenors, Harry Lyle, Arthur Crimmel, Joe D.Antonio, Gordon Stone, and Owen McGarity; 1st bass, Don Hopkins, Edward Henderson, Hal Lloyd, Paul Moehlman, and Glenn Winkle; and 2nd bass, Dean Stiles, Robert Hunter, Philip Wye, James Walker, Wallace Easter, Nelson Ernest, Jack Jones, and Chester Phillips.

The members of the soprano and alto sections were announced last week. The choir numbers now about forty-six members.

First Semester Exams Scheduled

Senior Comprehensives Begin December 2

Dr. E. R. Hunter, Dean of Curriculum, announced this week the examination schedule for the first semester. Exams will begin on Saturday, December 12, and extend through Thursday noon, December 17. The schedule as to classes and times is outlined below.

Senior comprehensive examinations for students finishing their graduation requirements in December will be held on the afternoons of Wednesday and Thursday, December 2 and 3. Seniors taking these examinations are excused from all other required attendances on these days, and are also exempt from final examination in courses in which they have a grade of B or above.

Examination Schedule:

Saturday, Dec. 12	2.00	E, F
Monday, Dec. 14	8:30	a,
	11:00	A, X
	3:00	b
Tuesday, Dec. 15	8:30	bx, B
	11:00	c
	3:00	cx, C
Wednesday, Dec. 16	8:30	d
	11:00	dx, D
	3:00	e
Thursday, Dec. 17	8:30	f

Repair Work Done On Anderson Tower

High School Donates Present Tower Bell

After several attempts made this summer, repairs on the tower of Anderson Hall are being rushed to completion. It was planned to have the repairs and painting finished by the time the fall semester opened. But several difficulties arose, and the work could not be done.

Soon the flag may wave from a much restored tower. The iron work is being repaired. !

The present bell in the tower has been there only five years. The old one, which is a landmark in the library, was rung daily for eighty years. It was made in 1856 and used until it was broken in 1938. That same year the new bell was given to the college by the Maryville high school. This one also has a history. It was used for many years in the Maryville Polytechnic Academy, a privately owned preparatory school in Maryville. Later the academy was bought by the town and made into a public school. The bell kept ringing the students to and from their classes daily until 1938, when an electric bell system was installed in the high school. At about the same time the bell in Anderson tower was cracked, so the high school gave its old one to Maryville College.

Attention Juniors!

There will be an important class meeting immediately after chapel Wednesday morning to discuss Chilhowean business and plan for social activities. Every junior is urged to be present at this meeting.

Disc Club To Listen To Operas On Saturdays

"Peter And The Wolf" At Disc Club Thursday

Thursday evening, October 1, the Disc Club met in the Fine Arts studio in the basement of Voorhees Chapel. The music, based on Shakespearean subjects, featured Tschaikowsky's Romeo and Juliet Overture. Meredith Preston was the commentator.

Next Thursday, October 15, at 6:30 in the studio the selection "Peter and the Wolf" will be presented.

The Disc Club has decided to sponsor again the regular listening hours in the record room every afternoon, except Saturday and Sunday, from 4:30 to 5:30. A new feature of the club program is the Saturday afternoon listening hour from 1:30 to 3:30. Special programs will be arranged from time to time for the Saturday afternoon listening hours. All students are cordially invited to attend these programs.

Another new feature on this year's schedule of programs is the plan to hold Saturday afternoon radio broadcasts of the Metropolitan Opera programs in the Fine Arts Studio.

Members of the club committee are Gabriel Williamson, general chairman; Ruth Freeman, committee secretary; Gordon Stone, program chairman; Peggy Fisher, publicity chairman; Marion Avakian, decorations chairman; Paul Moehlman, and Bill Buzby.

There are phonographs in two separate rooms available from 4:30 to 5:30 week days for students who wish to bring their own records or listen to records from the school record library.

Movies Tonight In Alumni Gym

Social Committee Plans Entertainment

The Student-Faculty Social Committee has planned an evening of movies tonight a t 8:00 in the Alumni Gym. Everyone is requested to bring blankets and pillows for sitting on the floor. The movies to be shown are Building a Tank, Old Hickory, Defense Review, High Spots of a High Country, and Happiest Man on Earth, planned to make up the two hour program.

Members of the student body serving on the committee are Edward Rowley, chairman; Muriel Geisler, secretary; Eleanor Williams, treasurer; Joe D'Antonio, Don Black, Natalie Yelton, and Cognelia Jones.

Members of the faculty on the committee are Mrs. Grace Pope Snyder, Mrs. Margaret Cummings, Mrs. Bonnie Brown, Dr. E. R. Hunter, and Dr. Frank D McClelland.

Marjorie Gugger Leads Summer Honor Roll For Two Semesters

List Includes Names of 69 Summer Students

The honor rolls for the first and second summer semesters were released on Wednesday by the Personnel Office. Of the full-time students Marjorie Gugger achieved the highest average for the first semester, 8.5. Following were Donnell Bailey with 8.1, Frances Sisk, Hal Lloyd and Jack Kramer with 8.0. Among students with only one course, Art Bushing was high with 8.0.

For the second semester of the summer session, Marjorie Gugger and Jack Kramer both earned 9.0 averages. Helen George, Muriel Geisler, Donnell Bailey, Sidney Duke, Hal Lloyd and Douglas Roseborough all averaged 8.5. Olga Welsh received 9.0, but carried only one course.

Following is the complete honor roll:

Second summer semester—Ending August 28, 1942.

Donnell Bailey, 8.5; Layton Berquist, 6:5; Fred Brewer, 6.8; Freda Buller, 7.0; Edward Burkhart, 7.1; Arthur Bushing, 8.0; Robert Calvesbert, 7.0; Burl DePew, 6.0; Hannah Duke, 7.4; Sidney Duke, 7.1; Cecil Eanes, 8.0; James Faulkner, 6.5; Evelyn French, 6.0; Muriel Geisler, 8.5.

Helen George 8.5; Charles Gilpatrick, 6.0; Mary Goodloe, 6.0; Marjorie Gugger, 9.0; James Hodges, 6.1; Jackson Kramer, 9.0; Guy Lambert, 7.0; Virgil LeQuire, 6.0; Hal Lloyd, 8.5; Edwin Lochner, 6.0; Ruth McClure, 6.4; Marian Magill, 6.0; Frank Miller, 7.0; Shirley Montgomery, 6.5; Pearl Parrett, 6.0; Olson Pemberton, 7.0; Mary Proffitt, 6.0; William Robarts, 8.4; Lois Roberts, 7.0; Carol Robinson, 6.5; Douglas Roseborough, 8.5.

Aura Santiago, 7.0; Frances Sisk, 8.0; Kathleen Sullivan, 7.0; Kathryn Estes Treadwell, 6.5; Oliver Van Cise, 7.0; Lauramae Weber, 6.4; Olga Marie Welsh, 9.0; Gabriel Williamson, 6.0; Samuel Mack Wilson, 6.0.

First summer semester—Ending July 18,1942.

Helen Airheart, 6.5; Carl Alette, 7.5; Donnell Bailey, 8.1; Lola Ball, 7.0; Lyndall Becker, 6.0; Freda Buller, 6.5; Arthur Bushing, 8.0; Baxter Cato, 6.5; Paul Cooper, 7.0; Burl DePew, 6.5; Hannah Duke, 6.5; Sidney Duke, 7.0; Cecil Eanes, 7.5; William Evans, 7.0; James Faulkner, 7.0; Muriel Geisler, 7.5; Helen George, 6.5.

Marjorie Gugger, 8.5; William Hargrave, 6.0; John Hutton, 9.0; Cornelia Jones, 7.5; David Kidder, 7.0; J. Edward Kidder, 6.0; Paul Kolter, 6.1; Jack Kramer, 8.0; Guy Lambert, 7.5; Hal Lloyd, 8.0; David McDaniel, 6.0; Marian Magill, 6.0; Helen Maguire, 7.6; Frank Miller, 6.0; Shirley Montgomery, 6.5; Olson Pemberton, 6.5; Mary Jane Person, 6.5; Meredith Preston, 6.0.

Ruth Randolph, 6.0; William

Officers Elected For Pearsons

Residents Vote For Open House This Year

The women of Pearsons Hall have elected officers for the Pearsons organization for the coming year. The new officers are president, Rose Pinneo; vice-president Lauramae Weber; sercetary-treasurer, Olive Dupuy; floor chairmen, Lenore Wise, Pat Howarth, and Evelyn French. Elections were held last Tuesday, September 29th, in the lobby of Pearsons Hall.

The Pearsons organization, which has been in effect only a few years, has as its objectives the fololwing points: to create a sense of unity and fellowship among the women, to create responsibility toward each other and the college, to provide for cooperative planning for the administration of dormitory affairs. All women living in Pearsons are members. Dues, which are used for social entertainments, are fifty cents per year. Pearsons hall is the only dormitory that has an organization such as this.

At the election last week Pearsons residents voted in favor of "open house" for this year. In preceding years a committee has been chosen and prizes awarded for the best rooms. The date and complete plans, however, have not yet been announced.

In case of an air raid alarm, air raid wardens have been appointed for each wing of each floor. The wardens are: Ollie Welsh, Betty Haines, Margaret McKirdy, Margaret Gessert, Steve Boretsky, Ginny Williams, and Marguerite Taylor. Each of these girls has completed a course in first aid.

YMCA Sponsors Ten Mile Hike To Montvale Springs

Week-end Features Campfire; Climb To Look Rock

On the weekend of October 17, 18, the YMCA will sponsor its annual hike into the wilderness, this time going to Montvale Springs, a distance of about ten miles. About fifty men can be accomodated on this year's hike, which will begin on Saturday after lunch and will be completed with the return of the hikers at supper time Sunday.

Transportation difficulties have made it impossible to take the usual trip to the Chimneys in the Great Smoky Mountains National Park as buses are not available. Consequently, the hike to Montvale Springs is being planned for the week after next. All going on the hike will make the journey on foot.

Montvale was formerly a flourishing mountain resort but is now for the most part deserted. The distance from here is approximately ten miles, about half of which is paved road.

The party should arrive at Montvale about supper time when food will be provided for the hikers. On Saturday night a camp fire meeting will be held according to the usual Y hike tradition. Sunday morning breakfast will precede the climbing of Look Rock on top of which a worship service will be conducted. Upon returning to Montvale Sunday dinner will be ready and will be followed by the trek homeward. It is hoped that all hikers will have returned to the campus by supper-time.

Early next week, a blank will be provided on the Carnegie hall bulletin board on which all those interested may sign up. Men will be included on the hike roster after payment of the 50 cents fee, which represents less than half the amount put forth by the YMCA. The first fifty to sign and pay the necessary fee will go.

Jokes And Student Manners Are Similar After Twenty-Three Years

By Ernestine Ulmer

Twenty-three years ago, the students at Maryville college were undergoing the same ordeal of war that we are facing today. The circumstances were surprisingly similar; the attitude of the students and the morale of the student body was much the same as it is today. Even some of the jokes about rationing and other inconveniences of the last war were like what you might expect to hear around the campus today. Take for instance a joke published in the Highland Echo of January 22, 1918.

"You used to tell me every day that I was sweet enough to eat", complained the beauteous creature, "but now you only tell me that once a week."

"My dear," explains the gallant but patriotic youth, "I was only following Mr. Hoover's instructions as to the conservation of food."

Americans are prone to convert their tragedies into comedy. They refuse to become too serious minded even though they do their share of the work soberly and efficiently. Maryville students in the last war as well as in the present one have accepted the small privations and inconveniences cheerfully and wholeheartedly. They want to do everything possible to help, and through it all there exists a certain optimism and reassurance. They realize that the war will not last forever and that America will not be conquered as long as one good American stands. However, if asked how long the war was going to last, they would probably give a very satisfactory answer such as was published in the Echo of 1917.

Somebody Knows

Absolute knowledge I have none,
But my aunt's washerwoman's sister's son,
Heard a policeman on his beat,
Say to a laborer on the street,
That he had a letter just last week,
Written in the finest Greek,
From a Chinese coolie in Timbuctoo.

Maryville College Begins Colorful Career In Anderson's Log College

By PAUL KOLTER

Now that the year of 1942 at Maryville College has gotten under way and everyone is adjusting himself to the routine of college life, it suddenly occurred out of a blue sky that some of the students might be wondering how it all came about—Maryville College I mean.

It all started way back in 1802, when Isaac Anderson established on his farm in Grassy Valley, a classical academy or "college" as it was popularly called. He named it Union Academy. Dr. Anderson's academy building was an imposing structure thirty by seventy feet, two stories high, containing four large rooms. Built of logs, and heated during the winter by fireplaces, the building became known throughout the county as "Mr. Anderson's log colelge." It stood where the Maryville jail now stands. As a minister, Dr. Anderson had some students in theology, thus it was only a matter of time until he had an embryo theological seminary.

In 1811, Dr. Anderson accepted the pastorate of the New Providence Presbyterian Church of Maryville. When he came to Maryville he brought along his Academy from Grassy Valley which was twenty five miles away.

Among the young men attending the academy was picturesque Sam Houston, afterwards the hero of Texas,—military chieftan and the first president of the Lone Star Republic.

In 1819, Maryville was a mountain hamlet containing a stone church, a log jail, and a cluster of log and frame houses, with here and there an exception in brick. By that time the academy had become the Southern and Western Theological Seminary and was housed in the weather beaten, "Little Brown House". It was here

SATURDAY, OCTOBER 3, 1942

By-line for BY-LAWS

Suppose the freshman class at its coming election should decide to have six presidents, two secretaries, and no treasurer. What's to hinder? Suppose the sophomore class decides to collect just ten cents from the first half of the alphabeted list of members for the year's total dues. Is there any reason why it should not follow that plan? Why does the junior class pay so much for the Chilhowean? Who says what the duties of the class presidents are? Who decides when the classes can or will hold meetings and for what purposes?

Several such problems of parliamentary procedure or student government are unanswerable by any present authority. There are no laws to govern them, not even written customs. Does it seem sensible to continue year after year having wide variations in class conduct, wider still between the different classes?

Last year the senior class collected the fine sum of $5.25, the equivalent of 25 cents from 21 members, for class dues; in the provisions for the publication of the Chilhowean, a clause provides that the dues of the seniors shall be $2.00 per person per year. Each year the senior class sets up $100 as temporary security for the Chilhowean, before the publication of the annual can be undertaken, which hundred could hardly be subtracted from that five dollars collected. The class used money left from their junior year funds. This year the seniors have no such amount left from last year. Is no way provided for collecting the necessary money?

Why should you bother to pay dues? Don't those who do not pay attend all the class parties, have equal prominence in the Chilhowean etc. And what does happen to your dues?

Suppose the class secretary leaves college. What is the provision for having another election? Could just any one call a meeting and say, "Vote yes or no for me for secertary", and get elected? The constitution of the Student Council makes provision for filling vacancies—on the council—. It provides for a general election once a year, but does not say what officers are to be elected then.

It seems wise to draw some definiteness out of somewhere and apply it to the situation. It seems highly desirable and important that each class have a set of by-laws, similar in nature, serving as authority to those interested in or puzzled by procedure of government.

The who and how of making these by-laws is a problem, if some uniformity is desired. Probably the initial start could be taken by the Student Council, a committee perhaps of one senior as chairman, two juniors, sophomores, and freshmen. Members of this group could, by classes, draw up a set of regulations for class government, consulting each other to gain uniformity, and then present the results to their classes for consideration and approval.

Butterscotch

By JORDY MEADOWS

There are fads and fads, but recently on the campus we've discovered the most recent rage has a rather sinister quality, because it bodes well to wipe out the 700 odd students here. But who wants to be an individualist? Come on—join the crowd and get a nice, fat, nasty cold along with the rest of us. You can borrow kleenex from anyone, and bicarbonate is dirt cheap. It's no fun to be healthy this season. And now we take time out for a sneeze and a few sneezettes.

Anyone who wants a very slightly worn, smooth-looking red dress can apply to either Helen Anderson or her roomie, "Crowd" Cain. It isn't democratic to throw anything away that's so new, but the gals swear that the aforementioned creations shall never grace them again. The models under discussion created quite a furor in the dining hall one evening, and every time the two look at them now their faces become slightly purple. Think of your feet. Virginia.

We thought that we'd seen just about everything, but then we took an ethics test and we learned the very bitter truth. And after Thursday morning, we'll actually believe anything.. At approximately 11:45 Dr. Lloyd and the rest of the Ethics class were caught in the middle of a very philosophical discussion on the ancient problem of whether Little Black Sambo had a new hat or a new umbrella. After that was satisfactorily solved, the merits of pancakes dripping with butter were discussed, and then—but you wouldn't believe it anyhow! !

While we're talking about the faculty, we'd like to include Dr. Hunter, who explained to his Old English class that the reason for the question of whether to call our boys serving abroad Yanks or not resulted from the fact that too many southerners could never say that word without attaching a prefix.

Idea of all ideas—the Reed twins got it one afternoon. Now they have an anagram-like arrangement pasted on their door warning all and sundry that the doorknob falls off if the door isn't treated gently. Some of the gals tiptoe past the treacherous thing, but others we've heard whispering have a diabolical desire to play royalty and say regally, as they slam the door violently, "Apres moi, le deluge!"

And why not pass ballots to the fellows who line up to watch the beauties on their way to intramurals? It would be an easy way to elect the Miss Pearsons of the year.

Among the most recent individualists on the campus are the electric bells. They ring anytime and anyplace. F'rinstance, the library the other night. So many thought that it was an air raid warning that some far-seeing folks have decided that a booklet entitled "The Technique and Etiquette of Grabbing a Date for a Blackout", would be in order.

Have you heard the one about the moron who took a yardstick to bed so he could see how long he slept? And this one came from a much-bearded professor of classical Greek—the Greek shepherds worshipped Apollo because he kept the wolves away—they must not have had a national emergency.

During the afternoon that the front hall in Pearsons was being waxed, staircase chefs graced the back steps all afternoon and Kibitzed while the cooks worked. Dinner was no secret that night.

It's been wonderful to have so many visitors again this week. We're all so popular. George Beal and Tom Cragan supplied the glamour of the uniform, and Eloise McNeeley and June Morley simply supplied the glamour! !

It is out at last! The main duty of the secretary of Nature Club is to walk home with the president. And that's good company.

Would that we all were frosh again. Those gals are really going to eat Monday morning. Maybe with some pigtails and a short dress the rest of us could sneak past the ticket office or whatever we would have to sneak past.

And incidentally, we didn't mean to ignore one of our 1942 May Day attendants and a very shining example of virile pulchritude—Bill Grosh to the frosh! And he's plenty smooth in uniform. Francis Harris has scads of pictures of him and for a small sum she might rent them out over 15 minute intervals just the less fortunates to sigh over.

If the needed dues are to be collected, if we are to have a respectable orderly method of procedure, surely some sort of code could be created, considered, accepted, and found useful.

TALK OF THE WEEK ... By Charles Dunning

Joe Dickinson Reads Poetry At Writer's Workshop

At the first meeting of the Writers' Workshop Wednesday at 4:00, Joseph Dickinson read some of his selected poetry. His choices included "Church-Go-er", "City Rhapsody", "Watson Redcliff", an English sonnet type, "The Little People", free verse fragments, "Time Will Not Tell", and "The Death Angel", a fantasy.

During a brief business meeting the members of the Workshop elected the Governing Board and the membership committee. Those elected to Governing Board were, Miss Elizabeth Jackson, Ted Pratt, president, Phylis Anne Cain, secertary-treasurer, and Dick Boyd. The membership committee is composed of Miss Jessie Heron, Dr. E. R. Hunter, Joe Dickinson, and Jean Barnes.

At the next meeting on Wednesday, and Jean Scheibelle.

Presentation Of "Kind Lady" Set For October 23

"Kind Lady" will be presented by the dramatic art division on October 23rd, at 8:00, in Voorhees Chapel, the publicity chairman for the play production announced this week.

The production staff which was also announced this week is composed of business manager, Ted Kidder; stage manager, Don Black; stage crew, Chuck Dunning, Charles Hildreth, P. D. Darrell, and Bud Engel. Nancy Russell will be in charge of properties, Marion Smith in charge of costumes; Ruth Curtis will be assistant to the director. The publicity committee consists of Fred De Pue, chairman, Thelma Richardday at 4:00 in Dr. Hunter's classroom, Miss Jessie Johnson will be the reader.

Secretary of Local C. I. O. Union Will Speak At IRC

The Discussion Group on Current Affairs is turning this week toward one phase of our nation's present economic situation. The problem before the group will be that of man-power. Mr. Jack Wetmore, secertary of the Local C. I. O. Union of the Aluminum Workers, will give an appraisal of the labor set-up at the meeting which will be Monday evening at 7:00 in Bartlett Aud. will give an appraisal of the labor set-up at the meeting.

The theme for this year's discussion group is "Keeping an Intelligent Perspective." In all phases of current happenings and trends, the group's members are aiming to develop well rounded attitudes. Last week Mr. Archibald Pieper gave a talk on "Background for Peace" which combined qualities of vision and realism.

M Shop Uniforms To Go To Australia

Uniforms Made This Month Total $937

The College Maid Shop received its first order from a foreign country for uniforms this week. This order came from a nurse in Australia. Formerly, orders have been received from every state in the United States and all its dominions but none from foreign countries.

A contract from the Great Lakes Training Station was signed May 25 for 300 uniforms "more or less" during the year. Already they have ordered 598 uniforms, and are depending on the College Maids to provide them.

Bonds and Stamps

(Continued from front page)

percentage will be apparent. Accordingly a committee of the faculty consisting of Dr. H. E. Orr, chairman, Mr. F. L. Proffitt, Dr. F. A. Griffitts, Miss Viola Lightfoot, Miss Elizabeth Jackson, and Mrs. V. M. Queener has been appointed to work this out and do the canvassing.

The chairman of the Committee from the Student Council is Natalie Yelton, and the other members are Ted Pratt, and John De Forrest; the International Relations Committee, Malcolm Thompson, Dorothy Lehman and Muriel Geisler on special activities, Dick Boyd and Ben Lynt; from the general student body, Arthur Bushing, Hal Lloyd, Ray Swartzback and Brasher Bailey.

Y. M. Hike

(Continued from Page One)

Equipment taken should not be excessive but should include at least three blankets, a tin cup, fork and spoon, also a flashlight and first aid kit, if obtainable. All men must carry their own packs so should "weigh" carefully any extras included.

Anyone who has had experience in outdoor cooking and desires to give service along that line is requested to contact Ralph Parvin. (room 341, Carnegie).

In June of 1918, the war had become almost too serious for joking. Classmates had gone across and some had lost their lives. The fuel supply was low, and, in an effort to conserve, heat and lights were turned off an hour earlier at Maryville. A somber note was struck in an editorial that month.

"We are at war with the greatest autocracy in the world. Only yesterday fifteen vessels were sunk off the New Jersey coast. German offensive is still a long way from being stopped. Therefore, it behooves all of us, each one that does not want to live under an autocracy, to do his part."

We know what the concentrated efforts of this past generation accomplished. Let us strive to bring about an equally satisfactory peace. Let us all do our part today.

Student Manners

(Continued from page one)

Saying that the niggers in Cuba knew
Of a colored man in a Texas town,
Who got it straight from a circus clown,
That a man in Klondike heard the news,
From a gang of South American Jews,
About somebody in Borneo,
Who heard of a man who claimed to know,
Of a swell society female fake,
Whose mother-in-law would undertake,
To prove that her seventh husband's sister's niece
Has stated in a printed piece,
That she has a son who has a friend,
Who knows when this war is going to end.

Highland Echo, October 16,1917

During the last war a society was organized for the purpose of war relief. The girls knitted in all their spare time even though they were probably not so bold as to bring their work to class or chapel. They called themselves the Equal Suffrage League

"The Equal Suffrage League met in Pearsons parlor, and until lights flashed, knitting needles clicked and bandages were whipped with tireless rapidity."

Echo, November 13, 1917

In November, 1917, the student body of Maryville college accomplished a seemingly impossible task. A half-holiday was declared, committees were appointed; and with the capable help of the faculty, the students collected $2,253.00 for a Y. M. C. A. war relief fund. This was one of the greatest drives ever staged at Maryville.

"One of the most remarkable demonstrations of altruism ever displayed by Maryville college was exhibited last Wednesday morning when the faculty and student body of this institution subscribed the remarkably large sum of $2,253.00 to the Y. M. C. A. war fund."

November 20, 1917

It is interesting to notice that the youth of 1918 were very human in spite of all their problems and accomplishments. They, too, ate at Pearsons, and it is amazing how appropriate an average conversation of our predecessors would seem at one of our tables today. This passage was taken from an Echo of 1918.

Heard in Pearsons Dining Hall—
Why, hello, Tom, did you really get here?
Yes, I—
Pass the bread, please.
We had military drill this morning, but I slept through breakfast and all.
I guess I'll get a—
How about some old lady down there?
Pass some of that stuff up here!
I say, Helen, don't we have any gravy tonight?
No, but——
I'm gettin' dry. How about some more water?
How's Deck today, Zeora?
Oh, he's about as usual.
Is there anymore hash?
Bell taps (plates still rattle). All the girls expecting to use the laundry, see me immediately after supper.
Wha's that he said?
Oh, he's repeating his piece about the laundry.
Wish't I had some more rice.
Tell Jo, she'll borrow it for you.
I wish you'd pass me some (bell taps) wish we could moonshine.

SCOTSPORTS

By TED PRATT

ECHO SPORTS

BEST OF LUCK, COACH!

At a banquet downtown on Wednesday evening, Coach George F. Fischbach was honored by his tennis and swimming teams. Coach has accepted the position of Boys Work Secretary at the Chattanooga Y. M. C. A. and has been at his duties since Thursday. Besides the steaks and hot biscuits, various representatives of the two teams and the Intramural Department paid tribute to Coach Fischbach for his valuable services at the College. The speeches were short and good, expressing exactly what each member of the group would like to have said. Coach Fischbach has, during his eight years of coaching at Maryville, turned out some fine teams. He has been a faithful member of the Physical Education staff. And the Intramural Program, which he inaugurated and developed, is one to be admired and praised. Personally, we haven't ever heard of a more complete, inclusive, or well-rounded system in any college or university. Again may we say that we hate to see you go, Coach, and here's good luck to you in everything you do!

THREE TOUCHDOWNS!

Have you ever had the privilege of traveling on the Southern Railroad? It's a unique experience. It seems to be just one wait after another. That is, when you want to get someplace in a hurry. Have you ever been jolted along for 275 miles and then felt like playing anything more strenuous than a game of checkers or "500"? Well, such is the life of our football team. It was around 4:30 A. M. last Friday morning when two dozen football players climbed out of bed to start on their 275 mile grind to South Carolina. And it was 7:30 that night, about three hours behind schedule—when the Scots arrived in Newberry. They barely had time to pull on their jersies, let alone think of any rest. At 8:00 o'clock the opening whistle called the teams to the field. One was confident, relaxed, rested; the other was nervous, tense, exhausted.

Well, we all know what followed. A tired team allowed the strong Newberry eleven to push over two scores in the first half. Then two costly mistakes resulted in a duet of free tallies for the Indians. The second half was different. The Scotties, relaxed from their tenseness, fought the Indians on even terms and the last two periods were much harder-fought and more evenly matched. It's true that our charging, downfield blocking were poor; true that the pass defense leaked—that our runners had no interference. But don't you think it would have been different if the Scots had been relaxed and rested? We are positive the score would not have been 25-7. The Highlanders were sluggish and lacked energy. If an extra day had been spent on the trip—if they had arrived at Newberry Thursday night with an entire day to relax and "get on their toes"—we believe it would have been a much different story. You come up here, Newberry, and we'll make you fight to win!

WE'RE COMING!

It seemed good to have Taylor, Kramer, and Pepper start practice this week. All three have been more or less inactive and it will be some time before they are in shape for 60-minute football. The scrimmage this week looked a little ragged with plenty of fumbles and poor blocking. But several of the fellows are showing improvement. Frank Kramer, freshman brother of Jack, is getting more than his share of tackles in the daily drills. He's rather small for a guard, but like Jack, his smartness in anticipating plays makes him a valuable player. Frank Still, reserve center, is another freshman who has been in on a lot of tackles. Norris Carr, improving flankman, has shown some ability in knocking down interference. Wiley, who saw service last year, has been switched to guard and is shaping up well.

In the backfield Bob Bayless is showing marked improvement. He runs like a freight train — regardless of who gets in the way. Winton Enloe, frosh tailback from Sevierville, is showing running power too. Defensively, Artie Spears, Bill Wagner, and little Bill Thompson look good.

Old Man Hard Luck has already paid his annual visit to our camp. Bill Long and Elmer White are out with broken collarbones. Ken Talbott, soph end, suffered a pulled knee during the first week of practice and may be forced to remain on the sidelines for quite a while. Mack Wilson and Bob Morton both have minor injuries which may keep them below par in the Chattanooga game. As a whole, though, the Scots are in good shape and we hope they are such next week at this time.

HERE AND THERE

Congratulations and best of luck to Ted Kidder, Layton Bergquist, and Oliver Van Cise who have taken over some of the duties of Coach Fischbach. They all deserve credit for the large responsibility which has been placed upon them.

We told you so! The Cards won the pennant, and we'll say the deciding game will be played in St. Louis!

One thing which this war has not upset as yet are the football upsets!

Physical Ed Classes, Intramurals, Point System Give Opportunity For Athletics to Every Co-ed on Campus

The army may have its WAACS, the navy may have its WAVES, but Maryville has its WAACS and WAVES!

A new ruling this year requires that all upperclassmen—as well as underclassmen—take two hours of physical education per week or participate in the Intramural Program. The girls out for Intramurals have organized themselves into two classes. Those who report for duty each Tuesday and Thursday at 3:00 o'clock call themselves the WAACS. The WAVES are those who come aboard at 4:00 At a meeting September 17 one group of the girls decided that they preferred marching and calisthenics to sports; so a 5:00 o'clock class was organized for them. Those who come out that late in the afternoon have been labelled DOPES—with no connection to the Daughters of the Physical Education System. These privileged juniors and seniors were permitted to join a regular gym class if they found "right about face" and deep-knee bends distasteful. The ambitious ones went out for the energetic point system.

The point system was organized about 10 years ago by Mrs. Verton M. Queener, Instructor of Physical Education for women. A well-rounded athletic program for college women was lacking at that time, and so the point system was worked out to fill this need. Throughout the year the girls play volley ball, tennis, and aerial darts and other sports. They must swim twice a month and hike 42 miles during each semester. Eating between meals is prohibited except at 3 o'clock. Cokes are taboo at all times.

These and the additional requirements are so comprehensive that the rewards are well earned. Those who have made 300 points during the year are given an MC monogram. The girl who has piled up 400 points is awarded a Maryville M. Anyone who has reached a grand total of 500 points is presented with a maroon sweater and an M.

Point system is open to all women students. About 75 girls have signed up this year.

Mrs. Marvin D. Minear, wife of the newly-appointed Assistant to the Treasurer, has taken over three of Coach George Fischbach's classes—tennis, swimming, and play-ground games. Mrs. Minear was a point system girl when she was a student here and was well-known for her athletic ability.

The WAACS and the WAVES may laugh at the DOPES now, but just wait and see how they look after four months of posture-improving exercises. It may be the DOPES who get the most "uniforms" during the Christmas vacation!

Maryville Scotties Attempt Throttling Choo-Choo Tonite

GAME AT 8.00

A terrific battle is expected in Chattanooga tonight when the fighting Scots of Maryville pay a visit to the Moccasins of Chattanooga U. in a renewal of their grid rivalry. Both teams have suffered one setback, but the downstaters are favored because of past records and schedules.

Coach Honaker's battlers will be at full strength for tonight's fray. Co-captain Jack Kramer will be in there for the first time this season. Speedy Charlie Pepper, Coach Honaker's '41 find, and last year's top scorer, Lloyd Taylor, will both be in action against the highly-favored Mocassins.

In spite of last week's setback at the hands of the Newberry Indians, the Scots should not be sold short. The Highlander passing combinations of Oliver Spears to Webb, Rock, or Renfro clicked well in spite of the generally sluggish play of the rest of the team. The Scots can be expected to keep shooting those passes at the Moccasins and some are likely to fall into pay dirt.

The Maryville running attack that proved so useless against Newberry may be one of the Scotties big guns tonight. With a little better blocking and with the added strength of Taylor and Pepper, The backfield looms as a big factor. The coaches have been stressing offense in this week's drill; so sometime tonight the men of Chattanooga U. will probably see a lot of determined running and passing.

The record of Chattanooga speaks for itself. The only defeat pinned upon them last year was a 20-0 set-back administered by strong Georgia Tech and this year's setback came at the hands of a powerful Auburn eleven. Coach Andy Moore has a strong squad this year, but anything may be expected of the clash.

—V—

530 SUBSCRIBE TO CHILHOWEAN

"About five-hundred and thirty cards have been signed to date, and this shows great support on the part of the student body." said Jim Faulkner business manager of the Chilhowean. Fifteen faculty members have subscribed to copies of the 1943 Chilhowean.

Maryville Hands Newberry 25-7 Win

Spears' Pass to Webb Good for Touchdown

The Scots dropped the first away game of the season to Newberry College last Friday night by a 25-7 score. Weary and sluggish after an all day train ride that lasted until one-half hour before game time, the Highlanders were unable to stem a first half passing attack by the Indians that netted the enemy two touchdowns and helped set up another.

For the first half of the game, it was a tired-looking outfit that carried the Maryville colors into the fray. Looking somewhat better as the game entered the final stanzas, the Honakermen held their opponents to one score, but the damage had been done. The sluggish first halp pass defense, the result of the tiresome train ride, had allowed two touchdown passes to slip through.

The lone Maryville tally also came as the result of an aerial Gordon Webb, flashy Scottie end, pulled an armful of pigskin out of the blue on a Spearsto-Webb pass and tripped 25 yards through the Newberry secondary for a score. As a whole, the Maryville pass offense was far more effective than the running attack which had to throw itself through a strong, heavier enemy line. The blocking of the Scots left much to be desired, therefore bogging the attack and keeping the Maryville side of scoreboard on the under side.

The standout on an otherwise slow line was Gordon Webb who snagged the touchdown pass in the second period. The backfield functioned poorly in the first half, but clicked a little better as the game progressed. All of the 24 squad members with the exception of three saw service in the fray.

The game itself was a rough affair with the heavier Newberry boys exhibiting a rough and tumble brand of ball. Ken Andes was the only Maryville casualty. He received a knock-out blow on the cheek, but will be ready for Chattanooga tonight.

The line-ups for the game were as follows:

Maryville	Pos.	Newberry
Webb	LE	Havird
Mitchel	LT	Schofield
Andes	LG	Mills
Breazeale	C	Williams
Garvin	RG	Hughes
Chambers	RT	Bergen
Rock	RE	Hill
Spears	B	Waldrop
Bayless	B	Ott
Morton	B	Hutchison
Honaker	B	Rudd

Substitutions: Maryville: Wagner, Renfro, Enloe, Herzberger, Wilson, Hollingsworth, Spears, Wiley, Gouffon.

Newberry: Mulkey, Parkham, Knight, Minor, Rhinehardt, Cooper, Yancey, Edge.

INTRAMURAL DOPE

WALLACE EASTER TAKES INTRAMURAL TENNIS CHAMPIONSHIP

Wallace Easter, a junior transfer student from the University of Maryland, won the Intramural Tennis Championship Tuesday afternoon at 3:30 on the Memorial tennis courts by defeating Bill Adams in a close match 6-4, 6-4. Easter took the first game of the first set, but Adams came back to take the next four straight. Then Wally came through with the next five games to take the first set 6-4. The second set was a swap game affair until the score was four-up, then Easter took two straight to win the second set 6-4, and the Championship.

Easter began the tournament by defeating Faulkner 6-3, 6-1. Then he took Segraves 6-0, 6-0; Hargrave 6-2, 6-2; Evans 7-5 6-3; and finally Adams 6-4, 6-4 to win the Championship.

Bill Adams, a sophomore student from Hammonton, N. J., got to the finals by defeating Scapellati 6-1, 6-2; Cross 6-2, 6-3; Miller 6-2, 6-4; and Foreman 6-3, 6-2.

The tennis tournament was a big success this year under the capable management of Henry Heaps. All games were run off on schedule and the consolation tournament for those who were defeated in their first match is well under-way. Mr. Heaps has said that he appreciates the cooperation that every one has given the tennis tournament this year.

SIX-MAN FOOTBALL

Six-man football begins next Friday Oct. 9 and is expected to have more participation than the nine-man team of last year. Entries close Wednesday Oct. 7 and our advice is get on a team right away, or better still, get up a team of your own. Eligibility banks may be obtained from Abner Richard, Intramural manager in charge of six-man football this year. Between 15 and 20 teams are expected this year. Some already announced are two teams from Athenian, two teams from Alpha Sig, two teams from Ministerials and an independent team—the "Quakers".

FOOTBALL FIELD DAY

The Football field day entry list has been placed on the Carnegie bulletin board and many have already signed up. Those who have already signed up are: Earl Huskey, Sam Pemberton, Fred Smith, Bill Evans, Bill Henderson, and Bill Segraves. Entries close Monday October 5th so sign up right away.

Football field day will be held Tuesday October 6 on Wilson Field. There are eight scheduled events:

1. Football Target Throw—Forward Pass for Accuracy (3 trials).
2. Forward Pass—For distance. (3 trials)
3. Punt for Distance—(3 trials)
4. Punt for Accuracy — Out of Bounds (flag at spot) (3 trials)
5. Drop Kick for Field Goal (15 yd. Line) (5 trials).
6. Football Dash-length of field for time (1 trial, carrying football)
7. Kick-off for Distance (3 trials)
8. Obstacle Run (carrying football) for time (1 trial).

GOLF

The Intramural golf tournament is well under way this week and all teams must have played at least 18 holes by today as 18 holes are to be played each week. The team (composed of two members) that has the lowest total after playing 54 holes is the winner of the tournament. A total of 36 men entered the tournament, 18 teams. One interesting team is that of Dr. Queener and Dr. Case. Here's wishing them plenty of real success in the tournament.

SWIMMING

The Intramural Swim Meet will come off in the next two weeks (listen for announcement) and we would advise anyone and everyone to be getting in training for the meet. The meet is run off on an open championship basis. At least four practice sessions are required before a student is allowed to participate in the meet.

SPEEDBALL

Yes, dear old Speedball. The season is fast growing to a close and we have had a swell time at our new Intramural Sport. But enough of that; let's look at the standings:

Club League— (Results through Monday Sept. 28.)

	Won	Lost	%
Athenian	5	0	1.000
Ministerials	3	2	.600
Alpha Sigma	2	3	.400
"Y" Frosh	0	5	.000

Independent League	Won	Lost	%
Leathernecks	5	0	1.000
Rangers	3	2	.600
Tornadoes	1	4	.200
Preachers	1	4	.200

The Athenians batting 1.000 and the Leathernecks batting 1.000 will play each other for the College Championship on Monday, October 5. Good luck to all and may the best team win.

Friday September, 26 the Ministerials bowed to the Athenians by a close score of 17 to 18. The undefeated Athenians were practically All-Stars as nearly every man on the team scored. Van Cise and Cooper were their leading scorers. For the Ministerials the Heap cousins played their usual spectacular game, with some help by Joe Suitor with 4 points.

Purifoy and Sweeney starred for the Alpha Sigmers as they took "Y" Frosh with a big score 23 to 5.

In the Independent league Bob Francis was the man of the hour as he raked up 7 of the 14 points the Leathernacks had to defeat the Rangers 14 to 3. And "not so little" Joe "E" Brown scored four big points for the Preachers to help gain a 6 to 4 win over the Tornadoes.

Monday September 28—

The Athenians ran away with Alpha Sigma with a 21 to 6 win. Nearly all the Athenians starred in the triumph.

The Ministerials took the "Y" Frosh 21 to 8 as Lloyd Anderson added his name to Ministerials usual list of scorers—Heaps-Heaps-&-Suitor.

The Leathernecks had their closest game of the season with the Tornadoes but came out with a 9 to 6 win. Bob A. Burd's 3 points on a kick off saved the day.

The Rangers took the Preachers 21 to 6 as "tennis star" Adams, Miller, and Bob Lockwood starred for the Rangers. Miller, Moore, and Crews each got a goalie for the Rangers to help amass the high total.

President Lloyd Announces 1942-43 Faculty Committee

President Ralph W. Lloyd has released the appointments of the 1942-43 faculty committees. The groups listed below are the members of standing committees appointed each fall by the president and having such responsibilities as the titles of the committees indicate.

(Chairmen are named first; other names, as well as the committes, are in alphabetical order.)

Artists' Series—Howell, Davies, Jackson, Vine.

Athletics — McClelland, Black, Honaker, Howell, Proffitt.

Curriculum and Catalog—President, Dean of Curriculum, Dean of Students.

Discipline—E. W. Davis, Howell, E. R. Hunter, V. M. Queener.

Entrance and Advanced Standing—Dean of Students, President, Dean of Curriculum, Secretary of the Faculty.

Faculty Club — Orr, Barker, Case, Cowdrick, Meiselwitz, Williams.

Forensics — Queener, Briggs, Johnson, Pieper.

General—President; Deans of Curriculum and Students; Directors of Maintenance and Student-Help; Secretary of the Faculty; Supervisor of Men's Residence; Supervisor of Women's Residence; Treasurer.

Honors Work— Hunter, Case, Davis, Howell, McClelland, Orr.

Library—Ellis, Barker, Green, E. R. Hunter, Proffitt, V M Queener, Sisk.

Recommendations and Placement—Smith, Griffitts, Henry, McClelland.

Scheduling of Activities—Deans of Curriculum and Students, Supervisors of Men's and Women's Residence, Chairman of Fine Arts Division, Director of Athletics.

Student Business Management—Henry, Black, Case, Gates, Walker, Griffitts, Williams.

Student-Help—Director of Student-Help, Dean of Students, Orr, Treasurer, V M Queener, Snyder.

Student Programs—Dollenmayer, Armstrong, Collins, Snyder, West.

Student Publications—Griffitts, Bassett, Case, Shine.

Special and Joint Committees—As appointed: such as the "Pep" Committee, Social Committee, Committee on Permissions as to Room and Board.

The following committees are also appointed by the President except as otherwise indicated. Other more temporary committees are appointed as occasions require.

Appointment of Business Manager of Highland Echo (Joint Faculty-student committee)—Faculty Committee on Publications and a representative of the Faculty Committee on Student Business Management.

Executive Board of the Athletic Association— (Joint faculty-student committee)—Director of Athletics (Honaker); Chairman of Faculty Committee on Athletics (McClelland); (two to be elected by students).

Faculty Reception (1942)—N. B. Hunter, Meiselwitz, Smith, Presidents of YWCA, YMCA, and Student Council.

Pep Committee—(Joint faculty-students committee)—Heron, Pieper.

Permissions as to Room or Board—Dean of Students, Director of Student-Help, Supervisors of Men's and Women's Residence.

Social Committee—(Joint Faculty-student committee) — McClelland, B. H. Brown, Cummings, E. R. Hunter, Snyder.

Student-Faculty Committee — President, Barker, Carson, Gates, E. R. Hunter, Johnson, McClelland.

Student Volunteer Advisor — Black.

Students' Use of English—E. R. Hunter, Bassett, Williams.

Welcome at Opening (1942)—Smith, Gates, Green, Johnson, Stellwagen, Stevenson.

YMCA Advisory Committee—(Joint faculty-student committee; each year one elected by the Advisory Committee itself, and one appointed by the President of the College) Case and Sisk (Class of 1943); McClelland and Orr (Class of 1944); Gates and Walker (Class of 1945).

YWCA Advisory Committee—(Elected by YWYCA Cabinet)—Miss Bassett; Mrs. Cummings and Mrs. Dollenmayer (Class of 1943); Mrs. Barker and Mrs. George Brown (Class of 1944).

Log College . . . .

(Continued from page one)

a class of five gathered to recite. In 1820 a small unfinished two-story brick building that had been intended for a female academy, was purchased. The building stood on the half lot at the east corner of the two lots on which the New Providence Presbyterian Church now stands. The building was of brick, two stories high with six fireplaces. The six rooms served as a dormitory, library, and recitation rooms. In 1824 a Boarding-house and Farm were purchased. In 1835 a new frame building was built. In 1849 this frame building was removed to make way for a the rearing of a College edifice. The catalog of 1854 describes the building thus— "a handsome brick building soon to be completed, three stories high containing at present a chapel, four recitation rooms, study and lodging rooms to accommodate sixty of seventy students, and two halls for the literary societies." But this building was never finished; for the Civil War began and halted all. At the beginning of the war the real estate of the college consisted of two half-acre lots with three buildings—one wooden (the boarding house), one small brick, and the large brick unfinished. The library contained about 6,000 volumes. On April 22, 1861, less than a week after the beginning of the war the last chapel exercise was held. Thus the college was suspended "on account of the state of armed hostilities of the country."

In 1865 after the war ceased the unfinished brick building was all that was left of Maryville college. The College had served both armies as barracks and stables for four years. The other buildings had been burned for fuel and the brick one torn down to make ovens for the soldiers. Not only was the remaining building a wreck; it did not even belong to Maryville College; it had been sold during the war for debt.

Professor Lamarr, the sale sur- the college. The present site able to secure the aid of William Thaw of Pittsburgh and John C. Baldwin of New York and others to secure a new site for for the college. The present site was purchased, and in 1868 the President's residence was built, and the foundation of Anderson Hall laid. In 1870 Memorial and Baldwin Halls were begun and finished for use in 1871. So rose the College of the campus of College Hill, now boasting of three large buildings that had cost $50,000 besides the president's home.

Now we had a president, two professors, three lady teachers, one graduated tutor, two student teachers, an unprecedented enrollment of one hundred and thirty-one students. And did we not have a brick walk all the way from Memorial to Baldwin, where there was a boarding hall with fifteen boarders, and where there were also several basement kitchens in which, as in similar kitchens in Memorial, the students "batched" to the prejudice of their health and to the benefit of their pocket-books? Did we not have six recitation rooms and two society halls and a chapel forty feet by fifty, lighted by big chandeliers of oil lamps?

Later a period of expansion developed. In 1888 a Japanese boy, seventeen years old, came to Maryville for an American education. He was named Kin Takahashi; he became our first football captain, and was nicknamed by the boys on the team "Kentucky Hossie". Although his father was a Shintoist and his mother Buddhist he became a Christian and became one of our most effective YMCA leaders. In 1894 he began a campaign to build Bartlett Hall, raising money and even with the aid of the college boys made over 3000 bricks to be used in the building. In 1899 the College aided the builders and completed the building. By 1898 Mr. Fayerweather provided for a two story science hall. A gas plant was installed. With the aid of Mr. and Mrs. Voorhees of New Jersey, Voorhees Chapel was erected in 1906 to accommodate the increasing Student body.. In May, 1910 the Lamarr Memorial Hospital donated by Mrs. Lamarr was dedicated. Pearsons Hall was erected by Dr. Daniel K. Pearsons to be the dining hall which had outgrown Baldwin by now and to be used as girl's dormitory on second floor. Carnegie Hall was built in 1910 and the most costly building on the Hill. By 1913 an anonymous friend had contributed for a Home Economics Department which was built in 1913. The third-story annex to Pearsons hall was erected in the previous summer. According to the plans of Kin Takahashi, the Bartlett hall and Swimming Pool were provided for and both were built by 1915. On April 12, 1916 the only serious fire the college ever had destroyed Carnegie hall. The people of the town generously took into their homes the homeless students until a bigger and better Carnegie was built in 1916 through the aid of the townspeople. Thaw hall contributed to largely by Mrs. Mary Thaw was started in 1920 and finished in 1922. On Thanksgiving Day 1923 the new alumni gym was dedicated.

And so it is Maryville College has accumulated over the years. Other additions have been made too numerous to mention; but if you get inquisitive as to the particulars of it all, why don't you all visit the library and read Mr. Wilson's book "A Century of Maryville College and Second Century Beginnings." Get acquainted with your college history!

VOLUME 28 MARYVILLE, TENN. OCTOBER 10, 1942 NUMBER 6

Dr. Sigmund Skard, Norwegian Writer Will Be Chapel Speaker October 14

Lecturer Escapes German Enemy Lines

RARE EXPERIENCE

College Hopes To Present Visitor In Three Lectures

A Norwegian writer, scholar, and former Librarian of the Royal Academy, Dr. Sigmund Skard will be the speaker at Maryville College Chapel, Wednesday, October 14.

Dr. Skard fled from Norway after the Natzi invasion, finally reaching the United States, where he now gives his time as a lecturer and a consultant on Scandinavian culture at the Library of Congress. He was a prominent writer and scholar in Norway, active in many fields of Norwegian cultural life and publisher of numerous books, pamphlets, articles, translations; and poems.

For several years Dr. Skard taught literary history at the University of Oslo, and in 1938 was appointed Librarian of the Royal Academy of Trondheim. He was at his post as Royal Librarian at the time of the invasion in 1940 and remained to take care of his library for several weeks after the city was occupied. He finally slipped through the enemy lines and made a trip on skis over the mountains to Sweden. He was able to gather his family in Stockholm and with them made an adventurous journey three quarters of the way around the world through Moscow, Siberia, Japan, and the Pacific and the Panama Canal to Washington.

Dr. S. Skard is lecturing in the United States under the Norwegian Lecture Bureau in Cooperation with the Norwegian Embassy. His appearance here was possible because he is to be in the South at this time and has one open day.

In addition to the Wednesday morning Chapel Service this noted speaker will probably give two other lectures during the day at hours to be announced later.

DR. SIGMUND SKARD

First Meeting Of Glee Clubs Tuesday

Messiah Practice Will Constitute Their Fall Program

A joint meeting of the men's and women's Glee Clubs for the purpose of reorganization has been called for Tuesday, October 13, at 7 P. M. in the chapel. The first meeting will be used for organization and tryouts.

The clubs will go immediately into practice for THE MESSIAH, after which they will go into the lighter work of chorus and glee club arrangements of secular and popular songs.

Assistant Professor Richard Vine said that no further plans had been made, and that nothing could be said about the hopes for the year except that they did intend to hold the customary Spring Concert.

Last year the clubs had a combined membership of about one hundred. It is hoped that Tuesday night will bring a big crowd out to start a successful new year for the singers.

Air Raid Wardens Make Preparations For Blackouts

At a meeting last week in Pearsons hall, the air raid wardens received instructions to be followed in case of a blackout. In the meeting, presided over by Mrs. Grace Snyder and Mrs. Evelyn Queener, the group discused having a practice blackout.

The sector wardens are: second floor— Marguerite Grissett and Barbara Lorentz: third floor—Betty Hains, Marian Schanck, and Margaret McKirdy; fourth floor—Marian V. Williams, Marguerite Taylor. Ward warden is Ollie Welsh.

Changes In Meal Prices Announced

The College has announced that the prices paid by visitors for meals in the College dining hall will hereafter be as follows: Breakfast 25c, Sunday dinner 50c, other meals 35c, each.

Attention of all students is called to the fact that visitors and guests are expected to pay whether or not there are vacancies or students absent, just as at any restaurant. Evidently there has been some misunderstanding on this matter for some students sometimes bring guests without reporting or paying for their meals.

The College hesitates to lay upon those in charge of the dining hall the embarrassment of approaching guests for payment. It is requested therefore that all who bring guests speak to the dining hall manager about the matter.

Mrs. West Presents 'The Moon Is Down'

Theta Alpha Phi Begins Play Study

Theta Alpha Phi presented its opening of the year on Friday night, when Mrs. Nita Eckles West, Associate Professor of Dramatic Art, presented a reading of "The Moon Is Down", by John Steinbeck. This is the first of a series of modern play study which will compose the program throughout the year.

Theta Alpha Phi is an active organization on the campus. It's purpose is to promote interest in dramatics, and it is a member of the National Honorary Dramatics society.

This year's officers are: President, Bette Clevenger; Treasurer, Ted Kidder; and Secretary, Charles Dunning.

Repertoires Of Music Groups Are Announced

Several Positions Still Vacant In Band Membership

Mr. Richard W. Vine, assistant professor of music announced this week the selections which the College Choir will sing during the year. The Choir was recently enlarged by the selection of several new members. Among the songs which the new enlarged Choir will sing are: "Beautiful Saviour", a special arrangement of the Crusader Hymn for an eight part choir; "Sunbeam out of Heaven", arranged for a six part choir; a four verse suite entitled "From Grief to Glory" with the four verses, Decadence, Love in Grief, Spring Returns, and Life"; and "Clap Your Hands," a song of praise.

The above mentioned numbers were arranged by F. Melius Christiansen. "Now We Thank Thee Lord" by Carl Mueller and the Cherubic Hymn by Tschaikowsky will also be among the selections to be used by the Choir.

At present the band is learning some new concert numbers among which are "Eroica" by Beethoven, Themes from Wagner's Overtures, and "Dedication," by Fraingkiser. The band has also acquired several new marches and selections among which the most popular is "Johnny Doughboy Found A Rose in Ireland." The band is indebted to Dean Stiles who donated and dedicated to the Maryville College band several new marches among which Boston Commandery and 136th Field Artillery are the most popular.

Mr. Vine has announced that there are still positions open for bass horn, trombone and clarinet players. Anyone who can fill one of these positions should get in touch with him as soon as possible.

The Maryville College Symphony Orchestra has been rehearsing for some time already. At present they are working on some of Strauss's Waltzes, "Tales of the Vienna Woods;" "None Bpt the Lonely Heart," "Emperor Waltz"; The overture to Figaro, and Waltz by Tschaikowsky.

Radio Vespers Is Temporarily Discontinued

Mr. James R. Smith, Public Relations Secretary, announced Thursday that the Maryville College Radio Vespers would have a vacation from the air for a few weeks. This program, which is usually heard at 5:00 each Sunday evening will be discontinued for a time.

Announcements concerning resumption of the broadcast will be made sometime in the near future.

Miss Wright Offers New Maryville Map For Sale To Public

Library Interior To Be Improved With Proceeds From Sale

This week a decorative and useful map of the City of Maryville was published and made available to residents of Maryville and Alcoa. This up-to-date Maryville map is the product of several months of compilation and assembly by Miss Nathalia Wright, of the College library staff. It has been prepared for sale, the proceeds to be devoted to a fund for improvements in the college library. The map is being sold at fifty cents a copy; the results of the sale will go toward a "painting fund" for the library. On Monday the maps will go on sale in the College Book store; they will also be sold at Wright's store in Maryville and at the Chamber of Commerce.

This map, eighteen inches square and attractively printed in brown ink on a buff paper, includes the new street names adopted by the City Planning Commission in 1941, and sections outside the corporate limits—Creekwood, Home Avenue, the College Woods, and part of Alcoa. It locates schools, hospitals, churches, cemeteries, springs, electric transmission lines. The border carries a legend giving information concerning the population and rainfall, early residents, the erection of Fort Craig, the founding of Maryville, and the establishment of Maryville college.

The legend bordering the map proper brings together much information on the history of Maryville not available elsewhere. Here is material on the beginnings of Maryville—the old Indian War Trail, the early forts, the settling of East Tennessee and Blount County, facts regarding the establishment of the New Providence Church and the founding, in 1819, of the Southern and Western Theological Seminary, which later be-

(Continued on Page Two)

Mrs. Snyder To Visit Son In New York City

Mrs. Grace Pope Snyder, Dean of Women, left Friday, October 9 on the "Tennessean" for New York City to visit her son, Sgt. Miles Snyder of the Signal Corps. U. S. Army. She will probably return to Maryville on Tuesday evening, October 13.

Mrs. Snyder is making the trip at this time because she wishes to see her son while he is still "accessible". Fearing that she might not see him at Christmas time, she is taking this opportunity for a visit with him.

Sgt. Snyder is studying frequency modulation in the Bell Telephone Laboratories. He will have finished his course by October 21 and expects to be transferred elsewhere for duty. His rank is that of sergeant technician. Previous to the present course, Sgt. Snyder was in a radio school in Kansas City, where Mrs. Snyder visited him this past summer.

Pi Kappa Delta Question Chosen

Varsity Debate Class Programs Get Under Way

Pi Kappa Delta will have as its debate and discussion question for this year, resolved: That the united nations should establish a permanent federal union with the power to tax and regulate commerce, to settle international disputes and to enforce such settlements, to maintain a police force and to provide for the admission of other nations which accept the principles of the union.

The Varsity Debate class programs for the next two Tuesday evenings and for next Wednesday afternoon are as follows: Tuesday, Chairman, Muriel Geisler; Time Keeper, Paul Jamarik; Speakers and their topics, Edith Monroe—"Civilian Defense Program"; Dick Boyd—"Self Government and India"; Margaret Clippinger, "The Director of Economic Stability"; Bill Henderson—"The Russian Front"; Marvin Gass—"The Place of Politics When the Nation is at War". For Wednesday—Chairman, Natalie Yelton; Time Keeper, Bill Evans; Speakers and their topics, Georgia Meadows—"Progress of Scrap Drives"; Fred De Pue—"The Black Market in Steel"; Nancy Russell, "Morale in Germany"; Cecil Eanes— "The Shortage of Machines"; Paul Cooper, "The Present Attitude of Labor in War Industries". For the following Tuesday-Carolyn Eberhardt —"Chinese Military Strategy"; Robert Huber — "Washington Merry-Go-Round"; Guy Lambert—"Our Goals in Production"; and Ben Lynt—"The Second Front".

Miss Henry Reports 298 Participate In Self-Help Program

Miss Clemmie Jane Henry, Director of the Student Self-Help program, has announced a report of the Maryville College students who are participating in the student self-help program.

A total of 298 students are working at present. This number includes 199 women and 99 men. The total number of students working during the school year 1941-42 was 449, including 270 women and 179 men. More students will probably participate in this year's work program, Miss Henry believes, as the school year progresses.

As divided into sections, the present number of students working in this program is as follows: in the maid shop, 49; on the campus, 30; janitors, 48; in the dining hall, 85; student assistants, 53; and office assistants, 23.

Freshman Class Elects Officers In First Balloting Of Year

Positions Filled By McDaniel, Duke Davis And Seel

COUNCIL OFFICIATES

Also Elect Four New Members To Student Council

Wednesday morning after chapel the freshman class held its initial meeting in Bartlett hall auditorium. The purpose of this meeting was to elect class officers and four student council members. Brasher Bailey, president of the Student Council, presided over the meeting. Nominations were made Wednesday and the final run-off of the election was held all day Friday.

Fred McDaniel was elected president. Fred will probably be a political science major, is a potential member of the basketball team, and a member of Athenian society. He was born in Mississippi, but has lived in Cleveland, Ohio, and now gives his address as Lenoir City, Tennessee. The southerners may claim this year's class president. "Pete", as he is sometimes called, is interested in dramatics. In December he will be 20; so the Army Air Corps may have first choice on the new president.

Hannah Duke, a chemistry major, from Arlington, Texas, was elected vice-president. Hannah was recently chosen one of the freshmen apprentices on the HIGHLAND ECHO and is a member of Bainonian society. She attended summer school here and was on the honor roll.

From Sturgis, Kentucky, comes Rebecca Davis, the newly elected secretary. She has not yet decided what field of science she will major in, but she wants to be a medical missionary to South America. Rebecca is a member of Theta Epsilon, the German club, and is out for point system.

The new treasurer, Bob Seel, is from Bradenton, Florida. He has lived all his life except the last two years in South America, where his parents are missionaries. Bob is majoring in chemistry and wants to teach it sometime. He is a member of Athenian, works on the campus, and is taking voice lessons.

The four new Student Council members are: Catherine Sisk, Mary Ella Fletcher, Bob Barker, and David Briggs. Catherine lives in Maryville and says she will probably be a science major. She is a member of Bainonian society, the glee club, and Student Vols. She is also taking private voice lessons.

Mary Ella, better known as "Mardee", is an art major from Westfield, New Jersey. She wants to be either a sculptress or an illustrator of childrens' books. Mardee is a member of the Nature Club, Glee Club, and Theta Epsilon. She is going out for point system and is taking freshman debate.

(Continued on Page Two)

President Lloyd Observes Fiftieth Birthday Tuesday

Friends Extend Congratulations For Years of Achievement

"Dear Sonny: Your great grandmother hopes you will live to be a fine young man." This is the telegram President Ralph Waldo Lloyd received on his fiftieth birthday from Mrs. John Walker, (ninety years old last April), who lives at Morningside in the College Woods, but is visiting now in Pittsburgh, Pennsylvania.

The whole observance of Dr. Lloyd's birthday came as a total surprise to him, from the bowl of crimson roses which the faculty presented and the 600 student voices raised in song as he entered Chapel Tuesday, to the one hundred and more letters of greeting, and telegrams he found waiting on his desk. Coach Lombe Honaker, Chapel leader, extended a humorous but sincere wish for happiness from the students and faculty.

In the evening the Lloyds had a small family dinner party in the President's honor, with a birthday cake centering the table.

Dr. Lloyd was born in Friendsville, Tennessee on October 6, 1892, of Quaker parents. He received his A. B. from Maryville College in 1915, and his D. D. in 1929. In 1924, he received his B. D. from The McCormick Theological Seminary, and in 1940 his LL. D. from Centre College. Immediately upon graduation from Maryville, Dr. Lloyd accepted a position in Salt Lake City, Utah, as an instructor and athletic coach. He was a First Lieutenant in the Field Artillery in the U. S. Army during World War I after which he became assistant to the President of Westminister College. Ordained in the Presbyterian Church of the U. S. A. in 1923, Dr. Lloyd has had pastorates in Ossian, Indiana; Murphysboro, Illinois; Pittsburgh, Pennsylvania, and both in 1930, and again in 1935 he was selected Interchange preacher to Great Britain. Dr. Lloyd has been at Maryville College as President since November, 1930.

TRIANGLE CLUB

The Triangle club will have its first meeting of the year Monday night at 6:45 in the YW rooms. This club is for all students from the states of New York, New Jersey, and Pennsylvania. There will be a surprise program. All visitors are welcome.

Echo Survey Reveals Many Kith And Kin Combined on Maryville Campus

By DOROTHY DICK

Now, that the sophomores have duly advised the newly oriented freshmen on things they should and should not do, and the juniors and seniors are gradually getting accustomed to the respect accorded them as upper classmen, it might be of interest to consider just who is related to whom on the campus.

After a survey of this group of Northerners, Southerners, Easterners, and Westerners was made, it was found that Tennessee leads the roll of states with more 'kith and kin' in school than any other state. Mary Ruth and Bettye Baker, Billie Ruth and Doris Wright, and Virginia and Phyllis Anne Cain are the groups of sisters from this illustrious state. The brothers from Tennessee include William and Frank Bradford, Jackson and Frank Kramer, James and Sam Wilson, and Sam and Olson Pemberton. For variety's sake, we have two brother and sister combinations, George and Ella Jane Callahan, and Jean and William Tarwater from Tennessee. Special recognition for towns within the state goes of course to Maryville. Besides having three sets of brothers here, Robert and Donald Barker, and Oliver and John Spears, top honors are awarded Maryville for the unusual Proffitt combination. Did you know that another set of twins, Elizabeth and William Proffitt enrolled this year to take the place of their twin sisters, Margaret and Mary, who were graduated last year? To keep them from getting lonely up here so far from home, two of their cousins, Neil and Oscar Proffitt, are enrolled also. Catherine and Frances Sisk, and Junea and Mable Raulston complete the list of Maryville family representatives.

New Jersey and Ohio are tie for second place in this family group, although New Jersey really has the edge over Ohio, since Wilbur Chapman's brother Charles recently left school. Lauramae and Muriel Weber are the only sisters from Ohio, but there are two brother and sister combinations, Ruth and her red-headed brother, Howard Meineke, and Jean and William Ford. The brothers, Leroy and John Dillener

(Continued on Last Page)

Dr. Vance Will Visit Maryville Campus Oct. 18-21

Arrangements have been made with Rev. Joseph A. Vance, D. D. LL. D., recently retired as pastor of the First Presbyterian Church of Detroit, Mich., and for many years one of the leading Protestant churchmen in the United States, to spend three days on the Maryville College campus, beginning Sunday, October 18.

The details of his schedule have not been worked out, but it is hoped that he will arrive in time for the Sunday vesper service and remain until after the Wednesday morning chapel service, speaking at both of those times to the entire College.

A schedule of lectures on some phase of religion and modern life is being planned for Monday, Tuesday, and Wednesday. Further announcements will be made by the end of the week.

Sophomore Describes Complaint Of Grumpy College Campus Grumblers

By LUCILLE CATHEY

Most all college campuses have them; in fact, they make a specialty of them. For wherever you find a bunch of young dignities accumulated together for the purpose of becoming educated, there you will find a bunch of grumpy grumblers. It should be made clear at the first, however, that Maryville College, being on a hill, is entirely immune from these annoyances, and no insinuations at all are directed at its inhabitants.

These grumblers evidently aren't hurt with laziness for they're always on the alert to catch the least chance to grumble about something. As for running out of subjects, why, there are subjects galore.

For one thing, there's so much to do they don't know where to begin, so, just sit and talk about it and wait for all life to become a bed of roses lined with chocolate lollipops and letters from home. That's something else. Miss Grumbler's folks never write to her. And when they do write, two letters come on one day and then no more for weeks.

Yet, there wouldn't be so much to complain about, if it weren't for the teachers and those too long assignments for every class. "Why, the Spanish teacher expects us to translate three hundred and fifty pages this semester, and it has taken me the whole month of September to do five." Someone also remarked that he thought it was asking enough to have to stay in Chemistry lab all those tortuous hours, without the associate professor asking if he could have their sugar rationing books. Of course, it would all be used in experiments but still, sugar is a rarity this day and time.

Then in some schools you hear of, it isn't good form to like the food, so the grumps are right on hand to run the food down. That can be taken literally too, for such creatures have an enormous appetite and even though the food is "simply terrible" it doesn't go begging.

Our Part

Our leading industrialists and others say—"Production will win this war." . . . And they are right. Yet others, particularly in the last few months, have challenged the productionists, declaring, "If we cannot get the fruits of our enormous productive machine to the fighting fronts, the war is lost." And they are right too. In a global war transportation is of primary importance. Still another group think it utterly absurd that any war activity be placed above the strategy and genius of our military force and leaders.

The truth is found in all of these—but only partial truth; the complete truth is found in the unity of the whole expanse of activities that make up our national effort. Every single citizen whether he be soldier, sailor, worker, student, must do his utmost before victory can be assurred. Everyone working and striving for one goal is the route we must travel.

And just what would be the utmost of the six hundred fifty citizens who comprise our campus? Our part must fall on the financial end, which after all is fundamental to the others. There is really nothing else we can do. When the extent of our service must be the buying of a few stamps and bonds (which will really be an investment) it makes us want to do that much with vengeance.

Compared to enduring the rigorous training of our armed forces, to facing the horrors and torture of modern warfare, or the heartache and tragedy that many must, our part seems hardly worthy to be termed a sacrifice. Nevertheless if it is our utmost, buying one ten cent stamp a month is invaluable.

Whether it be a ten cent stamp a month or a bond a month, we on the campus of Maryville College want to be able to say that our student body is 100 per cent American and 100 per cent behind our country in bringing our Army, Navy, and Marines to ultimate victory.

—P. A. C.

From This Corner

By BEN LYNT

One For The Books

Realizing only too well that perhaps no more than three people—including the proof reader — will ever read what is printed here between these column-markers, I'm going to take a flying leap off the deep end on a subject which I feel ought to affect everyone in the school, stamp drive or no stamp drive.

Our football team has won one and lost two. "Not very impressive," you say, and maybe it is a bit difficult for long-distance spectators like ourselves to explain to the folks back home, but, there are a few things you may have over-looked.

As an ordinary layman, I must admit that my knowledge of the game is extremely limited, but I do know that what the average spectator will see tonight on the football field is not the whole story of football; rather it is a demonstration of the end products of a great deal of hard work, taken on voluntarily without pay, and administered by coaches Honaker and Davis in two-hour doses daily.

The football squad this year is a hardworking squad, as all squads must be. They have done a rather commendable bit of work thus far this season, and if they never played another game most of them would have earned a letter this year as far as I am concerned.

The game last week closed with a lopsided score and with our team on the short end, but I know that our team did not give up and that in one instance, during the game, they carried the ball down to within easy scoring distance against Chattanooga's first team . . . and that was real ball playing.

The men on the squad work hard and long to get into shape for their sixty minutes of play one night a week. Go out and watch them some afternoon and then remember that the only visible reward they get during the season for their efforts is the encouragement from the stands during game time. If you haven't heretofore found time to learn the school yells, or cared to yell if you knew them, learn them and give the tonsils a workout tonight. It will be appreciated, and well-deserved.

Butterscotch

By JORDY MEADOWS

Our reputation has been established—such as it is—for those killer-diller moron side-splitters. In fact, we think that this one deserves a place of importance. If you've heard it before, just laugh again. The tale commenceth with the inevitable twosome and two horses of which number they each owned one. They spent literally ages trying to decide how to tell the horses apart, and then with a flash of inspiration they decided to cut one of the horses' tails off. The act was accomplished, but the next day the tail of the other horse had fallen off. They did the same thing with the mane of one horse, and the mane of the other horse fell off. At this point the morons went into a heavy conference over their difficulties. Then they sat down and started to stare at the horses. At long last they agreed with a little hesitancy that the white horse was just a trifle larger than the black one. So endeth the tale. Now resume speed and you will find that a moron is what you would be warmer in the winter of you would put—!

The frosh are still cutting up in typical fashion, and we stumbled on a priceless scene in the bookstore the other day. One of the fellows from the freshman class was in the store trying to get a book that he needed for a Bible class under Mrs. Cummings. He said that he simply had to have the book for the class that was starting in about five minutes, and all the blase book-sellers were tearing around frentically trying to find it for him. It seems that the name of the book had slipped his mind. Finally, in despair, he said that he would have to go because they were going to have a test in the course. Then, setting an example of superhuman control that should ring down through the ages, one of the gals reached behind her, picked up a blue book, and told him that was what he wanted. She collected his penny, and then she went off in a corner to have a nice, private, nervous-breakdown.

Dr. McClelland is a man of many talents if phone-calls are any positive proof. The other day someone called in a frantic message to his office that they just had to have the doctor come immediately to set a broken arm. It took quite a bit of persuasion to convince the individual that he would be better off if he would call someone who had even had a little first aid.

If absent-mindedness is any indication of genius, then Gracie Jarnigan has what it takes to carry on a blissful conversation with Einstein. She went tearing in to a class in Mr. Dollenmayer's room, sat down, and calmly ignored his strange glances. Finally he called her up to the front of the room and asked her to look around. She looked and then said that she was sorry that she was late if that was what he meant. Then she noticed unfamiliar faces, and it finally dawned on her that she had hit a frosh Bible class and she herself was supposed to be in a class that was meeting in Thaw. Practically the next day Gracie wandered into one of Dr. Gates' classes—late as usual—sat down, realized that she was in the wrong class—again— and told Dr. Gates to go right ahead lecturing—she didn't mind. Gracie just sat there and waited until the next period when the class she was supposed to be in started. P. S. She finally finished her sweater for 'the' soldier!

One of the trips you simply must take is over to the chemical lecture room. Take a pair of dark glasses and view with discretion the dazzling beauty of the radiator that roommate William painted under the watchful eye of the venerable Doc Griffitts. Notice to art majors—get to be chemistry assistants. Incidentally, the paint was distributed elegantly on two of the other registers, but they shouldn't be hard to find if you happen to be in the mood to view beauty in the raw.

And it was a wonderful time that was had by all at the birthday party for Bob Morton recently. The lucky boy got a beautiful addition to his doll family. They even had pink and white bows on the backs of the chairs. In the line of birthday parties, didn't we all have fun at Dr. Lloyd's! !

TALK OF THE WEEK ... By Charles Dunning

Frosh Elections

(Continued from page one)

Bob Barker is another town student. He is also a science major and a member of Athenian society. Bob is taking freshman debate and is on a speedball team. During the summer he worked on the campus with Brownie's crew.

David Briggs is the fourth new Student Councilor. He too is from Maryville, but he is rooming in Carnegie. Dave is out for football this fall; and he is a science major. Dave could not be reached at the time of the writing, so no other information could be found about his college career, except that George Callahan is his roommate.

—V—

Campus Grumblers

(Continued from Page One)

Have our grumblers run out of complaints so soon? Definitely no, for you can always talk about the weather, and what weather! You have to go all the way down and across the street to be in chapel at 8:10 on some of these mornings. You can get used to that, but just as the red flannels and you are good pals, it turns spring again. The grumps think the weather is as inconsistent as some people they know.

No mention has been made of what the grumblers have to say about the unjustness of mid-semester examinations, having lights cut out at either 10:30, 11:00, or 11:30, and hardly no dates after 7. Still there is the satisfaction of getting to study in the library at night, but complaint number eighty seven, they won't let you talk and by-grumpy, who likes to whisper?

Any resemblance, what-so-ever, of these grumpy growlers to any such on Maryville College campus is purely coincidental; for after all, grumbling is half the fun of living.

Maryville Map

(Continued from page one)

came Maryville College, mention of such famous residents as Mrs. Pershing, Sidney Lanier, and Sam Houston, a story of the city charter, a list of books laid in the vicinity of Maryville.

Miss Wright consulted various sources in preparing the map, including Will A. McTeer's "History of New Providence Presbyterian Church," Samuel T. Wilson's "A Century of Maryville College," The Federal Writers' Project's volume on Tennessee, and an unpublished thesis on the history of Blount County from the University of Tennessee.

John Sevier's Diary told of the visit of the Duke of Orleans, later King Louis Philippe of France, to Maryville in 1797; and Mr. W. H. Parham contributed details on Maryville's part in the Civil War. Officials in the city offices and in the United States Weather Bureau at the Airport supplied the figures on the area, population and rainfall.

This attractively designed and carefully prepared map fills the need for an up-to-date guide to the growing City of Maryville. Such a map is not only serviceable, but also makes a desirable souvenir, especially for college students, many of whom may never see this section again. Buying the maps, too, will help renovate the library.

Thaw hall is generally regarded as the most attractive hall on the Hill, and it has been considered desirable to bring about certain improvements in the library to bring out the beauty of the lines and columns of the room.

—V—

The French Club is working for a more varied program this year. A dinner is being planned for sometime in the near future, and an effort is being made to secure some French films.

Governor Presents Wings to Son

Governor Herbert H. Lehman of New York is shown shaking hands with his son Peter Gerald Lehman, after awarding him his wings at the graduation ceremonies of a Canadian Service Flying Training School in Ottawa, Canada. The younger Lehman enrolled in the Royal Canadian Air Force before Pearl Harbor.

Nu Gamma Supper Held In Woods

Worship Service Conducted by YW

The annual Nu Gamma breakfast, which was planned for last Monday morning, was held in the form of a picnic supper that same evening. About 150 new girls, including both freshmen and transfers, were invited to attend.

The worship service was held with the participants seated facing the creek at the picnic grounds in the college woods. Hymns were led by Becky, Jones. Billye Ruth Braly read Psalms 24 and a few nature poems. Phyllis Taft, a freshman from Brooklyn, New York, supplied special music by playing "Into the Woods My Master Went" by Sidney Lanier on her clarinet. The worship service was closed with prayer.

Each of the fifteen Nu Gamma groups gathered around its own fire and cooked bacon and eggs. Hot coffee and doughnuts were also served.

This was the last official meeting of Nu Gamma for the year. Johnnye Gudel, Nu Gamma chairman, has led fifteen upperclassman girls in helping the new ones to get better acquainted with the campus and the faculty members. Each group has met separately every week since the opening of school.

Special guests invited to the outing were Mrs. Grace Pope Snyder, dean of women, the YWCA advisory board, which includes Mrs. Bonnie H. Brown, Mrs. Lincoln Barker, Mrs. R. J. Dollenmayer, Mrs. Margaret M. Cummings, and Miss Caroline Bassett, an honorary member. The officers of YWCA were also special guests. They are: Jean Patterson, president; Virginia Margaret Williams, vice-president; Rose Pinneo, secretary; Ruth Meineke, treasurer; and Johnnye Gudel, Nu Gamma chairman.

Vols Will Hear Winifred Hope

Membership Goal Set At One Hundred

Winifred Hope is to be the speaker at the regular meeting of Student Volunteers to be held in the Y. W. rooms directly after Vespers Sunday evening. Winifred will speak on the work of the Presbyterian mission in Africa, where she lived with her parents.

Last year's students will remember that they had the privilege of hearing Winifred's father, Fred Hope, speak several times during his various visits to the campus. Mr. Hope recently sailed to return to his work in Africa.

The members of Student Vols are working on their project. Any suggestions as to a specific mission field in need of financial aid will be gratefully received. Those on the project committee are Rose Pinneo, Malcolm Thompson, and John DeForest.

The goal for membership this year is one hundred members. About fifty membership cards have been signed, but the campaign is on for more members. Any person interested in missions and the activities of Student Vols is invited to attend the meetings and become a member. Paul Smith is treasurer.

—V—

SPANISH CLUB MEETS THURSDAY

Last Thursday evening, October 8, the Spanish Club met in the YW room. Owen McGarrity played several selections on his electric guitar, and Mary Batchelor "rattled her bones." Dr. J. H. Stellwagen, the adviser of the club, led the group in singing popular South American music. Bob Lord, president of the club, conducted the meeting, with the aid of Lois Collett, the program chairman.

Another meeting is scheduled for this Thursday.

Exchange

Clem: "What has twenty four feet, green eyes and a pink body with purple stripes around it?

Lem: "I don't know, what?"

Clem: "I don't know either but you had better pick it off your neck."

—Red and Black

Prof.

Then, there was the college professor (whose name I shall not mention) who was crossing a bridge when suddenly he heard a cry:

"Help! Help! I can't swim."

The professor leaned over the railing.

"Neither can I," said he, "but don't make such a big fuss about it."

—The Appalachian

He: "There are millions of ways to make money, but there is only one honest way."

She: "How's that?"

He: "I don't know."

Duke Announces Yearbook Progress

First Sixteen Pages At Engravers

Chilhowean Editor Sidney Duke has announced that the first sixteen introductory pages of the yearbook have been practically completed in make-up and are now being engraved.

The staff is continuing the subscription drive and urging that those who signed contracts pay the initial or entire payment on or before the date specified in the contracts. Payments may be made to Jim Faulkner, Betty Parker, or Gib Weiss.

Class sections are being opened according to the schedule already announced. Students are asked to have their pictures made promptly when their class sections are opened or before they open in order that all prints will be turned in by the closing date. The open periods for each class will not be extended, making it necessary that all prints be in by the closing time stated. If this is impossible, students are asked to notify Sidney Duke.

Any information regarding where pictures are made, the correct size and type, and prices concerning class sections can be supplied at the Chilhowean office.

Over 215,000 tons of food are represented by the game animals, game birds, and game fish taken annually by sportsmen.

Miss Wright Speaks Sunday At YWCA

Miss Nathalia Wright, assistant in the Library, will discuss "Religion and Poetry Through the Ages" at the YWCA meeting Sunday afternoon at 1:30.

Jean Patterson, president of the YW, announced that four seventy-five dollar bonds have been purchased by the organization.

The membership drive of the YW will be completed this week.

Because of rain the Nu Gamma breakfast sponsored by YW was held at 4:30 at the picnic grounds instead at 6:30 in the morning as planned.

SCOTSPORTS

By TED PRATT

ECHO SPORTS

TOUGHIE . . . .

Some people say that the reason for the big score against us last week was our passing attack. It seems Maryville passes found Moccasin receivers. Whatever it was, Chattanooga far outclassed us. But the score 51-7 was really not disgraceful. E. E. Litkenhous, national football expert, rated Maryville with 31.2, and Chattanooga with 75.0—a difference of 43.8 points. The actual difference was 44 points—a discrepancy of .2 of a point, which to our way of thinking, is not much short of being miraculous!

MODEL T, THE BUFFALOES, ET CETERA

This week the Scots have emphasized line and downfield blocking. The line play of the Scots has from the opening game been disappointing. Our ball carriers have had trouble getting past the line of scrimmage, and the downfield blocking for the runners has been almost nil. A few shifts have been made in the line to afford better blocking on the weak-side reverse plays. Fundamental blocking and tackling techniques have been stressed over and over. A difference will be seen in this department of the game Saturday night.

Coach Honaker has also stressed passing and pass defense. Several new plays run from a T formation have been added. A couple of others are run from a short spread formation. The Scots are counting on some of these to upset the undefeated Buffaloes from Milligan.

The Highlanders will not be at full strength for the Milligan game. Bob Morton, soph wingback, is suffering from a sprained ankle and will not see full service. Gordon Webb has a bad rib that ought to be all right by game-time. Artie Spears, frosh fullback, has a sprained knee, while Archer, Rettke, and Talbott, recovering from some sort of muscle trouble, ought to be rarin' to go at the whistle. Most of the running Saturday night will be handled by Lloyd Taylor, veteran tailback, who looks amazingly good at this stage of the season. Oliver Spears, triple-threat tailback, and Charlie Pepper, scat wingback. Honaker, Bayless, Rutherford, Hollingsworth and Enloe will probably see plenty of action tonight also. Good news for the blocking problem came with the eligibility ruling of Jack Kramer, veteran right tackle for the Scots. A stalwart man on defense, Jack will add considerable strength to the Highlander forward wall.

Milligan College has always put a good team on the football gridiron. In 1939 the Buffs defeated the Scots 7-2 on Wilson Field; in 1940 the Scots took a 20-6 beating from Milligan on their field. Both of these Milligan teams stressed a booming ground attack. This year, they boast of a great pair of ends who specialize in snagging passes. It should be a great game. Let's all go out and really root for the Scots!

FROM THE PRESSBOX

About 277,000 fans paid over a million dollars to see the five World Series games. Each member of the Cards got $6192.00—enough to buy 516 brand new tires. That is, if there were any tires.

The participants of the golf tourney are becoming a bit irritated with the 4-putt greens. Oh, for a man with a rake!

Somebody described the Tennessee-Fordham scrap as a very colorful exhibition. Mostly red, we'd say.

We doubt if we could sink to Grange's 42% of last week, so we'll stick our neck out on a few. We'll take Dartmouth over Colgate by a hair, VMI over Virginia by a point, Iowa Cadets over Michigan by one touchdown, California over Santa Clara, Notre Dame over Stanford, Penn. over Yale, Navy over Princeton, Indiana over Nebraska, Northwestern over Purdue, and Georgia over Ole Miss! Oh Well.

Chattanooga Runs Over Scots By Top-Heavy Score

Maryville College went down in one of the most devastating defeats in its gridiron history last Saturday night at Chamberlain Field, Chattanooga, when the Scots fumbled and passed away a 51-7 decision to a superior U. C. Moccasin eleven. In spite of the top-heavy score, the Maryville warriors were much more impressive than they were against Newberry two weeks ago.

In the words of Coach Davis, "We pitched and they caught." Three Highlander aerials were turned into Moccasin touchdowns by interceptions and two more enemy scores were set up by fumbles, making a total of five scores handed out by Scottie mistakes. The one Maryville marker came as the result of a two yard line buck by Lloyd Taylor after a forty yard march in the second quarter. A Highlander drive was cut off by the U. C. line in the last quarter under the very shadow of the goalpost.

The general improvement of the Honakermen over their performance against Newberry was offset by the superiority of the Moccasin machine. Considered to be one of Coach Scrappy Moore's best creations, the down-state team was picked to win over the Scots by several touchdowns. The starting backfields averaged about the same weights, but the M. C. backs had to buck a heavier line.

The need of better blocking and tackling was again a cause of the Scottie defeat. Missed tackles allowed the U. C. backs to trip merrily on their way in many cases, while poor blocking held up the Maryville advance all through the game. Our pass defense leaked badly and our passing was as much of an aid to the Moccasin gridders as to our own men.

Two new members of the squad although both key men in last year's great team, played outstanding ball. Lloyd Taylor was the backbone of last year's attack and Charlie Pepper, another backfield mainstay of a season ago, were stars in the fray.

Nearly all of the squad were thrown into the game. Coach Davis used seven guards, three centers, four ends and five tackles, while Coach Honaker used most of his backs. Lloyd Taylor, Oliver Spears and Pepper showed up best in the backfield.

The starting lineups follow:

M. C.	Pos.	U. C.
Webb	r. end	Froemang (c.)
Mitchell	r. tackle	Shell
Wilson	r. guard	Smallwood
Breazeale	center	Langly
Easter	l. guard	Lynch
Chambers	l. tackle	Karwoski
Rock (cap.)	l. end	Summers
Pepper	r. h. b.	Brady
Spears	l. h. b.	Sanders
Honaker	f. b.	Kovacevich
Bayless	q. b.	Gourley

Officials: Ref. Worrell, Sewannee; Umpire—Moore, Ga. Tech. Head Linesman — Copeland, State Teachers.

Field Judge—Porter, Vanderbilt.

Scots To Meet Undefeated Milligan Buffaloes Tonight At 8:00 O'clock

Conquerors Of High Point, Roanoke To Oppose Honakermen In Closely-Matched Battle

MORTON OUT

The undaunted football eleven from Maryville College will play their second home game of the season when they meet the Milligan College grid forces on Wilson Field Saturday night, October 10, at 8 o'clock. Coach Bernie Webb lost about a dozen regulars from his great '41 team to the armed forces, but he has been able to mould a winning combination from his hold-overs and freshmen.

The Buffs opened the season with a 6-0 win over the High Point eleven from North Carolina. Webb's men then encountered tough Emory and Henry College and held them to a 6-6 tie. Last week they took the highly-touted Roanoke eleven 6-0. Tommy Miller, right-end for the Buffs, has starred in Milligan's games, catching passes that defeated both High Point and Roanoke College.

Meanwhile, the Scotties schedule seems to be bearing out the fact that it is really a hard one. Since Coach Honaker's men crowned the opening of the season with a win over Hiwassee, the score has been going against them. They took a drubbing from Newberry College, and last week the Choo-Choo men went on a rampage to run up 51 points while the battered gridders from Maryville rang up anly 7 points.

The Buffs, although losing many of their stalwarts through graduation and the services, have acquired a number of well-known transfers to bolster their attack. Foremost of these is "Jeep" Quillen, flashy halfback from King who played such a big role in the lone defeat of the Scots last year. Thomas, hard-running fullback, is transfer from the University of Tennessee. Milligan is known for itsdiversified running attack, but this year the Buffs have taken to air and evidently with a goodly amount of success. The Scotties, out for a win to avenge the various recent defeats administered them by the Milligan machine, will be fighting hard to climb out of their slump, Veteran backs, Taylor, Pepper, Oliver Spears and Ross Honaker, and number of freshman prospects are geared to carry the leather against the Buffaloes. The line will be strengthened by Jack Kramer, Mary Mitchell, Ken Andes, and Capt. L. Rock.

The probable starting line-ups are as follows:

Maryville	Pos.	Milligan
Webb	LE	Maupin
Mitchell	LT	Harmon
Andes	LG	Stallard
Breazeale	C	Van Hartsook
Garvin	LG	Lane
Chambers	RG	Starnes
Rock (Capt.)	RE	Miller
Spears	HB	Quillen
Bayless	QB	Tipton
Morton	HB	Pardue
Honaker	FB	Thomas

Scottie Pups To Face Tigers Next Saturday

VARSITY RESTS

The Scottie Varsity will take a much-needed rest next week when Coach Honaker will lead his scrub outfit against the Hiwassee Tigers. About twenty-five of the younger members of the Maryville gridiron squad will make the trip to Madisonville next Saturday.

In the opening game of the season, the Highlanders overpowered the Thomas-coached Tigers on Wilson Field 33-0. The Hiwassee boys, although badly out of shape in their first appearance, are now functioning at full steam and have proved that they are a hard team to beat when they get going. Led by Curtis, star tailback, the Tigers held the strong Emory and Henry eleven down to three touchdowns. The Tigers will be out for a win against the Scottie pups and the game should give both squads a great deal of experience.

Kept out of most of the games because of other teams' superiority, a great number of the pups will see action against the Tigers. The line will be two-deep in positions, and in the backfield a couple of potentially-effective backfield quarters will be permitted to try their prowess with the pigskin. Judging from the potential power shown in the last game with the Tigers, the Scottie pups will really have to step to stop the Hiwassee machine and find a scoring combination of their own.

THETAS INITIATE MEMBERS

Thetas will initiate their new sisters on Saturday evening at 6:15 in the "Y" rooms. After the initiation there will be an informal get-acquainted meeting. All new Thetas are urged to be present. The program will be over in time for the football game, and band members may leave early.

INTRAMURAL DOPE

ATHENIAN TAKES COLLEGE SPEEDBALL CHAMPIONSHIP

On Monday October 5 the Athenians overran the Independent Champions—The Leathernecks 17-5 to take the college speedball championship. Although the score may look a little one-sided the game was a close, hard-fought one all the way. At the end of the first quarter the score was 1-0 in favor of the Leathernecks. At the end of the second quarter the score was 3-1 in favor of the Athenians after Hal Lloyd had made two foul shots good, and Clyde Brown had scored a touchdown. At the end of the third quarter the score was 5-5, Hargrave scoring a goalie for 3 points and Burd scoring a touchdown for the Leathernecks. In the last quarter the Athenians proved to be the champions. They began to rally with a goalie of 3 points by Van Cise, Boyd and Kidder. Van Cise also scored a touchdown for another point to make the total of 17 points for the Athenians. The Leathernecks were exhausted completely the last quarter and the Athenians began to shine like the stars they are.

The Ministerials took the Rangers 20-6 as the Heaps cousins added another big score to their credit. Malcolm Heaps led the scoring for the Ministerials with a total of 10 points. Henry Heaps was second with a total of 8 points and Jim Yunker and Ray Swartzback each got 1 point to make the Ministerials' 20 points. Scoring for the Rangers were Bill Adams with 2 points and Bob Lockwood with 1. Tex Lochausen scored a goalie of 3 points to round out the Rangers 6.

The Alpha Sigma team ran all over the Independent Preachers with a score of 28 to 8. Scoring for the Alpha Sigmas were Ed Rowley with 9, Bob Welden 3, Bob Mair 1, Purifoy 2, Bill Sweeney 8, Don Black 1, Bud Pierce 3, and Bob Lord 1. Scoring for the Preachers were M. Gass with 4, and Leroy Dillener with 1.

The Tornadoes were the only Independent team to win the championship playoff. They took the "Y" Frosh 10 to 6. Scoring for the Tornadoes were Winkle with 4, Bushing with 3, Calvesbert 2, and Sam Pamberton 1; for the Frosh Bob Seel got 2 and Stanley Parrish got 4.

SELECTION OF SPEEDBALL ALL-STARS

This year two teams were selected as Speedball All-Star Teams. Elsewhere on the sports page are listed the Independent League All-Stars and the Club All-Stars. The All-Stars were selected by the managers of the different teams. Each manager selected an All-Opponent Team and all the results were put together with an All-Star team selected by the ECHO sports staff. The players who received the most votes were selected for the official All-Star Teams.

SWEENEY, SWARTZBACK, VAN CISE AND PEMBERTON STAR IN FOOTBALL FIELD DAY

On Tuesday October the 6th the Intramural department had its first Football Field Day. It was considered a great success under the capable management of Abner Richard. There were a total of 18 boys who participated in the event. In the Football Target throw of 15 yards Sam Pemberton ranked first, Ray Swartzback second and Tom Golding third.

Other events and the placements were:

Drop-kick for Field Goal—from 15 yard line—

1st—Ray Swartzback
2nd—Oliver Van Cise
3rd—Sam Pemberton.

Punt for Accuracy:
1st—Bill Sweeney.

Punt for Distance:
1st—Bill Sweeney, 51 yards
2nd—Oliver Van Cise, 50 yards
3rd—Paul Jamarik, 45 yards.

Kick-off for Distance:
1st—Bill Sweeney, 44 yards
2nd—Sam Pemberton, 43 yds
3rd—Ray Swartzback, 40 yds.

Forward Pass for Distance:
1st—Ray Swartzback, 45.5 yds
2nd—Meredith Purvis, 45 yds
3rd—Oliver Van Cise, 44.5 yds.

Obstacle Run, 30 Yards:
1st—Bill Sweeney, 6.8 sec
2nd—Bill Segraves, 6.9 sec
3rd—Bill Adams, 7.0 sec.

Dash-length of football field:
1st—Bob Lockwood, 11.3 sec
2nd—Meredith Purvis
3rd—Oliver Van Cise.

Placement in the Meet and Extra points earned were:

Sweeney 12, Swartzback 9, Van Cise 6, S. Pemberton 6, Purvis 4, Lockwood 3, Segraves 2, Golding 1, Adams 1, and Jamarik 1.

HORSESHOES (Doubles)

The eligibility list has been placed on the Carnegie bulletin board for doubles horseshoe tournament. Entries close Wednesday October 14 and play begins Friday October 16. Get your partners, fellows, and let's have a big horseshoe year.

SWIMMING

The Intramural swimming meet has been postponed until after the Y Hike. Watch this column for the notice.

SIX-MAN FOOTBALL

Six-man football is under way with the largest number of teams in the history of Intramural sports. There are three leagues. The Club League, the Independent Club League, and the Independent League. The teams in the Club League are Alpha Sigma, Ministerials, Athenians, and Choir. The teams in the Independent Club League are "Y" Frosh, Alpha Sig Wolves, Athenian Gladiators, and Preachers. The teams in the Independent League are the Rangers, the Smoothies, the Quakers, and Deacons.

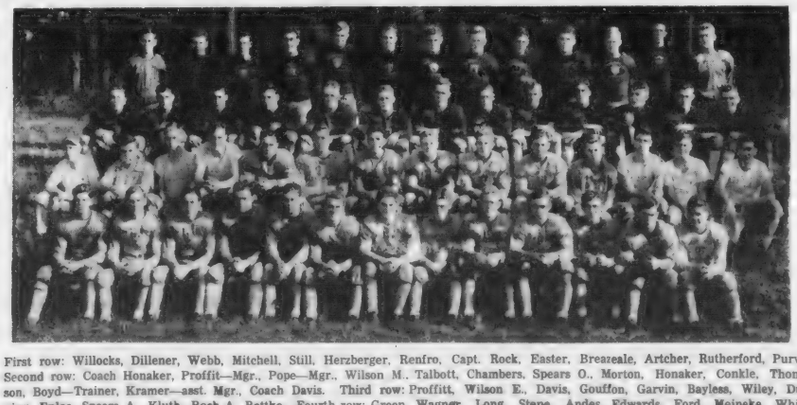
GAMES NEXT WEEK:

Tuesday—
3:30—Rangers-Deacons
3:30 Alpha Sigma-Athenian
4:30—Quakers-Smoothies
4:30—Choir-Ministerials

Thursday:
3:30—Y Frosh-Alpha Sig Wolves.
3:30—Quakers-Deacons
4:30—Athenian Gladiators-Preachers
4:30—Rangers-Smoothies

The football games will be played on Monday, Tuesday and Thursday of each week.

GOLF



The golf tournament is well under way, but nothing definite can be predicted as yet. It is still any teams' tournament. The teams that have played and their scores are as follows:

THREE ROUNDS
Miller-Bergquist 90-82-90
Hunter-Evans 84-86-89
Calvesbert-Duke 134-132-125
Bushing-Hargrave 118-132-113

TWO ROUNDS
Pratt-Crawford 101-95
Scruggs-Roberson 123-12-
Callahan-Astor 114-123

ONE ROUND
Moehlman-Winkle 131
Segraves-McClure 111
Long-Lambert 133
Robinson-Lockwood 119
Faulkner-Weiss 110.
Case-Queener 115

TO FACE MILLIGAN COLLEGE BUFFALOES TONIGHT

First row: Willocks, Dillener, Webb, Mitchell, Still, Herzberger, Renfro, Capt. Rock, Easter, Breazeale, Artcher, Rutherford, Purvis. Second row: Coach Honaker, Proffit—Mgr., Pope—Mgr., Wilson M., Talbott, Chambers, Spears O., Morton, Honaker, Conkle, Thompson, Boyd—Trainer, Kramer—asst. Mgr., Coach Davis. Third row: Proffitt, Wilson E., Davis, Gouffon, Garvin, Bayless, Wiley, Dunning, Enloe, Spears A., Kluth, Rock A., Rettke. Fourth row: Green, Wagner, Long, Stone, Andes, Edwards, Ford, Meineke, White, Briggs, Kramer F., Ezell, Murdock.

Hikers Trek To Montvale Springs

On Saturday, October 17, a group of Maryville College men will take up heavy packs and start off the campus in the general direction of Montvale Springs. This will be the start of the annual Y. M. C. A. overnight hike.

Those who are fastest will arrive in plenty of time to climb to the top of Look Rock where they may view the setting sun. When all have arrived, there will be a campfire built. After a hearty supper, entertainment for all will be provided. A program has been arranged for the popular campfire service.

Early breakfast will be the thing on Sunday morning; and immediately after breakfast, all will climb to the top of Look Rock where a worship service will be held. At the conclusion of the worship service the men will be on their own until the noon meal. After lunch the long trek home will begin. Hikers will arrive on the campus at all hours of the late afternoon.

All men of the college are invited to share the thrills and pleasures of the Y. M. C. A. hike this year. Because of the destination many more can be accommodated than have been in previous years.

V

Cotton Club To Hold First Meeting Monday

Cotton Club will hold its first meeting of the year Monday evening at 6:45 in Athenian hall. Beatrice Hunter will be in charge until new officers are elected for this year.

Charles Burgreen will provide the program, which has not been announced. All students from the south central states are invited to join the Cotton Club.

V

Kith and Kin

(Continued from page one)

are the thorns among the roses, or pairs of sisters, Esther and Estelle Farrow, Carol and Josephine Gillette, and Jean and Carol Mc-Cutcheon.

The sister states, Pennsylvania and Maryland tie for third place. Marian and Jim Garvin, and Henry and Malcolm Heaps, cousins, hail from Maryland. Pennsylvania, although second in student enrolment, is lax in sending kin to college here. Clyde and Joseph Brown are the only brothers, and Dean and Jane Short, cousins, complete the Pennsylvania honor list.

Delaware warrants special notice in consideration of the fact that the only other set of twins here at Maryville College comes from there. Not only are the Reed twins, Willa and Jessie, here, but another sister, Alice, rooms directly across the hall from them in Pearsons. All of them are seniors.

Honorable mention is awarded Betsy and Howard Burleigh because they are the only relatives here from different states. Betsy is from Washington, and Howard, her cousin, is from Minnesota.

Six states barely made the grade, with a set of sisters from each: West Virginia, Virginia and Eleanor Williams; Florida, Jean and Mary Bachelor; New York, Marion and Eleanor Stout; Michigan, Jane and Marian Metcalf; Connecticut, Alice and Virginia Mathews; and New Mexico, Margaret and Lisette Gessert. Illinois trails along with only brothers, Leslie and Alan Rock, to represent them. The three remaining states with representatives are Texas, Sidney and Hannah Duke; Alabama, Luther and Margaret Cross; and Virginia, Lloyd and Ruth Anderson.

That completes the facts about the states and their student representatives, but here are some interesting details to complete this picture of brother, sister, cousin relationship. For instance, did you know:

That out of the 9 Smiths here, none are related, that 6 Jones have no connection at all, and that 5 Browns are here and just two of them are related.

According to classes, the freshmen are ahead with 22 persons who claim a kin, the junior class is second with 20, the sophomore class has 19, and the senior class brings up the tail end with 15. Perhaps the seniors have learned the value of not having anyone else around to carry tales back home.

After reading all of these facts and figures, a stranger would be inclined to conclude—and rightly, too—that the student body of Maryville College is just one great, big, happy family!

MAIL SOLDIERS' XMAS GIFTS BEFORE NOVEMBER 1.

READ THE RULES—The following rules, issued by the Postoffice Department in cooperation with the Army Postal Service of the War Department, apply to the mailing of Christmas parcels for members of our Armed Forces serving outside the continental limits of the United States.

TIME OF MAILING—Christmas parcels and greeting cards should be mailed during the period beginning October 1 and ending November 1, 1942, the earlier the better. Each package should be endorsed "Christmas Parcel." Special effort will be made for delivery in time for Christmas.

SIZE AND WEIGHT—Christmas parcels shall not exceed 11 pounds in weight, or 18 inches in length or 42 inches in length and girth combined. However, the public has been urged to cooperate by voluntarily restricting parcels to the size of an ordinary shoe box and the weight to six pounds.

USE CARE IN PREPARATION—Remembering the great distance this mail will be transported and the necessary storage and frequent handling, it is absolutely necessary that articles be packed in substantial boxes or containers and be covered with wrappers of sufficient strength to resist pressure of other mail. Each parcel is subject to censorship and delay may be minimized by securing covering to permit ready inspection of contents.

PROHIBITED MATTER—Intoxicants, inflammable materials, poisons or compositions likely to damage mails are unmailable. No perishable matter should be included in parcels.

HOW TO ADDRESS PARCELS—Addresses must be legible. Parcels addressed to overseas Army personnel should show in addition to the full name and address of the sender, the name rank, Army serial number, branch of service, organization, A.P.O. number of the addressee and the postoffice through which parcels are to be routed. Units located within the continental United States may be addressed direct, using name, rank, organization and location.

POSTAGE MUST BE FULLY PREPAID—The rate on parcels of fourth-class matter (exceeding eight ounces) being the zone rate applicable from the postoffice where mailed to the postoffice in the area of which parcels are addressed.

GREETING MESSAGES PERMISSIBLE—Inscriptions such as "Merry Christmas", "Don't open until Christmas" and the like may be placed on the covering of the parcel if it does not interfere with the address. Cards may be enclosed and books may bear a simple dedicatory inscription.

INSURANCE AND REGISTRY—Gifts of value should be insured. Articles of small size and considerable value should be sealed and sent as first-class registered mail.

MONEY ORDERS—The Army Postal Service recommends use of postal money orders to transmit gifts of money to members of Armed Forces outside the United States. These are cashed at A.P.O. in local foreign currency at rate of exchange on date of presentation.

M. CLUB HIKES TO MT. NEBO

Eleven members of the "M" club hiked to Mt. Nebo last week end. Mrs. V. M. Queener chaperoned the group. The "M" club went on the hike instead of the YW as had been previously scheduled, this change being necessitated by the lack of sufficient chaperones.

The eleven mile trip was made in four hours. All meals were cooked b ythe girls over an open fire. The hikers returned last Sunday afternoon.

V

GERMAN CLUB

Thursday afternoon about forty members of the German club attended a picnic in the college woods. Volley ball, soft ball, and various other games were played

Dr. Ralph Stokes Collins is faculty sponsor of the club. Officers and committees are: William Hargrave, president; Eleanor Williams, vice-president; Edgar Potts, secretary; Ollie Welsh, treasurer; Paul Kolter and Estelle Farrow, program; and Margaret Spake publicity.

V

PRE-MED CLUB

Pre-Med Club met last Thursday evening at 6:15 in Fayerweather hall. The president, Bill Henderson, took charge of the meeting. Before the main speaker of the evening arrived. Wesley Lochausen gave a short talk on "Nutrition and Health." The program chairman, Edith George, introduced the speaker of the evening, Dr. Lea Calloway, who spoke informally about medical school. He also showed pictures of several unusual operations.

Discussion Group To Hear Professor Queener Monday

The Discussion Group on Current Affairs will meet Monday evening at 7:00 in Bartlett auditorium. Professor Verton M. Queener, professor of history and economics, will talk on "Inflation." Everyone is invited to attend.

The group has put up a map of the Pacific area on one of the bulletin boards in the library. Also current bibliographies are being worked up by the various committees for the direction of those who may want them.

Fred Hope Arrives Safely in Africa

Dr. Fred H. Hope, who sailed in the summer to his missionary work in Africa, has arrived safely. In view of the great peril involved in making such a trip in war time, all his friends rejoice at this news, announced Dr. R. W. Lloyd. The college was advised of his safe arrival by the Presbyterian Board of Foreign Missions in New York.

Fred Hope graduated from Maryville College in 1906, and went to Africa as a missionary in 1907. Mr. Hope's return to Africa was delayed this year by the death of his wife last April, and by the dangers in ocean travel. However, he finally succeeded in getting passage on a freighter which was going to Africa.

Mr. Hope spoke last December in connection with the Fred Hope Drive at Maryville College. Mr. Hope's daughter Winifred is now a senior at Maryville.

V

"Moral Significance Of Laughter" Is Vesper Topic

President Ralph W. Lloyd will be the speaker at the regular Sunday Vesper service tomorrow night at 8:00 o'clock in Voorhees chapel.

Dr. Lloyd has chosen as his topic "What Do You Laugh at?", or "The Moral Significance of Laughter." He has used the double title in order to make more clear the nature of his somewhat unusual subject.

C. L. Hammock Speaks At YM October 11

Tomorrow afternoon at 1:30 the YM will meet in Bartlett auditorium for its regular weekly service. Rev. Colvin L. Hammock, pastor of the First Baptist Church of Maryville, will be the speaker. His subject will be, "An Inspirational Hope for Today." This will be third and last in a series on the general topic of "Hope."

Next week there will be no YM meeting on the campus, but a worship service has been planned for the YM hike.

VOLUME 28 MARYVILLE, TENN. OCTOBER 24, 1942 NUMBER 7

M C Alumni To Be Welcomed With Barbecue On Annual Homecoming Day

Maryville Will Meet Emory and Henry In Homecoming Game

Maryville College will again welcome its alumni and former students at the annual Homecoming Day, Saturday, October 31. The day will begin with the Founders' Day Exercises in the Chapel at 8:10. Then at 5:30 the annual barbecue on the athletic field will be given for the guests. In case of rain it will be held in the alumni gymnasium. The program will consist entirely of informal conversations around two large bonfires.

Following the barbecue, at 7:30 Maryville will meet Emory and Henry in a toughly contended Homecoming football game. Those of alumni who buy tickets at the barbecue will receive them at half price and will find a reserved section in the bleachers on the east side of the field.

The Alumni Association was formed in 1871. During recent years Maryville College Clubs, consisting of alumni and former students, have been formed in several sections of the United States. Officers for this year's Association are: President, John C. Crawford, Jr. '27; Vice-President, Mary Goddard, '09; Recording Secretary, Winifred Painter, '15; and Executive Secretary, James R. Smith, '35.

To serve on the committee to plan and prepare for Homecoming the following have been elected: Food Committee: Joe L Marshall; Mrs. Maynard Junn , Archibald F. Pieper; Welcoming Committee: Dr. F. A. Griffitts, Mrs. James Badgett, Mary Orr, Mrs. D W Proffitt, Guy W. Sneed, Rev. Howard M. Welsh; and Decoration Committee: Earl Storey, Florence Butman, and Mrs. Judson Murphy.

Thirteen Maryville Students To Enter Medical Schools

After Christmas several Maryville students will discontinue their studies here and go to medical school. Some have already received their appointments , and others are awaiting theirs. Frank George, a member of last year's sophomore class, has already begun his studies at the University of Tennessee Medical School.

Sidney Duke, a senior from Arlington, Texas, will enter Northwestern University Medical School in March. Sid was president of his sophomore class and is editor of the CHILHOWEAN this year. He is a chemistry major and has been chemistry assistant and was on the honor roll for two years. He is a member of Writers' Workshop and was on the ECHO staff for two years. A member of the YMCA cabinet. Sidney also attended summer school this year.

Frank Miller, a chemistry major from Washington, D. C., will enter George Washington Medical School in Washington in March. Frank has been a member of the swimming team and was captain last year.

Virgil LeQuire, who lives in Maryville, will enter Vanderbilt in March. He is a biology major and is now a biology assistant. Virgil is a member of thePre-Med Club and has been in the orchestra. He attended summer school both here and at the University of Tennessee and has been on the honor roll . He is also an ensign in the naval reserve.

Bob Pascal, a biology major from Valdese, N. C., will enter Duke University in March if he is deferred. Bob is a member of the French Club and has been on the honor roll for two years.

"Chuck" Gilpatrick, who is from Mars Hill, Maine, will go to the Boston University Medical school in March. As a Freshman, he was president of his class and in "Abe Lincoln" the annual Athenian-Bainonian play. He has been a member of the orchestra and the band and was president of the German club. He is now treasurerer of the

(Continued on Page Two)

"Wolf Holiday" Party Tonight

Faculty Quartet To Make First Public Appearance

Last Tuesday morning in chapel the announcement was made that today, October 24, would be officially known as "Wolf Holiday." The girls have assumed the role usually performed by the opposite sex and have been openly pursuing the men on the campus.

The program of the day is to be continued with a party in the gym tonight at 8 o'clock. The girls, carrying appropriate corsages, will call for the boys at Carnegie. A reception committee will greet the girls in the lobby and a unique relay system will inform the desired boy of his escort's arrival.

High-lights of the program will be the "Three Sharps", Betsy Burleigh, Kay Bonner, and Eleanor Anthony; and Mary Batchelor and her "bones." The newly organized and rapidly rising faculty quartette, composed of "Bing" Collins, "Rudy" Williams, "Singing" Sisk, and "Caruso'k" Walker will make its first public appearance.

Not to be forgotten is the Wolf-Calling contest which will be participated in by girls only. A grand prize will be given to the best "Wolfess". The faculty skit is probably one of the most eagerly anticipated events. Dr. Hunter will be "Head Wolf" of Wolf Holiday. Dr. Gates, famous for his music-making, will be present to add a little touch of song.

General confusion was prevalent when the faculty members received their invitations. Not until they realized that the Sophomore class was a little backward, did they think to read them in a mirror.

Marian Schanck Elected Business Assistant of Echo

Marian Schanck, a junior sociology major from Perth Amboy, New Jersey, was elected to be a junior assistant on the business staff of the ECHO by the publications committee at a special meeting on Wednesday morning. The election was to fill a vacancy created by the resignation of Richard Scruggs, who recently left school to enlist in the army. Marion has served as the president of the Triangle Club, and she is now a member of the Pep committee.

Question Of Christmas Vacation Still Pending

"No decision had been reached concerning the Christmas vacation," was the announcement made by President Ralph W. Lloyd at chapel, Thursday, October 22.

He disclosed that the Association of American Colleges, of which Maryville is a member, has called a special meeting for Thursday, October 29, in Philadelphia to discuss various effects of the war on colleges. It is expected that Joseph B Eastman, Director of the Office of Defense Transportation, will present the official government suggestions in regard to regulating the Christmas holidays at that time.

The Southern Passenger Association has recommended that colleges close December 15 and reopen Jan. 15. Rumors that Maryville will have only a week's holiday have also been circulated. Dr. Lloyd said that some decision will probably be reached after the Association meeting; and that, just as soon as a decision is reached, it will be announced to students.

The Association does not usually assemble until January. Dr. Frank D. McClelland, Dean of Students, will represent Maryville at this early meeting of college officials.

Glee Club Holds First Rehearsal

Women's Glee Club Elects Becky Jones As President

Becky Jones and Ollie Welsh were elected president and secretary-treasurer respectively of the Women's Glee Club at the glee club try-outs in the Chapel, Tuesday evening, October 13. Approximately 75 women joined the organization after individual tryouts.

Mr. Richard W. Vine, assistant professor of music, is hoping for a good turn-out in the Men's Glee Club, which has not yet elected its officers.

The first regular rehearsal of the men's and women's glee clubs was held in Bartlett hall at 7:00 P. M. last Tuesday, October 20. Work on "The Messiah" was undertaken immediately.

Starting tomorrow and continuing every Sunday until Dec. 13, the Glee Clubs and Choir will combine for a full rehearsal of "The Messiah" in the Chapel at 2:30 P. M. Any students interested in participating in the "Messiah" chorus are asked to join these groups in the chapel at this time.

The Glee Clubs will do very little work on material for their Spring Concert until after Christmas, Mr. Vine announced.

Pearsons Hall To Have Open House On November 6th

Rooms To Be Judged By Faculty Members

Friday evening, November 6, Pearsons hall will have open house. All faculty members and the men on the campus are invited to call between 7:30 and 9:30. This is the first open house of the year, and it promises to be successful. Lauramae Weber, vice-president of Pearsons, is the general chairman for the party.

Specially chosen faculty members will act as judges of the rooms. Winners on each hall will receive special recognition, and the names will be published the following week.

Helen Anderson and Aletta Sims are in charge of refreshments and the serving. Both Theta Epsilon and Bainonian halls will be sources of refreshment. Betty Hains and Winifred Hope are in charge of decorations.

Marian Metcalf and Jean Batchelor will issue the invitations. The three floor chairmen are in charge of appointing guides, who will work on half-hour shifts. Chairmen are Pat Howarth, third floor; Lenore Wise, second floor; and Evelyn French, first floor.

Special hostesses will be: Mrs. Grace Pope Snyder, Dean of Women; Mrs. Pearl Butcher, assistant in Pearsons hall. Miss Margaret Ware, dining hall manager, who also lives in Pearsons; and the officers of Pearsons. Officers include: Rose Pinneo, president; Lauramae Weber, vice-president; Olive Depuy, secretary-treasurer; and the floor chairmen, who have already been mentioned.

—v—

New Members Elected To Writers' Workshop

Writers' Workshop met on Wednesday afternoon, October 21, at 4 p. m. in Dr. E. R. Hunter's classroom. The following new members were elected: Billye Ruth Braly, Frances Harris, Peter van Blarcom, and Charles Gilpatrick. Miss Jessie Heron read a humorous, familiar essay entitled "Let's Conjugate the Verb, TO FALL". Hal Lloyd read "A Dead Man Tells no Tale", a short story.

At the next regular meeting Wednesday, October 28, the readers will be Miss Elizabeth Jackson, Ben Lynt, and Brasher Bailey. Their critics are to be Jean Barnes, Dr. E. R. Hunter, and Jean Patterson.

—v—

Rev. Mr. C. P. Hardin

Pictured above is the Rev. Mr. C. P. Hardin, formerly of the Brainerd Methodist church, Chattanooga, Tennessee, who is to begin his ministry at the Broadway Methodist church, Maryville, tomorrow.

The Rev. Mr. Hardin is a graduate of Emory and Henry college, Emory, Virginia, and holds the M. A. and B. D. from Emory university. For the past fifteen years he has been holding pastorates in the Holston and Arizona conferences. His recent pastorate at the Brainerd Methodist church was for about seven years.

Braly, Metcalf Cathey Join Echo Editorial Staff

Twelve Freshmen Appointed To Staff As Apprentices

Twelve freshmen and three upperclassmen were selected for membership on the HIGHLAND ECHO staff at a meeting of the Publications committee held Friday, October 2. The freshmen have been trying out for two weeks under the direction of the editor. The twelve freshmen finally selected include Frank Bradford, from Benton, Tennessee; Madeline Cooke, Cleveland, Ohio; Ruth Chandler, Ardmore, Pennsylvania; Dorothy Dick, Hanover, Pennsylvania; Hannah Duke, Arlington, Texas; Mary Mell Fleming, Atlanta, Georgia; Mary Goodloe, LaVergne, Tennessee; Nell Ousley, Maryville; Thelma Richardson, Staten Island, New York; John Runion, Farner, Tennessee; Helen Marie Wilson, Fairview, Pennsylvania; and Ada Yadon of Knoxville.

John Runion and Frank Bradford are members of the sports staff and will do sports writing.

Three upperclassmen were selected to fill staff vacancies, one sophomore and two juniors. Lucille Cathey, sophomore, transferred this year from Mars Hill college, Mars Hill, North Carolina, and now lives in Maryville. Lucille is a history major. Billye Ruth Braly, a junior, is from Chattanooga. Billye Ruth was on the staff in her freshman year; she is an assistant in chemistry and is an English major. Mary Metcalf is a junior sociology major from Battle Creek, Michigan. She transferred this year from Alma college, a Presbyterian college in Michigan.

Also recently selected by the publications committee are Mabel Ruth Marshall and William Robarts, freshman business apprentices. The present ECHO staff is composed of thirty members, four of whom are on the business staff. Twelve freshmen, six sophomores, five juniors, and three seniors make up the editorial staff.

The Publications committee consists of three groups. Representing the ECHO staff are Jean Barnes, chairman, Phyllis Anne Cain, and Ted Pratt. The representatives of the Student Council are Chairman Robert Calvesbert, Robert Francis, Marian Magill, and Betty Jane Miller. The faculty Committee on Publications is headed by Dr. F. A. Griffitts as chairman with Miss Almira Bassett, Dr. R. T. Case, and Dr. Hill Shine as other members of the committee.

Tenth Founders' Day Exercises To Begin Next Saturday, October 31

Alumni Magazine Mailed This Week To Graduates

James R. Smith Edits Bi-Annual Publication

"If this Alumni Magazine is received and read by all to whom it is mailed by the Alumni Office, I have the high privilege of extending in these words the sincere greetings of their Alma Mater to 2,725 Maryville College graduates in forty-seven States and twenty-five territories and foreign countries. The Magazine will not reach many of those abroad, for the war has not only closed mails but has sent Americans home or into other countries, and is sending an increasing number of Maryville's younger graduates with the armed forces into training at home and service abroad where the Magazine cannot follow them. But most alumni will see these words and join us all in prayerful thought of those others." These are the opening words of Dr. Ralph W. Lloyd's greeting to Maryville Alumni, in the October issue of the Alumni Magazine.

This Magazine is published bi-annually, and for the last several years has been edited by James R. Smith, Executive Secretary of the Alumni Association.

The Homecoming Schedule, Artists' Series dates, and plans for the February Meetings are other highlights in this issue.

Of the 130 graduates of the class of 1942, the Alumni Office has reports concerning the present activities of 106. Announcements are made of the work of nearly a hundred other alumni from 1899 to 1941. Twenty-one births are announced, four engagements, forty-one marriages, and ten deaths. The names of 168 alumni in the armed forces are listed.

Six new members have joined the faculty and staff of Maryville College this year, and the Magazine has a picture and a paragraph about each: Richard W. Vine, assistant professor of Music; Zelma Kennedy Drinnen, instructor in Psychology and Education; Kenneth R. Barrick, instructor in Art; Marvin D. Minear, assistant in the Treasurer's Office; James W. King, part-time instructor in Economics; and Annarine Atkins Hamilton, part-time instructor in Dramatic Art.

Those seniors who are graduating in December may call at the Alumni Office and receive complimentary copies of the Alumni Magazine.

Fielding Pope Founder of MC To Be Honored

TAUGHT IN 1850

Professor Prominant As Pastor of New Providence Church

Founders' day at Maryville College will be observed Saturday, October 31st. The Founders' Day Exercises which are the tenth since they were instituted in 1933 will be in the college chapel at the regular chapel hour, 8:10.

The Founder to be honored this year is Fielding Pope, who became a professor in the college fourteen years after it was founded and was a member of the faculty until 1850. He was one of a trio and sometimes a quartet which made up the entire faculty in those days.

Mr. Pope occupies a place of interest in the history of the community as well as in the history of the college, because after his resignation from the faculty, he was the third pastor of the New Providence Presbyterian Church of Maryville, serving during the Civil War. Also during most of his years as professor he was the third pastor of the New Providence Presbyterian Church of Maryville, serving during the Civil War. Also during most of his years as professor he was pastor of the Eusebia Presbyterian Church, a few miles from Maryville. The New Providence and Eusebia Churches are the oldest in this area, both being founded in 1786.

In addition to the officers of the college, Rev. Dr. John A. McAfee,

College Players Present Chodorov's "Kind Lady"

Jones, Lynt Play Convincing Dramatic Leads

At eight o'clock P. M. Friday evening the curtains on the stage of Voorhees Chapel opened on the first scene of the play "Kind Lady", directed by Mrs. Nita Eckles West.

Alice Jones took the feminine leading role, portraying with strength and understanding the feeling of a spinster whose benevolence was rewarded with deceit on the part of Henry Abbott given an admirably convincing and skillful interpretation by Ben Lynt.

The Prologue took place on an afternoon in Spring. Acts I and II were several winters before, on Christmas Eve, and later in January. Act III was an afternoon the following summer. The action of the play took place in the living room of Mary Herries' home in Montague Square, London.

"Kind Lady", by Edward Chodorov, was adapted from a story by Hugh Walpole. It was first presented by H. C. Potter and George Haight at the Booth Theatre in New York City, Tuesday evening, April 23, 1935.

The cast follows:

Mr. Foster, Harry Lyle; Mary Weston, Mary Dawn Noblit; Rose, Sarah Crider; Phyllis Glenning, Helen Airheart; Peter Santard, Neil Proffitt; Henry Abbott, Ben Lynt; Ada, Bette Clevenger; Doctor, Robert Schwarzwalder; Mr. Edwards, Oscar Proffitt: Mrs. Edwards, Dorothy Harned: Aggie Edwards, Georgia Lu Meadows; Gustav Rosenberg, Clyde Brown.

Those heading the Production Staff were:

Assistant Director, Cherie Curtis; Stage Maanger, Donald Black; Business Manager, Ted Kidder; Advertising Manager, Fred De Pue; Properties, Nancy Russell; Costumes, Marion Smith, Betty Querns; Electricians, Purnell Darrell, Bud Engel.

It was the general opinion of those attending "Kind Lady" that it was one of the most unique productions ever to be persented on the Maryville College stage.

Violent Violet Lights Verify Verbal Verve of ECHO Vagabonds

By BILLYE RUTH BRALY

Friday night the ECHO staff became roving reporters in the true sense of the words. They went to town—with all the bright lights 'n everything. Annually the staff goes over to the KNOXVILLE JOURNAL to see what makes the wheels go around on a big newspaper. Of course dinner at the S. & W. is no minor detail to this hard-working bunch of embryonic Winchells and Thompsons on vacation.

While waiting for the banquet room or the manager or whatever they were waiting for, the girls began to wish they had worn hats. But after much discussion, it was decided to go unveiled and let the public enjoy their flowing manes. Waiting was made less tedious by listening to the organist. However, none of these fearless reporters had nerve enough to ask him to play our alma mater.

Dinner in a banquet room decorated with deep sea fish was noisily masticated. Brief but enlightening speeches were given by new staff members, who were evidently the honored guests for the evening. Ben Lynt, managing editor, was the supercilious toastmaster. He introduced the speakers, who discussed such eminent topics as "The End of a Perfect," "Hair Today and Gone," and "Why I Don't Like Blackouts." None of these orations will be placed on file in the library, due to the shortage of paper and preparedness. Editor Jean Barnes said a few words of welcome, Phyllis Anne Cain said three, and Ted Pratt said one. Other addresses were limited to two minutes. Faculty adviser F. A. Griffitts, Ph. D. (catalysis) said nearly 400 words before time could be called. "Two-Dessert" Boyd refused to talk, on the grounds that he was still eating. Practically everyone else seemed to enjoy hearing his own voice burst across the white table cloth to the tune of rattling dishes and folded linen napkins. Staff editor Cain tactfully avoided the part of critic, to which she had been appointed earlier in the evening.

Eventually Barnes' Babbling Babies window-shopped their way to the Journal. This small mob immediately made themselves at home all over the building and a good time was had by all—except maybe the Knoxville Journal. Mr. Gene Derrieux, city editor of said paper, pointed out the most inter-

(Continued on Page Two)

Reporter Learns From Dr. Vance One Route From Tennessee to Who's Who

By LUCILLE CATHEY

If you don't read "Who's Who," if you didn't go to chapel Tuesday and Wednesday, and if you haven't read about the great leaders in the Presbyterian church for the past fifty years, you probably haven't heard of Dr. Joseph Anderson Vance. The white haired clergyman who spoke to us in chapel this week was born in Sullivan County, Bristol, Tennessee, November 17, 1864 in a rambling farm-house which site he still visits. Like the boy of today his delight was in visiting his grandfather who lived where Kingsport now is. It is difficult to look at a famous, successful, and somewhat dignified personality and remember that he was once just a kid from the hills of Tennessee. But you can see by the mischievous twinkle in his eyes as he tells of his childhood days that after all these years, he's still a boy at heart.

Dr. Vance began his career as a graduate from King College, Bristol, Tennessee in 1885. Then in 1888 he attended Union Theological Seminary at Hampden Sidney, (now Richmond) Virginia. Huron College in 1902, Austin College in Texas 1917, and Wayne University in 1936. He was ordained to the Presbyterian ministry in 1888 and was pastor of many of the biggest northern churches. Beginning at Louisville he served as pastor at Maryland Avenue Church, Baltimore; Hyde Park Church, Chicago; First Church of Detroit from 1911 to 1940, now pastor emeritus and finally minister in charge of Royal Poinciana Chapel, Palm Beach, Florida. Services are held at the Chapel from Christmas until April for those people staying at the noted hotel, "The Breakers."

Mr. Vance was married to Mary B. Forman in 1890. They have three children Dorothy, Joseph A., and Mary F. Mrs. Vance is still living, and the children live somewhere in the vicinity of Detroit.

When Dr. Vance was elected Moderator of the General Assembly in 1935 he received the highest honor that can be paid a man by the Presbyterian Church and its 2 million members. A moderator holds office for only one year. Dr. Joseph A. and his brother, Dr. James I. Vance, who died two or three years ago, became quite famous as brothers who were well known preachers, one from the

And Where Were You?

Just as a matter of theory, what sort of a hashed up state of things would we have here if everyone left everything up to everybody else? Last week the Athletic Board of Control endeavored to hold in chapel a long postponed election of members to fill certain vacancies. So what happened? Immediately up popped about half of the people to take their noisy way elsewhere, refusing to devote a puny five minutes of their time. And yet the board, affecting as it does through its program the entire school body, wishes to be representative of not just part of the class, but of everyone, to have its members the approved choice of the majority, not of just a few.

The week before, the junior class held a much announced meeting to decide important matters of the Chilhowean, the officers requesting urgently that all members be present. Fifty-six students came to the meeting, a small part of the 133 strong junior class, too small a representation to do business effectively. And yet the members want a year book, want it well planned, wish it somehow to be financed properly.

There's the matter of the stamp drive. Thursday's chapel report, for instance, read senior cooperation, 100 per cent; junior, 58 per cent; sophomore, 47 per cent; and freshman 43 per cent. Probably if the underclassmen are so destitute, the seniors might shell out to a weeping "Buddy, can you spare a dime?" But it isn't that. It's partly lack of thought, but mainly lack of spirit.

Some juniors have shown a gratifying spark of spirit with the poetic poster attempts to encourage juniors to pay their class dues. Question is will the juniors contribute more to the Chilhowean than a frown at the signs?

Suppose everyone thought the same thing, "Enough people will take part; they won't need me." What could nobody do? Wouldn't it be fun if everytime the government came up against something on the nature of vital, the members of Congress made a calm but determined walk-do-not-run-to-the-nearest-exit from Washington? Yet class business is important to us. It is our business. Things must be planned if we are to do more than just come to college, live a dull life and pass on. Even daily class schedules have required organization and planning. And do class parties, football games, year books, and stamp drives just all of a sudden spring organized out of the air?

Next time there's a meeting, show some bright and shining class spirit. Show you know where you belong, that you're not just another campus stray dog.

Butterscotch

By **JORDY MEADOWS**

Now that all and sundry have officially and finally declared that we are of age, at least out of our teens, we feel that we can hand out advice wholesale. Our thought for this day is as follows: "Never hit your grandma with a shovel 'cause it makes a bad impression on her mind." However we can vouch for the effectiveness of hitting her with a brick instead. After all that, we put in a plug for the Early Worm program. You can get it on your radio any morning at 7:30 over one of Knoxville's leading stations. It's a sure-fire way of starting the day in a vague fashion, and everything has to be started at least once.

And the story of the week is the one about the moron who moved to the city because he heard that the country was at war. P. S.—it was the same moron who pulled all his teeth so he could chew his gum.

The license bureau at the county court-house was patronized this week by most illustrious customers. Jim Garvin and Jane Glass were there wasting time that might have been spent more profitably. They bought a dog license—of all things. Question: was it for Jim????

In case you haven't heard, you should by all means be enlightened. Guy Lambert had an anniversary at 6:45 on October 14. He's been engaged for a whole year, and he's still in love. The little soft, cuddly elephant that he got for Dorothy made the rounds of the library one afternoon, and there wasn't a glamour gal there that could get him to give it to her instead of Dot. That's true devotion—plus what it takes to make a successful husband.

Anderson tower is looking right pert under the recent face-lifting operations it permitted. We particularly liked the day it went all out for school spirit and was painted an eye-splitting orange.

The machine age manifested itself in a rip-roaring way when two men on motorcycles had a little obstacle race around the campus. Strange men—strange machines—strange maneuvers— and no one has explained it adequately yet.

And when Bill Evans gets tired of sitting down he just stands up regardless of time or place. Or maybe he was saying a continental bravo— or maybe he wanted to sing the hymn and get the whole thing over in a hurry. Anyhow his floor show in chapel was interesting.

Things you simply must see this season: Grace Betts' new wristwatch; the joke about the broken records in the latest Reader's Digest; the marks of valour and persistance that the reducing clan in Pearsons carry with them all the time; the moon; Mrs. Miniver; and the broken-down juniors dragging in from their marathon this afternoon.

And weren't we all cool and calm during the blackout? The sound effects from the ambulance and the police car were in the right spirit, and a general good time seemed to be enjoyed by everyone. Let's have more—merely because we need the practice, of course.

We know something you don't know!

Charlie Hildreth puts his whole heart and soul into his golf game. It's rather dangerous for innocent bystanders, though. When he really concentrates on the ball his technique is most interesting In one notable instance his club went flying right up the course while he steadfastly kept his eye on the ball that remained faithfully at the end of his big toe. The man is violent—keep your distance.

Enough of this ! ! ! Let's go wolfing and have some fun!

CAMPUS CALENDAR

SATURDAY, OCTOBER 24

TALK OF THE WEEK ... By Chuck Dunning

Echo Vagabonds

(Continued from Page One)

esting parts of the press. Mr. Derrieux also pointed out that he did not want to be known as a "vigorously robust gentleman of the press," as was mentioned in last year's ECHO.

It was almost as interesting to watch the facial expressions of the onlookers as to watch the news of a Hollywood scandal come in over the teletype. Some of the freshmen had their names set up on the linotype, and everyone had his picture taken in a mob scene. Later the entire delegation went in the dark room to see what developed. The results of such verve were in Sunday's paper, as the staff has probably announced more than once to anyone interested or uninterested.

Under the ultra violet lights everyone looked violet but few were ultra. In fact, the sickening aspect of deep purple skin and eyes could hardly be enhancing to anyone, no matter what shade his original pigments were.

An outstanding part of the trip, which could almost be called a hike, was the filing system kept by the Journal. Every picture put in the paper is carfully filed, and a potential Rogue's Gallery is the result. Anyone's present or past is an open file.

Evidently Lucille Cathey couldn't take it. She took off her shoes before the evening was over. Some of the rest of us were not so fortunate as to have holeless hose.

"Us on a Bus" was the title of the homeward chapter. There are seventeen versions of this, so any printed matter might be incriminating evidence. Along with disturbing all other passengers (and the soldier sleeping on the suit-case rack), a roaring time was had by all. One had to roar to be heard above the general noise.

Although there was no ECHO published last week the staff members definitely were not sleeping. They were merely learning the how's and why's of journalism.

Alpha Sigma Meets

Alpha Sigma will hold its regular meeting Saturday evening at 6:15. Vice-President Bill Evans will be in charge. There will be a discussion concerning arrangements for a picture of the group to be placed in the 1942 Chilhowean.

Med. School

(Continued from page one)

Pre-Med Club. Chuck attended summer school and has been on the honor roll for three years. He is majoring in chemistry.

Lloyd Taylor will also leave in March. He will go to Duke University. A chemistry major from Maryville, Lloyd has been on the football team for four years. He has also worked at the Aluminum Plant at Alcoa.

Wesley (Tex) Lochausen will leave in March for Boston University. He is a biology major and has been biology assistant. Tex was president of his junior class and treasurer of his freshman class. Last year he was student manager of the artist series, and he has been on the YMCA cabinet for two years. He was May Day attendant in his sophomore year, and he attended summer school this year.

Bill Clear will enter the University of Tennessee Dental School in Memphis in January. Bill is a biology major from Maryville, and he has worked at the Aluminum plant at Alcoa.

Bill Henderson will go to the Jefferson Medical School in Philadelphia. He is president of the Pre-Med club and also of Alpha Sigma society. A biology major from Plymouth, Pa., he is also a biology assistant. Bill was a May Day attendant last year and also attended summer school here.

Joe D'Antonio will not go to Maryland University in Baltimore until April. He is a biology major and assistant also and is a member of the choir. Joe is a member of the Pre-Med Club and is on the honor roll. He was on the swimming team as a freshman and is well-known as a dancer for programs on the campus. He is from Philadelphia, Maryland and also attended summer school.

There are two premedical students who will not begin their special studies until next fall. "Brother" Ed Ballinger will go to George Washington University in September. He is a biology major from Washington, D. C. Ed is a member of the wrestling team and of the Pre-Med Club.

Sam Crawford, from Maryville, will go to the University of Tennessee School of Dentistry in July. He is a biology major also and is manager of the basketball team. Sam has a temporary commission in the medical corps.

This list is of those who have already been accepted at medical schools, and other names may be added as they are accepted.

VANCE, WHO'S WHO

(Continued from page one)

south, James I of Nashville, and the other in the north in Chicago and Detroit. About fifteen years ago when there were efforts being made to bring the Northern and the Southern Presbyterian Churches together, these two brothers were on the committee to work out a plan of union. One brother from each of the churches made a very interesting and unique situation.

Besides his many other important contributions to his church and people, Dr. Vance has written several books. As listed in "Who's Who,' a few of them are: "Westminister Assombly and Its Confession for God." "Consider Christ Jesus," and "Why We Are Going to War?"

Dr. John Alexander Maryville Director Dies October 13

Dr. John McKnitt Alexander, D. D. died on October 13, 1942 at the age of 81 at his home in Maryville just off the campus. He graduated from Maryville College in 1887, 55 years ago. In 1890, he graduated from Union Theological Seminary in New York. He received his honorary degree of Doctor of Divinity from Maryville College in 1919.

Dr. Alexander was a minister in east Tennessee for more than fifty years, but retired from the active pastorate several years ago. In recent years, he has been quite feeble. H was a director of the college at the time of his death and had been a director for fifty years, sharing with Dr. John S. Eakin the honor of being senior members of the directors.

Dr. Alexander has made several substantial gifts to the college. Many of the curios in the college museum were given by him.

Mrs. Alexander, in whose memory there is a shelf of books in the college library, was a teacher in the college for 33 years. Most of the time she taught English literature. She retired in 1934 and died in 1938.

Until recent years, Dr. Alexander visited the campus quite frequently and was known by many of the students and faculty members.

Graduates of Class Of 1876 to Speak At Athenian Meeting

Athenian society will present Mr. Will Parham and Mr. Rawl Hannah, two of the three oldest living members of Athenian, at the regular society meeting tonight. Dr. S. T. Wilson, former president of Maryville College, is the other living member. These men were members of the society in the year 1876. All are residents of Maryville. Mr. Parham is a Blount county historian.

Mr. Parham and Mr. Hannah will discuss the past history of Maryville cololge and the Athenian society. The speakers will include in their talks comments on the society when men of both the white and colored race were members.

Olson Pemberton, president of Athenian, says the meeting will close in time for the Sophomore party.

SCOTSPORTS

By TED PRATT

ECHO SPORTS

NO SCORING PUNCH

The disappointment of the Milligan game still hangs on. When a team outrushes its opponent's 180 yards to 65 and loses the ball game by three touchdowns, something is definitely wrong. When a team racks up ten first downs to its opponent's three and allows them to score three times, something is still wrong. And when a team penetrates its opponent's ten-yard line four times during the game and can't push over a single score, it is plain to see that something is lacking. That was the situation in the Milligan game which the Scots lost 19-0. The Highlanders bopped the Buffs with everything but TD's. It was the scoring punch that was so obviously lacking.

The fans in the east stands that Saturday night saw perhaps one of the reasons for the Milligan victory. Did you see the Milligan bench on every kick-off? It was bare. Every Buff was on his knee on the sidelines pulling with everything he had for his buddy on the field. Every Buff was on his feet shouting encouragement on a complete pass or a sizable gain. Every Buff that went into the game went in with a fighting spirit—a love and a desire to play hard and to do his best for his school. And that attitude was carried by every individual Buff into the game—and over our goal line three times.

The Scots CAN produce a scoring punch. Eighty points in five games proves that. Next week the Maryville Scotties entertain the strong Emory and Henry Wasps in our Homecoming game. Last year the Scots bravely outscored the Wasps 20-14. And this year Coach Porterfield brings another powerful scoring unit to Wilson Field. We did it before; let's do it again! Let's take the sting out of those Wasps!

SEASON FOR GRUNTS AND GROANS

With the loss of only three men from last year's star mat team, the '42 Scottie grapplers have prospects of a fine season. Only Horace Justus, once-defeated 135 pounder, Dave McDaniel, Captain and 145 pounder, and "Big Red" Richards, heavyweight, are gone. Back for another year on the mat are such veterans as Joe Suitor, Wilbur Chapman, Bill McCord, Mack Wilson, Ed Ballinger, and Lloyd Anderson. With several likely prospects in "Ricki" Scapellati, Fred McDaniel, brother of Dave, Bill Thompsan, and Marv Mitchell, the squad shapes up with definitely favorable possibilities. Although the College has made no decision on intercollegiate competition, it is hoped that since the wrestling season is short and requires few trips, the Scottie wrestling team will carry on in its respected place among ranking mat teams.

DID YOU KNOW

That Spears, Taylor and Pepper carried the ball 45 times against Milligan and averaged four yards on each play!

That a number of swimmers are working out daily in the pool with the possibility of completing against the splashers from the Knoxville Y?

That there is a golf foursome on the Hill that averaged 38 on a recent round!

That the biggest name in the horseshoe tournament is the entry of Schwarzwalder-Scapellati? They are practically out to the semi-finals before they start!

That this year four major grid teams have surpassed any previous teams in yardage gained after the first four games!

A SECOND TRY

We can't do worse than last time so we'll pick Miss State over Florida, Army over Harvard, Notre Dame over Illinois, Alabama over Kentucky, Lafayette over Virginia, Georgia Tech over Navy, Ohio State over Northwestern, Penn over Columbia, Wisconsin over Purdue, UCLA over Santa Clara, Dartmouth over Yale, and Syracuse over Cornell. In the Game of the Week, we'll string along with Grange and pick Michigan over Minnesota for the first time in ten years.

WRIGHT'S 5 And 10

Strong Tennessee State Teachers Humble Scots 19-12

Spears, Webb Score For Honakermen; Line Charges Hard

A slippery 145 pound scatback from Tennessee State Teachers College pitched a pair of touchdown strikes to come from behind and defeat the Maryville College Highlander Thursday night in a vary hard-fought game. The score was 19-12. With the field very soggy from the continuous rain, both teams made use of their serial power.

After a scoreless first quarter Oliver Spears intercepted an enemy pass to start a drive toward the Blue Raiders' goal line. Albert Hollingsworth, frosh wingback from Alcoa, bore the brunt of the Scottie attack with Spears carrying the ball over for the marker. The kick was no good. The Teachers retaliated in the same stanza to stage a short drive which culminated in six points for the Midgett-coached boys. Again the kick was no good. Shortly before the half, Oliver Spears faded back and threw an aerial to Gordan Webb, stalwart soph end. Taking the pass on his opponents' 35 Webb reversed his field and outsprinted the Raider secondary with a beautiful touchdown run. Again the soggy ball refused to go over the bar, ending the scoring for the Scotties and the half at 12-6 in their favor.

SECOND HALF

Taking the Highlanders' kick-off on their own four, the Tennessee State Teachers, led by Burkett, Blackman, and Cartwright, ripped off long gains via both ground and air. After three quick first downs, Blackman took a flat pass and was over for the tying score. The try for conversion was again no good. The teams battled on even terms for the remainder of the third quarter and for part of the final quarter. Both lines charged hard and gains were hard to get. A blocked punt around midfield set-up the winning score for the Blue Raileds.

Fading back at times 15 or 30 yards behind the line of scrimmage, little Bill Burkett opened up an areial attack which carried down to the Scottie seven. The hard-charging Scottie line stopped the Raiders for three plays. On the fourth down Burkett faded and shot a bullet pass over the line to Phillips for the decisive touchdown.

The play of the Scots was extremely commendable. The line charged hard; the backs fought and plunged, but the heavy Raider line and the muddy field refused to allow the Scottie offense to function. Les Rock, Wiley, Hollingsworth, Frank Kramer and Spears stood out for the Scots.

Line-ups were as follows:

Maryville	Pos.	Tenn. State
Webb	le	Phillips
Mitchell	lt	Brook
Andes	lg	Reasonover
Breazeale	c	Nesbitt
Easter	rg	Yearwood
Kramer, J.	rt	Suddarth
Rock, L. (Capt	rt	Johson
Davis, W.	qb	Cartwright
Taylor	hb	Blackman
Pepper	hb	Burkett, R
Spears, O.	fb	Burkett, B

—V—

Highlands Meet E-H In Homecoming Tilt

The Highlanders will try again to cop a victory from a major opponent next Saturday on Wilson Field where the Scots will tangle with the Emory-Henry Wasps in the Maryville '42 Homecoming classic.

Emory-Henry has a fairly good record behind them. They held the powerful Milligan machine to a 6-6 tie early in the season and triumphed over Hiwassee 19-0. Maryville took the Hiwassee aggregation to the tune of 33-0, but lost to the Milligan Buffaloes 19-0 in a hard luck game here.

If the Highlanders can regain their touchdown punch they have an excellent chance of coming up with a win for the grads. For the last two years Coach T. R. "Pidney" Porterfield's charges have had poor luck with the Honakermen. Last year's great Scottie combination won 20-14, while the '40 team was 12-0 victors over the Virginians.

WAACS Score 2-1 Win Over WAVES In Hot Soccer Game

The first game of the Big League Series was taken by the WAACS in a 2 to 1 victory over the WAVES Thursday afternoon. The WAAC's veteran forward Johnnye Gudel scored the first goal as the three Army forewards crowded the goal to overcome gallant goalie Gaultney in the second quarter. At the opening of the third quarter Johnnye wasted no time in scoring the winning point for the WAACS after an exciting series of passes and blocks which displayed admirable footwork on both sides. In the fourth quarter the WAVES' right forward Pat Howarth took a pass from center Rose Pinneo and dribbled it neatly through the goal lanes for the Navy girls' single tally.

From the looks of this first close, swift, rugged game, rooters can expect plenty of action in the Tuesday and Thursday tilts next week.

Starting Lineups:

WAACS—
Ruth Wynn, Captain
Steve Boretsky cf
Johnnye Gudel rf
Edith George lf
Babs Burnett rw
Jeana Eddleman lw
Flora Torbert ch
Lucille Cathey rh
Pete Peterson lh
Becky Jones rf

Jo Gillette rw
Jean Bellerjeau lw
Kitty Loesch lh
Winnie Summers ch
Betsy Watkins rh
Natalie Yelton rf
Anne Graham lf
Lucille Gaultney, Goalie
Substitution: Pat Howarth lf

—V—

Milligan Buffaloes Trample Spiritless Highlanders 19-0

Visitors Score Two Times In Last Stanza; Scots Unable To Score

The Scottie gridders dropped their third game out of four starts to Milligan College on Wilson field on October 10 by a 19-0 score. In spite of a heavy statistical superiority and a better all-around attack, failure to hit paydirt from inside the ten yard stripe cost the Scots two touchdowns while a general Maryville collapse in the last quarter paved the way for two of the enemy's three scores.

The margin between Maryville's ten first downs and Milligan's three does not tell the story of the encounter. The Highlander ground attack picked up 179 yards to the Buffalo's 65. Five Scottie aerials connected for 68 yards, but lost 73 on intercepted passes. Two of the intercepted passes resulted in Buffalo t. d. 's, one a 58 yard run by center Van Hartsook in the last quarter.

Maryville kicked off to the Buffs, were forced to punt from their own forty after trying the line three times. Lloyd Taylor and Co. took over on their own twenty and in six plays took the ball to the foe's 35. From then on throughout the first quarter both teams stuck close to midfield and wicked on third or fourth down.

A 58 yard sustained drive in the second stanza resulted in the visit Buff score. Abbott featured the drive to the ten yard marker and then shook himself loose to go over.

After a flurry of passes near the end of the half, the Scots resorted to the little-used field goal in an attempt to score.

Ross Honaker attempted to boot one from the fifteen, but the ball missed by inches, bouncing on the cross bar.

The third quarter was all Maryville, but no scoring was done. The Scots took the kick-off on their own fifteen and ran the ball back to the 36. After three plays they kicked to the Milligan twenty and held the Buffs there until they fumbled several plays later. From there the Highlanders ran four plays before a Milligan punt put them on the forty. A five yard gain through the line and a 25 yard run by Pepper put the Orange-Garnet back on the enemy thirty. Two first downs in six plays took the leather to the ten; three more tries took it to the one foot line, but a fourth down center rush by Oliver Spears was wasted on a solid wall of Milligan linesmen.

At the start of the last quarter the Scots drove again into scoring territory, but were stopped on the six.

From then on it was Milligan's game. An intercepted pass coupled with a thirty yard run put the ball back on the Maryville 25. Two plays later Abbott connected with Miller, rangy Buffalo end, for a 25 yard touchdown pass making the score 13-0.

Later in the same period a Highlander aerial landed in the arms of Van Hartsook who galloped 59 yards for the final tally.

As in the Chattanooga and Newberry games it was intercepted passes and poor blocking that were responsible for the Scottie's defeat. The running attack was far superior to the enemy's ground offensive, with Taylor, Pepper and

(Continued on page four)

Scottie Reserves Swamp Hiwassee Tigers In 32-13 Win

Enloe, Hollingsworth, Spears Shine For Locals; Young Stars

The Maryville College Scotties got rolling last Saturday night after three straight defeats handed to them by three very superior teams, to defeat Hiwassee College by a score of 32 to 13. Maryville played Hiwassee for their first game of the season and defeated them 33 to 0. The score was a little different this time because none of the members of the first starting line-up played in this game. It was the second and third team that did the trick. A look at the score shows that the second and third team had just as powerful an offense as did the first team. But their defense allowed two Hiwassee counters. A freshman, Winton Enloe led the Scotties to victory with superb running and passing. He was exceptionally good on his end runs and line bucks. Hollingsworth, another freshman, stood out very well against the Tigers. His running was very good. He played a very brilliant game, especially on defense. On the fourth play of the game, Hollingsworth intercepted a pass and ran 34 yards for a touchdown. Hiwassee then took the ball on the kick-off and started a march that finally ended with John Young, the fullback, going over from the 5 yard stripe. Maryville then took the ball on the kickoff and, lead by Enloe, drove the ball over from their 15 yard line, after marching the length of the field. He then threw a pass for the extra point. The third touchdown of the game came after Hiwassee had pushed the length of the field to go over for a touchdown. Maryville again scored with a pass from Bayless to Talbott. The Hiwassee Tigers had improved considerably and their reverses were very deceptive from the start of the game to the end. Maryville's next score came on a fumble when a lineman of the Scotties pounced on the loose ball. Another freshman who starred was Artie Spears, who played a very brilliant game at backing up the line. Davis did the best kicking of the year in this game. He got several beautiful kicks off for over 50 yards. The team's running and passing attack was very good, especially the running attack. A few Scottie passes were intercepted. The spirit was very good and the boys showed plenty of fight. Even though the Scotties won by a good margin, they came out of the game with a few injuries. Bob Bayless, the best all around blocker on the field, came out of the fray with his nose broken in three places. Enloe emerged with a cut lip but nothing very serious. The standouts for Hiwassee were Dan Hicks, tackle, M. L. Tallent, guard, Oscar Dorsey quarterback, John Young, fullback and McNall, end.

Friday October 30

Alpha Sigma—Ministerials 3:30
Athenian Gladiators—Y Frosh 3:30
Choir—Athenian 4:30
Alpha Sig Wolves—Preachers 4:30

At 3:30 on Friday, October the ninth, the Intramural Six-man Football season began. The Athenian Gladiators turned back the Y Frosh 12-0 with touchdowns by Van Cise and Jamarik. Alpha Sigma barely beat the Ministreials 6-0 with a lonely touchdown by Faulkner. At 4:30 Athenian started the season with a 22-0 win over Choir. Foreman scored two touchdowns and made the two extra points.

The Alpha Sig Wolves overpowered the Preachers 8-0 with a safety and a touchdown by Ogle.

On Tuesday, October 13, Athenian beat Alpha Sigma 13-7 in a close, hard-fought duel; Scapellati made two touchdowns by snagging passes from Hunter, and Bergquist caught a pass for an extra point. Pierce scored Alpha Sigma's lone touchdown and Sweeney threw a pass to Lord for the extra point. The Choir ran over the Ministerials 13-9. Lloyd and Moehlman scored the touchdowns for the Choir and Suitor scored one for the Ministerials. Suitor also made the extra point. Lloyd made the extra point for the Choir and the other two points by the Ministerials were made by a safety on the Choir.

The Quakers closed out the Smoothies 6-0 with a touchdown by Adams.

The Rangers out-fought the Deacons for a 26-13 win. Touchdowns for the Rangers were: Miller 3, Crawford 1, and extra points Huskey 1, Miller 1. Touchdowns for the Deacons were Van Blarcom 1, and Tyler 1. Hatch scored an extra point for the Deacons.

On Thursday, October 15, the Smoothies won over the Rangers 7-6. Sam Crawford scored the touchdown for the Rangers and Lockwood scored the touchdown for the Smoothies. Bob Moore came across for the precious extra point that won the game.

The Athenian Gladiators beat the Preachers 19-0 with 3 touchdowns by Glenn Paul and Paul Jamarik scoring an extra point.

The Quakers over-ran the Deacons 26-12 with Adams and Stevens each scoring 2 touchdowns for the Quakers and Van Blarcom and Jack Jones scoring one each for the Deacons. Hargrave and Adams each got an extra point for the Quakers.

The Y Frosh completely overpowered the Alpha Sig Wolves with a 19-0 score. Bill and Frank Bradford and Earl Thomas each scored a touchdown for the Frosh and Jim Hodges made an extra point.

On Friday, October 16, Athenian took Ministerials 24-0. Foreman, Cooper, Crawford, Bergquist each scored six points for the Athenians.

The Athenian Gladiators took Alpha Sig Wolves 7-6 with a touchdown by Francis and extra point by Van Cise. D' Antonoio scored the Wolves' touchdown.

The Y. Frosh took the Preachers 12-0 with two touchdowns by Hodges.

Alpha Sigma over-ran Choir 27-6 with two touchdowns by Lord and one each by Pierce and Sweeney. Evans made an extra point and Golding made 2. Moehlman scored the 6 points for the Choir.

On Tuesday of this week, October 20, the Smoothies took the Deacons 33-18. Touchdowns for Smoothies were: Smith 1, Lockwood 1, McDaniel 2, DeForest 1, and extra points DeForrest 1, and Moore 2. Touchdowns for the Deacons: Astor 1, and Van Blarcom 2.

Athenian took Choir 21-7 with three touchdowns by Scapellati. Cooper scored an extra point and Foreman scored a safety. Parvin scored the touchdown for the Choir and Hopkins scored the extra point.

Alpha Sigma beat the Ministerials 31-12 with touchdowns via: Sweeney 3, Purifoy 1, and Golding 1. Evans scored an extra point. Rust and Suitor scored the touchdowns for the Ministerials.

The Quakers beat the Rangers by 38-0 in a one-sided game in which Sam Pemberton and Bill Adams each scored 3 touchdowns and Adams scored 2 extra points.

In last Thursday's games The Alpha Sig Wolves took the Preachers 12-0. Scoring touchdowns for the Wolvers were Henderson and D' Antonio. Paul Blake Smith completed the only forward pass for the Preachers. John Taylor played a good game and intercepted several against the Wolves but all to no avail.

CLARK FLORISTS

Recommendation Forms Are Ready For Senior Files

Mr. James R. Smith, public relations secertary, has announced that new forms are now ready for the senior recommendations. With the new forms a larger amount of data can be collected on each graduate. The new forms will show a complete biography of the seniors concerning what they have been, what they are, and what they hope to become. All seniors are asked to come and obtain a form, fill it out, and return it promptly. After each senior has turned in the form, the faculty members to whom he referred will provide rating sheets, and from these rating sheets and the form, a set of folios are made up and kept on file for each graduate.

Seniors graduating at Chistmas are requested to file their recommendation forms immediately, and it will be to the advantage of all seniors to file them as soon as possible. There are many inquiries coming to the Office of Public Relations, and it is from these filings only that information regarding senior applications can be made.

Sophomores Plan Bainonian Program For Tonight

Sophomore members of Bainonian will sponsor the program to be presented at the meeting of the society tonight at 6:15. The entertainment will be under the leadership of Ruth Mary Hall. Sophomores are planning to offer a surprise program to all the other members at this meeting.

After a short business meeting last Saturday, the new freshman members of the society presented an entertainment for the older Bainonian members. Freshman in charge was Thelma Richardson who used the theme, "Something New Has Beeen Added". Following a song by Mary Ann Wilkes, was a take-off of "Romeo and Juliet," introduced with a reading by Helen Wilson and performed by a New York accented Thelma Richardson and Cynthia Johnson.

All freshman members areasked ed to learn the Bainonian song by the time of tonight's meeting. Words to the song have been posted in all of the women's dormitories.

Milligan Game

Continued from Sports Page)

Spears carrying the brunt of the attack. Bob Bayless did a good job at the blocking back spot. The air attack with 68 yards to its credit was a potent factor, but it also failed in the clutch.

Rock, Renfro and Webb were the best on a rather poor line.

Tiny, "Five by Five" Carrier, Abbott, spearhead of the Buffalo attack, and Tipton stood out for the visitors' ball carrying department. Maupin, Captain Stallard and Van Harstook were the standout linesmen.

Dr. Vance Speaks To Student Body

"Life's Best Things" Is Chapel Topic

During the past week Maryville College has been priviliged to have as guest speaker the Rev. Joseph A. Vance, D. D., LL. D. Dr. Vance is a well know leader in religious circles and was recently retired as pastor of the First Presbyterian Church of Detroit, Michigan.

Dr. Vance first spoke at the College Vesper Service last Sunday evening. Speaking on the topic, "The Perserving God", Dr. Vance said that even though we fail and go astray God will continue to try to save us and will not be discouraged.

Immediately following the vesper service Dr. Vance spoke to the Student Volunteer Group on "Answering Christ's Call". Monday evening Dr. Vance addresesd the Faculty Club, pointing out that the world's problems are partly due to a number of circumstances for which there can be no easy solution. He stated that the world is in a confusion, politically, economically, and religiously. Dr. Vance concluded that we must find a solution to the world's problems aside from selfish interests and groups.

The visitor addressed the student body at the Wednesday morning chapel service. Speaking on the topic, "The Best Things In Life", Dr. Vance stated that we should pray for four essential things. First, we should have "overflowing love", for this is the "secret of happiness", but love must be conditioned by knowledge and judgment or else we will love the wrong things. Second, we should "approve the things that are excellent"; third, we should "be sincere and without offence"; and fourth, we should be "filled with the fruits of righteousness so we will always do good".

These four qualities are essential if we are to achieve a lasting happiness, Dr. Vance concluded.

Dr. Vance also addressed various groups on the campus at different times and was the leader of the Tuesday chapel service. He left Maryville last Wednesday, having spent three days speaking to Maryville College students at various meetings.

present pastor of the New Providence Presbyterian Church, and Mr. Joseph O. Houston, an elder and member of one of the old families in the Eusebia Presbyterian Church, will participate in the Exercises. Mr. Pope's grandson, Dr. Thomas A. Pope, of Franklin, Tennessee, is an invited guest.

How the college was founded in 1819 by Rev. Isaac Anderson, D. D. and its growth throughout the years has previously been featured in an October ECHO.

All who are interested are invited to be present for the program.

Last year, on Nov. 2, there was an unusual celebration of Founders' Day in that the services were held at a paint some 23 miles north of Maryville instead of at the college as customary. A service of dedication was held at the place where Isaac Anderson established in 1802 Union Academy, which may be considered the predecessor of Maryville College which he founded in 1819. The place is on Murphy road about seven miles north of downtown Knoxville.

The principal speaker at the dedication services was Mr. William H. Pouch of New York City, President General of the National Society of the D. A. R. A sixton marble boulder from a nearby marble quarry was placed near the road on the ground where the Isaac Anderson home is said to have stood. A tablet was attached to the stone bearing the following inscription:

"One Eighth of a Mile West of This Spot There Stood the Building of Union Academy, Generally Called, "Mr. Anderson's Log College", which was Conducted From 1802 to 1812 by Rev. Isaac Anderson, Founder and First President of Maryville College of Which Union Academy Was the Predecessor."

Margaret McKirdy Leads Discussion On Military Appraisal

The Discussion Group on Current Affairs will take part in a panel discussion on An Appraisal of the Military in World War II. Margaret McKirdy will conduct the forum while the appointed participants are Bill Evans, Alice Reed, and Phyllis Anne Cain. The last three will take specific theaters of the war and make appraisals of their present status. The chairman will then lead the group in a general discussion touching also on such matters of current military concern as the of eighteen and nineteen year olds.

VOLUME 28 MARYVILLE, TENN. OCTOBER 31, 1942 NUMBER 8

Maryville Elects Who's Who

Homecoming Queen Peggy Caldwell Receives Crown From Captain Rock

Coronation Skit Is New Feature Of Alumni Day

Tonight, marking the addition of a new feature to Maryville tradition and a new member to campus royalty, captains of the 1942 Scotties will crown Peggy Caldwell Queen of Homecoming.

The election and coronation of a Homecoming Queen have been initiated this year by the Decoration committee headed by Ken Cooper as student chairman, as an added highlight to the Alumni Homecoming celebration. The sophomore queen was elected by popular vote of the students at a special meeting held Wednesday morning after the chapel service.

Before the kick-off tonight Peggy will be ceremoniously brought to a central spot on the football field for a colorful coronation ceremony. She will be conveyed in a royal buggy, will be dressed in old fashioned clothes in tribute to the alumni idea. Accompanying the queen will be two court attendants, Jean Batchelor and Bette Clevenger, high ranking candidates at the election of the queen. They in turn will be accompanied by two male escorts appointed by the queen.

With deferential attendance of certain members of the football team and a brass band sectioned from the Maryville college band, Peggy will kneel and be officially crowned by football captain Les Rock. Through an amplifying system set up on the field, the Queen and a few members of the College staff or alumni will speak a brief welcome to visitors. The Queen and her court will then make a formal procession to a special throne erected for her in the center of the college bleachers.

The skit and game will mark the closing chapter in the annual Founders' and Homecoming Day for this year. The day has been commemorated by the Founders' Day service in the Chapel this morning, and by the annual barbecue for the guests at 5:30 this evening. Queen and attendants

Lynt, Hildreth Elected Into Theta Alpha Phi

Ben Lynt and Charles Hildreth are the new members elected to be taken into Theta Alpha Phi, national honor dramatic society, at a meeting Thursday, October 22. Their initiation began this week and will end November 6 with a banquet.

Ben, a junior, carried one of the leads in "Kind Lady," presented last week. He is a member of the Athenian society, Pi Kappa Delta, and is managing editor of the ECHO. He has played several major parts in plays presented in the past three years. Charles has been active as part of the stage crew since coming to Maryville. A senior from North Haven, Connecticut, Charles was stage manager for "Wuthering Heights," and Charlie's Aunt", two of the dramatic productions of last year.

This year Theta Alpha Phi has organized itself into a play study group. The members plan to hold occasional open meetings at which readings or a review of some current play or novel will be given.

The society now has seven members. The other five are Betty Clevenger, president; Ted Kidder, secretary; Charles Dunning, treasurer; Helen Airheart, and Alice Jones.

Dr. W. P. Stevenson To Speak At Vespers On "Jesus Only"

Dr. William Patton Stevenson, college pastor emeritus, will use as his text, "Jesus Only," when he speaks at the regular Sunday Vesper service tomorrow evening at 7:00 o'clock. Taking his subject from the transfiguration of Christ, Dr. Stevenson will discuss the objects by which Christ lived.

Dr. Stevenson has been pastor emeritus since 1941. From 1917 to 1941 he was college pastor and professor. He lives in his home in the College woods.

Indian Is Theme For Barnwarming

Proceeds Will Go To Greek Refugees

The annual Barnwarming is scheduled for Thanksgiving evening, November 26, in the Alumni gymnasium. The theme this year is that of the American Indian. This will be portrayed in scenes and music and skits. The story of Pocohontas and John Smith is being developed by Charles Gilpatrick, Mardee Fletcher, and Thelma Richardson, Scenerio Committee.

The orchestra will play several numbers and there will also be some vocal selections. Stunts will be given by various college organizations. The four girls selected to represent their classes as sponsors will be presented. As usual, a King and Queen will preside over the festivities. They will be elected in a meeting of the student body next Wednesday morning.

Committee chairmen are as follows: Program, Ruth Wynn, Decorations, Jessie Fowler; Publicity, Carol Robinson; Booths, Alice Jones. For the second year, the proceeds from the Barnwarming will be used for the relief of Greek refugee students. This was decided by the Y. W. C. A. cabinet.

New Members Chosen at Special ABC Election

In the election held after chapel service a short time ago, seven new members were elected to the Executive Board of the Athletic Association, (commonly known as the Athletic Board or Control). Faculty representatives chosen were Mrs. V. M. Queener and Mr. A. F. Pieper. Student members elected were Agnes Peterson and Johnnye Gudel, James Garvin, Lloyd Anderson, and Mack Wilson.

The Executive Board of the Athletic Association determines what athletes have earned awards under the present rules and makes awards in special cases.

Dr. Frank D. McClelland and Coach Lombe Honaker are also members.

ELEVEN WHO'S WHO MEMBERS

First Row: J. Edward Kidder, Jean Patterson, Jean Barnes, Phyllis Anne Cain, Arthur Bushing. Second Row: Hal Lloyd, Brasher Bailey, Roy Crawford, Ted Pratt, Sidney Duke, Jack Kramer.

Student Council And Faculty Select Eleven Students

CAMPUS LEADERS

List Is Reference On Students Of American Colleges

Who's Who Among Students in American Universities and Colleges for 1942-43 includes the following eleven Maryville college students: E. Brasher Bailey, Jean Lois Barnes, Arthur S. Bushing, Phyllis Anne Cain, Roy Duncan Crawford, Sidney Walter Duke, J. Edward Kidder, Jr., Jackson Carlisle Kramer, Hal Baldwin Lloyd, Jean Patricia Patterson, and Theodore Beeks Pratt.

Ten years ago Who's Who was created as a national standard of recognition for students, devoid of politics, initiation fees, and dues. There are two cardinal ideas controlling the project. The first is to recognize outstanding students. This is done for those who have shown merit throughout their college careers, without being charged a fee for their recognition. The second purpose of Who's Who is to establish a reference volume of authoritative information on the student body of American colleges.

Character, scholarship, leadership in extracurricular activities, and potentiality for future usefulness to business and society are the requisities for membership. Any senior, junior, or student in advanced work is eligible for consideration. Membership in Who's Who is the appropriate climax of a student's career, summing up all the social or scholastic honors that he has attained.

Colleges vary in their methods of selection for this honor. In some schools nominations are made by a committee under some college executive; and in some the nominations are made by a committee composed of both faculty and students. No matter what the procedure, each student is chosen conscientiously and impartially after his qualifications have been carefully considered. At Maryville an executive council of twenty faculty members makes the selection. This council and the Student Council make the final votes.

There are ten seniors and one junior from Maryville listed in Who's Who in American Universities and Colleges this year.

Brasher Bailey, a sociology major from Alcoa, is the president of the Student Body and of the Student Council. He has been a member of Writers' Workshop for two years and is on the cabinet of the Student Volunteers. As a freshman he worked on the ECHO staff, and he has taken part in several dramatic productions. Brasher has also been on the honor roll.

Jean Barnes is best known as the editor of the ECHO this year. She has been on the staff for four years and last year wrote "Old Spice". A psychology major from Wilkes-Barre, Pennsylvania, Jean has also been a psychology assistant. She has made an outstanding scholastic career, with 8.37 average. She has been a member of Writers' Workshop for two years.

The president of the senior class, Arthur Bushing, has also made the honor roll. He is an English major from Jamestown, Tennessee and is doing honors work in that field. As a junior Art was Intramural Sports Manager, a member of Writers' Workshop and of the YM cabinet for two years. During summer school he was on the staff of the "Summer Sun," the student publication.

Phyllis Anne Cain, a history major from Morristown, has been a member of Pi Kappa Delta for three years. Last year she was vice president, and she is now serving as president. She is also the present president of the In-

Stamp Drive Ends 1st Campus Month

The first month for the sale of war stamps on Maryville college campus has ended.

The amount of stamps bought according to class purchases is freshman class, $39.85; sophomore class, $45.75; junior class, $35.10; senior class, $37.00; undesignated sales, $9.05; and corsages, $3.20.

The percentage of class participation is freshman class, 54.7%; sophomore class, 57.2%; junior class, 90.0%; and senior class, 100.0%.

The total percentage of the students buying stamps is 70.7. Ninety-five per cent of the faculty has purchased war stamps.

Natalie Yelton is chairman of the I. R. C.—Student Council committees, organizations responsible for the sale of war stamps on the campus. Malcolm Thompson is financial chairman and Muriel Geisler is in charge of the Wednesday morning sales. Chairmen for the classes are as follows: senior class, Edith Monroe, Brasher Bailey, and Marian Avakian; junior class, Helen Anderson and Sam Crawford; sophomore class, Barbara Buchanan and Charles Coville; freshman class, David Briggs and Eleanor Stout.

The sale of stamps for the month of November started Wednesday, October 28. The per cent of students buying stamps thus far for this month is senior class, 18%; junior class, 16%; sophomore class, 7%; and freshman class, 13%.

Classes Select 1942-43 Sponsors

Candidates Elected Will Be Presented At Barnwarming

Wednesday morning after chapel classes met for the purpose of choosing sponsors. The results of these elections will not be made known until Thanksgiving evening at which time those chosen will be presented publicly by the barnwarming chairman. The senior class met in the Chapel and elected one of two candidates, Mary Jane Person and Jeanne Scheibelle. The junior class, assembled in Miss Jessie Johnson's classroom, chose between Margaret Gesesrt and Mary Jean Partridge for sponsor of their class. Either Jean Walter or Jessie Fowler was selected by the sophomore class which held its meeting in Bartlett hall. In the philosophy classroom the freshmen cast their ballots for either Mardie Fletcher or Ruth Randolph.

For some time, class sponsors were not announced until the yearbook was distributed. But for the last few years those chosen by the various classes were presented publicly at the barnwarm-

Artist Series To Feature Rose Dirman And Lucielle Browning On November 12

LUCIELLE BROWNING

ROSE DIRMAN

Both Attain Fame As Radio Singers And Opera Stars

Will Be Given In Voorhees Chapel At Eight O'Clock

On Thursday, November 12, the Maryville College Artists Series will present its first performance of the concert stage this season. The stars on this occasion will be Lucielle Browning, a mezzo-soprano from the Metropolitan, and Rose Dirman, lyric soprano. In spite of general difficult circumstances this joint presentation will be equal to the high quality of past Maryville college seasons.

Possessor of a beautiful natural voice, rich in coloring and extensive in range, Lucille Browning is also, as one paper noted, "a beautiful young woman with an almost perfect stage presence and a voice as lovely as her face." Hailing from Durham, North Carolina, Miss Browning first won a Carolina state vocal contest and a scholarship at New York's Juilliard Graduate School of Music During a period of intensive training, she had the benefit of instruction by Marcella Sembrich, world-famous concert and operatic singer. Radio work and employment

YW Schedules Annual Service Of Consecration

On Wednesday evening, November 4, the annual Y. W. C. A. candle-light Consecration Service will be held in the college amphitheater. This service is centered around a large triangle of leaves extending over the slope of the theater. The triangle, the emblem of Y, is set afire during the service.

All women of the college are invited to attend the program The group will gather in front of Pearsons Hall at 7:10, immediately following the student prayer meeting. All new girls are requested to attend in their Nu Gamma groups.

Faculty Members Participate In ETEA Conference

Mrs. Grace Pope Snyder, Dr. Edwin R. Hunter, Dr. Frank D. McClelland, and Dr. David H. Briggs as special representatives from Maryville college have participated in the program outlined for the thirty-eighth annual meeting of the East Tennessee Educational association held this week at the University of Tennessee, October 29 through 31. The ETEA, which is composed of college instructors, public school teachers, officers, professors, and administrators from thirty-four counties in eastern Tennessee, meets an-

(Continued on Page Two)

Tuesday Proclaimed Meatless Day For College Dining Hall

Maryville College has set Tuesday of each week as meatless day. This will continue until it becomes unnecessary or until other meatless days become necessary.

This is part of the institution's cooperation with the nation in the present war effort. Many institutions and groups of institutions are following a similar plan. Maryville College is a member of the National Educational Buyers Association, one of whose regional groups recently adopted the following resolution that expresses Maryville's purpose:

"Resolved that in recognition of the curtailment in meat consumption which institutions and civilians alike are called upon to make to meet the war emergency, and wishing to express in a tangible way our desire to cooperate fully with our national authorities, we recommend that all member institutions immediately adopt one meatless day, perferably Tuesday, every week."

Photo-Electric Cells Installed To Compensate For New Plane Law

By ERNESTINE ULMER

Since the administration of Maryville college felt that it was not necessary to publish a handbook of rules and regulations this year, we feel that it is our duty to extend a word of friendly advice to the freshman students.

First of all, we will take up the much discussed problem of keeping private planes on the campus. Last year it was decided that no one could keep a plane at Maryville unless he lived in town. This year the faculty has agreed to try the experiment of letting the students keep planes as long as they are making passing grades. However, there is to be no flying after seven o'clock and only one couple may go up at a time in a single plane. You may make reservations in the Maryville College Plane Shelter now for only five dollars a semester. It has been requested that students be careful about landing planes on the football field, especially when a football game is in progress.

If you leave the dormitory for a period of several hours, it might be wise to leave your name and whereabouts with the clerk in the lobby. This is for your personal benefit in case you have a call or telegram.

If you have trouble with the lighting of your room or the plumbing in your private bath, please inform the maid instead of tinkering with it yourself. She will see that it is fixed at once. Turn the light regulator off if you are going to be away at night. If your regulator doesn't keep your room at the exact daylight standard, you should report it immediately.

Of course you have noticed that the old heating plant has been destroyed and a new sun energy plant erected. This will insure the correct temperature in your room at all times.

Naturally you are interested in the subjects that will be offered this year. We are privileged to have many of the finest teachers and courses in the world.

Professor E. G. Rinestein of London, will teach a class in Astronomy. He will broadcast over the international network at 9:00 o'clock every Tuesday, Thursday, and Saturday mornings. All of your rooms, as you have probably noticed are equipped with radios and television sets. Dr. F. G. Ken-

SATURDAY, OCTOBER 31, 1942

Greetings, Alumni

And once again, this is your day. And we are glad. Today have come thoughts dedicated to you, plans made for you, remembrances and praises spoken of you. And with it comes also our most sincere welcome home. Whether you are here today sharing with us the fall beauty of the campus, participating in the excitement of Homecoming football, or whether you are tireless at home and on the campus in a rather hard to discern spirit form only, greetings. We are glad to share with you the fellowship of being part of Maryville—share the College, creator of those most pleasant memories which you have, of those which we too soon shall share.

From This Corner

By BEN LYNT

(In the absence of Ben Lynt, Peter Van Blarcom, junior associate editor, was assigned this column space for a review of the first Maryville Players' production, "Kind Lady", presented the evening of Friday, October 23.)

KIND LADY—

Last week, on the stage of Voorhees Chapel, the Maryville College Players presented a most unusual drama, "Kind Lady," in three acts by Edward Chodorov, adapted from the story by Hugh Walpole.

The leading roles of Mary Herries, wealthy and kindly middle-aged spinster and Henry Abbott, merciless confidence man and extortioner, were played by Alice Jones and Ben Lynt, respectively.

The plot interest in "Kind Lady", centers around the evil scheming of Henry Abbott, an unemployed painter, who, presenting himself to kindly Miss Herries as an object of charity, gradually gains an ascendancy over her which results in his assuming complete control over her person, household and resources. His plan is to hold her prisoner in her own house until she signs away her wealth to him. The action is framed by a prologue and epilogue in which Miss Herries is at last able to communicate with an outsider, Mr. Foster, a bank agent, while Abbott and his henchmen, the Edwards, were mistakenly absent. The decisive moment or event takes place when Foster refuses to turn over to Abbott upon his return the note which Miss Herries entrusted to him to deliver to the police. The chief difficulty of the plot as an acting vehicle was, of course, the high level of dramatic suspense required.

It was here that the performance gained most of its credit. The work of the principal performers in this regard was the finest tspect of the performance. Alice Jones' portrayal of Miss Herries was on a consistently high plane. Her kindness to Abbott, the unemployed, destitute artist was as convincingly portrayed as her disgust and nervous alarm later on when she was virtually his prisoner. In the third act her revulsion against the sinister Abbott was completely convincing. In her hands, Miss Herries was consistent and loveable.

Equally as difficult was the role of Henry Abbott, ungrateful schemer and sadist. The hypocrisy of the role rendered it extremely difficult, but Ben Lynt comprehended it completely. His humility in the first act was merely a cover for the arrogance which showed through and foreshadowed his future evil dominance. The scene in which he demanded that Miss Herries purchase his painting was especially good. His metamorphoies from beggar to master of the household was a gradual and convincing one. His words carried weight and his implications were unmistakable.

A very interesting interpretation of Abbott's wife, the unbalanced and almost moronic Ada, was offered by Bette Clevenger. Her wild dance in the second act, followed by Abbott's rebuff and blow, indicated well her mental condition.

Neil Proffitt as Peter Santard was delightfully inane. He had the usual American disregard for the formal introduction and matters of art, and his general social ineptitude was well carried out, providing the highlighting contrast to the sinister quality underlying the whole movement of the play. His fiancee, Phyllis Glenning, as played by Helen Airheart, was sufficiently designed and commercial for the logical counterpart to Proffitt's devil-may-care attitude.

Mary Dawn Noblit, in the part of Miss Herries' friend Lucy Weston, gave a quiet, sympathetic portrayal of that character. However, she was a trifle subdued in some situations where she might have been a bit more forceful.

Miss Herries' maid Rose was played by Sarah Crider in a conventional but effeetive manner. She was sufficiently humble and mouse-like in going about her duties and her indignation at Henry Abbott and her subsequent resignation were exceptionally well done.

Mr. and Mrs. Edwards, accomplices of Abbott in imprisoning and torturing Miss Herries, were well portrayed by Dorothy Harned and Oscar Proffitt. Their brutality was best expressed in their laughter and crude wit upon occasions of greatest distress to Miss Herries and sinister intent of Abbott.

Clyde Brown as Abbott's fake art critic, Gustav Rosenberg, seemed sufficiently well-versed in the matter of etchings. His subtile inplications to those on the stage that he believed Miss Herries insane, must have been sufficiently discouraging to the hope which even Abbott admitted she still possessed.

As young Aggie Edwards, Georgia Lu Meadows was petulant and irritating enough to convince the audience of her immaturity. "Doctor" Schwarzwalder seemed sinister and English enough as well as reasonably scientific.

By JORDY MEADOWS

Something new has been added in more ways than one. We just wonder how you like the doodling at the top of our pride and joy this season. Artistic and all that— but not our art.

This is the season when spirits are on the rampage, so beware 'n take care. One of the spirits seemed to be having a wonderful time a trifle prematurely. On Thursday morning the whole ethics class perked up with a relieved smile spreading over its collective face. The town clock was striking. But then it just kept on striking and the time remained 11:30. And then it struck some more and the time was 11:35—and on and on and on.

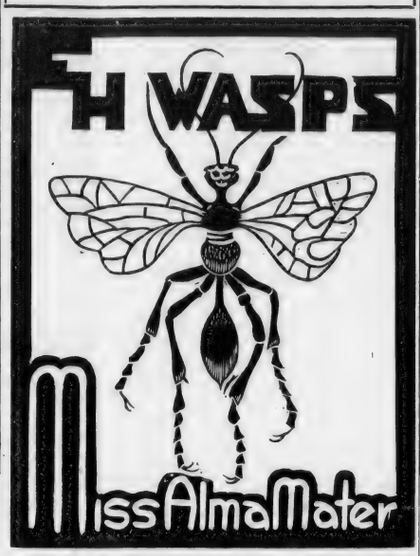
We're running a lost, strayed or stolen ad this week. This one is almost spooky, but then 'tis Hallowe'en! Seems as though Barbara Lorentz was in ethics class one day. During one of the minutes that she just happened not to be taking notes in a violent manner, she looked down at her lap-board. Right there in front of her eyes was written the name of a gal she used to know way back when in N. Y. U.—name of Yvonne Jene! Now Barbara is interested in finding out who knows the woman well enough to go scribbling her name all over a lap-board in idle moments. Here she was thinking that she and she alone knew Yvonne—nice name, incidentally. Then, too, she wants to write her a letter 'cause she's kinda lost touch with her. Will the culprit of the lap-board incident please see Barbara and explain. Confession is good for the soul. And while you are about it come tell us too. We've an old maid's interest in the situation.

Topic of conversation once more is First Aid. Our advice for the week (honest, we didn't intend a pun) is to stay a safe distance from the zealots with the triangular bandages. No telling what they might decide to practice with you as the victim. The beating is particularly grueling when there is a struggle between each individual rib and a hardwood floor to see which is going to survive. We could give you a hint as to what we consider the inevitable outcome, but that would be almost like telling the end of a good murder mystery. That is the lowest form of something or other.

Hello, again, Betty Jones. It's nice to see you around. We're beginning to think that maybe you like Maryville as much as you loved Duke. Anyhow don't run off mad, and come back any time.

Without further introduction:

Three morons had one dime. They went to a drugstore and got a soda and three straws. The first sips had barely time to slide down three throats when it started to pour. The moron with the altruistic tendencies said, "Look, fellows, I'll go get us an umbrella, but don't you dare drink my part of the soda." Three weeks passed by and the other two morons began to get a little bored. During this time temptation had raised her ugly head, and the two morons after much discussion decided to drink the last third of the soda. Suddenly the door flew open in the nick of time, and the altruistic moron said, "O. K.! You just go ahead and drink that and I won't go get the umbrella!"



Wasn't it nice to have the faculty go to school for awhile?

The juniors seem to be the class that has all the fun. Anyhow they celebrated in a big way last night. High class theater party that was really the stuff. Free for nothing refreshments too. But good.

And now that everyone that is coming home has come, let's tear over to the football game. Three cheers for some real football weather. How about that?

While we're greeting people, we'd like to say a special howdy to Bette "Unctuous" Umbach. She wrote this column back in the days when it was called "Scots and Soda", but she's not the critical type. That's why we all love Betty so. Incidentally, she's a friend at bridge—and, watch the chewing gum, Igor!

TALK OF THE WEEK ... By Chuck Dunning

WHO' WHO

(Continued from page one)

ternational Relations Club. A member of the ECHO staff for four years, she is now a staff editor. She has made the honor roll consistently and is a member of Writer s Workshop. At the state speech tournament in 1941 she was a member of the winning team in Women's Debate. She has served on the varsity debate squad for three years and was on the freshman team. Phyllis Anne was also vice-president of her sophomore class.

Roy Crawford is a political science major who lives in Maryville. He is the president of the YMCA and has been a member of the cabinet for three years. Last year he was business manager of the Chilhowean. As a sophomore Roy was class treasurer and business manager of the M Book. He was on the Business staff of the ECHO and was a member of the freshman debate squad during his first year here.

Sidney Duke is editor of the CHILHOWEAN. He is a chemistry assistant. He was president of his sophomore class and a member of Writers' Workshop. He was on the editorial staff of the ECHO for two years and is a member of the YMCA cabinet. An honor student, Sidney is from Arlington, Texas.

Ted Kidder is an art major from Berwyn, Maryland. He is a member of the Student Council and of the Student-Faculty Senate, and also of Theta Alpha Phi. He has been on the tennis team for three years and is now serving as an instructor. A member of the band and the orchestra for four years, he is captain of the former. As a junior Ted was on the business staff of the CHILHOWEAN. He has also been a member of the YMCA cabinet for two years.

Jack Kramer is a political science major from Maryville. He has been on the football team for three years and was a member of the Student Council during his junior year. A member of the varsity debate squad, Jack is also vice-president of Pi Kappa Delta. He has also been on the honor roll.

Hal Lloyd, an English major from Maryville, is president of the junior class. He was on the varsity debate squad and is a member of Pi Kappa Delta. A member of the choir for three years, Hal has also been a member of the band. Last year he was business manager of the M Book, on the editorial staff of the ECHO, and on the varsity tennis team. As a freshman he was on the Student Council. He is a member of Writers' Workshop and for two years he has worked on the Intramural Staff, and is a member of the YMCA cabinet.

Jean Patterson, an English major from Orangeville, Pennsylvania, is an English assistant. She is president of the YWCA and has been on the cabinet for three years. She is also a member of Writers' Workshop and of the cabinet of the Student Volunteers. For two years she was on the ECHO staff and has worked on the Parish Project. During her junior year she was secretary of her class. Jean has made an outstanding record on the honor roll, with 8.26 average.

Ted Pratt is a sociology major from Westerville, Ohio. He is chairman of the Student Council Elections Committee and is sports editor of the ECHO. He has been a member of the tennis team for three years and has made the honor roll. He is treasurer of YMCA and is a member of Writers' Workshop. Ted has also been a member of the choir.

Homecoming Queen

nually with the purpose of encouraging and promoting educational work in Tennessee.

Mrs. Snyder served as secretary of Deans of Women and Girls and presided at a conference group on Friday afternoon. Dr. Hunter spoke Friday on the Status of the Humanities. Dr. McClelland was present as Chairman of the Guidance and Personnel department. Dr. Briggs, a member of the ETEA Reserach committee, spoke Friday morning on Discussion and Distribution of the ETEA Research Bulletins.

Thirty-seven guest speakers attended the meeting, four of whom spoke at the general sessions. Dr. Herman Rauschning, former president of the Danzig Senate, Poland, discussed "The Aims of National Socialism". His quarrels with Hitler are known throughout the world.

Colonel Carlos P. Romulo, Aide-de-Camp to General Douglas MacArthur and last man off Bataan before surrender, addressed the Friday morning general session on "Last Man off Bataan".

Dr. Roy L. Smith, outstanding Methodist minister and editor of the CHRISTIAN ADVOCATE, who holds degrees from numerous institutions, had for his theme Friday evening, "The Religious Roots of Democracy."

Dr. Willis A. Sutton delivered his new lecture, "The Science of the Individual," before the Saturday morning session. Dr. Sutton is known as a school man and as a Methodist minister, "very successful because of his happy sense of humor and magnetic personality."

In the last fifteen years, Blount county registered 100 percent of its teachers. Last year Maryville college was represented at the meetings by twenty-six members of the faculty.

Photo-electric Cells

By Ernestine Ulmer

(Continued from Page One)

selow of New York University will hold his Psychology classes on Monday, Wednesday, and Friday at eleven o'clock. Many other famous scholars are on this year's teaching schedule, which you will find posted on the bulletin board in your dormitory. May we suggest that you have no one in your room during the broadcast except those who are taking the course.

Please be considerate about the use of elevators in your dorm. Do not make unnecessary trips since there are other people who use the elevator besides yourself. Photo-electric cells have been installed to automatically open doors for your convenience. If you have any closet doors you wish to have treated, you may send for Brownie, III.

If you wish to earn part of your way through college, you will find that an assistantship to some instructor will be both interesting and profitable. Your work will consist of running the automatic blackboard writing machine during lectures and examinations, and operating the automatic grading machine. Your work will be light and well rewarded.

All boys interested in intramural sports may try their skill at glider flying. The Athenian Drifters will collide with the Alpha Sigma Buzzards at 4:30 Monday afternoon.

If you wish to have your clothes laundered, merely put them in the laundry shute and they will immediately proceed to the basement where they will be automatically washed and ironed. You should go down within thirty minutes to collect your clothes as they come off the press. Otherwise they will be dumped on the floor. Laundry facilities are free.

Many questions have probably arisen in your mind. For further information see any upperclassman, including sophomores.

(Taken from Highland Echo, Sept. 6, 2142.)

WASPS FAVORED IN HOMECOMING TILT

SCOTSPORTS

By TED PRATT

ECHO SPORTS

BEAT EMORY & HENRY

The Scots can beat Emory and Henry if they play like they did against the Murfreesboro Teachers last Thursday night. The Wasps are strong; they have a potent passing attack, and their squad is full of names of outstanding players from last year's powerful squad. But the Scots have a team also. And they can fight when they want to. Against Tennessee State Teachers, the Highlanders played good ball. It was heads-up ball all the way. They led the Raiders at the half, but the pitching arm of little Bill Burkett was too accurate for the Scots in the second half and they went down to defeat 19-12. Each gridder in the Maryville line-up gave out with some real effort and each went down fighting. And that same fight and spirit can whip the Wasps! Let's come out and do our part for the team!

BEAT EMORY & HENRY

Coach "Pideny" Porterfield brings an experienced team to Wilson Field tonight. The Wasps have tied Milligan and Roanoke, defeated Hiwassee and Guilford, and lost close decisions to West Virginia Tech and Milligan. Sparkplug of the Wasp attack is Bill Dixon, a stellar line-smashing fullback. Aided by a trio of shifty running backs, Dixon has starred on the ground and in the air. He has great power in his 180 pounds and is known for his great line-plunging ability. The Wasps use a clever screen pass behind the line that has been confusing the opposition all season. Sam Varnell and Sam Osborne, a couple of good-sized ends, have proved their worth in the Emory & Henry passing attack, both having a part in the swamping of Guilford and Hiwassee. Tom Asbury and Jim Hagy, Co-Captains, have the guard situation under control, while Parrish and Gray, a couple of stalwart veterans, hang out at tackle. "Red" McGlothlin at center completes the line-up.

BEAT EMORY & HENRY

Puzzle• Find the correct scoring combination! That has been Coach Honaker's problem during the entire season. The much-discussed (and cussed) problem has an uncomfortable habit of popping up before each game. Who shall compose the backfield? That is the question. Various combinations have been tried for the games, but a clicking quartet with a good scoring punch has yet to be discovered. Overlapping makes the question even more complicated. At the tailback spot we have Oliver Spears, Lloyd Taylor, and Winton Enloe. At the wingback spot we have Morton, Pepper, Hollingsworth, and Davis. At the blocking position we have Bayless, Davis, Honaker, Spears, and Wagner. At fullback we have Honaker, Spears, and Spears. Changing these around at various times during the games has given the Scottie backfield an appearance of a group of customers at a bargain counter. Any suggestions will be greatfully accepted if they are submitted with one box-top before midnight on Christmas eve. One at a time, please!

BEAT EMORY & HENRY

Prediction: Illinois' guard Agase will land on many All-American teams because of his two touchdowns against Minnesota!

Precaution: It s hard to see a golf ball in the snow. Let's get that golf tournament finished.

Publication: Yes, the new members have been elected to the ABC (Athletic Board of Control). See write-up in this week's issue of your ECHO.

Procrastination: Wouldn't we like to see those Wasps sting the Scots!

BEAT EMORY & HENRY

We can afford to drop out of that 85% class of last week so we'll tackle a few of these giant-killers: Maryville over E & H, Army over Penn., Boston College over Georgetown, William & Mary over Dartmouth, Georgia over Alabama, Ohio State over Wisconsin, and Tennessee over LSU.

It's A Wonderful World For Lombe's Bays—Go Ahead, Just Ask 'Em!

By LES BOYD

You spectators, with your flabby muscles, poor digestion, and tobacolosis, you who sit in the stands week after week applauding the exploits of our hardy gridiron heroes who are out doing and dying for the dear old Orange—Garnet and building a little character on the side, have you ever stopped to consider how these once-normal people were transformed into those exciting beings known to common people as football players, to sports writers as glue-fingered ends and line-pulverizing fullbacks, to the faculty as flunks, and to coeds by that highly technical term, hunks of men? I'll tell you about it.

In the first place a football player eats at the training table. This is important because the men at the football tables are allowed an extra half pint of milk a meal, an item of great consequence as milk contains all of the necessary vitamins and is known by all to be good for you. Besides the milk, of course, they are alloted the usual daily quantities of light, fluffy-duffy biscuits for breakfast, nourishing hashes and salads for lunch, and tender, well-done roasts, nutritious vegetables, and pie like mother used to make, (before she discovered baking powder) for dinner. Theirs, indeed, is a happy lot.

In order to keep them in the best of condition, Lombe S. Honaker, known to the boys by various appellatives, asks that the fellows come out to the practice field every afternoon around three for a sociable two or thre hours. Here, aided and abetted by his assistant, J. A. Davis, he spends the afternoon teaching football and building moral character.

The day begins for a football player at three p. m. when he is rudely shaken from his slumber by the noise of the ball and the rest of the class leaving. After explaining to the professor that he wasn't really sleeping (he had his head on his desk because the collar of his shirt, rubbing against the sunburn on his neck, hurt when he sat up straight), he trips off to Bartlett Hall and enters a door marked "ATHLETICS". That's him. Here he is greeted by the merry voices of his teammates who are deep in a discussion on "How Much Longer I Could Have Slept If the Bell Hadn't Rung." Although the question is not one of these used by Pi Kappa Delta this year, there is enough interest in the subject to keep alive a discussion. It being an open forum, our hero's eloquent "Me too," is accepted as a bona fide contribution and is taken into consideration as a point by the debaters.

A football player, it must be known, does not dress as we do. And while this is not the place for a discussion of the intimacies of the masculine manners of dressing, it might be noticed in passing that Lombe's boys, slowed down by such accessories as shoulder pads, hip pads and ankle wraps, require about thirty minutes and innumerable "Oh darn's" more than ordinary dressing. The "Oh darn" quotation is a euphamism used in this case by the author in the name of decency.

From the ground up our hero is clad thusly. The shoes are black, rubber or bakelite, cleated, ankle-high affairs. Heavy woolen socks and sometimes ankle wraps go under the shoes. The shins are left unprotected, but the knees and thighs are well guarded by heavily padded canvas pants. Around the waist there is a pad that guards the region from the hip bones to the lower ribs. Shoulder pads make the little players look like Marv Mitchell without, and Marv Mitchell like Charley Atles himself.

Altogether the knight of the gridiron weighs about 15 pounds more after he is dressed. His shoes go 1 1-4 pounds, trousers 2 pounds, headgear 2 1-4 and so on.

At last our hero is ready for practice. First comes a lap around the track at dog trot, called dog trot by the players because they believe their station in life is more or less comparable to that of a dog. This, of course, is a fantastic notion; for who ever saw a dog that got a half pint of milk with each helping of dog food.

Calisthenics take up about fifteen or twenty minutes, then, fresh and exhilarated from their exercises, the boys wearily drag themselves off to opposite parts of the field and form two groups. One group, the linemen, made up mostly of Marv (220 lb.) Mitchell and Punjab (200 lb.) Chambers, is under Coach Davis. The other group, the backs, is under the kindly but critical eye of Coach Honaker. By "kindly" and "critical" I mean "Hey, you high school football flash, you took a step too many. Take three laps and come back and try that play over again.

As we all are supposed to know, the primary function of the backfield is to score the touchdowns. There is more to it than that, however, as any aspiring back will tell you. Every man in the backfield has a special task to perfarm such as faking, blocking, running interference, or, of course, carrying the ball. Every play is rehearsed and gone over until it becomes almost second nature for the man to do his assigned task. Some drills are devoted to defensive work also.

The line, the defensive part of the machine, spend most of the time drilling on blocking, tackling, running, and charging. One of the activities that is worth seeing is the practice both the line and backfield men have in running down a line of rubber tires, stepping in each one. This task is difficult to say the least; for size thirteen shoes have a tendency to

(Continued on Last Page)

Coach Honaker has announced the first basketball practice to be held on Monday, November 2. All old and new boys are interested in basketball are urged to report for practice to the big gym at 3 o'clock.

Powerful Emory & Henry Machine To Test Scots Tonight

Injured Ankle May Keep Oliver Spears On Bench For Game

The Emory and Henry Wasps are favored to win over the Maryville College Highlanders in the annual Homecoming game on Wilson Field tonight at 7:30. Although the Highlanders defeated Emory and Henry in 1940 by a 12-0 score and again last year 20-14, the Wasps are favored in lieu of their superior record this year.

The Wasps have been rather successful this year, having to their credit two wins, two ties and two loses. They tied Milligan 6-6, and Roanoke College by a 13-13 score. They defeated Hiwassee and Guilford losing close ones to West Virginia Tech and Milligan Coach Porterfield has some fine material in his scrappy team this year.

Meanwhile, the Maryville Scotties have lost some heart-breaking games. They lost the game to Tennessee State Teachers that they might easily have won had it not been for the slippery field.. Three weeks ago Coach Honaker's boys outplayed the Milligan eleven in every respect except in scoring. In all, the Scots have lost four games and won two.

Several frosh players have been playing outstanding games so far, namely, Artie Spears, Hollingsworth, and Enloe. Les Rock, Wiley, Webb, and Oliver Spears are expected to stand out in the coming thriller on Hallowe'en night. The probable starting lineups are as follows:

WAACS Capture Soccer Tourney; Basketball Begins

Tuesday afternoon, the first teams of the WAACS and the WAVES played the final game of the soccer tournament. It was a rough and hard-fought battle of six quarters. The score was tied, 1-1 from the first quarter. Johnnye Gudel and Stevie Boretsky each added two points to the score of the WAACS. For the WAVES, half-back Winnie Sommers kicked a freak goal from behind the center line to make the Navy's only score of the game. Having won the game Tuesday and the game Thursday a week ago, the WAACS had the necessary two games to win the tournament.

Thursday afternoon at 4 p. m. the second teams of the WAACS

CHAMPIONSHIP PLAYOFFS

October 23

Alpha Sig Takes Athenian 9-6

Biggest upset so far in the Six-man football schedule was Alpha Sig's win over undefeated Athenian. This leaves no team in any league undefeated. The Athenian fought hard and one touchdown was scored by Scapellati but the Athenians failed to make the extra point. Bill Evans scored for the Alpha Sigmas and Jim Faulkner scored the extra point. Bud Pierce scored a safety of two points for the Alpha Sigmas to make the win 9-6.

Y Frosh 32 — Alpha Sig Wolves 0

The Y Frosh turned in a big scoring day against the Alpha Sig Wolves with a 32-0 win. Jimmy "Available" Hodges and Earl Thomas each turned in two touchdowns and Frank Bradford scored one touchdown.

Athenian Gladiators 26 Preachers 0

The Athenian Gladiators ran down the hard fighting Preachers 26-0. Van Cise led the Gladiators with three touchdowns and Glenn Paul scored a touchdown for the Gladiators. Bob Francis and Sid Duke each scored and extra point to make the total of 26 points.

Ministerials 25 Choir 18

The Ministerials took the song birds 25 to 18 in a close hard fought game. Joe Suitor and Ed Rowley each scored two touchdowns for the Ministerials. Suitor made two extra points to round out their 25 points. Paul Moehlman, D. R. Hopkins, and Nelson Ernest each scored a touchdown but couldn't rake up quite enough points to beat the Ministers.

October 27

Athenian 14 Ministerial 6

Bergquist and Foreman each scored a touchdown and Bob Hunter scored 2 points to give Athenian a total of 14 points in their game against the Ministers. Ray Swartzback scored the only touchdown for the Ministerials. They failed to make the extra point.

Alpha Sigma 25 Choir 13

Sweeney, Evans, Faulkner and Lord had a big day against the Choir as they each scored a touchdown. Purifoy made their only extra point. The Choir tried desperately but failed to come through with enough to win. Parvin and Hopkins each scored a touchdown for the Choir, and Hal Lloyd scored an extra point.

Quakers 38 Deacons 7

The Quakers ran up the highest score so far this season against the Deacons. Bill Adams scored four touchdowns for the Quarekrs, and Wayne Stevens scored two. Adams and Easter each came through for one point after two of the touchdowns. The Deacons only touchdown was made by Bill Aston and Bill Hatch scored the extra point.

Smoothies 1 Rangers 0

The Smoothies won over the Rangers by a forfeit as the Rangers failed to produce enough players to begin the game. Several "available" boys were on the side lines and a "pick-up" game was played.

Thursday, October 29

Alpha Sig Wolves 12 Athenian Gladiators 6

The Alpha Sig Wolves scored over the Gladiators in a real close game. D. Antonio and Lochausen scored the two touchdowns for the Wolves. Glenn Paul scored the only touchdown for the Athenians but they failed to make the extra point.

Y Frosh 32 Preachers 6

It seems as if the Y Frosh have a habit of making 32 points for that is exactly the number of points they had in their victory over the Preachers. Frank and Bill Braford each scored 2 touchdowns for the Frosh. Jimmy Hodges also scored one. Hodges scored a safety for the Frosh. The only score by the Preachers was made by hard running John Taylor. They failed to make the extra point, and the game ended 32-6.

Quakers 1 Rangers 0, Smoothies 1 Deacons 0

The Quakers and the Smoothies won ove rthe Rangers and Deacons respectively by forfeit, the latter teams failing to have enough men on the field at playing time. A "pick-up" game was played on each field and the Quakers tried out a few new plays they had cooked up.

HORSESHOES (doubles)

The doubles Horseshoes tournament was well under way this week with several results notable. Scapellati and Swartzwalder took Segraves and Huber 21-19, 21-20. Bob Huber pitched several ringers but still couldn't meet the consistent pitching of Scapellati and Swartzwalder.

Easter and Kirstein won over Runion and F. Bradford 21-17, 21-7, Chapman and Huskey over Hunter and Parvin 21-18, 21-10, Boyd and Bailey over Lippard and Hislop 21-3, 21-20.

HANDBALL

The eligibility list is still on Carnegie bulletin board so if you haven't signed up yet, sign up Keep your eye on the Handbook. right away for a big tournament of real fun. Twenty-one fellows have already signed up.

VOLLEYBALL

Volleyball is just a little more than a week off so take our adivce and start now to get up a good team. Eligibility blanks may be obtained from any of the managers listed in the INTRAMURAL HAND BOOK. Handbooks may be obtained from Oliver Van Cise, room 413 or Billy Segraves, room 416.

The Webb Studio

LOMBE'S BOYS

(Continued from page three)

overlap when hurridly placed in the relatively small space provided by the inside diameter of a tire.

Another barbarity designed for the boys is the charging machine. The coach stands on the small platform and allows the boys to push him to and fro over the greensward. The players, with seeming disregard for the well being of shoulders, crack into the padded post of the machine as if it were a Tusculum player.

The tackling dummmy takes the worst beating of all. Spurred on by the coache's kindly, "Hold your arms in, you fugative from a girls' finishing school. If Mother Nature wanted your arms to stick straight out she'd have put them that way," or "Hey, Lighting, that dummy could run faster than you if it had a 200 lb. man on its back and it had to run in quicksand up to it's knees," the players put all that they have in each tackle.

At least one day a week is devoted to scrimmage. Scrimmage is that which is known to the pretty coed as "Why are those drate big men chasing that funny ball?" The scrimmages are intra-squad games, and they bear out the statement that a civil war is bloodier than a war between two different powers.

Finally the coach says "Go on in" and the tired but happy players wend their way to the dressing room and you will see real speed Happy warriors they are indeed, as is shown by their gay, jesting banter like, "I'm all shot", and "I hope we don't have hash again tonight."

And so to dinner after a hot shower. There, around the tables laden with nourishing viands and tasty goodies, the boys sit and sup. The dying sun casts golden patterns across the floor while the mellow voices of the players rise softly and tenderly in a birthday greeting to some friend. It is indeed a scene of peace and plenty, where the milk flows free as water (and, strangely enough, has about the same color and flavor), and good cheer is as plentiful as muscle.

—V—

ARTISTS' SERIES

(Continued from Page One)

with the Philadaiphia Opera Company preceded her first big break, an audition and then an engagement with that most famous of all opera companies—the Metropolitan.

Co-artist with Miss Browning, Rose Dirman has been described as "one of those rare singers who can make of a song a living experience. Hers is a delicate subtle art . . . . she possesses a high clear voice which she uses with unusual skill and impeccable taste."

A native of picturesque New Orleans, Rose Dirman showed early promise of a brilliant career; she began serious vocal study with Miss Marie T. Norra in New Orleans when she was fifteen. After intensive training Miss Dirman went to New York where in two seasons she made over one hundred and fifty nationwide broadcasts, earning the title "the most beautiful voice on the air." Other engagements have been with the Berkshire Festival School, soloist with the Famed Boston Symphony and many others.

Miss Browning's more recent engagements have been with the New York Philharmonic Symphony and the Worcester Festival. Her wide repertoire includes numbers by Bach, Beethoven, Brahms, Debussy, Dubois, Dvorak, Verdi, and many others. However, as one of her press reports has put it, "Miss Browning is gifted not only with a magnificent vocal organ, but a dynamic and radiant stage personality."

In the years the lyric soprano has been building up to her present eminence, she has amassed a repertoire that ranks second to none in several respects. She has a wealth of songs in English, German, Italian and French, her diction in each of these languages is impeccable. Particularly is this true of the French songs by Debussy, Duparc and others. Also Miss Dirman has fifty oratorio works ready to be sung at a moment's notice.

Pi Kappa Delta Question Will Be Debated In Class

The dates for members of the varsity debate class who wish to try out for the varsity debate squad have been set for December 5 and December 7. The tryouts will be conducted in the style of the Lincoln-Douglas debates, that is, one negative and one affirmative speaker instead of the traditional two on each side.

Soccer—Basketball

(Continued from page three)

and the WAVES played a strenuous, well-matched game. Making up for their lack of experience with their gusto and vigor, the WAVES ran up the unusually high score of 6 points to hand the second team of the WAACS, the army's first defeat of the season. A game of five quarters, the score was tied 4-4 at the end of the fourth quarter. In the fifth quarter, to heighten the suspense, the WAVES got one point and then the WAACS. Finally with one minute to go the WAVES made the point necessary to win, on a throw-in from the wing on the corner.

The star junior forward of the WAVES, Pat Howarth, made 5 of the 6 goals, and Thelma Richardson, a freshman, ran up the last point. On the part of the WAVES, Edith George tallied with 4 goals and Nancy Russell with 1. This game was particularly important to the WAVES since it was their first win. So ends the soccer season.

Next Tuesday basketball season opens for the girls. The teams, after practicing for three weeks will begin contesting for first honors in the tournament scheduled to open in four weeks.

Intramural participants did not meet this week at their regularly scheduled time of 4:45 to 5:30 on Tuesday and Thursday since Mrs. Queener was ill. These Intramural groups are concentrating on exercises to limber up different parts of the body. Next week they graduate from waist, chest and neck exercises to hip exercises. The combination of the two, to be practised three weeks from now, should be interesting to watch from the sidelines.

Proffitt's Welcome You!

—This is one year especially that we think back of our friendships and contacts—Funny sometimes it takes a war to make us realize how wonderful our old contacts are. We may resolve with you to do our uttermost in every war effort. Certainly Maryville College taught us loyalty and unselfishness.

If you have a friend in the service remember in our store there are many things suitable for gifts. We have just opened up a mail order department.—We welcome a chance to serve you in this manner.

Hilton's "Lost Horizon" Will Be Athenian-Bainonian Mid-Winter Play

Swartzback And Richardson Take Leading Roles

MRS. WEST DIRECTS

Will Be First Of Society Productions Presented This Year

"Lost Horizon" will be the Athenian-Bainonian mid-winter play production. A committee composed of several members from each society selected the play, thinking it superior to "Arsenic And Old Lace", the other play under consideration.

The production will be under the direction of Mrs. Nita E. West, associate professor of dramatic art, and will be presented in Voorhees chapel several weeks after the Christmas vacation.

Ray Swartzback, a biology major from Baltimore, Md., has received the male lead part of "Glory" Conway— a somewhat disillusioned British Consul. Ray is president of the sophomore class this year and has been active in campus affairs. YMCA Cabinet, Intramurals and Vice President of Ministerial society.

The part of Chang, an elderly Chinaman of great wisdom, was received by Jack Jones, a freshman this year. Jack is from Erie, Pennsylvania.

Thelma Richardson received the part of Helen, a girl of uncertain age but no uncertain beauty. Thelma is a freshman from Staten Island, New York. Thelma was on the publicity committee of "Kind Lady", is a freshman apprentice on the ECHO, and is majoring in dramatic art. Thelma is a freshman transfer from New York.

Lo Sen, an exquisite Chinese girl is to be played by Dorothy Lehman. Dorothy is a sophomore English major from Beverly, Ky. Incidentally Dorothy was born in China.

Mallinson, a rising figure in the

Dr. Hunter Speaks At Faculty Dinner

Presents Outline Of Year's Club Work

An outline of this year's work for "The Faculty Study of Improvement of Instruction" was presented by Dr. Edwin R. Hunter Dean of curriculum, at the Faculty club dinner in Science hall Monday, November 2, at 7:15 p. m.

Since early in 1942, the faculty have been meeting in seven small groups to discuss methods for the improvement of instruction. This year these groups plan to hold at least four meetings. These topics will be discussed:

1st meeting, Written Work. (Term papers, etc.); 2nd meeting The Use of the Library; 3rd meeting, Measurements of Achievement. (Tests and grading); 4th meeting, Teacher-Studen Contacts. (Consideration of the merit of individual conferences and the value of the teacher and students working out a problem together.)

A study of this work was first suggested at a meeting of the Southern Association of Colleges and Secondary Schools in 1941. Since then a number of colleges have inaugurated similar study groups. It is felt that by discussing each other's teaching methods the best methods can be discovered and applied.

The committee chairmen are: Mr. Lincoln Barker, Dr. Ralph S. Collins, Dr. John A. Gates, Dr. F. A. Griffitts, Mr. E. R. Walker, and Dr. L. L. Williams.

Mr. R J Dollenmayer, associate professor of Bible and religious education, read a paper on "Archeology and the Bible" at last month's Faculty club dinner, presenting a discussion of recent archeological developments and discoveries. He also mentioned some new findings which verify certain Bible passages.

Pearsons Hall Open House Held Friday

Faculty, College Men Entertained

Last night from 7:30 until 9:30 the women of Pearsons hall entertained the men of the campus and the faculty with an open house.

The judges, Miss Jessie K. Johnson, Miss Mary P. Armstrong, Mrs. Margaret M. Cummings, and Mr. and Mrs. Raymond Dollenmayer, selected the most attractive rooms before the guests arrived. Two rooms on each floor received honorable mention. The rooms selected were those of Lois Wall and Merriam McGaha and Margaret Gessert and Betty Jane Miller on the second floor; Muriel Geisler and Jane Metcalf, Marion Schank and Victoria Hoole and Betty Winter and Jeanne Lehman on the third; Eleanor Williams and Margaret Borestky, and Josephine Gillette and Carolyn Mehaffey on the fourth floor.

Hostesse receiving the guests were in formal dress. They were Mrs. Grace P. Snyder, Dean of Women; Miss Margaret Ware, dining hall manager; and the officers of Pearsons hall, who are Rose Pinneo, president; Lauramae Mae Weber, vice-president; and Olive Dupuy, secretary-treasurer.

After visiting the rooms guests were served refreshments in Bainonian and Theta halls. The girls serving were Aletta Sims, Bobilee Knabb, Marty Moore, Lucille Gaultney, Ginny Williams, Mary Jane Person, Virginia Cain, Esther Winn, Peggy Martin, Claudia Helms, Jean Schiebelle, Grace Wakefield, Jean McCutcheon, Helen Airheart, Marion Schank, and Vicki Hoole.

About 158 men registered in the guest book and about 32 members of the faculty.

Artists' Series Presents Browning And Dirman

Joint Recital To Be Given Here On Thursday Night

Miss Lucielle Browning, mezzo-soprano and Miss Rose Dirman, lyric soprano will appear in a joint song recital in Voorhees Chapel on the evening of next Thursday, November 12.

Both of these artists are well known to concert-goers over the nation, and Miss Browning to the lovers of opera as well, for she has sung leading roles for the past five years with the Metropolitan Opera Association in New York. Miss Browning's career has been one of steady advancement in professional attainments from the time of the start of her career through the winning of a Carolina state vocal contest, through her years of training at the Julliard School of Music and with the famous Marcella Sembrich, to her triumphs in the opera and on the concert stage. Miss Dirman, through her work as soloist with the Boston Symphony, and in song recitals, has gained wide popularity and is known as an artist of great attainments and versatility.

In the program for Thursday evening, which is listed below, Miss Browning and Miss Dirman will each sing two separate groups of selections and will sing together a fifth, to be composed solely of the Flower duet from the second act of Pucini's opera "Madame Butterfly". Songs and arias by Mozart, Debussy, Tschaikowsky, Massenet, Schumann, Handel, Grieg and Rachmaninoff are included in the interesting and varied program. Miss Browning and Miss Dirman will be accompanied at the piano by Walter Ducloux.

The program is as follows:

Lucielle Browning and Rose Dirman in Joint Song Recital.

ECHO APPRENTICES

Pictured above are twelve freshmen members of the HIGHLAND ECHO staff elected by the student-faculty Publications committee and holding the title of Freshman Apprentices. As seated before the ECHO office, they are: first row: John Runion, Dorothy Dick, Mary Goodloe, Thelma Richardson, Madeline Cooke, Frank Bradford; second row: Nell Ousley, Ada Yadon, Ruth Chandler, Hannah Duke, Helen Marie Wilson, Mary Nell Fleming.

Armistice Day, 1942, Is Empty Shadow of Former Gala Days

By HANNAH DUKE

November 11, 1918 was a memorable date, for it marked the ending of hostilities between the Allies and the Germans in the first World War. When news of the signing of the armistice reached the battlefields on the land or the sea, the soldiers rejoiced and dropped their arms in celebration of the closing of one of the most serious struggles in history. At this time communications were not as good as they are now; but as news of the peace reached the different battlefronts and fighting ceased, soldiers returned to their home countries thankful that the conflict was over and confident that the world had been "made safe for democracy." They had assured themselves that never again would the human race be faced with the terrible problems accompanying a war between almost all the nations. But, they were mistaken. They probably feel that their fight was in vain, for again the world is at war. And this time the situation is even more serious. This is a scientific war—a struggle between rivals in chemical warfare, and the inventors of new deadly war devices.

It seems almost like a dream when we look back ten years ago at the celebration of Armistice Day. It was a national holiday then. Schools were dismissed, business concerns closed, and patriotism literally overflowed in every person. The celebrations were colorful. Parades passed along the streets—uniformed bands, attractive floats, school children waving flags, and all marching in unison with the military music of the

(Continued on Page Two)

Military Board To Visit Campus Wed. Morning

Army, Navy, Marine Officers Explain Service Branches

Wednesday morning, November 11, the Joint Army, Navy, and Marine Corps College Presentation Board will hold a meeting for all men of the campus. There will be the usual devotion service in chapel for the whole college. Following this, the women will be dismissed and men will remain for the presentation program.

The b-class will not meet at all. The cx and d period classes will meet as usual.

Five speakers will each explain his branch of the service in the program, which will last approximately one hour. The five branches are: Army, Army Air Corps, Navy, Naval Aviation, and the Marine Corps. This board has been visiting practically all institutions of higher learning with its program. The purpose is to present information only about different branches of the armed forces. No enlistments will be taken at present.

After the joint program, the men will be allowed to divide into groups to ask any questions they may have about the particular services. About two weeks later, an examining board will be here for the purpose of actual recruiting.

Maryville college is in the fourth service command, which includes Tennessee, Alabama, and Georgia. Headquarters for this district are in Atlanta, Georgia.

November Stamp Drive Led By Seniors With 53%

The November drive for the sale of war stamps on the campus has been underway since Wednesday, October 28, and as in the October drive, the senior class is heading the list, this time with 53 per cent. Following are the juniors with 32 per cent; sophomores, 25 per cent; and freshmen, 29 per cent. Natalie Yelton, chairman of the committees responsible for the sale of war stamps, wishes to remind all students of the importance of keeping behind the drive, and that it is each person's participation, not money that counts. It has also been suggested that war stamp corsages be given at the formal on November 12 to help carry out the patriotic spirit of Armistice day. No matter when, where, or how, the appeal is once again repeated: "Buy war stamps."

Devotional Service Held By YWCA In College Woods

Wednesday evening the annual Consecration Service of the YWCA was held in the College woods. All women on the campus were invited to attend, but new students were special guests. Muriel Geisler and Jane Metcalf were in charge of arrangements for the program.

Nu Gamma groups were on one side and old students on the other, forming a triangle, the symbol of YW. Candles were lighted by each as Bob Hunter played a trumpet prelude. YWCA officers led the service. Willie Williams, vice-president, opened it with several short passages of scripture. The secretary Rose Pineo then led in prayer. Jean Patterson, president of YW, read a poem, "Kneel Always When You Light a Fire,' as a triangle of leaves began to burn. The remainder of the service was conducted by the bonfire.

Jean then gave a "Challenge" to those gathered as a group and as individuals stating that present-day opportunities and obstacles are just as important, if not more so, as in peacetime.

After the benediction by Ruth Meineke, treasurer, the service was closed with taps.

Rev. Dr. William M. Elliot of Atlanta To Be Leader of February Meetings

Student Body Votes To Send Petition

Request Sale of Liquor Be Banned In Army Camp Area

Tuesday morning at a special meeting of the student body, Maryville college voted to send a petition to Secretary of War Henry Stimson, requesting that liquor not be sold in the vicinity of army camps. Other colleges and universities have been making this request, and it was suggested to the Student Council by one of its representatives that Maryville do likewise.

John DeForest was appointed chairman of a committee to investigate the idea. Marian Magill and Ted Kidder were also on the committee. After a discussion, a motion was made to refer the project to the student body. President R. W. Lloyd approved of the suggestion and requested that there be a called meeting of the student body.

Chairman John DeForest explained to the students that the idea on which to vote was whether or not we should send the letter, not whether or not we approved of the idea. After comments and questions by both faculty members and students, a vote was taken. Votes were counted by the elections committee from the Student Council; 412 votes were cast in favor of the petition, and 129 against it. Due to the majority vote in the affirmative, the following letter has been mailed to Secretary of War Stimson in Washington, D. C.:

"Whereas the conditions existing in regard to intoxication in and around the military camps of the United States forces are detrimental to the youth of our nation; and Whereas the efficiency of our military forces is being lowered by the abuse of alcoholic beverages; and

Whereas the morals of our youth are being endangered as a result of the present consumption of alcoholic liquors,

We the students of Maryville college, Maryville, Tennessee wish to submit a petition to the law makers of the United States that definite steps be taken to eliminate alcoholic beverages from military posts and the surrounding areas at home and, as far as possible, from our camps abroad."

Mrs. Snyder Elected To ETEA Position

On Friday, October 30, Mrs. Grace Pope Snyder was elected Chairman of the Deans of Women section of the East Tennessee Education Association. She was formerly secretary of this group.

Along with her other duties, she will plan the annual meeting and take charge of the correspondence for the coming year.

DR. WILLIAM M. ELLIOTT, JR.

Maryville Enters Debate Tourney

Henderson, Jamarik Evans, Rowley To Represent College

On Saturday, November 14, the varsity debate class will send participants to the Men's Smoky Mountain Debate Tourney. This is the first time Maryville has taken part in an intercollegiate debate in the fall. With transportation difficulties becoming steadily more acute, this tradition has been broken.

The Men's Smoky Mountain Debate Tournament will be held at Carson-Newman College; those representing Maryville will be Bill Henderson and Paul Jamarik on the affirmative side of the Pi Kappa Delta national question and Ed Rowley and Bill Evans on the negative. Also Paul Jamarik will enter oratory and Bill Evans extemporaneous speaking. The Pi Kappa Delta question this year is: Resolved that the United Nations should establish a permanent federal union with the power to tax and regulate commerce, to settle international disputes and to enforce such settlements, to maintain a police force and to provide for the admission of other nations which accept the principles of the union.

Boyd, Pierce Read At Next Workshop

Readers at the Writers' Workshop meeting to be held next Wednesday afternoon will be Dick Boyd and Carl Pierce. Last Wednesday, November 4, the Workshop held its regular weekly meeting. Phyllis Anne Cain read a short story entitled "Institutions", which dealt with political practices, especially the buying of votes in an election.

Georgia Lu Meadows was the other reader. Her short story, "Saddle Oxfords", an account of a high school love affair, was a study in adolescent psychology. The critics at this meeting were Dick Boyd and Edith Monroe.

Sidney Stringham To Lead Singing For 21st Time

Meetings To Cover Seven Day Period February 3 to 11

Leader of the February Meetings for this year will be the Rev. William M. Elliot, Jr., Ph. D., D. D., pastor of the Druid Hills Presbyterian church, Atlanta. The leader of the music for the twenty-first time will be the reverend Sidney E. Stringham, D. D., pastor of the Shaw Avenue Methodist church, St. Louis. The meetings will be held February third to eleventh.

Dr. Elliot, although but thirty-nine years old, has become one of the leading ministers of the Southern Presbyterian church. He is a native of Indiana, graduated from Park college, Parkville, Missouri, received his theological training in the Presbyterian Theological Seminary, Louisville, Ky., and took his Doctor of Philosophy degree at the University of Edinburgh, Scotland. He holds the honorary degree of Doctor of Divinity from Davidson College, North Carolina.

He was for five years pastor of the Fifth Avenue Presbyterian church of Knoxville, and has been for the past eight years in his present pastorate in Atlanta.

He is a man of vigorous strength, attractive personality, excellent platform ability, and a genuine friendship for young people. He has addressed student audiences in many colleges all over the country.

Each year during the month of February Maryville College presents what is called the "February Meetings." These are a series of sermons by some prominent speaker in the field of religion. Talks are held at various times and places throughout the week, the specific times of which are to be announced later.

Last year Dr. Clifford Barbour, pastor of the Second Presbyterian church of Knoxville and well known here on the Maryville campus, was the leader of the February meetings.

Council Considers By-Laws Question

The Student Council, whose work is now centered around the composing of a set of by-laws for its constitution, met on Monday night at 7 o'clock. Presidents of each of the four classes read papers stating what they thought should be in their respective class by-laws. Then efforts were made to begin shaping these into one form. Several matters were voted on to make the laws of all the classes conform to one common set of rules.

The council will meet next Monday and begin the wording of the laws for their final form, after which they will be voted on by the Student Council. A committee of eight people is working on the by-laws. Composing this committee are the presidents of each class and a student council representative from each class. Brasher Bailey, Student Council president, is acting as chairman, working with the eight members. More definite plans will be worked out at the meeting on Monday night.

SEEKING BEAUTY WILL BE Y W TOPIC

"I Will Seek Beauty" is the topic which the sophomores will present at the Y W meeting Sunday, November 8, at 1:30 p. m., in the Y rooms.

Agnes Peterson will discuss "I Will Seek Beauty in Nature." "Seeking Beauty in Literature" will be presented by Virginia Cain, and Louise Henry will talk on seeking beauty in human personality.

A New Alternative Is Considered "To Smile or Not To Smile"

By Helen Marie Wilson

Has the War Production Board placed a ban on smiles? If not, why the great lack of them on our college campus? Is there any reason why students cannot give each other these silent pep-talks? We would think there could be no reason.

On the way to classes fellows and girls are constantly meeting each other, accidentally or otherwise. It is to be supposed that friends and acquaintances will speak or smile a greeting. But what occurs among all those many unfortunate individuals who do not know each other? Some friendly, happy people will nod and say or Hey. **These salutations**, by the way, are an indication of one's natural habit, as Southerners always say Hey for some unknown reason. Anyway Northerners think it odd! Of course there are those non-conformists who merely say Hello. However, these greetings are not the usual occurrence.

For instance, a boy on the way to Fayerweather meets a girl coming from Thaw. She is uncertain whether to speak or not. Deciding to venture a smile, she does so. Then to her chagrin and, perhaps, embarassment the boy looks blankly at her and passes on. This leaves the poor girl in a quandry. Has she broken some rule of correct social procedure? Was she being forward or bold in assuming the right to smile at a member of the male species? Perhaps it might be said that it was not entirely the fault of either. Possibly the boy's mind was in the

WHO'S WHO

Before the reader in inclined to incriminate the editor, it should be noted that the following is written by and at the request of a junior writer, in order to get before the people an idea which we feel is thoroughly justified and yet is one which no senior member of the ECHO staff is qualified to write.

Statements in exchange papers from other colleges often are inclined to making extremely sarcastic, no matter how true, statements in criticizing members of their student body who have been elected to Who's Who in American Universities and Colleges. Specific names and achievements of those who have and of those who have not been chosen are placed in the same paragraph. Often students who were not chosen appear to be as outstanding as those selected, and in some cases even more distinguished.

Past criticism on this campus of certain students elected to have the honor has been heated and seldom favorable. Open remarks as to the pre-eminence of selectees has raised a question in minds even of those who had not before doubted. "Just what does it take to get in Who's Who? If I were in it, would I feel honored or not?"

This year we believe that the eleven Maryville college students elected to Who's Who have been prudently and condignly chosen. They are outstanding in scholarship and leadership, the main requisites for any deference. We feel that each of these has labored to attain success in his field and deserves the recognition given. We therefore offer our sincere congratulations to those elected as well as to the student and faculty groups that participated in the voting. We hope that in the future they may continue to uphold the standards attained this year. —B. R. B.

From This Corner

By BEN LYNT

SPIRIT OF 76 (Cents)

There has been some talk, a few notices passed out, and much canvassing of the Junior Class concerning the one hundred dollars which that class must put up as a surety bond before the contract with the printer can be signed for the work on the '42-'43 Chilhowean to begin.

At first glance this would appear to be a problem for the Junior class to work out for itself and of little interest to the rest of the school. But it just so happens that unless this money is collected no contract can be signed and unless the contract is signed there can be no work begun by the printer on the year book and if no work is begun by the printer there will be no year book this year for the entire student body.

Why then doesn't the junior class put up the 100 dollars and get things under way? To begin with, this class has no reserve fund upon which it may draw, and there is a stipulation which prohibits the use of class dues for the said surety bond. The problem then is how to raise the money for the bond, since the class has agreed to publish the book and has elected an editor and business manager for that purpose. The plan proposed by someone at the last junior class meeting, at which there were four less people present than the quorum required to do business, was to levy a tax of 76 cents per class member and thus raise the necessary funds. Simple, isn't it?

No, it just hasn't been that simple. Few class members have been willing, if asle, to part with that extra 76 cents for various reasons. It has generally been conceded that the Chilhowean is not actually worth the 4 dollars per which it has brought in the past, but students have been more or less willing to go that much for the book without too much grumbling for want of a more suitable record of the year's activities in picture. Now, however, if you add the cost of class dues—one dollar per year—for which the class member receives nothing more tangible than a signed receipt, to this additional 76 cents, for which he admittedly gets nothing more than the thrill of paying it, the price of the book to the Junior has taken on something of the appearance of a prohibitive item in his meagre budget, especially since the quality of the book will not be one whit better than was last year's model for which he squeezed out only 4 dollars.

The Junior class, as publishers of the year book, must meet the College's regulation which demands that a 100 dollar surety bond be put up before the contract with the printer can be signed. They have not yet done so. Time is short. Unless this money materializes, and that right speedily, there is a possibility that there will be no year book this year.

We are at war. We have been constantly urged by our Government to conserve paper and ink and metal, etc. To produce a year book, which requires the use of much ink and paper and metal, can hardly, by any conceivable stretching of the imagination, be termed essential to the war effort. Not to produce a year book this year is to break a long established tradition.

If this thing is to be done—this year book to be published—it had best be done quickly; to do so requires the concerted one hundred per cent co-operation of the entire junior class. The sooner this is understood by the entire class, the sooner we are likely to have some action on the question of the fate of the '42-'43 Chilhowean.

By JORDY MEADOWS

Lots of things have happened to Pearsons hall in the past week. Even above and beyond Open House. That really was scads of fun, and we're all so proud of our little domains. But the men that wandered around then weren't the only ones. The other evening Roy Crawford's little nephoo was in search of his uncle. He came into the lobby of Pearsons and someone sent him upstairs. Roy wasn't in the upstairs lobby, so some wit told him that he might be on the next floor. Mrs. Butcher found him wandering around on the third floor in a daze, and she solved his little problems by telling him that she didn't think that he would be able to find Roy there—she hoped. And you'll never think after you've heard this one that Brasher Bailey has been around here for three years and part of another one. He met Jean Scheibelle on second floor and simply and profoundly asked her if he should go right on up. "Poise" Scheibelle said that he could if he wanted to, but she wouldn't advise it. And all Brasher really wanted was to find Bainonian Hall where he was to meet with some other people. He had believed their tall tale about it being on fourth floor. It isn't Bainonian that is up there, Brasher, it's Theta.

You'll never know how almost there wasn't a paper last week! Seems that Editor Jean was all ready to take the copy to the printer's Saturday morning, when Bill Segraves and Bob Huber let their lazy streak get the best of them. Instead of acting like perfect gentlemen and walking down the stairs to deliver it, they heaved it out the window. The copy evidently didn't appreciate the treatment because it picked that moment to scatter itself all over various parts of Carnegie's roof. The two culprits spent the better part of the morning trying to retreive most of it. What lives these journalists lead.

Just anytime run up and ask Phyllis Anne Cain about her white silk blouse—better still ask Muriel Geisler about a new and different term for democracies. We can almost guarantee some beautiful shades of pink in both cases.

And didja see the two new glamour gals last Saturday night. Their escorts certainly were the lucky fellows. Miss Charlie Bell and Miss Charlie Hoglan stepped out in grand style. But when Charlie Hoglan came to remove his nail polish, he scraped it off with a knife. Modern science has discovered a simpler way, Charlie. Next time try a piece of cotton and some nitric acid. The results will be amazing! !

Ruth Anderson's new feather cut deserves headlines. It's cute—and guess who suggested it. Her brother! ! The man's got an eye for beauty.

Mary Metcalf had a sojer come to visit her. She was more of a success than the rest of us, though. When he left, she was the proud prosessor of something that can't be exactly considered hay. We hope we have permission to announce your engagement, Mary. Can you see the little green monsters all over the page. He's smooth! !

Congrats to Pam Curtis and Don Black. It must be contagious—but fun! Now they are nothing bur an old engaged couple.

Wonder if the FBI is hot on the trail of Harry Lyle yet. He got a questionnaire simply ages ago, but whoever delivers the mail put it under the door of his old room. No one lives there now but a few ha'nts. He found it about a month late. Never mind, Harry, we'll come to Alcatraz to visit you. Yea rah—jailbirds!

The cutest thing that we've seen for a long time is Ralph Parvin's twin sister. Sorry, fellows, she's married—besides she left here on Thursday. Better luck next time.

The campus has simply been reeking with uniforms this past week. And all of them look so lovely. Wasn't it fun to see 2nd Lt. Sam Monger and wife Fran. Gosh, they look happy. Ensign Bob Moore is simply too beautiful, and it looked natural to see Ensign George Webster striding around. Brother Charlie looked proud of George Hoglan, an ensign in the chaplain service with the United States Navy. 2nd Lt. George LeQuire breezed around for awhile, and so did Ken Ross, Sea 1st class with the coastguard. Otto Pflanze, Eugene Orr, and Scott Honaker gave the feminine hearts a thrill just by standing showing their uniforms.

We think it's appropriate to end by reminding you that Katherine Woodward and Cecil Tipton were married last week. Isn't it all wonderful?

Good - Bye and Good Luck

For members of the ECHO staff, the sophomore class, for indeed all of the many persons on the campus who knew Ernestine Ulmer, we should like to express a bit of affectionate tribute. Ernestine left for home this week, because of the serious illness of her father. Her present plans do not include any possibility of her returning to Maryville as a student at any future time.

As the old, old phrase says, "To know her is to love her"— and Teenie was well known on the campus. On the ECHO staff she had reached the position of one of the most valuable reporters and surely one of the most popular feature writers the staff has ever had. Teen had active responsibility in planning the recently successful sophomore party, and was leader in many class activities. She was also a valued assistant in chemistry.

That Ernestine may follow a plan of taking up journalism near her home we certainly hope. But in whatever case, with you, Teenie, go united regrets that we must lose you, and our most sincere best wishes for you.

ARMISTICE DAY

(Continued from page one)

bands. City parks were scenes of celebrations. Business men and politicians stood on platforms decorated in red, white, and blue, proclaiming their happiness in observing the anniversary of peace—a peace never to be broken. Then there was a salute to the flag, the national anthem, and a hilarious day of festivities.

But, now there is an entirely different situation. This November 11 will not be a national holiday. Defense workers will be on the job producing war materials as fast as possible; schools will be in session, and business concerns will remain open. Perhaps we may take a few minutes time and listen to a radio address—probably one in remembrance of those brave men who gave their lives some twenty years ago to avoid the condition we are now in. But, we will not be happy. We will have no peace to celebrate. As real patriots in time of war, we should on this November 11 do our part to further the war effort of this nation as much as we possibly can so that the armistice at the end of this war will not be a temporary agreement but a permanent settlement of world peace.

—V—

ROBERT BRUCE ELECTED PRESIDENT OF SPANISH CLUB

New officers of the Spanish club were elected Thursday night. The officers are Robert Bruce, president; Esther Farrow, vice president; Mildred Waring, secretary; and George Pope, treasurer.

After the business meeting there was a program of Spanish music, and also a talk on the Thanksgiving and Christmas holidays in Porta Rico by Monserrati Pagan.

Advice to Freshmen

Don't study when you're happy,
Don't study when you're blue,
Don't study when you're tired,
Or have something else to do.
Don't study in the daytime,
Don't study in the night,
But study at all other times
With all your main and might.

—Alabamian

Alpha Sigma Plans Picnic With Theta

Tonight at 6:30, Alpha Sigma and Theta Epsilon have planned a wiener roast in the College woods. There will be special music and dancing by some of the members. The members of Theta will take part in obstacle races. There will be other games and the popular song fest in which everyone can participate. Alpha Sigma members on the entertainment committee are Charles Spurlock, Bob Mair, and President Bill Henderson.

Bashful Alpha Sigs who cannot arrange a date are asked to report it to any of the older members who will make the necessary arrangements.

Membership cards can now be obtained for Alpha Sig members from secretary Gilbert Weiss.

—V—

Dr. H. E. Orr To Speak To Discussion Group

On next Monday evening at seven o'clock in Bartlett auditorium Dr. H . E. Orr, professor of Bible and philosophy, will speak to the Discussion Group on "Philosophies in the Background of the War."

Last week the discussion centered around the problem of India and Self-Government. At each meeting some general topic is treated, first by a speaker and then by discussion. Everyone is cordially invited to attend.

TALK OF THE WEEK ... By Chuck Dunning

Dr. McClelland Leads Sunday Eve. Vespers

Dr. Frank McClelland, dean of students, will be the speaker at the regular Sunday Vesper service tomorrow evening at 7:00. For his subject he has chosen to speak on "The Perils of Thinking."

Dr. McClelland has been dean of students for the past six years.

Cotton Club To Hold Election of Officers

New officers of the Cotton club will be elected Monday night at 6:45 in Athenian hall. Beatrice Hunter, acting secretary, says that although the election was postponed from the last meeting because of poor attendance, the officers must be elected at this meeting regardless of the number there. Mary Dawn Noblit and Billy Robarts have charge of the program for the evening.

All students from Florida, Georgia, Alabama, Mississippi, and Louisiana are invited to come out Monday night, Nov. 9 and join in the fun.

Roblee "Patrols"
HAND-PICKED FOR THE TOUGH JOB

Here are the "heroes" of the Roblee line!

You can forget the ordinary "breaking-in" period in Roblee Patrols. Their afraid-of-nothing look, coupled with their suprising flexibility puts a new walking experience on your feet. They're for the man who habitually wears fine footwear.

SCOTSPORTS

By TED PRATT

ECHO SPORTS

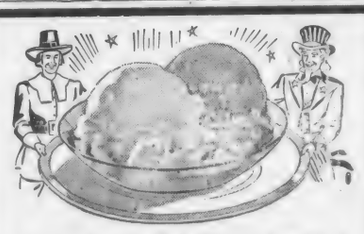
It Rained and it Rained

And it Rained Some More

Old Jupe Pluvius just didn't have any mercy on the Scottie-Wasp football game. It rained steadily from 3 o'clock Saturday afternoon until after the various powers that be had investigated the sea of mud called Wilson Field and returned to the dressing rooms with a verdict of no-play. Then the deluge abruptly stopped. Naturally there were two wonderfully clear days on each side of Saturday, but the 31st, our Homecoming Day with all of its celebration and festivity, had to be wet — and we do mean wet!

It is seldom that a football game is called on account of rain, but there was little doubt of the wiseness of playing the Homecoming game on the field as it was. The decision was put up to the players and both teams expressed the desire to play ball. In the last checkup, however, Coach Porterfield of Emory and Henry made it final with "We won't play!" And that was all the football for that day except the undertones of the players and the quiet ejaculations of disappointment and disgust. We still believe that th game would have been a natural, and wish that it were possible to put the Wasps somewhere on our waning schedule.

DANGER AHEAD



Pointing toward next week, the Scots play host to the Appalachian State Teachers from Boone, North Carolina. The Appalachian State Teachers have strung up an impressive record this season with three wins, one tie, and one defeat. The Mountaineers took the Newport News eleven 16-12 and then were deadlocked by a strong Camp Davis team 13-13. The Mountaineers rolled over High Point 27-0, were edged by the powerful Catawba Indians 7-0, and then went on to crush High Point again by a 44-0 score. The fact that the Teachers held the Catawba Indians to a 7-0 victory in spite of the Indians' great passing ace, Dwight Holshouser, gives evidence of the strength of the Appalachian State eleven. Coach Beattie Feathers leads his Mountaineers against Newberry today in a game which last year found the Teachers victorious 14-12. The game next Saturday promises to be a real grid battle between the Mountainers of Appalachian State and the Highlanders of Maryville.

CALLING RECRUITS

Basketball and wrestling are two winter sports that are practically sure of a spot on the Maryville College athletic program this year. But we need more men! Practices started this week with the wrestlers working out in the Bartlett wrestling room and the cagers using the big gym. Turn-outs for basketball were rather disappointing and it is hoped that every fellow at all interested in the loop sport will report for practice as soon as possible. Coach Honaker is forced to build his team from scratch and any new or old ball players will be given a real chance to prove his ability. The wrestlers, working to get in shape, make a more promising picture with a number of experienced lettermen back. There are also places on the wrestling team for any new or old boys who are interested in the grunt and groan sport.

HERE AND THERE

Good to see Coach Fischbach and family on the Hill for Homecoming. We'll try to do better next time, alumni! . . . . Congrats go to Bob Hunter and Bill Evans who played superb golf to take the Intramural Golf Championship! . . . . Looks like Fireball Frankie is going to give Angelo Bertelli a little competition along the line of "Best Passer in the Country" . . . Words fail us that's a hangover from last week's downfall of Ohio State. Oh, unhappy day!

Always Remember Refreshment Time at

Byrne Drug Company

Basketball Squad Begins Work-outs

Outlook Is Poor; Honaker Sees Lack of Good Material

Prospects for a poor cage team seem to be in the offing for Maryville College this year after Coach Honaker's first call for players. Few men have reported as yet, and although many more are expected to come out at the close of football season and after Christmas, the material just doesn't appear to be available this year.

Only one member of last year's first team will be here for another campaign. Gordon Webb, freshman forward who came up fast at the end of last season, is the only survivor. Taylor, Stan Menning, Jim Smith, Dave Smith, and Ray Lillard will all be gone from the starting line-up.

Doug Roseborough, Ross Honaker, Red Meineke, and Alen Rock have all had varsity experience and will probably see a lot of action, although some of the freshmen may show enough to cut them out. "Igee" Breazeale, who played some good jayvee ball toward the end of last season, will probably have the inside rail in the race for the center spot.

The schedule has not been fully arranged as yet, but due to travel difficulties, this year's opponents will be from near-by schools. Most of the schools that dropped football this year are retaining the cage sport, therefore, it is hoped that the Scottie schedule will not be hard to fill.

Swimming To Be Discontinued For Duration of War

Due to transportation difficulties there will be no swimming team this year, Coach Davis announced last week. In place of the regular intercollegiate schedule there will be intramural swimming meets between the various clubs on the Hill.

Swimming captain Frank Miller has announced that the team will continue their workouts in the pool in spite of the fact that there will be no meets. There will be practices every day from five to six.

Segraves Speaks To Nature Club On Chemical Plant Growth

The combined business and program meeting of the Nature Club was held on the evening of November 2. The program was given by Bill Segraves, who spoke on his father's experiences in growing plants in chemicals.

Preceeding the program, the club president, Rose Pinneo, presided at a short business meeting. Purnell Darrell was selected to act as treasurer of the organization for the two remaining meetings of the semester instead of electing an official treasurer to fill the vacancy.

It was suggested that the club plan another hike before the close of the first semester. A definite decision concerning the social will be announced in the near future.

The next meeting of the club will be on Monday evening, November 19, in Fayerweather Science Hall.

Margaret McKirdy Elected Secretary of Bainonian Society

Seniors have Bainonian program for tonight in Bainonian hall at 6:45. Aura Santiago, chairman of the program committee, will announce the entertainment at the time of the meeting.

The main business last Saturday night was to elect a new secretary. The title was voted to Margaret McKirdy. Ruth Mary Hall had charge of the program which the sophomores presented for the evening. Mary Dawn Noblit read "The Death of the Hired Man." Ray Saunders told a ghost story, and both Ruth Anderson and Esther Farrow entertained with songs. Jean Ballerjeau showed a set of slides which she had made of the campus.

Appalachian State To Oppose Scots In Last Home Game

Teachers Feature Passing Ace, Bill Hornfeck, on Offense

The students of Maryville college will see the Maryville College Highlanders perform one more time this year (weather permitting) when they meet Appalachian State Teachers on Wilson Field Saturday, November 14. Last week the Highlanders wer to play Emory and Henry in their annual Homecoming game. All the students were keyed up to a high pitch over the anticipation of witnessing the gridiron affair and the program at the half, but down came the rain relentlessly. Result: The game was called off.

The Mountaineers from Boone, North Carolina have beaten High Point twice and Newport News. They tied powerful Camp Davis and lost only to Catawba.

The Scots have practically the same team this year as last, but the results are not the same. Maryville has won two games. The Mountaineers have several outstanding players in their lineup this year. Co-Captain Bill Hornfeck is their aerial ace. In one game he completed 10 out of 17 passes, and in another he completed 8 out of 13 for many long gains.

The Scotties' chance for victory lies in good running, teamwork, and lots of support from the stands.

Mr. Ralph Hovel Gains Recognition As Tenor Soloist

Students of the college here last year will be interested to learn of the progress of Mr. Ralph Hovel in music in Chicago. He received first rating as a tenor in the city wide contest. He was one of the soloists with the university of Chicago chorus and symphony orchestra when they gave their summer concert on September 6th.

He was also soloist at Temple Sholom during their new year's service. This is one of the largest and most beautiful Jewish Temples in Chicago. Hovel is also tenor soloist at Cuyler Avenue Methodist church in Oak Park, Ill. Mr. Hovel was instructor in German and French here at Maryville college last year, and his many friends here watch with interest his success in music. Mr. and Mrs. Hovel moved to Chicago in the early summer.

Discuss Nutrition At Next Friday Night Meeting

Next Friday night, November 13, at 6:35, Miss Gertrude E. Meiselwitz, associate professor of home economics, will speak to the Pre-Medical club on Nutrition. The club meets on the second floor of Fayerweather in the chemistry lecture room.

At a recent meeting Virgil LeQuire was elected program secretary to assist Edith George. Bill Henderson is president of the club.

GAME CANCELLED

The football game between Maryville and Emory and Henry scheduled for last Saturday evening was cancelled because of the heavy rain. After careful examination of the field by Pres. R. W. Lloyd, Mr. F. L. Proffitt, Mr. E. C. Brown and the three coaches, Honaker, Davis and Porterfield, it was agreed to cancel the game.

Maryville authorities proposed that the game beplayed on Monday evening, Nov. 2, but the Emory and Henry players could not remain here since they had exams during the week, and another game on Friday. Coach Honaker reports that this is the first game called off in twenty-five years of Scottie football.

It was definitely agreed that this year's game between Maryville and Emory and Henry would not be played.

The Student Vol picnic was held Saturday in the College woods.

Wrestlers Start Training This Week

Prospects Good For Favorable Season; Many Veterans Back

Maryville College is known to produce fine wrestling teams and this year may be no exception. Last year the team lost three matches while winning six. The Scots won one match from Vanderbilt, but were defeated the second time when Vandy won the state championship. Only three members of last year's fine team are missing; namely, McDaniel, Justus and Richards.

The veterans are Captain Joe Suitor, McCord, Williams, Dick Boyd, Chuck Dunning, Don Black, Wilbur Chapman, Conkle, Ballinger, Wiley, Wilson, Anderson, and Chambers. Among the new men out are Buford, Bradford, Cato, and Thompson.

No definite schedule has been planned yet for this year, though Coach Davis expects matches with the following teams:

Oklahoma A. & M., Knoxville Y, Vanderbilt University, University of Tennessee, and Appalachian State Teachers. Last year Coach Davis' boys defeated Knoxville Y three times, won one and lost one to Vanderbilt University, and defeated the University of Tennessee twice. Incidentally the Scottie grapplers have never lost a match to U. T.

Russell, Watkins, Burleigh, Gudel In Tennis Semi-finals

Girls to Play Basketball and Table Tennis Soon

The fourth round of the tennis tournament began this past week with these four girls contesting for the championship: Betsy Watkins, Johnnye Gudel, Betsy Burleigh and Nancy Russell.

The semi-finals were to be played off by this evening. Because of the rainy weather, the match was held up a week to get the courts into condiiton.

Nancy Russell was last year's girl champion and her chance at the title is not without hope. Johnnye Gudel, whose skill has improved considerably, offers some promising competition.

Attention, all basketball enthusiasts! There is basketball practice every Tuesday and Thursday at the regular point system time from 3:15 to 5:45. The number of girls out for pratice so far is thirty-five.

A group of the girls are interested in starting daily practice hours. If enough girls are interested it might prove worthwhile in better games, fewer fouls, better health, better teamwork, and more all-around fun.

Arrangements are being made at the present time for a ping-pong tournament to be held in the latter part of November. Here's your chance, girls, to practice, for practice makes perfect, you know!

Y M PLANS MUSIC

Don Hopkins is in charge of a program of musical meditation at the regular meeting of the YMCA at 1:30 Sunday afternoon in Bartlett hall. The music is all choral and is both sacred and secular.

CHAMPIONSHIP PLAYOFFS

The winners of the two Independent leagues will meet next Thursday, and the winners of these games will meet the winners of the Club league. Every team will participate in the Championship playoff, playing the team that is in the same place in which they are in the other league.

November 3, Tuesday

Athenian 28— Alpha Sigma 13

One of the most thriliing games of the week was the game between the Athenians and Alpha Sigma. The Athenians looked like all-stars with good down-field blocking on runs and passes. Scapellati scored two touchdowns, going over a parked bicycle for one, and added two points after touchdowns. Pratt and Bergquist each scored one tonchdown and Hunter went over twice for two points after touchdowns. Faulkner and Sweeney each got a touchdown for the Alpha Sigmas and Evans caught a pass for a point after touchdown.

QUAKERS 7—SMOOTHIES 6

One of the most important games of the week was the one between the Quakers and the Smoothies. They were battling for the top place in their league. The game was a hard-fought battle all the way through. Stevens went over for the Quakers' lone touchdown near the first of the game and Adams scored the precious extra point that won the game. Smith made the only touchdown for the Smoothies but the extra point pass attempt was blocked. The Quakers won 7-6 to take the lead in their league.

Ministerials 8—Choir 0

Behind the good blocking of Suitor and Anderson, Swartzback scored the only touchdown for the Ministerials against the Choir. The Ministerals scored 2 points on a safety.

DEACONS 1—RANGERS 0

The Deacons won over the Rangers 1-0 as the Rangers failed to produce enough players at the scheduled time of the game.

November 5, Thursday

Y FROSH 30 ALPHA SIGMA

WOLVES 12

The Y Frosh romped to another victory over the Alpha Sigma Wolves with a score of 30-12. Scoring touchdowns for the Y Frosh were Thomas 2, Hodges 2, and Frank Bradford 1. All the tries for points after touchdowns failed. The two touchdowns made by the Wolves were made by Henderson and D'Antonio.

QUAKERS 37—DEACONS 6

The Quakers won over the Deacons 37-6 as Adams scored three touchdowns, and Hargrave and Stevens each scored one. Adams also made two points after touchdowns and Pemberton made one. The Quakers scored two safeties on the Deacons, keeping them deep in their own territory most of the game. The Deacons did come across for one touchdown when Aston broke away on a long run and went over to score.

SMOOTHIES 33—RANGERS 7

Bob Lockwood led the Smoothies with three touchdowns as the Smoothies out-ranged the Rangers 33-7. Also scoring for the Smoothies were Eanes and McDaniel with one touchdown each. Bob Moore scored one point and Charles Brand scored two points after touchdowns for the Smoothies. Earl Huskey scored the Ranger's lone touchdown and Sam Crawford scored their extra point.

ATHENIAN GLADIATORS 27 PREACHERS 0

The Gladiators handled the Preachers an easy defeat 27-0. Van Cise scored two touchdowns for the Athenians and Kidder and Paul each scored one each. Points after touchdowns were Francis 1, Paul 1, and Sidner 1. The Preachers failed to score.

October 30, Friday

Y FROSH 13—
ATHENIAN GLADIATORS 7

The Y Frosh barely beat the Gladiators in a 13-7 struggle on Friday, October 30. Bill Bradford scored the two touchdowns for the Frosh and Jim Hodges made a point after one the touchdowns. Glenn Paul scored the touchdown for the Gladiators and Bob Francis made the extra point.

ATHENIAN 31—CHOIR 6

The Athenians ran over the Choir as Scapellati and Crawford each got two touchdowns and Hunter scored one. Crawford scored an extra point to give the Athenians a total of 31 points. Paul Moehlman scored a touchdown for the Choir but the extra point failed.

ALPHA SIGMA 6—
MINISTERIALS 0

The Alpha Sigmas bearly overpowered the Ministerials 6-0 as Sweeney made the only score.

ALPHA SIG WOLVES 7
PREACHERS 0

The Alpha Sig Wolves overpowered the Preachers in a close game 7-0. The lone touchdown for the Wolves was made by D'Antonio and Bill Ogle made the extra point.

HANDBALL

The Handball tournament has ben posted on the Carnegie bulletin board but the only match played as we go to press is Gabriel Williamson's 21-4, 21-3 defeat over Olson Pemberton. From the large number of participants we know that this promises to be an interesting tournament.

GOLF (doubles)

The Intramural golf tournament ends today. Hunter and Evans won the tournament with a total of 485 strokes for 54 holes which is an average of slightly over 4 strokes per hole, and that isn't bad anywhere. Miller and Bergquist came in second with a total of 494 which also is good golf. See next week's paper for final ratings.

VOLLEY BALL

Talk of the week is Volleyball, so if you haven't signed up for a team get on one right away. Eligibility blanks may be obtained from Danny Long, Oliver Van Cise, or Billy Segraves.

LOST HORIZON

(Continued from page one)

foreign service and impatient to get ahead, is to be played by Hal Lloyd. He is an English major from Maryville and has been active in debate, choir, YMCA, and intramurals.

Nancy Russell, a sophomore from Quincy, Mass., has been selected to play the part of Miss Brinklow. Nancy has been active in dramatics and is majoring in dramatic art. Last year she was cast in "In a House Like This", and on advertising and properties in other productions.

The High Lama who founded Shangri-La hundreds of years ago, is to be played by Clyde Brown. Clyde has been active in dramatics and has just completed a role in "Kind Lady". He is a senior from East Waterford, Pa., and is majoring in history. Clyde edited the "M" Book in '41-'42. He has been active in YMCA and is treasurer of the senior class. Clyde has been an assistant in the library for two years.

Elizabeth Querns is a sophomore biology major from Millville, New Jersey, and will play the part of Elizabeth.

The remaining characters will be portrayed by freshmen as follows: Myra, played by Dorothy Toomey; Wyland played by Bob Barker; Rutherford, by Thomas Smith; Barnard by William Busby; Tashi by Mary Grace Hall; Ai Ling played by Janet Ruth Roush.

Mrs. West announced that positions on the staff have been filled. Ted Kidder will be stage manager. Ken Cooper will be business manager and John Scott is publicity chairman with Cynthia Johnson as assistant. Kathryn Sisk and Estelle Farrow will be in charge of properties. Elmer Engle has been chosen electrician. Mrs. West will have Sarah Crider as her assistant.

"Lost Horizon" is the story of four bewildered people, Conway, Miss Brinklow, Mallinson, and Barnard, whose plane crashes in the mountains of Tibet. They are met by Tibetans and brought to the beautiful and sheltered Shangri-La. Hede amidst great collections of books, music, art and strange customs, they should be happy. But Mallinson is determined to return to "civilization" even though if he remained at Shangri-La he would live many times over his normal life span. Mallinson comes with the news that their escape is all set. Should Conway, leaving Helen, return to "civilization" or should he stay in Shangri-La where times stands still?

SMILE OR NOT

(Continued from page one)

chemistry laboratory or on that cute blonde he was with the night before. In that case, he probably did not even notice the girl, much less her smile. Then there is another example. Two girls meet. The one has never seen the other before. She decides to be a bit reserved in her greeting. The ice almost chills her abrupt Hey. The other girl's ready smile fades away in hurt silence. How simple it would have been for both to have gone "all out" in their greeting.

The faculty is, on the whole, much more friendly than the average student. They certainly can't be expected to know very many individual students and yet who among us does not recognize Dr. Lloyd's jovial hello? or Dr. Hunter's infectious twinkle? Faculty members are willing to take a few seconds to greet someone. Should we do less than that?

A smile can be classified. The various types enable an individual to be discreet in his choice. If he greets a "coy, young thing" he may use his best "how-about-a-date-tonight-kid smile." Perhaps it is a girl who wishes to demonstrate her charms. The sure-to-be-with-him smile is all ready for her. Then there are the nonchalant, carefree smiles exchanged by the same kind of individuals. The most used smile and therefore the most popular one is the one which expresses in one facial movement this whole thought, Glad-to-see-you—how's everything—so long.

With all of these at our disposal, why don't we see them more often? Scientists tell us that it takes many more muscles to create a frown than a smile. In these days of conservation and efficiency we should take advantage of this fact. Let's advertise that toothpaste!

VOLUME 28 MARYVILLE, TENN. NOVEMBER 14, 1942 NUMBER 10

Five Seniors Elected To Alpha Gamma Sigma

6.5 Scholastic Average And Leadership Required

Five seniors, Frances Sisk, Evelyn Williams, Irma Criswell, Carl Alette, and Jackson Kramer, were recently elected to Alpha Gamma Sigma, college honor scholarship society.

Heretofore members were elected in February. However, since 30 seniors will graduate in December of whom a number are eligible for election into the society, the above seniors were chosen.

It has been the custom in former years to hold a special recognition service in the Chapel for those chosen in February. Consequently, there will be no formal recognition service for these seniors chosen at this time, although some form of acknowledge ment will be paid them by virtue of the honor they have received.

Alpha Gamma Sigma, the only honor society officially recognized for Maryville college, is local in organization but maintains standards of scholarship equivalent and comparable with those of the national honorary society, Phi Beta Kappa. The society was organized fairly recently and requires that those elected to membership shall have maintained a scholastic average of 6.5 in their four years of college work, that they be of good moral character and have shown capacities for leadership and service. The constitution permits the election of no more than ten percent of the graduating class each year, thus limiting membership to only the ablest scholars.

The members elected have all established excellent records in both scholastic and social activities here on the hill. Jackson Kramer, expecting to be drafted, took enough summer school courses to graduate at the end of the past summer session. At present he is taking a course in mathematics on the hill. Jackson, a political science major, recently elected to Who's Who, a former member of the Student Council, and a member of the football team, hails from Maryville. Although he graduated this summer he will be included in the quota for membership of the 1943 graduating class.

Frances Sisk, from Maryville also, is the daughter of Professor Augustus Sisk, prefessor of mathematics and physics. Frances is a French major, has been active in campus affairs. She is secretary of the French club, secretary of Student Volunteers, and a member of the Student council. Evelyn Williams, living in Maryville, has taken for her major, history. She is Dr. V. M. Queener's assistant. Irma Criswell, whose home is in Florida, is majoring in Economics. She is Miss Jessie K. Johnson's assistant in systematics. Carl Alette is a music major from Philadelphia, doing honors work in his chosen major field.

Deadline Set For Senior Pictures

Twenty Pages Of Copy For Annual Have Been Completed

Chilhowean Editor Sid Duke announced this week that all senior pictures must be in by November 20, and that all other class pictures must be in by November 25. This is the positive dead-line and no pictures will be accepted after that date except by special arrangement with the staff. This early deadline is necessary because the Chilhowean is going to come out early this year and the printers require that class sections be turned in immediately.

It is hoped that every student will put a picture in the yearbook. It is not yet too late to get pictures in if they are taken immediately.

The first payment of one dollar on the book is now due. The money is payable to Jim Faulkner, business manager, Betty Parker in Pearsons Hall, Hannah Duke in Memorial Hall, Gib Weiss, or any other member of the Chilhowean staff.

The first twenty pages of the copy are completed and ready to be engraved as soon as the junior and senior classes post their seventy-five dollar bonds. This is a formality made necessary by the wording of the Chilhowean contract. This contract provides that both the junior and senior classes post their bonds before any contracts can be signed. The purpose is to guarantee that nothing will interfere with the financing of the book.

James R. Smith Speaks At Vespers

James R. Smith, College Alumni secretary and Director of Public Relations, will speak at the regular Vespers tomorrow evening at 7:00 o'clock. His subject is "Some Values in a Creed."

Freshmen Plan Athenian Program

Athenian will hold its regular meeting Saturday evening at 6:15. Owen McGarity, freshman from Penn., has charge of the program. Only new members will participate in the program. Alpha Sigs are invited to attend, since they are having no meeting this week. Important business matters will be discussed, and President Olson Pemberton urges that all members be present.

Last week three freshmen Bainonian members, Thelma Richardson, Cynthia Johnson, and Helen Marie Wilson gave a skit, "Romeo and Juliet." They had given it in previous Bainonian meeting. Two of the three oldest members of Athenian were present at the meeting, Mr. Will Parham and Mr. Rawl Hannah gave talks on the Athenians in 1876. They showed programs that they used, in their days colored men were members. Then there were only three societies on the hill, Bainonian, Athenian, and one other. Dr. Wilson, who was also a member of Athenian in 1876, was not present at the meeting. Practically all Athenians attended the meeting.

President Lloyd Makes Trip To New York, Texas

President Ralph W. Lloyd returned to the campus this week after an absence of ten days. On the fourth and fifth of November he was in New York where he presided over a meeting of the Department of Church Cooperation and Union of the Presbyterian Church in the U. S. A. On the way up East Dr. Lloyd stopped off at Staunton, Virginia, spoke to an assembly of the students of Stuart Hall where his elder daughter Ruth is enrolled.

From New York President Lloyd flew the eighteen hundred miles to San Antonio, Texas, where he joined Mrs. Lloyd who went by train from Maryville. They attended the graduation exercises at Hondo Field on November 7 when their son Vernon received his commission and wings in the Air Corps. On Sunday Dr. Lloyd preached at the Madison Square Church in San Antonio and on Monday started home by train.

Vernon, who accompanied his parents home for a week's leave between assignments, received his wings as a flying officer having ranked second in his class for which he and one other member of the class M. C. received the La Roche Award for Endeavor in Excellence. Vernon, who graduated in 1941, has completed seven months of training and when he returns to Hondo Field next Saturday, he goes as an instructor.

Mrs. West To Read At Student Vols

Mrs. Nita E. West will read a religious play at the regular meeting of Student Volunteers Sunday night after Vespers in the YW rooms. Mrs. West was graduated from Murphy College, and received her B. O. degree at Grant University. She has been at Maryville since 1899 with the exception of five years. During this time she has directed a numerous variety of successful plays.

The goal of the membership drive of Student Volunteers is one hundred members, and at present there are eighty. The attendance has been larger than in the last four years.

At a recent meeting it was decided that the project for the year should be Puerto Rico.

At the Student Volunteer picnic held Saturday in the College Woods Mrs. Kathryn McCurry spoke on marriage.

Topic of C. A. D. G. To Be War Economics

On Monday evening at 7:00 o'clock in Bartlett Auditorium, the Current Affairs Discussion Group will meet to hear a program on the Economic Aspects of the War. The session will consist of a panel discussion by four students, Ed Henderson, Miriam Wickham, Bill Segraves, and Ben Lynt.

Drive Opens To Secure Pledges For Fred Hope Fund

Dr. Clothier Launches Drive With Chapel Address Sat. Morning

The annual drive for pledges and contributions to the Fred Hope Fund was launched this morning in chapel with an address by Dr. Walter J. K. Clothier, a Christian medical missionary from Sakbayeme, Cameroun in Africa. Faculty and students were given an opportunity to subscribe to the Fund, and the money received will be turned over to Mr. Fred Hope to use for missionary work in Africa. This same plan has been followed since he was graduated from Maryville College thirty-five years ago. The Fund has been used for various things; one of which was the building of a Maryville College chapel there.

Fred Hope is an alumnus of Maryville College, and this fund was started by him while he was a student here. Being an outstanding leader on the campus, he was able to put across an original appeal to the students for gifts to the cause of foreign missions. The year after his graduation in 1906 he went to Africa, and it was decided to continue the annual fund drive, sending the contributions to him.

Mr. Hope is superintendent of the Frank James Industrial School at Elat, Africa, and Treasurer of the West Africa Missions of the Presbyterian church. Mr. and Mrs. Hope were here on furlough last

(Continued on page two)

BY-LAWS DISCUSSED AT COUNCIL MEETING

Having discussed the progress that is taking place on the respective class by-laws proposed at an earlier meeting, the Student Council at a meeting Tuesday night at 8:00 in Dr. Queener's classroom in Thaw hall drew up a report to present to the Executive Committee of the faculty for consideration.

The possibility of having a phone available at all times for the boys in Carnegie was discussed by the members of the council. After the plan has been acted upon by the proper heads, the decision will be announced.

Miss E. Jackson Will Be Y W C A Speaker Sunday

Miss Elizabeth Jackson will be the speaker at the Sunday afternoon service in the Y rooms at 1:30 p. m. She will speak on the topic, "What Knowledge Is of Most Worth."

Miss Jackson worked on the staff of Webster's New International Dictionary for several years. Her teaching field here at the college is English.

The sophomore class was in charge of the program last week. The theme of the program was "I Will Seek Beauty." Agnes Peterson spoke on beauty in nature, Virginia Cain talked about beauty in literature, and Louise Henry discussed the subject of beauty in human personality.

MC Team To Enter Smoky Mountain Debate Tourney

Ed Rowley, Bill Evans, Bill Henderson, and Paul Jamarik will represent Maryville at the Smoky Mountain Men's Debate Tournament to be held today at Carson Newman College.

The debate try-outs will be held Monday and Tuesday. The question this year is: Resolved that the United Nations should establish a permanent federal union with the power to tax and regulate commerce, to settle international disputes and to enforce such settlements, to maintain a police force and to provide for the admisison of other nations which accept the principles of the union.

Try-outs are Monday and Tuesdays.

Last Tuesday evening those who will attend the debate tournament debated the Pi Kappa Delta question. At the Wednesday class meeting Georgia Lu Meadows spoke on the topic "Marshall Timoshenko"; Natalie Yelton spoke on "Field Marshall Rommel"; Louise Stephenson spoke on "Generals in the War"; Carolyn Eberhardt spoke on "Britain's Air Leaders"; and Billy Segraves spoke on "General Douglas MacArthur."

Juniors Present Program Tonight

Tonight at 6:15 in Bainonian hall the program will be presented by junior members of the society with Stevie Boretsky acting as chairman.

Helen Anderson will give a reading. Peggy Fisher and Estelle Farrow will perform a duet arrangement of "White Christmas", and Betty Parker will give two piano numbers. A movie of campus scenes, of Pearl Harbor, and a newsreel will be shown by Estelle Farrow.

At the last meeting an announcement was made that all Bainonian members who wished to order pins see Marguerite Taylor.

The meeting last week was in charge of the seniors.

Boyd and Pierce Read At Workshop

At Writers' Workshop meeting Wednesday, November 11, Dick Boyd read a short story whose central character was a Presbyterian minister. Carl Pierce read a short story entitled "Heart Trouble". The theme was that of a soldier with a bad heart. Miss Jessie Johnson was the critic.

Next week the readers will be Dr. E. R. Hunter and Jean Barnes.

Service Officers Speak On Draft And Reserves

Five Officials Outline Details of Various Plans

Following the chapel service last Wednesday, November 11, problems connected with the draft and the various reserve units were discussed by a Joint Presentation Board which consisted of representatives of the various branches of the armed service.

Col. S. B. Lippitt of the US Army was chairman of the committee and gave an introductory talk on the importance of the war effort and the part the reserves play in it. In this connection he said, "We must prepare for a long war and must prepare leaders and officers for our army. We must have men in colleges so we will have future officer material and civilian leaders." The purpose of the enlisted reserve plan is to keep men in college as long as possible and thus permit them to get the best education possible so they will be of more use to the army and to the nation. No one can be definitely assured that he will remain in college until graduation, for military necessity will have to determine this. However, it is the present plan to permit men to remain in college until their graduation as long as they maintain satisfactory progress. Then they will be inducted into active service.

Speaking specifically for the ground forces of the United States Army, Col. Lippitt outlined the requirements for admission to the Army Enlisted Reserve Corps. Any male 18 years of age, a citizen of the United States, and duly enrolled in a college accepted by the army, may enlist. One important fact brought out was that upperclassmen must enlist before December 31; for next year only freshmen will be accepted.

Concluding his explanation of the Army Reserves, Col. Lippitt stated that, "we are not going to make this a refuge for the man who would avoid responsibility."

The chairman next introduced the second speaker, Lt. R. Haley, who was a representative of the Army Air Corps. Lt. Haley outlined the method of enlistment, the requirements, and the training one receives after induction. There are two branches of this service, the ground crew and the air crew. There is no specific quota set for enlistments in the Air Corps Reserves, for anyone who can qualify will be accepted.

Following Lt. Haley was the representative of the United States Navy, Ensign J. T. Caldwell. He outlined the V-1 and V-7 programs and explained the recent developments and changes that have occurred in these reserve services.

Lt. W. T. Cothran, representing Naval Aviation, described the

(Continued on page two)

Women To Engage In Relief Work

Meeting Will Be Held On Thursday

A short meeting of all women of the college wishing to do war relief will be held Thursday, Nov. 19, at 7 p. m. in Theta Epsilon hall. If enough interest is shown at that time, a Victory Council will be elected and preparations will be made to organize a campus auxiliary of the Red Cross.

The work to be undertaken will include sewing, knitting, and writing. The auxiliary members will sew buttons and labels on garments ready for shipment. Those who have been knitting for the local chapter can continue their work for their merit pin through the campus auxiliary. When there is no other work to do at the weekly meetings, the girls will write letters to their friends in the service.

The Theta Epsilon society is planning a special project—the making of a service flag. Each Theta may embroider the name of a friend on a star and sew it onto the flag.

All women, regardless of their club affiliation, are urged to show their eagerness to help the cause by coming out to the first meeting next Thursday.

STUDENTS WHO LIVED ABROAD TO SPEAK AT Y

There will be a group discussion of foreign missions at the Y. M. C. A. meeting in Bartlett auditorium, at one thirty, Sunday afternoon. Five YM members who have lived in foreign countries will speak. They are children of missionaries and have had active experience in working there.

The leaders and the country in which each has lived are: John DeForest, Alaska; Ted Kidder, China; Bob Seel, South America; Bill Hopkins, China; and Lloyd Anderson, Africa.

Research Shows Six Lessons Will Make Anyone Lovely or Loved

By BRALY and BOYD

Since neither of the authors has had any experience along the following lines, we feel that we should give credit where credit is due. We therefore submit the following bibliography:

1. IN THE NECK OF TIME By Boyd and Braly.
2. OF TIME AND THE FLIVVER by Maryee Will Wolfe.
3. NECK NACKS by Brawley and Boyde.
4. SPOON FED ANTHOLOGY by Carnie Gee Masters.

There being no Bureau of Information for Love-Making on the campus, we wish to occupy a little space here and give you a tip or three. There are many points to be considered, the first coming under the heading of "foot-loose and on the prowl," or "pardon-me-you-look-just-like-Margie." There are many and varied approaches, including the old drop the handkerchief and cinder-in-my-eye game. Others are "Got a coffin naail, Bud (or Sis)", and "Hey, Dope, git off my dogs." Very tender. The last two are suggested for quiet, out of the way places like the Chatterbox and the roof of Thaw Hall at midnight.

The second step involves working up to the first date—a critical period in the game, which must be very sub-til. Once the subject has obtained the promise from the object that she will see him after supper (or the girl's new campaign is a success) the real work comes in. A gentleman can't say to a lady, "Let's neck", so the fellow says to the girl, "Have you five minutes to spare?" Some girls have been known to say no. (Bulletin, M. C., Feb. 30, 1799, ½). Whereupon they have become wallflowers at all of the dances. Most of us have not been asked.

HOMEWORK

"Gold Is Where You Find It" If You Look In The Library Museum

By PAUL KOLTER

Have you all seen the $5 worth of gold dust in the College Museum? Yes, we do have a museum and one which we can well be proud of. It contains many interesting articles from countries with which we no longer have a transportation connection and are no longer obtainable. Most of the objects in our museum are from foreign lands, the articles being sent here by missionaries who had at one time attended or graduated from Maryville. Several years ago the gifts came so thick and fast that finally, in 1926, Miss Ethel DeHaven, who was an English instructor here at that time, conceived the idea that the college should organize the collection into some order so that the students would be able to view it at any time. Miss DeHaven worked on the idea and formulated plans for the museum-to-be. For one reason or another, time passed and the museum was still without organization and management. Finally in February of 1934, Miss Anna Jones, college registrar decided to organize the museum. She formed our present collection according to the plans Miss DeHaven had set up some eight years before. And so, with the purchase of excellent show cases and equipment in 1934, our embryo museum blossomed forth much as it is today. At present Miss Hallock is Curator of the museum and is carrying on the work with the ever enlarging collection of things gathered on the east side of the library.

As was stated before, many of the materials were sent to the college by missionaries. A very recent acquisition was one from Dr. Fred Hope of some forty-one small birds, five leopard skins and various small animals of Africa. These have only recently been mounted and are now on display inside the museum proper. Dr. Hope has many other articles on display one of which is a copy of Pilgrim's Progress which he translated into Bulu, an African dialect.

When the Kidders returned from China, they brought many articles among which are a stone from the Great Wall of China and an excellent set of hand carved Chinese figures of people at

TRIANGLE CLUB PLANS PICNIC NOVEMBER 21ST

At a recent meeting the Triangle club elected Bob Mair as president of the organization. This club is composed of students from New York, New Jersey, and Pennsylvania and has quite a large membership.

The club will have a picnic at the college farm on November 21. All students from these three states are invited to attend. For more definite plans students should consult the bulletin boards in the dormitories.

The next meeting will be on November 23 in the YWCA rooms.

FRENCH CLUB PRESENTS PLAY

November 27 at 6:45 p. m. in Bartlett hall the French club will present the play "Cupidan, Dentist." The characters in the play are as follows: Dentist, Bob Calvesbert; Jacques, Lloyd Anderson; Le grand Monsieur, John Tyler; Marguerite, Jane Glass; La Vieille Dame, Phyllis Irshay; and La Bonne, Johnnye Gudel. On addition to presenting the play, the club will sing a number of French songs.

SATURDAY NOVEMBER 14, 1942

Shot At Sunrise

"Resolved, that because of the general difficulties now involved in obtaining food, Maryville college students shall be more cooperative in preventing the waste of food in the dining hall."

So reads a resolution introduced to and approved for publication by the members of the Student Council this week. And back of it what? Some silly pranks of pre-adolescent flavor which turned out not so funny, but rather, unpatriotic, thoughtless, a little cruel—and other adjectives of the same odor.

Last week some brilliant persons in sudden sparkling genius dumped a quantity of black pepper into the coffee. Aside from a severe case of sore throat, this caused ten gallons of coffee to be thrown away. Residents of Maryville often cannot buy even a half pound. So someone calmly destroys ten gallons of the precious stuff.

Also last week these helpful someones added salt to the sugar bowls. With homes being grateful for each half pound the ration book allows, with Miss Ware struggling to cook with molasses and syrup, that act is contemptible, unnecessary.

We probably don't realize the insinuative difficulties war causes. Food deliveries are made here now once a week instead of every other day; even then Miss Ware cannot be sure of obtaining what she ordered. Ingenuity and incessant planning must be exerted to get one menu complete.

And Wednesday, rose daintily in the dining hall a shattering "We want catsup". Just as a matter of information, the catsup company no longer makes catsup. A million dollars and six trucks would make an order no more effective; there is none to be had. We have a little in storage; if some tables must use a bottle a day, this will not last long.

Miss Ware, manager of the dining hall, deserves praise heaped high. She may need to ration sugar, a bowl every other day. But she admits she hates to do this—and she has kept us wonderfully supplied with rationed products. The dining room formerly had a dining hall matron who trod gently to and fro indicating "Pipe down". Miss Ware heartily "hates police duty". While she would much prefer no singing or merely individual table singing to the wide-spread, much repeated birthday din, she says it is "the students' dining hall, not a place for mourning," though not a recreation center. An old rule prohibited bringing cake or food from home into the dining hall. How about that? And the improvement?

But back to the point, it is a small request—to be patriotic. Take a little gratefulness, a little thoughtfulness along with the sugar in your coffee.

By JORDY MEADOWS

Hear ye! ! Hear ye! ! A huge contest is under way. All contest-lovers enter just for the heck of it. This is a high class, rootin', tootin' tournament and there aren't any prizes. But just think of the good you'll be doing for womankind. Bettie Haines and Winni Hope have a kitten and the poor thing is nameless. Do your bit for the animal kingdom, and give all suggestions to the judges before December 25.

Is it a "What to Do After Dinner Club", or are they merely looking into the bleak future of a gasless, tireless U. S. A.? Anyhow Ken Cooper and Kay Bonner look like professionals on those roller skates.

The man must love his table or hate doughnuts. Bob Pascal strolled into the dining hall the other evening with a whole bag of those delicacies from Van's, and he evenly distributed the contents of said bag to each and every member of the happy little group. No! ! He likes where he is sitting and he isn't going to change tables.

Apple polishing in the raw! ! The organic class gave up their collective, coveted desserts to the assistant on the eve of a large exam. We wonder how many flunked.

To the dramatic art majors—interpretation a la Vine is really the stuff that keeps them rolling in the aisles. Maybe for a slight renumeration he might give some private lessons. Top spot of the week is "Hairless Joe" McClure, who is now parting has bald head behind his left ear.

Except for the absence of tears and kleenex, Pearsons resembled a funeral the other P. M., what with all the flowers growing on the girl's heads and shoulders. But we liked 'em, fellows.

Due to the lack of news of the week, it was suggested that we have a slight murder over here in the ECHO office, just a private killing among the staff. But then everyone went to the Artists' Series to hear the news.

Only 39 days 'til Christmas, kids. Do your shoplifting early and avoid the rush. And just as a space-filler-upper, Bob Huber especially wanted his name in BUTTERSCOTCH, so he could join the favored few. Hello, Robert! Any other applications will be accepted before chapel on Monday mornings.

Bill Segraves says there's going to be a new and good-looking life-guard over at the swimming pool next week. Can't imagine who he could be, but all the girls will be over there at three o'clock.

Thought for the day, to Spanish students (?), 350 pages of outside reading will be gladly accepted at any near fut-ure date.

P. S. The ECHO owes its strength this week to Gabriel Williamson, who supplied all the moo juice and cookies instead of news the other night. Food is always news in our language, n'est-ce pas?

The Air Corps has come to town in a big way. What with Vernon Lloyd, Johnny White, and his English RAF friend Leonard Kent. Ummmmm! ! Oh for a man in the Air Corps. It's plenty cute to see Kay fly to the window every time a plane goes over Pearsons. But tender.

Didja see the honest to goodness autumn bonfires around the campus Friday. Makes one think of home—no!

From This Corner

By BEN LYNT

FOR EMPHASIS—SECOND VERSE

Some confusion as to whether or not there would be a year book this year seems to have arisen in the minds of the few who chanced to read the remarks carried in this column last week, and several opinions as to the veracity of the author of such remarks have been bandied about until I thought it might be wise to clear up the situation that all might have a clearer understanding of the true picture which I tried to present last week.

To begin with, the junior class has been just a little tardy in realizing their relationship and responsibility where the year book is concerned. The junior class are the publishers of the annual. They elect and approve an editor and a business manager for the publication. The class, as publishers are responsible for the direction of the composition of the book and for the financing of the book as well.

A recent personal inspection of the Chilhowean office revealed to me the financial situation as well as the progress being made on the book itself. A great deal of high quality work has been done already by the editor and his staff with the result that over 18 pages have been completed to the point where they are now ready for the engraver.

Here now is where the catch comes which makes me feel that the junior class has not as yet fully understood its obligations to the year book project, for none of this work can be sent to the printer and engraver until a contract with him has been signed. This contract cannot be signed until a 150 dollar surety bond has been put up by the publishers (the junior class). This is a regulation of the College's to insure the whole venture against being a drain on the college. This regulation is a good one, for there has not been a year book deficit since it has been in effect.

The senior class, not because it is obligated to do so, but because of an acute interest in the project, has voluntarily offered to put up 75 of the 150 dollars for the bond. This year's senior class is now in a position to meet their half on the bond. The junior class is not.

Because the executive council of the junior class had decided at an executive meeting that class dues ought not be used to make up this surety bond, it was decided at a class meeting (without a quorum—see article V, Student Body Constitution) to assess each class member the sum of 76 cents in order to raise the necessary 75 dollars Collection of this money has been under way now for nearly three weeks and only a small fraction of the sum has been raised.

It would be wise to sign the contract with the printers as soon as possible, for there are certain discounts to be had for early signing. The longer the delay in signing, then, the more the year book will cost.

In order that there be a year book this year, a recommendation to the junior class that they raise the bond money, and that right smartly, might be in order. Any pressure which might be brought to bear upon the members of this class by the rest of the school might also be considered not totally unjustified. Lest the junior class be caught with their collective faces in the red, I would recommend that we get in there and pay up on this bond fund. It will not be money spent for nothing. There is not likely to be a deficit this year in the publications finances. In all probability that bond money will be turned back to the class at the end of the year. It could then be kept on hand for the same purpose the following year. It looks to me like a rather wise and safe venture.

We have little to lose if we pay, and much face if we don't.

TALK OF THE WEEK ... By Chuck Dunning

FRED HOPE FUND

(Continued from Page One)

November at which time he spoke twice to the student body in connection with the Fund. His wife became ill and died in April. However, Mr. Hope felt he must return to Africa and finally got passage on a small freighter. Word was received that he arrived safely. Two of his daughters are graduates from Maryville and another Winifred, is now a student here.

Dr. Clothier, today's guest speaker, has been a medical missionary in Africa since 1929. He is able to boast of having been in Arctica and Africa, and he has practiced medicine in both. Dr. Clothier, a Canadian, after graduating from the University of Toronto went as a medical officer with a government expedition to establish hospitals and to investigate conditions in Arctic. After his return he decided to go to Africa, because he was deeply interested in tropical diseases and saw a great opportunity for service. He went to Sakbayeme, Cameroun, and there he and his wife have been stationed ever since. Dr. Clothier's story is indeed an interesting one, as he tells of the work they are doing, treating, examining, operating, listening to the troubles of a black people, and combating the ignorance and superstition of the Dark Continent.

Miss Clemmie J. Henry is the treasurer of the Fund. Announcement was not made in the ECHO prior to the drive because officials did not know the speaker was to arrive at such an early date.

OFFICERS SPEAK

(Continued from Page One)

training a naval aviator receives and also the requirements for enlistments.

The final speaker was Captain J. F. Roy of the United States Marines. Describing the Marines, which has just reached its 167th birthday, Capt. Roy said, "We can take it and we can dish it out." Men who are especially interested in overseas combat duty should enlist in the marines.

In this war we must destroy to end destruction, and this is a large part of the duty of our armed services.

Throughout the meeting it was stressed that a recruiting party will come to Maryville college within two weeks for the purpose of enlisting men of this college. "You should have your minds made up, and all your papers in order", said Col. Lippitt.

Following the general meeting, the representatives of the different services met in designated rooms with men interested in a particular service. Here personal questions were answered by the representatives of the Joint Presentation Board.

Further information and the necessary application forms can be obtained from Dr. Frank D. McClelland in the Personnel office. It is important that students be ready for the coming of the recruiting party which is scheduled to arrive here in two weeks.

PRAYER MEETING

The regular weekly prayer meeting was held Wednesday evening at 6:40 in Bartlett hall. The singing was led by James Garvin and the devotions were in charge of James Yunker.

Brand To Speak At Nature Club

Charlie Brand, junior from Wisconsin, will discuss ducks and duck hunting at the Nature club meeting Monday night at 6:40 in Fayerweather hall.

On November 2, Bill Segraves spoke on his father's experiences in growing plants in chemicals.

After Breakfast in Desert

British Lieut. Gen. Bernard Montgomery (right) is pictured with Nazi Gen. Ritter von Thoma, 2nd in command to Marshal Rommel in Africa, after they had breakfast in the British chief's desert headquarters. The German general, captured at the start of the Allied drive, admitted that the Axis situation was critical. The couple made sketches on the breakfast tablecloth and fought over past battles between their forces. This is a radiophoto from Cairo to New York.

GOLD

(Continued from page one)

work at the many occupations of that land.

Dr. Wilson brought much from his travels that should be of interest to the Bible student. Inside the Museum proper we find a crown of thorns such as Jesus wore, some lamps like those the wise and foolish virgins carried, and some bean pods like those the prodigal son ate during his absence from his father's house. Dr. Alexander presented among many things some cones from the Cedars of Lebanon, which are the only true cedars in the world.

In every nationality, the women have their own preference in the way of jewelry. The present day fad is the yard long necklace. But the modern girl need only go to the museum to see what other peoples have worn in times past. Some of the long strands of beads are so beautiful that they could be taken out of the case and worn in great style. With the many beads found in the showcases, are some called Mahomet eyes, pretty blue stones with a yellow spot, and some Mandarin beads which are green. These Mandarin beads were used as ceremony beads by the Chinese priests.

Other articles from China include women's shoes, worn at the time when women's feet were bound; several beautiful fans including a bridal fan of white and colored peacock feathers; several pairs of chop sticks; and a Buddha idol over 1000 years old.

From Japan came several gifts from the father of a former student, Mary Miles. An opium pipe and a lady's pipe are among these Japanese acquisitions.

In the collections of dolls, there are several from India, dressed according to the different castes of that country. There is also a fan from India decorated with ornamental beetle wings and from the neighboring island of Ceylon came some silver braclets, much like the girls wear today.

Speaking of fans again, there is also one there from Cuba which is complete with a small mirror set in the handle for the convenience of milady.

Several articles are from various wars. There is a boxer gun, used in the Boxer Rebellion in China; several German helmets from the last World War; and several things from the Civil War days including some Confederate money.

Concerning the college history there is much. A replica of the Log College, a desk of Dr. Wilson's and announcements of several Literary Societies are among the many. There is a notice of the first anniversary of Athenian in 1868. Athenian is the oldest society on the Hill and was originally founded as a debating organization.

Seashells, Aztec and other Indian and Mexican pottery, rocks and fossils, of which there are many more in the basement waiting classification, are just a few of the many other specimens found in our Museum.

Why not visit the Museum soon and look over our collection? The door isn't locked, it just opens funny. Walk right inside and look around; maybe you won't find all the things I have mentioned but there will be many more to see.

Oh yes, about that gold dust I mentioned much earlier. It's there. Dr. Fegal gave that along with some gold ore which yields $68 worth of gold to the ton. But we wouldn't advise any of you miners, forty-niners and Clementines to do any excavating for a gold mine in the Museum. It ain't ethical. Besides, we saw it first.

"I feel as though I were seeing stars in a stormy sky."
"Its time for my Physical Exhaustion class."

Anna: I'll save this book for a rainy day.
Sue: Why not read it now?
Anna: Its to dry for sunny weather.

A mother baked a ginger pudding in a cake pan. Her two year old son took one look and said, "Mother, that's dirty cake."

Small boy: Mother why is the traffic cop so fat?
Mother: Too much traffic jam.

RESEARCH

(Continued from page one)

but would like to.

We like the next step, and so do most of you. It is called swapping gum, or sometimes pecking. There has been a good deal of discussion as to whether it kills or spreads germs. But, up to the time of publication, no one had asked the germs. In this process, don't beat around the bush, or someone will catch you.

And now we come to Platonic love. Immediately we overlook the same and tear on to something more interesting, like the library courtship common to Maryville and other institutions of higher learning. It's quite the stuff, but it sometimes interferes with one's education. That's the time not to et your studies interfere with your college education.

In case you want to avoid all of this, we also have suggestions along that line. The point is—be sure to have a line. It's done by the best of people, as we have found out.

At this stage of the game Lester had a nervous breakdown, from all the girls clamoring to take private lessons. Anyway, all women and men are fickle, as is commonly reported. And the authors are in a rut, better known as a small grave.

The end.

Three In Hospital

Three students, Mary Jo White, Josephine Jennings, and Charles Gilpatrick are in the hospital this week. Charles Gilpatrick was moved from Fort Craig Hospital on Wednesday and Josephine Jennings was moved in on Thursday following an eye operation at Burchfields.

Mary Chambers left the hospital on Wednesday.

Christmas will be here soon!

SCOTSPORTS

By TED PRATT

ECHO SPORTS

THE APPS ARE GOOD

The Mountaineers from Appalachian State have a fine ball club. Under the tutelage of Coach Beattie Feathers, former All-American from the University of Tennessee and leading ground-gainer for the Chicago Bears, the Apps have rung up a record of four victories, one loss and one tie. The youthful Feathers, adopting the famous T formation from the Bears, has shaped his talented gridders into a working combination——a combination which held the powerful Catawba Indians to seven points and ran up 44 over a good High Point eleven. Last Saturday the Mountaineers walked over Newberry 20-0, the same Newberry that defeated the Scots 25-7 earlier in the season. Sparked by Billy Hornfeck, their great running and passing quarterback, the Apps have proved their ability to turn on the steam and let it roll. Bill Cross, most-publicized grid star on Everett High's great eleven last year, is a freshman at Appalachian and has established himself as a strong reserve back and is one of the leading scorers for the Apps. Smokey Leonard, fullback from Morgantown, N. C., is one of the few freshmen in the starting line-up and has an average of over five years per try for the season. With more of the same kind of material, the Feathers-coached team has exhibited a powerful offense and a stubborn defense to all opponents.

★——★——★——★

STATISTICS

Morehead State Teachers are the Scots' opponents in their final game next week. The Teachers have a good team, but it certainly is not unbeatable. Morehead beat West Virginia Tech 13-6, the team that beat Emory - Henry 14-13. That should mean that the Kentuckians are fairly strong. They can put a good team on the field, but also one that can have a lot of trouble in whipping our Scots. We contend that the Highlanders will come up and surprise the Teachers with a bruising attack that will defeat them by one touchdown! Let's go, Scotties!

★——★——★——★

ON OTHER COLLEGE GRIDIRONS

Rio Grande College made the news when it began to approach the record of Knox College of Illinois. Knox didn't win a game from 1931 to 1935. Rio Grande hasn't won a game since 1937. It boasts a record of 27 straight losses, the only blot on its pure record being a few ties . . . . . "Old Monotonous" Jim Brieske, reserve center on Michigan's great team, has booted 19 of 21 extra points in seven games. You can see where his education is going! . . . . . Having a part in Tulsa's great "one-scored-upon" record, is Guard Ellis Jones, one-armed gridder who has a regular berth on the Tulsa eleven . . . . . Eight regular gridders from the Rice Owls have been called into service. The remaining three aren't doing so badly! . . . . . Guess this is the year for the Gophers to hide — something they don't do very often.

★——★——★——★

AROUND THE HILL . . . . .

The smoothest play we've seen in six-man football this year is Van Cise's blocking-back sneak or whatever he calls it. Anyway, it eats up yards . . . . . We could make a crack about Dale Wiley's stiff neck, but we won't even mention it . . . . . Then there's the big Red victory over the Orange this week. They'll never get over that! . . . . . If some people don't become too ambitious in this scrap metal drive, the horseshoe tournament may be finished. The school has about five horseshoes left. Any old shoes! . . . . .

★——★——★——★

A FEW PRATT-DICTIONS . . . . .

Alabama to edge Castleberry &Co., Michigan surprise Notre Dame, Dartmouth over Cornell, Boston over Fordham, Santa Clara over St. Mary's, Texas by a shade over TCU, Ohio State over Illinois in a corker, Wisconsin over Northwestern—but not by much, Tennessee in a slam over Mississippi, and Army by one touchdown over VPI. S'nuff!

APPALACHIAN HEAVY FAVORITES

COLLEGE ALL-STAR FOOTBALL TEAMS

CLUB LEAGUE

E	Bob Lockwood	Quakers
C	Sam Pemberton	Smoothies
B	Wally Easter	Quakers
B	Bill Adams	Quakers
B	Bill Aston	Deacons

INDEPENDENT-CLUB LEAGUE

E	Glenn Paul	Gladiators
E	Joe D'Antonio	Wolves
C	Baxter Cato	Y Frosh
B	Earl Thomas	Y Frosh
B	John Taylor	Preachers
B	O. Van Cise	Gladiators

NOTE: Under a revised system, the selection of All-Star teams has been carried out as follows: Every team in every league is given the opportunity of picking an all-opponent team. One vote is cast by the ECHO sports staff. Players receiving the most votes in each league are chosen for that league's all-star team. This method affords the greatest amount of representative vote—making for a fairer and more democratic selection.

Seven Lettermen Back To Strengthen Scottie Wrestling

HIGH HOPES

High hopes for a successful mat season were in the air this week after the first workouts of the grunters in Bartlett gym. The Scots, co-holders of the state championship, have most of last year's great team back plus a good supply of freshman material.

Prominent on the list of veterans are captain Joe Suitor, Ed Ballinger, Red McCord, Trevor Williams, Mack Wilson, Dick Boyd, and Lloyd Anderson. Others who did not letter, but saw service in exhibition matches are Will Chapman, Don Conkle, Dale Wiley, Al Chambers, Chuck Dunning, and Don Black.

At this early stage it looks as if it will be tiny Trevor Williams in the 121 class. Red McCord who held that spot last year will move up to the 128 pound class to replace Al Murrian and Bob Smith. With the graduation of Horace Justus, the 135 lb. division has been left wide open, but may be filled by Dick Boyd who was out last season with a bad elbow. Although captain Dave McDaniel is gone from the team, the outlook for a 145 pounder is not bad with little brother Fred, Don Black, and Bill Thompson all in the running. The 145 and 155, held by Joe Suitor and Ed Ballinger respectively, seem well set, although it is not certain which man will fill each spot. Two competent 175 pounders. Lloyd Anderson and Mack Wilson, will battle it out, but one of them may move to heavyweight where there is a lack of experienced material. Either Jim Robinson, Marv Mitchell, or Al Chambers may be the answer to the heavyweight problem.

No definite schedule has been set, but matches with Vanderbilt, U-T, Knox "Y", Appalachian, and a somewhat tentative meeting with Oklahoma A & M are in the offing.

Highlanders To Travel To Kentucky To Meet Morehead

FINAL GAME

The Maryville College Scotties will close their football season against a very powerful team, Morehead College, at Morehead, Ky., next Saturday afternoon, Nov. 21. The Morehead team is one of the strongest teams of its size in the south today. The center of the Morehead team has been mentioned on little All-American teams he weighs two-hundred pounds and is the fastest man on the field.

Morehead handed W. Va. Tech a 13-6 defeat last week. West Virginia Tech has a very stong team but were overcome by the hard charging line and the great running of the two Morehead halfbacks. This is the first time that Maryville and Morehead have met on the gridiron.

"Only 20 players are to make the trip," Coach Davis said today. They will go part of the way by train and the remainder by bus.

The coach of Morehead is Ellis Johnson, a one-time great all-star athlete at the University of Kentucky. Since Coach Johnson has been at Morehead he has won over seventy-five percent of his games.

Hornfeck And Hollars Spark Appalachian Game

Coach Beattie Feathers' Gridders Have Good Record

The Scotties finish the home season on Wilson field this afternoon as they tangle with the Appalachian Mountaineers in search of their elusive first win over a major opponent. After being rained out of their last scheduled tilt, the homecoming game with Emory-Henry, the Highlanders are in the best shape of the season.

The visitors on the strength of their excellent record set this season, were on the long end of the odds. Mountaineer Coach Beattie Feathers has built up a powerful offensive around a tricky T formation, while the forward wall is one of the best that the Honaker attack has been thrown up against all season. The big man in the Appalachian attack all season has been Johnny Hollars, big 190 lb. halfback. He and captain Billy Hornfeck have teamed up to score more than half of their team's points this year. The line is held down by tackles John Kirk, 200 pounder and Bill Holstead, 189 pound freshman.

The Maryville team is at full strength for its last home encounter. Bob Morton's ankle has strengthened putting the speedy, powerful soph back on the active list. The rest of the backfield, Taylor, Spears, Pepper, Honaker and Bayless are all fit and ready for plenty of action. Coach Davis has his line in top shape for the game.

J. Gudel Plays Inspired Tennis To Take Women's Title

Defeats 1941 Champ, Nancy Russell, In Three Thrilling Sets

Johnnye Gudel became women's tennis tournament champion when she defeated Nancy Russell in the finals Saturday, November 7, at 1 p. m. The finals resulted in a surprising upset. Last year's champion, sophomore Nancy Russell, bowed to a vastly-improved Johnnye Gudel, a junior.

Nancy breezed through all last year's tournament with "love" games. This year's match seemed to be following the regular Russell routine when she took the first set 6-2. About the third game of the second set, Gudel showed a sudden rally, and, after that, both players were in top form. Russell's admirers can always count upon her for a fast, hard game. The Gudel following saw Johnnye at the best tennis she has ever played.

It was nip and tuck to the end of the second set, which Gudel took 6-4. The first part of the third set was a nerve-racking series of deuce games. Gudel finally pulled out to take the last three games with a 6-3 score.

As winner, Johnnye will be awarded not only the title of "Women's Tennis Champion of Maryville College" but also a handsome 50 points for her point system record.

INTRAMURAL DOPE

ATHENIAN TAKES FOOTBALL CHAMPIONSHIP OVER Y FROSH 19-12

Three passes from Bob Hunter, two to Ted Pratt and one to Ricki Scapellati along with an extra point by Scapellati gave the Athenians their 19 points to beat the Y frosh with 12 points which were scored by Bill Bradford. Both teams proved their ability to play ball and every member of both teams played to win.

Athenian line-up	Y Frosh line-up
Eurico Scapellati	Jimmy Hodges
Bob Hunter	Earl Thomas
Arthur Bushing	Frank Bradford
Clyde Brown	Bill Bradford
C. Foreman	Owen McGarity
Ted Pratt	Baxter Cato
Roy Crawford	Paul Schuster
Layton Bergquest	
Ken Cooper.	

Other championship playoff scores are:

Ministerials 6—Wolves 0

Alpha Sigma 14 — Athenian Gladiators 7.

Choir 13—Preachers 0.

CHAMPIONSHIP PLAYOFF THURSDAY, NOVEMBER 12

Y Frosh 19 Quakers 0

The Frosh proved their ability as football players as they ran over the highly rated Quakers who were the leaders in the Independent league. The Frosh were beautiful to watch in their running, blocking, passing, catching, interceptions and in everything that it takes to be real football players, which can be summed up in the word "teamwork". Two Frosh touchdowns were made by Jimmy Hodges who was outstanding for his pass interceptions, and the other Frosh touchdown was made by Frank Bradford or was it his brother Bill? Anyway they both played football. And we can't leave out Earl Thomas who made the extra point after the second touchdown to make the total of 19 points. But would we leave out those hard-blocking and hard charging boys on the line, Baxter Cato and Owen McGarity, Jr., III, who, by the way, makes up a large part of the Y Frosh team. But don't think that the Quakers didn't play ball. Their long passes, short passes, and running just didn't seem to click against the Y Frosh.

Athenian Gladiators 24 Smoothies 6

The Gladiators took the Smoothies in what was almost a run-away game. Scoring for the Gladiators were Van Cise, Paul, Duke, and Sidney with one touchdown each. The lone touchdown for the smoothies was made by Charles Brand.

Alpha Sig Wolves 12 Deacons 6

The Wolves almost met their match when they came up against the Deacons. The closest game of the day, it had to go two extra periods before a tie of 6-6 was broken. Scoring was limited to two touchdowns by Bill Ogle and one by Bill Aston.

Preachers 1 Rangers 0

The Rangers forfeited to the Preachers because they failed to have enough players on the field at the playing time.

FINAL STANDINGS of the regular schedule.

CLUB LEAGUE	W.	L.	Pct.
Athenian	8	1	.888
Alpha Sigma	7	2	.777
Ministerials	2	7	.222
Choir	1	8	.111
CLUB-INDEPENDENT LEAGUE			
Y Frosh	8	1	.888
Athenian Gladiators	6	3	.666
Alpha Sig Wolves	4	5	.444
Preachers	0	9	.000
INDEPENDENT LEAGUE			
Quakers	8	1	.888
Smoothies	7	2	.777
Deacons	2	7	.222
Rangers	1	8	.111

The teams of the Club-Independent league met the teams of the Independent League and the winners met the teams of the Club League for the College Six-Man Football Championship.

Games Played Friday, November 6

Athenian 38 Ministerials 6

The Athenians had a big day when they met the Ministerials. Pratt and Bergquist each got 2 touchdowns and Hunter and Scapellati got one each. Hunter and Pratt each scored an extra point to round out the Athenians' 38 points. Joe Suitor scored the only

(Continued on Last Page)

Honaker Makes Statement About Scot Basketball

The basketball hopes for Maryville College are not very encouraging at the present time. Gordon Webb is the only letterman of which the team can boast, and he is not certain that he can play this year. Practice is held on Monday, Wednesday and Friday afternoons. Last year the cagers won six games and lost twelve.

Regarding the cage sport, Coach Honaker remarked "About half a dozen boys come irregularly to the practice three times a week. Probably a few more boys will come out after the football season is over. But if more interest is not taken there is a possibility that Maryville will not have inter-collegiate basketball, due to the small number of men and the difficulty of transportation. More boys should come out before the football season is over."

BASKETBALL BEGINS

Basketball is the key-note of the point system girls each Tuesday and Thursday afternoons in the alumni gym. The basketball tournaments are scheduled for early December.

Since more practices than two afternoons a week are necessary to develop a good team, plans are underway to open the Bartlett gym for practice on Monday, Wednesday, Friday, and Saturday. This practice each afternoon will be considered the hour's exercise required daily according to the point system's rules. About forty girls are coming out to practice.

touchdown for the Ministerials.

Alpha Simga 33 Choir 0

Sweeney scored two touchdowns, Evans, Lord and Pierce each got one as the Alpha Sigmas massacred the Choir 33-0. Pierce, Lord and Sweeney scored one point each after three of the touchdowns.

Athenian Gladiators 13 Alpha Sig Wolves 6

ob Francis and Bill Sidner each scored a touchdown for the Gladiators and Paul Jamarik scored an extra point after touchdown. Joe D'Antonio scored the only touchdown for the Wolves.

Y Frosh 18 Preachers 0

The Y Frosh took the Preachers 18-0 as Thomas, Hodges, and Bradford each scored touchdowns.

On Tuesday, November 11 the Deacons forfeited to the Smoothies, and the Rangers forfeited to the Quakers.

HORSESHOE TOURNAMENT

Out to the quarter-finals in the horseshoe tournament are S. Pem-Evans vs. Long-Huffman, Pratt-Hopkins vs. Chapman-Huskey (Chapman-Huskey won 21-18, 21-12), Hargraves-Bushing vs. Crawford-Bailey, Roseborough-Enell vs Smith–O. Pemberton (Roseborough -Ezell won 21-8, 21-11). This puts two teams in the semi finals, Chapman-Huskey and Roseborough-Ezell.

HANDBALL TOURNAMENT

In the Handball tournament O. Van Cise is to meet the winner of the Adams-Huskey match. Sam Pemberton took Bill Hargrave 21-11, 21-3 and he is to meet E. Scapallati who took Segraves 21-11, 21-3. B. Sweeney won over Jack Scott and will meet B. Evans who won over John Kirstian. Roy Crawford won over Bill Sidner and will meet Clyde Brown who beat Ralph Parvin 21-6, 21-9. Gabriel Williamson who took Olson Pemberton 21-4, 21-3 will meet the winner of the Ed Rowley-John Taylor match. Don Hopkins won over Jim Faulkner in a close one 21-5, 18-21, 21-5 and will meet Wallis Easter who beat Bob Welden 21-6, 21-8. Ken Cooper won over Bill Thompson and will meet Joe Brown who won over Art Bushing. Ray Swartzback won over Charles Burgreen in a close game 21-7, 21-15, 21-12 and will meet Bill Henderson who got a bye in the first go-round.

In case any one would like to know the exact rules, they should see Gabriel Williamson who has made a careful study of the game and will be glad to hand out this information.

VOLLEYBALL—

Volleyball schedule will be posted Monday on Carnegie bulletin board. This is our next big sport and from the looks of things it promises to be a good one.

SWIMMING—

Swimming as an intramural sport has definitely been called off for this semester. The Staff hopes that it can be worked in during next semester.

TABLE TENNIS (singles)

The eligibility list will be posted on Carnegie Bulletin board Monday for the singles Table Tennis Tournament. Entries close Wednesday November 18 and play will begin November 20. Be sure to sign up for the fun.

—V—

Study Rules Suggested by One Freshman Who Has Never Tried Them

By MARY GOODLOE

Mid term grades didn't please all the freshman girls in Memorial or their mothers either. Why? Perhaps we can answer that by analyzing the methods of study which are practiced there. We were all started off right with the second and third chapters of our orientation books giving us careful instructions about how to make good grades; so it must be our own wilfulness that has led us astray.

Since so few ever open a book in the afternoon, we will consider only the study hours in the evening. We girls can't be expected to begin before 7:00 p. m., but that is the time when we should all begin a long quiet evening of work. Rule No. 1. Always know what you are to study before you begin: i. e. have a clear idea of the problem. If you can remember the assignment the first thing to do is to decide just what you are supposed to know when you have studied. Most of us pick up a book and start reading; when we stop, we have studied a lesson. What was it about? Oh, it was the English assignment for tomorrow.

Rule No. 2. Rely on yourself—do not ask others unless you must. But the girl across the hall is taking the second year of the language which we are just beginning and she can answer that question in only a minute, which is about as long as we will remember it. Work with a will, not half heartedly- sostates rule No. 3. We would remember things longer if we did this, but there are always so many pleasant things to occupy the other half of our mind while we study.

Rule No. 4. Have a definite time to study each lesson each day. Rule No. 5. Have a definite place with good light and air. The rooms in Memorial don't seem to be persuasive to effective study, but there is always the chance that they will change so we try again every night before deciding to go to the library after all. Even in the library there is the temptation to write notes and smile, but a few glances from the librarian usually causes us to decide that we really must study some.

Fishbein Argues with Kaiser

Dr. Morris Fishbein (right), editor of the Journal of the American Medical Association, is shown disagreeing with Liberty ship builder Henry Kaiser at a hearing before the Senate Education and Labor Sub-committee in Washington. They clashed over the merits of private medical care against company health programs.

Cotton Club Elects Hunter President

Cotton club reorganized Monday night and elected the following as officers: Beatrice Hunter, President; Charley Burgreen, Vice President; Ruth McClure, Secretary; and Shirley Montgomery, Treasurer. The program committee members are Carolyn Harper, Billy Robarts, and Mary Dawn Noblit. The members of the nominating committee were Elanor Boyles, Charley Burgreen, Ruth McClure, and Louise Corbit.

RACHMANINOFF AT DISC CLUB

At the next meeting of the Disc Club on Thursday night, Nov. 19, at 6:30, the Club will hear Rachmaninoff's Concerto number 2 in C minor. In this concerto, Rachmaninoff will be at the piano himself. Sybil Tallent will be commentator for the evening entertainment of fine recorded music in the Fine Arts Studio. This is considered to be one of the best programs of the year; all who are interested in good music are urged to attend.

VOLUME 28 MARYVILLE, TENN. NOVEMBER 21, 1942 NUMBER 11

Major General Hugh Matthews Speaks At Chapel Service On November 25th.

Served During Spanish-American And World Wars

General Hugh Matthews will be the speaker at chapel Wednesday morning, November 25. He will speak on the subject, "Obligations of Citizenship."

General Matthews is a native Tennessean and attended Maryville College. After a short period as a teacher he enlisted in the army in the Spanish- American war and served with the Fourth Tennessee Volunteer Infantry during 1898 and 1899. He decided to stay in the army and was commissioned a Second Lieutenant in the U. S. Marine Corps in 1900. He was promoted from grade to grade until he became a Colonel and in 1929 was made a Brigadier General. In 1937 he retired from active duty with the rank of Brigadier General, but in 1942 he was promoted to the rank of Major General which he now holds.

He has a long and distinguished military career to his credit. He has been awarded the Navy Cross and the Army Distinguished Service Medal. He has served in China, the Philippine Islands, Panama, Cuba, Santo Domingo, in Nicaraguan waters, and various stations in the United States. He served overseas with the American Forces in France in the World War, sailing in December 1917 and returning to the United States in August 1919. He was detailed to the General Staff, American Expeditionary Forces, and was appointed G-1 of the Second Division July 29, 1918, and continued in this capacity until the Division returned to the United States. He served with the Second Division in the Aisne-Marne Defensive, in the Aisne-Marne offensive, in the St. Mihiel offensive, in the Meuse-Argonne offensive, and in the march to the Rhine.

MAJOR GENERAL HUGH MATTHEWS

Advanced First Aid Course Completed By Eight Students

Mrs. Queener Was Instructor In Red Cross Training

Eight Maryville students qualified for their advanced first aid certificates on November 11 after completing their 10-hour course. Mrs. Evelyn N. Queener was instructor for the course which met in the organic lecture room, second floor Fayerweather.

Those completing the course are: Madeline Cooke, Cleveland, Ohio; John Dillener, Barnegat, N. J.; Lucile Gaultney, Dellrose, Tenn.; Betty Hains, Winona Lake, Indiana; Barbara Lorentz, Carteret, N. J.; Margaret Sisk, Maryville, who is a teacher at Everett high school; Margaret McKirdy, Fort Covington, N. Y. and Grace Wakefield, St. Petersburg, Fla.

The class met three Wednesday nights from 7 until 10 o'clock for a review of the Red Cross Text-Book. Especial attention was given to bandaging and the use of splints. On the last night the group practised bandaging and splinting in the dark. This was valuable because most first aid will have to be administered in the dark in case of an air raid. Applying artificial respiration steadily for five minutes steadily gave the group an idea of how fatiguing it would be to apply it for five hours, as is often necessary in cases of drowning.

With the hope that most of the class would go and take their instructor's course, Mrs. Queener required the students to "teach" a chapter in the book. An instructor's course meets three hours a night for five nights in succession. Therefore it will be impossible for these students to take their instructor's course here without interfering with their studies. They are urged, however, to take their instructor's course during the Christmas holidays if the opportunity arises.

Completion of the Standard first aid course is a prerequisite of the Advanced class.

Comprehensives To Be Given To 36 On December 2 & 3

Senior Comprehensives will be given to those students graduating this semester on Wednesday and Thursday, December 2 and 3. This is the first time they have ever been given in the fall, resulting, of course, from the accelerated war-time program the college is following.

At the present time thirty-six are expected to take the exams; thirteen different fields are represented in the distribution, the largest number being in the biology department.

Nine Senior Men to Enter Seminaries

Nine members of the present senior class will enter seminary next fall, and some have already been accepted. Other men will be graduated in the summer session and enter their respective schools at the same time.

Richard Boyd, Olson Pemberton, and James Yunker have been accepted to the Princeton Theological Seminary at Princeton, New Jersey. Clyde Brown will enter the Western Theological Seminary at Philadelphia, Pa., and Cecil Eanes will go to the Union Theological Seminary in Richmond, Va. Clyde will enter in September, and Cecil will enter after his graduation from Maryville in December. Dean Stiles plans to go to the Seminary at the University of the South at Sewanee, Tennessee.

Edward Rowley will probably go to the Chicago Theological Seminary, but has not yet been accepted. Two other seniors have not decided where they will enter. They are Ralph Parvin and Gabriel Williamson.

There are fifty-two ministerial students registered in the Personnel Office and four pre-medical missionaries. From time to time other mention will be made of other students, as they are accepted to their respective seminaries.

Executive Council Schedules Four Week Christmas Vacation, Dec. 16 To Jan. 14

Faculty, Students Pledge Large Sum To Fred Hope Fund

The total of faculty and students pledges to the Fred Hope Fund for this year was $541.50. The pledges were made at the chapel service on last Saturday morning, November 14, when Dr. Walter J. K. Clothier, Christian medical missionary from Africa, spoke in connection with the annual drive. Two hundred and forty-five students and faculty members made the pledges. The first payment is due on December 10 and on the same date for the two succeeding months. The amount pledged last year was $680.30, and the total for the last two years has been $5500, according to a report from Miss Clemmie J. Henry, treasurer of the Fund. The proceeds from the drive will be sent as usual to Fred Hope to use in missionary work in Africa.

Chorus Presents Messiah Dec. 13

Several Male Places Are Still To Be Filled

On Sunday afternoon, December 13, the tenth annual production of Handel's Messiah will be given in Voorhees Chapel under the direction of Richard W. Vine, assistant professor of music.

The program this year will consist of the greater portions of parts 1, 2, and 3 of the Messiah. The solos and choruses sung this year will be much as in the years before with the possible exception of one or two new selections to be added in the third part.

The annual presentation of Handel's "Messiah" was first introduced here by J. Alvin Keen, a graduate of Westminster choir school, and Mary Frances Henry, former voice instructor of the college, in 1933, thus making this the tenth anniversary of the consecutive presentation of the "Messiah."

"The Messiah", Handel's most successful and best-known oratorio, was composed in 1741 in the short time of 23 days when the composer was 56 years of age. Contrary to his usual indifference to the words set to compositions, Handel very carefully had his text chosen from the literal words of the Old and New Testaments, and arranged by Charles Jennes. The care with which the text was chosen and arranged was well justified by the beautiful musical settings which are in perfect harmony with the sentiment of the scriptures.

Mr. Vine announces that the chorus will rehearse without the orchestra this Sunday, but will rehearse with the orchestra at the two following Sundays. As yet there are still positions open in the men's section, and any one wishing to fill one of these positions should come to practice as soon as possible.

President Lloyd Explains Reasons For Holiday Plan

The Executive Council of the Faculty decided on Thursday and President Ralph W. Lloyd announced on Friday that the Christmas vacation this year will extend from noon Wednesday, December 16, until 8:10 a. m. Thursday, January 14.

President Lloyd gave the following statement to a Highland Echo reporter after his announcement in Chapel. "The time is extended beyond that announced in the Catalog, which is the usual time, because this year exceedingly heavy travel is expected near Christmas and near New Year's Day. National transportation officials and also the Secretary of War have requested the colleges to extend their vacations if possible from the middle of December to the middle of January, due to the travel of soldiers and sailors on Christmas furlough, to the reduction of private automobile travel by extension of gas rationing over the nation, and to the near capacity work being done now daily by common carriers. This was not an order, as some have heard, but a request. Fortunately the Maryville college semester schedule makes it possible to comply with that request without extending the closing date or unduly restricting the work of the second semester.

"The decision to close on Wednesday rather than Thursday and to reopen on Thursday rather than Wednesday is due to an effort to save students traveling so near the congested weekends. All are urged to make reservations early, and to be especially prompt in meeting their appointments at the College. There should be no requests for early examinations or other concessions this year. All must report back for Chapel, January 14, and absences from Chapel and classes will count as usual from that time even though it is the beginning of a new semester. The regular penalties for absence immediately before and after vacations will apply.

"I hope all will have a good vacation and that there will be no losses in interest or plans to overbalance the values of the longer holiday."

OFFICIAL STATEMENT

President Lloyd today announced that Executive Council, in answer in inquiry about the matter, has adopted the following statement:

"The rule concerning Maryville College students marrying during the college year shall be continued unchanged as follows: 'Students who marry during the college year thereby forfeit for at least the remainder of that year their position as students. A statement of the fact is made a part of the student's permanent record.'

"It is understood that this applies to students who marry during the Christmas vacation. It applies also to those who marry during the vacation between the Spring Semester and the Summer Session, between the terms of the Summer Session and between the Summer Session and the Fall Semester, in cases of students who plan to attend the ensuing Session, Term, or Semester. It does not apply to students who marry in the summer and do not atttend Summer Session.

"However, a student and parents faced with an actual war emergency situation may place before the Executive Council of the Faculty a request that the student be permitted to marry during one of the college vacation periods. In unusual cases the Executive Council may give such permission, but unless it is given officially beforehand the penalties of the basic rule will apply."

Mary Goodloe was the leader of the devotions of the regular Wednesday evening prayer meeting in Bartlett hall. She read an original poem entitled "Faith" and several scripture selections. Hal Lloyd led the singing.

Story Program To Be Given Saturday Night

At eight o'clock tonight an all-college program, Tales from the College "Woods", will be presented in the dining room in Pearsons hall. Ellis Bureaw, Bob Herzberger, Dr. John A. Gates, Dr. Ralph W. Lloyd, Mr. A. F. Pieper, and Mr. James R. Smith will tell stories around the fireplace of the dining hall. Special music will be included on the program. The program chairmen request that all who plan to attend bring blankets for sitting around the fireplace.

This new type of Saturday night entertainment has been planned by a sub committee of the Social committee composed of Muriel Geisler, Jane Hayes, Katherine Scott, Hal Lloyd, and Ken Cooper.

Band Rehearsals To Begin For Spring Concert

Mr. Richard W. Vine, assistant professor of music, announces that the College Band has successfully completed its outdoor marching season and will now take up concert music. At present the band is rehearsing numbers from Wagner's overtures and the Eroica Overture by Beethoven. The instrumentation of the band has been very well balanced with the possible exception of the clarinette section. Any one wishing to fill a position in this section should see Mr. Vine soon. The Band will spend the remaining practices to ready itself for the annual spring concert, which promised to be good if there are not too many interruptions caused by the drafting of the men of the band.

The Symphony Orchestra will start rehearsal on Mendelsson's Violin Concerts as soon as the Messiah production is over.

Covers Being Made For Chilhowean By Kingsport Press

The artists' design has been submitted and approved and covers are now being made for the new Chilhowean. The yearbook has what is called a Class One cover made by the Kingskraft division of the Kingport Press at Kingsport, Tennessee.

All senior pictures are now in. A few seniors who have not filled out information cards are requested to call at the Chilhowean office and do so.

The staff has made much progress on the book in the last week. The last of the organization pictures are being taken. Enough football pictures to fill the entire football section have been taken recently.

All who have not as yet paid the first payment on the book are urged to do so as soon as possible.

Howie Pow-wow Is Scheduled For Annual YWCA Thanksgiving Festival

Shooting Range, Medicine Show Are Booth Highlights

POWHATAN APPEARS

Program Features Student Solos, Faculty Quartet

On Thanksgiving night, Thursday, November 26, Maryville college's annual Barnwarming will be held in the Alumni gymnasium. In keeping with its American Indian theme, this year's Barnwarming has been christened the Howie Pow-wow. The teepee flap will be thrown open at quarter-to-eight, and visitors will be welcomed to the various booths full of curiosities.

Some of the principal booth attractions will be a bow and arrow target range, an Indian fortune teller, and Lawrence Shreshley's original medicine show with Marvin Gass as assistant and the medicine show entertainers. One center will be the refreshment booth where five cents of the twenty-five cent admission fee is allowed for refreshments from the booth provided by the Chatterbox management.

The main ceremonies start at eight-fifteen. Chief Powhatan and his beautiful queen will be introduced, followed by the four class sponsors. The chief will appear from a tent at the edge of the village, and reenter the tent to hand out his queen. They will preside at the Harvest Festival to be presented by the Howie Pow-wow village. They will be entertained by various talented members of the tribe with music and dancing.

Some of the highlights of the harvest celebration will be an "Indian Love Call" duet by Marcia Keirn and Jack Lippard, and soprano Frances Harris singing "Pale Moon". The YM cabinet members will perform a specialty war dance. A mixed faculty quartet will offer a "rendering" of "Red Wing". Entertainment chairman Marguerite Taylor will announce the program.

Festivities will be interrupted by the return of a war party of braves dragging a captive, the Pilgrim captain John Smith. True to tradition, the doughty captain will be saved at the crucial moment by the Indian chief's lovely daughter, Pocahontas.

Barnwarming is the annual Thanksgiving celebration sponsor-

Varsity Debaters Win Three Contests

Bill Evans Places First In Extempore

Saturday, November 14, four varsity debaters represented Maryville College in the Men's Smoky Mountain Debate Tourney at Carson-Newman College. Both the negative team, composed of Ed Rowley and Bill Evans, and the affirmative team, represented by Paul Jamarik and Bill Henderson, won decisions over teams from Lees-McRae, Lincoln Memorial University, and Tennessee Wesleyan. They were defeated for first place in the tournament by Carson-Newman.

Bill Evans received first place in extemporaneous speaking, his subject being "Post-War Prosperity." Paul Jamarik came in second in oratory. He delivered an oration on "Civilian Moral."

Bill Evans is an Economics major from Missouri; Ed Rowley, from New Jersey, is majoring in the field of Philosophy; Paul Jamarik's major is political science; and Bill Henderson from Penna. has chosen to major in Biology.

Judge S. O. Houston Re-elected to Board Chairmanship

Graduated Here and Served As Director Thirty-three Years

Judge Sam O. Houston of Knoxville, who graduated from Maryville College in the class of '98 and has served for thirty-three years on the Board of Directors of the college was elected Tuesday to serve his eleventh year as chairman of the board.

Other officers and committees for the ensuing year are:

Vice Chairman, Rev. Dr. Joseph M. Broady, Birmingham; Recorder, Fred L. Proffitt, Maryville; Committee on Administration, President R. W. Lloyd, Maryville, Chairman, ex-officio; Judge Sam O. Houston, Knoxville; Judge A. E. Mitchell, Knoxville; Rev. Dr. C E. Barbour, Knoxville; Rev. Dr. John S. Eakin, Knoxville; and Joe C. Gamble, Maryville. Committee on Finance, Judge A. E. Mitchell, Knoxville; Judge John C. Crawford, Maryville; Thomas McCroskey, Knoxville; Clyde T. Murray, Maryville; Treasurer, Fred L. Proffitt, Maryville; and ex-officio, President Lloyd.

At this Fall meeting of the Board, action was taken to advance the already-begun work of the College in its contribution to the national war effort.

Of the thirty-six directors of Maryville College, nine live in Maryville, twenty one in the state of Tennessee, and the other fifteen are scattered through Alabama, Florida, Indiana, Kentucky, New Jersey, North Carolina, Ohio, Pennsylvania and West Africa, where Dr. Fred H. Hope serves.

Chapel period was changed Tues-

Mrs. Grierson Dies Friday At Home In Maryville

Mrs. Jennie S. Grierson, mother of Miss Martha Ruth Grierson,, College assistant librarian, died at her home in Maryville yesterday afternoon. She had made her home in Maryville for some time since her daughter joined the staff of Maryville college in 1940. On Thursday Mrs. Grierson became suddenly seriously ill, losing consciousness for many hours. Her funeral services will be held at her old home in Grass Lake, Michigan, at 2:30 p. m. Monday.

When a very young lady Mrs. Grierson went as a missionary to Kolhapur, the Western Indian mission of the Presbyterian church. This mission was established by Dr. Royal G. Wilder, who was founder of "The Missionary Review of the World:" his son Robert Wilder was one of the founders of the Student Volunteer Movement. Other Maryville People who have worked in this mission are Mrs. Sarah Tedford, sister of Ex-president Samuel T. Wilson: the mother of Rose Pinneo: and former students Margaret Duke and Richard Strain. After her marriage, Mrs. and Mr. Grierson worked together in the China Inland Mission.

Members of the College faculty and student body wish to express here to Miss Grierson their sincere sympathy and kindest thoughts for her in her loss.

Students Prefer BUTTERSCOTCH and Their Own Names in Print

By BILLYE RUTH BRALY

Recently a not-too-accurate survey was made on the campus to see what the student body reads in the ECHO—if anything. It wasn't necessary to ask the staff members. They read their own copy first, last, always and only.

On Thursday ye olde staffe member writes his fourteen-inch story and takes it to the office, usually late, to have a head written. Friday night when the proof of his now ten-inch artifice comes back, he reads it several times and urges all other available parts of the population to do likewise. By the end of the evening at least four inches should have been memorized. Saturday afternoon he tears indigestionally down to the printer's to "help Jean". He proudly views his six-inch story in the lower left-hand corner of page four. Oh joy! That evening when the paper is delivered, he artfully bangs his head on the doorknob in an unobvious effort to grab the paper before his roommate throws it away. From a 90 degree angle on the floor he reads and rereads his version of a student club meeting, dashed off in his most fathomless journalistic style. That's how a fond few read the ECHO—from "kiver to kiver".

But you, our only public, aren't so generous. You don't read that certain article just because a special friend wrote it. But that ain't our fault.

According to popular reports, BUTTERSCOTCH is read first by the student body. Whether that is just a conceit in the anticipation

Student R. A. F. Pilot Visits Campus, Drinks Milk, Cons Co-eds, Flies On

By BEN LYNT

Leonard J. Kent was his name, girls, and he looked just as handsome with his blue-air-pilot's cap off as he did with it on. He was visiting the campus last week with Johnny White and most of you probably saw him at the pep-meeting a week ago Friday night in his blue R. A. F. uniform.

He had been in this country for some 15 months, learning to fly under the same American tutelage that so many of our boys now engaged in aerial warfare have learned. He was one of a group of English lads sent to this country to learn under less hazardous conditions than exist currently in his native land, to receive instruction in aeronautics and combat flying, and a lot of other technical terms which went 'way, 'way over my poor square head.

In case you were one of the few fortunates who got close enough to see, those really were American silver wings perched on his ample chest. He wears them, and will continue to do so for the duration out of deference and respect to the United States government for training received.

He said that he was more than well pleased with this country of equal opportunity, ith its clean cities, wide open spaces, lovely campuses, and equally charming young ladies. He was just a wee bit bashful when asked for an opinion of the American girl, but

SATURDAY NOVEMBER 21, 1942

Commendation-Condemnation

Let's go to Barnwarming.

Tuesday of this week many colleges and universities observed as International Student Day. The program honored 160 Czechosolvakian students killed and tortured three years ago by Nazis. On Thursday we on the campus will have opportunity to pay tangible tribute to students of another country worthy of consideration.

Proceeds of Barnwarming this year will be used to support Greek students at the University of Athens. In Greece education continues despite Axis invasion and oppression. But food is all but nonexistent. Students are given ten grams of olive oil and a cup of wheat broth for a meal. Practically no dairy products exist in the country. Vitamin deficiency is part of everyone.

The Barnwarming profits will be sent to the Greek Relief fund in America and relayed as food on a "wheat ship" to Greece. As a way of helping those who, like us, are students, that is not a bad way to get double value for your time and money, is it? We'd like to commend YW for devoting its money to a cause certainly worthy, and, with YW, urge you all to attend Barnwarming, have fun—try out the pleasure that pays.

Grr . . . . . .

And just a word in reprisal. "What a paper; you never have any news", someone volunteered helpfully a few weeks ago. We'd take issue on occasion for the truth of that remark, but what we're headed for is this.

This week we were asked to have an editorial, "Talk Of The Week, and the lead story about one certain student activity. Always we are glad to cooperate, more than glad to give desired publicity and forecast of coming events. Supposedly that is what ECHO is for. But when those who asked were asked in turn for details, for pictures to liven the story and give it the kind of presentation that would really attract attention and also make the paper look awake, refusal was made. Made on the basis that the plans were to be kept secret, possibly were traditionally secret.

The fact that they wondered if it were really traditional, wondered if it might not be well to break the tradition even if it were one, if maybe it would serve their purposes better to have some of the "secrets" told, showed the status as "tradition" could not be so very important.

From our purely editorial point of view we are sure that the very best build-up for any campus program is good publicity, properly presented—which includes pictures as far as we are able to secure them.

We do not at all condemn program people for not wishing to divulge every detail of their program; but when they request so much publicity, when suggestion is made that we make a boring rehash and give the persons the pleasure of having their pictures in the paper later, that is too much.

Point is, it happens here so many times. Other college papers have the spice and attractiveness of scoops and pictures. We know the information, but in deference to their wishes, we do not print it now.

ECHO is your paper. If you see a dull front page of solid uninteresting type and stories of happenings gone by, blame it on those who must spring surprises on the world. And if you're ever in the same position, play square, come across. You can help the ECHO to be the equal of other college papers, help it not to hide a shamed face behind stale make-up.

From This Corner

By BEN LYNT

ON THE ALERT?

The editor suggested that perhaps I ought to leave the campus out of the discussion this week and branch off into the field of world politics or the progress of the war. But inasmuch as I feel that nearly everyone is more qualified and knows more about the war than I do and the only thing that I know for certain about politics is how not to get elected, I thought that I'd better stick to a campus problem.

We had an air-raid alert early Wednesday morning—I know because so many people told me about it in class all day. I reckon the student body got along all right with no casualties, and that everything went off according to the books, with the possible exception of the light in the bookstore which was unreachable and burned on brazenly through the whole thing. But we had one on a Wednesday evening some weeks ago which came a bit earlier, the conduct of which was hardly according to the rules.

When the siren blew the Library was partially filled and as the lights were put out, the librarians, for want of further instructions, ushered everyone outside into the night and certain destruction. This meant that about one hundred and fifty students were wandering about the campus, far from shelter some time after the test black-out was well under way. Had a real raid been in progress, those students would have found themselves in a decidedly vulnerable position.

The Bartlett boys were the first to have their building in total darkness and for that they should receive due recognition. But a great many of them failed to take the test very seriously, standing in groups on the porch and out in the front yard.

There seemed to be some disagreement among the powers that be in Baldwin hall as to just when the practice alert was over, for their lights went on after about fifteen minutes and had to be extinguished again. The few minutes that the building was lighted up during the blackout would have been enough to provide an excellent target for even an inexperienced bomber squadron.

I realize that the likelihood of there ever being a real raid here is very slim, but the O. C. D. has some very clear and enforceable regulations concerning civilian activity during a test blackout which it seems to me ought to be observed a bit more stringently through the cooperative efforts of all concerned on the hill.

I understand that a totally darkened building filled with young men loaded with tonicity presents problems which one proctor, no matter how efficient he may be, cannot possibly overcome single-handedly. If discipline and safety measures are to be maintained in a building the size of Carnegie during similar black-outs, it requires the whole-hearted cooperation of every man resident.

It may be a great deal of fun to carry on a general disturbance on a whole-sale scale under the cover of total darkness, but I feel certain that it adds but little to the efficiency and the efficacy of the efforts of those in charge of conducting black-outs tests. Indeed, one might almost candidly suggest that such activity tends to defeat the purpose of the OCD authorities, who are interested not so much in their own protection as in ours.

Now it has been rumored that in the event of another surprise air-raid alert, officials from the town constabulary will be dispatched to Carnegie hall to see that order is maintained and that the rules are observed. It should be borne in mind that violation of the regulations for civilian conduct during the blackout tests and alerts carry liability for punishment under law. It is certainly no credit to the college or to the calibre of the men students of the college that the local OCD authorities have thought it wise, because of past performances, to supervise personally the observation of the regulations during any future tests which may occur.

We are at war. We are not privileged to carry the fight to the doorsteps of the Axis powers if that were our desire. We are only able to buy war stamps and bonds, write words of endorsement and encouragement to the boys at the front, and do whatever else we can on the home front. The "home front" begins right here at home on the campus or wherever you happen to be when the next siren blows.

How about it?

to chase fire engines had our little hearts broken into a few million smithereens the other night when a fire engine didn't come for the mattress fire in Carnegie and we couldn't chase it. Life's little tragedies! We just have to be philosophical about things like that.

And we like Mr. Herzberger's method of informing classes that all the time for the period is up. He's the Paul Revere of the 20th century. But Miss Bassett and her Latin class weren't very credulous, and it hurt Bob deep down. Sooooo, he's given up his career.

Sticks and stones may not be any too good for people to throw that live in glass houses but we have this much to say on the subject: they are also a nuisance to these people on the campus like Walters, Becky Davis, Cathey, Huber, H. Anderson and any number of other people that wear shoes that have nothing much above the soles . . . Watch for the rest of the class on the campus as they go crippling along suffering from "Gravels twixt the toes".

From the "not" in the first sentence of that last paragraph to the end of it we had a guest writer in the form of the Dr. Griffitts. His inborn journalistic desires have at last been satisfied—but as we started to say—Sticks and stones may break their bones yet. Sid Duke, Aura, Ruth Carter, and Carol Robinson were having a knock-'em-down-drag-'em-out fight the other day with real honest to goodness stones. We guess that it was all in fun, but we'll have to admit that none of them had any aim that could even be called decent. They must have called time out to practice up a little.

The Boy Scouts may believe in being prepared, but Alice Jones and Aletta Sims would question that. And they put their questions into practice. Came a test in philosophy of religion and Dr. Gates had to supply the graphite sticks. With his pencils they both should get A's.

We would like to protest. Air raid practices at 3:30 in the morning are no fun. Just about that time most of us are too sleepy to enjoy the general excitement. And besides—it's too dark then.

Pearsons is haunted with rats that must be at least a foot long. All the gals are advertising for some big brave men to come over and remedy the situation. Of course no one has seen any of the beasts but at night they sound terrifyingly huge! And how about that poor little mouse that had the wits scared out of it in the dining hall the other day. It was running around minding its own business and then the doors were opened and the mobs came. Evidentally it was a country cousin and wasn't used to the crowds of the big campus.

Anybody want to borrow a sweater???? It's made the rounds of Carnegie already. It has graced the broad shoulders of Bill Long, Bill Ford, Paul Kolter, and others. We think that originally Teddy Cofer had some slight claim to it. But she's democratic, and all you have to do is put in your application. But the list is getting long fast! (It's an argyle job—got anything you can wear with it?)

These people that can't stay put on the chair on which they happen to be reposing at the moment. Dr. Orr and Howard Long managed to pull a falling-off-of-a-chair act on the very same day in the very same class. From now on we guess that they aren't going to trust themselves to the questionable safety of the aforementioned piece of furniture. We guess that they will just stand up.

The campus is being invaded with not one but 45 new and different men next Wednesday evening. These are lonely men too. They go to Johnson Bible College where there isn't a woman for simply miles around. The fellows are going to get right good entertainment from all we hear. Ruth Mary Hall has the list if any of you gals want to sign up to take one of them on. There seems to be a rather lengthy waiting list. But maybe the ones before you will get cold feet at the last minute. It's worth a try.

Happy Thanksgiving to you. Sung to the regular tune.

S'long to Livvy Hislop. And we're all so sorry to see you go. Maybe you'll come to see us sometime, huh? And in a uniform, no less.

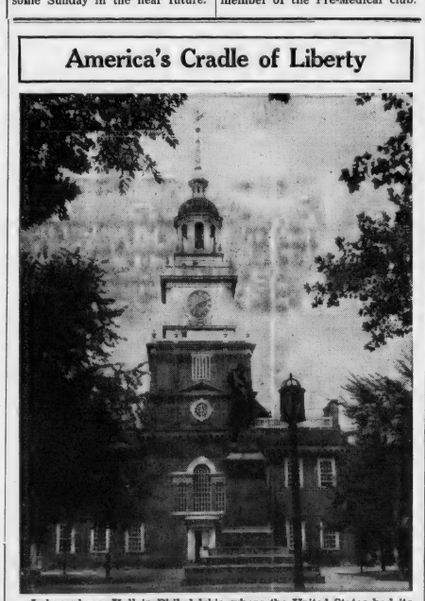
Orange blossoms and congratulations are really in order. We kinda got a scoop on Mary Knight's engagement, and now we've got another one. She's going to be married December 26. Romantic and exciting????

TALK OF THE WEEK ... By Chuck Dunning

C. Crothers Speaks On Korean Church At Student Vols

Catherine Crothers will speak to the Student Volunteers Sunday in the YW rooms on the topic "The Stand of the Korean Church." Catherine, a freshman here, was born in Korea and lived there approximately fourteen years. Two years ago her family had to evacuate because of the war. Catherine had visited the United States on two previous furloughs. Her father was an evengelistic missionary in Korea, and now her parents are in Manila.

Last Sunday Walter J. K. Clothier talked on his work in Africa and missionaries on the home front. Mrs. Nita E. West was to have read a religious play, but she gave her time to Dr. Clothier, who was here for just a short time. She will have the program some Sunday in the near future.



Triangle Club Has Picnic Today

Members of the Triangle club had a picnic in the college woods at three this afternoon. The picnic had been planned for the college farm as in former years, but it could not be obtained for the present time. Group singing and games composed the afternoon's program. The next meeting will be on Monday, November 23 in the YW CA rooms.

FRANCIS ADMITTED TO MEDICAL SCHOOL

Robert B. Francis, a junior from Bridgeport, Pennsylvania, has recently been admitted to the Temple University School of Medicine in Philadelphia. Bob will enter on April 1, 1943. He is a member of the Student Council, was on the ECHO staff for two years, and is a member of the Pre-Medical club.

America's Cradle of Liberty

Independence Hall in Philadelphia where the United States had its beginnings will serv as symbol of Schools at War program which the War Savings Staff of the Treasury Department and the United States Office of Education is sponsoring to make the war work of 30,000,000 more effective in crushing Hitlerism.

Student-Faculty Senate Meets

New Organization Discusses Present Constitution

The greatest change made by the new constitution last spring was the creation of a Student Faculty Senate. This organization takes the place of the old Student Faculty Committee and its purpose is as a coordinating body between the Student Council and the Executive Council of the Faculty, although of course the Senate has no legislative powers.

The first meeting of this Senate was held last Wednesday, November 18, at three o'clock in President Lloyd's office. The presiding officer is President Lloyd while B. J. Miller was chosen secretary. Another internal business matter decided upon was the decision to meet twice a month, on the first and third Wednesdays of the month.

The main business of this first meeting was discussion of a certain amount of revision of the present Constitution. A committee was appointed to study the matter further; composing the committee are Dr. Gates, Miss Carson, Brasher Bailey, and Bob Calvesbert.

Elected by the Student Council, the student representatives in the Senate are Brasher Bailey, Bob Calvesbert, Ted Kidder of the senior class; B. J. Miller, Bob Francis, and Jeana Eddleman of the junior class; and Jack DeForrest of the sophomore class. The faculty representatives are President Lloyd, Dr. Hunter, Dr. McClelland, Miss Carson, Miss Johnson, Dr. Gates and Professor Barker.

Clevenger Directs Mystery Play For Experimental Theater

On Friday evening, November 27, the Experimental Theater will present in Bartlett auditorium at eight o'clock, a play entitled "Two Crooks and a Lady". The play is under the direction of Betty Clevenger. The cast of this murder mystery story is as follows: Justina Sims will be played by Polly by Neil Proffitt; Lucille, a crook, by Carolyn Harper; and Miss Jones, a nurse, by Esther Farrow.

MRS. WEST TO READ A RELIGIOUS PLAY AT Y. W. C. A. SUNDAY

The weekly Y. W. C. A. meeting will be in the Y rooms on Sunday afternoon at 1:30 p. m. The program for the meeting will consist of the reading of a religious play, "The Lost Word," by Henry Van Dyke. Mrs. Nita Eckles West, whose teaching field is Dramatic Art, will read the play.

The speaker for the meeting last week was Miss Elizabeth Jackson who spoke on the topic, "What Knowledge Is of Most Worth."

Margaret Cross To Read At Cotton Club

Monday night at 6:45 the Cotton club will meet in Athenian hall with students from Florida, Alabama, and Georgia participating on the program. Margaret Cross from Alabama will give a reading, and singing and piano numbers will be presented by other members.

At the previous meeting officers were elected as follows: Beatrice Hunter, President; Ruth McClure, secretary; and Shirley Montgomery, Treasurer.

All students from Florida, Georgia, Alabama, Louisiana, and Mississippi are invited to attend the Cotton club meetings.

Exchange

By RUTH CHANDLER

Warden: I've had charge of this prison for ten years. We're going to celebrate. What kind of a party do you boys suggest?

Prisoners: Open house!

—The Wildcat

Miss: I want some alligator shoes.

Clerk: And what size does your alligator wear?

—The Pied Piper

He: I know a good one about crude oil.

She: Spring it.

He: apologectically: It's not refined.

—The Pied Piper

Life of a Student

Once I was a freshie.
By sophomores I was bossed,
I wandered through spacious halls,
Bewildered, worried, lost.
Now I am a sophomore,
And my presence is so dear,
That teachers have invited me
To stay another year!

—The Inkwell

"Well, I've los another pupil", said the professor as his glass eye rolled down the drain.

MORON TIME

Moran (drunk): Whasha time?
Fran: Ish two o'clock.
Moran: How you know?
Fran: Looked at the sun dial with my flash light.

—Ward Belmont Hyphen

A freshman was sent to Hades
To see if he could learn;
They sent back to earth again;
He was too green too burn.

—The Phonix

A freshman stood on the R. R. track,
The train was coming fast,
The freshman stepped off the R. R. track,
And let the train go past.
A senior stood on the R. R. track,
The train was coming fast,
The train stepped off the R. R. track,
And let the senior past.

Senator Crawford Is YM Speaker Sunday

State Senator John C. Crawford of Maryville will speak on "Your Senator—Your Government" at Y. M. C. A. Sunday at 1:30 p. m. in Bartlett auditorium. Mr. Crawford is a brother of Roy Crawford, a senior here at Maryville.

SCOTSPORTS

By TED PRATT

ECHO SPORTS

STRONG T!

One of the prettiest runners we've seen on Wilson Field for quite some time was Johnny Hollars, big 190 lb. Appalachian halfback. He seemed to put everything into his running—his legs, arms, shoulders,—and he certainly used his head! Whenever the Mountaineers needed a first down they handed the ball to Johnny and away he'd go. Billy Hornfeck and Bill Cross also showed plenty of talent as they ran, passed, and kicked the Apps to a 20-7 victory over the Scots.

It was a real football game and every Highlander on the field played heads-up ball. They accomplished the unbelievable when they matched the attack and pushed over the only score to lead the North Carolina boys 7-0 at the half. The superior deception and strength of the Mountaineer T overcame the Scots in the second half and they ran up 20 points to win the game handily. Taylor, Spears, and Morton were outstanding in the Maryville backfield, keeping the opposition worried with their tricky running plays and passes. Jeff Breazeale did a bang-up job of line-backing during the first half and Les Rock played a beautiful defensive game. The Scots were at their best Saturday afternoon and each one deserves credit for really putting out.

★—★—★—★

ONCE-BEATEN

This afternoon the Scots engage the Morehead State Teachers of Kentucky in their last game of the season. The squad left the Hill yesterday noon about two dozen strong. They went most of the way by train, arriving at Morehead late last night. Morehead State, under the coaching of Ellis Johnson, former U. of Kentucky star, boasts one of its strongest teams in years. Their record to date has been:

MSTC	**0**	**Marshall**	**0**
MSTC	**13**	**Murray State**	**0**
MSTC	**0**	**Morris Harvey**	**0**
MSTC	**13**	**W. Va. Tech**	**6**
MSTC	**0**	**W. Ky. Teachers**	**9**
MSTC	**20**	**E. Ky. Teachers**	**0**

The Kentuckians have a remarkable defensive team, having permitted only two touchdowns to be scored against them in their first six games. The line is strong, having at its center their 200 lb. Little All-American, Moose Zachem. Larry Workman, a talented back who can run, kick, or pass is the standout in a versatile backfield. The Teachers are tough; but the Highlanders can take them! If they play the brand of ball they played against Appalachian last Saturday, it will be Maryville by a touchdown! What u'ya say, Scotties! !

★—★—★—★

HERE AND THERE

The distinction of being the only triple-winner in this year's Intramural program to date goes to Bobby Hunter. Bobby was a member of the college championship teams in speedball and football, and teamed with Bill Evans to take the college golf title! Here's to you, Bobby!

Testifying the potency of Georgia's Bulldogs is the fact that of the five leading scorersi n the SEC three are members of that red-hot team!

A comparison of their respective schedules makes one wonder about UT'S nickname for LSU. Some "Crybabies" who can come through a season of Texas A & M, Rice, Miss. State, Miss., Ga. Pre-Flight, Fordham and Auburn with five wins!

. . . It looks like a hot Volleyball tournament with a bunch of "name" teams like the Commandos, Cooties, Choir, Dwarfs, and Cavaliers!

★—★—★—★

PRATT-DICTIONS

Hope they aren't as bad as the pun. Just have to bring that % up! On the West coast Stanford over Cal in a headliner; UCLA's too good for Washington. Back in the South, Mid-west and East, I don't see Auburn threatening Georgia; Alabama looks good over Vandy; UT over Kentucky by three TD's —if they don't, they should! Army over Princeton; West Virginia over Michigan State — just for the heck of it; and against my better judgment, Ohio State over Michigan in a real thriller. I would gladly miss all of the rest if I could win that one.

Mountaineer T Too Much For Maryville As Leonard Sparks Apps To 20-7 Victory

Honakermen Match Carolinians in First Half; Fall in Second

By LES BOYD

It was a case of too much "T" for the Scotties at the social held on Wilson Field last Saturday when the Appalachian Mountaineers sank the local griders under a three touchdown splurge in the second half. Leading 7-0 after playing superb ball for thirty minutes, the Highlanders fell apart at the seams and allowed the visitors to roll over them for the rest of the ball game.

For the first half it was anybody's ball game, with the M. C. team getting a slight edge. They capitalized on a Mountaineer fumble on the thirty yard line in the second period and marched to the goal for the only score of the first half. Later on the same quarter the Apps pushed the ball to the shadow of the Maryville goal, but fumbled inside the end zone on the last play of the quarter.

The Honakermen stopped the deceptive "T" for the first quarter, but failed to move the ball any appreciable distance themselves. Both teams were forced to punt regularly, with few first downs being made. The quarter was different. With about five minutes of the half remaining, Lloyd Taylor lofted a punt to the Appalachian thirty. The receiver fumbled, and Gordon Webb, who had been injured several plays earlier, knifed in and recovered.

A succession of plays, most of them run from the unorthodox spread formation, took the ball to the three, where Oliver Spears lugged it over. Lloyd Taylor and Spears were the big guns in the drive. Honaker converted, putting the Scotties out in front by a 7-0 score.

The App threat started in that period when Leonard grabbed a pass on the M. C. 45 and waltzed to the 30 before being stopped A steady march, sparked by Leonard and Hollars took the ball to the six inch line, but Johnny Hollars lost the ball on the last play of the half when he fumbled in the end zone.

With half the game gone and both teams fighting equally well, the Highlander's seven points looked particularly good as the half ended. The famed Mountaineer "T" formation, while a pretty thing to watch, had not been too effective, while the Scottie offense was riding in high gear. The Scottie passing had been particularly good, with five out of eight hitting the mark. The Apps had connected with half of their four attempted aerials.

It became apparent as soon as the third period got under way that it would be a different story. The visitors started rolling across the line through the air soon after the kick-off. Befroe the half was five minutes old, Leonard had crashed over to start the fireworks. Cross converted and the score was knotted 7-7.

Leonard went over again soon after his mates had taken the ball over on downs on their own 35, and marched down to the two yardline. Cross's boot was again good and the score stood 14-7.

Coach Feather's "T" formation was at its best after the Apps got started. A tricky shift to a wing formation from the usual "T" crossed up the Highlander defense and set the stage for some successful aerials. Hornfeck, Hollars, and Leonard were able to crack the faltering Maryville line and drop passes comfortably into the arms of receivers.

In the closing minutes of the third period the Mountaineers lost possession of the ball on a fumble, but regained possession when Johnny Hollars intercepted a pass as the last quarter opened. They were forced to punt on the fourth down, but another intercepted pass put them again on the touchdown trail. A Hornfeck to Hollars pass was good for the last score. Ross Honaker blocked Cross' kick and the Apps led by a seemingly insurmountable thirteen points.

Taylor, Spears, and Igee Breazelle were the M. C. stars. The big center was a terrific blocker, one of the few that Maryville had, and he kept the air filled with the announcer's "tackle by Breazeale."

The trio of Hornfeck, Hollars and Leonard running from the "T" was too much for the Scots. They made headway easily through the line and did some nice broken field running.

The statistics show clearly the course of the game. The locals made five first downs in the first half, but none after intermission. The Apps went for five in the first half, but roled up eight in the second. Maryville completed five of eight passes before the intermission, but missed all five attempts in the closing stanzas. Maryville's pass defense fell apart toward the end of the game and allowed six out of eight aerials to fall safely.

Maryville To Meet Morehead Today

Game Ends One of Scotties Poorest Seasons in History

The Maryville College Scotties closed one of their most unsuccessful seasons when they met the powerful Morehead eleven at Morehead, Ky. The Morehead boys won games against East Kentucky Teachers, Murray State Teachers, and West Virginia Tech. They held Morris Harvey and Marshall to scoreless ties, and lost only to West Kentucky Teachers. They scored only twenty-six points in their first games.

Morehead is an excellent defensive team. Their superb line is sparked by a two-hundred pound center, Moose Zachem, who has played all season with a broken left hand. He was chosen on little All-American last year. Workman is their triple-threat man, the line plungers being Salveto and Michelowskes, who run from a single wing formation. These boys are under the guidance of Coach Ellis Johnson, a former star of the University of Kentucky. Morehead has won seventy-five percent of their games since Johnson has been their coach.

The Highlanders have lost five games and have defeated Hiwassee twice. About two dozen boys will board the train to make their final trip of the year. The Scots are assured of a real battle if they are to add this game to their win column.

Seniors Take Last Fling Friday With Party, Variety Show

Last Friday evening at 8:00, the senior class held a party in the gym of the Southern Methodist Church. Bowling, refreshments, and a program of entertainment highlighted the evening.

Entertainment consisted of a variety show, with Bill Sweeney as master of cermonies. The program featured Lawrence Sthreshley, and the Spanish Trio, composed of Aura Santiago, Marguerite Taylor, and Carol Robinson. A trumpet duet by Bill Hargraves and Dean Styles, and a reading by Edith Monroe rounded out the evening's entertainment.

—V—

Miss Meiselwitz Speaks At Pre-Med on Friday

At the Pre-Med club meeting next Friday night, November 27. Miss Gertrude Meiselwitz, associate professor of home economics, will speak on "Nutrition and The War". This meeting was planned for last week, but was postponed.

The group is planning to have a club banquet soon. Complete details have not yet been announced. Bill Henderson, the president, urges all members to be present and cooperate in completing the plans.

INTRAMURAL DOPE

SAM PEMBERTON, BILL ADAMS LEAD INTRAMURAL POINT SCORES

Order	name	points
1.	Pemberton, Sam	210
2.	Adams, Bill	207
3.	Scapellati, Enrico	190.5
4.	Rowley, Ed	176.5
5.	Hargrave, Bill	164
6.	Easter, Wally	158.5
7.	Hunter, Bob	157.5
8.	Van Cise, Oliver	157
9.	Segraves, Bill	153
10.	Bushing, Art	151
11.	Faulkner, Jim	151

The above list of names is a list of the eleven highest scores in the Intramural Point System. The boy with the hightest all-year score in the program is awarded a distinctive individual trophy. Intramural letters, small M's with IM in small letters, are given to the next highest scorers in the year's program. The above standing is by no means final. Any and everyone has a chance. Information on how points are given may be found in the Intramural Handbook, copies which may be obtained from Bill Segraves or Oliver Van Cise. Bill Evans was the winner of the distinctive individual trophy last year with a total of 407 points. OUR ADVICE IS FOR EVERYONE TO READ OR RE-READ THE INTRAMURAL HANDBOOK.

HORSESHOES TOURNAMENT

Sam Pemberton and Bill Evans for the doubles horseshoe championship. In the Semi-finals Pemberton and Evans tooks Chapman and Huskey 21-19, 21-19; and Roseborough and Ezell took Crawford and Bailey 21-19, 18-21, 21-15.

HANDBALL TOURNAMENT—

In the Handball Tournament O. Van Cise won over E. Scapellati 21-13, 21-3. B. Sweeney has yet to play Bill Evans and the winner will meet Roy Crawford who won over C. Brown 21-13, 21-11. G. Williamson won over J. Taylor 21-8, 21-5. Williamson will play Easter who won over Hopkins 18-21, 21-9, 21-15. K. Cooper won over Joe Brown 21-10, 21-18 and will play Swartzback who won over Bill Henderson 21-14, 21-17.

TABLE TENNIS—

Forty-Six men entered the table Tennis tournament and the tournament has been drawn up and placed on Carnegie bulletin board. The first match must be played by Thursday, November 25 and the results reported to Joe Brown.

REFEREES NEEDED—

Hal Lloyd, junior manager of Intramurals and in charge of Volley Ball, has announced that anyone who would like to officiate at Volley Ball games to give him his name. A good official is much in demand and gets valuable experience through officiating in the Intramural Program. All students working in the capacity of officials in speedball, football, basketball, softball and water baseball are given five points per game on their individual records. Officials in volley ball are given three points per match. All lesser officials are given two points (base umpire, head linesman, etc.)

Your "Wright" friends wish you a very happy holiday!

WRIGHT'S 5 And 10

Gudel and Watkins Head WAACS' and WAVES' Ballers

Election of members of the basketball teams and skill tests were crowded into the point system activities of last Thursday afternoon. The girls will start practising team work next Tuesday, and the beginning of the basketball tournament is scheduled for December 1.

The WAACS and the WAVES will compete within their own groups. The first and second regiments of the WAACS will engage in mortal combat, while the upper deck will take the helm against the lower deck of the WAVES.

The team line-ups are as follows:

WAACS

Captain—Johnnye Gudel

Manager—Jeana Eddleman

1st Team

Forwards	Guards
Gudel	Eddleman
George	Boretsky
Jones	Burnett

2nd Team

Justus	Taylor
Peterson	Burleigh
Clarke	Russell

WAVES

Captain—Betsy Wakkins.

Manager—Kitty Loesch.

1st Team

Howarth	Yelton
Gaultney	Sommers
Watkins	Loesch

2nd Team

Stout	Richardson
Pinneo	Gillett, J.
Tomlinson	Gillett, C.

There will be no point system practice Thanksgiving Day.

Last Call For Basketballers

Coach Honaker Trying To Build 1942-43 Schedule

Basketball practice will get into full swing on Monday when practice officially begins. Coach Honaker said that football boys need not come out for another week unless they want to. No schedule has been arranged yet, but Coach reported that it will not be difficult to arrange one because Tusculum, Tennessee Wesleyan, Hiwassee, and Carson-Newman have already written to secure games. He also remarked that if gas rationing did not affect us, transportation would be no big problem. "We could take a team in a station wagon if necessary," Honaker concluded.

"WONDERFUL FOOD"

"INTRAMURAL DOPES" DRAW CROWDS TO BREATH-TAKING SIX-MAN FOOTBALL

By LUCILLE CATHEY

In the line of features, how's for cooking up something different—the under-dog for instance? Up and coming athletes on the campus indisputably get their laurels, not just by handfuls but by gobs and gobs; matter-of-fact, they've been in culinary for centuries. For everyone knows that when you make the football crew, along with the privilege of being draped in one of those physique flattering orange and maroon costumes; you gain wide renown and publicity, which is unquestionably well earned we admit. Anyway, all this has been dragged through for years and years, and the sublime purpose of this discourse is to speak of those "look-more-vitamins" creatures you read about on next to the last page of ECHO under the title, Intramural Dope. Some words, the latter for example, just won't do to pluralize.

Those students who have lived on the campus in quietness and confidence for the past few weeks and never strayed or lived down at the lower end of the athletic field, have never in their wildest dreams visualized what life and death struggles have been going on between the six-man football teams. Of course, since the underdogs weren't the varsity, they didn't have much student attendance at their games. But after all, there are just as important spectators as college kids, and if you had passed the field of battle on some Tuesday, Thursday, or Friday around four, you would have seen plenty of such spectators.

Black Jim, hauling coal for one of the town's leading dealers, always took time to pull over to the curb and watch a few touchdowns. Then the paper boy on his bike would stop and let you read the paper free, while he observed; somebody else picked the spot for a flat tire, and the whole family enjoyed a thrilling afternoon, while he repaired the damage. Business men coming home from work, others taking the infant for a stroll, all stopped to watch, not the varsity practice, but a real game of six-man football. Even such a busy person as our own Dr. Hunter found a few afternoons off to indulge in the pleasure. There was never a day, even up to the grand finals on Thursday, the twelfth, without at least a few fascinated on-lookers.

So, even though intramural dopes don't get much praise, while they were rubbing their toes in the mud for all those hair-splitting touchdowns, somebody thought they were pretty hot — for underdogs do sizzle once the heat's applied. As one old man said to another, "So this is football." Now all's quiet on the southern front; intramural football has gone into a glittering past.

FAITH IS THEME FOR YW VESPER SERVICE SUNDAY

Tomorrow evening, November 22, at 7:00 in the chapel, the Y. W. C. A. will conduct the regular vesper services in keeping with their annual custom of presenting one vesper service. Three women studnts will speak on the general theme of "Faith." Willie Williams will discuss "Faith in Self." Margaret McKirdy will talk about "Faith in Others." As the last speaker, Jane Metcalf will speak on "Faith in God." Muriel Geisler will give the invocation and the benediction. She will also introduce the three speakers of the evening.

BARNWARMING . . .

(Continued from page one)

ed by YWCA. Committee this year was headed by Eleanor Williams, Alice Jones is in charge of booths, Bette Clevenger and Lucile Gaultney costumes. Gerry Hogan refreshments, Jessie Fowler decorations, and Carol Robinson and Ruth Carter advertising, creators of the Indian signs on the campus.

This year the YWCA cabinet has voted that the proceeds be sent to relieve deplorable conditions among students in Greece. Tickets for Barnwarming are on sale at the Book Store and the Chatterbox.

—V—

Smilin' Jack says—

"You know, it's swell of the folks at home to buy War Bonds the way they're doing. I understand everybody is going to be signed up for 10% of their pay by New Year's!"

NAMES IN PRINT . . .

(Continued from Page One)

that one's own nomenclature will appear "among those present" or what, you read it. Maybe it's just the social attitude that makes everyone around here interested in other people's business.

Item number two on the girls' list is usually the Exchange column. Sometimes it is even glanced at first. Everyone rushes to read it in the hope that he will find a new and different joke that he hasn't heard more than once before. Such is life, kids. We can't all be original.

The men on the campus like the sports page. And there's occasionally the optimism that there will be listed the names of the substitutes for the Huge Huskies or the Purple Pandas 6-man football team, if they are by chance the winners this season. It's still that nose in the news or name in the news that we want. One senior even admitted he turned through the paper to see if his name appeared on any page. Needless to mention, he most likely read all the paper before he realized his disappointment.

Talk of the Week should be the favorite of the illiterate. There's no turning to the next page to continue some satiric sad experience. But if that doesn't interest you and you can't find anything that does—my advise is READ BETWEEN THE LINES.

Surprise Program At Alpha Sigma Tonight — Burgreen Specialty

Alpha Sigma will hold its regular meeting tonight in Alpha Sigma Hall in Anderson Hall at 6:15. Ed Ballinger, program chairman, announces a surprise program is in store for members. As an added attraction Charles Burgreen and his campusly known orchestra will give a musical program. Bill Henderson, president of Alpha Sig, announced that membership cards will be given the new members who have not already received them. Football scores will be given as usual.

—V—

DIRECTORS . . . . .

(Continued from page one)

day from 8:10 to 11:30 in order that the Directors might be present. The service was led by Judge Houston and Rev. Eakin. The latter is the senior member of the Board, having completed fifty years of service.

The Directors of the College and the Executive Council of the Faculty announce the following increase for the second semester: (1) A special War Emergency Fee of $10 to be paid by all students. (2) A net increase of $5 for the semester in board, to be paid by all students boarding at Pearsons Hall.

Student fees at Maryville College will never cover more than a part of the total costs. This action was taken in the belief that each student will be willing to share in some measure the unusual incerase in operating expenses brought on by the war.

What You Buy With WAR STAMPS

Destroyers are the "Greyhounds of the Sea." Unarmored, these sleek, deadly ships depend upon their speed to protect them from enemy fire. Besides their guns, they carry torpedoes and depth charges. Modern destroyers burn oil and 50 cents, the price of two 25-cent War Stamps, will pay for enough fuel to drive a destroyer one mile.

Maybe you can't be aboard a destroyer when it bears down on a U-boat, but you can have the satisfaction of knowing that the money you loan Uncle Sam through the purchase of War Stamps may be providing the fuel that is turning the ship's propellors. Get in the swing of your Schools At War Program. Buy War Stamps regularly.

U. S. Treasury Department

R. A. F. PILOT . . .

(Continued from Page One)

finally volunteered that they, like all women, frightened him a trifle.

He studied to be a school teacher in England, which course was interrupted by the coming of the war, having taken his training at Shoreditch College in London. Told an interesting story of practice-teaching a mixed group of ex-evacuee children and those trapped in London after the bombings began. Can't go into details here, but one of the high-school lassies asked after him in his absence, referring to him as the instructor with the "film-star" face. This, he thought, was most amusing.

He is going back to England for personal reasons. One is to settle an old score with Herr Hitler's henchman, and the other, he finally admitted was a blue-eyed brunette whose name he laughingly withheld.

He joked some about the war, had a most appealing accent, and an extreme fondness for milk. I watched him drink two pints of the stuff from the Y-store as I politely pumped him for the details of his private life. He sparringly held me at bay, as politely as he could, and told me only what he chose to, without showing any resentment at our "American-journalistic curiosity."

He declined to have his picture taken, or to leave one behind; sheer modesty. He warmly expressed a desire to return to this country after the war and invited me to come over and see him some time. He was extremely hopeful about the future and closed the interview with the old "thumbs-up" gesture which has come to represent so well the indomitable English spirit.

We were glad to have him here, and our faith in the R. A. F. as well as in our own air-force has been decidedly bolstered. How can we help but win with lads like him, and our own Johnny and others, in there as part of the "few to whom so many owe so much?" Come see us again.

—V—

Barnes and Hunter Read at Workshop

At the regular meeting of the Writers' Workshop held at 4:00 last Wednesday afternoon, Jean Barnes and Dr. E. R. Hunter were the readers. Jean Barnes read a sketch entitled "Blackout in the Country", and Dr. Hunter read some of his experiments in a new prose form which he called "Night Letters".

Due to the fact that Carl Pierce was unable to attend this meeting Phyllis Anne Cain presided as critic.

At the meeting next Wednesday the readers will be Jean Patterson and Ted Pratt. Alice Mathews will be the critic.

Park and Boyd Will Entertain For Bainonian-Athenian

Polly Park will present several selections on the xylophone, and Dick Boyd will give two readings from famous American poets at the first joint meeting of the year of Bainonian and Athenian tonight at 6:15 in the YW rooms.

Last Saturday night the Bainonian program was in charge of the juniors. Helen Anderson gave the reading, "I Have a Rendezvous with Death", and Ethel Hanners read a selection. Movies of Pearl Harbor, of campus scenes, and a newsreel were shown.

Bainonian pins may still be purchased by making arrangements through Marquerite Taylor.

Each year the brother and sister societies on the Hill hold two joint meetings—one a semester. The annual mid-winter play this year, "Lost Horizon," is the other project which both clubs sponsor.

Shorty Waisman and Gabriel Williams are the program chairmen of Bainonian and Athenian.

—V—

Faculty Will Not Send Christmas Cards This Year

Miss Ruth Cowdrick, assistant professor of French, announces that instead of sending Christmas cards this year the faculty will use the money for other causes. At the last faculty dinner Dr. Orr, professor of religion and philosophy brought up the idea suggested by another member of the faculty. Some of the money will be used to buy war stamps which will be used as decorations at the next faculty dinner, which in turn will be turned over to the Maryville Board of Charities.

VOLUME 28 MARYVILLE, TENN. NOVEMBER 28, 1942 NUMBER 12

Personnel Offices Announces Plans For Registration

Must Register By Time Set To Avoid Paying $2.50 Fee

Registration at the Personnel Office begins on November 27 and continues through December 1 for students who are now classified as seniors or who will be seniors at the beginning of next semester. Seniors who do not register during that period will be charged the late registration fee.

Registration for the junior class will be on December 2 until noon on Saturday, December 5. Sophomore registration is scheduled for December 7 through 10, Monday through Thursday, and freshmen will register during the period from Friday, December 11 through Wednesday, December 16. The late fee for each class applies as soon as their scheduled registration periods close. The purpose of this fee of $2.50 is to keep each class within its own time limit.

The registration of all students who attend now is required before the close of the first semester, according to the schedule given above. A student who will change classification at mid-year should register within the period designated for the class in which he will be next semester.

Registration cards, after being filled out and approved, are to be left in the Personnel office. Seniors are working with old style credit cards, whereas the Junior and Sophomore classes have new booklets.

The regular time for payment of bills at the Treasurer's Office will be from 1:30 to 4:30 each afternoon, January 13 through 15 (Wednesday through Friday) for those who registered before the Christmas vacation, and from 3:00 to 4:30, January 14, 15 (Thursday and Friday) for those who did not register before the holiday vacation. Registration cards will be on file at the Treasurer's Office during that time. Those paying bills after January 15 will be charged the late payment fee of $5.00. The Student-Help Office will be open for those who wish to make arrangements and sign their notes before the vacation. Those who wish to pay bills before the holiday vacation may do so at the Treasurer's Office during regular student hours.

Class attendance will be required from the first day of the second semester, January 14. Absences will be reported according to class rolls made up from the registration cards. The usual penalties will apply for absences on the first two days after a recess.

More complete instructions to individual classes regarding their registration procedure will be mimeographed and given to all students before their registration.

Student Council Places "Campus Conscious" Marker

As a part of its most recent program of activities the Student Council has initiated a campaign to increase the care and appreciation of the campus. Member of the Council have placed conspicuous markers at various places on the campus to remind students what the walks are for. These markers will serve to make students "Campus Conscious," thus helping "to get rid of the paths which have been made and are not supposed to exist."

The committee appointed by Brasher Bailey, President of Student Council, is composed of the following members: Fred DePue, chairman, Bob Francis, and Bob Barker. These students will place the markers which will consist of an "X" within a circle. "Perhaps the worst of these paths is near the fountain. Grass cannot grow; the time saved is not to be compared with the damage done. In addition, the beauty of the campus is destroyed."

EXAM SCHEDULE

Due to the advanced Christmas vacation, final examinations have been moved up one day. Dr. Edwin R. Hunter, Dean of Curriculum, announces the following corrected schedule:

Date	Hour	Classes
Fri., Dec. 11	3:30	E, F
Sat., Dec. 12	8:30	a
	11:00	A, x
	3:00	b
Mon., Dec. 14	8:30	bx, B
	11:00	c
	3:00	cx, C
Tues., Dec. 15	8:30	d
	11:00	dx, D
	3:00	e
Wed., Dec. 16	8:30	f

Classes will run on schedule until three o'clock Friday, December 11.

President Lloyd Will Take Part In Memphis Meeting

President Ralph W. Lloyd will attend the annual meeting of the Southern Association of Colleges and Secondary Schools in Memphis next week. This Association is the official accrediting body for all colleges, universities, and high schools in the entire South from Virginia to Texas.

Dr. Lloyd is a member of the Commission on Institutions of Higher Education, which is the executive board which handles all Committee on Reports which anation. He is also a member of the Committee on Reports which analyze the condition and standards of the various colleges and holds hearings at which college executives appear.

On Wednesday, in the general meeting, Dr. Lloyd is to lead a panel discussion on "Significant Activities of Representative Colleges in the South."

MISS A. C. BASSETT TALKS AT YWCA ON "BEGINNINGS"

Miss Almira C. Bassett will discuss "Beginnings" at the meeting of the YWCA tomorrow, Sunday, November 29, at 1 p. m. in the Y rooms.

Each woman of the college is invited to come and discover just what beginnings Miss Bassett will reveal.

Two weeks from tomorrow, December 13, THE MESSIAH will be presented. As this performance takes the whole afternoon, all regular meetings of the day are cancelled. At 8 p. m. Dr. Edwin R. Hunter will read poetry around the fireplace of the new dining hall to a combined meeting of Y. W., Y. M., and Student Vols. This annual hour of Christmas poetry has become one of the most eagerly anticipated traditions of Maryville.

Class By-Laws Ready For Student Approval on Dec 9

The Student Council and the Student-Faculty Senate have completed the new proposed article of the Student Body Constitution having to do with class organization. It is planned to hold a meeting of the Student Body on Wednesday, December 9, to vote on the adoption of the newly prepared article.

This amendment in its original form was drawn up by a committee consisting of the four class presidents, a representative from each class on the Student Council, and the President of the Student Body, Chairman. It was presented to the Student-Faculty Senate and revised by a student-faculty committee and is to be recommended to the Executive Committee from the faculty for approval.

The article is expected to give authority to various class activities and to clarify the duties of the class officers.

Article V—Class Organization—

Section 1. The officers of each class shall be a president, vice-president, secretary, and treasurer.

a. The duties of the president shall be:

(1) to call class meetings by the authority of the class Executive Committee and to preside at such meetings. (2) To appoint committees the selection of which is not otherwise provided for in this constitution, and other committees as need may arise. (3) To serve as an ex-officio member of all class committees. (4) To serve as chairman of the Executive Committee.

b. The duties of the vice-president shall be:

(1) To perform all the duties of the president in the case of his absence or inability to serve.

(2) To serve as a member of the Executive Committee.

c. The duties of the secretary shall be:

(1) To keep the minutes of all class meetings. (2) To conduct class correspondence as directed by the Executive Committee. (3) To keep a written record of all activities. (4) To serve as a member of the Executive Committee.

d. The duties of the treasurer shall be:

Benefit Luncheon To Be Given Here On December 5th

Apron Sale To Start at 12:45 Luncheon at 1:15

A considerable number of reservations have been received for the Benefit Luncheon and Apron Sale to be held at the college on Saturday, December 5, James Smith, director of public relations, announced today.

This is the second time that the benefit luncheon and sale has been held, and it has become an annual feature due to its great success last year. The purpose of the sale is to provide money for the Dormitory Improvement Fund, last year's proceeds making possible the new bathroom in Baldwin hall.

The luncheon is to be held at 1:15 o'clock, and the aprons are to go on sale at 12:45 p. m. Mrs. Ralph W. Lloyd, chairman of the committee planning this important benefit and social event, has announced the following committees:

Patronesses—

Mrs. John Walker, Miss Mary E. Caldwell, Mrs. John Badgett, Mrs. Lon Badgett, Mrs. W. T. Bartlett, Mrs. Annis Beals, Mrs. J. L. Brewer, Mrs. A. M. Brinkley, Mrs. W. M. Caldwell, Mrs. J. C. Crawford, Mrs. W. H. Crothers, Mrs. S. H. Dunn, Mrs. M. M. Elder, Mrs. Clyde B. Emert, Mrs. A. M. Gamble, Mrs. J. H. Gamble, Mrs. B. L. Glascock, Mrs. C. L. Hammock, Mrs. J. N. Henry, Mrs. R. R. Keirn, Mrs. Ernest Koella, Mrs. R. R. Kramer, Mrs. J A McAfee, Mrs. Joe McIlvaine, Mrs. J. R. Mitchell, Mrs. H. W. Norton, Mrs. H. E. Orr,

Dr. Stevenson Gives Holiday Message

YM-YW Hold Joint Worship Service

Dr. William P. Stevenson, college pastor emeritus, brought the Thanksgiving message to the joint worship service of the Y. M. and Y. W. in Bartlett hall at 9:30 a. m. Thursday.

"Thanksgiving is a unique holiday because it did not have its origin in some pagan festival, bloody battle, or the birthday of a famous man," said Dr. Stevenson. "Our government has set it aside as a day to give thanks to God for his common, temporal mercies toward our country alone through this past year." He touched briefly on the first Thanksgiving—that proclaimed by the prophet Nehemiah after the Jewish people had rebuilt the temple demolished during their Babylonian captivity—and the first American Thanksgiving—that instituted by the pilgrims to give thanks for their first harvest.

"There are four special reasons why you students at Maryville should give thanks this year," continued Dr. Stevenson. "First you have just been granted the longest Christmas vacation in the history of Maryville. Second, you are young. In the third place, over half of you have more than average charm and beauty (the boys will know whom I mean). And last, you have "moon shine" on this Hill every day of the year, a thing that occurs nowhere else in the world."

The speaker was introduced by Sidney Duke. Marion Garvin read the devotions and led in prayer. The special music was a duet by Frances Harris and Frances Smith, accompanied by Oliver Ruth Stribling. Bob Francis offered the invocation, and Bud Engel gave the benediction. The singing was led by Don Hopkins with Ted Kidder at the piano.

Recruiting Party Will Be Here Mon.

Will Induct Men In Army, Navy, and Marine Reserves

The Personnel office announced this week that a joint Army, Navy, and Marine Corps Recruiting Party will come to the Maryville college campus next Monday, November 30th. Its purpose is to enlist interested students into the various reserve corps.

The party will arrive here at 9:00 a. m. and will remain in the athletic offices in Bartlett hall as long as is necessary.

The Army Air Corp will not be represented in this party, but anyone interested in this branch of the service should take his papers to the Aviation Cadet Examining Board located in the New Post Office Building in Knoxville.

This Joint Recruiting Party is a followup of the Joint Presentation Board which was here several weeks ago. At that time the various branches of the service were explained to all the men of the college, and questions concerning each branch were answered by the officers present.

It has been repeatedly stressed that all those interested in enlisting in any of the reserve branches of the service should have all the necessary papers ready and should present them to the induction party next Monday. Further details can be obtained from Dr. Frank D. McClelland in the Personnel Office in Anderson Hall.

"Lost Horizon" Will Be Given Jan. 29

Adventures In Shangri La Theme Of Hilton's Play

"Lost Horizon," the Athenian-Bainonian mid-winter play production, will be presented January 29, 1943 at 8:15 p. m. in the Voorhees chapel.

Mrs. Nita E. West, associate professor of dramatic art, is directing the play dramatized by Anne Martens and Christopher Sergel from James Hilton's novel of the same name.

"Lost Horizon" concerns the lives of four perplexed persons: Conway who is an Englishman attached to the British consulate, Miss Brinklow who is a tight-lipped and straight-backed mannish woman, Mallison who looks upon his superior, Conway, as the ideal, and Barnard who is a jovial American businessman.

Their plane crashes in Tibet and they inadvertently take shelter at the lamasery of Shangri-La. They are torn between the desire to live

Ginny Williams and Sid Duke Preside At Gala Barnwarming Festivities

Sponsors Scheibelle, Gessert, Walter, and Fletcher Presented

Queen Ginny Williams and Powhatan Sidney Duke presided as the royal pair at Barnwarming Thursday night in the Big Gym. Jean "Pocahantas" Scheibelle, senior class sponsor, rescued her true love John Smith Herzberger from the clutches of the five ferocious Indian warriors, who almost looked like real redskins with all the leg make-up on their faces.

Other class sponsors were Margaret Gessert, junior sponsor; Jean Walter, sophomore sponsor; and Mardee Fletcher, freshman sponsor.

Incensed atmosphere lent background to this early American scene. Brave Barker and his squaw nonchalantly avoided the bow-and-arrow games. Barker Sthreshley advertised his Super-Stupenduous Medicine Show in his usual noisy manner. The bearded lady Janet Brown proudly displayed her husband, the headless man. Martha Moore thrilled all the girls with their fortunes by telling them they would get married soon. Lynn Becker and Betty Hains brazenly urged all lookers on to try their chance at cupid's favorite game.

Fred McDaniel supervised the Trading Post, which boasted some of the wonders of the world. Virginia Cain and Harold Eaken were quite in keeping with the Indian theme. Specially provided Indian candy bars were swapped at the Tom-Tom Tavern, better known as the Y Store.

Real Indian dancing was jitterbugged by Ellen Pascoe and Harry Frazier. Other Indian dances of a slightly different nature were slapped out by Ken Cooper, Ray Swartzback, Clyde Brown, Lloyd Anderson. Hal Lloyd performed some kind of a witch-doctor dance, with all the accompanying gestures and noises.

A special feature, always outstanding in one way or another, was the faculty skit. Mrs. Margaret Cummings, Miss Jessie Johnson, Dr. Augustus Sisk, and Dr. R. T. Case sang a well- known song on the Indian Hit Parade. Also present were the Three Sharps, and one of their former members, Margaret Lawson, and the Three Flats, Braves Ted Pratt, Ralph Parvin and Hoppy Hopkins.

"Ramona" Keirn, Frances Harris, and Becky Jones represented the choir with special songs. And Dick Moore's orchestra gave its best performance of the year.

Proceeds from this year's Barnwarming will be sent to the fund for the relief of Greek students.

Second Concert Postponed For Indefinite Time

This year's second Artist Series program, scheduled for the middle of December, has not been cancelled but will be postponed until another date can be agreed upon. The change in the examination schedule caused by the extended Christmas vacation made the first date impracticable, but Professor Howell stated that he had asked for a change in the date even before the vacation change was known.

The date of the concert can not be announced definitely until Mr. Gurney's schedule of appearances with the Metropolitan Opera Company is known. As the Metropolitan does not schedule its performances for more than two or three weeks in advance, a date agreeable to both parties may not be arranged for some time. This will probably place the date of the recital some time in the second semester.

5th Form Added To Recommendation Blanks for Seniors

Work and Financial Record Is Now In Recommendation

The plan for recommendations for graduates at Maryville college has been expanding year by year until now there are five forms which combined make up the recommendation. Besides the original form number 1, there are now rating sheets made out by three faculty members chosen by the student, and his academic record, an addition made last year. This year the fifth form has been added.

The sheet, called the Work Records and Financial Record is compiled by the Student-Help Office in an attempt to indicate to the future employer something of the applicant's reliability and aptitudes in general working and financial matters. Also, it is hoped that in this way work done by a student in college may count as previous experience. A copy of this latest form appears elsewhere in the paper.

All seniors are required to file these recommendations, which may be done in the Public Relations Office. No general testimonials are given to graduates; these are frank and discriminating statements from those faculty members chosen by the candidate.

Girls Pick Dates Through Dan Kodak Put Pennies In Collection Plate

By MADELINE COOKE

Many a freshman girl went to bed Thanksgiving eve dreaming not of turkey and pumpkin pie but of tall, manly shoulders and a deep bass voice. Wednesday night was the night when the 33 "lonely men" from the Johnson Bible College were invited to a most hilarious and unlonesome-ish party in Bartlett gym.

The dates had been arranged through Dan Kodak. Two weeks ago these erstwhile lonely males had sent a picture of their choir along with their names and heights. The day the picture arrived there was a mad scramble in the dining hall to sign up for the handsomest and tallest.

On the fatal night the girls met in front of Pearsons where they each had a number pinned to them. With much giggling they bounced down to the Christian church, and with still more giggling and finger-pointing they sat through the program trying to pick out their dates. As a word of explanation to the trustees of the Christian church, who may be wondering just why there were so many loose pennies in the Thanksgiving offering, it might be mentioned here that these excited females had never once thought about a collection; and they ought to be glad that someone in the crowd had so many coppers.

Sometime in the interval between the end of the concert and the time the girls trooped downstairs to the basement of the church to get their dates, the boys had also acquired tags whose numbers corresponded to those of their girls'. The future ministerials took the situation in their stride and made an hilarious affair out of what might have been an awkward bit of introducing.

The old get-acquainted game of guessing whose name was pinned to your back was enlivened by the fact that many of the names were Biblical. Hence the boys made our gals feel dumb by demanding whether they were a major or a minor prophet or perhaps Noah's third son. After Daniel, Job, and Japeth found out who they were, there was a grand march accompanied by no less than the a cappela strains of "Onward Christian Soldiers" and the "Marines' Hymn."

Perhaps it was the back-to-the-

Gen. Matthews Returns Home After Retiring From 38 Years In Marines

By BILLYE RUTH BRALY

Major-General Hugh Matthews, who spoke to the student body in chapel Wednesday morning, is a native Tennessean. The subject of his speech in chapel was "The Obligations of Citizenship. Gen. Matthews attended Maryville Before the Spanish-American war, while the school still boasted a preparatory school and a college too. He quit school, however, and joined the army in 1898, rather than finish his education here. His first duties were in Cuba in the ensuing war.

General Matthews quietly spoke of his accomplishments as if they happened to anyone any day of the week. He casually mentioned having fought in two major wars and participating in several minor encounters of the Marines.

During his first year in the service he was with the Army, and later he entered the Marine Corps. In this group he remained thirty-eight years, advancing to the very high rank of Major-General. In 1937 he retired, after having been awarded several honors for valor.

General Matthews has been with the armed forces all over the world. During the Spanish-American war, he was stationed in Cuba, and later in China and then the Philippines.. For seven years he lived in the tropics. He later lived in Central American countries, among which were Panama, Nicarauga, Cuba, Santa Domingo, and Haiti.

General Matthews seemed always to be near the center of activity. He was a Marine in China during the famous Boxer Rebellion. Again in 1925 he was in that country on regular patrol duty to aid in the protection of American citizens.

During the World War of 1917-18 he was with the second division of the A. E. F. in France. He mentioned that he has just recently returned from Washington, D. C., where he attended the funeral of his commander of that division.

He is distinguished in many fields, besides claiming kinship to members of the faculty of Maryville College. He has been awarded the Navy Cross and the Army Distinguished Medal for special service.

When questioned about changes in the campus since he was a student here, General Matthews noted

(Continued on page four)

College Maid Shop Needs Workers

Three Thousand Uniforms Ordered

The College Maid Shop appeals for additional girls to give of their time to help in filling the many orders which are now on file. Mrs. Kathryn McMurray, manager, has over three thousand orders for made-to-measure nurses' uniforms. Two-thirds of these will have to be cancelled unless more girls can come to help.

Any girls who will not be gone during the Christmas holidays will be gratefully received at the Maid Shop. The Shop will be open every day with the exception of December 25. If there are girls interested, they are asked to contact Mrs. McMurray immediately.

Factory orders which the shop was accustomed to fill have been discontinued. Due to the small number of girls now employed, the orders cannot be supplied.

The following note was received from Marion B. Olds, Chief Nurse at Guam. She was forced to leave her uniforms when taken prisoner by the Japanese.

"Thank you for your promptness in filling my order and the kind words of welcome."

Your Humble Inventory, Please

It's possible—being sermonized to indifference about just think, here we are in a war and everybody's dying or starving—but we're not—so let's all be thankful and so forth and so forth. We do not wish to go over again the list of things about which to rise and give thanks. As what other great sage has said, Thanksgiving comes but once a year. But—before we let the lofty ideas of Thursday undergo a sea change into something old and disgusting, before we let complacence or complaints again be the keynote of our acceptance of our lot, why not just realize a thing or five?

We've mentioned the students in Greece striving for education on a few grams of olive oil for their day's food supply instead of our ration of chicken, cranberries, chocolated ice cream and from there on. It probably won't penetrate through the well-vitamined, carefully ruled and protected, can't-be-bothered brains of most of us; but if those students, for just an example, can do that, we can eke out a trifle of appreciation for our little easinesses.

It may be straining an eight letter word to be thankful for some of the little things, but it shows a depth of perception and at least an active imagination. Philosophically expressed, someone said this week maybe you couldn't be thankful you had a term paper to write on your one and only holiday; still he was thankful to have a holiday in which to write his term paper. Which after all has a point—and sharp too. Dr. Stevenson reminded us to be thankful for the longest Christmas vacation in the history of the college.

There's something in the thought of being thankful we can be thankful.

Along with the larger gratefulness for fall rain that isn't made of explosive metal and such, couldn't we vote by a show of hearts to prolong our appreciativeness a little longer—for college unbombed, for food unstinted, for opportunity still offered—see if as individuals we are not after all mighty blessed—and act as such?

By JORDY MEADOWS

How's your indigestion? Only 17 more days till Christmas vacation, kids, and oh happy exams.

It was kinda sad saying goodbye to Henry Heaps long before we have to say goodbye to a lot of others, but we imagine that he'll be back for a visit before long. Somehow they just can't stay away from the dear old campus.

There's a traitor or a saboteur in our midst—so beware. Elizabeth Proffitt would like to get her hands on the creature because it keeps sewing her p. j.s up. Disconcerting to say the least.

It pays to be a frosh because then you can buy your defense stamps at the frosh booth. We can't understand why that class has the lowest percentage with Dutchie Parks selling you- know-what with every stamp.

More engagement announcements are in order. This time it's Oscar's and Marylee's. Anyone could tell that without public shouting, though. It's in the way they go around looking generally blissful.

And Hecky was plenty glad to see his mother. It was nice having Mrs. Heckendorn on campus, too. We had company onee! It was super. so we know how he felt.

Mr.. Mac thinks that the public utilities should start handing out briefcases that could be used to carry ration cards around in. Pleasant thought? ? ?

Still more company has been drifting around. Winnie Hope's Atlee, Bettie Hains rated a male visitor, and didja see Walter Proffitt with his tan and uniform. And while you were looking at Walter, did you notice Bobilee and her grin.

We weren't speaking of major accidents, but we'll start now. Mardee Fletcher had a huge one in the form of a broken toe. It's unique anyhow—and she's only charging a small sum for a worms eye view of the spectacle.

Gracie Wakefield simply loves nuts. She carries them with her where e'er she goes. Even into the library. Everyone in the south end of the place went nut gathering in November one afternoon, and they got real clubby and had a party with Gracie's nuts. She didn't mind. She was right in there cracking shells with the best of them. And what a technique the gal's got.

Patience is a virtue. Tex Lochausen is starting to store it up in monstrous amounts. Seems that he got a little rough with a testtube in chem lab one afternoon. Tex is big enough to take on any ordinary tube—but this one was filled with something hot and potent. Now he's got it down his back in the form of a lovely burn. Temper, temper—Tex! ! !

Wedding bells are ringing, and Ann Ellison couldn't resist running to Washington to take in her brother's venture into matrimony. She'll be back soon, and won't we all be waiting on the steps of Pearsons to hear the lovely details!

Wasn't Barnwarming simply divine—luscious sponsors—queenly queen and kingly king—loads of fun—wonderful decorations. Go on, rave to anyone who was on a committee—they'll simply love it . . . It boosts moral to know that you were simply in the groove when it came to a dilly of a program.

Let's welcome visitors for awhile! We saw Anne Gammon, Maggie Lawson, Marion Jenkins, Dorothy Barbour, Jimmy Evans, Lily Belle Grizzard, and Betty Lee Pettry. It sure was fun to have them all back for awhile. Come back anytime.

Happy comprehensives to you!

From This Corner

By BEN LYNT

ON THE PROPOSED BY-LAWS

After some prodding by faculty members and others interested, and due consideration by the student council committee on by-laws, a set of by-laws, which I presume will be offered for consideration as an amendment to the Student Body Constitution to replace the ambiguous article V of that code, has been brought into being. For this effort the student council and its special committee should receive due commendation, for these by-laws will be of inestimable aid to the class officers as a guide to the conduct of business affairs. They should also serve to clarify to some extent the relationship which each class member has to respective class, and to the student body as a whole, as well as the relationship of class to class. Such clarification has long been wanting. I personally am glad to see them arrived at and am preparing to rescind and take back any derisive comments on the council which may have been directed from this column.

These by-laws appear in full in another section of this issue of the ECHO, and I would recommend that every student read them carefully and thoughtfully and arrive at an understanding of them and what they imply in order that when the time comes for adoption, either by class action or by the student body in assembly, intelligent and wilful action may be taken regarding them.

These by-laws clearly outline the duties of each class officer, and indicate just what the officers and offices of each class shall be. They also provide for certain standing committees which are certainly wise and necessary to the carrying of the business of the classes and are very clear in indicating what the duties and function of such committees shall be.

Going further, this proposed code of by-laws makes provision for the determination and collection of class dues to the point where there can no longer be any doubt as to how much shall be expected of each class member and when. This certainly is a big step in the right direction and should go far in preventing the existence in the future of any such embarrassing situation as existed in the junior class this year.

Perhaps the most important section of the proposed by-laws is to be found in section three where provision is made for the holding of special elections from time to time—covering up effectively an obvious weakness in the present constitution. The whole group of by-laws looks good to me and I wish to go on record as endorsing this action of the student council and their proposed amendment. (Mirable dictu!) with one possible exception. That exception is item 4, paragraph b, section 3 which states "No quorum shall be required at these or other duly called class meetings." I find it difficult to understand how any such provision can possibly be justified as a part of this group of by-laws which other wise point the way to better business and better class and school spirit and cooperation.

Since no provision is made for the calling or conduct of class meetings which do not deal with special elections but with other pertinent business matters affecting the whole class, it would be possible for two or three qualified members of any class to get together anytime, anyplace, with or without the executive committee of that class or any of its members being present, and conduct a business meeting, the outcome of which would have to be recognized by the student council and the other members of the class as the official results of a meeting of that class, the obviously absurd implications of such action notwithstanding; not requiring a quorum in order to conduct class business means that the one qualifying factor as to what should constitute a meeting of the class has been removed, and appears to me to reduce the effectiveness of the by-laws to an empty shadow of meaningless phraseology.

To adopt these new by-laws in their entirety, including the "No Quorum Required" item, would seem to me to defeat a vital part of the purpose of both the by-laws and the present constitution—a most ill-advised and unwise move—rather let us hope that pressure may be brought to bear upon the proper authorities to the end that item 4, paragraph b, section 3 of the proposed by-laws be struck out, and that in its place some qualification as to what shall constitute a class meeting be inserted.

BY-LAWS

(Continued from Page One)

(1) To appoint, with the approval of the president, a finance committee of which the treasurer shall be chairman. (2) To work with the Finance Committee in collecting Class dues. (3) To deposit all money received on behalf of the class from whatever source in a bank account which shall be maintained in the name of the class. (4) To expend class funds only upon written order from the president and approval of the Executive Committee of the class. (5) To keep a careful record of all receipts and expenditures in a book provided for that purpose by the Class. (6) To make a report of all monies collected and disbursed, whenever called upon for such a report by the class president or by the Faculty Committee on Student Business Management. (7) To present all records and a final report to the Faculty Committee on Student Business Management at the close of the academic year in the Spring and to transfer the account and records, when audited, to his elected successor; except that in the case of the Senior Class the records shall be deposited with the Faculty Committee on business Management.

Section 2. Each class shall have an executive committee, a social committee, a publicity committee, and finance committee, and such other committees as shall be needed.

a. The Executive Committee shall consist of the officers of the class, and shall be responsible for:

(1) Planning the agenda for all class meetings. (2) Encouraging the observance of the provisions of the Student Body constitution and all regulations for the direction of student life. (3) Supervising the activities of all other committees.

b. The Social Committee shall be responsible for planning and supervising the social activities of the class.

c. The Publicity Committee shall publicize all activities of the class as the Executive Committee may direct.

d. The Finance Committee shall recommend the amount of dues to be collected and shall be responsible for their collection.

Section 3. Special elections shall be held in meetings called for the purpose by the class president with the approval of the Executive Committee.

a. Such elections shall include:

(1) The election of class sponsors. (2) The election of a May Queen by the Senior Class and attendants by the other classes. (3) The election of class officer and Student Council representatives to fill vacancies. (4) Any other elections not provided for in the regular Spring elections.

b. Special elections shall be called and conducted as follows:

(1) Each election shall be announced in Chapel at least four days in advance and on the day of the election. (2) In election meetings, nominations for each position shall be made from the floor. A primary election shall then be conducted, voting to be by show of hands or in such other manner as the class may decide. The Executive Committee shall count the votes cast for the individual nominees as well as the total number of people voting. The two people receiving the highest number of votes for each position in the primary election shall be voted on by ballot in the final election to be held at the same meeting or at an adjourned meeting.

(3) The Elections Committee from the Student Council shall be responsible for counting the votes cast in the final election and for having those elected certified by the president of the class.

(4) No quorum shall be required at these or other duly called class meetings.

Section 4. Class dues shall be due and payable at the opening of the Spring and Fall semesters, the amount to be determined by the vote of each class previous to the first day of registration. If no decision is made the collection shall be as follows:

a. For the Freshman class, 25 cents each semester;

b. For the Sophomore class, 50 cents each semester;

(c.) For the junior class, one dollar each semester;

d. For the Senior class, one dollar each semester.

Section 5. The class standing of individual students shall be determined by the records in the Personnel Office. No person may hold a class office or other position of official responsibility unless his academic standing qualifies him for membership in that class.

The editor and the business manager of the Chilhowean, elected in their junior years, shall serve for the time required to publish the Chilhowean.

Approved by the Student Council, November 27, 1942. Brasher Bailey, President; John DeForest, Secretary.

TALK OF THE WEEK ... By Chuck Dunning

Exchange

DOROTHY DICK

"Love making is the same today as it was in ancient times."

"What makes you say that?"

"I've just been reading about a Greek maiden who sat and listened to a lyre all night."

—Technology News.

She: Why don't you like girls?
He: They're too biased.
She: Whatcha mean?
He: They say bias this and bias that until I'm broke.

—The Hustler.

Customer: "With which material do you repair these shoes?"
Cobbler: "Hide."
Customer: "Why should I hide?"
Cobbler: "Hide, hide. Cow's outside."
Customer, getting annoyed: "Let her come in, I'm not afraid."

—Rammer Jammer

Father: "Son, how many spankings did you get last week?"
Son: "I don't know, Pop. I don't pay any attention to what's going on behind my back."

HOW TO LOSE FRIENDS: When you meet a co-ed whom you once courted, just say jovially, "Well, how've you been getting along since I lost interest in you?"

—The Kentucy Kernel

"So that's why they joined YWCA," remarked an upperclassman after reading this news headline in the college newspaper:

225 NEW COMERS
JOINED YW TO DATE

—The Kentucky Kernel.

CONFUCIUS SAY: If man teach woman to play checkers he stick own neck out. All time he teaching her to put men in their place.

—The Appalachian.

ROMANTIQUE

Braggard: "Oh, he's sooo romantic. When he addresses me he always says, "fair lady."

Listener: "Force of habit, my dear, he used to be a street car conductor."

—Trinity Times.

Gob: "Do you dance?"
Girl: "Oh, yes, I love to"
Gob: "Well then, let's love!"

—Lincoln County Times.

SCOTSPORTS

By TED PRATT

ECHO SPORTS

SWAN SONG

Maryville 33—Hiwassee 0

The Honaker-lads didn't know about the rest of the season in this game. They had a field day and ran up 33 points on Al Thomas' Tigers. Oliver Spears accounted for two touchdowns while Honaker, Davis and Meineke each lugged it over once during the evening. The line stood up well under the Hiwassee guns, but the half-time whistle ended the only Tiger scoring threat—on the Highlander's eight yard line!

Maryville 7—Newberry 25

The heavier Newberry line seemed able to create wide open spaces in the Scottie forward wall. And Waldrop and Ott of the South Carolina team were not the backs to neglect those wide open spaces. Gordon Webb, soph end, grabbed a Spears' pass and scampered 25 yards for the only Scot score. The line was sluggish; the offense poor; nothing seemed to click. Blame it on the Southern Railroad!

Maryville 7—Chattanooga 51

The Scots began to feel the meaning of their "tough schedule"! The stronger and bigger Chattanooga machine rolled unmercifully over the outclassed Scots. Three Maryville passes resulted in Moccasin touchdowns. Kovacevich and Brady was too big a combination for the Honakermen to handle. Scotties to see their first action were Pepper and Taylor, the latter scoring the only TD on a two yard plunge. The line play and tackling was a big improvement over the last week.

Maryville 0—Milligan 19

The less said about the Scot-Buff game the better. It was no doubt the biggest disappointment of the season as the Highlanders completely outplayed and "out-statisticked" the visitors. Only the spirited fight and the ability to capitalize on the breaks enabled the Johnson City boys to win. Abbott, Tipton, and little "Five by Five" Carrier starred for the Buffs.

Maryville 32—Hiwassee 13

Coach Honaker took only one letterman; yet the Scottie pups rolled up 32 points over the weak Tiger defense. Enloe and Hollingsworth, frosh backs, were credited with two tallies each. Talbott, soph letterman and acting-captain, grabbed an aerial from Bayless to score the other six points. Artie Spears and Davis also stood out in the Highlander backfield. Young and Dorsey were outstanding in the Tiger offense.

Maryville 12—Tennessee State Teachers 19

On the fourth trip of the season the Honakermen played their best ball of the season and they charged hard; the tackling was effective; but the three-inch mud slowed up the progress of both teams considerably. Spears and Webb each accounted for six points, the first on a short plunge, the second on a long pass. Bill Burkett, 145 lb. scatback for the Murfreesboro boys, sparked the Teacher attack with his remarkable passing. Jack and Frank Kramer, one of four Scottie brother combinations, played outstanding ball on the line. Hollingsworth and Oliver Spears were the big guns in the backfield.

Maryville 7—Appalachian State 20

It was a case of too much Hollars, Hornfeck, and Cross for the Scots. Holding Coach Beattie Feathers' T in check for one half, the Highlanders went out ahead 7-0 on Spears' short plunge culminating from a sustained drive in the second period. Leonard scored twice for the Apps and Hollars once. It was an afternoon game—and the final home game of the season for the Honakermen.

Maryville 6—Morehead State Teachers 18

The Scots again met their superiors in the highly-touted Teacher eleven at Morehead, Ky. Further attesting the greater toughness of this year's Scottie schedule over last year's, the strong Kentucky machine pushed over three tallies to defeat the visitors. "Cotton" Easter, soph guard, set up the lone Maryville score when he recovered a blocked punt behind the Teacher goal-line. The game brought to a close one of Maryville's most disappointing seasons—one of two wins against six defeats!

Morehead Teachers Bop Highlanders In Final Game 18-6

Kentuckians' T too Much for Scotties; Easter Makes Score

The Maryville College Scotties went down in defeat by the score of 18-6 at the hands of a powerful Morehead eleven on Nov. 21. Morehead has lost only one game this year.

The game was played in a sea of mud. The Scots drew first blood early in the game by virtue of a blocked kick on the third play of the game. Failing to make the extra point, the Honakermen were leading by a score of 6-0.

Morehead then received and on the third down executed a wide run around left end which was good for thirty-five yards, placing the ball on the twenty yard line. The ball was bucked over from there; the extra point was no good and the score was knotted 6-6.

The second Teacher touchdown came as a result of a long forward pass to the five-yard line. The ball was carried over on the fourth down making the score read 12-6.

The third and last touchdown for the Kentuckians was the result of a bad kick on our part. Morehead carried the ball across the goal from the 12 yard line, leaving the score 18-6 in favor of Morehead.

Many forward passes were attempted by both teams, and both showed a good pass defense. In addition to the excellent running the Teachers evployed an excellent T formation. Coach Davis thinks they were our stiffest opponent with the exception Chattanooga.

Learn Your Duties, General Challenges

Former Student Awarded Navy Cross And Service Medal

Wednesday morning, November 25th, Major General Hugh Matthews spoke to the student body at the regular chapel service. General Matthews chose as his topic, "The Obligations of Citizenship."

General Matthews was introduced by Dr. Ralph W. Lloyd who told of the general's achievements in the Spanish-American and World wars. He explained how Hugh Matthews, as a student at Maryville college, had enlisted in the Marines. After forty years of service he retired in 1937. The speaker was decorated several time for his bravery, having received the Navy Cross, and the Distinguished Service Medal.

Beginning his topic, General Matthews explained how America was founded on freedom, and said that we all have an obligation to protect that. "This individualistic society which gives so many benefits demands that the individual must take an obligation in citizenship. If it is to survive it demands sacrifice. We must accept our responsibility of citizenship."

Continuing this thought he said that every citizen must know what his obligations are, should be interested in his country and in what it does. "We must keep the spirit of liberty and loyalty alive. We must not be indifferent to democracy."

Our soldiers exemplify this spirit by putting their all on the altar of their country. "We must all have this same American spirit," he said.

Today there are men and various groups throughout the country who do not realize this fact. Our laborers should stop their quibbling over petty issues and should realize that they, too, have obligations.

In conclusion General Matthews left his audience with the final thought that they must fulfill their trust and obligation to save the world and preserve freedom and democracy. "To these ends we mutually pledge our lives, our fortunes, and our sacred honor."

MEATS AND GROCERIES

Mat Squad Preps For Coming Season

Outlook Bright As Davismen Begin Regular Practices

The Maryville College wrestling squad got off to a good start in the last two weeks of toughening-up exercises, and got down to serious business last Monday with the appearance of Coach Davis. For the last two weeks the boys have been going through calisthenics getting in shape and limbering up. There were approximately thirty-five boys that reported the first day but now the squad has dwindled down to around twenty-six. Of the twenty-six, twenty-one are out for the team. "In each of the eight different weights," Coach Davis said, "We have about three boys." The team wrestles in eight weight divisions:

From 121 to 123, 128 to 136, 136 to 145, 145 to 155, 155 to 165, 165 to 175, and 175 up. The latter is called the heavyweight division.

Williams and Schwartzwalder are in the 121 lb. division. McCord, Smith, Young, F. Bradford, and Cross are in the 128 division. Thompson and Dunning are in the 136 division, Conkle, Cato and Schuster are in the 145 division. Scapellati and Chapman are in the 155 division. In the heavy weight division are Anderson at 175, Roberson at 185, Wilson at 185, and Chambers at 175. Suitor, Ballinger, Black, Sweeney, Engle and Yunkers are also contenders for a different number of weight divisions.

The freshman are showing up well Bill Thompson from Neenah, Wis., stands out in the 135 division. A very tough schedule is facing the team this year but the prospects are good and the team is hoping for the best. "The boys are not in the best shape but are gradually coming into form," Coach Davis said.

Square Dance In Alumni Gym Tonight at 8:00

Stamps Will Be Sold On Side Lines During the Evening

Following in the early American tradition the Social Committee assisted by the combined Stamp Committees and IRC is presenting an old fashioned square dance in the Alumni Gym at 8:00. Experienced callers from Maryville and Blount County will direct the rounds while Ellis Burcaw's hill billy band will provide the jigs. All the campus is invited. Ability to square dance at the first is not necessary.

During the evening the class tables will be placed on the side lines to give all students an opportunity to buy their share of War Stamps. Just now all loyal American men and women are buying as much as they possibly can in bonds and stamps. This additional opportunity to purchase them before and after or between rounds is being offered, The constant purchase of stamps is becoming as much a tradition as the square dance. Both are typically American. Punch will be served.

Also ping pong, shuffleboard, and card games will be available on the side lines for those who don't care to dance.

Mrs. Nita West To Read "Dust Of The Road At Student Vols

Mrs. Nita Eckles West will read "Dust of the Road" at Student Vols Sunday, November 29, in the Y. W. rooms following Vespers. She will be assisted by Helen Airheart.

This is the program that was scheduled for two weeks ago but was postponed so that Dr. Clothier could speak.

Nature Club Meets

Nature club members will hold their final meeting of the semester Monday evening at 6:45 p. m. in the Science lecture room in Fayerweather. Ray Saunders will speak on the topic, "Budding and Grafting Trees."

Only Ten Players Out for Basketball

Larger Group Will Report for Practice After Vacation

Basketball practice was limited to three sessions this week by Coach Honaker when it became apparent that the small turnout would not warrant extensive workouts. The practices were limited to lectures on fundamentals and a few drills on passing and shooting. On Monday the football men are expected to report and an estimate can be then made on the probable strength of this year's cage aggregation.

Few veterans have reported to date. Chuck Brand, a reserve of last year, has possibilities of showing up well. The only other experienced man to report thus far has been Doug Roseborough, a sharp-eyed forward who saw a lot of jayvee action last year and crashed the scoring column in several varsity tilts.

Gordon Webb, Red Meineke, Ross Honaker, and Igee Breazeale, returned squad members are not yet out. Webb staged a grandstand finish last year by crashing into varsity play late in the season and becoming one of the Scotties high point-getters. Meineke, tall long-legged sharpshooter, and Ross Honaker, rugged little guard, saw plenty of action. Breazeale joined the squad late in the season and managed to become one of the second string scorers from his center spot. Al Rock is another guard who was useful last year.

To date the picture is decidedly gloomly, with but ten men out for practice. They are Charlie Brand, Doug Roseborough, Ralph Sawmiller, Bill Sidner, Red Thomas, Bob Hunter, Winton Enloe, Roy Dillener and John Dillener.

Airheart, Alette Will Be Presented In Senior Recital

A joint Senior Recital, combining the musical talent of Carl Alette at the piano, and the histrionic ability of Helen Airheart, will be presented next Friday night at eight o'clock in the chapel.

The program is as follows:

The Prince Who was a Piper — Harold Brighouse

Prelude in c sharp minor — Bach

Sonata Op. 26 — Beethoven

1st Movement (A flat Variations)

Intermezzo Op. 118 1 — Brahms

Intermezzo Op. 111 3 — Brahms

Poeme — Scriabin

Arbesque Op. 18 — Schumann

Preludes: — Chopin

1. in A

2. in b minor

Etude Op. 10 2 in c minor ("Revolutionary") — Chopin

The Harp Weaver — Edna St. Vincent Millay.

Miss Meiselwitz Talks on "Nutrition" at Pre-Med Club

Miss Gertrude Meiselwitz, associate professor of home economics, spoke on "Nutrition and the War" at the Pre-Med club meeting Friday night at 6:35 in room 204 Fayerweather.

The great part that civilians must take in this war, and the storage of food for American soldiers and those of the allied nations were emphasized in the talk. Miss Meiselwitz stated that the food rationing will be of vital importance in providing the right nutrition, so all can keep physically fit to serve their country.

The club banquet will be December 5, and other particulars will be announced later.

A nominating committee will be appointed this week by the officers for the nomination of officers for next semester.

HOSPITAL NEWS

Ruth Wynn, senior, and Mary Batchelor, freshman, were admitted as patients to the College hospital the past week. Both are improving and are expected to leave within a few days.

Mardee Fletcher, freshman, was also a patient last week. She was dismissed Thursday night.

INTRAMURAL DOPE

BILLY SEGRAVES

VOLLEY BALL

Standings through Thursday, November 19

CLUB LEAGUE	W	L	Pct
Athenian	3	0	1.000
Choir	2	1	.666
Student Vols	1	2	.333
Ministerials	0	3	.000
INDEPENDENT League			
Commandos	3	0	1.000
Dwarfs	3	0	1.000
Aces	2	1	.666
Cavaliers	2	1	.666
Cooties	1	3	.250
Sparkplugs	0	3	.000
Gladiators	0	3	.000

Perhaps it would be of interest to give the members of the leading Volley-ball teams.

Those signed up for Athenian are:

Oliver Van Cise
Ted Kidder
Clyde Brown
Charles Foreman
Art Bushing
Ken Cooper
Enrico Scapellati
Gabriel Williamson
Roy Crawford.

Those who represent the Commandos:

Wm. Hargrave
Wayne Stevens
Bill Adams
Sam Pemberton
Bill Henderson
Sam Crawford
Bob Mair
Dr. Case
Bob Lord.

Those who represent the Dwarfs:

Ed. Rowley
Ted Pratt
Bud Pierce
Win. Ezell
Ray Schwartzback
Mac Purifoy
Bill Evans
Jim Faulkner
Bob Weldon.

These lists of team members are given because it is so very difficult to give a play by play description of the games or individual stars.

FRIDAY, NOVEMBER 20

Athenian won over the Choir in two straight games 15-4, 15-4. Student Vols won over the Ministerials also in two straight 15-2, 15-8. The Cooties won over the Sparkplugs by a forfeit.

TUESDAY, NOVEMBER 24

Cavaliers won over the Gladiators in two straight, 15-6, 15-8. Commandos won over the Cooties, 15-7, 15-11. The Sparkplugs lost to the Aces by a forfeit.

MONDAY, NOVEMBER 23

Athenian won over the Student Vols, 15-5, 15-2. Choir won over the Ministerials 15-11, 15-5. Dwarfs won over the Cooties 15-1, 15-1.

There has been a request to print the members of the Cooties Volley-ball team, so here goes.

Charles Hildreth
Charles Burgreen
Duane Collins
Richard Moore
Leroy Dillener
Claude Shell
Paul Cooper
Glenn Paul
Matney Reed

GAMES TO BE PLAYED

Nov. 30 (Monday)

3:30—Student Vols.—Ministerials
4:15 Cooties—Gladiators
5:00 Athenian — Choir.

Dec. 1 (Tuesday)

3:30 Dwarfs—Commandos
4:15 Sparkplugs—Cavaliers
5:00 Gladiators—Aces

Dec. 3 (Thursday)

3:30 Aces—Cooties
4:15 Commandos—Sparkplugs
5:00 Gladiators—Sparkplugs (postponed from Nov. 26).

Dec. 4 (Friday)

3:30 Athenian—Student Vols.
4:15 Dwarfs—Cavaliers
5:00 Choir—Ministerials

Dec. 7 (Monday)—Playoffs.

HORSESHOES

Sam Pemberton and Bill Evans, who won over Chapman and Huskey 21-9, 21-19 will meet Roseborough and Ezell for the College Intramurals Double Horseshoes Championship. Roseborough -Ezell won over Crawford and Bailey 21-8, 21-6.

HANDBALL

Big men in the Handball tournament this week were O. Van Cise and Gabriel Williamson. O Van Cise won over E. Scapellati 21-3, 21-3 and will meet the winner of the Bill Evans-Roy Crawford match. Gabriel Williamson won over Wallie Easter 21-6, 21-13 and will meet the winner of the Ken Cooper-Ray Swartzback match.

TABLE TENNIS SINGLES

Cooper, Robinson, and Easter were the leaders in the table tennis this week but with quite a few other matches to be played. Cooper took F. C. Kluth 21-19, 22-24, 21-23. Kluth had previously won over Bob Lockwood. Robinson won over Swartzback 21-16, 21-17. Swartzback had won over C. Eanes 21-16, 21-16. Easter won over T. Golding 18-21, 21-14, 22-20. Golding had won over Sam Pemberton.

SIGMA DELTA PSI

Sigma Delta Psi is a national honorary athletic fraternity with chapters being maintained at over fifty colleges and universities throughout the country.

All men interested in trying out for this fraternity should apply at the Intramural Office for Official Test Cards. The Intramural Department is sponsoring the tests this spring. Points will be awarded toward the All-Year Trophy for participation in these tests. Five Points for each test passed successfully will be given. In order to become a member of this fraternity, the following tests must be passed under the direction of one of the coaches:

100 yd. dash 11 3-5 sec.
High jump 5 feet
16 lb. shotput—30 feet for candidate 160 lb. or over. If weigh less than 160 lbs.: candidate's weight as 30 feet: x.
Baseball throw—250 ft,
120 yd. low hurdles—16 sec.
Broad jump—17 ft.
Football kick—40 yds.
One mile run — 6 min.
Front hand spring
Handstand for 10 sec.
Fence vault—chin high
100 yd. swim—1:45
Chin a bar—according to wt.
Posture—Standard.

Scholarship—eligible for varsity competition.

A varsity letter may be substituted for any one event except swimming. A candidate may substitute an award for winning an individual intramural championship in which at least sixteen participated. Maximum substitution of three varsity letters from as many different sports, or one intramural championship and two varsity letters. All men students are eligible to membership, providing they are not delinquent in scholarship.

REMEMBER—"Now" is the time to begin work on these tests—don't wait until the last few weeks to start. START PRACTICING THIS WEEK! As soon as you are ready to perform one of the above tests, call on one of the coaches to pass you.

Christmas isn't for off,—So why not do your shopping now. You'll find gift suggestions they all like.

Byrne Drug Company

CHEMISTRY CLASS HELPS KEEP STUDENT AWAKE IN EARLY MORNING

By ADA YADON

This feature shall have as its purpose the pleasure of informing an awaiting world of a period in the life of an up-an-coming chemist. The period is the first on Thursday morning; the chemist, the authoress. This course is commonly known on the campus as the "parlor" course, but this title, as our instructor explains, is absurd, because parlors are out of date and this is definitely an ultra-modern course.

Our enchanting subject for lecture and discussion is one titled "The Gases of the Atmosphere." As the professor draws perculiar pictures and diagrams to illustrate his opening remarks, I suddenly realize that I have forgotten to put on my glasses. After cleaning them o na borrowed handkerchief, I am ready to take pages and pages of helpful notes.

As the class time marches on, we do some rathe rintense thinking on the subjects of carbon dioxide, carbon monoxide, nicotine, and caffeine. Some one makes the startling statement that perhaps coffee drinkers are only satisfying a desire for caffeine. By the way I wonder who leaves a half cup of sugar in his coffee cup? It gets under my finger nails everytime I do dishes.

The town clock interrupts my train of thought. Ummm, my watch is one minute slow, probably forgot to wind it last night.

The subject of water vapor in the atmosphere has made quite an interesting discussion. In the near future I really intend to further my study on the topic.

The 9:25 bell closes our period of meditation, and I leave the class debating whether or not I should cut English.

LOST HORIZON

(Continued from Page One)

beyond their normal span of life in the mystic serenity of the hidden shrine or to return to civilization with its faster, more turbulent mode of living.

The male lead of "Glory" Conway, a British consul, will be portrayed by Ray Swartzback, a biology major from Baltimore, Maryland.

Thelma Richardson, a freshman dramatic art major from Staten Island, New York, will play the female lead of Helen opposite Ray.

Jack Jones, a freshman from Erie, Pennsylvania, will interpret the role of Chang, an elderly but sagacious Chinaman.

Dorothy Lehman, a Kentuckian born in China, will portray Lo Sen, an exquisite Chinese girl.

Hal Lloyd, Maryville English major, will play the part of Mallinson, an ambitious foreign service vice-consul.

Nancy Russell, a sophomore dramatic art major from Quincy, Massachusetts, was chosen to play the part of the missionary, Miss Brinklow.

Clyde Brown will play the role of the High Lama of Shangri-La. Clyde is a history major from East Waterford, Pennsylvania.

The two English girls, Elizabeth and Myra, to be played by Betty Querns and Dorothy Toomey, respectively; Wyland, an attache of the British embassy, by Bob Barker; Rutherford, an Englishman, by Tom Smith; Barnard, an American, by Bill Buzby; Tashi, a Tibetan girl, by Mary Grace Hall; Ai Ling, a Chinese servant, by Janet Ruth Roush, complete the cast of fourteen characters.

Ted Kidder is stage manager and Ken Cooper, business manager. John Scott is publicity chairman with Cynthia Johnson as his assistant. Kathryn Sisk and Estelle Farrow head the property committee. Elmer Engel is the electrician. Mrs. West has chosen Sarah Crider as her assistant. Martha Moore is in charge of the costume committee.

GEN. MATTHEWS

(Continued from Page One)

several vital ones. He said that when he attended school here, all the girls lived in Baldwin hall and the fellows in Memorial hall. There was no Voorhees chapel, the services being conducted on the second floor of Anderson hall. Naturally, the teaching staff numbered much less that that of today.

"Yes, we had a paper, but it only came out on occasion," General Matthews stated when he was asked if there was a student publication. The equivalent of the HIGHLAND ECHO in 1898 was the MARYVILLE COLLEGE MONTHLY. This small newspaper was published seven times during the year, as was noted in the first college annual.

Having lived an exciting life among Uncle Sam's toughest nephews, General Matthews has retired to his nearby Loudon county home. He was born in this same county and has made it his home whenever possible throughout his unusual career.

GIRLS PICK DATES

(Continued from page one)

farm movement that originated the method of splitting up into relay teams. Names of several farm animals, such as duck, pig, and rooster, were assigned to each boy. He and his partner had to find the others in their relay group by making the characteristic sound of their animal and allying themselves with others making the same noise. It sounded like Old MacDonald's farm, only worse, as ducks quacked, cats meowed, and pigs oinked (although I didn't hear any Fords rattle).

The climax of the relays was the one played with toothpicks and a ring. Each one placed a toothpick in his mouth. Then a ring was passed down the line, transferred from toothpick to toothpick. The result was something on the order of an Eskimo kiss.

The cider and donuts tasted good, and the community sing which followed in the auditorium was fun. A spokesman for the girls told the boys they were glad they came, and the boys thanked the girls for inviting them. Those little niceties having been taken care of, the party was announced officially over, and a request for the prompt and safe return of the girls to their dorms was made. After exchanging addresses and promising to write, the couples bade each other adieu.

We had a wonderful time, fellows; but it was your friendliness and joviality that made the party a success. We hope you'll come back soon.

DRAMATIC ART STUDENTS GIVE TWO PLAYS

Last night in Bartlett auditorium two plays were presented by the Experimental Theater. "Two Crooks and a Lady" was directed by Bette Clevenger, a senior from Tennessee. Members of the cast included Polly Waters, Neil Proffitt, Estelle Farrow and Carolyn Harper. "Happy Journey" was directed by Harry Lyle, a junior from Tennessee. Mary Dawn Noblit, Jane Huddleston, Sara Crider were the members of the cast.

All students majoring in Dramatic art are required to take part in the plays presented by this theater, and at some time must direct one of them.

Prof. C. D. Curtis Of Maryville High Speaks at Law Club

Professor C. D. Curtis of Maryville high school will be the speaker at the meeting of the Law Club next Thursday night. His topic will be "The Responsibility of Citizens in War Time."

Fred DePue, program chairman for this month, will have charge of the program. Anyone interested in law, history, political science, economics, sociology, or current events is invited to come to this meeting.

Athenian-Bainonian Joint Meeting To Be Held Tonight

Saturday night at 6:15 in Bartlett hall a great mystery by a masked marvel who will dive from a ladder into a tub of water will be presented at the first joint meeting of the year of Bainonian and Athenian societies. Luther Cross will give a chalk talk. Helen Anderson will give a reading, and John Jones will present a skit.

"The Three Flats," Don Hopkins, Ted Pratt, and Ralph Parvin will sing, and Betty Parker will give several accordian numbers.

A preview of the annual mid-winter play, "Lost Horizon," will be presented by members of the cast. As is the custom each year, the brother and sister societies sponsor a play project.

College To Hold Senior Recognition Chapel Service Wednesday Morning

No Caps and Gowns Will Be Worn By Honored Seniors

Wednesday morning, December 9, in the regular morning chapel period a recognition service for the seniors graduating at the end of the semester will be held. Although December 9 is a week before the close of the semester, and therefore too early to have all of the records, it was deemed wise to hold the service on the above date in order not to interfere unduly with the examination schedule.

President Ralph W. Lloyd, several other officials of the College, the choir, and the seniors graduating will take part in the exercises.

There will be no attempt to make the service like the usual commencement occasion, but there will be a brief address by President Lloyd, a roll-call of the graduates, a recognition of those elected this fall to Alpha Gamma Sigma, and special numbers by the choir. The seniors will not wear caps and gowns, but the choir will be in robes and the College officials on the platform will wear caps, gowns, and hoods.

Following are listed the 35 seniors, candidates for degrees: Margaret Helen Airheart, Scottsboro, Alabama, a dramatic art major and a member of Theta Alpha Phi, plans to teach in Florida. Carl Alette from Philadelphia, Pennsylvania, majoring in music theory, did honors work in music. He is a member of Writers' Workshop and Alpha Gamma Sigma. E. Brasher Bailey, Alcoa, Tennessee, majored in sociology. A member of the ECHO in his freshman year, Brasher belongs to Writers' Workshop and is President of the Student Council. He is in the Enlisted Reserves Corps. Mary Ruth Baker is a candidate for Bachelor of Science degree in home economics. Mary Ruth, from McMinnville, Tennessee was vice president of the junior class, secretary-treasurer of the Student Council last year. She plans to teach home economics in a Nashville, Tennessee, High School. Lyndall Becker, Brooklyn, New York, also expects to get her Bachelor of Science degree in home economics. Lyndall, secretary of Theta Epsilon her sophomore year, will probably teach.

Robert John Calvesbert, New Providence, New Jersey, majored in chemistry. President of the French club this year, photographer for the Chilhowean this year and last, Bob expects to study meteorology as an Army Air Cadet. Patricia Ann Carter, hailing

(Continued on page two)

Mary Jane Person Weds Carl Walton

Both Graduates From Maryville

This afternoon at 5:30 Mary Jane Person was married to Carl Walton of the graduating class of 1941. Mary Jane completed her comprehensive examinations and was graduated Thursday with a Bachelor of Science degree in home economics. Carl has just recently been graduated from a school of meteorology and now has the rank of second lieutenant in the United States Army.

The ceremony was performed in the Winship Chapel of the First Presbyterian church of Atlanta, Georgia. Dorothy and Louise Osborne, twin cousins of the bride, were bridesmaids. They are also former Maryville college students. Charles Person gave his sister away.

Several Maryville students went to Atlanta to attend the wedding. Aletta Sims, Ginny Williams, Jean McCutcheon, Ann Halabrin, Mary Ruth Baker, Cornelia Jones, Margaret Clippinger, and Marian Magill attended the ceremony. Bill Sweeney also attended and served as an usher.

Xmas Program To Be Presented Next Thursday

"Other Wise Man", Organ Selections To Compose Program

At 8:00 on the night of Thursday, Dec. 12, the Christmas program will be presented in Voorhees Chapel. The program this year, as last year, will be divided into two parts. Part one will be composed of organ selections played by Professor Katharine Davies. The second part of the program will be "The Other Wise Man", directed by Mrs. Nita Eckles West, and produced by the students and faculty members. The entire program will last approximately one hour. There will be no admission charge.

The following selections to be played by Professor Davies will make up the first part of the program: "Oh, Dearest Jesus," "Holy Child," Lithuanian Christmas Folk Songs, and "March of the Magi Kings" by Dubois. The organ will furnish accompaniment as the audience sings "O Come all Ye Faithful," 'O Little Town of Bethlehem," "Oh, Dearest Jesus," "Holy Child," "The First Noel," "Away in a Manger," and "Joy to the World."

"The Other Wise Man" by Van Dyke will be read by Mrs. West supported by the following cast: Artaban—Mr. Archibald Pieper; the Lady—Mrs. Pieper; the three wise men—Ralph Parvin, Ted Pratt, and Don Hopkins; Captain of the Guard—John Scott; the girl—Martha Moore and the sick man—Bill Buford.

Play Preview Given At Joint Meeting

Athenian-Bainonian Treated To Opening Scenes of Midwinter

Last Saturday night, as a special feature for the joint Athenian-Bainonian meeting several of the cast of "Lost Horizon", the mid-winter play sponsored by the two societies, gave a short preview. Conway (Ray Swartback), Millinson (Hal Lloyd), Barnard (Bill Buzby), and Miss Brinklow (Nancy Russell) are led to Shangri-La by some natives after their plane crashes in the mountainous regions of Tibet. The breathless quartet cannot quite understand certain mysterious inconsistencies about the lamasery. Helen, the Eng-

Alumnae Hold Benefit Luncheon

Aprons Sold In Pearsons' Lobby

At noon today an Apron Sale and Benefit Luncheon was given by the alumnae of Maryville College and others. This is the second year for such a luncheon, the first one being given last year and being considered a success.

This year the aprons were sold in the lobby of Pearsons at 12:45. At 1:15 luncheon was served in the Pearsons dining room annex. Following the luncheon dramatic art students presented two one-act plays. The first of these was "Stuffed Owls" and the second "A Happy Journey." Mr. Kenneth Barrick, instructor in art, also exhibited several of his own pictures at this time.

Theta Alpha Phi Initiates Members, Lynt and Hildreth

Ben Lynt and Charles Hildreth received their formal initiation into Theta Alpha Phi, national honorary dramatic fraternity, Thursday night. The initiation was held in the YW rooms, after which was served a buffet supper which was prepared by the two new members.

Both new Theta Alpha Phi members have shown their ability and initiative in recent college productions. Ben will be remembered as having taken the leading role in the recent college production KIND LADY. Charles has served on the stage crew for the past several seasons.

Election into Theta Alpha Phi is limited to one per-cent of the student body. Officers are: Betty Clevenger, president; Charles Dunning, treasurer; Ted Kidder, secretary; Helen Airheart, historian; Other members are: Alice Jones, Mrs. Nita E. West, Miss Nathalia Wright, Mrs. Archibald Pieper, and Dr. E. R. Hunter.

Miss M. M. Keller Speaks At YWCA

Miss Mary Moore Keller of Knoxville will be the speaker at the meeting of the Y. W. C. A. in the Y rooms Sunday afternoon at 1:30. Miss Keller was formerly Assistant Professor of Education here at Maryville college. She was here for fourteen years prior to her retirement last July. The topic of her speech will be "Christmas in a World at War."

By-Laws Approved By Student Council

Student Body To Vote On Adoption After Wed. Chapel

At a specially-called meeting this week the Student Council voted unanimously in favor of accepting the newly-prepared substitution for Article V of the Student Body Constitution. The Article now awaits only the acceptance and approval of the student body. A meeting has been scheduled for Wednesday, December 9th to handle this business.

These By-Laws to the Constitution were presented in full in the last issue of the ECHO. Briefly, they are to name the class officers and committees and their duties, and to set up the regulations concerning special meetings of the classes, class dues, and eligibility to office.

At the meeting of the council dating in town on Saturday nights was proposed and favored. The suggestion was referred to the Faculty Executive Committee with an agreement that, if accepted, the Student Council would assume all responsibility for the signing out and returning of the students.

The last Council meeting of this semester will be held next Tuesday evening.

Dr. Ralph W. Lloyd Gives Christmas Sermon at Vespers

The vesper service for December 6, will consist of a brief sermon by President Ralph W. Lloyd and special Christmas music by the choir. Dr. Lloyd will use as his theme "Words Heard at Bethlehem".

The numbers sung by the choir will be as follows: "From Grief to Glory" by F. M. Christiansen which will be given in its four parts: "Jesu Bambino" by Pieter Yon; "Clap your Hands, Ye People," "Lullaby on Christmas Eve" by F. M. Christiansen, and a carol melody.

As a prelude, Miss Davies will play on the organ, the March of the Magi King, T. H. Dubois and Noel Polonais, variations on an ancient Polish Christmas carol —Alexander Guilmant.

Contract Signed For Chilhowean; Section Finished

Mr. H B Rainey of the Capper Engraving Company was here and completed financial arrangements for the CHILHOWEAN this week. He also took quite a lot of copy to the engravers to make plates.

Part of the senior section has been made up and sent off. The remainder of the section will be completed as soon as the last pictures are turned in.

Work is progressing on all other class sections. All who still intend to place the pictures in the yearbook should make arrangements with some member of the staff immediately.

Disc Club Hears Nutcracker Suite

Thursday night the Disc club met at 6:30 in the Fine Arts Studio for the last meeting this semester. The program was to some extent an introduction of the Christmas spirit to the campus since it was one of the first activities featuring the Christmas theme.

As the major work on the program, Tschaikowsky's NUTCRACKER SUITE was presented. This suite is program music and represents the various dances of the objects of Yuletide festivity. There are the well-known Chinese Doll Dance, the Dance of the Sugar Plum Fairy, and the Waltz of the Flowers. Along with these selections some of Fred Waring's Christmas Carols were played.

Twelve Chosen to Compose Debate Squad After Tryout on National Question

First row: Dick Boyd, Phyllis Anne Cain, Jordy Meadows, Dorothy Lehman, Muriel Geisler, Bill Henderson. Second row: Bill Evans, Ed Rowley, Paul Jamarik, Ben Lynt. Not pictured are Margaret Clippinger and Natalie Yelton, also members of the Varsity Debate Squad.

Officials Announce Increase In Fees For Next Semester

Officials of the College have announced that there will be a fifteen dollar increase in college fees for the second semester. The increase in board will be five dollars; while there is no increased cost of tuition, an emergency war time fee of ten dollars is to be charged. These increases have been made necessary by the war time conditions, which have touched the college financially as in other ways. The enrollment has decreased and will continue to decrease next semester; consequently a smaller income is expected. The expenses, however, have increased due to the high price of food. Having taken all these things into consideration, the financial committee of the Board of Directors voted to ask the students' aid in helping the college equalize its finances.

Mr. Hardin Speaks At YM Sunday

The Reverend Mr. C. P. Hardin, pastor of the Broadway Methodist Church in Maryville, will be the speaker at the regular meeting of the Y. M. C. A. Sunday, December 6: His subject has not been announced.

As customary, there will be a worship program of songs and devotions. Sidney Duke and Hal Lloyd are on the program committee.

Faculty Club Hears Home Ec. Teachers

Miss Gertrude Meiselwitz and Miss Rachel Armstrong will be the speakers at the Faculty Club dinner Monday evening in the home economics rooms. Miss Meiselwitz's subject will be "The Present Conditions of the Food Market"; Miss Armstrong will read a paper on "New Developments in the Field of Nutrition."

War stamps will be used as decorations on the dinner tables. These were bought with money collected from faculty members, who have pooled the funds with which they had planned to buy Christmas cards. They are not planning to send Christmas cards this season.

After the stamps have been used for decorations, they will be cashed and the money turned over to a local charity.

Panel Discussion On War Features IRC Program

On next Monday, December 7, the first anniversary of the country's entrance into the war, the Discussion Group on International Affairs will present a program emphasizing this occasion. A panel discussion will be conducted by the Political Committee whose chairman is Natalie Yelton on the following topics:

"Plans for Post-War Peace" led by Malcolm Thompson, "The Aims of the War" by Dick Boyd, and "Understanding Our Allies" by Bob Huber. The meeting will be in Bartlett hall at 7:00 o'clock.

Advanced Speaking Class Trains Squad Before Tryouts

FACULTY JUDGES

Four New Members Join Winning Team For 1942-43 Season

At formal debate tryouts held for members of the Advanced Speaking Class recently, six men and six women were chosen to compose the 1942-43 Varsity Debate squad. Phyllis Anne Cain, Margaret Clippinger, Muriel Geisler, Dorothy Lehman, Jordy Meadows, and Natalie Yelton were selected as members of the Women's Debate team; Dick Boyd, Bill Evans, Bill Henderson, Paul Jamarik, Ben Lynt, and Ed Rowley for the men's team.

Tryouts for men debaters were held in Dr. E. W. Davis' classroom in Anderson hall. Judges were Dr. David H. Briggs, Mr. A. F. Pieper, and Miss Harriet Miller. Women's debate tryouts, held the following evening, were judged by Miss Jessie K. Johnson, Dr. Briggs, and Mr. Pieper.

The National Pi Kappa Delta question was used as the debate subject. It is: Resolved: That the United Nations should form a federal union with power to tax and regulate commerce, to settle international disputes and enforce such settlements, to maintain a police force, and to provide for the admission of other nations which accept the principles of the union.

Natalie Yelton, a history major and Pi Kappa Delta member, as well as Student Council representative, from Raleigh, North Carolina, has been a member of the team for four years. Phyllis Anne Cain, a history major, from Morristown, Tennessee, has also been

(Continued on page two)

Mrs. Miniver to be Presented on Radio

A radio adaptation of "Mrs. Miniver" will be presented over CBS on the Screen Guild Players program Monday evening, December 7th. Greer Garson and Walter Pidgeon are to star in the leading roles. The program will be broadcast at 9:00 P. M.

Redbook Magazine has named "Mrs. Miniver" as the outstanding movie of 1942 and as an added feature on the program screen star Gary Cooper will make the presentation of the magazine's award to Metro-Goldwin-Mayer, which produced the film.

Sammy Kaye, whose famous "Swing and Sway" orchestra is a national favorite, will salute war production workers in Passaic, New Jersey, Wednesday night when he makes his eleventh appearance on "The Victory Parade of Spotlight Bands." The program is carried nightly, Mondays through Saturdays, on the Blue Network at 8:30 CWT.

Three Types of Eaters Arrive At Same Conclusion—Food!!!

By THELMA RICHARDSON

Home thoughts from a bore, or what no more ketchup! Two or three times a day, as the case may be, Maryville students trek from various parts of the campus 'mid storms and blasts, darkness and light to Pearson's hall, first floor, to pay tribute to the great god food. Finally a gong is sounded and in a body, abeyant, they file reverently through its portals. Boys and girls (to date, we still have both here) then assume a sitting position. (The reason for this it has been discovered is to shorten the distance from the plate to the palate, or vice-versa.)

Three distinct types of eaters are to be found in our college dining hall. The let-them think-you're-nonchalant-but- they- don't -know-the-half-of it type, who strolls in, tosses a few words around, and in a skillful fashion eats with one hand and talks with the other. That, however is an art, and one that requires much diligent practice. Next there is that brave, robust, so-what-if-she-thinks- I'm- a glutton-I-got- to-eat -don't-I type. He or she (sorry girls but the truths, the truth, you know) lets caution fly to the winds, dives in, and lets the crumbs fall where they may, (to say nothing of whole slices of bread). The last of the species is the waitress. Let no more be said. After all a glare is one thing, but that ground glass is getting a little hard to digest.

There is a most delightful game prevalent in the dining hall these days. It has grown from that desire to get the entire piece of pie that is left, or nothing at all. It is a game of chance and consists of tossing a few fingers in the air while somebody counts. As I have no head for figures I have never been able to keep up with it. But in 203 and 403 Carnegie abide two skillful players, (anyway they always win).

The fact that college students spend about 85 hours in one semester gorging themselves in the dining hall, and all their spare time (well maybe that is stretching it a bit) in that mecca, the Chatterbox, (Advertisement), ought to indicate something. But as I said, I have no head for figures.

"Concord of Sweet Sounds" Offered To Music Lovers By Record Library

By PETER VAN BLARCOM

At a recent faculty meeting, it was decided that the record room in Voorhees chapel should remain open for student use during class hours as long as a member of the faculty of the music department is present in the building. This is in addition to the hours in which the record room is already available to music-lovers of the student body. Thus another step has been taken to insure that those interested in music shall have adequate opportunity to indulge their preferences in hearing recorded music of the master composers.

In the past few years the record library has increased by leaps and bounds. This year a large number of record albums have been added to an already large collection. Some of the new albums are symphonies, others are concertos and sonatas; there is now an opera, La Traviata, complete and available. Of recent purchase also is Verdi's "Requiem, mass," Handel's "Messiah, and Beethoven's "Missa Solemnis."

Beethoven's Violin Concerto, played by Jascha Heifitz with the N. B. C. Symphony directed by Arturo Toscanini, is another of the recent acquisitions. There is an album of Wagner selections also bought recently, composed of scenes from Tristan and Isolde and Die Gotterdammerung sung by Kirsten Flagstad and Lauritz Melchior.

It is futile to attempt to name all of either the more recent acquisitions or those obtained in other years. There is a wealth of great music available. Some part of it will appeal to everyone. There is plenty of room in the collection for personal preferences. While many of the major works in the collection will be played from time to time on Disc Club programs, it is estimated that to play all of the symphonies in the collection would take well over twelve hours—to say nothing of concertos, sonatas, overtures, choral works, and various selections, vocal, instrumental, and orchestral.

Every afternoon of the week except Sunday the record room is

AND I QUOTE

"Are You a 'Rugged American?' "

"Last week a newspaper carried the headline: "Greek Children Die of Hunger". You and I were over at the little drugstore, eating just to be sociable, and someone said, "I'm on a diet now . . . no more fudge sundaes . . . I don't know how I'll live!"

"There was a caption over a grim picture in LIFE entitled, "Wounded British Youths Grin in March to Sea." You and I were saying, "I played hockey thirty minutes today . . . just worn out. Guess I'll drag down to the club and play a few hands." (And a million surgical dressings have to be wrapped!)

"A story appeared in TIME entitled "British Girls Give Up Teas for Duration". You and I were saying, "Don't you love the social activities here? Such wonderful experience . . . teas do help conversation, don't they?"

"And then there was the news story, "German Women Give Up Rings for Bullets." You and I were saying, "I haven't a rag to wear to the dance . . . my new formal has been out twice already . . . guess I won't go!"

"On and one we could go, as newspapers and radios all over the world shriek: "12 Polish Girls Die to Save 3 Barrels of Flour for Soldiers Fleeing Nazis"; "2,000 Greeks Freeze During First Winter Snow"; "Russian Women Join Parachutists". And you and I placidly go on to our teas, our shows, run to the drugstore and worry over the latest styles . . . and then we say, "we can take it" and "aren't we patriotic . . . 10 per cent in war bonds! Of course it's terrible, but we can stand it if that's what it takes."

"Are WE "Rugged Americans"?"

—WARD-BELMONT HYPHEN

By JORDY MEADOWS

People are funny, but so is the weather! Well, what are a few blizzards one way or the other? Who cares whether it rains a few lakes, blows away the campus, and then buries the whole place in huge amounts of snow? Variety is what counts!

By now Mary Jane Person is Mrs. Carl Walton, and we just wish that we could have been at the wedding. But we'll do the best we can with congratulations to Carl, and all the happiness in the world to Mary Jane!

It never pays to be smug. Sid Duke simply reveled in four or five issues of Life that just brazenly came to him. He thought he had some unknown, benevolent friend! But he found out. The other day he got a little bill—for what??? Don't be silly! For all the issues that he had received.

Nert Spraker has the cutest ideas. All of them were made manifest in the whimsy of a hat that she wore the other day. Maybe she'll show the rest of us the how of it. We wish we had talent.

More things happen—that is on the day of the deluge. What would you have thought if you had seen Shorty Waisman standing out in the middle of everything taking a picture of Pearsons' lake. Yep, we knew that's what you'd think. And nothing can stop this younger generation—neither tempest nor floods. The youngsters just take off their shoes and socks and run barefoot to the library a La Shirley Montgomery and Phyllis Irshay. It saves rubber boots anyhow.

More people like the water in strange ways. Babs Burnett likes hers icy and in extreme amounts. In fact she just loves to wade around in it. Her story was that she was merely testing the ice on the pool in front of Science. But we don't know about that. Babs, you shouldn't be so cruel to all the little paramecia.

Hear ye! Hear ye! We have another advertisement for the lost column. Seems as though someone was throwing a post card out a fourth floor window to owner Pat Howarth. Came a perverse wind, and said card went flying up on Pearsons roof. Ann Ellison helpfully said that she thought it was signed by someone who's name began with X. If anyone sees a card lying around with no apparent motive in life, look and see if it is the one in question. Pat is liable to end up with frustrations if she doesn't find out who wrote to her.

And while you're keeping your eyes open just generally watc hfor the huge rotogravure section that's coming up in the ECHO next week. Something new and different—but nice!

Ralph Parvin's love for little, helpless animals is simply astounding. Maybe his secret desire is to start a chicken farm. Anyhow he babies that chicken that Kay Bonner gave to Ken Cooper. Run up anytime and ask him to imitate the creature. He's got it down pat.

Talk about absent mindedness! Fred DePue showed up at debate class the other night all prepared to give a speech. Furious was his name when he found out that he wasn't supposed to give a speech until some time later. Just think of all that wasted effort, and on top of that he had put on shoes for the event.

One of the things you should have heard was Martha Moore's feeble attempts to discuss her schedule with Dr. McClelland. Any other time would have been all right. But this time she had laryngitis with complications. She wheezed! ! No voice! ! Very funny! !

Vergil "Ante-Graduating" LeQuire carried a rabbit's foot, threw salt over the shoulder it's supposed to be thrown over, and did everything else possible but study. All this for comprehensives. We're going to ask him to make a list of charms for the time when we come to the Dreadful Day!

From This Corner

By BEN LYNT

What Price Liberal Arts—

The questions raised by those registering for next semester regarding the additional fees—10 dollars for the War Emergency Fund and an increase of 5 dollars in board—have brought home to us rather strikingly some of the problems which are currently confronting the college and university officials throughout the nation, for there are reasons, and good ones too, behind this slight increase in charges for the next semester.

Our school, like most other similar institutions is faced with the problem of operating a liberal arts program in competition with or in cooperation with the armed services' manpower-seeking campaign, a task which has many complications and is shot through with much uncertainty as far as the universities and colleges are concerned.

As everyone very well knows, though I believe some are inclined to forget, an institution without students cannot long endure. Educators in this country are supremely conscious of the war situation and of the demands being made on their institutions as well as upon their student body manpower, and, for the most part, have declared themselves willing to cooperate with the War Manpower Commission as well as with the Army, Navy, and Marine Corps in every possible way; but as yet little information which would help to clear up the problem has come either from the W. M. C. or from the armed forces. A state of confusion exists out of which the universities and colleges have no substantial means of rising, for they lack the authority which the governmental agencies have to act. Part of this confusion has come out of the failure of the Nation to think and plan in terms of war, and the uncertainty of the colleges and universities is more or less traceable to three things: lack of knowledge as to the future status of the Army and Navy enlisted reserve corps, the "teen-age" draft's effect on college enrollment, and the failure of the W. M. C. to issue directives for the training of men for industrial and commercial work.

The crux of the whole matter would seem to me to be the problem of the survival of the liberal arts institution in times of war when so many other agencies are draining on the would-be student body eligibles. Certainly it should be possible for arrangements to be made, through official channels, for the installation at colleges and universities of courses which would be in accordance with the Army, Navy, and Marine corps training plans so that these institutions might have some guarantee of being permitted, and what is more important, enabled to stay in operation for the duration.

I believe that colleges would offer courses of the type desired by the armed services, if only they knew what the armed services wanted, and I feel certain that the universities' and colleges' resources are not yet being used by these services to the best possible advantage. As I understand it, liberal arts education is designed to give vision and humanity, but there is a tendency to use schools in this present crisis for non-educational ends—a tendency which bodes no good for the survival in the future of the free liberal arts institution or for the successful reconstruction of a post-war world on any sound basis.

It is becoming increasingly more difficult for this college, or any other like insttiution, to make and project plans for next year and the years immediately following with any feeling of certainty that they will be able to carry such plans out to the point of completion. Nor will they be able to soon until some decision is reached in Washington concerning the future status of the Army, Navy, and Marine corps reserves, the disposition of the "teen-age" draftees, and the training of men for industrial and commercial work.

In the light of these few factors bearing on the problems and the uncertainty facing the heads of institutions of higher learning, it is not difficult to understand why it has become necessary to increase the amount of charges for next semester.

The solution to those problems would seem to me to lie in the finding of a way or ways by which colleges and universities can devote full and unstinted effort to the war, but at the same time keep long range views in the field of values for the post-war world.

Senior Grads

(Continued from Page One)

from Elizabeth, New Jersey, majored in political science. Pat, president of Law club in her junior year is undecided as to her future vocation. Roy Duncan Crawford, a local student, is a political science major. Treasurer of the class in his sophomore year, president of Y. M. C. A. this year, business manager of the 1942 Chilhowean, Roy is an enlistee in the Army Reserves. Irma Holly Criswell, Miami, Florida, majored in economics. She is Miss Jessie K. Johnson's assistant. An art major from Brownesville, Tennessee, Joseph Currie Dickinson has enlisted in the Marine Corps. Joe is a prominent member of the Writer's Workshop, having established himself as a promising poet.

Cecil Orville Eanes, Danville, Virginia, is a Greek major. He plans to enter Union Seminary at Richmond, Virginia. Charles Arthur Foreman, a political science major from Tionesta, Pennsylvania, has enlisted in the Army and expects to be called very soon. Chuck hopes to get into the Air Corps. An ECHO freshman apprentice and Sports editor in his sophomore year, he is now vice-president of Pi Kappa Delta. Helen Parker George, expecting the Bachelor of Science degree in home economics, is from Morristown, Tennessee. William J. R. Hargrave, a chemistry major from Drexel Hill, Pennsylvania, has not decided about his future work. He was vice-president of the German club his sophomore year, and last year was treasurer. He is also a member of the band. Frank William Henderson, a biology major from Plymouth, Pennsylvania, is president of Alpha Sigma and a member of this year's varsity debate team. He is president of the Pre-Medical club and has been a biology assistant for three years. He will enter Jefferson Medical school in Philadelphia.

Winifred Ruth Hope, from Winona Lake, Indiana, is a daughter of Fred Hope, who is stationed in Africa. She is majoring in Bible and religious education. "Winnie" is a transfer student from Columbia Bible College. Joseph Earl Huskey of Newport, Tennessee, majored in chemistry. He has taken an active part in intramural sports. Eula Grace Jarnagin from Arlington, Texas, is a history major. She is a transfer student from Christian University. Grace expects to go into nursing at Johns Hopkins. Cornelia Elizabeth Jones is a sociology major from Thomasville, Georgia. A member of the Y. W. cabinet last year, Corny is undecided about her future occupation.

Virgil Shields LeQuire, who is from Maryville, majored in biology and expects to enter Vanderbilt Medical School in March. He is a biology assistant and was a member of the orchestra. Wesley Ross Lochausen of Sanderson, Texas, chose to major in biology prior to going to med school. He was a Student Council member in his sophomore year. "Tex" was president of the junior class last year as well as vice-president of the Pre-Med Club. He was a biology assistant and a May Day attendant. A political science major from Philadelphia, Pennsylvania, Edwin Franklin Lochner has been an officer of the Law Club. Robert Kenneth Lockwood of Gordonville, Pennsylvania, majored in chemistry. He expects to work as a chemist for Government Mines. Robert Gale Lord is an economics major from Worcester, Massachusetts. Bob was vice-president of the Spanish club last year.

Marian Laura Magill, from Malden, Massachusetts, majored in music. A member of the YW cabinet, an ECHO freshman apprentice three years ago, Marian expects to teach English in Massachusetts. Mary Jane Person from Atlanta, Georgia, who majored in home economics, was married today in her home town to Carl Walton, who graduated in '41. Mary Jane was a home economics assistant. Carl Gray Pierce, Jr., from Pitcairn, Pennsylvania, was a biology major. "Bud" was assoicate editor of the 1942 CHILHOWEAN and a member of the Writers' Workshop. Although he is in the Navy V-7 reserves, he does not expect to be called for some time. Meredith Louise Preston is an English major from Binghamton, New York. Meredith was a May-Day attendant in her sophomore year, cheerleader. and honor roll student. Frances Elizabeth Sick, daughter of Professor Augustus Sisk of Maryville, will graduate as a French major.

Frances was elected to Alpha Sigma this year. She is a member of the Student Council.

James H. Smith, a biology major from Pikeville, Kentucky, majored in biology, preparatory to entering medical school at the University of Louisville in Kentucky. He expects to be married December 20 to Ruth Sutherlin who was from Maryville, graduated last June. Kathleen Jean Sullivan came to Maryville from Long Island, New York. "Kay", a sociology major, expects to be married to Johnny White, a former Maryville student in February. William J. Sweeney of Norwood, Pennsylvania, majored in biology. Bill was a member of the ECHO staff his freshman and sophomore years, has been a cheerleader since his freshman year, and was editor of the 1942 CHILHOWEAN. He expects to enter the Army Air Corp.

Lloyd McCully Taylor of Maryville majored in Chemistry. He has been a prominent member of the football team since his freshman year. Lloyd, enlisted in the Naval Reserves, will go to Duke University medical school. Oliver R. Van Cise, from Summit, New Jersey, majored in economics. He was secretary of the Triangle club last year, secretary of I. R. C. this year, and a member of the Champion Tennis Team of 1940. He has also been a member of the YMCA cabinet. Evelyn Aileen Williams from Maryville, Tennessee, majored in history. She is assistant to Mr. V. M. Queener. As a freshman Evelyn was a member of the ECHO staff, and this year she was elected to Alpha Gamma Sigma.

TALK OF THE WEEK ... By Chuck Dunning

SWEET SOUNDS

(Continued from page one)

open and the student assistant in charge, Gordon Stone, will be willing to play the music of your choice. The schedule is 4:15-5:15 on week days, 1:30-3:30 on Saturdays.

The poet Shapespeare wrote:

"The man that hath no music in himself
Nor is not moved with concord of sweet sounds,
It fit for treasons, strategems and spoils.
Let no such man be trusted."

The man or woman that has music in his soul will come to the record room some afternoon and listen!

There are three instruments available which are capable of creditable reproduction of the music in the record library. If the music being played in the record room is not to your taste you may retire quietly to a cubicle elsewhere in the building taking an album or a record with you and listen in peace and comfort.

DEBATE

(Continued from page one)

on the team for four years. She is president of Pi Kappa Delta. Margaret Clippinger, an economics major from Atlanta, Georgia, was a member of the squad last year. She was secretary of her class in her freshman year. Muriel Geisler from West Palm Beach, Florida, is majoring in religious education. Muriel, a debater in her freshman and sophomore years, is a member of the Student-faculty Social Committee. Jordy Meadows, an English major hailing from Beaver, Pennsylvania, is a member of the Writers' Workshop and the writer of "Butterscotch" in the ECHO. This is her first year on the team. Dorothy Lehman, the only sophomore to make the team, is vice-president of her class. Dot, an English major from Beverly, Kentucky, also tried freshman debating.

Ed Rowley, on the team last year, is a philosophy major from Plainfield, New Jersey. Ed is a member of the Student Council and Pi Kappa Delta. Dick Boyd, another philosophy major, from Trenton, New Jersey, is on the team for the first time this year. Dick is a member of the Writers' Workshop. This is likewise Bill Henderson's first year on the team. Bill, a biology major from Plymouth, Pennsylvania, is president of Alpha Sigma and pre-med club. Paul Jamarik, majoring in political science, was a debater his freshman and sophomore years. Paul, from Hopewell, Virginia, is a member of Pi Kappa Delta, and secretary of Athenian. An economics major from Richmond Heights, Missouri, Bill Evans debated in his sophomore year. He is treasurer of the junior class and a member of Pi Kappa Delta. Ben Lynt, an English major and a member of the team all three years, comes from Washington, D. C. He is managing editor of the ECHO and a member of Pi Kappa Delta.

The following fourteen men and ten women were members of the Advanced Speaking class: Fred DePue, Robert Huber, Bill Evans, Paul Jamarik, Bill Henderson, Ed Rowley, Paul Cooper, Bill Segraves, Dick Boyd, Ben Lynt, Don Barker, Guy Lambert, Cecil Eanes, Marvin Gass; Myrtle Stephenson, Jordy Meadows, Muriel Geisler, Phyllis Anne Cain, Edith Monroe, Margaret Clippinger, Carolyn Eberhardt, Nancy Russell, Dorothy Lehman and Natalie Yelton.

SCOTSPORTS

By TED PRATT

NOT OUR LOSS BUT OUR GAIN

Now that the football season is over, we all can breathe deeply again. It was a hectic season, but there's always the war to fall back upon in case you need an alibi. One thing about the latest Scottie campaign—it produced the largest squad on the Hill for several year and it stayed that way! That means that never less than forty players were out for football all season—forty men who worked themselves into fine physical shape and no doubt intend to remain that way. If they couldn't conform to training standards, they weren't out for football anymore. The forty-odd gridders that remained out learned a certain degree of co-ordination and agility. They are the ones who will make the adjustment to military life with greatest ease, and therefore the ones who will naturally become leaders in whatever branch they have chosen or whatever branch has chosen them. Keep it up, fellas!

S O S

Are we going to play basketball here this winter or aren't we? From the present outlook, we are not. Coach Honaker has made numerous calls for all basketball players to report before Christmas for practice, or at least to give some indication of their intention of playing basketball. Only in this way can Coach prepare an adequate schedule. Only ten players are working out daily in the big gym under his direction; we need more men? Who doesn't? Carson-Newman, LMU, and other schools are well into their seasons already; the Scots are not even sure they can put five seasoned players on the floor! Come on, you sharks, the field is wide open; come on out and hit the hardwood for a try!

ODDS AND ENDS

Don't know what it proves but the fact that Holy Cross knocked off the number one team in the country by a 55-12 score last week surely ought to prove something. Comparable to it will be the match between the two city rivals of Los Angeles on the twelfth of December. Last year University of Southern California played Univ. of Calif. at L. A. to a 7-7 deadlock, which almost assures us that it will be a natural this year. Both teams have a quartet of versatile backs who could easily have a field day. The important thing about the game is the fact that it will likely produce the West Coast representative in the Rose Bowl. Risking our seasonal 68 per cent we'll take USC in a real bruiser.

Highlight of the Intramural week perhaps was the downfall of the invincible Dwarfs in the hottest game of volleyball played on the Hill for sometime. Bill Hargrave, Bob Lord, and Dr. Case led the Commandos to a sweet three-game vicctory. Nice playing, Commandos!

Increasing use is being made of the table tennis facilities in the YMCA game room. If a little more care is taken with the equipment provided, it will be possible to finish the large and interesting tournament now under way. Wally Easter may be the new comer to challenge the reigning two-year champ, Ollie Van Cise in the finals. Wally took a close one from Bob Hunter in a bang-up match last week. The third game went six deuces!

The campus may be the scene of a few winter sports ove rthe week-end. Everyone seemed glad to see the first snow fall. And it did make a super slide down by the Chapel! If you can't hit the broadside of a barn with a snowball, don't try it. It's saving on the glass business. But if it thaws real quickly, we might just as well call off all classes for a couple of days. Maybe it wouldn't be a bad idea anyway!

What's it mean when UP All-Southeastern has a freshman named on its first team and leaves poor old U-T to be represented only on the second team with two players. U-T must think they're "misunderstood". Could be!

The wrestling team has begun its vigorous training program again. It still consists of turning a basketball or other appropriate weapon loose in the little gym with about twenty hefty grunters. Then they proceed to grab the ball or anything that gets in their way and toss it basketward. The object of the exercise is to toughen up!" 'Nuff sed!

Athletic Board of Control Meets To Award Letters

Letters were voted to twenty-four football men at the meeting of the Athletic Board of Control held last Thursday. Seven of the lettermen are freshmen, nine are sophomores, four are third year men and the same number are seniors..

The lettermen are:
Kenneth Andes
Bob Bayless
J. I. Breazeale
All Chambers
Wayne Davis
Ronald Easter
Winton Enloe
Jim Garvin
Joe Gouffon
Harvey Hollingsworth
Ross Honaker
Jack Kramer
Marv Mitchell
Bob Morton
Charlie Pepper
Les Rock (captain)
Oliver Spears
Artie Spears
Frank Still
Ken Talbott
Lloyd Taylor
Gordon Webb
Dale Wiley
Mac Wilson

Twenty-one Boys Tryout for Grunt Team Under Davis

Many Lettermen Return For Shot At '43 Mat Season

The Maryville College wrestling team is gradually rounding into shape. After about two weeks of calisthenics and warming-up exercises Coach Davis has started the boys on a few of the fundamentals of this rigorous sport. About twenty-one of the twenty-five boys are out for the team. These boys report to the gym at 3:30 every afternoon from Monday through Friday to sweat through the various procedures until 5:00.

There are about three boys for each of the eight different weight divisions.

William and Schwartwalder hold down the 121 pound division; the 128 division is handled by Smith, Young, F. Bradford, and Cross; Thompson and Dunning occupy the 136 division; Conkle, Cato, and Schuster are in the 145 division; Anderson, Robinson, Wilson, and Chambers are in the heavyweight division. A number of other wrestlers are yet to find their best weights. Among these are Captain Suitor, Ballinger, Black, Sweeney, Engle, and Yunker.

The freshmen are holding their own, having to their credit McDaniel, Thompson, Cato, Schuster, and F. Bradford. No match is scheduled before the holidays, but great things are expected from the team when they face their tough scehdule after Christmas.

Six French Club Members Enact One Act Skit

"Cupidon, Dentiste," or "Cupid, the Dentist" was a skit enacted by six members of the French club at their last meeting, Monday, November 30, in Bainonian hall. Those who took part were: Jane Glass, Don Barker, Lloyd Anderson, Phyllis Irshay, Johnnye Gudel, and Bob Calvesbert.

The plot revolved about a young man and a pretty girl who met in a dentist's office, fell in love with each other while waiting in the reception room, and left the office without seeing the dentist, their toothaches having vanished when they fell in love.

Plans for a program on a Christmas theme were discussed at the short business meeting. The next French club meeting will be the last for this semester. Officers for the new semester will be elected at that time.

MEATS AND GROCERIES

Sports Writer Prescribes One Dose Of Girls' Basketball for Pep-up Cure

By LES BOYD

Last Thursday I was fortunate enough to witness the epic clash between the WAACS and the WAVES, two red-hot basketball teams if I ever saw any. I don't know what the outcome of the scramble was. I wasn't able to stand much more than a few minutes of the game. Talk about smooth in comparison a St. Patrick's Day Stag Party at the Fifth Ward Hibernian Club is a Kindergarten. The game made a blackout in Carnegie seem like an afternoon tea at the preacher's house.

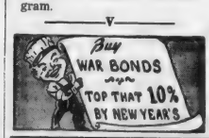
When girls' point system basketball comes in, science goes out. Their game takes about as much science as it takes to drive a nail. There are six girls on a side, three forwards and three guards. The game begins as the ball is thrown in to a girl in the center of the floor who immediately throws it over her head to someone on the other side. To say that a mad scramble then ensues would be a gross understatement of the truth.

The object of the game is, of course, to make more points than the other side by making more baskets. A highly successful play is one in which the forward shoots when she can see the basket, whether she makes it or not. The score is usually held to a fairly low total from all I can gather, for the girls make the amazing total of one out of every 73 shots, good shooting in any girls' league.

An accurate pass is one that somehow falls into the hands of someone, anyone, on the passer's side. The player is allowed one dribble before passing the ball. After that she has to pass. Usually about the time she is ready to pass there is a guard on her feet guarding her closely. By guarding her closely I mean standing chin to chin while the girl with the ball bends backwards and waves the ball over her head. When pressed too closely, she releases the ball almost straight in the air, causing a violent meeting of bodies at the spot where the ball is expected to land.

It's really a rough game. Fingernails are broken, bodies are bruised and enemies are made. But worst of all, a girl's hair is apt to become mussed or her powder may come off, leaving the girl totally disabled with a shiny nose. I expected to see one of the girls drop to the floor at any moment, writhing in agony at a chipped fingernail or some equally tragic mishap.

I'm for myself. I believe in healthy bodies and sound health, but what a price to pay for it . . .



Basketball Team Still Feels Lack Of Manpower

Roseborough and Brand Only Old Men To Report

The Maryville College basketball team is showing great improvement after the last two weeks of practice. There are eleven men out for the team, but none of these are lettermen. "We have to build from the ground up," Coach Honaker said. Of the eleven men out for the first team, only two have had any experience playing college basketball. These two men are Brand and Roseborough. Several freshman have turned out and are showing fine form. Among these are Enloe, tailback on this year's Scottie fotoball team, Aston, Sawmiller, and Thomas.

FOOTBALL BANQUET

The annual football banquet for the Maryville College Scotties will be held in the Pearsons Hall Dining Room, Tuesday night, December 9. The program and dinner is scheduled to begin at eight o'clock. Primary purpose of the annual banquet is the election of the new football captain. Presentation of awards will be another feature of the evening, letters being given to twenty-four players. Captain Leslie Rock is in charge of the program.

Close Battles and Action Features Girls' Point System

The WAVES came out the victors over the WAACS in the first game of the point system basketball tournament Thursday at 4 p. m. in the Alumni gym. The final score was 31-26 in favor of the midshipmen.

Next Thursday the teams will engage in the second combat of the tournament. If the WAACS win, the tie of one game apiece will be played off next Thursday. Should the WAVES again come out on top, they will win the basketball championship; and second regiment of the WAACS will vie against the lower deck of the WAVES on Thursday.

Last Thursday, the WAACS and the WAVES played practice games within their own groups in preparation fo rthe tournament. The first regiment of the WAACS crushed the second by a rather large score; and, for the WAVES, the upper deck out-maneuvered the lower deck.

Everyone is invited to come out and cheer the match between the WAACS and WAVES this Tuesday at 4 p. m. in the big gym. Come on over and see if the WAACS can even up that score.

Thurs will be the last point system day of this semester.

Xmas Party Tonight

Tonight at 8:00 in the Alumni gym the Student-Faculty Social Committee has planned an all-college Christmas program centered about the theme of "An Old Fashioned Sunday School Christmas Party". Everyone attending is requested to bring a blanket.

INTRAMURAL DOPE

VOLLEY BALL

Standings through Thursday, December 4

CLUB LEAGUE	W	L	Pct
Athenian	5	0	1.000
Choir	3	2	.600
Student Vols	2	3	.400
Ministerials	0	5	.000
Independent League	W	L	PCT.
Commandos	6	0	1.000
Dwarfs	4	1	.800
Cavaliers	3	2	.600
Aces	3	3	.500
Cooties	3	3	.500
Gladiators	1	5	.166
Sparkplugs	0	6	.000

The championship playoffs will be played Monday, December 7. The teams in the first four places of the Independent League will play the teams in the Club League. The teams of the Independent League that are in fifth and sixth places will play each other and the team ranking last in the Independent league will not play in the playoffs.

Games played Thursday, December 3—

DWARFS WIN OVER THE ACES

The Dwarfs won over the Aces 15-10, 8-15, 15-6 in a close match. Faulkner and Swartzback were setting up nice "kills" for each other. Ezell also was a noticeable standout for the Dwarfs and Rowley showed himself as a good server. Standouts for the Aces were Bayless, Lockwood, and Barr.

The other three games were all forfeits. The Sparkplugs forfeited to the Commandos, the Aces forfeited to the Cooties, and the Gladiators won over the Sparkplugs by a forfeit.

Games played Tuesday, December 1.

ACES TAKE GLADIATORS 2-1

The Gladiators yielded to the Aces in a close match, 15-9, 3-15, 14-15. Ouastanding players for the Gladiators were Francis, Duke, Calvesbert, and D'Antonio. Lockwood, Bayless and Edwards starred for the Aces.

COMMANDOS EASE OUT DWARFS 2-1

Purifoy, Evans, and Rowley starred for the losers. In a hot match the Dwarfs were pulled down by the Commandos 15-8, 2-15, 15-7. Hargrave, Adams and Crawford starred for the Commandos.

The Sparkplugs forfeited to the Cavaliers.

Monday, November 30,

ATHENIAN TAKES CHOIR 2-0

Those all-star Athenians: Van Cise, Bushing, Brown, Cooper, Williams, Kidder, Foreman, Scapellati and Crawford shone like stars against the Choir. Hopkins and Moehlman starred for the Choir. Athenian won two straight games 15-0, 15-7.

STUDENT VOLS 2
MINISTERIALS 0

Heaps, Eanes, DeForest, and Pemberton were the leading point-getters for the Student Vols as they defeated the Ministerials 15-2, 15-3. Taylor and Gass were the outstanding players for the Ministerials.

The Cooties won over the Gladiators by forfeit.

Friday, November 27

CHOIR 2 STUDENT VOLS 1

Hopkins, Easter, Parvin, Winkle and Ernest starred against the Student Vols in a very close match which ended 15-7, 5-15, 15-11. Starring for the Student Vols were Heaps, Brown, Eanes and DeForest.

ATHENIANS 2
MINISTERIALS 0

The Athenians ran away with their match against the Ministerials 15-0, 15-4. The entire Athenian team played a grand match. Taylor, Sthreshley, Yunker, and Gass were the outstanding players for the Ministerials.

COMMANDOS 2 CAVALIERS 1

Hargrave, Adams, Stevens and Pemberton lead the Commandos to victory over the Cavaliers, 3-15, 15-7, 15-11. Roseborough, Ford, Ogle and Wiley were outstanding players for the Cavaliers.

TABLE TENNIS (Ping-Pong Singles)

Huber, Van Cise, Calvesbert, Hargrave, Cooper, Robinson, Easter, Stevens, Gass, and Pratt are the big names in the ping-pong tournament this week. O. Van Cise took H. Huffman 21-12, 21-9, Bob Calversbert won over B. Robinson, Hargrave took Bill Proffitt 21-19, 21-18, Cooper won over F. C. Kluth in a close match, 21-19, 22-24, 21-23, Huber won over Bayless, 9-21, 21-13, 21-12. The winner of the Parvin-Gates match will meet the winner of the Adams-Crawford match. The winner of the Evans-Scapellati match will play Huber. Robinson won over Swartzback 21-16, 21-17, Easter won over Hunter (a very close match) 21-9, 19-21, 28-26. W. Stevens won over F. Miller 21-12, 21-16 and will play the winner of the Ezell-Purvis match. Gass is to meet Pratt who took Lippard 21-9, 21-16.

May we venture a little prediction: Huber says he will meet Pratt for the finals and we say it will probably be close between Pratt, Huber, Van Cise and Easter.

German Club Plans Christmas Program

On Thursday night, December 10, the German club will hold its last meeting of the term. The theme for the program of the evening is Christmas, and plans are being made for presenting a German play. The members of the German class in conservation are working on the play.

—Milk for everyone! should be our motto during times like these. See that you get your share at the Chatterbox.

SUNDALE DAIRY

Tenth Messiah Presentation To Be Sunday, Dec. 13

The annual presentation of Handel's "Messiah" will be given on Sunday, December 13. This year marks the tenth anniversary of the Messiah presentations here at Maryville College.

The presentation of the Messiah was first introduced here by J. Alvin Keen, a graduate of Westminster Choir school, and Mary Frances Henry, former voice instructor of the college in 1933. On the tenth anniversary, the Messiah singers will be directed by Mr. Richard W. Vine, Assistant professor of Music and will be accompanied by the Maryville College Symphony Orchestra. It has been planned to have special souvenir programs for this tenth presentation.

In next week's issue of the ECHO, the soloists will be announceed along with pictures and data concerning their singing careers here at the college. As usual, the College Choir will be supported by many other students and town people.

—V—

Six Paintings By Mr. Barrick Shown In Pearsons

Friday afternoon, December 4, six paintings by Mr. Kenneth Barrick, instructor in art, were hung on the second floor lobby of Pearsons hall. These paintings were placed in preparation for the benefit luncheon and apron sale given by the women of Maryville this noon.

Of the six pictures, four are religious paintings which were done as commissioned works. The other two Mr. Barrick painted for himself. One of these is a nativity scene that might have occurred in Illinois, and the other is a portrait of an early American song writer who lived during the time of the Civil war.

Although there was no announcement made about this exhibit there were a great many students looking at the exhibit Friday evening. The pictures will remain in the second floor lobby of Pearsons hall until Monday, December 7.

PAUL SMITH TELLS BIG FISH STORIES

Paul Smith revealed his experiences while deep-sea fishing in Florida at the last regular Nature club meeting of the semester in Bartlett hall Monday. During the business meeting the members were urged to pay their dues of thirty cents a semester as quickly as possible.

Nature club regularly meets the first and third Mondays of each month. The first meeting of the new semester will probably be held Monday, January 18.

The Nature club started back in 1935 by a group of biology students who wished to do more work together than the class time allowed. Beginning more as a technical club, the group of about fifteen is now made up of those students interested in nature and is devoted to informal discussion.

Students who are acquainted with some special phase of nature are especially desired as speakers. The club also invites guest speakers from Maryville and occasionally has obtained them from Knoxville.

Paul Smith took the place of Willis Sanderson, who was unable to attend. His topic was to have been "Budding and Grafting of Trees."

—V—

Play Preview

(Continued from Page One)

lish girl (Thelma Richardson) who seems quite content here in the deep-hidden retreat; the piano, a distinctly civilized instrument; the fact that their request to return to civilization is absolutely refused. The serenity of Lo Tsen (Dorothy Lehman), the impassiveness of the serving girl Ai-Ling (Jaiet Roush), the silent immobility of Chang (Jack Jones), all serve to heighten the suspense of the play and to arouse the imagination of the audience.

On January 29 the play will be presented in Voorhees chapel under the direction of Mrs. Nita E. West and her assistant Sara Crider.

The cast has been practicing faithfully every afternoon for the past few weeks. Intensive rehearsals will begin immediately after vacation in order to put the finishing touches on the presentation of the play by the cast.

Annual Banquet Of Pre Med Club Scheduled for Tonight

Pre-med club holds its annaul banquet tonight in one of the down town restaurants. It is hoped that Dr. Allen of the bacteriology department of the University of Tennessee will speak. The attendance is expected to be around thirty-five or forty.

The date of the banquet has been moved up this year because several of the members, including the president, William Henderson of Plymouth, Pennsylvania, are graduating at the end of this term. Heretofore the annual banquet has been held during the spring semester.

—V—

Student Vols Hear Dr. W. P. Stevenson

Dr. William P. Stevenson, college pastor emeritus, will speak at Student Vol meeting, Sunday night, after Vespers in the YW rooms on "Christianity in Latin America." Dr. Stevenson has done much traveling all over the world, and particularly in South America. It is on this experience that he will base his talk.

A nominating committee was selected last Sunday consisting of John DeForrest, Marion Stout, and Marion Avakian to prepare a slate for the election of secretary and program secretary to be held tomorrow evening.

VOLUME 28 | MARYVILLE, TENN. DECEMBER 12, 1942 | NUMBER 14

Coach J. A. Davis Resigns From Faculty To Answer Call To Military Service

Has Served Over Two Years as Member of Coaching Staff

This week President Ralph W. Lloyd announced that Coach J. A. Davis had resigned from the faculty to enter military service.

Mr. Davis has been contemplating service in various branches of the armed forces for the past six months. However, his draft number has recently been reached by the Selective Service Board, and he was sent to Ft. Oglethorpe, Georgia this week for examination and induction into the army. He has been ordered to report to Ft. Oglethorpe next Wednesday.

Mr. Davis has been on the Maryville College faculty for the past two and one-half years, and has rendered an excellent service as assistant football coach, coach of the wrestling and track teams, and in other phases of the physical education program. He began his service as an Instructor in physical education, and in 1941 he was advanced to be an Assistant Professor.

Mr. Davis' home is in Maryville, and he is a graduate of Maryville high school. He received his B. A. degree from Maryville college in 1930, and in 1939 he received the M. A. degree from Columbia University.

Immediately upon graduating from college, Mr. Davis accepted a position as coach at Everett High School, a position which he held for two years. In 1932 and 1933 he served as coach at a high school in Hickory, North Carolina. The following six years Coach spent back at Everett High, where he developed a number of outstanding teams. On the death of Coach Bob Thrower, J. A. Davis was asked to fill the position of assistant coach at Maryville College.

During his two and one-half years on the hill, Coach Davis has become a friend to all with whom he has associated. In 1940 his wrestling team won the state championship, defeating both Vanderbilt and University of Tennessee. Last year, losing only one match to Vanderbilt, his team tied for the state championship. His track team in 1940 finished third in the state meet held at Sewanee.

Mathews, Monroe Are Workshop Readers

Alice Mathews and Edith Monroe were the readers at the weekly meeting of Writers' Workshop held last Wednesday afternoon. Phyllis Anne Cain was critic.

Edith read two sketches entitled "The Family Tree — Branches, Number 186 & 782".

Eight Freshmen Chosen For 1943 Debate Squad

Eight Freshmen were chosen to make up the Freshman Debate Squad for 1943. They are the following: Dorothy Dick, Bette Lou McCoy, Marinell Ross and Helen Marie Wilson; Bob Barker, Ralph Sawmiller, Tom Smith, and Byron Sprague.

These team members have been coached in class by assistant professor of political science Archibald Pieper. Tryouts were held this week. Judges were Dr. David H. Briggs, Dr. Edwin R. Hunter, and Professor Verton M. Queener.

Baxter Cato, also a member of the debating class, would have been chosen for the squad, but he will be a sophomore next semester, thus making him ineligible for intercollegiate competition.

Debate schedules have not been announced, but notice will be made later when the committees covering such scheduling have come to definite decisions.

Jane Metcalf Is New Society Head

Jane Metcalf was elected President of Bainonian for next semester at the election held Tuesday, December 8th. Other officers are Mary Evelyn Waisman, vice president, and Marion Stout, secretary. Program Chairmen will be Marian Garvin and Margaret Boretsky. Cynthia Johnson and Minnie Davis will serve on the house committee.

The office of treasurer is traditionally held by one girl for two semesters. Agnes Peterson is treasurer.

Plans are already under way for second semester programs. The first meeting will be Saturday night, January 16, 1943.

Brown Elected as President of YMCA

At a special YMCA election Clyde Brown was elected president. He filled the vacancy made by Roy Crawford, who has graduated and plans to join the army.

According to Article IV, Section VI, of the YMCA Constitution, all vacancies are to be filled by an election by the cabinet with the approval of the advisory board. This board is composed of one student and two faculty members representing each class.

Clyde is a history major from East Waterford, Pennsylvania.

Tenth Annual Messiah Presentation To Be Given In Chapel Sunday Afternoon, December 13

Principals in the 1942 MESSIAH presentation are first row: Richard W. Vine, Director; Ruth Cathcart, Frances Harris, Becky Jones; second row: Marcia Keirn, Jack Lippard, Dean Stiles, Sibyl Tallent.

Parishes To Enjoy Xmas Programs

College Students Plan Services

Parish project workers have planned Christmas programs to be held at the various localities served by the group including Marble Hill, Unitia, Lamar Chapel, and Home Avenue. The programs, which will be given during the next week will be simple, but festive in nature and marked by as much participation by the people of the churches, themselves.

The program being prepared for New Castle is a typical sample of the type. A Christmas worship service will begin the program. There will be carols, exercises, Christmas recitations by Sunday school pupils, and a tableau showing the Nativity scene with Mary, the babe, Joseph, shepherds, and wise men all done by New Castle people. A party will follow, at which Santa Claus himself will appear and distribute gifts to those present.

The giving of these Christmas programs represents the increasing efforts being made by the Maryville College Parish Project to meet the recreational as well as the spiritual needs of outlying communities.

Christmas Program Tonight In Chapel Presents Two Parts

The annual Christmas program will be tonight in Voorhees Chapel at 8 o'clock. The program will be in two parts: organ selections played by Professor Katherine Davies and the second part will be "The Other Wise Man", directed by Mrs. Nita Eckles West and produced by the students and faculty members.

Richard W. Vine To Be Conductor For First Time

On December 13 the tenth annual college presentation of Handel's MESSIAH will be given in Voorhees chapel. The opening note of the concert will begin promptly at 3:00. Although the program will not be broadcast this year, an hour and a half performance will be presented for a chapel audience of students and music lovers of the community. The soloists have been selected by Director Richard W. Vine, assistant professor of music, and orchestra and chorus rehearsed for the various choruses.

The seven soloists this year include Marcia Keirn, Ruth Cathcart, Sybil Tallent, Becky Jones, Frances Harris, Jack Lippard, and Dean Stiles.

Marcia Keirn will sing some of the soprano solos this year. Marcia has been a member of the choir two years and is a music major. She is from Alcoa and has studied music here at Maryville for four years, starting when in her junior year of high school.

Ruth Cathcart, a music major from Maryville, will sing two of the soprano solos. Ruth has been a member of the choir for three years, but not being a full time student this year, has not sung in the choir this semester. Ruth sang several of the soprano solos at the presentation last year.

Sybil Tallent, another soprano soloist, has been a member of the choir also for two years. She is a biology major from Etowah.

Becky Jones will sing some of the alto solos this year. Becky has been a member of the choir for 3 years. Last year, she was vice president of the "M" club and secretary of the "M" club. A member of Bainonian and a Nu Gamma leader, Becky is an Economics major from Ardsley, Pennsylvania.

Frances Harris, alto soloist, is

(Continued on Last Page)

Athenian Conducts Annual Election

Ken Cooper Takes Over Gavel As Pres.

Ken Cooper was elected president of Athenian Literary Society at a meeting held for the purpose of electing officers last Saturday night. Also elected to positions were Paul Jamarick, treasurer; Joseph Suitor, vice-president and Lloyd Anderson, secretary.

These newly-selected officers for next semester have already been inducted into office and have taken up their respective tasks.

Athenian Society will hold a Christmas party in the club rooms tonight in place of the regular Saturday evening meeting. A program filled with the holiday spirit has been planned and will include the following features: A real Christmas tree, decorated, the first ever to stand in the Athenian room, the Three Sharps, Bob Hunter, (and his trumpet) Thelma Richardson, singing of Christmas songs, and the climax of the evening—Santa Claus himself, bringing a gift for every Athenian.

Christmas Carols Are Broadcast From Anderson Tower

At five o'clock every afternoon this past week Big Ben has tolled the hour, and Christmas carols have chimed out over the campus and into the surrounding neighborhood to celebrate the Christmas season. Mr. James R. Smith, director of public relations, devised the system, which, by the use of three speakers from the football field placed up in the tower, a record turner, pick-up out of the radio control room, and a few recordings has provided the music for the last two years.

Assistant Professor A. F. Pieper Enters U. S. Marine Corps Reserve

Will Be Called Into Service Early In Year

The resignation of assistant professor Archibald Franklin Pieper was announced this week by the President's Office to be effective this week.

Mr. Pieper has been accepted in the Candidates' Class of the United States Marine Corps Reserve and is now awaiting call to active service. It is not known just when the call will come, but it is expected sometime after January 1, 1943.

Mr. Pieper graduated from the Lythe High School in Texas in 1932, was a student in Maryville College until his graduation in 1936, and was a student in the University of Texas School of Law from 1936 to 1939 receiving his LL. D. in the latter year. He came to the faculty of Maryville College in the fall of 1939 as an instructor in political science. In 1940 he was advanced to an assistant professor. He has also served as assistant director of forensics. In addition to coaching the freshman debate class, Mr. Pieper accompanied varsity debate squads on a number of trips.

While in college he was an outstanding member of the debate team that won the state tournament one year. While a senior he did honors work in political science, writing on "Has Democracy Failed?"

He was also a member of the varsity football team, holding down a regular line position for several years. Now he is a member of the Athletic Board of Control and Pep Committee.

He will appear tonight with Mrs. Pieper in the leading role of "The Other Wise Man," the annual Christmas presentation.

Plans Formulated For Painting Of College Library

President Ralph W. Lloyd and Mr. Louis A. Black, directors of maintenance have announced this week that the library interior will be painted during the Christmas holidays. This project is being made possible largely by the sale of the map of Maryville. Earlier in the season it was agreed to raise half the necessary funds needed to paint the library by sales of the fifty-cent maps. To date, the entire sum of the money has not been received.

Everyone who has not already done so is urged to do his part and buy one of the Maryville maps that are on sale in the Bookstore.

Ruth Abercrombie Appointed To Staff Of 'Time' Magazine

Miss Ruth Abercrombie, a former editor of the HIGHLAND ECHO, has recently been made a member of the staff of the advertising promotion department of TIME magazine. Since her graduation in 1940, Ruth has worked in the New York office of the Sears-Roebuck and Company.

Besides editing the ECHO in 1939-40, Ruth was an outstanding student at Maryville. She had been a member of the ECHO staff for three years previous, and she was elected to Alpha Gamma Sigma and to Who's Who in American Universities and Colleges. She was an English major from Methuen, Massachusetts.

PRESIDENT LLOYD ATTENDS MEETING IN CLEVELAND

President Ralph W. Lloyd went by plane Wednesday to Cleveland, Ohio, to attend the biennial meeting of the Federal Council of Churches of Christ in America. The Federal Council is the principal Protestant cooperative church body in the United States. It is composed of representatives of twenty-four denominations elected on the general basis of one representative for every ten thousand church members. President Lloyd is one of the representatives of the Presbyterian Church in the U. S. A.

The Federal Council maintains offices and a staff of secretaries in New York. A president of the Council is elected every four years. The president at this time is Dr. Luther A. Weigle, well-known minister, teacher, and writer, and Dean of the Divinity School of Yale University.

Dr. Lloyd is expected to return sometime today.

Student Council Provides Lights

At the last meeting of the Student Council on Tuesday night the members discussed the results of the Council's program for this semester. Special recognition was given to the faculty for the way in which they have cooperated with the projects for markers and permission to have lights longer in the dormitories during the examination period.

New Student Help Program To Lend Grade Points If Graduating Seniors Feel They Can Spare Them

By BILLYE RUTH BRALY

Graduation with all its laurels and "through these portals pass..." is okay from the underclassman's chanel-seat-point-of-view. But some of the seniors last Wednesday almost endangered their lives—by the simple act of marching too close to the edge of the stage. After working four years—by summer sun, and late lamplight—they managed to get within grasping distance of ye olde sheep skin. And the near tragedy of walking too near the edge of the proscenium in high heels or stiff collars, as fits the situation, nearly ended some hilarious college careers. After mention had been made that they were in danger, all of us who had no chapel cuts left, held our breath and gaped at what a future C G B M I (college-graduate barely-made-it) looks like. They looked sleepy to me. Or maybe that was the way I looked.

This eulogystic manuscript was not intended to throw cold water on the class of 1942½. It was meant to donate each a separate wreath.

These thriving "thirty-six" have proved their worth in many ways, but mainly intellectually and typographically. Four were elected to Alpha Gamma Sigma, honorary scholastic organization. And according to last week's ECHO one of the girls was elected to Alpha Sigma. Has Theta lost its appeal? Or has the name been changed to Alpha Glammer Sigma? I've never reached either level.

One suggestion which several underclassmen have agreed to advocate by signing a Huber-Petition if necessary is the establishment of a Borrowing Bureau for Grade Points. This could easily be set up, with no implications and few complications. Graduating students with an average above 6.5 would simply turn over their extra grade-points to the offices located on the ninth floor of Anderson hall. These could be laid aside with special labels for the less fortunate of the human race to help them win some kind of race against hours and graduation and stuff. A high interest would be paid for the undertaking of such a business establishment. By signing on the lavender dotted line we could pass!

SATURDAY, DECEMBER 12

Merry Christmas

Not to be contrary to the subtle spirit on the front face of the ECHO, or on any front for that matter, we feel it our dutiful duty to bid you bon voyage, happy birthday, or something festive. You might put it in the childish tense and wonder what is it comes but once a year and has green trees and red men and burnt out bulbs and trips home.

All of a sudden here it was again, a holiday feeling everywhere. A lot of things it has never meant before Christmas will mean to us this year . . . . home for those who have met the place only by mail since June 9. It will mean for the thirty or so seniors of Wednesday's much bepublicized precariousness-of-perch the end of college, the abrupt change for them from traditional collegiate scatterbrains into independent working units of society, or small but important parts of the aggregrate known as the nation's great "armed forces". It will mean for the senior class the break-up of its unity, the loss of many friends.

More than whatever else is of significance it means that Christ and the spirit of Christ are still superior to the five feet or so of dark haired symbol of unchristliness across the Atlantic. Cannon fire may din the air, but it is mixed with Christmas carols. Hate may be hailed as the primary passion, but love and gratitude and reverence are giving a tweed effect and will gradually predominate.

By JORDY MEADOWS

Some how Christmas is in the air already. And isn't this season of the year the most fun! ! Maybe it's a lot of these things all tossed together. Christmas trees in the chapel and hospital . . . Christmas carols from Anderson tower . . . serenades in the night . . . . the chance to sing carols in chapel. And then there are always the dearly beloved exams. Have you looked at the schedule yet?

Yes, Memphis and the Mississippi river are wonderful, and Margie Field, Kay Liddell, and Judy Cody said hello to everyone. And guess what ! ! ! They're collectively homesick for Maryville.

It was tough to say goodbye to the kids that left to work for our uncle on the tenth. Hecky and Sing are going to look cute in uniforms, and just wait until Phil Wye collects his commission. Whew! !

And we heard from the most reliable sources that Atlanta had the most beautiful wedding that it has seen in ages last Saturday.

Once again weddings make us think of more engagements. This time it's Katie Tomlinson. That's the real thing she has reposing on her important finger, and all we have to say is that Johnnie Holzer is one lucky man.

Guess who the most surprised boy in the world was today. Right the first time! ! ! ! Jack Lippard really didn't know that his mother was coming. One huge piece of astonishment was his name. But isn't it nice—and won't she be proud of Jack come tomorrow.

Question of the week—For whom was the wedding march played on Thursday morning? Or was Malcolm Heaps just being a little premature for a lot of people? ? ? ?

And didja hear about the moron who put firecrackers in his hair so that he would have bangs?

Surprise parties are fun. And there was a wow of one in philosophy of religion class Thursday morning! All of a sudden paper bags filled with all sorts of good things to eat just suddenly appeared and began to travel conspicuously around the room. Dr. Gates must have been in on it somehow—cause he acted nonchalant enough. He even offered to supply a nut cracker to someone who was having particular difficulty. The moral might be that it pays to be good. Or maybe that particular moral doesn't fit this situation.

And we heard—shhhh—that a past master in the art of hotfooting gave a dilly of one of the things to Gabriel Williamson. Wonder who it could have been? And wonder if it hurt? ?

Hello Dottie Jobes. It's nice to see you on campus again. And what about those stripes that mean nothing less than sergeant reposing on Carson Brewer's sleeve?

Now it's very sad, but very true that we've reached the very end of the last column for this semester. We've got a lump in the proper place in our throat, and it has something to do with saying s'long to a lot of real people. Everyone is going to miss you all just heaps, and promise that you'll come back as soon as ever you can. Best wishes and all the luck in the world.

Have fun with the rest of your exams, people! ! And have the best Christmas and the merriest New Year ever.

From This Corner

By BEN LYNT

COLLEGE HUMOR?

Little did I dream a year or two ago when the local cleric of a prominent Washington church, of which I happen to be a member, recommended historic Maryville College as a suitable place to pursue my thirst for the more or less liberal arts, that I would ever chance to see a photographic representation—esthetic or otherwise—of some of the co-eds of the institution as a two-page lay-out display in a magazine of national circulation of the calibre of COLLEGE HUMOR. Or haven't you heard that this mag, which borders on the bizarre, carried pictures and copy pertinent to the supposed emphasis being given physical fitness during the present war emergency at Maryville College (Tenn.) where young women are being prepared to take their places in war industries, and classes in dance are so very popular among the students?

When I first saw the pictures, the question as to how the editors of COLLEGE HUMOR should have acquired them immediately popped into my head—after the first-aid treatment for shock had been administered. My first thought was that some of our very dear friends at Carson-Newman might have had a hand in it, but I soon discounted this on the basis that they would be too jealous for words if any such pictures were printed in the magazine.

Of course the pictures were recognizable as some which appeared last year in the Knoxville Journal, but just what the connection was between that paper and the tencent magazine in question remained a huge mystery. Jimmy Smith's office of Public Relations offered the suggestion that inasmuch as the newspaper code, upheld by law in the past, insists that all pictures taken by newspaper cameras and cameramen are the property of the newspaper taking the pictures, these pictures appearing in that quarterly review of campus doings must have been sold by the Journal or their representatives to the national syndicate credited for them by COLLEGE HUMOR.

I thought that surely the Student Council as barometers and leaders and shapers of public opinion on the campus would have had a field day of petition and resolution writing after the word got around, but thus far they have been silent on the issue. Or maybe they haven't heard about it yet, being too busy congratulating themselves and the faculty on their mutually splendid response in putting over the herculean task of getting written and accepted a group of very ordinary class by-laws.

The pictures themselves were not bad at all, but very little of the accompanying copy could be recognized as containing even the remotest suggestion of an iota of truth. I see no particular reason for taking any great offence at the magazine, however, for certainly no great harm will come to the reputation of either the college or its student-faculty constituency because of the pictures. My esthetic sense was horrified though at their naming of our perfectly lovely sun-dial as unromantically as they did—a rock-pile! And I regret to say that caption or no caption, Maryville College has yet to see its first annual Varsity show.

Perhaps if indignation need be aroused, it should be directed at the whole system which enables like magazines to secure from newspapers and other clipping agencies the brand of material upon which they depend for livelihood, without having to take into consideration in anyway the persons most directly concerned. But, to do this would be to tamper dangerously with one of America's most cherished ideals—freedom of anything and everything that purports to be the press.

Perhaps the most regrettable thing about the whole affair was that the local newsstands which carry such literature were caught short and sold out the first day, not having been warned in advance of the contents of the winter issue; or, more seriously that a magazine of that calibre should profit in as respectable a community as is Maryville.

Service Held For Mid-Term Grads

Pres. Lloyd Presents Personalized Address

A recognition service for thirty-six seniors who will graduate at the end of this semester was held at the regular chapel period on Wednesday morning, December 9. The service was different from the usual commencement exercises; the seniors did not wear caps and gowns; but the College officials and choir members wore robes in honor of the occasion.

The program was opened by a short devotional, consisting of a prayer by President Ralph W. Lloyd, scripture by Professor Edmund W. Davis, and an anthem by the choir. Dr. Frank D. McClelland then gave a roll call of the candidates for degrees and told where each person was from. After the names were called, Dr. E. R. Hunter spoke briefly, recognizing the honor students. Two students, Carl Alette and Edwin Lochner, were recognized for doing honors work. Carl did his honors work in music, and Edwin in political science. Other honors bestowed were the public recognition of new members of Alpha Gamma Sigma, Maryville College scholarship honor society. Students receiving this honor were Carl Alette, Irma Criswell, Frances Sisk, Evelyn Williams and Jackson Kramer, who graduated last August.

Following these recognitions Dr. Ralph W. Lloyd gave a short address to the graduates.

By TED PRATT

ECHO SPORTS

SEASON'S GREETINGS!

Twenty-eight days of vacation! That's four solid weeks of nothing to do. Or is it? From idle talk around the campus it seems that a number of Maryville College students will have plenty to do. Some will be skiing over the deep New England snow; some will be basking in the sun on the Florida beach; others will be ice skating on the frozen ponds of—well, just wherever there happens to be ice; some will be knocking 'em cold in the bowling alleys; some will seek the cinema for their relaxation; and, sorry to say, some of the student body will be behind bars—in United States Post Offices. Many plan on jobs to supplement their funds for second semester bills. Whatever you do we hope and trust you will enjoy it and make the most of it. The best of everything to you for the holidays!

GOOD LUCK, COACH!

The entire student body will greatly feel the loss of Coach "J. D." Davis, who has been "selected" by governmental officials to serve in the military forces of his country. He will report to Ft. Oglethorpe on Wednesday the 16th.

Coach Davais, since his coming to Maryville College in the fall of 1940, has coached a wrestling team to a state championship, another to a tie, and a track team to a third place in the state. He has in addition to this performed invaluable services as Line Coach for three Scottie grid outfits and assisted in a number of physical education classes. His classes in swimming, wrestling and track have always been popular with men and women alike. In all of his relationships with athletic teams on the Hill he has maintained high standards—both physical and moral. He encouraged his boys with praise when it was deserved, and he was well-liked by all. He was frank and his friendly attitude made his boys want to get out and play hard. His absence will probably be felt most at Chapel services, where on several memorable occasions he had a "small" part in the service.

PHYSICAL FITNESS

On Monday, Tuesday and Wednesday of next week, Coach L. S. Honaker, and possibly Mrs. V. M. Queener, will attend the Physical Education Clinic of the Southern District in Atlanta. The Clinic is one of nine similar clinics being held by joint Army-Navy-Dept. of Ed. jurisdiction all over the country. Approximately 250 delegates will attend the clinic, whose objective is the encouragement of a varied physical fitness program for all colleges.

BOWL CHATTER

The only vacant bowl—the biggest and best—will be filled tonight. USC and UCLA, playing to decide the Pacific Coast Champion, meet in a cross-town battle that promises to be a thriller. The winner will meet Mr. Sinkwich & Co. in the Rose Bowl on New Year's Day. As a loyal native of Pasadena, we'll remain orthodox and pick Georgia.

In another top game we'll take our Vols over Tulsa in the Sugar Bowl. And that's after reading how good the westerners are, too!

Boston College-Alabama in the Orange Bowl appears to be a battle of giants. Holovak & Co. will find the Tide line plenty tough, but their own averages about 210. It ought to be a bruiser, but BC gets the nod.

It is difficult to compare Georgia Tech and Texas in the Cotton Bowl. They are both tops in tough leagues, and it could easily be a toss-up.

NEW CO-CAPTAIN

Marvin Mitchell, 220 lb. tackle from Maryville, has been elected captain of the 1943 Scottie football team. His picture could not be secured. Shown above is Oliver Spears, junior tailback from Maryville, who has been chosen co-captain for next year. Oliver is in the Army Air Corps, and Marv is in the Army Enlisted Reserve.

Mitchell, Spears To Head '43 Scots

Local Players Elected During Annual Banquet

Marvin Mitchell and Oliver Spears were elected captains of the 1943 Maryville football team last Tuesday at the annual Scottie football banquet held in Pearsons Hall. Both boys were outstanding candidates for the position, having been two of Coach Honaker's best men on the hard-luck eleven of the past season.

Marv Mitchell is a junior political science major from Maryville. The biggest man on the team, Marv is known for his ability to use his 220 pound body to the best advantage from his tackle position. On offense Mitch is the original "irresistible force", while on defense, he is the immovable object. His football career started at Everett High, where he played three years and lettered two. While at the college, he has made his Varsity "M" for three straight years.

Oliver Spears, flashy back from Maryville, also earned his third letter during the past season. A pre-med student and biology major, Oliver came to the college from Maryville High where he was an outstanding athlete. The 168 pound junior is an excelelnt passer, a shifty runner, and is a constant threat to the opposing team when the Scotties are on the offense.

Wrestlers Rest During Vacation

Potential Champ Team Loses Coach; Still Carries On

Due to conflicting programs scheduled for this evening the wrestling team will not appear tonight. Practice officially closed for the vacation period last Thursday after a stiff work-out in the Bartlett gym.

At 121 lbs. Trevor Williams and lb. division Trevor Williams and Bob Schwarzwalder look equally good. McCord, Yunker, and Paul Smith are all shaping up well in the 128 lb. division. At '36 Bill Thompson, Chuck Dunning and Frank Bradford all look outstanding. At '45 Don Conkle will have a fight to beat out Gordon Rettke and Fred McDaniel. Ed Ballinger, Ricki Scapellati and Wilbur Chapman are all top contenders for the '55 berth. The Scots will depend on Captain Joe Suitor to hold down the '65 berth alone. At '75 a couple of veterans in the way of Lloyd Anderson and Mac Wilson hold out. With experience Lloyd should develop into one of the best big boys the Scots have had in years. Mac was plenty tough last year, and he looks better this year. At the heavyweight post Al Chambers and "Big Stoop" Robison will vie for the starting position.

Army-Navy Tie for Semester Honors

The WAVES won the point system basketball championship last Tuesday, in the Alumni gym when they won their second game 32-28 in the two-out of-three game series.

Since it was not necessary to continue the championship series on Thursday, the second regiment of the WAACS played against the lower deck of the WAVES. The white caps chalked up 15 points against the soldiers' 13.

Despite the basketball superiority of the WAVES, the semester ends with a tie for victories since the WAACS are the soccer champs.

Thursday's contest wound up the organized point system activities for this semester. However girls may turn in their hiking and swimming reports until Wednesday.

The activities for the next term will include volleyball, aerial darts, stunts, swimming, baseball, and field and track.

Although several teams have dropped intercollegiate wrestling this year, the Scots have prospects of a schedule that will keep them busy. Much work will have to be done after the holidays to get back into shape but the team is expected to be in full swing by the first of February.

INTRAMURAL DOPE

ATHENIAN WINS VOLLEYBALL CHAMPIONSHIP

By Bill Segraves

Athenian won its way to the third major Intramural championship when on last Monday, December 7, they romped to a straight two-game victory over the Independent League Champions, the Commandos. The first game was a hard fought game but the Athenians finally won 15-7.

Roy Crawford, Ken Cooper, and Chuck Foreman starred for the Athenians. In the second game the Commandos came back to nearly win; but came out on the short end of a 16-14 score. Starring for the Commandos were Dr. R. T. Case (outstanding in all of the Commandos games), Bill Hargrave and Bill Adams.

CHOIR YIELDS TO DWARFS 2-1; ACES WIN OVER STUDENT VOLS

The Dwarfs came back after a 15-9 defeat in their first game with the Choir to win the last two with a sweeping victory of 15-6, 15-5. Starring for the Choir were: Paul Moehlman, Wally Easter. For the Dwarfs Pratt, Pierce led the play, with Evans and Rowley adding their bit to take the match.

The Aces ran over the Student Vols by taking two straight games, the first 15-7, and the second by 15-6. Starring for the Aces were Lochausen and Roberson. For the Student Vols the outstanding players were Garvin and DeForest.

O. VAN CISE WINS HANDBALL CHAMPIONSHIP

The game between O. Van Cise and Gabriel Williamson was one of the closeest of the season. Van Cise took the first game 21-2, but Williamson came back in the second game and won 21-9. In the last game it was a fight all the way but finally Van Cise won 21-18.

Perhaps it is most fitting to pay tribute here to our Senior INTRAMURAL MANAGER, Oliver Van Cise, who is graduating this semester. Van Cise has done swell things with a big job. He kept the sports and the other managers going, and added up the points for the 200 boys who have participated in INTRAMURALS this year.

What we would like to say is thanks a lot Van for what you have done for the INTRAMURAL ATHLETICS at Maryville.

ROSEBOROUGH and EZELL WIN DOUBLES HORSESHOE TOURNAMENT

This week on Thursday the two teams of Pemberton-Evans and Roseborough-Ezell met and played one of the closest matches of the year. The first game was won by Roseborough and Ezell 21-8, and te second game was taken by Pemberton and Evans 21-16. In the final game Pemberton-Evans were leading 19-17 and the pits were now getting muddy. Up came Roseborough with a ringer to make the score 20-19. Then Ezell came across with another ringer to win the tournament.

OLIVER VAN CISE WINS PING PONG CHAMPIONSHIP FOR THIRD STRAIGHT YEAR

Oliver Van Cise added another feather to his graduating cap as he defeated Ted Pratt for the third successive year to win the Ping Pong Championship. Van won the first three games of a possible five, 21-17, 21-17, 21-18. The games were all close as they have been every year that these two have met in the finals.

Law Club To Elect Officers To Replace Graduating Senior

At the first meeting of the Law club next semester plans for the mock trial which will take place in the early spring will begin.

There will be an election to fill the office of secretary and treasurer which Pat Carter now holds but which will be open because of her graduation this semester. The other officers are: Margaret Clippinger, president; Laura Mae Weber, vice-president; Bob Huber, sergeant-at-arms.

V

STUDENT VOLS

Sunday evening at 8:00 in the new dining hall the YWCA, YMCA, and Student Volunteers will hold a joint meeting. Dr. Edwin Ray Hunter will read Christmas poetry to the groups. Special music will be a violin prelude by Esther Farrow, trumpet solo by Bob Hunter, and vocals by Francis Harris and Jack Lippard.

MESSIAH ....

(Continued from page one)

an English major from Maryville. She has been a member of the choir for 3 years. Frances is a member of Writers' Workshop Theta Epsilon and was a last year's May Day attendant.

Jack Lippard will be the tenor soloist this year. Jack, a biology major from Anna, Illinois has been a member of the choir for the past 3 years. Jack has been a member of the band for three years.

Dean Stiles, a senior biology major from Beverly, Massachusetts, will be bass soloist this year. Dean sang some of the bass solos last year. Dean has been captain of the band for 2 years, and has sung in the choir for four years. Last year he was president of the Glee Singers; he has been active as a member of the College Quartette, the orchestra, and Alpha Sigma.

This is the tenth anniversary of the presentation of the Messiah here at Maryville college. During that time 38 different people have had solo parts and have been under the direction of three different music directors. Back in 1933, Miss Frances Henry presented the first production of the "Messiah" with Alexander Jones, Mrs. Lois Huber, Carrie Pearson, Calvin Schmidt, Mary Miles, and Mrs. Mary Snelson as soloists. The accompanist was Mrs. Martha Henry Burchfield.

In 1934, Miss Henry conducted again with Mrs. Muriel Parrette Angle, Mrs. Lelia H. Leslie, and Kyle Jenkins as soloists and Elizabeth Shugart and Charlott Upp as accompanists.

Then in 1935, Miss Henry directed Mrs. Muriel Parrette Angle, Mrs. Lelia H Leslie, Robert Faulkner and Kyle Jenkins in their solos and was accompanied by Elizabeth Shugart and Mary S. Snelson.

In 1936, Ralph R. Colbert became the new director and led the "Messiah" for the next six years. As soloists in 1936, he had Mrs. L. R. Snelson, Mrs. J. R. Mitchell, Lillian Borquist, Calista P. Palmer, Harriet Barber, Margaret Law, Robert Cusworth, and Don McArthur. This year the Maryville College Little Symphony Orchestra accompanied the production for the first time and was assisted by Garnet Manges. This combination has accompanied the Messiah singers up to the present time. For the last four times Prof. Katherine C. Davies has been at the organ and Dorothy Horne has been Concert Master. In 1937, Nancy Quin, Mrs. J. R. Mitchell, Ruth Woods, Margaret Law, Harriet Barber, Robert Cusworth, Ed Goddard, Ralph Reed and Don McArthur were the soloists.

In 1938, the soloists were Bernice Cathcart, Ruth Woods, Harriet Barber, Richard Woodring, Ralph Reed, Ed Goddard.

In 1940, the soloists became Louise Marshall, Elizabeth Ann Huddleston, Ruth Andrews, Sam Cornelius, and Lynn Burchfield.

The soloists for last year, 1941 were Louise Marshall, Ruth Cathcart, Doris Smith, Sam Cornelius, Carl Miller, and Dean Stiles.

Now in 1942, the presentation of the Messiah will be under the new director, Mr. Richard Vine, who will conduct this fete which plays such a big part annually at Maryville just preceding the Christmas holidays.

VOLUME 28 MARYVILLE, TENN. JANUARY 23, 1943 NUMBER 15

Dr. Frank D. McClelland Commissioned As Captain In U. S. Marine Corps; Will Be Inducted In Two Months

Served As Dean Of Students For Over Five Years

President R. W. Lloyd has released the following announcement:

"Dr. Frank D. McClelland, for the past five and half years Dean of Students at the College, has been commissioned a Captain in the U. S. Marine Corps and is expected to be called to active duty about April 1st.

"Marryville College will grant him leave of absence to accept this call to the armed forces. It is confidently hoped and expected that he will return to his duties at Maryville when the war is over or at such other time as his military duties are completed. The length of his present appointment is at the discretion of the President of the United States.

"Captain McClelland had a fine record in the Marine Corps in the first World War. He enlisted at Fresno, California, May 15, 1917, only a few weeks after war was declared; was trained at Mare Island, Calif., and Quantico, Va., was assigned to the Sixth Regiment and sailed for France in January, 1918. He saw active service in the Sixth Marines of the Second Division in the Verdun defense sector, and in the Belleau Woods, St. Mihiel, and Champagne, and Argonne offensives. He was in turn a corporal, a sergeant, and platoon leader, and was commissioned a Second Lieutenant at Rheinbrohl, Germany, in December, 1918, and remained with the Army of Occupation in Germany until his return to America in May, 1910. He was discharged from the Marine Corps in July, 1919. Thus he was one of the famous Marines whose fighting did much to turn the tide of the war.

"Now after twenty-four years in civilian life, at the age of forty-six, he goes back to active duty as a Captain in the same arm of the service.

"Dean McClelland was born in Western Pennsylvania, took his first two college years at Maryville

(Continued on page two)

DR. FRANK D. McCLELLAND

George D. Webster Challenges Youth to Build New World

George D. Webster, Ensign in the United States Navy, and a graduate of Maryville College in the class of 1941, addressed the International Relations Club Monday evening, speaking on the topic "Time for Greatness." He discussed the state of union through the world allied powers, and the axis powers—the relationship of the United States to England, Russia, China, and Germany, Italy, Japan.

The speaker also offered the consideration of a state of union as the service men would like to see it, declaring that this is the time for greatness socially, with the Church as a power, not a comfort; with very positive things to fight for, best exemplified by the Four Freedoms; with something being built worth coming home to, rather than a needy, bickering country that is unable even to solve its Negro and transition problems. This is the time for greatness politically, when enmities are forgotten, bad politics abolished, and the American standards revived, the American people prominent in world affairs. This is the time for greatness—the time to build a new world. Ensign Webster closed his address with a challenge from "The Eve of St. Mark": "Go out and build a new world, boys; for God knows we need it!"

While he was at Maryville, George was a Varsity Debater, president of IRC, president of the Law Club, a junior assistant on the staff of the HIGHLAND ECHO, and a member of Pi Kappa Delta. He was a political science major and did honors work with a study of the Monroe Doctrine. Upon his graduation from M. C. he enrolled at Union Theological Seminary, where he won honors in his freshman year for the best sermon. He left seminary to serve in the Navy, and received his commission there in November, 1942.

Wiley B. Rutledge Appointed To the Supreme Court

Studied At M-C For Several Years

Wiley Blount Rutledge, newly appointed Associate Justice of the Supreme Court, was once a member of the student body at Maryville College. He graduated from the Preparatory Department and attended college here for three years. He graduated from the University of Wisconsin with an A. B. degree at the early age of nineteen.

His scholastic record shows that he made good grades. Ancient languages and mathematics with some work in physics and biology were his main courses of study. "Judge" Rutledge, as he was often called, was a member of the sophomore debating team. One of his colleagues was Dr. Hunter, present Dean of Curriculum. One of his opponents on the freshman team was Dr. Ralph Waldo Lloyd.

In 1911 Miss Annabel Person came to Maryville to teach Greek. One of her punils was Wiley Rutledge, whom she later married. She was his instructor for two years, and it is known that they met at Marryville. They were married in 1917.

Judge Rutledge was a member of the BAND OF BUCKS, a club whose motto was "Fratres Simus," Let Us Be Brothers.

Intramurals were popular then just as they are now. Judge Rutledge was a member of several teams and in his junior year he was elected secretary of the Athletic Board of Control.

As has been stated before, he was a member of the debate team. He often practiced his oratory in the auditorium of the First Baptist Church, of which his father was the pastor.

546 Students Enroll For New Semester

Decrease of 107 Makes Ratio About 2 Women to 1 Man

546 men and women have enrolled at Maryville College for this spring semester of 1943—a decrease of 107 from last semester. A few more students may yet register.

This number is made up of 361 women and 185 men, making the ratio of women to men almost exactly 2 to 1. Graduation and the draft are largely responsible for the smaller number of students.

Nothing definite can be said about the possibility of students' being called to the armed services. However, it is felt that those in the Reserves will probably be allowed to complete their semester's work; and it is hoped that those eligible for selective service and not in any reserves will also be allowed to remain for the entire semester.

Seven new freshmen and one transfer student have registered this week in addition to several former students who have returned. The freshmen are: Margaret Kennie from Belle Vernon, Pa.; Estelle Bryan of Minotola, N. J.; Colvin Hammock from Maryville; David Seel of Bradenton, Fla.; Jake Zimmerman from Marshall, N. C.; Zenobia Bernardini of Cincinnati, Ohio; and Charles Sims from Apison, Tenn. Mrs. Christine Testa is a transfer student from New Bedford, Mass.

A hasty check of the registrations for the various courses indicates that math and science are probably the most popular, especially among the men, who realize the value these will have for them in the armed services.

Richard W. Vine To Present Recital Wednesday Night

On Wednesday, January 27, Mr. Richard W. Vine will present a song recital. Mr. Vine is the assistant professor of music and a new member of our college faculty.

Mr. Vine graduated from St. Olaf College, Minneapolis, Minn., with a Bachelor of Music degree. He was tenor soloist in St. Olaf Choir which was directed by F. M. Christiansen, who is famous for his choirs.

Mr. Vine also studied at the University of Minnesota and at Rutgers University in New Jersey. He later received his Master of Music from the MacPhail School of Music in Minneapolis, Minn. While in New York City, he studied voice under Frederick Southwick and Miss Agnez Forde.

Mr. Vine has been tenor soloist with several churches in Rochester, Minn., and in New York City. He was also associated with the New Jersey Opera Company.

This is the second recital by professors of our music department, the other having been given by Professor Katherine C. Davies.

New Gym Program Begins Next Week

M-C Co-operates With Army-Navy Planned Exercise

Maryville College has joined with other institutions of higher learning throughout the country in participating in a new physical fitness program. Mrs. V. M. Queener and Coach Lombe S. Honaker, instructors in physical education, attended a meeting called at Atlanta, Georgia, by the United States Bureau of Education. Representatives from the Army and Navy outlined the suggested programs for grade schools, high schools, and colleges.

Completed plans have not yet been announced for Maryville students. However, students will be assigned to classes according to bulletin board announcements. They will not register for them in the Personnel Office.

Requirements for men will be five hours of physical education per week. Three hours of this will be in general physical conditioning program. The other two hours will be spent in swimming classes, if one does not know how to swim. Otherwise they may be taken up on any varsity team, intramurals, or approved activities.

Girls are required to spend three hours each week in regularly assigned classes. Other sports activities will be extra.

The conditioning classes for both men and women will be in large groups, which will meet on Mondays, Wednesdays, and Fridays.

MC Women Urged To Help Red Cross

Mc Kirdy and Scheibelle Co-Chairmen in Effort

College women are urgently needed by the Red Cross to help wrap surgical dressing. This patriotic gesture by any of Maryville college women would be greatly appreciated because a new shipment of the dressings has to be made and sent to hospitals as quickly as possible.

The bandages are wrapped in the Red Cross rooms which are located behind Elder's Grocery Store, and the hours during which the Red Cross rooms are open are 9-12, 1-5 on weekdays, and 9-12 on Saturdays. Girls are asked to come at any of these hours if they are free.

In order to wrap these dressings every girl must have something to cover her hair and a smock or a wash dress. If enough of the college students sign up for the work, the girls will be assigned a table of their own. For any further details about this opportunity see Jean Scheibelle or Margaret McKirdy.

Robert I. Gamon, Former Director Died January 6th

Dr. Robert I. Gamon, a member of the board of directors of the class of 1944 of Maryville College, died January 6. He died of a heart attack in Belle Glades, Fla., but the body was taken to his boyhood home in Philadalphia, Pa. He attended the public schools of that city and later Rugby Academy.

In 1890 he received his A. B. degree from the University of Pennsylvania, and three years later he received his A. M. degree from Princeton. In 1904 he was appointed a director of Maryville College. In 1906 Temple University conferred upon him the degree of Doctor of Divinity.

He served as pastor of the Ft. Sanders Presbyterian Church of Knoxville, was clerk of the Union Presbytery, and held other important church offices. He was interested in the Knoxville YMCA and was one of the early promoters of the Boy Scout movement in that city. As a director of our school for the past thirty-eight years, Dr. Gamon has served faithfully the welfare of the college.

Hilton's "Lost Horizon" To Be Given In Voorhees Chapel Next Friday Jan. 29,

Ray Swartzback and Thelma Richardson Take Leading Roles

STARTS AT 8:15

Four Take Shelter At Shangri-La When Airplane Crashes

At 8:15 Friday evening, January 29, "Lost Horizon" will be given in Voorhees chapel as the Athenian-Bainonian mid-w i nter play production. Mrs. Nita E. West, associate professor of dramatic art, is directing the play dramatized by Anne Martens and Christopher Sergel from the novel of the same name by James Hilton.

The leading roles are to be taken by Raymond Swartzback, a biology major from Baltimore, Maryland, and Thelma Richardson, a freshman dramatic art major from Staten Island, New York.

"Lost Horizon" concerns the lives of four perplexed persons: Conway, who is an Englishman attached to the British consulate; Miss Brinklow, who is a tightlipped and straight-backed mannish woman; Mallison, who looks upon his superior, Conway, as the ideal; and Barnard, who is a jovial American Businessman.

Their plane crashes in Tibet and they inadvertantly take shelter at the lamasery of Shangri-La. They are torn between the desire to live beyond their normal span of life in the mystic serenity of the hidden shrine or to return to civilization with its faster, more turbulent mode of living.

The lighting and the stage arrangement for the play are decidedly different. The costumes are brilliant and beautiful, as is befitting the characterization of the Chinese people. Mrs. West has announced that the play is progressing "in fine shape." It is hoped that a capacity crowd will witness the dramatization of this intriguing, oriental play.

There will be no reserved seats and, the admission price will be thirty-five cents.

Ray Swartzback has received the male lead part of "Glory" Conway, a somewhat disillusioned British consul. Ray is president of the Sophomore class this year and has been active in campus affairs, YMCA cabinet, Intramurals and as vice-president of the Ministerial association.

The part of Chang, an elderly Chinaman of great wisdom, was received by Jack Jones, a freshman who comes from Erie, Pa.

Thelma Richardson received the part of Helen, a girl of uncertain

(Continued on page two)

Thirty-Nine Enroll For Parish Work

Student Project Serves Four Sunday Schools

At the opening of this second semester of the 1942-43 term, there were 39 students enrolled in the Parish project. A number of these students are on the waiting list for field work since there are not enough posts in the various churches for all to serve.

For six and one-half years this project has been in operation. Its founders were Dr. Horace E. Orr, Professor of Religion and Philosophy, and Rev. Floyd Watt, missionary of the Board of National Missions. In the fall semester of 1941 it became a regular course, instructed by Dr. John A. Gates, Associate Professor of Bible and Religious Education; students meeting the requirements receive 1½ credit hours a semester, 1 hour for classwork and one-half hour for field work. After completing one year's work in the project, a student does not need to come to class; instead, he devotes his time to field work, reporting to Dr. Gates regularly concerning his Parish activities. At present Dr. Orr is Chairman of the board which controls the project and administers its policies. Mr. Watt is responsible for the supervision of the field work, while Dr. Gates superintends the choice of personnel.

There are four Sunday Schools which are served by students in the Parish project —Newcastle, Marble Hill (Guy Lambert is superintendent)' Kizer, and Hickory Valley. Also at Newcastle, the

(Continued on Page Two)

Bainonian Officers Continue Theme of Allied Nations

Bainonian will hold its first meeting of the second semester Saturday evening, January 23, with an introduction of its new officers. Last semester's theme "Allied Nations" will be continued this semester.

Jane Metcalf, president, representing the United States, will speak on "Etiquette on First Meeting of Servicemen."

Mary Evelyn Waisman, vice-president, representing England, is to discuss the "Pros and Cons of War Marriages."

Marian Stout, secretary, representing France, has as her topic "What You Can Do In Your Own Town for Servicemen."

Agnes Peterson, treasurer, representing Russia will tell why one should be "Keeping Fit for The War Effort."

All old members are urged to come. New students are cordially invited to attend also.

Irma Criswell December Grad Works in Office

Irma Criswell has recently returned to the campus to accept a position in the personnel office. Miss Criswell is a recent graduate of Maryville, having been graduated at the close of the last semester. While attending college here, Irma was an Economics major. It will be remembered that she was awarded the Bank of Maryville Economics Prize at the Chapel presentation last spring. This award was for excellence in the work in Economics for the year 1941-42. Miss Criswell was a member of Bainonian and was English assistant for Miss Jessie K. Johnson for three semesters. She was recently awarded membership in Alpha Gamma Sigma and graduated cum laude.

Irma's work will be that of an assistant in personnel office.

Disc Club Features Concerto By Grieg

Oliver Ruth Stribling Will Be Commentator

The Grieg Concerto and Passacaglio by Bach, with Oliver Ruth Stribling as commentator will be featured at the Disc Club's second meeting this semester in Voorhee's Chapel at 6:30 on February 18.

A committee made up of Bill Buzby, Ermina Fisher, Ruth Freeman, Virginia and Alice Matthews, Gordon Stone, and Gabriel Williamson has planned a series of programs which will include one of Jazz featuring not dance music, but Dixieland, Boogie-Woogie and Chicago Jazz; opera; Beethoven's Pastoral Symphony; and special Easter music.

To inaugurate the series a "guess which" program was presented last Thursday evening, during which the members made a mental note of what was being played, to compare their answers with the correct ones named by Gordon Stone after all the selections were played.

Plans Made For February Meetings

Plans for the sixty-seventh annual February Meetings at Maryville have been in progress for some months. The leaders will be Dr. William M. Elliott of Atlanta and Rev. Dr. Sidney E. Stringham of St. Louis. The College has appointed committees of faculty and students and is sending letters to all parents asking their prayers. The whole program of the College during the period of February 3rd to 11th will give right of way to the Meetings.

College Library Improved By Extensive Painting

Miss Wright's Map Provides Funds For Renovations

President Ralph W. Lloyd has reported and described an extensive and valuable improvement at the Colege during the long Christmas vacation. It is the painting of the interior of the library. The work, under Mr. Brown's (Brownie) supervision, had already begun when College closed in December and was completed only a couple of days before students and faculty returned.

The walls and columns of the large main reading room, and the walls of the front stack room and lobbies have been painted mural gray, a clor just off cream; the veing and beams of the main room, ivory. The back stack room is white. The whole impression is one of strong, clean, beauty.

This was a needed improvement as the walls had never been painted. Whe nthe building was erected in 1920-21, the walls were smooth white plaster and painting was not necessary at the time. During more than twenty years many disfigurations from radiators and general use had become very noticeable in

(Continued on Page Two)

Student Writes Letter To Family Protesting New Physical Program

By Robert F. Huber

Dear Folks: This is the first opportunity I have had of writing you since I got back to college; for thing have been so busy here that a fellow just doesn't have any time to do anything, let alone write letters. In addition to all my troubles the college has placed an additional burden of physical edu- additional burden upon us all. What is it? Well, we are all required to take five hours of physical education each week. You say that isn't bad at all? Perhaps not, but how are we supposed to do all our lessons in addition to this strenuous phs. ed. program? We won't have any time at all if Prof. Stellwager keeps piling on the work as he has been. He must think we're all Dr. Lloyds.

I won't mind the program so much if I only don't have to get up early in the morning, for you know I like nothing bette rthan sleep. We are supposed to take three hours of conditioning exercises and two hours of intramural sports. Yes, that sounds like fun, but for those of us who don't like to play basketball or handball it may be a little tough.

But the worst thing of it all is that de don't get any credit for all our hard labors. Now isn't that just disgusting! He we go and spend five hours on physical training and all we get is one puny hour's credit. That's enough to make anyone mad.

Perhaps I just like to gripe, but all in all the fellows around here think we are getting a raw deal. I'll write again as soon as I get over my first attack of stiff muscles.—Your loving son.

Dear Son: I just got your letter this morning, and frankly I was a little disappointed in what you said. You say that you are going to college to get an education not

(Continued on page four)

Play-by Play Campus Descriptions Show How The Other Half Lives

By Thelma Richardson

Any similarity in the following to Maryville students has been planned with malice aforethought.

Scene: Chapel on Tuesday morning.

The carefree sound of students' feet as the organ peals out"It's a Sin to Tell a Lie"

Scene: Breakfast.

Waitress: Does anybody want any coffee?

He: Yes, but I'll get it myself.

Waitress: Oh, no. Let me get it.

He: Oh, no. I'll get it.

Waitress: Oh, no, . . .

(But this can go on indefinitely)

Scene: Any dorm, any room, any Morning

"Stupor suds, Stupor suds,
Lots more suds from Stupor suds."

Voice: (frenzied) Turn that thing off. I'll go crazy.

Scene: Library.

Obnoxious creature: Sh! People are trying to concentrate.

Scene: Carnegia. It is eleven o'clock and all are nestled snug in their beds. This is a typical conversation.

Joe: Goodnight Moe.

Moe: Goodnight Joe.

Scene: on the campus, late at night. (ten fifty-five)

Melodious voices blended in the romantic strains of "Moonlight Becomes You."

Roomie No. 1. (bigoted, prejudiced) Gee, that's super lovely. Roomie No. 2: (bigoted, prejudiced) Phooey!

Scene: Pool

Ardent diver: Watch this ore Bill.

There is a merry splash and a silly ripple and silence.

Bill: I lose more customers that way.

Scene: Make up your own for a Change.

First voice: Hey, get up roommate, it's almost six o'clock. Oh, boy, oh boy, we can take a shower

SATURDAY, JANUARY 23, 1943

LEAD ON MACDUFF

Last Sunday was observed by men in Education as the birthday of Benjamin Franklin. About 200 years ago this famous educator laid the foundation for the University of Pennsylvania—and thereby hangs the breaking of a centuries-old tradition. He established his pet educational idea, having an "English" rather than a "Latin" school; i. e., an enlarged, practical curriculum replaced one devoted to the old classical studies alone. Thence has grown our modern college.

Today come a strangely Franklinian assertion: "The American college system is like a huge factory working on blue prints designed long ago to meet the needs of an earlier generation." So states Harry D. Gideonse, president of Brooklyn college, voicing the opinion of many prominent educators.

Is it true that our education, termed modern and progressive, backed by a comparatively short but highly esteemed history, needs, like the medieval curriculum, to be sharply repudiated out of existence?

This is 1943. We are in a war. Is education for so-called arts of peace an anachronism in the legend of 1943 and years thereafter? Are literature, language, social science obsolete courses, out of style in the culture of future America? Should the American college really become a sort of glorified workshop in which the great minds of the country pore with scholars' eyes over machines or tools?

It is a question of strange interest and importance; should we in the future educate for war—or for peace? If, as sometimes seems possible, we must face possible war every few decades, perhaps we should devote our training to preparation for war . . . . But how to live well then if we should have peace? . . . Or should we study peaceful arts and then have our lives threatened by unpreparedness in face of sudden war, see our men have well in hand poetry, molecular theory, or the Three Laws of Learning to sling at approaching enemy files rather than more effective hand grenades? For the future do we need not informed but uniformed youth? Will liberal education suffice in the mechanized or machinized world which will be ours?

This week has seen the resolution of Greek-Americans to return to Greece after the war, if Nazi-enforced starvation should so depopulate the country as to cause the death of the nobly-traditioned race, to prevent the extinction of descendents of a glorious culture. In contradiction to this man-to the classical tradition, our commissioner of manpower has indicated the colleges must change or die.

Perhaps what is needed after all is not a discarding of liberal education, but a redefinition of the term. We have added science, social sciences, modern languages; yet we still have a liberal education, essentially the same in aim and philosophy as centuries ago. Therefore it seems that we can further expand the concept of liberal education to prepare a man for a life with grim industrial and mechanical exactions and at the some time for his leisure in life and its finer aspects. Just what will be the outcome is rather obscure. It is however an interesting matter for conjecture—if one is meant to conjecture.

By JORDY MEADOWS

Hi, hey, and hellooooooo!! And we all still believe in Santa Claus and white Christmas because the whole vacation was pretty wonderful. But things have happened so fast. Seems as though in order to be in style a haircut or a diamond is absolutely necessary. Some of the ringed women include Mary Jean Partridge, Hannah Duke, Carolyn Harper, and Mary Frances Houk, Ginny Williams, Marjorie Stokesberry, Ethel Hanners and Betty Winton are all proud of theirs. Margaret Hunt and Evelyn Whitehead are right in the fashion parade with their rings. And one of the most recent acquisitions belongs to Marian Goellner. And we think that Bill Wagner had a cute technique when it came to planting the stone.

And now, after taking a deep breath, we want to announce an engagement. Actually!! Seems as though this one has something to do with Marion Smith and Phil Vance. Our advice to the love-lorn is to come to Maryville college—by airmail if necessary.

From engagement to marriage is the logical step, and we heard that Chick Buchanan had a beautiful wedding the day after Christmas. Hers was replete with all sorts of naval uniforms, and we'd guess that it was plenty romantic.

There are quite a few happy goldfish floating around now They are at last back with the respective owners after a most hectic holiday season. Especially Gleeps!! His Christmas trip was made via the Bewildered-Freshman—Miss Henry route. But now he's safely resting at home.

Let's take time out and sympathize with Layton Bergquist. He's laid up with some of the nastiest old measles you ever saw. But some who ought to know say that just when they (the measles) started to blossom—before he knew what had hit him—he looked pretty cute.

Moving season is pretty well over now, but we'd suggest that you check up on all your friends just to see if they might possibly be living where you thought you saw them last. There might be a few surprises in store!

Looks as if Eleanor Williams is planning to keep very, very clean this season. Right now she's looking around for a wheelbarrow to carry the cake of soap she acquired somewhere. It's the biggest thing we've ever seen walking. We's suggest that she turn her room into museum so that interested spectators could view it at will.

Word has just been received that Clem Hahn, now a lieutenant in the Marines, was injured in combat duty in the Pacific. Everyone remembers Clem, who graduated in '41, as one of the best wrestlers our team ever had. Clem fought at Guadalcanal and has been in the hospital on one of the Fiji Islands for six weeks.

If you ever get hungry to read a funny book, we know where you can borrow a whole stack. Ted Kidder read them all the way from Washington to Knoxville on the way back to school. He got a ick out o fthem—so why not you!!!

And by the time this semester is over if we're not all perfect physical specimens it won't be someone's fault. Inhale! Exhale!! And RELAX!!!

What is that new song hit? "One Minute to Eleven?" or is it "Nitey-Nite, Fellows!"

From This Corner

By BEN LYNT

From time to time, we of the student body hear announcements made concerning meetings of the student council, or hear a resolution read in chapel some morning which has been written and sponsored by the student council, and it is once a year that we become more conscious of the existence of such a student representative organization, to wit: when we are called upon to cast votes in the annual council-sponsored-and-operated elections and so to select members of our respective classes to represent us on the student council. We have also some vague ideas about the actuality of a subsidy of this council known by many names in common parlance, but, officially, as the student-faculty senate, wherein our representatives meet more or less regularly with selected faculty members to plead the cases, if any, of the student body and hear rendered decisions by the faculty which are to be reported to the student council and ultimately to the entire student body. Such is the average student's experience with the council, unless, of course, he happens to be a member of that august and profound body.

It was my privilege to be invited to attend the first meeting of that council for this new year, in the capacity of a silent and interested observer. It occurred to me that perhaps others of the student body not so invited, and mayhap even a stray faculty member or two, might be interested to some silght degree in hearing, or even reading, an account of that most momentous meeting of the new semester. I have attempted, therefore, to set down faithfully the business of that meeting in the hope that you may be brought closer to the organization and feel in truth that you have a real interest in it and that the council is a living thing and not as remote as we are often prone to think of its being.

The meeting was called to order at 8:10 p. m. on Tuesday, January 19, in professor Queener's class room, Thaw Hall, by Willie Williams, vice-president, presiding in the absence of a president, which absence was caused by the graduation, in December past, of the former president, Brasher Bailey.

Willie appointed B. J. Miller to act as secretary for the remainder of the meeting, and pointed out that the main business at hand was to elect a new president to fill the vacancy. Someone raised the question as to eligibility for the office, and it was explained that anyone, or all, of the four seniors would be, by virtue of their class standing, eligible for election to that office. Those so found to be eligible were Ted Kidder, Ted Pratt, Willie Williams, and Natalie Yelton.

Nominations were heard with the result that all four were nominated. The two girls declined their nominations and the council proceeded to the election without further ado. Election was by a show of hands, the two candidates having left the room, and it was declared that Ted Pratt had received greater number of votes and was therefore greeted as the new council and student body president by the eleven members present.

Ted Pratt took over the chair and conducted a fairly streamlined business meeting for the remainder of the session, during which time business was introduced concerning the prospect of Saturday night dating; questions were raised concerning the status of the student-faculty senate, present membership and the technicalities of holding office in the council. All of this business was dispensed with in record time and with characteristic swiftness with no decisions having been rendered, but with executive promises of investigations to be made in the immediate future.

TALK OF THE WEEK ... " By" SPRAGUE

"LOST HORIZON" . . .

(Continued from page one)

age but no uncertain beauty. Thelma was on the publicity committee of "Kind Lady" and is serving her second semester as a freshman apprentice on the Echo.

Lo Sen, an exquisite Chinese girl is to be played by Dorothy Lehman. Dorothy is a sophomore English major from Beverly, Ky. Dorothy was born in China, a fact which further qualifies her for this part.

Mallison, a rising figure in the foreign service and impatient to get ahead, is to be played by Hal Lloyd. Hal is an English major from Maryville and has been active in debate, choir, YMCA, intramurals, and has served as a member of the Echo staff.

Nancy Russell, a sophomore from Quincy, Mass., has been selected to play the part of Miss Brinklow. Nancy has been active in dramatic art, which is her major field. Last year she was cast in "In a House Like This."

The High Lama who founded Shangri-La hundreds of years ago is to be played by Clyde Brown. Clyde has been active in dramatics and has just completed a role in "Kind Lady." He is a senior from East Waterford, Pa., and is majoring in history. Clyde edited the "M" book for '41-'42. He is now president of the YMCA and is treasurer of the senior class.

Betty Querns is a sophomore biology major from Millville, New Jersey, and will play the part of Elizabeth.

The remaining characters will be played by freshman as follows: Myra played by Dorothy Toomey; Wyland played by Bob Barker; Rutherford by Tom Smith; Barnard by William Busby; Tashi by Mary Grace Hall; and Ai Ling played by Janet Ruth Roush.

Ted Kidder is stage manager and Ken Cooper is business manager. John Scott is publicity chairman while Kathryn Sisk and Estell Farrow head the property committee. Bud Engel is the electrician and Martha Moore is in charge of costumes. Sarah Crider is to be Mrs. West's assistant.

Last semester several short scenes were presented at a joint meeting of the Athenian-Bainonian societies held in Bartlett hall.

Dr. Hunter Announces Seventeen Students To Take Medical Exam

Seventeen students have indicated their wish to take the medical apititude examination, Dr. E. R. Hunter announced today. This examination is a requirement for all those planning entrance into medical schools, and is given by the Association of American Medical Colleges. The examination is sent to all colleges in the United States. It is estimated thatapproximately 12,000 students will take the medical exam this year. The results of these examinations are used to determine entrance into the medical school.

Our list of seventeen students this year is large for us. However, our largest number taking the exam was last year when twenty-four took it.

The Medical aptitude tests are somewhat earlier this year, since they were given in May in former years. The change is due to changes in the opening dates of medical colleges.

LIBRARY PAINTED . . .

(Cont. from Page 1)

an otherwise impressive interior. But the great size (the reading room is 170 feet long, 66 feet wide, with a ceiling 20 feet high) and the fact that its painting was never absolutely essential have postponed its redecoration.

A large proportion of the money with which the work has now been done has come through the interest and efforts of Miss Nathalia Wright, Assistant in the library, with the cooperation of Miss Grierson, Assistant Librarian, Mr. Ellis, Librarian, and others. Miss Wright made a valuable and attractive map of the city of Maryville, with historical notes on the border, had a plate made and 100 copies printed. The maps were placed on sale at the College Book Store, the Chamber of Commerce, and Wright's Store in town which was founded by Miss Wright's father. Also Miss Wright and Miss Grierson did some effective personal canvassing for sales, and donations of approximately $10 were received. The price of the map was set at the modest figure of fifty cents but no commissions have been asked or paid.

Up to the Christmas holidays approximately half of the maps had been sold. The others are on sale at the three places mentioned above, but it is expected that it will take some time to sell them. Therefore to make it possible to have the painting done now, Miss Wright and Miss Grierson personally advanced the price of the remaining maps in the hope of future sales. Thus the College has received a net total of450 toward the total painting expense of $684. The remaining $234 of the cost has been paid from the current funds of the College.

The College and all users of the Library owe Miss Wright, Miss Grierson, and the others who have helped a debt of gratitude.

—V—

YM-YW WILL HOLD JOINT MEETING AT 1:30 THIS SUNDAY

The YMCA and the YWCA will hold a joint meeting tomorrow afternoon at 1:30 in the Fine Art Studio below the chapel. Mr. and Mrs. C. C. Van Deusen, who have been missionaries in China, will give an informal lecture and show slides in foreign fields. All men and women of the college are invited to attend.

—V—

ATHENIAN MEETS

Athenian will hold its first meeting of the year tonight at 6:15 in Athenian hall. Owen McGarity, from Crydon, Pa., has charge of the entertainment. He has planned an all musical program starring Jack Houdeschell, who will play several popular songs on the piano, John Runion and Barbara Shearer who will play a duet; and a quartet consisting of Wally Easter, Jack Scott, Ed Henderson, and Owen McGarity.

Ken Cooper, the newly elected president, will conduct a business meeting prior to the evening's entertainment.

DR. McCLELLAND . . .

(Continued from Page One)

College before the World War and his last two at Grove City College after the War. He holds the academic degrees of B. A., M. S. (Chemistry), and LL.D. His educational career includes two years as a High School Principal in Pennsylvania, and fourteen years at Pikeville College, Ky.—three years as Instructor in Science, seven years as Dean and Head of the Chemistry Department, and then four years as President, before coming to Maryville as Dean of Students in 1937.

"He has long been an active member of various educational associations, of the Church, of Rotary and Kiwanis International, and other groups. He is at present an Elder in New Providence Presbyterian Church and is President of the Maryville-Alcoa Kiwanis Club. He is the author of articles published in educational, scientific, and religious journals. He is married and has two sons, age ten and eleven.

"Dr. McClelland is one of the most valuable men connected with the College. It is with great reluctance that we see him go, and it is only because of the need and call of the Armed Forces for his experience and ability and because of his own sense of duty in the matter and his promise to return to the College, that we do not attempt to dissuade him. However, we shall have the satisfaction of continuing to count him a part of the Faculty and as available at times, even if at long range, for counsel and planning. His work will be divided as well as possible among the President and other members of the Faculty and Staff. He will continue his work at the College until called to active duty. At the request of the College that date is being made as late as is consistent with the demands of the Service."

PARISH PROJECT . . .

(Continued from Page One)

service is conducted by two students—Duane Collins and John Taylor—, and Mr. Watt preaches once a month.

In the two mission Sunday Schools, Home Avenue and Lamar Chapel, most of the class teachers are students. At Home Avenue, which has been almost completely taken over by students, Dr. John A. Gates is superintendent.

Along with Sunday church activities, some students teach Bible public schools in the county. At Chilhowee View, an eight-room Chilhowee View, and eight-room school, eight persons hold classes. Betty Winter is Director of worship there. At the Six Mile School, three students conduct the study, while at Christy Hill two students direct the class in Bible study.

In addition, three students have a class and recreational group at the Blount County Orphanage one day a week.

A new undertaking of the group is a circulating library for all the rural Sunday schools. It is directly under the auspices of the Parish project members. The initial start was by contribution and donations on the part of the students will be gladly accepted.

The value of such a project has been recognized by the Interboard Commission of the Board of National Missions and the Board of Christian Education of the Presbyterian Church, United States of America, which contributes to its support financially, as does the college.

Exchange

By DOROTHY DICK

(A common Maryville complaint) "If my roommate doesn't stop talking in his sleep, I'm going to send him home to mutter. . .

The first little pig said to the second: "My! I never sausage heat" . . .and the second replied "Gee, me neither — I'm nearly bacon!"

SCOTSPORTS

By TED PRATT

ECHO SPORTS

WELCOME HOME!

Twenty-eight days of vacation and the Government hasn't taken this typewriter yet. It begins to look as if the machine will outlive its users. Too bad! But isn't it good to be back! The Bowl games were great; somebody decided to keep up the old game of baseball; the boxing game hit a new low, and we have to take FIVE hours of Phys. Ed.—what more could you ask for within twenty-eight days? Well, then, welcome home!

BASKETBALL

For the past week a number of players have been working out on the hardwood in Alumni Gym. Lacking a single letterman, the group has been training hard under Coach Honaker in preparation for their hard-to-get schedule. No definite dates have been set for games yet but letters are out to several teams for acceptance. The squad is young and inexperienced and a great deal of practice will be necessary before they can venture out into the tough collegiate circuit. Tonight's practice game with the Alcoa Independents should help the boys in the Orange and Garnet to learn something besides the art of self defense anyway.

WRESTLING

A schedule has been arranged for the Scottie wrestling team. To date it includes such big names as Appalachian State, University of Tennessee, and Georgia Tech. Here too the call is "Men Wanted" to strengthen the present squad. "Woody" Everett has accepted the job of coaching the grapplers and is rapidly whipping them into fine shape. "Woody" was a member of the 1940 State Championship team here on the Hill.

HERE AND THERE

Best in the Bowls: Alabama's brilliant comeback spirit in overcoming the BC Eagles was surpassed only by the superb passing of Glenn Dobbs in the Sugar Bowl. His seven for seven in consecutive plays should be tops in anybody's book.

1943 may go down in baseball history as the year when there were no hold-outs. Maybe it's because there's no one to hold out.

Again intramural basketball season has rolled around. Fourteen teams are playing twice a week; there's bound to be a couple of good games in there. But stay back out of reach when you are a spectator. It's much safer for everybody.

If SEC basketball is to be judged from last Saturday night's UT-Kentucky brawl, eastern and midwestern teams are inventing a new game in which the players throw the ball through a netted hoop to run up scores of 60 to 80 points.

Do You Want Intercollegiate Sports?

An Editorial

On Wednesday afternoon of this week a pick-up intramural team matched the undermanned varsity shot for shot and point for point. Perhaps one member of that team had legitimate reasons for not going out for varsity basketball. Certainly three or four players on that team and doubtlessly a number from other independent teams would appreciably strengthen Coach Honaker's varsity. Turnouts for this week averaged a bare twelve men, whereas in former seasons, the basketball squad consisted of twenty and sometimes more than twenty players. One thing is evident: more men will be needed to whip up a real competing team!

Under the excellent eye of former Scottie wrestler "Woody" Everett, another ten men are rapidly getting into shape for their first wrestling match next week. Last semester's squad of twenty-four has been diminished to half that number. "Woody" will welcome any fellows—old or new—who are interested in the grunt sport.

Now something is not right. Lettermen, veterans and players with real talent are not turning out for intercollegiate sports. Whatever the cause for the backsliding, let's forget our petty dislikes and our trivial differences. If you like good, hard, clean sports, you'll be out to make the Maryville College basketball and wrestling teams proud of their names in 1943!

INTRAMURAL DOPE

BILL SEGRAVES

The Intramural Sports were off to a "bigger than ever year" with the "cooperation" of Uncle Sam. More men of the college are expected to participate in Intramurals than ever before.

BASKETBALL

The first sport of the year is basketball and it was off for a big start last Thursday as the men romped up and down the gym floor.

INVINCIBLES 13 COOTIES 15

The Invincibles were defeated "believe it or not" by the Cooties in one of the closest games of the afternoon. The Invincibles only rolled up 13 points to the Cooties' 15. C. Burgreen, C. Shell and R. Dillener were the star players for the Cooties and D. Gaultieri led the Invincibles in scoring with a total of eight points.

ALPHA SIGMA 22 Y CABINET 13

The Alpha Sigmas came across with a handful of stars to steal the game from the Y Cabinet by the score of 22 to 13. Starring for the Alpha Sigmas were Stevens, Rock, Rock, Adams and Rettke. For the Y Cabinet Garvin, Brown, Bushing and O. Pemberton were the scoreleaders. Both teams show promise of a big season.

ATHENIAN 19 CHOIR 15

Hodges, Pratt and Crawford were the scorers for Athenian in the Athenian win over the Choir. Wally Easter, Lloyd, Hunter, and Moehlman did the scoring for the Choir.

MUD HENS 40 SONS OF LIBERTY 20.

The Mud Hens showed great promise as they raked up 40 points to the Sons of Liberty's 20. Hens stars were Renfro, Talbott, Mitchell, Bayless, and Ezell. Stars for Liberty were Ford, Hogue and Conkle.

GLADIATORS 14 CELTICS 54

The highest score of the afternoon was racked up by the Celtics against the Gladiators—54-14. Edwards, Miller, Breazeale, Scapellati, Meineke, Sawmiller and Robertson were the scorers for the Celtics and Duke, Buford and Parvin were the scorers for the Gladiators.

RINGERS 12 HIGH FLYERS 2

Peter Van Blarcom was the star for the Ringers in their 12 to 2 win over the High Flyers. Playing good ball for the Ringers were Hobart, Lynt' Milligan, Zimmerman and Proffitt. The only score by the High Flyers was made by Tarwater, but Jones, Saunder, Hoglan, Baxter, Long and Sanderson filled out the team roster.

HANDBALL DOUBLES

Handball doubles begin next week, but as we go to press only seven couples have signed up. Names of the couples are as follows: J. Brown-Bushing, C. Brown-Williamson, Huber-Segraves, Scapellati-Adams, Hopkins-Easter, Pemberton-Pemberton, and Cooper-Swartzback.

Billy Robarts Plans Cotton Club Program

Cotton club opened the new semester with a meeting on Tuesday night, January 19. The program was planned by Billy Robarts, program chairman, who is a sophomore from Florida.

The program consisted of entertainment in the form of two reading: "The Fool's Prayer" and "Before and After Marriage" by Esther Farrow; a song by Winton Enloe, who was accompanied by Charley Burgreen; and waltz in F-sharp minor played by Dorothy Gredig.

On Monday, February 1, the second meeting of the year for the Cotton club will be held.

French Club Meets 28th

The first meeting of the French Club in the second semester will be on Thursday evening, January 28, with the program in charge of Lloyd Anderson. All old members and others who are interested are invited to attend

New Wrestling Coach Everett Calls For Larger Squad

The wrestling squad under the capable leadership of Captain Joe Suitor and the new coach Woody Everett, is off to a promising start. Many of the boys that were out before Christmas have failed to report. The squad is somewhat smaller on this account but the spirit is good and the boys are gradually getting into shape. The squad will miss Red McCord of the 128 lb. division. Red, who turned in an excellent record last winter, has left school and is entering the Army Air Corps. With Red's absence the 128 lb. division is open Contenders for this division are, Dick Boyd, Jim Yunker, Luther Cross, Paul Smith and F. Bradford. Other members of the squad are Mac Wilson, Trevor Williams, Bill Ford, Paul Schuster, Louie Zimmerman, Ed Ballinger, and Lloyd Anderson.

Spanish Club to Present Games

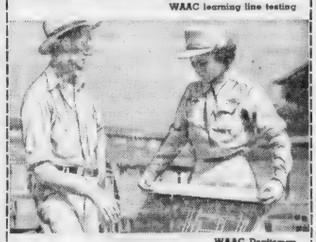
The Spanish Club will hold its first meeting of the semester next Thursday evening at 6:40 in the Spanish class room in Anderson Hall. Bob Bruce, acting as master of ceremonies, will take charge of the Spanish-American games.

The regular meeting of the club has been changed from the first and third Thursdays of the month to the second and fourth to avoid conflict with the regular Disc club program. All students who are interested in Spanish are invited to attend.

Green Scottie Team Takes Floor Tonight in Gym

To Oppose Alcoa Independents In Practice Game

The Scotties start a somewhat belated cage season tonight at 7:30 when they tangle with the Alcoa Independents, a local team of considerable reputation, It will be a green team that takes the floor tonight for Maryville. With the exception of Chuck Brand and Doug Roseborough all of the squad are total strangers to a Maryville uniform. The squad, smallest in years, consists of Oliver and Artie Spears, Winton Enloe, Bill Aston, Ken Cooper, Bill Sidner, Chuck Brand, Doug Roseborough, Bill Evans and Wayne Davis.



Since the return to school, a squad of from 10 to 15 men have been working out daily in the gym. Not much is expected of the team this year because of the inexperience of the men and the lack of the usual facilities for practice, which are now being used for the new physical education program.

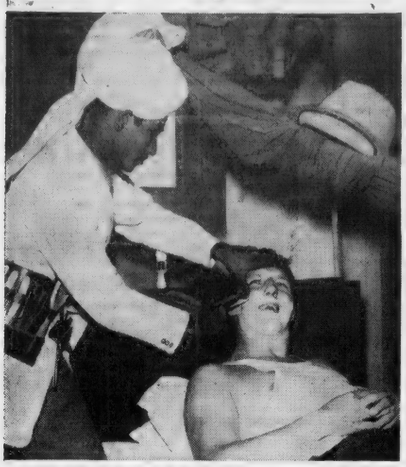
Auxiliary	Private	50.00

* To the above are added certain allowances for quarters and subsistence where authorized.

YOUR Army has scores of jobs in the WAAC for alert college women . . . jobs vital to the war . . . jobs that will train you for interesting new careers in the post-war world. And here is good news indeed — you may enroll *now* in the fast-growing WAAC and be placed on inactive duty until the school year ends. Then you will be subject to call for duty with this splendid women's corps and be launched upon an adventure such as no previous generation has known.

New horizons . . . new places and people . . . interesting, practical experience with good pay . . . and, above all, a real opportunity to help your country by doing essential military work for the U. S. Army that frees a soldier for combat duty. These are among many reasons why thousands of American women are responding to the Army's need.



You will receive valuable training which may fit you for many of the new careers which are opening to women, and full Army pay while doing so. And by joining now you will have excellent chances for quick advancement for, as the WAAC expands, many more officers are needed. Every member—regardless of race, color or creed—has equal opportunity and is encouraged to compete for selection to Officer Candidate School. If qualified, you may obtain a commission in 12 weeks after beginning basic training.

Go to your WAAC Faculty Adviser for further information on the list of openings, pay, and promotions. Or inquire at any U. S. Army Recruiting and Induction Station.

U. S. ARMY RECRUITING AND INDUCTION SERVICE

WOMEN'S ARMY AUXILIARY CORPS

Once Over Lightly, Please!

Yanks in India find that life in the army isn't as tough as it's cracked up to be. In fact, there are moments in which it's a distinct pleasure. Staff Sgt. Wilbur E. Brandt, of Cleveland, O., is shown enjoying one of them. He's being shaved in bed in New Delhi before reveille by an Indian barber named Mohamed Yacub. The cost—six cents!

Dr. W. P. Stevenson Will Address Student Volunteers on Sunday

Dr. William Patton Stevenson, college pastor emeritus, will speak at the regular meeting of the Student Vols on Sunday night, January 24. His subject will be "Latin America." This meeting was planned for December 6, but was postponed.

At the meeting last week Helen Marie Wilson spoke on "Iran." She used a doll dressed in native costume to illustrate her talk.

Student Writes Letter . . .

(Continued from Front Page)

stiff muscles; but you forget, Son, that an education must be rounded in all respects. You must develop your mind and body equally. I think, and your father agrees with me, that the college officials had great foresight when they enlarged their physical education requirements, for I know it will do you a lot of good.

I've just been reading about all the terrible things our boys have to endure in the deserts of Libya and the jungles of the tropics, and all that made me think of you there in college. That physical training may save your life at some time or other when perhaps you may have to endure such hardships. Yes, I am very glad that you have to take all those body building exercises and I know you will appreciate it in later life.

You say that you don't care for basketball or handball. Well, that's just too bad. I tought you were a man, an American. I tought you had that great American spirit of competition. There is nothing like a good basketball game to develop that spirit, that spirit which is essential to happy, successful living. Why do you think the Army and Navy place so much emphasis on sports when they are training their men? It's not only because it builds their bodies but also because it develops that spirit of competition that will make them want to win, and certainly we must win if ye are to survive.

I think after a while you will see the logic of it all and that you will grow to appreciate this opportunity that has been given to you.

Be good now, and study hard, and don't let your Spanish teacher get you down. I am sending you some ointment to sooth your sore and aching muscles. Love, Mother.

CLARK'S FLOWERS

Proofs Received For First Half Of Chilhowean

Proofs for the first half of the Chilhowean have been received from the engravers by staff. Most of the pictures are in for the last half of the yearbook and soon will be sent to the Capper Engraving Company.

Covers have been ordered for all who signed the subscription cards, and each person who signed a card is expected to take his copy of the Chilhowean. The yearbook is to have what is called a Class One cover made by the Kingskraft division of the Kingport Press at Kingsport, Tenn.

Those few students who have not made the first payment are urged to do so at once. The next payment of two dollars is due on February 1, which will make a total of three dollars, leaving the final one until the first of April.

and get some exercise before breakfast.

Second voice: (whose owner envisions herself purchasing a shotgun within the week) Oh, what's the use!

Scene: Lobby of Pearson's on a Tuesday night after Supper.

She: I'm sorry I let you wait, because I must rush right up to my room, and hear "Lights Out."

He Don't ratios mean anything to you.

Scene: Any week, any night, any bush.

(Silence)

Well what did you expect?

Scene: Chatterbox at five to ten.

Girl (dashing out, with her hair up in curlers, cold cream, housecoat, sees boy, who sees her) Aaooh (That's a frightened gasp.)

Boy (Aw, you know the rest as well as I do.) . . .

Scene: Thaw steps.

Obnoxious creature (again): say, have you heard the latest moron joke?

Victim: (Cool, calm, menacing, with an I'm IA-they-can't-do-anything to-me-expression in his eye.) No.

Notice The WAAC Ad

Attention is called to the advertisement on the sports page of the ECHO of the Women's Army Auxuliary Corps. Mrs. Verton M. Queener, instructor in physical education, has just been appointed by the College to serve as campus director for Maryville women interested in the activities or enlistment procedure of the WAACs.

PARK THEATRE
Tuesday—Wednesday
"The WIFE Take a FLYER"

MISS SEEDORF JOINS WAAC'S

Miss Evelyn Seedorf, former instructor in dramatic art at Maryville, has recently been accepted into the Women's Army Auxiliary Corps. She began her training January 16 at St. Louis, Missouri. She will first receive three months' intensive training and then return to Madison, Wisconsin, as a Civil Service Instructor in Radio. Her duties will be to teach pilots at Truax Field, Wisconsin. She will instruct in either code operations or radio mechanics.

Miss Seedorf has resigned her position at the Wisconsin Rapids High School, where she has been teaching for the past school year. But she hopes to continue working on her Ph. D. degree when she returns to Madison to teach, although this is purely tentative.

Two other former women students at Maryville have recently volunteered for services in the armed forces. Mrs. Kenneth Blades, the former Miss Ruth McCampbell of the class of 1936, has entered as a WAAC. Miss Viola Turner, who graduated in 1940, has joined the WAVES.

Dr. Lloyd Attends New York Meeting

President Ralph W. Lloyd is in New York, where on Thursday and Friday he attended the annual meeting of the National Student Committee of the YMCA, of which he is a member. He expects to be home probably late tonight. Next week he is to be in Cincinnati for one day to attend the National Commission of Church-Related Colleges of which also he is a member and of which he was chairman a few years ago.

GERMAN CLUB

German club has planned a scavenger hunt for the regular meeting Thursday, January 28. The members are to meet at the gym at 6:00.

During the business meeting an election of officers will be held.

The program committee is planning a Valentine party for the first meeting in February.

VOLUME 28 — MARYVILLE, TENN. JANUARY 30, 1943 — NUMBER 16

"Arsenic And Old Lace" Will Be Theta-Alpha Sigma Mid-winter Play

Mrs. West, Director Announces Date of Production March 12

"Arsenic and Old Lace" by Joseph Kesselring, has been chosen by Theta Epsilon and Alpha Sigma as their mid-winter production. The date for its presentation is March 12, as announced by the director, Mrs. Nita Eckles West, associate professor of dramatic art. The play is a comic melodrama concerning the rather philanthopic motives of the two Brewster spinsters, the sinister profession of Jonathon Brewster and his German accomplice, Dr. Einstein, and the far-fetched mental delusion of Teddy Brewster, interspersed with the hectic love affair of Elaine Harper and Mortimer Brewster.

Abby and Martha Brewster, the two harmless old maids who are trying to make lonely people happy in a rather peculiar way, will be played respectively by Bette Jean Kennedy from Hickory, N. C., who is a junior dramatic art major, and Dorothy Harned, Maryville, Tennessee, also a dramatic art major. Jonathon Brewster, to be portrayed by Fred DePue, is the rapscallion black sheep of the family. His German accomplice, and rather shady companion, Dr. Einstein will be played by Robert Herzberger. Bob is a junior chemistry major from Kenmore, New Jersey. Fred is a political science major from Bangor, Pennsylvania. the ingenue lead of Elaine, the daughter of the Reverend Dr. Harper, will be played by Jordy Meadows, a junior English major from Beaver, Pennsylvania. Jack Lippard, a junior from St. Louis, Missouri, will play the part opposite Elaine, Mortimer Brewster, her boyfriend. The Reverend Dr. Harper, to be played by Robert Mair, is the worried father of Elaine. Bob is a senior biology major from Atco, New Jersey. Bill Buford as Teddy Brewster, will represent the harmless but insane nephew of Abby and Martha. Bill, who is a biology major, is from Florence, Ala. Ellis Burcaw, a senior physics major from Brewster, Ohio, and William Ford, a chemistry major hailing from Steubonville, Ohio, will take the parts Officers Brophy and Klein, respectively. Robert Bayless, the only sophomore in the cast, and a math major from Toledo, Ohio, has been chosen to play the part of Mr. Gibbs, a gentleman almost made happy by the Brewster sisters. Officer O'Hara, a policeman with high ambitions as far as his literary leanings are concerned, will be played by Neil Proffitt, a junior art major of Maryville, Tennessee. Winton Enloe the only freshman in the cast, who hails from Pigeon Forge, Tennessee, will represent Lieutenant Rooney, head of the police force. The last part, Mr. Witherspoon, which as yet is unassigned, completes the cast of characters.

Production committees will be announced later, after they have been completely selected by the two societies.

Nine New Members Chosen For IRC

Geisler Elected New Club Secretary

The International Relations Club had its first business meeting of semester last Monday evening in Bartlett hall. Several important matters were settled. First of all program plans were outlined, it being decided to continue the Discussion Group type of meeting after different kinds of materials were examined. There will be reviews of current happenings as well as other meetings with special speakers.

Because Oliver Van Cise, last semester's secretary, graduated in December, a new officer for this post was elected. Muriel Geisler of West Palm Beach, Florida, was chosen. An active member of IRC for some time Muriel was also on the Social Committee last semester and has been on the Varsity Debate squad for two years; she is a senior now, having attended Summer school.

Nine new members were also elected into the organization. These include Arthur Bushing, Bob Seel, Betty Lou McCoy, Miriam Wickham, Harriet Miller, Robert Huber, Dave Seel, Jack DeForest, Jean Lehman, Alice Reed, and Marguerite Grissett.

Membership in the club is limited to twenty-five members. Fortnightly meetings of Discussion group, however, are open to everyone.

DR. H. E. ORR SPEAKS AT VESPER SERVICE

Dr. Horace E Orr, professor of philosophy, is to be the speaker at the college vesper service Sunday evening, January 31. His topic will be "Servants on Horses and Princes Walking".

Many Recent Grads Already Employed

Army and Teaching Claim The Majority

Thirty-six seniors were graduated from Maryville last December. Word has been received from most of them as to what they are doing at present, but their plans are still somewhat indefinite.

Helen Airheart is now teaching dramatic art at a high school in Florida. Carl Alette applied for a position with the Tennessee Valley Authority before graduation, but he may have been drafted into the armed forces. E. Brasher Bailey is now a private in the army and is stationed at Atlantic City, New Jersey. Mary Ruth Baker is teaching school in Smyrna High School, Smyrna, Tennessee.

Lyndall Becker is also teaching home economics in Fairmont, N. C. Robert Calvesbert has entered into training to be a meteorologist in the air corps, Grand Rapids, Michigan. Patricia Ann Carter has not yet decided what kind of work she will enter. Roy D. Crawford is a private in the army at Keesler Field, Miss. Irma Criswell is working in the Personnel Office here at Maryville. Joseph Dickinson was a member of the reserves in the Marine Corps and expected to enter service immediately after his graduation.

Cecil Eanes is now a student at the Union Theological Seminary in Richmond, Virginia. Charles Foreman is in the army and is stationed at Fort Sill, in Lawton, Oklahoma. Helen P. George is working in the laboratories of the National Oil Products Company at Cedartown, Georgia. William Hargrave is waiting induction into the Navy through the reserves. William Henderson has applied for entrance to the Jefferson Medical College at Philadelphia, Pennsylvania.

Winifred Hope is working at the Glennel and Martins Airplane Company in Baltimore, Maryland.

College Library Purchases Rare Johnson Dictionary

DR. E. R. HUNTER

The Maryville College Library made, during the recent holidays, what is perhaps its most notable single acquisition, the purchase of A DICTIONARY of the ENGLISH LANGUAGE in two volumes, by Samuel Johnson, A. M., London, 1755.

This first edition in two folio volumes provides us with a copy of one of the world's most noteworthy books in the form in which it first appeared. The rarity of a first edition of a notable book, now one hundred and eighty-eight years old, is part of the value. We shall pride ourselves in its possession after the fashion of all good book collectors, and we shall point it out with becoming modesty to all bookish visitors. But there is, too, the fact that the book itself is unique. It is the first great dictionary of English and has not only no antecedent peer, but has been surpassed in its field only by the work of Noah Webster, the American, 1828, and the makers of the Oxford English Distrionary, 1857-1928.

Moreover, it is the work of a single man in a sense which is true of no other great dictionary. It is colored throughout by the personal brilliance and individuality of Samuel Johnson. His vast leaning, his critical soundness are everywhere manifest, but also his prejudices, his biases and contempts, his classicism and his orthodoxy one stumbles upon in unexpected places throughout the work.

When the books were being unpacked our Librarian expressed his interest in seeing if the famous definition of oats actually is as he had heard it, so the first use we made of our Dictionary was to look up the meaning of oats, and sure enough it is recorded: "A grain, which in England is generally given to horses but in Scotland supports the people."

Johnson's Dictionary is first to make extended use of quotations to illustrate and further define the meanings of words. The quotations not only are extremely helpful for this purpose but they also exhibit remarkably the range of Dr. Johnson's reading and the carefulness of his taste. Shakespeare and the Bible and Milton come in for lions shares.

Look up the word animal and observe (1) the state of zoological science in the period, (2) the comprehensive grasp of the lexicographer's knowledge, and (3) his systematic habit of handling and classifying material.

Mud, we discover, is "the slime and uliginous matter at the bottom of still water" A saw is "a dentated instrument by the attrition of which wood or metal is cut." To

Dr. Wm. M. Elliott of Atlanta to Lead 67th Series of February Meetings

Fifteen Addresses To Be Given In Voorhees Chapel

Prominent Speaker

Leader To Conduct Daily Services February 3rd to 11th

The 67th series of February Meetings will open next Wednesday morning. The leader, Rev. William M. Elliott, Jr., Ph. D., D. D., of Atlanta, expects to arrive Tuesday night. Rev. Sidney E. Stringham, D. D., of St. Louis, leader of the music, hopes to drive through with Mrs. Stringham a day or two early for a look at the new house which they have had built at Gatlinburg.

Dr. Elliott brings to the Meetings of 1943 a rich experience of training and service. He was born in Indiana, graduated from high school in New Mexico, received his B. A. degree from Park College in Missouri, his B. D. degree from Louisville Presbyterian Seminary in Kentucky, his Ph. D. degree from the University of Edinburgh in Scotland, and his D. D. degree from Davidson College in North Carolina.

Among his relationships of special interest to Maryville College students are his memberships in Pi Kappa Delta (honorary debating and oratory fraternity) and Theta Alpha Phi (honorary dramatic fraternity). His ability in public speech was in evidence early in his training.

After his graduation from the theological seminary he went to Scotland for further study, and then returned to his seminary as a member of the faculty, teaching homiletics and history. From 1930 to 1935 he was pastor of the Fifth Avenue Presbyterian Church of Knoxville. Since 1935 he has been pastor of the Druid Hills Presbyterian Church of Atlanta. This church is out toward Emory University and Agnes Scott College in Atlanta and has erected a lovely new building under Dr. Elliott's leadership. The relationship of this church and of Dr. Elliott is to the Presbyterian Church in the U. S. (Southern). Maryville College is connected officially with the Presbyterian Church in the U. S. A., but the relationship of the two denominations is close and their background is the same. Dr. Elliott's brother, now a minister in Birmingham ,was a student in Maryville College from 1933 to 1935.

Dr. Elliott is a member of his denomination's Committees on Foreign Missions and on Stewardship and Finance, is a member of the Board of Directors of Agnes

Societies Present First Mid-Winter Play Production

Audience of About Five-Hundred Attends "Lost Horizon"

Last evening at 8:15 the Athenian and Bainonian Societies presented "Lost Horizon" in Voorhees chappel. The play, dramatized from the novel by James Hilton, was under the direction of Mrs. Nita E. West, associate professor of dramatic art.

The leading roles were portrayed by Ray Swartzback, a sophomore from Baltimore, Maryland, who played the part of "Conway", and Telma Richardson, a freshman from Staten Island, N. Y., who took the part of "Helen", an English girl. Jack Jones, Hal Lloyd, Bill Buzby, and Dorothy Lehman starred in supporting roles.

The audience called the cast back for four or five curtain calls. At the conclusion of the play Mrs. West was presented with a bouquet of flowers.

The difficult problem of portrying the setting was handled by the stage crew with J. Edward Kidder as manager. The oriental costumes, arranged by Martha Moore, and the lighting, supervised by Bud Engel, added to the enjoyment of the play.

The mid-winter play production was well attended by both students and faculty members, about five hundred people being present. Ken Cooper, the business manager for the presentation announced that approximately 450 tickets were sold. The total expense connected with the play production amounted to about one hundred dollars, twenty-five being paid as a royalty fee.

DR. WILLIAM M. ELLIOTT, JR.

New Volumes Added To Lamar Memorial Library

Many interesting books have been added to the Lamar Memorial Library recently. Among them are volumes for the Spanish department, the home economics department and the music department. Some of the non-technical books purchased for the music department would be of interest to many of the students. One volume entitled "Anton Bruckner" was written by Werner Wolff. Mr. Wolff recently came to America from the continent, and he is now a professor of music at Tennessee Wesleyan. Last year the choir from Tennessee Weslyn under his direction appeared in concert in Maryville. Karel Hoffmeister's biography of "Antonín Dvorak" is now in the stacks. Mr. Hoffmeister was a student under Dvorak in the Prague Conservatoire where he is now a professor of piano. His book grew out of a series of lectures to his students.

Another of the musical biographies is "Rossini—A Study in Tragi-Comedy" by Francis Toye. There has been a renewed interest in Rossini and his music, and this book was written in answer to the demands of music lovers who wanted to know more about the fascinating figure of Rossini and his extraordinary career.

"Our Contemporary Composers" by Howard is a supplementary volume to "Our American Music" which was published a few years ago. This book is concerned with the lives and techniques of some of our little known composers.

Margaret H'Doubler's "Dance—A Creative Art Experience" is also one of the newer purchases. In this book are found unusual dance sketches by Wayne Claxton. The author has studied all forms of dance in its basic fundamentals. Since the field of dance has greatly changed in the past few years, she has also spent a great deal of time with the modern dance. The book is in essence a discussion of the basic aspects and enduring qualities of dance which are within the reach of everyone.

Curt Sachs' "World History of

(Continued on page two)

Dr. Penfield Jr. New York Pastor, Is Chapel Speaker

Dr. Thornton B. Penfield, Jr. of Yonkers, New York, spoke to the student body at the chapel service Friday morning, January 29. He used as his subject, "Reverence."

Dr. Penfield, who is a civilian asssitant to the head chaplain in the Army camps, has spent the last month in volunteer service in Macon, Georgia, and Camp Wheeler. He and Mrs. Penfield will return to their own church next Sunday.

Dr. Penfield was formerly assistant to Dr. Harry Emerson Fosdick at the First Presbyterian Church in New York City. Later he accepted as his first charge a church in Elizabeth, New Jersey; following this charge, his work carried him to Saginaw, Michigan. Last year he became the minister at the First Presbyterian Church in Yonkers, New York. Dr. William Patton Stephenson, college pastor emeritus, was a former pastor at this church.

Dr. Penfield received his B. A. degree at Princeton University.

(Continued on page four)

Rev. Sidney E. Stringham, D. D. Leads Music for February Meetings

With Dr. Elliot in the leadership of the meetings will be Rev. Dr. Sidney E. Stringham, pastor of the Shaw Avenue Presbyterian Church in St. Louis. Mr. Stringham returns again this year to lead the singing for the twenty-first time.

When Mr. Stringham first led the February meetings, he was pastor of the Methodist Church in Alcoa. It was discovered that he had special talent for leading group singing, and was invited to lead for the first time when the previously selected leader found it impossible to come. His work was so satisfactory that he has been invited to lead the singing for twenty-one years.

Mr. Stringham's daughter, Jeanne, graduated at Maryville last May and is now serving her dietetics internship in Barnes Hosuital in St. Louis.

Mr. Stringham will be remembered for his now widely remembered "cow story", and for the introduction of several popular choruses. The words to two of them are printed in this week's ECHO.

BRALY AND HARRIS READ AT WORKSHOP

Billye Ruth Braly and Frances Harris will read short stories at the meeting of the Writer's Workshop next Wednesday afternoon at 4 o'clock in Dr. Hunter's classroom. The critic will be Phyllis Ann Cain.

The names for the election of six or eight new members will be presented by the nominating committee.

Schedule of February Meetings

Sunday, Jan. 31—10:30 a. m. Introductory Sermon, "I Believe in Youth," by President Ralph W. Lloyd at New Providence Presbyterian Church, Maryville.

Wednesday, Feb. 3—9:45 a. m. Opening Service, Dr. Elliott preaching.

Each day, Feb. 3 to 11—Services at 9:45 a. m. and 7:00 p. m. (No Saturday night services; Sunday morning Service at New Providence Presbyterian Church).

Thursday, Feb. 11—9:45 a. m. Closing service.

Class Schedule During February Meetings

a period	8:10—8:55
b period	8:55—9:40
Chapel	9:45—10:35
C period	10:40—11:25
d period	11:25—12:10

Ted Pratt Elected Pres. of Council

Monday night at 8 o'clock the Student Council will meet for the first regular meeting of the new year. It is hoped that the council, after losing nine members by graduation and changes in scholastic classes, will have full representation at the meeting so that committees may be appointed and any new business taken un.

The last meeting was a called one on Tuesday night, January 19, for the purpose of electing a president. Ted Pratt was elected to fill this office.

Active members of the council at the beginning of this semester are: seniors, Ted Kidder, Nat Yelton, Willie Williams, and Ted Pratt: juniors, Jeana Eddleman, Fred De Pue, and B. J. Miller; sophomores, Katherine Scott, Louise Henry; freshmen, Mardee Fletcher, Catherine Sisk, Bob Barker, and David Briggs.

Story With A Moral To It, Or "Times Have Changed Since Then"

BY BILLYE RUTH BRALY

(Creditor's Note: All resemblance to Greek mythology is purely intentional.)

Once upon a time, hundreds of years ago—probably before any of you were even born—there was a cute peroxide coed at some Greek university. She majored in dramatic art, so she could follow the example of her ancestors by being an orator, or oratorio, or whatever the feminine gender is.

One night she had a date with a jerk named Narcissus for the Athenian-Bainonian play. In those days mid-winters weren't usually formal, so all the fellows brought bouquets of wallflowers and daisies for their girl-friends. Soft soap was not necessary, since knighthood had not yet blossomed.

Cupid's (Eros to the intellectual) dart didn't miss its mark this time. He belonged to the sharp-shooters. It was love at second sight, even though she did wear green fingernail polish. Narcissus wasn't so crazy about her new victory bob either, but she couldn't put her hair back on at that late date.

Things were okay. They "went steady"—as campus commentators often said in 300 B. C. Narcissus wasn't so bad himself—even if the boys in the dorm did call him Love-in-Bloom. He was a little on the too too side—short, light, and ugly. He was also a letterman—finally—by making the chess team

(Continued on Page Two)

Raving Reporter Clips Pages From Diary to Give Us Work, Play, Peeves

BY LUCILLE CATHEY

It's the same old story only told in a more pathetic way. The dull and commonplace predominate the days with never an exciting or unusual moment. An average week's work, play, peeves, and sightseeing taken from a page out of the week's diary of a raving reporter. It begins like this:

Work of the week. Begun with Physical Education, the daily nightmare of all docile and meek co-eds, and lament also, of the gentlemen members of the institute. It's a job that calls for brains as well as muscle, and what miracles are expected of you. When the head woman yells left-about-face, counter march, and all that stuff, they expect you to know the way to turn and by the time you get it all figured out; there goes the whole regiment and you left stalking off in the opposite direction. Sometimes, dear diary, I wish I weren't training to face a firing squad. Life gets so complicated at times. Of course, it will be fine to get in physical shape; our instructor says we will look much nicer that way. But when that two, four, six, kick, straighten, and up, stuff starts, it'll seem a pretty tough price just to get in condition. Who knows, though, there might be glamour in it, so attention, backward march, and charge for dozens of weeks ahead.

(Continued on page two)

Social Committee Arranges For Game, Class Parties

Basketball Game Scheduled Tonight

A basketball game has been scheduled by the intramural staff to be played this evening in the alumni Gym at 7:30. The teams are the Mudhens, an independent team, and the former varsity.

The game has been arranged as a Saturday night program in the Social Committee's schedule.

Five new members to the social committee were appointed by the acting president, Virginia Williams. They are Ruth Carter, Marian Schanck, Marguerite Taylor, Kathryn Scott, and Fred Depue. The other members are Ed Rowley, chairman and Natalie Yelton, treasurer. Marian Schanck was elected secretary.

Future plans of the committee include Saturday night entertainments sponsored by the various societies on the hill. The sophomore class is sponsoring a Valentine Party and the seniors are planning a "reverse" party in March.

SATURDAY, JANUARY 30, 1943

DEMOCRACY AT STAKE

At the end of last semester the Student Body was given the opportunity of voting on the adoption of an amendment to the Constitution. Frankly, the results were disappointing, for so few showed an interest that a second vote was required.

This afternoon the Senior and Sophomore classes held special elections, but still too few made the necessary effort to attend these meetings. The fundamental question in all these matters is not what the final result will be, but whether the students of Maryville College have sufficient interest to attend these meetings and cast an intelligent ballot.

We come to college to receive an education; but more than this, we come to acquire qualities of leadership so that we will be better able to assume our responsibilities of citizenship. The backbone of any democracy is its people, and these people must show an interest in governmental affairs if that democracy is to survive. What is to become of our country if college students, those who are to be its leaders, do not show sufficient interest to vote on matters which are of primary concern to us all?

Let's wake up! Let's manifest our interest in our government and in our school by taking a more active part in our class affairs. In this time of crisis let's safeguard our democracy through our active participation in its affairs. —R. F. H.

By JORDY MEADOWS

Wait till the sun shines—be cheerful—it's the truth—take it from us. This dismalness can't last forever. Leading scientists have stated after much profound thinking that old Sol is slated to show his face for one lengthy half hour come May 17, 1943. Our advice to you is to get your smoked glasses smokier and prepare for the great day.

First Aiders! ! Attention ! ! Hubert Rust is the first known casualty of the recently innovated Intramural program. After a careful diagnosis it proved to be a sprained ankle. Let's don't play so rough, fellows!

Have any of you missed hearing about the Beauty Culture class—esthetically spoken of as Esthetics or Philosophy 314c. It's come-early-to-get-a-seat-and-may-the-best-man-win! And if you want to know about Aristotle's theory of tragedy just rush up and ask any stray soul on campus. 10 to 1 he'll be in the class. Bets can be placed at the post office. Guy Lambert will be glad to hold stakes.

Have you seen Dick Moore's new spring chapeau? It's got everything plus. Turned up before—behind—and everyplace else a hat will turn up. And this creation was dreamed up in less than an hour.

Bill Busby has been running around raving something about the fact that "she's more to be pitied than censored". He says it's a song, but you get him to warble it for you and then you can draw your own conclusions.

Dr. Orr takes the cheesecake this week for the most absentmindedest prof yet. He got haly way through a philosophy class before he discovered that he had the wrong set of notes. He was getting along all right, though, and nobody in the class noticed anything radically amiss. Wonder why??? But he's back on the right track now. Maybe it all happened because it was Terrible Tuesday.

Lets drag out the bugle for Norma Perry. She visited here last week-end, and all at once in the middle of nothing important she announced that it was the WAVES for her—and in March. Pretty soon it will be Admiral Perry, no doubt!

And for no reason at all the word admiral makes us think of Mr. and Mrs. Carl Walton. Didja see them when they were here. Carl's a cadet now, but in less than two weeks it'll be second Lieutenant—and you can bet the last vestage of rubber on the sole of your boots that Mary Jane is proud.

Remember? Rumor hath ears! And when you multiply one little rumor by 361, which, as you will remember without very much difficulty, is the exact number of lovelorn women on the campus, you'll have a vague idea about how much some hoped-for cadets are being discussed. Ah, there's something about a soldier—atience is a virtue—and other words to that effect.

Isn't the age of science wonderful? All of a sudden out of nowhere in the vicinity of Anderson tower come strange words. And it isn't the Tower of Babel. If you've lost a bobby-pin or a rubber band—well, just think of the advertising possibilities.

And if you haven't seen "Mumps" Scheibelle, go take a gander at her through the window of her room in the infirmary. But don't even pretend to recognize her. She's looked in the mirror, too, and she would be highly insulted if anyone said "Hi, Jean." at first glance. You've got to look very, very puzzled as if you had absolutely no idea in the world who this stranger could be.

How about Bainonian-Athenian mid-winter! We'd say that "Lost Horizon" was plenty on the all right side.

And say, let's forget about anything we were ever going to buy that costs a dime, and let's put every thin one we can possibly get into those war stamps. It's a good investment! Guaranteed to make the even lowliest frosh feel like a banker.

From This Corner

By BEN LYNT

Last night a goodly crowd was on hand in Voorhees Chapel to witness th Athenian-Bainonian mid-winter version of the Anne Martens-Christopher Sergel dramatization of James Hilton's inspiring "Lost Horizon," as directed by Mrs. Nita E. West and served to add another feather to Mrs. West's cap of stage successes which range from Shakespeare to Kaufman and Hart, all having been presented under the obvious handicap which the structural limitations of the Voorhees boards and the temporary nature of the stage trappings present.

The principal roles were played by Ray Swartzback, and Thelma Richardson, both of whom were making their first stage appearances at Maryville in the roles of "Glory" Conway, and Helen respectively.

Swartzback brought a great deal of force and enthusiam into the action of the drama as he depicted the struggle between idealism and realism which went on in the life of the young British Consul attache in his strange adventurous interlude high in the mispronounced Himalya Mountains of Tibet while he and his three friends were held there as "guests" of the High Lama in this mystical valley known as Shangri-La.

Thelma Richardson, as the beautiful Helen, a long time citizen of the strange valley where time has been appreciably slowed down and where life reaches very nearly its ultimately beautiful, was charming and English, though a bit stiff at times early in the evening. She warmed up, however, and played well the part of Conway's greatest temptation to forsake the outside world and rule in Shangri-La.

Perhaps the most consistently good performance of the whole evening was turned in by Jack Jones, who was Chang an elderly Chinese, from his first appearance to his last. Nancy Russell as Miss Brinklow, the severe Missionary who softened under the influence of Shangri-La, and William Buzby, as Barnard, the financial hypothecator, combined to inject the proper amount of comic relief for the many tense moments of the play. Indeed it was Buzby's buoyancy and impression of being at home on the stage that saved the first act from going on the rocks, for it must be said that the play was slow to get started but it picked up beautifully in the second act and went on at a high pitch to the end.

One of the more difficult roles, though brief, was that of the High Lama, for the message of the play is mouthed by him in the most inspiring of manners, and calls for excellent articulation and sensitive, sympathetic voicing. Clyde Brown was somehow superb in this part, and the first high point of the drama came with his revelation to Conway and the audience.

Other well-played roles were those of Mallinson, the aspiring young British politician and Lo Tsen, the lovely Chinese girl who didn't look a day of her 147 years, portrayed by the many-gestured Hal Lloyd and the musical-voiced Dorothy Lehman respectively.

A bit part that was beautifully done was that of Tashi, the Tibetan girl who by means of a handmade cigar and a home-made smile or two was instrumental in persuading Barnard to remain in the green valley of Shangri-La. This was played by Mary Grace Hall. Others in the cast were Dorothy Toomey, Elizabeth Querns, Robert Barker, Thomas Smith, Olson Pemberton and Janet Roush.

The lighting and setting were as unusual as promised, and served to make more convincing the supernatural atmosphere of the land of the long living, although someone missed a trick by not completely extinguishing the lights in the prologue before drawing the curtains.

Bouquets are in order for Martha Moore and her committee for doing such a splendid and colorful job of costuming the orientals in the cast. They were appealing to the eye and most appropriately selected. All in all, it was a splendid and timely production, and though not expected to be of professional proportions, there were times last night when it was mighty close to it.

TALK OF THE WEEK ... " By" SPRAGUE

Grads Employed . . .

(Continued from Page One)

Joseph Earl Huskey is waiting to be drafted into the Army. Grace Jarnagin will soon enter the School of Nursing at Johns-Hopkins hospital in Baltimore, Maryland. Cornelia Jones is teaching school. Virgil LeQuire is attending school here at Maryville, but he will enter the Vanderbilt Medical School at Nashville in March.

Wesley Lochausen also plans to enter medical school in March. He will go to the Boston Medical College. Edward Lochner is in the Army, but the name of the post could not be found. Robert Lockwood is seeking employment as a chemist at one of the nationally known watch companies while he waits to be called into the army. Robert Lord is working in Massachusetts, awaiting his induction into the Army. Marian Magill is now teaching, but she expects to do graduate work later.

Mary Jane PersonWalton is now on her way to her new home at West Orange, New Jersey, where her husband is in the army as a meteorologist. Carl Pierce is studying medicine at the Tufts Medical College at Philadelphia, Pennsylvania. Meredith Preston is working at the International Business Machine Company in Binghampton, New York.

Frances Sisk is working at the Naval Materials Testing Office at Alcoa. James A. Smith is waiting to enter the Louisville, Kentucky Medical School. Dean Stiles is waiting to enter the Episcopal Divinity School of the University of the South at Sewanee, Tennessee. Kathleen Sullivan has applied for social work, but no definite word has been received from her. William Sweeney is working in a defense plant. Lloyd Taylor will enter Medical School at Vanderbilt University in March. Oliver Van Cise is a private in the army at Camp Blanding, Florida. Evelyn Williams is teaching school at Alcoa.

The above list may not be accurate, but recent word has not been received from many of the graduates.

NEW VOLUME

(Continued from page one)

the Dance" is a book which regards dance as "the mother of the arts". He carries his discussion of the dance up to the present day tango.

"Music Ho" by Constant Lambert is a study of music in decline. Its theme is modern music in relation to the other arts and in relation to the social and mechanical background of modern life.

"American Composers on American Music" is an interesting symposium edited by Henry Cowell. It presents the composer's own point of view concerning creative music in America.

Times Have Changed . . .

(Continued from page one)

when he was a senior. He was almost a cheerleader too—only there was a little bit of competition. But poor Narcissus strained his vocal cords one time when he called Echo. He didn't have any slugs handy to put in the phone, so he just shouted over to her dormitory. She couldn't yell quite as loud as her ardent admirer, so she asked him to repeat the question. Again he did and she didn't—he repeated and she didn't hear him.

By that time Narcissus was mad and was showing his teeth. He thought Echo was making fun of him. So that P. M. after supper he stood her up. Then she was mad and didn't come to breakfast the next morning. So things went from bad to worse. Echo went around repeating the last words Narcissus had said. (I'll bet she wouldn't have if she had known most of the campus thought he was awfully conceited over his good looks.) Anyway, she took it harder than he did. In fact she just pined and pined away for the sap. Finally there wasn't anything left but her voice, so we named this paper after her.

The moral to this sad tale is not to be stingy with your nickels. Or if you intend to make phone calls, don't buy icecream cones. Or else shout in more distinct tones—Confucious say.

KAY'S ICE CREAM
Malted Milk
Hot Tomales

PET PEEVES . . .

(Continued from Page One)

"He who eateth must also work," and all week I had loads of pages of Spanish traduccion and was educated to the merits of being hung Gorilla style over the method used by the Hindus. Social Problems, England's History, and "how to make a speech without complete collapsing of the knees" all go to make up the work of a would-be intelligent. Along with the other, an assignment for an impossible feature and the drying of wet clothing after days of downpour, one feels as though he could rightfully be classed with the traditional working "girl with the trowel" or "the man behind the hoe."

Recreational diversions of the week. No good movies, but "The Wife Takes A Flier" did have a good moral as the subject suggests. Seats in the balcony are nice too, because the sun doesn't get in your eyes and then you can weep in comfort over little Alfie's catastrophe with a vivacious viridescent blond. The news reel ran out before Maryville C. recruits got in shape, but maybe that'll be on later. Had fun playing volley-ball; made a cake to mail my brother in the army in Africa, only they wouldn't send it; said it weighed too much, and started bowling but the drugstore was nearer and much cheaper.

Pet peeves of the week. Broke my longest fingernail and had a date with it. Mistaken?—it was a date with my pet peeve. You know the grotesque gruesome kind with that "I'll give you the thrill of your life" line and then when the big moment arrives he's just a bore who raves on about chronologic psychology and the intelligent girl friend at home. At last he's gone. It may not be very considerate to get peeved, but I bet you don't have six infant dogs at your house. If you did every night just as you were having your favorite dream about P. F. C. (private first class) or Roosevelt and Churchill chasing lions over the briny deep, the dogs burst forth yelping and the dreams are scattered in the dark.

Observations of the week. Water! There's really not much else to observe. The highlight was probably the lake beside Pearsons—swim or float? And finally, minor observations such as army officers around the campus, "Lost Horizon" in Voorhees Chapel, and well, that's all. Nuts, diaries are a waste of time anyway.

Choruses Popularized By Mr. Stringham

Wide, Wide as the ocean,
High as the heavens above,
Deep, deep as the deepest sea,
Is my Savior's love.
I, though so unworthy,
Still I am a child of His care,
For His Word teaches me
That his love reaches me
EVERYWHERE.

BEYOND THE SUNSET

Beyond the sunset, oh blissful morning,
When with our Savior heav'n is begun,
Earth's toiling ending.
Oh glorious dawning;
Beyond the sunset, when day is done.

Beyond the sunset no clouds will gather,
No storms will threaten, no fears annoy;
Oh day of gladness, oh day unending,
Beyond the sunset, eternal joy!
Beyond the sunset a hand will guide me
To God the Father, whom I adore;
His glorious presence, His words of welcome,
Will be my portion on that fair shore.
Beyond the sunset oh glad reunion,
With our dear loved ones who've gone before;
In that fair homeland we'll know no parting,
Beyond the sunset forevermore.

FOUR STUDENTS DISMISSED FROM COLLEGE HOSPITAL

Jeanne Scheibelle, senior from Rutherford, New Jersey, is the only patient in the hospital now. She is recovering from the mumps.

Betty Burton, sophomore, has returned to her home in Rome, Georgia for an appendectomy operation after a short illness here.

F. Layton Bergquist, junior from Pearce, Florida, and Mrs. Christine Testa, junior from New Bedford, Massachusetts, have been dismissed after having the measles and mumps, respectively.

Kathryn Scott, sophomore from Canton, Illinois, is back in school after a slight concussion.

Mrs. Elizabeth Hall, matron of the hospital, stated that there have been fewer illnesses since the holidays than in previous years.

SCOTSPORTS

By TED PRATT

When intercollegiate basketball was suspended for the current season by the Faculty Athletic Committee last Tuesday, various reactions were evident on the Hill. Some students were plainly disappointed, some were disgusted, and some merely bewildered. But when you come right down to it, you find a lot of reasons why it would have been unwise to continue the cage sport.

Maryville College was one of the very few small colleges in this Tennessee-North Carolina-Kentucky area to put a football team on the field last fall. Meanwhile, the traditional rivals Carson-Newman, King, Tusculum, East Tenn. Teachers and others called off the grid sport and immediately started training for the present basketball season. Consequently their hoop teams are at the present time more than halfway through a rough and tough basketball schedule. And they are playing good ball with a wealth of experienced players.

On the other hand, there was definitely a lack of material and interest for the sport at Maryville. Coach Honaker, under the new physical training program, received a great deal of extra work and responsibility. Coach Davis' leaving left a big gap to fill in the direction of education classes, etc. A number of trips would have been necessary whereas in wrestling the present schedule calls for five matches with only one trip and an evening at U. T. Travel is difficult and recently under adverse conditions. These reasons plus the fact that on some days Coach Honaker could not even scrimmage the team for lack of ten players makes it difficult to justify the sport's continuance this year. The action by the committee applies only to the current season.

BANG! WHAM!

Time: 5 PM Wednesday
Place: Bartlett Wrestling Gym
Event: Time trials—Captain Joe Suitor, 165 vs. Ed Ballinger, 155

Whump, bang, "Ugh!" Wham, Bop and Re-bop, Okay-Boom and Bam too! Joe and Ed are at it again. The Cap's really pouring it to Ed. But Ed won't stay down! The match looks plenty rough with both wrestlers giving out full-speed and both wrestlers taking everything the other can dish out. Points are four to four and both men are just a little winded maybe. Joe uses every hold in the books and maybe then some; Ed takes it all, breaks out and they go at it again. Finally, with both nearly exhausted, the Cap puts the been on him. Ed's shoulders are on the mat for three seconds and Joe takes the five points. This is only one of the exciting matches that were witnessed at the time trials this week. That sort of stuff promises a real match when the Scots take the mats against the Appalachian State Teachers tonight at 8:00!

Varsity Basketballers Bring Season To a Close with Thrilling Win Over Alcoa

An undefeated basketball team, the first in many years at Maryville College, retired at the peak of a brief, but meteoric career last Saturday night after edging the Alcoa Independents on a last minute basket that made the score 34-32 and assured the team of its .1000 record. The game, the first and last for the Scots this season, saw the locals leading at the end of every period, mainly because of the accurate shooting of Doug Roseborough and Ken Cooper who split 23 of the teams 34 points between them, bagging 12 and 9 respectively.

The Honakermen ran away at the start and led 9-1 after the first ten minutes of play. The Independents could no better break the college defense than they could stop the slashing attack thrown at them. At the half it was 20-14 and the last quarter started with the score at 29-21.

A flurry of scores put the visitors up on even terms with little more than a minute to go, but a long one by Enloe killed their chances and the Scots froze the ball for the last thirty seconds. Enloe and Artie Speers were the only other Scottie scorers. Nelson was high for Alcoa with 12 points.

The box score:

Maryville	FG	FT	TP
Cooper	4	1	9
Roseborough	6	0	12
Evans	0	0	0
Enloe	3	1	7
Sidner	0	0	0
A. Spears	2	2	6
Brand	0	0	0
Aston	0	0	0
Davis	0	0	0
A. I.	**FG**	**FT**	**TP**
Easter	3	1	7
Greenway	1	0	2
Sparks	2	2	6
Nelson	5	2	12
Morton	2	1	5

Referees: Bob Bayless and Ross Honaker.
Time: Four ten minute periods.

INTERCOLLEGIATE BASKET BALL OFF

Appalachian To Oppose Scotties On Mat Tonight

At Least Four Frosh To Begin First Match of Year

The Maryville Scottie Wrestling Team under the leadership of Captain Joe Suitor will engage the Appalichian State Teacher's here tonight in the Alumni Gymnasium at 8:00.

It will be the first match of the season for the Scotties. The following men will wrestle:

Trevor Williams	121 lb div.
Frank Bradford	128 lb div.
Bill Thompson	135 lb div.
or	
Chuck Dunning	135 lb div.
Gordon Rettke	145 lb div.
Ed Ballinger	155 lb div.
Joe Suitor	165 lb div.
Mack Wilson	175 lb. div.
Ed Wilson	heavy weight

There will be four freshmen in the line-up: Thompson, Rettke, Ed Wilson, and F. Bradford. There are two juniors: Chuck Dunning and Trevor Williams and three seniors; Ed Ballinger, Joe Suitor, and Mack Wilson. Lloyd Anderson, a sophomore heavyweight is out because of an injury.

The boys are looking forward to a fine season and are expecting to grow stronger with each match.

Coach "Woody" Everett has high hopes for his team. The boys are getting stronger"; he says, "and the freshmen are doing very well."

A basketball game between the exvarsity men and the high-flying Mud Hens will serve as a preliminary. The game will start at 7:00.

—V—

Clevenger Elected Theta President

Bette Clevenger is the newly elected president of Theta Epsilon. She and the other new officers for the second semester were installed last Saturday night in the regular candle light service in Theta hall. Alice Jones, retiring president, conducted the meeting and introduced the new executives.

Other new Officers are Kay Bonner, vice-president; Betty Burton, secretary; Grace Wakefield, treasurer; Jane Hays and Sue Clarke, program secretaries; Phyllis Taft, sergeant-at-arms; and Jane McFarland, pianist.

Tonight Mr. James Smith, director of public relations for the college, will show campus movies to the society. The meeting will begin promptly at 6:15 in Theta hall.

Wrestling Approved And Woody Everett Appointed As Coach

At a meeting Tuesday morning, January 26, the Faculty Athletic Committee voted to suspend intercollegiate basketball for the current season. Members of the committee present were Dr. Lloyd, Dr. McClelland, Mr. Black, Mr. Proffitt, Mr. Howell, and Coach L. S. Honaker. The decision was made without lengthy discussion. Travel deprivation, lack of material and interest and insufficient time under the increased program were named as causes for the cancelling of the sport.

The committee also discussed the other winter sport of wrestling and the recent physical training program. Woody Everett, star wrestler who was graduated in 1941, was approved by the committee as acting coach of that sport. The continuation of the wrestling team and the schedule were likewise approved. A number of technicalities in the newly-instituted physical education program were gone over and several questions regarding the swimming requirements were brought up and answered. The probability of spring sports was not discussed at the meeting.

Maryville Men Take Swimming

To determine those who can already meet the swimming requirement of the new physical education program, all men of the college were required to report to the pool any afternoon this week after 2 p. m. to take a swimming test.

The test was based on the preliminary test used in the Navy, which requires that a man stay afloat for five minutes unsupported. The Maryville test went a little farther in that, during the last part of the five minutes, the student had to swim the length of the pool and back and make a surface dive on the return lap.

Those who were unable to pass the test will have to take the beginning swimming class. This will be a two hour class and will count as the extra two hours of physical education necessary under the new set-up. The period for the class cannot be assigned until the number of its members is definite

"Right Dress! On The Count-Bend!" Is Order of The Day For Students

BY LES BOYD

Now that we have a full week of the new P. E. (should be E. P. for Extreme Punishment) program under our belts, maybe, we had better look around and see what it is doing to us. I mean the men's physical education. I know better now than to publish any remarks about women's physical education. An article appeared in this paper last semester containing some remarks about point system basketball, and the author was haunted for weeks afterwards by husky Amazons who wanted to challenge **him** to a game of basketball to see what HE could do. The author, having the gentleman's aversion to being clawed and mangled by variously colored fingernails wisely declined. Let it be enough to say that the tender muscles of the fairer sex are also feeling the results of the heinous rigors of war.

I suppose that all of you gentlemen have taken the swimming test. It is not hard—if you are a duck. The requirements are to stay afloat for five minutes and then swim the length of the pool. It seems, though, that the coach forgot that we were in the water, and by the time he got around to telling us to swim the pool I wars waterlogged. By waterlogged I mean that I was so saturated inside and out, that I would make a sponge seem like an Arab's instep. Then Coach told us to swim the pool and to do part of it under water. I might have mentioned that I had been under water three minutes out of the last five and about to go down for the last time, but I needed by strength for swimming. I made it somehow.

The calisthenics class is a pip. "Top Sarge" Lombe barks military orders to a bunch of unmilitary looking men and we call it drilling. To see some of these college boys executing tricky left and right faces is to realize that we are scraping the bottom of the nations' man power reserve.

They claim it's good for you though. Already the fellows are rubbing muscles that they didn't know they had, and several 97 pound weakling have thrown away their Charles Atlas treatments.

We like it though. We may have a few stiff muscles and we may miss the hour of sleep we used to sneak in where the calisthenics class comes now, but it's better than being in the army where they say they have to make their beds every day. If it's going to help win the war and I'm sure it is, I'm for it. I'm sick of those substitute hamburgers.

INTRAMURAL DOPE

BILL H. SEGRAVES

This isn't the Exchange column, which is on the opposite page, but as yours truly gets the blame here I go on this one: It's rummered around the campus that with all the required Calisthenics and intramurals that the whole student body will be sore. Well, whether you got that one or not a lot of fellows are learning the real fun of competitve sport through the Intramural system and too, a lot more fellows are reading this column to see their names in print (we hope). Maybe a few girls will glance at the column to see their latest heart-thob's name, but anyway, let's take a look at the standing of the Basketball teams through last Thursday, January 28.

TEAM	W	L	Pct.
Ringers	2	0	1.000
Cooties	2	0	1.000
Celtics	3	0	1.000
Alpha Sigma	3	0	1.000
Athenian	2	1	.666
Mud Hens	2	1	.666
Jr. Commandos	2	0	.666
Invincibles	1	1	.500
Choir	1	2	.333
Sons of Liberty	1	2	.333
"Y" Cabinett	0	3	.000
Gladiators	0	3	.000
Hi-Flyers	0	2	.000
Supermen	0	3	.000

GAMES PLAYED THURSDAY, JANUARY 28

Alpha Sigma Beats Athenian 21-10

Gordon Rettke led the Alpha sigmas to an almost sweeping victory over the Athenians with a total of 10 of the Alpha Sig 21 points. The Rock boys, Les and Al did the rest of the scoring for Alpha Sig getting 4 and 7 points respectively. The whole team played beautiful ball on defense as well as offense, Mair, Adams, Rowley and Stevens were remaining players for Alpha Sig. The Athenians seemed a little slow in getting started, but after the half came through a little better, but not enough to overpower their opponents. Hodges and Bergquist did all the scoring for the Athenians with 4 and 6 points each. Sam Pemberton and Ted Pratt both played a good defensive game.

CELTICS 25 MUD HENS 19

The heretofore unbeaten Mud Hens went down to the Celtics in a scoring battle that ended 25-19. Scapellati and Edwards were the Celtics leading offensive pplayers scoring 4 and 6 points. On defense, Breazeal and Pepper were the most outstanding for the Celtics. Other players scoring for the Celtics were Meineke 4, Breazeale 7, Pepper 3 and Sawmiller 1. Renfro was the outstanding player for the Mud Hens and led with a total of 10 points. Also good on offense was Faulkner who made 4 points. Talbott and Ezell were good on defense. Other points made by the Mud Hens were Mitchell 1, Honaker 1, and Bayless 3.

Junior Commandos 12 Cooties 26

The Cooties remained undefeated as they overcame the Jr. Commandos as Dillener and Purvis and Collins raced for high scorers position. Dillener with 11, Purvis with 9, and Collins with 6 made the total 26 for the Cooties. The before undefeated Junior Commandos raked up a total of 12 points, scoring were Kluth 4, Walker 2, and Moore 4.

Invincibles 38 Superman 2

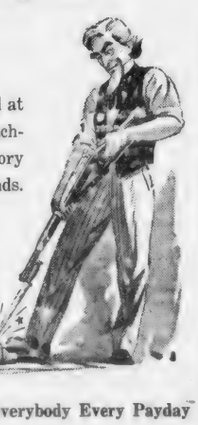
The Superman even with Guy Lambert playing for them couldn't talk up enough points to beat those invincible Invincibles. Bill Buzby is developing a habit of making 2 points per game and didn't fail the superman this time but with no other score for the Supe man the 2 points didn't come up to the Invincibles' 38. Leading scorer for the Invincibles were Gaultier with 17. Other scorers were Pope with 11, Runion 6, and Weiss and Seel with 2 each.

Choir 23 "Y" Cabinett 15

The "singing" group proved they could do more than sing by whipping the "Y" Cabinet in a close 23 to 15 scoring battle. Moehlman and Easter were the leading offensive men for the Choir and scored 9 and 8 points respectively. Also scoring for the Choir was winkle with 2 and Lloyd with 4. For the "Y" Cabinet Bushing led with 6 and Garvin got 3, Clyde Brown 4 and Jamarik 2.

Sons of Liberty 18 Gladiators 16

The game between the Sons of Liberty and the Gladiators went into an extra period after Jim Hogue tied the score with a basket. Don Conkle, leading scorer for the Liberty Boys came across in the extra period to give them a two point victory. Conkie raked up a total of 7 points during the entire game, Ford got 8, Tyler 1 and Hogue 2. The Gladiators gave their opponents a close race all the way through and led much of the last half. Buford with 5, Duke and Swartzback with 4, and Francis with 3 were the totals for the Gladiators.



GAMES PLAYED TUESDAY, JANUARY 26

Celtics 39 Sons of Liberty 8

The Celtics looked like all stars when they met the Liberty Boys with a tota lof 39 points to only

Intramurals . . .

(Continued from page three)

8 for competition. Scapellati and Edwards each got 10 for the Celtics, Meineke and Breazeale each got 6, Sawmiller 5, and Miller2. Tyler lead the Libertys with 4 and Hogue and Conkle each got 2. Jim "2 Pt." Hogue is getting to be consistent with his 2 points.

Gladiators 7 Mud Hens 47

By a mere 40 points, the Mud Hens finally ended their game with the Gladiators, the victor. The scores came so fast and furious that we hardly dare to try to enumerate them but here goes, Renfro 13, Talbott 14, Mitchell 14, Bayless 4, and Faulkner 2. For the Gladiators Parvin led with 5 and Buford made the other 2.

Other games on last Tuesday ended: ALPHA SIGMA 25 CHOIR 17, A Rock scoring 10, Stevens 13, and Rettke 2 for Alpha Sigma and Moehlman and Easter each 4, Hunter 6, Winkle 1, and Lloyd 2 for the Choir; JUNIOR COMMANDOS 22 HI-FLYERS 5, scoring for the Commandos were, Walker 3 Herzberger 6, Kluth 6 and Moore 7, for the Hi-Flyers Jones 2, Sanderson 2, and Long 1. ATHENIANS 14 "Y" CABINET 9, for Athenian Pratt 8, Hodges, Hopkins and Crawford 2 each; for "Y" Cabinet C. Brown 3, Bushing 4 and O. Pemberton 2. RINGERS 24 SUPERMEN 2, for the Ringers, Huber 4, Proffitt 2, Lynt 3, Van Blarcom 7, and Segraves 8; for the Supermen Bill Buzby got their only 2 points.

NEW TEAM AND LEAGUES

One new team will show itself in the Intramural Basketball next week and this will be the Varsity Outcasts and they can provide competition anywhere. The Hi-Flyers team has been desolved into other teams. There will be three Leagues as follows:

CLUB LEAGUE
Alpha Sigma
Athenian
Choir
"Y" Cabinet
MAJOR INDEPENDENT League
Celtics
Gladiators
Mud Hens
Varsity Outcasts
MINOR INDEPENDENT League
Ringers
Supermen
Junior Commandos
Sons of Liberty
Invincibles
Cooties

KEN WAGGETT AND ELLIS BURCAW ARE NEW ASSISTANTS

Kenneth Waggett, a sophomore from South Carolina, is now serving as a chemistry assistant to fill a vacancy in that department.

Ellis Burcaw, a senior who transferred here from Madison last year, is now filling an assistantship vacancy in the physics department. From Miss Henry's office comes the report that there are other assistantship vacancies, but since there are fewer students enrolled this term only these two have been filled.

DR. PENFIELD . . .

(Continued from front page)

his M. A. degree at the Teacher's College at Columbia, and his B. D. degree at Union Seminary. He has visited Europe four times, made a world tour that included travel in twenty-five foreign countries. Dr. Penfield has also served part of three years in Alaska under the Presbyterian board.

Dr. McAfee Speaks At YMCA Sunday

Rev. Dr. John A McAfee will speak to the members of the YMCA tomorrow afternoon at 1:30 in Bartlett hall. His topic will be "TAKING CHRIST SERIOUSLY" Dr. McAfee, pastor of the New Providence Presbyterian Church in Maryville, will discuss the opportunities for service in the church.

Class Meetings

All four classes will have meetings next week for the purpose of electing new officers and Student Council members.

The freshman class will meet Monday at 12:40 in the chapel. A president and vice-president will be nominated.

The senior class will elect four new Student Council members, two men and two women. The junior class will elect a new president and also four new Student Council members. The exact time and places for these meetings will be announced in chapel.

This afternoon after lunch the sophomore class met to elect a treasurer and two men to the Student Council.

ATHENIAN HOLDS NO MEETING TONIGHT

There will be no meeting of Athenian this evening, President Ken Cooper announced, since Athenian-Bainonian Societies presented the play "Lost Horizon" last night.

Plans are now being made to hold a joint meeting with Bainonian next week. There will be a complete discussion of the play, and a financial report will be made at that time. A program of entertainment will follow the business meeting.

Mary Jane Barrows Speaks At Student Vols On India

For the Student Col meeting Sunday night at 8:00 o'clock Mary Jane Barrows will speak on "Inside India." She came here in the spring of 1940 by way of the Pacific. Before coming to Maryville Mary Jane spent two years at Columbia Bible College.

Each year the Student Vols have a project; this year they are sending fifty dollars to a school in Puerto Rico. Mr. Santiago, father of Aura Santiago who attends school here, is the principal of the school. Last semester a donation of twenty-five dollars was sent, leaving twenty-five dollars to be sent this semester.

Choir Tryouts, Band Practice On Monday

Mr. Richard Vine, assistant professor of music has made the following announcements concerning the Choir and Band for the coming week:

On Monday evening at 6:30, tryouts for tenor and bass positions in the Choir will be held in the Fine Arts Studio. A few vacancies have been caused by graduation and the armed service. Bill Bradford has been most recently called to the army.

Following the Choir tryouts there will be a Band rehearsal at 7:15 in the Chapel. All who are band members or who wish to be in the band should be present. Easter music and concert music are to be rehearsed.

ALPHA SIG HEARS BURGREEN, SEEL

Alpha Sigma will hold its regular meeting tonight at 6:15 in Alpha Sigma Hall in Anderson. The program for the evening will feature Charlie Burgreen at the piano and Bob Seel and his violin. President Bob Mair will preside over this meeting and discussion of the Alpha Sig-Theta mid-winter play "Arsenic and Old Lace."

February Meeting . . .

(Continued from page one)

Scott College, and chairman of the Board of Directors of Columbia Theological Seminary.

He is 39 years old, is married and has three children.

Dr. Elliott will conduct morning and evening services in Voorhees Chapel from February third to February eleventh.

Nature Club Elects New Officers At Meeting Monday

Sophmore Willis Sanderson will discuss "Grafting and Budding" at the first meeting of the Nature club for this semester in the chemistry lecture room of Fayerweather at 6:40 p. m. Monday, February 1.

In addition, the election of officers for the new semester will be conducted. All members are urged to be present for this.

Plans for the activities of the semester are already underway.

New Dictionary . . .

(Cont. from Page 1)

wean is "to ablactate." Thus one is accommodated often by the necessity of looking for definitions of definitions.

One is amazed, with the dictionary at hand to hold and leaf through and study, that one man, almost unaided, put it together and published it in eight years. It is not hurried and crowded work; it is tremendously thorough. Look at the work on "come" with 56 senses distinguished and defined and illustrated, or at "go" with sixty-eight.

The Dictionary is to be shelved in one of the upright glass cases in the east end of the Reading Room and may be consulted upon application to any one of the Librarians for permission to use it.

M. C. GRAD ORDAINED IN NORWOOD, OHIO

Charles Elmer Fish, who graduated from Maryville in 1940, will receive ordination to the diaconate of the Protestant Episcopal Church next February 7. The service will take place in the Church of the Good Shepherd at Norwood, Ohio, with the Right Reverend Henry Wise Hobson, D. D. officiating.

While a student at Maryville, Charles distinguished himself in dramatics and was elected into Theta Alpha Phi. His major was history.

VOLUME 28 — MARYVILLE, TENN. FEBRUARY 6, 1943 — NUMBER 17

Pratt, DeForest, Bruce, Elected Presidents Of Council, Junior, Freshman Classes

Stout and Gulick Win Elections In Separate Class Polls

CLASSES SHIFT

Graduation, Summer School Make Council Changes Necessary

Ted Pratt was recently elected president of the Student Council and of the Student Body. He was chosen to fill the vacancy left by last semester's president, Brasher Bailey. Ted has taken a prominent part in activities of the Council and of the campus throughout the year. He is listed in "Who's Who in American Universities and Colleges" for 1943. He is a member of the YMCA cabinet and of the Writers' Workshop, and has been sports editor for the ECHO for the past two years.

John DeForest and Robert Bruce are the newly elected presidents of the junior and freshman classes respectively. "Jack" replaces Hal Lloyd, former junior chief executive, who has become ineligible this semester by reaching the rank of senior. "Bob" replaces Fred McDaniel as president, since Fred has gone into the Army.

Jack, a chemistry major from Boston, Massachusetts, has been a member of the Student Council as a representative of the sophmore class. He is also a member of the YMCA cabinet. When asked how he felt about the new office, Jack said: "I want to express my appreciation for having been elected to the presidency of the junior class. I feel that it is a position of honor and obligation. I will make every effort to uphold the honor of the office and to fulfill the obligations that are involved."

The new freshman president has already distinguished himself in the executive field by being elected president of the Spanish club last semester. Bob is a science major from New York City. He is a member of the Naval Air Corps Reserves.

"The honor that the freshman class has bestowed upon me can hardly be repaid by any but the best efforts on my part. I hope that I am capable of fulfilling any duty that comes along. The cooperativeness and conscientiousness of the other officers and members of the freshman class will, I am sure, make this semester a memorable one," was Bob's comment on his reaction to his new position.

Several other class officers were also elected last week. Eleanor Stout, who is from Brooklyn, New York, was elected vice-president of the freshman class. She replaces Hannah Duke in this office, since Hannah is now a sopohomore. David Gulick, who is from Olwick, N. J. was elected treasurer of the sophomore class. He is taking the place of Scott McClure, who did

'Today' Distributed In Men's Dormitory

YM Elects Two New Members To Cabinet

YMCA will not meet this Sunday afternoon because of February Meetings held this week. The YMCA Worship committee has made arrangements for nightly prayer meetings in Bartlett and on each floor in Carnegie during the February Meetings.

Recently daily devotional booklets, "Today" printed by the Presbyterian Church U. S. A., were placed in each room in the men's dormitory. "Today" is a monthly publication and will be distributed each month during the college year by the YMCA.

Two new Cabinet members have been chosen to take the place of members not returning this semester. The two new members of the Y Cabinet are Wally Easter and Bill Segraves.

The Y Cabinet is represented in the Intramural basketball games by a team composed of Arthur Bushing, Ted Kidder, Paul Jamarik, John DeForest, Clyde Brown, Dick Boyd, Olsen Pemberton and Jim Garvin.

Dr. Elliott Will Lead Student Vols Open Discussion

Student Volunteers will meet in Bartlett auditorium after Vespers Sunday evening. Rev. Sidney E. Stringham D. D. will conduct the musical part of the program. Dr. William M. Elliott Jr., will speak a few minutes and then he will lead an open discussion during which students may ask any questions that they wish to ask.

Alpha Sig Installs Meineke Treasurer

Alpha Sigma will hold its regular meeting tonight at 6:15 in the Alpha Sigma hall in Anderson. The group will be entertained by the Hill-Billy band.

Howard Meineke will be installed as the new treasurer.

Societies Hold Joint Meeting

Wynn, Seel, Walker Present Music Solos

Tonight at 6:15 there will be a joint meeting of Athenian and Bainonian Societies in the Chapel. The purposes of the meeting are to present a report of the play and to make plans for the Athenian-Bainonian Saturday night presentation on February 27th.

Following the business a musical program will be given beginning with Ruth Wynn playing several popular melodies on the organ. Dave Seel will play his violin accompanied by Gordon Stone at the piano. Jimmy Walker will sing and also a newly formed quartet will sing. The members of the quartet are Owen McGarity, Ed Henderson, John Scott, and Wally Easter.

RALPH J. RUDY WILL ENTER OCS

Ralph J. Rudy, a former Maryville College student, will enter Officers' Candidate School in the near future.

Ralph is at present a corporal in the 435th Bombing Squadron of the Army Air Corps. He has just returned to the United States from Australia and New Guinea. He and his group spent ten and one-half months over seas, and now all the members of their outfit are being given the opportunity to enter OCS.

Ralph was a sophomore in 1941 when he left Maryville.

Bradford, Edwards Easter Called To Armed Services

Bill Bradford, a freshman from Benton, Tennessee, has been called to the Army Air Corps at Miami Beach, Florida. Chuck Edwards, a sophomore from Rochester, Pennsylvania, has also been called to the Army Air Corps.

Ronald Easter, a sophomore from Loudon, Tennessee, has received his orders to report for training to the Naval Air Corps.

TWO SPRAIN ANKLES

Lloyd Anderson, suffering from German measles for a few days, was the only patient i nthe hospital this week.

Frances Bradshaw fell and sprained her ankle last Wednesday. She is using crutches now. Herbert Rust, who sprained his ankle last week while playing basketball is still getting about on crutches.

Council President Appoints Five New Committees

Henry, Garvin, Anderson Fill Senate Vacancies

The Student Council held a meeting on Tuesday night, February 2, at 8 o'clock with the new president, Ted Pratt, presiding. After the new members had been welcomed, Betty Jane Miller was nominated for secretary-treasurer and unanimously elected.

Students were then elected to fill the three vacancies on the Student Faculty Senate. Those elected were Jim Garvin, senior class; Lloyd Anderson, junior; and Louise Henry, sophomore. Next, was the appointment of a committee of three to investigate the possibilities of having the back door of Carnegie open during the day.

A discussion of whether or not the meetings should be opened to the student body followed. It was decided by a majority vote to have the meetings open, thereby permitting anyone who has business with the Council to attend and take part in the discussion.

Business was concluded by the appointment of the various committees to serve during the spring semester. These committees were: Elections: Willie Williams, chairman; Ted Kidder, Ruth Wynn, Marian Stout, Charles Dunning, Katherine Scott, Abner Richard, Mardee Fletcher, and David Briggs; Student Publications: Margaret Clippinger, Chairman; Jim Garvin, Catherine Sisk, and Bob Barker; Finance Committee: Betty Jane Miller, Chairman; Joe Brown, and Catherine Sisk; Pep Committee: Dick Boyd, Chairman, Ellis Burcaw, and Marian Schanck; Social Committee: Ed Rowley, Chairman, and Fred DePue representing the student body: Marguerite Taylor, Natalie Yelton, Ruth Carter, Marian Schanck and Don Conkle.

Five Elected To Writers' Workshop

Miss Johnson And Jordy Meadows Will Read Next Meeting

The next meeting of the Writers' Workshop will be held on Feb. 17 in Dr. Hunter's classroom. Miss Jessie K. Johnson and Jordy Meadows will read at that meeting. Miss Elizabeth Jackson will be the critic.

At the last meeting, held February 2, the members elected the following students into the workshop as new members: Althea Cable, Evelyn Gregory, Helen Anderson, Claude Shell and Charles Dunning. The new members are all juniors except Althea Cable who is a senior.

The membership committee who submitted the new members for election was composed of Dr. Hunter, Jean Barnes and Miss Jessie S. Heron.

Billye Ruth Braly read a tale entitled 'Four Cokes", and Francis Harris read a short story "Arrival" at the last meeting. Phyllis Anne Cain was critic for this meeting.

Hi-Trail Will Elect Four New Members

Hi-Trail will elect four new members to its limited number within the next week or two. Officers for the coming year will be elected next week. All the former officers graduated in December except Howard Meineke, the treasurer. Bob Mair is the acting chairman and will conduct the coming elections.

Plans have been discussed for activities for the coming season, which will include several meetings with the B. G's. Membership is honorary and is limited to twelve men. They are chosen by former members. The main object of the organization is activities consisting of hikes and camping trips.

Present members of the organizations are: Bill Evans, Winfred Ezell, Bob Bayless, Jim Faulkner, Bob Morton, Ken Cooper, Red Meineke, and Bob Mair.

Dr. Wm. Elliott and Mr. Stringham Widely Acclaimed Leaders of February Meetings

Students, Faculty Members Hear E. Stanley Jones

Famous Missionary Lectures In Knoxville On Indian Affairs

Dr. E. Stanley Jones, well known lecturer and authority on India, spoke last Sunday afternoon, January 31, at the UT auditorium on the general subject of India today.

Dr. Jones has been a missionary to India since 1907 and has written many outstanding books, including "The Christ of the Indian Road" and "Christ and Present World Issues". For the past week he has been lecturing at the University of Tennessee and has delivered numerous addresses in Knoxville.

Speaking first of his own experiences as a missionary Dr. Jones described India as a land of contracts, containing the richest and poorest people, the most beau-

(Continued on page four)

TWO GROUPS TO SING AT THETA EPILSON MEETING TONIGHT

For the Theta Epilson meeting tonight at 6:15 in Theta rooms, the Three Flats composed of Don Hopkins, Ted Pratt, and Ralph Parvin and the Three Sharps, Kay Bonner, Betsy Watkins and Eleanor Anthony will sing. Dorothy Harned will read a selection. The new president, Bette Clevenger, will preside. Other new Officers are Kay Bonner, vice president; Betty Burton, secretary; Grace Wakefield, treasurer; Jane Hays and Sue Clark, program secretaries; Phyllis Taft, sergeant at arms; and Jane McFarland, pianist.

SPECIAL MEETINGS OF PRAYER GROUPS HELD THIS WEEK

During the week of the February meetings, prayer meetings are being held nightly in all the dormitories, 10:00 to 10:15 in the women's halls and 10:15 to 10:30 in Carnegie. The YWCA and YMCA are sponsoring these meetings, and representatives of the Y's are in charge. Special emphasis is being put on the February meetings in the prayer services. After the February meetings, the regular prayer service on Wednesday night at 6:30 in Bartlett will be continued.

Freshmen Take Part In Student Recitals

The first of several student recitals will be given Tuesday, February 16, at four-fifteen in the chapel. Anyone interested in music is invited to attend. Attendance is required of those taking courses in the music department.

This semester some of the freshmen taking music will make their first public appearance. They do not usually participate in recitals during the first semester. Upperclassmen will be in the recitals as usual. These recitals consist of students studying voice, piano, violin ,and organ.

Maryville College Students Below Average in Stamps

"Buy With What You Have, Not What You Have Left"

On last Wednesday the total sales made by the War Stamp Committees amounted to $30.75, fifty cents over last week, both weeks being lower than any last semester.

Comparisons with colleges over the country show up Maryville's results as being decidedly below average. Further, although the need for the sale of stamps and bonds increases, Maryville's sales decrease. However, the Committee is hopeful that matters will take an upward turn.

There has been a slight re-organization of those students who are working. Organized through the various classes the Committee includes members divided into two principal working part. On the publicity division with Helen Anderson Chairman are Dick Boyd, Neil Proffitt, Kitty Loesch, Dan Long, Bob Seel, Art Bushing, Ted Pratt, and Eleanor Stout. On the dormitory division with Muriel Geisler, chairman are Red Meineke, Mary Metcalf, Abner Richard, Dorothy Lehman, Madeline Cooke, Robert Bruce, and Marian Avakian. Others working are Jack DeForest, Natalie Yelton, Phyllis Anne Cain, and Malcolm Thompson, who is in charge of the financial end.

Next week on the evening following the Stamp sale after meals, those who haven't already bought their stamps will be given an opportunity to buy in the dormitories.

Remember! "Buy with what you have and not with what you have left."

"Important Matters Of Religion And Life" Is Theme

STRINGHAM SINGS

Personal Interviews Scheduled For This Week with Dr. Elliott

The 67th annual February meetings were begun last Wednesday morning, February 3, at 9:45 in Voorhees Chapel when President Ralph W. Lloyd introduced Rev. Sidney Stringham as the leader of the singing, this being his twenty-first year as conductor of the music for the services.

Following the singing of several hymns, Dr. Lloyd called upon Jean Patterson, president of the YWCA, and Clyde Brown, president of the YMCA, to lead the group in prayer.

Dr. William M. Elliott, Ph. D., D. D., popular pastor of the Druid Hills Presbyterian Church of Atlanta, and leader of this year's series of services, was then presented to the faculty and student body, and the first meeting was under way.

Dr. Elliott, a handsome man with a magnetic personality, announced as his topic for the initial service "The Pursuit of Happiness." "Happiness is a by-product of life, of a life rightly lived," said Dr. Elliott. One does not get it by looking for it, nor can happiness be made an aim of life. "It is a matter of a man's inner life." Possession of material things does not guarantee it. "It is the fruit of self-renunciation." A really selfish person has no chance at happiness while a really happy person is one who loses himself in giving happiness to others.

Four things, said the speaker, prevent happiness; a sense of guilt, fear, dogging the revealed will of God, and not being a Christian?" asked Dr. Elliott. "You can only be as happy as you know how to be. The person who doesn't have companionship with Christ doesn't know what real happiness is," concluded Dr. Elliott.

The first of the evening meetings, and the second of the series, was begun at 7:00 p. m., February 3. Mr. Stringham led the audience in several hymns, and then Dr. Lloyd asked the following people to lead in prayer: Marian Avakian, Olsen Pemberton, Marguerite Gris-

(Continued on page two)

LAMBERT ELECTED NEW PRESIDENT OF MINISTERIAL CLUB

The Ministerial Association held its biennial election last Thursday evening and selected the following men to serve during this semester: Guy Lambert, President; Hubert Rust, Owen McGarity, vice-presidents; and Wally Easter, secretary-treasurer. Those who gave up their positions were Jim Yunker, John Scott, Ray Swartzback and Jim Barr. New members were also voted in at the meeting.

Friday evening following the evening service, the Association met with Dr. Willam E. Elliott in the Fine Arts Studio for an open forum. Questions were asked and answered by Dr. Elliott.

Professor Howell Will Speak To Pre-Med Club

Professor George D. Howell, professor of chemistry, will speak at Pre-Med club meeting next Thursday evening, February 11, at 6:30 in the organic lecture room.

The new officers of the organization elected at the last meeting are: president, Bob Weldon; vice president, Glenn Winkle; secretary, Edith George; treasurer Charles Spurlock; program chairmen, Jack DeForest and Dick Hobart.

Last week, Miss Rich, registered nurse at the Aluminum Plant at Alcoa, spoke on "Operating Room Technique." An informal discussion followed the talk.

Harps, Tennis And Moron Jokes Dr. Elliott Likes Comic Strip

By DOROTHY DICK
